RIN 1559-AA00

Capital Magnet Fund

AGENCY: Community Development Financial Institutions Fund, Department of the Treasury.

ACTION: Notice of proposed rulemaking with request for public comment.

SUMMARY: The Department of the Treasury is issuing this proposed rulemaking, and requesting comment on this proposed rule, for the implementation of the Capital Magnet Fund (CMF), administered by the Community Development Financial Institutions Fund (CDFI Fund), U.S. Department of the Treasury. The mission of the CDFI Fund is to increase the capacity of financial institutions to provide capital, credit and financial services in underserved markets. Its long-term vision is an America in which all people have access to affordable credit, capital and financial services. The CMF was established through the Housing and Economic Recovery Act of 2008, Pub. L. No. 110-289, which added section 1339 to the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, 12 U.S.C. § 4569.

DATES: Comment due date: Comments on this proposed rulemaking must be received in the offices of the CDFI Fund on or before [Insert 60 days from publication in the FEDERAL REGISTER].

ADDRESSES: All comments concerning this proposed rule should be addressed to the Capital Magnet Fund Manager, Community Development Financial Institutions Fund, Department of the

Treasury, 601 13th Street, N.W., Suite 200 South, Washington, DC 20005; by email to cdfihelp@cdfi.treas.gov; or by facsimile at (202) 622-7754. Comments will be made available for public review on the CDFI Fund's website at www.cdfifund.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The Capital Magnet Fund (CMF) was established through the Housing and Economic Recovery Act of 2008 (the Act), Pub. L. No. 110-289, section 1131, as a trust fund whose appropriation will be used to carry out a competitive grant program administered by the CDFI Fund. Through the CMF, the CDFI Fund is authorized to make financial assistance grants to certified Community Development Financial Institutions (CDFIs) and Nonprofit Organizations (if one of their principal purposes is the Development or management of Affordable Housing). CMF grants must be used to attract financing for and increase investment in: (i) the Development, Preservation, Rehabilitation, and Purchase of Affordable Housing for primarily Extremely Low-, Very Low-, and Low-Income Families; and (ii) Economic Development Activities or Community Service Facilities (such as day care centers, workforce development centers, and health care clinics) which In Conjunction With Affordable Housing Activities will

implement a Concerted Strategy to stabilize or revitalize a Low-Income Area or Underserved Rural Area. This proposed rulemaking creates the requirements and parameters for CMF implementation and administration including, among others, application eligibility, application review, award selection, Assistance Agreements, eligible uses of award dollars and related funds, Awardee reporting, and compliance monitoring.

On March 6, 2009, the CDFI Fund published in the Federal Register a Request for Public Comment, 74 FR 9869, seeking responses to specific questions regarding CMF design, implementation, and administration. The CDFI Fund seeks public comment on this entire proposed rule and the specific questions below. All capitalized terms are defined in the definition section of the proposed rule, as set forth in 12 C.F.R. Part 1807.104.

1. This proposed rule currently defines Economic Development Activities as 'the Development, Preservation, Rehabilitation, or Purchase of Community Service Facilities and/or other physical structures in which neighborhood-based businesses operate which, In Conjunction With Affordable Housing Activities, implements a Concerted Strategy to stabilize or revitalize a Low-Income Area or Underserved Rural Area'. Is this an appropriate definition? Should it be expanded to include working capital loans to businesses? Should refinancing of existing loans be a permissible activity?

2. Should physical proximity be necessary to meet the requirement that Economic Development Activities or Community Service Facilities financed In Conjunction with Affordable Housing Activities implement a Concerted Strategy to stabilize or revitalize a Low-Income Area or Underserved Rural Area? If physical proximity is necessary, what is the best measure of being “physically proximate” with respect to projects undertaken in urban areas, and with respect to

projects undertaken in rural areas?

3. The eligibility requirements for Applicants are set forth in 12 C.F.R. Part 1807.200. Is an eligibility requirement that 33 percent of the Applicant's resources (measured by staff time and/or budget) be dedicated to Affordable Housing appropriate (12 C.F.R. Part 1807.200(a)(2)(iii))? If not, what is the appropriate percentage of activities, and how should this be measured?

4. The proposed rule in 12 C.F.R. Part 1807.302 sets forth a number of restrictions on use of CMF award funds. Are there suggested restrictions that will prevent the CMF from financing predatory lending practices that should be included in this section? Is the use restriction that no more than 30% of an Awardee's CMF award can be used for Economic Development Activities and Community Service Facilities appropriate (12 C.F.R. 1807.302(d))? If not, what is the appropriate percentage?

