Who We Are

The Low-Income Housing Tax Credit (LIHTC) Working Group, founded by Novogradac & Company LLP in 2008, is comprised of LIHTC professionals including not-for-profit and for-profit developers, syndicators, investors and other professionals serving the LIHTC industry for the express purpose of identifying and addressing technical and administrative issues that arise under the federal LIHTC program, governed by Internal Revenue Code Section 42.

What We Do

Established to provide a platform for LIHTC industry participants, the LIHTC Working Group encourages and facilitates the collaboration of industry professionals in their efforts to resolve technical and administrative program issues. Each month, members of the group participate in a conference call, learn about current hot topics, discuss issues of concern, and based on those discussions provide comments and suggestions that are submitted in writing to the U.S. Department of the Treasury, the Internal Revenue Service, the U.S. Department of Housing and Urban Development (HUD) and/or state housing credit agencies.

Benefits of Membership

Annual membership in the LIHTC Working Group provides:

- An opportunity to keep abreast of emerging issues and recommended practices in the industry
- A platform on which members can collaborate on similar issues and problems and work together to solve them
- An opportunity to provide input on issues affecting the industry as a whole
- An ability to share the costs of resolving common issues as a group rather than on an individual basis

Priority Issues

- Comments and suggestions regarding proposed changes to the Internal Revenue Code or Code of Federal Regulations
- Development of industry recommended practices
- Comments and suggestions regarding HUD program guidance
- Comments and suggestions regarding new federal or state legislation
- Comments to state housing credit agencies regarding state regulations, qualified allocation plans and applications
- Comments and suggestions on conflicting program requirements
