

1 HB540
2 201085-3
3 By Representative Poole
4 RFD: Ways and Means Education
5 First Read: 02-MAY-19

1 the State, Alabama's rural communities have not enjoyed the
2 same rates of success.

3 (b) Alabama's incentives grew out of a need to
4 attract heavy industry to the State. Now, Alabama must also
5 prepare for the future by attracting and retaining high-tech
6 companies, and preparing and retaining a workforce trained for
7 such jobs.

8 (c) New tools must be brought to bear to solve
9 Alabama's rural and high-tech deficits.

10 (d) It is a public purpose to expand Alabama's
11 incentives laws to attract and retain companies in rural
12 Alabama, and high-tech companies and workers throughout the
13 State. The tools used in this bill are urgently needed to
14 solve these problems.

15 (e) The Legislature finds that the enhancements to
16 the Alabama Jobs Act, as found in this bill, may be made
17 without compromising on the strict requirement that the state
18 shall not offer any such incentives to the extent that the tax
19 incentives sought exceed the anticipated revenues to the
20 state, as required by Section 40-18-373(1)c., Code of Alabama
21 1975.

22 Section 3. Sections 40-18-376, 40-18-376.1,
23 40-18-410, 40-18-411, 40-18-412, 40-18-413, and 40-18-414 are
24 amended to read as follows:

25 "§40-18-376.

26 "(a) If provided for in the project agreement, the
27 incentivized company is allowed an investment credit in an

1 annual amount equal to 1.5 percent of the capital investment
2 incurred as of the beginning of the incentive period, to be
3 used as follows:

4 "(1) To offset the income taxes found in this
5 chapter, or as an estimated tax payment of income taxes;

6 "(2) To offset the financial institution excise tax
7 found in Chapter 16;

8 "(3) To offset the insurance premium tax levied by
9 Section 27-4A-3(a), or as an estimated payment of insurance
10 premium tax;

11 "(4) To offset utility taxes; or

12 "(5) To offset some combination of the foregoing, so
13 long as the same credit is used only once.

14 "The incentive period shall begin no earlier than
15 the placed-in-service date. The incentive period shall be 10
16 years. Should only some portion of a tax year be included in
17 the incentive period, the amount of the investment credit
18 shall be prorated on a daily basis.

19 "(b) A project agreement may specify any one or more
20 of the following methods by which the investment credit shall
21 be realized by the incentivized company, so long as a credit
22 is not utilized more than once:

23 "(1)a. The investment credit may be claimed as a
24 credit against the taxes in subsection (a) that are actually
25 paid. In any one year, if the credit exceeds the amount of
26 taxes that are allowed to be offset by the project agreement
27 and that are owed by the incentivized company, the

1 incentivized company may carry the credit forward, to the
2 extent allowed in the project agreement. No carryforward shall
3 be allowed for more than five years. Rules similar to those
4 used for Section 40-18-15.2 shall be applied.

5 "b. Prior to claiming the investment credit as
6 provided in this subdivision, the incentivized company shall
7 submit to the Department of Commerce a certification as to its
8 capital investment as of the dates specified in the project
9 agreement. Following such examination as it deems necessary,
10 the Department of Commerce may certify the information and
11 deliver the same to the Department of Revenue. Thereafter, the
12 Department of Revenue shall allow the investment credit.

13 "(2) The project agreement may authorize an
14 incentivized company that is taxed as a flow-through entity to
15 allocate the credit among some or all of the owners in any
16 manner specified, regardless of whether the allocation follows
17 rules similar to 26 U.S.C. § 704(b) and the regulations
18 thereunder. The owners may then use their allocated share of
19 the investment credit to offset any of the taxes listed in
20 subsection (a), as provided in subdivision (1). This
21 subdivision (2) shall be liberally construed to apply to
22 multiple levels of companies, to allow the investment credits
23 to be used by those persons bearing the tax burdens of the
24 qualifying project, and such companies shall include but shall
25 in no way be limited to flow-through entities, employee stock
26 ownership plans, mutual funds, real estate investment trusts,
27 and it shall also apply to offset the income tax liability of

1 employee/owners of a flow-through entity owned by an employee
2 stock ownership plan trust.

3 "(3) All or part of the first three years of the
4 investment credit may be transferred by the incentivized
5 company and applied by another person or company as follows:

6 "a. A transfer of the credit shall be made by
7 written, notarized contract.

8 "b. No such transfer shall occur before the contract
9 is approved by the Secretary of Commerce. In determining
10 whether to approve any transfer, the Secretary shall make all
11 of the following findings:

12 "(i) That any year's investment credit will not be
13 purchased by more than three transferees, unless such
14 limitation is found by the Secretary of Commerce unnecessarily
15 to limit the class of potential transferees;

16 "(ii) That the proposed transfer will enhance the
17 economic benefits of the qualifying project; and

18 "(iii) That the transfer is at a value of at least
19 85 percent of the present value of the credits. ~~and~~

20 ~~"(iv) That the incentivized company and the
21 transferee are both subject to the tax listed in subsection
22 (a)(1), are both subject to the tax listed in subsection
23 (a)(2), or are both subject to the tax listed in subsection
24 (a)(3).~~

25 "Upon making affirmative findings on the criteria
26 set forth above, the Secretary of Commerce shall recommend to
27 the Governor that the transfer should be approved. Information

1 about the proposed transfer shall be forwarded to the
2 Governor, and the Governor may include provisions about the
3 transfer in the project agreement, or in an amendment thereto
4 executed by the Governor and the incentivized company.