5. Is the Affordable Housing qualification that requires a minimum of 20 percent of units in multi-family rental housing projects financed with a CMF award be occupied by Low-Income, Very Low-Income, or Extremely Low-Income Families appropriate (12 C.F.R. Part 1807.401)? If not, what is the appropriate percentage?

6. As set forth in 12 C.F.R. Part 1807.400 et seq., Affordable Housing is subject to a 10-year affordability requirement that begins at Project Completion? Is this 10-year affordability requirement appropriate? How should this be measured with respect to funds that are deployed, returned to the Awardee, and reinvested during the life of the Assistant Agreement (e.g., in the case of CMF awards that are used to establish a revolving loan fund)?

7. The proposed rule sets forth record data collection and record retention requirements in 12 C.F.R. Part 1807.902. What documentation should Awardees be required to retain to

demonstrate compliance with (i) the affordability qualification requirements in 12 C.F.R. Part 1807.400 et seq. and (ii) the leveraging, commitment and Project Completion requirements in 12 C.F.R. 1807.500 et seq.?

Simultaneously published with this proposed rule is the Notice of Funds Availability (NOFA) inviting applications for the FY 2010 funding round of the CMF.

II. Responses to the Request for Public Comment (March 6, 2009)

The CDFI Fund received comments from 22 organizations in response to the Request for Public Comment (RPC) that was published in the Federal Register on March 6, 2009 (74 FR 9869). The following discussion summarizes the comments and the CDFI Fund's responses, many of which have been incorporated in the proposed rule. Discussion is generally in the order in which the questions were posed in the RPC.

A. Eligible Use of Funds

(1) What definition should the CDFI Fund use to assess what constitutes "affordable housing?" What affordability thresholds or restrictions (if any) should the CDFI Fund require, and for how long a period should these be in place?

The majority of the commentators supported the imposition of affordability thresholds and restrictions compatible with the Low Income Housing Tax Credit (LIHTC) Program, authorized under the Tax Reform Act of 1986, I.R.C. section 42, and the HOME Investment Partnership Program (HOME Program), authorized under title II of the Cranston-Gonzalez National Affordable Housing Act, as amended, 42 U.S.C. § 12701 et seq., administered by the U.S. Department of Housing and Urban Development (HUD). Some commentators suggested that the CDFI Fund allow a percentage of CMF funds to be used under a modified version of

these affordability thresholds in order to support workforce housing for moderate-income families. Commentators suggested that the affordability requirements should be imposed for a duration ranging from 10 to 50 years.

CDFI Fund response: The income requirements for the CMF are set forth in the Definitions section of the proposed rule at 12 C.F.R. Parts 1807.104(v), (hh), and (ddd); the CMF affordability requirements (12 C.F.R. Part 1807.400 et seq.) are based generally on the affordability qualifications for rental and homeownership properties under the HOME Program regulations set forth at 24 C.F.R. Parts 92.252 – 92.255. The affordability requirements for CMF-funded housing units apply without regard to the term of any loan or mortgage or the transfer of ownership; they must be imposed by deed restrictions, covenants running with the land, or other recordable mechanisms approved, in writing and in advance, by the CDFI Fund (12 C.F.R. Parts 1807.401(d) and 1807.402(a)(5)). CMF-funded housing units must meet the affordability requirements for a period of not less than 10 years, beginning after completion of project construction and at initial occupancy (12 C.F.R. Parts 1807.401(d) and 1807.402).

(2) Section 1131 of the Act, referencing section 1339(c) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, requires that CMF grants must be used to attract private capital for and increase investment in “the development, preservation, rehabilitation, or purchase of affordable housing for primarily extremely low-, very low-, and low-income families.” How should “primarily” be defined? What are the appropriate minimum levels of targeting that each project should be required to achieve?

Several commentators proposed that “primarily” should mean: (i) at least 50 percent of units in a housing project that is funded, in whole or in part, with CMF funding, or (ii) 50 percent

of costs directly traced to CMF funding in a given project. Several commentators suggested deeper income targeting.

CDFI Fund Response: The proposed rule adopts the comment that “primarily” means, with respect to Affordable Housing Activities financed with CMF funding, that greater than 50 percent of the Eligible Project Costs must be attributable to the support of housing units that meet the affordability standards (12 C.F.R. Part 1807.400).

