QUALIFIED ISSUER
APPLICATION

Introduction

Under the CDFI Bond Guarantee Program, an entity that wishes to be designated by the CDFI Fund as a Qualified Issuer must submit a Qualified Issuer Application.

The Applicant must provide all required information in its Qualified Issuer Application to establish that it meets all criteria for designation as a Qualified Issuer and can carry out all Qualified Issuer responsibilities and requirements. Such responsibilities and requirements include, but are not limited to, information that demonstrates that the Applicant has the appropriate expertise, capacity, and experience and is qualified to make, administer and service Bond Loans for Eligible Purposes. After receipt of a Qualified Issuer Application, the CDFI Fund may request additional, clarifying, confirming or supplemental information on the materials submitted as part of the Qualified Issuer Application.

In order to understand the CDFI Bond Guarantee Program and the roles and responsibilities of the Qualified Issuer, interested parties should review and become familiar with the regulations that govern the program, set forth at 12 C.F.R. 1808 (the Regulations). In addition, Applicants should review and become familiar with the Notice of Guarantee Availability (NOGA), published with respect to FY 2013 and FY 2014 Qualified Issuer Applications and Guarantee Applications. Before beginning to prepare a Qualified Issuer Application, prospective Applicants should review and become familiar with the Qualified Issuer Application Guidance, which contains detailed information and formatting instructions. The Regulations, the NOGA, and the Qualified Issuer Application Guidance may be found on the CDFI Fund's website at www.cdfifund.gov. Capitalized terms in the Qualified Issuer Application are defined in the Regulations.

For purposes of the Qualified Issuer Application, the term "Applicant" refers to the applicant organization as well as any Affiliates and third-party entities (i.e., the proposed Program Administrator and the proposed Servicer) that seek to participate in performing the duties of the Qualified Issuer during the term of a Bond.

The Qualified Issuer Application must contain all required documentation regarding the Applicant. In addition, certain information must be provided with respect to at least one Certified CDFI, which must attest that it has designated the Applicant to serve as Qualified Issuer on its behalf.

Application documents will be submitted electronically through myCDFI Fund. The Qualified Issuer Application must follow the standardized naming convention for individual files as well as the file organization detailed in the Qualified Issuer Application Guidance.

Under the Paperwork Reduction Act (44 U.S.C. chapter 35), an agency may not conduct or sponsor a collection of information, and an individual is not required to respond to a collection of information, unless it displays a valid Office of Management and Budget (OMB) control number. Pursuant to the Paperwork Reduction Act, the Qualified Issuer Application has been assigned the following control number: 1559-0044. Expiration Date: 12/31/2013.

Application Requirements

To be deemed complete, the Qualified Issuer Application must include each of the sections 1 through 11 as set forth below. The Applicant must provide a narrative addressing the requirements of Sections 4 through 11, as well as additional supporting documentation as is necessary or appropriate. The entire narrative cannot exceed 25 single-sided pages in size 12

Arial font. The Applicant may choose how to allocate the 25 pages of the narrative. Please note that the 25 pages of narrative are in addition to any supporting documentation or separate requirements of the Qualified Issuer Application. Detailed instructions for uploading additional evidence or attachments for each section of the Qualified Issuer Application are described below.

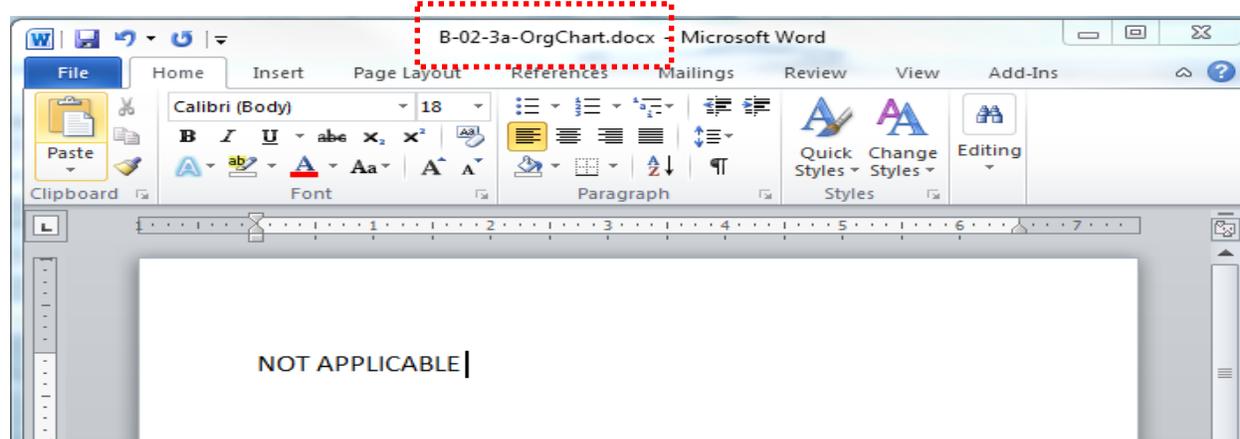

Document Format

Documentation should be submitted in Microsoft Word, unprotected Microsoft Excel, Adobe PDF, or other mediums as appropriate. If the document type is listed as “Narrative”, provide the required information in the maximum 25-page Narrative Discussion in Microsoft Word rather than a separate document.

Missing or Not Applicable Documentation

If a specific document is not applicable or otherwise not available, the Applicant must submit a placeholder file stating that the requested document is “Not Applicable,” “Not Performed,” or “None” in place of the file, as appropriate. The placeholder file must retain the naming convention of the respective file it was meant to replace. See Figure 1 for an example.

Figure 1: Sample Documentation Stating Non-Provision

Document Organization and Submission

Organizations applying to become Qualified Issuers must create a MyCDFIFund account for their organization and assign a user according to the instructions found on www.cdfifund.gov/MyCDFI. Once completed, the applicant can login to their account and choose “Qualified Issuer Application” from the list of possible applications.

Carefully follow the instructions found on MyCDFIFund, and upload the application documents following the naming conventions and descriptions listed below in this Qualified Issuer Application. Applications will be submitted via the MyCDFIFund portal and all documents must be uploaded according to the specified file structure.

NOTE: myCDFIFund cannot accept files larger than 5 megabytes. If any files such as PDFs are larger than 5MB, please save and upload the files in multiple parts.

The application process is completed by submitting a "Signature Page" and you will not be able to make any edits to the Qualified Issuer Application unless requested to do so by the CDFI Fund. Once the Signature Page has been submitted, print a copy of the Submission Status Page, which will include your Qualified Issuer Application Control Number, and retain this for your records.

Your Qualified Issuer Application Control Number follow the format ##-BQI-#####.
