SPECIALIZED KNOWLEDGE TO HELP CDFIs

Novogradac provides audit, tax and consulting services to community development financial institutions (CDFIs), informed by decades of experience. Novogradac professionals offer accounting and consulting expertise, as well as broad experience as market analysts, appraisers and more. Our range of services and experience make Novogradac particularly suited to help the specific needs of CDFIs.

EXPERT SERVICES

Since Novogradac's founding in 1989, we have served clients in the affordable housing, community development, historic preservation and renewable energy sectors by anticipating and meeting their needs. That includes such things as guidance through the underlying tax, structuring and business issues, as well as market studies, demographic analysis, needs assessments, business valuation and more. Our Government Consulting and Valuation Advisory (GoVal) group has performed nearly 20,000 engagements and offers market analysts and appraisers with as much as 30 years of experience.