5 "c. If a transfer is approved, the incentivized
6 company shall submit to the Department of Commerce the
7 following:

8 "(i) Certifications as to its capital investment as
9 of the dates specified in the project agreement. Following
10 such examination as it deems necessary, the Department of
11 Commerce may certify the information and deliver the same to
12 the Department of Revenue.

13 "(ii) Certified information about the transfers,
14 including identifying information about the transferees and
15 the amount of credit each transferee should claim. Following
16 such examination as it deems necessary, the Department of
17 Commerce may certify the information and deliver the same to
18 the Department of Revenue.

19 "d. Upon receipt of the certifications from the
20 Department of Commerce as required by subsection (b)(3)c., the
21 Department of Revenue shall thereafter allow the appropriate
22 amount of the investment credit to offset the tax liability of
23 the transferee for any of the taxes listed in subsection (a).
24 A transferee may not make a subsequent transfer of the credit.

25 "e. If a credit is transferred, an incentivized
26 company that is later determined by the Secretary of Commerce
27 to have defaulted under the project agreement shall be liable

1 for the underpayment of tax attributable to the credit and for
2 penalties and interest thereon. Unless the purchase of the
3 credits is determined to have been made in a fraudulent
4 manner, or is a transfer in anticipation of bankruptcy,
5 insolvency or closure, a transferee shall not be liable for
6 the unpaid tax attributable to the credit, or for penalties or
7 interest thereon.

8 "(c) The realization methods in subsection (b) shall
9 not create debts of the state within the meaning of Section
10 213 of the Official ReCompilation of the Constitution of
11 Alabama of 1901, as amended.

12 "(d) (1) To the extent the investment credit is used
13 to offset a financial institution excise tax liability, in
14 making the report required by Section 40-16-6(d), the
15 financial institution receiving the investment credit shall
16 not take into account the qualifying project, and the
17 Department of Finance shall promulgate regulations to ensure
18 that the credit in no case would reduce the distribution for
19 municipalities and counties.

20 "(2) To the extent the investment credit is used to
21 offset an insurance premium tax liability, the Department of
22 Finance shall promulgate regulations to ensure that the credit
23 would reduce the distribution for the Education Trust Fund,
24 but in no case would the investment credit reduce the
25 distributions for the State General Fund or the Alabama
26 Special Mental Health Trust Fund.

1 "(3) To the extent the investment credit is used to
2 offset liability for the tax imposed by Section 40-21-82, the
3 Department of Finance shall promulgate regulations to ensure
4 that the credit in no case would reduce the distribution for
5 the Alabama Special Mental Health Trust Fund.

6 "§40-18-376.1.

7 "(a) The provisions in this section shall apply to
8 any targeted county, a term defined in this article to mean
9 any Alabama county that has a population of ~~2~~50,000 or less,
10 as determined by the Commissioner of Labor as of each January
11 1 using the most current data available from the United States
12 Departments of Labor or Commerce, the United States Bureau of
13 the Census, or any other federal or state agency or
14 department.

15 "(b) In making the findings required by Section
16 40-18-373(a), a company that proposes a qualifying project in
17 a targeted county shall be an approved company for purposes of
18 this section only if the Secretary of Commerce makes the
19 additional finding that the qualifying project will increase
20 the economic diversity of, or otherwise benefit, the targeted
21 county.

22 "(c) For purposes of determining in Section
23 40-18-372(2)b. whether a qualifying project may receive the
24 jobs act incentives, a project to be located in a targeted
25 county shall employ at least ~~25~~ ten new employees and shall
26 involve, directly or indirectly, at least \$2 million of

1 capital, absent a finding of extraordinary circumstances by
2 the Secretary of Commerce.

3 "(d) If the qualifying project is located in a
4 county which is deemed to be a targeted county on the date the
5 project agreement is executed, the following shall be
6 applicable:

7 "(1) The jobs credit provided in Section
8 40-18-375(a) shall be 4.0 percent of the wages paid to
9 eligible employees during the prior year; and

10 "(2) The investment credit provided in Section
11 40-18-376(a) shall have an incentive period of 15 years, ~~but~~
12 ~~only if the qualifying project is expected to sell the~~
13 ~~majority of its output or services to a business located in~~
14 ~~Alabama that is described in Section 40-18-372(a), so that the~~
15 ~~transit distance for the output or services shall be less than~~
16 ~~50 miles.~~

17 "(e) Each year, the incentives in subsection (d) may
18 be extended to no more than two qualifying projects not in
19 targeted counties. Such incentives shall be granted in project
20 agreements executed by the Governor on the recommendation of
21 the Secretary of Commerce.

25 information provided to other investors in the fund. Prior to
26 claiming the credits provided in paragraph (1), a fund shall
27 submit to ADECA a certification as to the financial

1 performance of the fund or assets which are the subject of the
2 project agreement. ADECA may choose to request other

5 certify the information and deliver the same to the Department
6 of Revenue. Thereafter, the Department of Revenue shall allow
7 the credits in the amount determined by ADECA.

1 (b) Subsection (a) shall be applied as to each of
2 the following taxes:

3 (1) The income tax levied by this chapter, or the
4 estimated income tax payment; and

5 (2) The financial institution excise tax found in
6 Chapter 16.

7 (c) The following terms shall have the following
8 meanings:
