# **Finding the Census Tract Online**

In order for a property to be eligible for New York State Rehabilitation Tax Credits, it needs to be located in a census tract that has a median family income at or below the state family median annual income of \$69,202 according to the 2007-2011 American Community Survey, which is conducted by the US Census Bureau. The first step to finding out if an address meets this criterion is to determine the census tract # the property is in.

There are three ways to determine which census tract a building is located in.

- 1. Ask the city, town, or county planning department.
- 2. Contact the New York State Office of Parks, Recreation and Historic Preservation by calling at 518-237-8643 and requesting the State Tax Credit staff member. If you leave a message there, state the address of the property, a phone number, and an email address.
- 3. Visit www.census.gov and follow the directions below to search by address or on a map, whichever you prefer. Below are directions for both:

### 1. Search by address

Go to www.census.gov

On the main page of AFF, click on "Advanced" tab at the top of the page.

| Click on the "Geographies" in the left margin.<br>Select the "Address" tab and enter the address.<br>The program will return specific Census Data for<br>The address entered. This includes the Census Tract. |                                 | S   | clear all selections and<br>start a new search<br>search using the options below:<br>Topics<br>(age, income, year, dataset,)<br>Geographies<br>(states, counties, places,) | List Name<br>Enter a street address, city<br>Note: address search will u<br>street address<br>217 West 42nd St<br>Geographies containing 21<br>Select geographies to add | Address Map<br>y and state, or a street ad<br>se the latest available add<br>city<br>new york<br>7 W 42nd St, NEW YORK,<br>to Your Selections |

Select "New York" and then the county you would like to map. The first pdf file is a map of the county divided into numbered sections. Open that and decide which section of the map the town or city you want to map is in. Select the pdf which has a last digit matching the section number you want.

Once you have the correct Census Tract number, select the link on the <u>OPRHP tax credit website</u>, *Determining Census Tracts* to open the list of New York State census tracts, which includes their eligibility for the New York State Rehabilitation Tax Credits.

The data on this sheet is sorted by COUNTY then CENSUS TRACT.