(3) How should “preservation” be defined, as such term is used in section 1131 of the Act, referencing section 1339(c)(1) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992? Should it include the re-financing of single- or multi-family mortgages as eligible activities?

Many commentators suggested broad and inclusive definitions of these terms. Commentators suggested definitions of preservation that included restoration of deteriorated properties, preventing troubled properties from default, refinancing of single-family and multi-family mortgages, and preservation of expiring-use properties with restrictions on tenant income and affordability under other federal programs that are coming to an end. Some commentators proposed using existing LIHTC or HUD definitions of preservation.

CDFI Fund Response: The CDFI Fund has adopted the definition of Preservation that is set forth in the proposed rule at 12 C.F.R. Part 1807.104(rr).

(4) How should “rehabilitation” be defined, as such term is used in section 1131 of the Act, referencing section 1339(c)(1) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992?

Commentators suggested that “rehabilitation” be broadly defined to include promoting

habitability, energy efficiency, and building code compliance of housing units. Commentators also suggested a minimum rehabilitation cost of approximately \$6,000 per unit.

CDFI Fund Response: The CDFI Fund has adopted the definition of Rehabilitation that is set forth in the proposed rule at 12 C.F.R. Part 1807.104(uu).

(5) CMF grants may be used to finance economic development activities or community service facilities, such as daycare centers, workforce development centers, and health care clinics which, in conjunction with affordable housing activities, implement a concerted strategy to stabilize or revitalize a low-income area or underserved rural area.

(a) What restrictions (if any) should the CDFI Fund place on the percentage of award dollars that an awardee may apply towards economic development activities and/or community service facilities?

Many commentators proposed that the CDFI Fund place no restrictions on the amount of CMF funding provided for economic development activities and/or community service facilities in conjunction with affordable housing activities. Others suggested that CMF grantees be allowed to apply 25 to 30 percent of their award to this use.

CDFI Fund Response: To ensure that the limited CMF funding is most efficiently targeted to Affordable Housing Activities, an Awardee may use no more than 30 percent of CMF funding for Economic Development Activities and/or Community Service Facilities, as set forth in the proposed rule, 12 C.F.R. Part 1807.302(d).

(b) Should the CDFI Fund support economic development activities/community service facilities in conjunction with affordable housing activities financed by sources other than CMF grants or solely in conjunction with CMF grants?

Many commentators proposed that economic development activities and/or community service facilities should be allowed to be undertaken in conjunction with affordable housing activities that are financed with or without CMF funding.

CDFI Fund Response: The proposed rule adopts this suggestion at 12 C.F.R. Part 1807.300.

(c) How should the CDFI Fund define “in conjunction with”?

Several commentators suggested that “in conjunction with” should be defined as including activities that are on the same site as or adjacent to the site of affordable housing. Others suggested a broader definition, to allow for proximate activities that are not physically adjacent to the affordable housing activities.

CDFI Fund Response: The proposed rule defines In Conjunction With to require that Economic Development Activities and/or Community Service Facilities must be physically proximate to Affordable Housing, and reasonably available to residents of Affordable Housing (12 C.F.R. Part 1807.104(aa)).

(d) How should the CDFI Fund define “concerted strategy”?

Most commentators suggested that applicants identify some type of formal planning document to illustrate the connection between the affordable housing and proposed economic development activities or community service facilities, such as a local government’s comprehensive housing development plan or a HUD-approved HOPE VI Program redevelopment plan, pursuant to section 803 of the National Affordable Housing Act, 42 U.S.C. § 8012.

CDFI Fund Response: The proposed rule definition of Concerted Strategy (12 C.F.R.

Part 1807.104(p)) adopts this suggestion, requiring that, if the Economic Development Activity or Community Service Facility is not located on the same premises or immediately adjacent to the Affordable Housing, the Economic Development Activities/Community Service Facilities and the Affordable Housing must be included together in a planning document describing the community revitalization strategy for the area. Such documents may include, but are not limited to, a comprehensive, consolidated, or redevelopment plan, or some other local or regional planning document adopted or approved by the jurisdiction.

B. Eligible Grantees

Section 1131 of the Act, referencing section 1339(e) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 states that a CMF grant may only be made to: (i) a CDFI that has been certified by the CDFI Fund; or (ii) a nonprofit organization having as one of its principal purposes the development or management of affordable housing. How should the CDFI Fund define “principal purpose,” with respect to determining whether one of an entity’s principal purposes is the development or management of affordable housing?

For purposes of defining “nonprofit organization” in section 1339(e) of the Act, several commentators suggested automatic eligibility for certain types of organizations, such as community housing development organizations (CHDOs) as defined by HUD under the HOME Program, 24 C.F.R. Part 92.2, and rural housing developers under the U.S. Department of Agriculture (USDA) section 523 Program, 7 C.F.R. Part 3551. For purposes of defining “principal purpose,” a number of commentators proposed that 20 percent of the applicant’s financial resources should be dedicated to affordable housing. Several commentators suggested a mission test, based on the applicant’s bylaws or recognition by the Internal Revenue Service

(IRS) that the applicant meets a tax-exempt purpose under I.R.C. section 501(c)(3); others recommended a track record test. Some suggested that a track record test could prevent desired activities in traditionally underserved areas.

CDFI Fund Response: For purposes of CMF applicant eligibility, the proposed rule at 12 C.F.R. Part 1807.200(a) states that affordable housing development and/or management requirements will be set forth in the applicable NOFA that is published for each CMF funding round, and will comprise track record and resource dedication criteria.

(C) Applications

(1) Are there other competitive award programs, federal or otherwise, upon which the CDFI Fund should model the CMF's application scoring and review protocols?

A few commentators suggested model programs such as the CDFI Program and HUD's Community Development Block Grant (CDBG) Program, authorized under the Housing and Community Development Act of 1974, 42 U.S.C. § 5301 et seq.

CDFI Fund Response: The CMF application evaluation and selection protocols described in the proposed rule (12 C.F.R. Part 1807.800 et seq.), are generally modeled on existing CDFI Fund award programs.

(2) Should the CDFI Fund divide applicants among different pools so that they compete only among organizations that have the same capacity level?

Most commentators recommended that CMF applications should not be divided into different pools based upon applicant capacity levels.

CDFI Fund Response: The proposed rule adopts this recommendation (12 C.F.R. Part 1807.800 et seq.), thereby maintaining a single applicant pool in order to ensure that the highest

qualified organizations receive funding and to ensure the efficiency of the application process.

(3) Should the CDFI Fund accept applications on an annual basis or more often (e.g., twice a year)?

Commentators recommended an annual CMF application round.

CDFI Fund Response: Given the anticipated cycle of annual appropriation of CMF funding, the CDFI Fund will implement an annual funding round, subject to funding availability. Application requirements will be set forth in the NOFA that will be published for each funding round.

(4) Section 1131 of the Act, referencing section 1339(j)(2)(D)(ii) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 requires “a prioritization of funding based upon: (I) the ability to use such funds to generate additional investments; (II) affordable housing need (taking into account the distinct needs of different regions of the country); and (III) ability to obligate amounts and undertake activities so funded in a timely manner.” How should the CDFI Fund quantify each of the three priority factors? For each of the three factors, what should applicants be required to present and/or address as part of their application materials? Should this prioritization be incorporated into the standard scoring of the application (e.g., by weighting certain questions more heavily) or should there be separate “priority points” specific to each of the three criteria?

Many commentators provided specific suggestions on priority points, including deeper affordability targeting, targeting disaster areas, projects with guaranteed financing, workforce housing, rehabilitation or repair projects, projects in strong job areas or near good schools, manufactured housing, projects involving partnerships with state and local agencies, and rural

projects, among others.

CDFI Fund Response: For the three priority factors specified in the Act, the CDFI Fund will not create separate priority points to be assigned for each. Rather, specific questions will be asked in the application to illustrate the applicant's strengths in each of the three areas, which will then be given weight in the application review process.

(D) Geographic Diversity

Section 1131 of the Act, referencing section 1339(h)(2)(A) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 states: "The Secretary of the Treasury shall seek to fund activities in geographically diverse areas of economic distress, including metropolitan and undeserved rural areas in every State." Section 1339(h)(2)(B) provides a list of characteristics that objective criteria of economic distress may include:

(1) What objective criteria of economic distress should the CDFI Fund adopt based upon the language in section 1339(h)(2)(B)?

Many commentators proposed both place- and person-based indicators to allow for funding to projects that seek to de-concentrate poverty. Some commentators suggested utilizing existing CDFI Fund indicators.

