**Instructions:**

- 1) Check the "Conflict of Interest" box at the top of the table to certify that such conflicts do not exist with respect to board members identified as being representative of LICs.
- 2) In column 1, list all members of your governing or advisory board. Do not list more than one person in a single row.
- 3) In column 2, check the appropriate box to indicate how the board member is deemed representative of the LIC. You need only check one box per board member.
- 4) In column 3, complete the Service Area Information as required relevant to the information provided in column 2.
- 5) If you've checked boxes a, b or d under Column 2, you **must** submit to the Fund verification that you have geocoded each address and that they are located in qualifying census tracts in your service area. You may use the Fund's Online Help Desk at [www.cdfifundhelp.gov](http://www.cdfifundhelp.gov) to print out a customized geocoded report. Simply click on the NMTC Program link and select option 3: "Use the address of your customers or transactions." Once you've submitted each address, click on "geocoded data report" to view a list of the addresses and their census tracts. **Print this list and submit it to the Fund along with your other application materials.**

- Conflict of Interest.** Check here to certify that none of the board members listed below as being representative of a LIC, nor any of their family members, are principals or staff members of the Applicant CDE (or Subsidiary Applicant), its affiliated entities or its investors.
