Knowledge

Unrivalled guidance on tax, compliance and structuring issues for historic tax credit projects

Novogradac & Company offers new and experienced developers a broad range of professional services to assist with the challenges within the historic tax credit (HTC) arena. Our HTC team is committed throughout the development and application process to developing and implementing innovative solutions to underlying tax, structuring, compliance and business issues encountered in complicated deals.

We pride ourselves on the vigilance and speed with which

we meet deadlines, as well as our more than 20 years of experience, which provides us the resources to meet clients' expectations while never sacrificing quality.

The firm's skilled professionals, with their thorough understanding of the benefits, costs and motivations of participants in a historic tax credit transaction, have helped numerous developers maneuver through the complexities of the rules, maximizing the monetization of the federal and state benefits that come from historic rehabilitation projects.