CDFI Fund Response: In the CMF funding application, the CDFI Fund will set forth distress indicators that are the same or similar to those used in other CDFI Fund programs: Low-Income communities (less than 80 percent of area median income); high-poverty communities (poverty rate of 20 percent or greater); high unemployment rate (1.5 times the national average). In addition, the CMF application design will be sensitive to varying housing need in different communities, such as rural areas, high cost areas, and areas of revitalization or housing

displacement by allowing for the use of readily available housing-specific measures such as housing vacancy rates, proportion of sub-standard or demolished housing, concentration of foreclosures, or changes in property values. As suggested by commentators, in measuring distressed communities, the CDFI Fund will allow consideration of the level of need in the population served.

(2) How should the CDFI Fund define “rural areas”? For example, is a rural area any census tract that is not located in a metropolitan statistical area (MSA)?

For purposes of defining rural, several commentators suggested using the USDA Rural Housing definition set forth in Section 520 of the Housing Act of 1949, 42 U.S.C. § 1441.

CDFI Fund Response: The proposed rule adopts a definition of Non-Metropolitan Area, which includes rural areas, at 12 C.F.R. Part 1807.104(mm) and a definition of Underserved Rural Area at 12 C.F.R. Part 1807.104(ccc).

(3) Should the CDFI Fund ensure that, in any given award round, there is a CMF-funded project located in every state? Should the CDFI Fund “skip over” otherwise higher rated applicants to ensure that this geographic diversity goal is met? Section 1131 of the Act, referencing section 1339(j)(2)(D)(i) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 requires that “funds be fairly distributed to urban, suburban, and rural areas.” How can the CDFI Fund best achieve this outcome?

Generally, commentators did not support skipping highly rated applicants to achieve geographic diversity. Some commentators suggested giving preferences to areas or even states with particularly high levels of economic distress.

CDFI Fund Response: As suggested by commentators, due in part to funding limitations

and the unforeseeability of the applicant pool, the CDFI Fund will not likely be able to ensure that there is a CMF-funded project in every state. However, the CMF application will require applicants with national service areas to indicate the states in which they are most likely to provide Affordable Housing financing with CMF funding. The CDFI Fund reserves the right to adjust award decisions to ensure that the goal of geographic diversity is met.

Regarding urban, suburban, and rural distribution of awards, the CDFI Fund will incorporate an approach similar to the New Markets Tax Credit (NMTC) Program, requiring CMF applicants to indicate minimum and maximum commitments to invest in rural areas. Based on this information, the CDFI Fund will attempt to ensure that at least 20 percent of CMF funding is invested in rural communities.

(E) Leverage of Funds

(1) Section 1131 of the Act, referencing section 1339(h)(3) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 states: “Each grant from the Capital Magnet Fund awarded under this section shall be reasonably expected to result in eligible housing, or economic and community development projects that support or sustain an affordable housing project funded by a grant under this section whose aggregate costs total at least 10 times the grant amount.” What documentation should be required to demonstrate a leveraging ratio of 10:1 of “total aggregate costs”?

Most commentators suggested that the leveraging requirement is a reporting requirement, not an application or award requirement. As such, they proposed that the application should not require any documentation, but should instead utilize projections. One commentator proposed requiring conditional letters of commitment to help ensure that leveraging will be met.

CDFI Fund Response: In the CMF application, the CDFI Fund will require projections of leveraging, but will not require documentation. Once CMF funds have been committed to projects, information will be self-reported by the awardee through a standard system developed and managed by the CDFI Fund. Awardees will be required to retain appropriate documentation, such as audited financial statements, wire transfer documents, pro-formas, etc., and will be subject to periodic CDFI Fund audits to support their reports under the proposed rule, 12 C.F.R. Part 1807.902.

(2) How should this 10:1 standard be measured (e.g., on a project-by-project basis for each project funded, or on a collective basis for all projects financed)?

Many commentators proposed that leverage should be measured on a portfolio or collective basis; one commentator proposed that the requirement should be measured for each project.

CDFI Fund Response: The CDFI Fund notes that the statutory requirement is that CMF funds shall be reasonably expected to result in eligible housing or economic and community development projects that support or sustain an affordable housing project funded by a CMF grant whose aggregate costs total at least 10 times the CMF grant amount. The proposed rule adopts a 10 multiplier standard or some other standard set forth in an Awardee's Assistance Agreement that must be measured as Leveraged Costs on a collective basis for all projects financed (12 C.F.R. Part 1807.500).

(3) Is there a timing consideration as to when the CDFI Fund should release CMF award dollars (e.g., not until all other sources of financing have been secured)?

Most commentators proposed that, since the CMF funding will constitute a small portion

of overall project costs, the funding should be released upon closing of the assistance agreement.

CDFI Fund Response: The CDFI Fund has adopted this suggestion at 12 C.F.R. Part 1807.901, with CMF funding released as a lump sum payment, or in another manner determined appropriate by the CDFI Fund, after the Assistance Agreement is executed.

(F) Commitment for Use Deadline

Section 1131 of the Act, referencing section 1339(h)(4) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 states: “Amounts made available for grants under this section shall be committed for use within 2 years of the date of such allocation.” How should the term “committed” be defined, and how it can be verified, for the purposes of this requirement?

Several commentators suggested using HUD’s HOME Program regulations, 24 C.F.R. Part 92.2, to define the term “committed.” Others suggested that a legally binding agreement should constitute commitment for use.

CDFI Fund Response: As described in the proposed rule at 12 C.F.R. Part 1807, Subpart C (Use of Funds/Eligible Activities), the CDFI Fund will require all Awardees to allocate CMF funding for a specific eligible purpose, and to be able to demonstrate that these funds are so designated. Similar to HUD’s HOME Program regulations at 24 C.F.R. Part 92.2, CMF funds for Affordable Housing Activities, Economic Development Activities or Community Service Facilities must be Committed for use within two years of the effective date of an Awardee’s Assistance Agreement. The proposed rule adopts a definition of Committed as set forth in 12 C.F.R. 1807.104(m).

(G) Prohibited Uses

Section 1131 of the Act, referencing section 1339(h)(5)-(6)) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 lists prohibited uses with respect to grants awarded under this program. Are there any additional prohibitions or limitations that should be applied?

Commentators did not propose additional specific prohibitions of CMF funding. Some commentators suggested that the CDFI Fund place a limitation of 10 to 15 percent on the amount of a CMF award that could be used for the awardee's operation costs.

CDFI Fund Response: The proposed rule states that the applicable NOFA will set forth the limitation on the amount of a CMF award that can be used for Operations (12 C.F.R. 1807.302(b)) as well as other limitations, including a 30 percent limitation on use of an Awardee's CMF funding for Economic Development Activities and Community Service Facilities (12 C.F.R. Part 1807.302(d)); and a requirement that 100 percent of Eligible Project Costs must be attributable to housing units that meet the affordability qualifications set forth in 12 C.F.R. Part 1807.400 for families whose annual income does not exceed 120 percent of the median income for the area, as determined by HUD.

(H) Accountability of Recipients and Grantees

(1) What requirements should be imposed to implement Section 1131 of the Act, referencing section 1339(h)(8)) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 which provides for accountability standards with respect to tracking the use of award dollars, as well as remedies in the event that an awardee misuses funds?

Commentators proposed various forms of documentation to illustrate completion of projects and satisfaction of affordability requirements and restrictions, including certificates of

occupancy, closing documentation, and deeds and covenants.

CDFI Fund Response: The CDFI Fund has adopted a definition of Project Completion at 12 C.F.R. Part 1807.104(ss) that applies when (i) all necessary title transfer requirements and construction work have been performed; (ii) the project complies with specified property standards; and (iii) the final drawdown has been disbursed for the project.. Awardees will be required to report their compliance with CMF affordability requirements and to maintain adequate records to demonstrate compliance to the CDFI Fund during any audits that are undertaken by the CDFI Fund (12 C.F.R. Part 1807.902).

(2) What specific industry standards for impact measures (units produced, percentage of units affordable to low-income persons; time to complete; etc.) should the CDFI Fund adopt for evaluating and monitoring projects funded under the CMF?

Commentators proposed various standards for impact measurements, including using the CDFI Fund's existing Community Investment Impact System (CIIS) and measures applied under USDA's Guaranteed Rural Rental Housing Program, 42 U.S.C. § 1490p-2, as well as individual measurements such as affordable units produced, energy efficiency, cost per unit, length of time for development, project location, and others.

CDFI Fund Response: CMF awardees will be required to report on the impacts of their use of CMF funds and any Leverage Costs as set forth in 12 C.F.R. Part 1807.902(e). The specific impact measures will be incorporated into the Assistance Agreement as described at 12 C.F.R. Part 1807.900, and may include metrics such as the number of Affordable Housing units produced (including how many are affordable to Low-, Very Low- and Extremely Low-Income families), the ratio of leverage produced by the CMF award, and the deployment rate of CMF

awards, among other measures.

