

4073 Certified Community Development Entities (with Subsidiaries) as of 12/31/2009

The following organizations have been certified by the Community Development Financial Institutions Fund (Fund) as Community Development Entities (CDEs). The organizations are listed alphabetically by the name of the organization.

In order to be certified as a CDE, an organization must be a legally established entity, have a primary mission of serving Low Income Communities or Low Income People and maintain accountability to residents of the Low Income Communities that it serves. Certification does not constitute an opinion by the Fund as to the effectiveness or financial viability of the certified organization.

An organization may apply for certification solely on its own behalf, or it may apply on behalf of itself and one or more subsidiary entities under a single application. The list below categorizes a parent (in bold) and its subsidiaries (in italics) together, where applicable. The CDE certification application is available on the Fund's website (www.cdfifund.gov). Organizations that are certified Community Development Financial Institutions (CDFIs) and/or Specialized Small Business Investment Companies (SSBICs) automatically qualify as CDEs, and need only register electronically via the Fund's website. Affiliates and subsidiaries of CDFIs and SSBICs do not automatically qualify as CDEs.

CDEs will remain certified for the life of the organization as long as they continue to meet the primary mission and accountability requirements. If you do not see an organization on this list, call the Fund at

Certified Community Development Entities (with Subsidiaries) - Alphabetical By Organization
