**CPA NOVOGRADAC & COMPANY LLP'S GROWTH IN 2002 LANDS IT ON  
TOP 100 LIST**

[Firm Also Grabs Recognition on \*Public Accounting Report's\* 10 Fastest Growing  
List](#)

**San Francisco** – San Francisco-based CPA and consulting firm Novogradac & Company LLP has been recognized by *Public Accounting Report* as one of the nation's top 100 accounting firms. The firm led the Southwest region in revenue growth, with its 2002 revenues increasing by 17.7 percent over its 2001 numbers. In contrast, the region's 12 Top 100 firms posted a 4.8 percent combined revenue growth.

The firm was also honored as the performance leader in three of four categories in the \$15.6 million to \$19.9 million annual revenue classification.

This recognition comes on the heels of *Bowman's Accounting Report* earlier this year naming Novogradac & Company LLP as one of America's Top 25 accounting firms based on fiscal and management performance and *Accounting Today's* recognition of the firm's 17<sup>th</sup> place in percentage growth among all those on its Top 100 and Firms to Watch lists.

“When the firm started in 1989, our goal was to serve clients well and create opportunities for all our employees and partners,” says Michael J. Novogradac, a managing partner in the San Francisco office. “One measure of our ability to achieve that success was to become a Top 100 firm. We have now achieved that distinction. “