III. Rulemaking Analysis

Executive Order (E.O.) 12866

It has been determined that this proposed rule is not a significant regulatory action under Executive Order 12866. Accordingly, a regulatory impact assessment is not required.

Regulatory Flexibility Act

This proposed rule has been reviewed with regard to the requirements of the Regulatory Flexibility Act, 5 U.S.C. §§ 601–612. The undersigned has determined and certified by signature of this document that this proposed rule will not have a significant economic impact on a substantial number of small entities. The CDFI Fund anticipates that a large number of applicants under this proposed rule will be certified CDFIs that have received funding under the CDFI Fund’s programs or other similar federal government programs. Thus, awardees will be familiar with the types of reporting requirements that the CMF will require and most will have the necessary processes in place to participate in the CMF, regardless of their size. Many, if not all, applicants will be reporting on information and activities for which they report for other federal or state programs. Thus, this proposed rule will not impose a significant increase in reporting, recordkeeping, or other compliance burdens on a substantial number of small entities that would have a negative impact on either small or large entities in an economic way.

Paperwork Reduction Act

The collection of information contained in this proposed rule has been previously reviewed and approved by the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1995 and assigned OMB Control Number 1559-0036. An agency

may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by OMB.

National Environmental Policy Act

This proposed rule has been reviewed in accordance with 12 C.F.R. Part 1815. The CDFI Fund's Environmental Regulations under the National Environmental Protection Act of 1969 (NEPA) require that the CDFI Fund adequately consider the cumulative impact proposed activities have upon the human environment. § 1807.400 Affordable Housing - general.

Each Awardee that uses CMF funding to support Affordable Housing Activities shall ensure that 100 percent of Eligible Project Costs are attributable to housing units that meet the affordability qualifications set forth below for families whose annual income does not exceed 120 percent of the median income for the area, as determined by HUD. In addition, greater than 50 percent of the Eligible Project Costs must be attributable to housing units that meet the affordability qualifications set forth below for either Low-Income, Very Low-Income, or Extremely Low-Income Families.

§ 1807.401 Affordable Housing- Rental Housing.

To qualify as Affordable Housing, a multi-family rental housing project financed with a CMF award must have at least 20 percent of the housing units occupied by Low-Income, Very Low-Income, or Extremely Low-Income Families and must comply with the rent limits set forth herein.

(a) Rent limitation. The maximum rent that is deemed to be affordable under the CMF is a rent that does not exceed 30 percent of the family's annual income.

(b) Nondiscrimination against rental assistance subsidy holders. The Awardee shall require that the owner of a rental unit cannot refuse to lease the unit to a Section 8 Program certificate or voucher holder (24 C.F.R. Part 982, Section 8 Tenant-Based Assistance: Unified Rule for Tenant-Based Assistance under the Section 8 Rental Certificate Program and the Section 8 Rental Voucher Program) or to the holder of a comparable document evidencing participation in a HOME tenant-based rental assistance program because of the status of the prospective tenant as a holder of such certificate, voucher, or comparable HOME tenant-based assistance document.

(c) Initial rent schedule and utility allowances. The Awardee shall ensure that the housing adheres to the applicable Participating Jurisdiction's maximum monthly allowances for utilities and services (excluding telephone). If the Participating Jurisdiction's allowances have not been determined or are otherwise unavailable, the Awardee shall rely upon the utility and services allowances established by the applicable city, county or State public housing authority.

(d) Periods of Affordability. Housing under Part 1807.401 must meet the affordability requirements for not less than 10 years, beginning after Project Completion and at initial occupancy. The affordability requirements apply without regard to the term of any loan or mortgage or the transfer of ownership and must be imposed by deed restrictions, covenants running with the land, or other recordable mechanisms, except that the affordability restrictions may terminate upon foreclosure or transfer in lieu of foreclosure. Other recordable mechanisms must be approved in writing and in advance by the CDFI Fund. The affordability restrictions

shall be revived according to the original terms if, during the original affordability period, the owner of record before the foreclosure, or deed in lieu of foreclosure, or any entity that includes the former owner or those with whom the former owner has or had family or business ties, obtains an ownership interest in the project or property.

(e) Subsequent rents during the affordability period.

Any increase in rent for a CMF-funded unit requires that tenants of those units be given at least 30 days prior written notice before the implementation of the rent increase.

(f) Tenant income determination.

