TENNESSEE HOUSING DEVELOPMENT AGENCY
DRAFT LOW-INCOME HOUSING TAX CREDIT 2018 QUALIFIED ALLOCATION PLAN
PRELIMINARY PROPOSED CHANGES

April 5, 2017

- 1) Remove Tennessee and overall developer experience points

Staff Comments: *This criterion did not serve its intended purpose.*

- 2) County Needs Score

Staff Comments: *Staff expects further updates and changes to the County Needs Score. **Draft Exhibit 2A and Draft Exhibit 2B DO NOT INCLUDE 2017 ALLOCATION DATA.** Staff urges those interested in the Low-Income Housing Tax Credit Program to NOT take actions based on the County Needs Score on Draft Exhibit 2A or on Draft Exhibit 2B.*

- a) Scores update to incorporate more current data. The variables used for the County Needs Score are the same as those used for the 2017 QAP. Changes in any score are the result of incorporating more current data.

- b) For New Construction - See Exhibit 2A (**DRAFT**)

- c) For Preservation and Rehabilitation - See Exhibit 2B (**DRAFT**)

- 3) Add Opportunity Score by census tract - See Exhibit 2C (**DRAFT**)

Staff Comments: *Designed to attempt to avoid overconcentration of low income housing tax credits within a particular county. **Draft Exhibit 2C DOES NOT INCLUDE 2017 ALLOCATION DATA.** Staff urges those interested in the Low-Income Housing Tax Credit Program to NOT take actions based on the Opportunity Score on Draft Exhibit 2C.*

- a) Opportunity Score variables

- i) High rents – median gross rent

- ii) High cost burdens – median rent as a percentage of household income

- iii) Close to employment – percentage of workers whose commute times are less than 15 minutes

- iv) High workforce participation – percent of adult population (ages 16-65) that worked in the last 12 months

- v) Low levels of abandoned housing – overall housing vacancy rate

- vi) Strong rental market – rental market vacancy rate/LIHTC vacancy

- vii) Supply pipeline – LIHTC allocations yet to place in service

4) Change RAD Set-Aside

Staff Comments: *The current interest rate environment is more favorable than usual regarding Tax-Exempt Bond financed developments, lowering demand for the competitive Set-Aside.*

- a) Rename RAD Set-Aside to PHA Set-Aside
- b) Lower PHA (formerly RAD) Set-Aside from 30.0% to 15.0%
- c) Maintain preference for CNI and RAD developments within PHA Set-Aside

5) Remove Opt-Out provisions for developments with a Housing Assistance Payment (“HAP”) Contract

Staff Comments: *Causes LIHTC and HAP Contract requirements to be consistent.*

6) Add cost control measures

Staff Comments: *Addresses concerns at the national level regarding public perception of high costs for affordable housing.*

- a) Add scoring criterion for ratio of hard costs to total costs
 - i) Express in “.000” format and award percentage of one available point
- b) Add total cost per unit cap
 - i) Urban New Construction \$175,000/unit
 - ii) Urban Other \$115,000/unit
 - iii) Rural/Suburban New Construction \$155,000/unit
 - iv) Rural/Suburban Other \$90,000/unit

7) Revise Innovation Set-Aside

Staff Comments: *Scholar house will be absorbed into the Innovation Round which allows Scholar House applicants to receive a full [not partial] allocation of Tax Credits. Advance announcement of Innovation Round theme will allow applicants greater time to develop their proposals.*

- a) Have “themed” Innovation Set-Aside
 - i) Theme for 2018 is Scholar House
 - ii) Announce 2019 and 2020 themes in late 2017
- b) Make up to 3 Innovation Set-Aside allocations

8) Changes Affecting Rural Areas

Staff Comments: *Assists developments proposed for rural counties and potentially allows a greater mix of development types and geographic locations to be successful.*

- a) Allow non-urban new construction developments to participate in the General Pool
- b) Remove rural cross-counting provisions

9) Change compliance requirements in Part XIII

Staff Comments: *Changes allow owners more flexibility to address noncompliance issues.*

a) Amend initial noncompliance correction period from 60 to 90 days

b) Amend extended noncompliance correction period from 120 to 180 days

c) Remove requirement for owners to post THDA Customer Response Center poster

10) Authorization to modify Part VI: Application Submission as necessary to accommodate electronic submission of applications in the new Tennessee Housing Online Management Application System (THOMAS)

Staff Comments: *Staff will need to have the ability to modify Part VI as the THOMAS system is brought online.*

11) Housekeeping changes
