

Exhibit A - Site Amenities Supporting Documentation

Applicant must provide supporting documentation in similar form to this Exhibit A to qualify for points under Tab 13 – Site Selection; and Tab 18 – Transit Oriented Design.

1. **Tab 13 – Site Selection**

Applicant must provide an 8.5x11 map indicating which facilities are located on or within a ½ mile straight line radius or 2 mile straight line radius of the Project, depending on the scoring category. The map must be to scale. The name of the facility, radius and square footage must be shown on the map. For a complete list of requirements for this scoring category, Applicant should refer to Section 2.9(M) of the 2012 Qualified Allocation Plan.

2. **Tab 18 – Transit Oriented Design**

Applicant must provide an 8.5x11 map indicating that the Project is located at or within the required distances of a Frequent Bus Transit System (at or within a ¼ mile straight line radius of the Project) or High Capacity Transit Station (at or within a ½ mile straight line radius of the Project). The map must be to scale. For a complete list of requirements for this scoring category, Applicant should refer to Section 2.9(R) of the 2012 Qualified Allocation Plan.
