Request information and instructions:

- 1) **This request form must be received by the NMTC Program Manager at the fax number above by 5pm ET on September 19, 2003** (please note that this date is an extension of the date originally provided for in the Notice of Allocation Availability). The Fund will provide written confirmation of receipt of this form, along with the instructions for submission of a paper application, to the Applicant Email Address within two business days from the date of receipt of this form.
- 2) Applicants submitting a paper application must use the format provided by the Fund.
- 3) Submission of an electronic application provides efficiencies to the Fund's staff that are not provided in a paper application by facilitating the processing and review of applications and the selection of allocatees. As a result, the Fund may require additional time to notify applicants submitting paper applications of the Fund's final selection decisions.
- 4) Please note that the Fund will require organizations that are awarded NMTC allocations to provide compliance and monitoring reports and data via a web-based handbook similar to the electronic application. Therefore, you should include in your application under the Management Capacity section, including the Program Compliance sub-section, a description of how your organization will, if provided an NMTC allocation, have the staff and technological capacity to use the Fund's web-based compliance monitoring system.
- 5) If you are submitting a paper application, attach an explanation with this form indicating why you are not capable of submitting the electronic application.

As the Authorized Representative for the above Applicant, I am formally requesting to submit a paper application to the Fund and that all information submitted in connection with this request is true, accurate and correct.