(1) Each year during the period of affordability the tenant's income shall be re-examined; tenant income examination is the responsibility of the Awardee. Annual income shall include income from all household members.

(2) One of the following two definitions of "annual income" must be used to determine whether a family is income eligible:

(i) Annual income as reported under the Census long-form for the most recent available decennial Census. This definition includes: (A) wages, salaries, tips, commissions, etc.; (B) self-employment income from owned non-farm business, including proprietorships and partnerships; (C) farm self-employment income; (D) interest, dividends, net rental income, or income from estates or trusts; (E) Social Security or railroad retirement; (F) Supplemental Security Income, Aid to Families with Dependent Children, or other public assistance or public welfare programs; (G) Retirement, survivor, or disability pensions; (H) any other sources of income received regularly, including Veterans' (VA) payments, unemployment compensation, and alimony; and (I) any other sources of income the CDFI Fund may deem appropriate; or

(ii) Adjusted gross income as defined for purposes of reporting under Internal Revenue Service (IRS) Form 1040 series for individual Federal annual income tax purposes.

(3) The CDFI Fund reserves the right to deem certain government programs, under which a Low-Income family is a recipient, as income eligible for purposes of meeting the tenant income requirements under this subsection.

(g) Over-income tenants.

(1) CMF-funded units continue to qualify as Affordable Housing despite a temporary noncompliance caused by increases in the incomes of existing tenants if actions satisfactory to the CDFI Fund are being taken to ensure that all vacancies are filled in accordance with this section until the noncompliance is corrected.

(2) Tenants whose incomes no longer qualify must pay rent equal to the lesser of the amount payable by the tenant under State or local law or 30 percent of the family's annual income, except that tenants of units that have been allocated low-income housing tax credits by a housing credit agency pursuant to section 42 of the Internal Revenue Code of 1986, I.R.C. section 42, must pay rent governed by section 42. Tenants who no longer qualify as Low-Income are not required to pay as rent an amount that exceeds the market rent for comparable, unassisted units in the neighborhood.

§ 1807.402 Affordable Housing - Homeownership.

(a) Acquisition with or without rehabilitation. Housing that is for Homeownership purchase must meet the affordability requirements of this subsection.

(1) The housing must be Single-family housing;

(2) The housing must meet the following standards:

(i) Housing costs should fall within a front-end ratio of 28 percent of household income and a back-end ratio of 36 percent of household income. The front-end ratio is a percentage comparing a Low-Income borrower's total monthly cost to buy a property (mortgage principal and interest, insurance, and real estate taxes) to the borrower's monthly income before deductions. The back-end ratio is a percentage comparing a Low-Income borrower's total monthly debt payments (mortgage, real estate taxes and insurance, car loans, and other consumer loans) to the borrower's gross monthly income; or

(ii) Housing price does not exceed 95 percent of the median purchase price for the area as used in the HOME Program and as determined by the applicable Participating Jurisdiction.

(3) The housing must be purchased by a qualifying family as set forth in Part 1807.400. The housing must be the principal residence of the family throughout the period described in subsection (a)(4) below.

(4) Periods of Affordability. Housing under this subsection must meet the affordability requirements for at least 10 years at the time of purchase by the homeowner.

(5) Resale. To ensure affordability, resale requirements must be imposed by the owner of the housing. Resale requirements must ensure that, if the housing does not continue to be the principal residence of the original qualifying family for the duration of the period of affordability, the housing is made available for subsequent purchase only to a buyer whose family meets the requirements in Part 1807.400 and who will use the property as their principal residence. The resale requirement must also ensure that the price at resale provides the original CMF-funded owner a fair return on investment (including the homeowner's investment and any capital improvement) and ensure that the housing will remain affordable to a reasonable range of

qualifying families.

Deed restrictions, covenants running with the land, or other similar mechanisms must be used as the mechanism to impose the resale requirements. The affordability restrictions may terminate upon occurrence of any of the following termination events: foreclosure, transfer in lieu of foreclosure or assignment of an FHA-insured mortgage to HUD. The Awardee may use purchase options, rights of first refusal or other preemptive rights to purchase the housing before foreclosure to preserve affordability. The affordability restrictions shall be revived according to the original terms if, during the original affordability period, the owner of record before the termination event, obtains an ownership interest in the housing.

(b) Rehabilitation not involving acquisition. Housing that is currently owned by a qualifying family, as set forth in Part 1807.400, qualifies as Affordable Housing if it meets the requirements of this subsection.

(1) The housing is as follows:
