Housing Credit Program

2011 Qualified Allocation Plan

I. DEVELOPMENT OF THE PLAN.

The Arkansas Development Finance Authority (“ADFA” or the “Authority”) is charged with the responsibility of administering federal low-income housing tax credits (“Housing Credits”) for the State of Arkansas (the “State”). ADFA is also charged with the responsibility of promulgating rules and regulations concerning the allocation of the Arkansas low-income housing tax credit (the “State Housing Credits”) pursuant to Ark. Code Ann. § 26-51-1701 et seq. The Tax Reform Act of 1986 created the Housing Credit to encourage the private sector to invest in the construction and rehabilitation of rental housing for low and moderate-income individuals and families. Section 42 of the Internal Revenue Code of 1986, as amended (“IRC” or the “Code”), mandates that housing credit agencies adopt a Qualified Allocation Plan (“QAP”) for allocation of the Housing Credit to low-income rental developments throughout their respective states. Low-income housing tax credits shall be allocated in accordance with this plan or any amendments thereto.

II. LIMITS ON ALLOCATION OF CREDITS.

The Code requires that ADFA determine “the [Housing Credit] dollar amount allocated to the development will not exceed the amount the housing credit agency determines is necessary for the financial feasibility of the development and its viability as a qualified low-income housing development throughout the credit period.” Housing Credits will be limited to the amount the Authority, in its sole discretion, deems necessary. Housing Credits are not intended to provide the primary or principal source of financing for a development, but are intended to provide financial incentives sufficient to fill “gaps” which would otherwise exist in developing affordable rental housing for low-income households.

III. HOUSING CREDIT ALLOCATION STANDARDS.

A. AMOUNT

The base amount of annual credit authority is currently calculated at \$2.10 per capita. This per capita amount is based upon population estimates released each year by the Internal Revenue Service.

The maximum amount of Housing Credits that may be reserved for allocation to one individual development shall be no more than \$600,000 of the annual Housing Credits available in the calendar year. HOWEVER, the maximum amount of Housing Credits that may be reserved for allocation to one individual development: 1) that is located in a Designated Low-Income County as defined in the currently applicable State Consolidated Plan; 2) whose structure(s) are individually listed in the National Register of Historic Places or have been

determined to contribute to a Registered Historic District; 3) that is a qualified Assisted Living development; or 4) a development with a commitment letter from USDA Rural Development, shall be no more than \$625,000 of the annual Housing Credits available in the calendar year.

Pursuant to Section 42(d)(5)(B)(v) of the IRC, the Authority designates that the eligible basis of any qualified low-income new building will be increased by thirty (30%) if it is a building within a qualified Assisted Living development or located in Any low-income county designated in the currently applicable State Consolidated Plan (currently: Bradley, Chicot, Crittenden, Desha, Fulton, Jackson, Lafayette, Lee, Monroe, Newton, Phillips, Polk, St. Francis, Sharp, Stone, and Woodruff); and

B. SET-ASIDES.

1. Non-Profit Set-Aside. Not less than ten percent (10%) of the Housing Credits will be set aside for developments involving any qualified non-profit organization that meets the standards set forth in IRC § 42(h)(5)(C). The organization shall be a qualified non-profit organization, as defined in IRC § 501(c)(3) or § 501(c)(4), which is not affiliated with or controlled by a for-profit organization and has included in its Articles of Incorporation, as one of its tax-exempt purposes, the fostering of low-income housing. The appropriate section of the Multi-Family Housing Application (NON-PROFIT DETERMINATION) shall be completed and copies of the non-profit organization's Articles of Incorporation and Internal Revenue Service ("IRS") documentation determining the organization exempt from federal income tax under IRC § 501(a) shall be included with the application.

2. ADFA HOME and Rural Development Set-Aside. Approximately twenty percent (20%) of the Housing Credits will be set-aside for successful HOME and Rural Development ("RD") Program applicants. To be considered for HOME Program funds, applicants shall request HOME funds by completing the appropriate sections in the 2011 Multi-Family Housing Application when submitted by the application deadline. Rural Development applicants shall submit a copy of the Rural Development commitment letter with their Application. ADFA has entered into a Memorandum of Understanding ("MOU") with Rural Development and has agreed to engage in cooperative efforts to enable ADFA and Rural Development to effectively evaluate Housing Credit requests of Rural Development applicants. The MOU will be considered by ADFA when reviewing Rural Development applications for Housing Credits.

3. Assisted Living Set-Aside. A maximum of \$1,250,000 of the Housing Credits will be set aside for qualified assisted living developments. In order for the application to be considered for this set-aside, the applicant must meet the criteria set forth in Section VI.C.28 of the QAP below.

4. Public Housing Agencies' Set-Aside. A maximum of \$600,000 of the Housing Credits will be set aside for those eligible developments developed by or in conjunction with any Public Housing Authority or Section 8 Contract Administrator in good standing with the United States Department of Housing and Urban Development (HUD). The applicant will be required

to submit a statement from HUD indicating that the Public Housing Authority or Section 8 Contract Administrator involved is in good standing as of the date the application is filed.

5. Housing Credits Not Awarded through Set-Aside. With the exception of Housing Credits dedicated to the "Non-Profit Set-Aside" above;, Housing Credits not awarded through the "ADFA HOME and Rural Development Set-Aside", the "Assisted Living Set-Aside", or the "Public Housing Agencies' Set-Aside", will be available for award to any application.

IV. ALLOCATION OF STATE HOUSING CREDITS.

Ark. Code Ann. § 26-51-1702 provides that a taxpayer owning an interest in a low-income development qualifying for Housing Credits will be eligible for State Housing Credits equal to twenty percent (20%) of the allocated federal amount. The State statute limits the allocation of State Housing Credits to \$250,000 in any one taxable year. Recognizing the limited availability of the State Housing Credits and with a desire to assign those credits where they are most needed, the applicant shall demonstrate need on the Housing Credit application. Based on demonstrated need in the application, the Authority will give a priority allocation of State Housing Credits to those developments that are in designated low-income counties under the State's Consolidated Plan submitted to the federal Department of Housing and Urban Development. The list of these counties is contained in Points Criterion #1 of this Qualified Allocation Plan. The allocation of State Housing Credits will be as follows:

1. Developments receiving an allocation of Housing Credits that are to be located entirely in any one of the low-income counties designated in the State Consolidated Plan will be allocated State Housing Credits equal to twenty percent (20%) of the applicable Housing Credits.

2. In the event of a shortage of eligible developments in low-income counties designated in the Consolidated Plan, priority for State Housing Credits, equal to twenty percent (20%) of the applicable Housing Credits, will be given to those qualified developments located within Qualified Census Tracts, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan.

3. To the extent that there are remaining State Housing Credits, the State Housing Credits will be allocated, equal to twenty percent (20%) of the applicable Housing Credits, to remaining qualified developments until such time as the available State Housing Credits are exhausted, with priority given to those developments with the highest scores under the scoring system set forth in this Qualified Allocation Plan.

4. The Authority expects to allocate no less than ten percent (10%) of State Housing Credits to non-profit organizations.

The Authority will annually notify the Arkansas Department of Finance and Administration of those developments that have been allocated State Housing Credits. The

Arkansas Department of Finance and Administration will be notified of any revocation of State Housing Credits.

V. ALLOCATION OF AFFORDABLE NEIGHBORHOOD HOUSING TAX CREDITS.

The Affordable Neighborhood Housing Tax Credit Act of 1997, (the "ANHTC Act"), codified at Ark. Code Ann. § 15-5-1301 et seq., provides that any business firm engaging in the provision of affordable housing assistance activities in the State of Arkansas may be entitled to receive Affordable Neighborhood Housing Tax Credits ("ANHTCs"). "Affordable housing assistance activities" is defined to include any "money, real, or personal property expended or devoted to the construction or rehabilitation of affordable housing units developed by or in conjunction with any governmental unit or not-for-profit corporation." The ANHTC Act limits the total allocation of ANHTCs to \$750,000 in any taxable year.

The Authority and the Arkansas Department of Finance and Administration have determined that, in the best interest of affordable housing in Arkansas, "affordable housing assistance activities" must be devoted to those low-income housing developments which qualify for Housing Tax Credits pursuant to Section 42 of the Internal Revenue Code through the Authority's federal low-income housing tax credit or tax-exempt bond programs for residential rental housing. Thus, any business firm seeking allocation of ANHTCs must do so in conjunction with an application for federal low-income housing tax credits or tax-exempt bonds to develop affordable housing units by or in conjunction with any governmental unit or not-for-profit corporation.

A proposal for ANHTCs must be submitted with a Multi-Family Housing Application for federal low-income housing tax credits. In its Multi-Family Housing Application for federal low-income housing tax credits, the applicant will include a commitment from each business firm providing "affordable housing assistance activities" to the proposed low-income housing development. Each such commitment must:

1. Be in writing and executed by an authorized representative of the business firm;
2. Identify the governmental unit or not-for-profit corporation to which the "affordable housing assistance activities" are committed;
3. Describe in detail the nature of the "affordable housing assistance activities" to be provided, i.e., whether money, real or personal property, and how it to will be devoted to the construction or rehabilitation of affordable housing units.
4. The ANHTC Act limits the amount of tax credits allowable to a business firm to thirty percent (30%) of the total amount invested. If the affordable housing assistance activity is other than money, the business firm must provide an appraisal certifying the value of the property invested.

If the business firm commits its "affordable housing assistance activities" to a governmental unit, a not-for-profit organization, or a "neighborhood organization", as defined within the ANHTC Act, which is not the applicant on the Multi-Family Housing Application, the applicant must submit with its Multi-Family Housing Application the following from such governmental unit, not-for-profit organization or "neighborhood organization":

1. Organizational documents including: a) Arkansas Articles of Incorporation; and b) Tax Exempt Status Determination Letter from the Internal Revenue Service;
2. A written statement describing its relationship with the applicant, i.e., any ownership interest in the applicant or other relationship with the applicant;
3. A written statement describing in detail its commitment of the "affordable housing assistance activities" received from each business firm to the construction or rehabilitation of affordable housing units within the development proposed.

For each proposal of "affordable housing assistance activities" submitted with a Multi-Family Housing Application, the applicant must certify in writing that it will expend or devote the "affordable housing assistance activities" committed to the construction or rehabilitation of affordable housing units within the development.

Based on demonstrated need in the Multi-Family Housing Application, the Authority will give a priority allocation of ANHTCs to those developments that are in designated low-income counties under the State's Consolidated Plan submitted to the federal Department of Housing and Urban Development. The list of these counties is contained in Points Criterion #1 of this Qualified Allocation Plan. The allocation of ANHTCs will be as follows:

1. Developments receiving an allocation of federal low-income housing tax credits that are to be located in any one of the low-income counties designated in the State Consolidated Plan, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan;
2. In the event of a shortage of eligible developments in low-income counties designated in the Consolidated Plan, priority for ANHTCs will be given to those developments within Qualified Census Tracts, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan;
3. To the extent that there are remaining ANHTCs, the remaining ANHTCs will be allocated to remaining qualified developments until such time as exhausted, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan.

The Authority will reserve and allocate ANHTCs in conjunction with its reservation and allocation or issuance of federal low-income housing tax credits. With its issuance of IRS Forms 8609 for federal low-income housing tax credits, the Authority will issue a Certificate of Allocation certifying the amount of ANHTCs allocated to the business firm entitled to such

allocation. The Authority will annually provide the Arkansas Department of Finance and Administration with a copy of each Certificate of Allocation for ANHTCs allocated that year.

a. Certification by the design architect or licensed engineer that the standard concerned cannot be met due to structural constraints and a description of the structural constraint;

b. Description of alternative design which will achieve the benefit of the required standard; or certification by the design architect or licensed engineer that no alternative design can be undertaken to achieve the benefit of the required standard due to structural constraints; and

c. Statement by applicant that it will implement any alternative identified by the design architect or licensed engineer.

A certification from the design architect or licensed engineer will be required to be submitted confirming compliance with ADFA's "Multi-Family Housing Minimum Design Standards" prior to the issuance of IRS Form 8609.

Proposed rehabilitation developments will receive points for advanced energy features based upon individual items of energy efficiency. It is within ADFA's discretion to determine the individual items of energy efficiency that will receive point(s) and the amount of points for such individual items of energy efficiency.

11. Capital Needs Assessment. All rehabilitation developments shall include a capital needs assessment conducted by a firm on ADFA's "Capital Needs Assessment Firms – Approved List." The assessment shall include a physical inspection of the interior and exterior of each unit and structure, as well as, an interview with the development manager and maintenance personnel. At a minimum, the following components must be examined and analyzed in the assessment:

(i) Rehabilitate all components examined and analyzed in the development to a new or "like-new" condition;

(ii) Correct all deficiencies in order for the development to comply with applicable federal, state and local laws and requirements regarding accessibility for persons with disabilities; and

(iii) Correct all deficiencies to ensure compliance with ADFA's Multi-Family Minimum Design Standards.

Failure by the report to meet the requirements set forth herein will result in a rejection of the Capital Needs Assessment submitted thereby terminating the application from consideration for federal low-income housing tax credits.

All rehabilitation development applicants must submit a statement that the scope of rehabilitation will include all capital needs of the development as set forth in the Capital Needs Assessment

12. Tenant Income Audit. All rehabilitation projects shall include a complete, detailed tenant income audit that identifies all existing tenant households and their income. The audit must separately identify those tenant households whose income exceeds applicable income limits.

13. Operating Reserves and Replacement Reserves Funds. The total development budget shall include:

The funding of an Operating Reserve Fund equal to the greater of:

Six (6) months of: (a) projected annual operating expenses, (b) annual debt service payments and (c) annual replacement reserve deposits;

OR

The amount of operating reserves required by applicant's lender(s) or equity investor(s)

The funding and maintenance of a Replacement Reserves Fund equal to the greater of: \$250.00 per unit per year; OR the amount of replacement reserves required by applicant's lender(s) or equity investor(s).

These amounts shall be incorporated into the 2011 Multi-Family Housing Application. The applicant shall identify the name of the financial institution where the funds will be held.

The operating reserve account must remain funded through the end of the development's compliance period. The balance of the operating reserve account must be equal to or greater than the amount set forth herein as of December 31 of each year of the compliance period. ADFA shall annually monitor compliance with this requirement. Applicant/owner shall provide

to ADFA's Compliance Department the bank statement for the period including December 31 of the previous year by February 1, 2011 with its Owner Certification of Continuing Compliance.

14. Pro Forma. Each application must complete the Pro Forma document set forth in the MFHA. (Applicant's pro forma must be based on projected operating expenses increasing by at least 1% over income increases. Increases in income on which the pro forma is based shall be no greater than 2% annually.)

15. Appraisal for acquisition/rehabilitation developments. In order to receive acquisition credits, applicant must submit an appraisal, dated within one (1) year of the Application Deadline, which supports the purchase price of the development.

a. The appraisal must separately identify the appraised value for the buildings in the development and the value of the land.

b. If the appraised value of the buildings is enhanced due to a federal subsidy attached to the buildings, the appraisal must separately identify the value of the federal subsidy.

c. In order to receive credit for the subsidy, the applicant will be required to submit a commitment letter from the federal agency stating the subsidy will be awarded to the applicant

Acquisition credits will be based upon the lesser of the purchase price for the buildings only or the appraised value of the buildings in the development. Applicant must include in the development budget and eligible basis no more than the lesser of the purchase price for the buildings only or the appraised value of the buildings in the development.

16. Developer Fee Standard. The developer's fee, which is defined to include the developer fee plus developer's overhead and profit plus consultant's fee, must meet the following standards:

a. New Construction. The developer fee cannot exceed fifteen percent (15%) of the "Net Development Costs".

b. Acquisition/Rehabilitation. The developer fee for acquisition/rehabilitation will be limited to ten percent (10%) of the cost of the land and building plus no more than fifteen percent (15%) of the remaining "Net Development Costs".

c. Developer Fee – Deferral. Any portion of the developer's fee that is deferred and included as a source of funds will be underwritten to ensure payment by the end of the 15-year compliance period. Eligible basis will be reduced by that amount of deferred developer fee that is not payable within the 15-year compliance period. If any portion of the developer's fee is deferred in the form of a loan, then ADFA will consider any interest payable on such loan to the developer as part of the developer's fee for computing compliance with the developer fee standard(s) set forth above.

“Net Development Costs” is defined as the total uses of funds, less syndication-related costs, developer’s fee and development reserves.

For purposes of applying the developer’s fee to eligible basis, eligible basis must be proportioned separately reflecting that amount of the developer’s fee attributed to the acquisition of existing buildings from that amount attributed to the rehabilitation costs. The amount attributed to the acquisition of existing buildings must be equal to or greater than the percentage that the acquisition costs of existing buildings is to the total development costs.

Applicant must disclose in its application or an attachment thereto all persons and entities that will receive any portion of the developer fee proposed in the application. For all such entities, all members, partners and shareholders of such entities shall be disclosed and the respective portion of the amount of developer fee to be received by the entities shall be identified. If after time of application, there is any proposed change in the person(s) or entity/entities that shall receive any portion of the developer fee, all revised parties and amounts must be disclosed in writing to ADFa.

All policies regarding identity of interest shall be applicable to the proposed replacement member. If the proposed replacement would cause more than three (3) applications with a development team among which there is an identity of interest to have been funded in one year’s cycle, such proposed replacement will be denied, or if the identity of interest becomes known to ADFa at a later time, ADFa may terminate the award, terminate the carryover allocation, deny issuance of credits via IRS Form(s) 8609, suspend all responsible persons and entities from the tax credit program for a period of time determined by the ADFa Board of Directors, or take other action reasonable under the circumstances as determined by ADFa.

17. Builder's Profit. The amount allocated to the general requirements of the development cannot exceed seven percent (7%) of its construction hard costs. The Authority will limit the builder’s profit to ten percent (10%) of the development’s hard costs plus its general requirements’ costs. The Authority will limit the builder’s overhead to four percent (4%) of the development’s hard costs plus its general requirements’ costs. ADFa reserves the right to determine whether costs included in the developer’s fee and builder’s profit calculations are appropriate and reasonable.

Applicant must disclose in its application or an attachment thereto all persons and entities that will receive any portion of the builder profit proposed in the application. For all such entities, all members, partners and shareholders of such entities shall be disclosed and the respective portion of the amount of builder profit to be received by the entities shall be identified. If after time of application, there is any proposed change in the person(s) or entity/entities that shall receive any portion of the builder profit, all revised parties and amounts must be disclosed in writing to ADFa.

All policies regarding identity of interest shall be applicable to the proposed replacement member. If the proposed replacement would cause more than three (3) applications with a development team among which there is an identity of interest to have been funded in one year’s

cycle, such proposed replacement will be denied, or if the identity of interest becomes known to ADFA at a later time, ADFA may terminate the award, terminate the carryover allocation, deny issuance of credits via IRS Form(s) 8609, suspend all responsible persons and entities from the tax credit program for a period of time determined by the ADFA Board of Directors, or take other action reasonable under the circumstances as determined by ADFA.

18. Per Unit Cost Cap. The Authority limits the per unit cost for all developments, other than qualified Assisted Living developments and developments whose structure(s) are individually listed in the National Register of Historic Places or have been determined to contribute to a Registered Historic District, to \$132,000 per unit. The per unit cost cap for qualified Assisted Living developments and developments whose structure(s) are individually listed in the National Register of Historic Places or have been determined to contribute to a Registered Historic District is limited to \$158,400. “Per unit cost” is calculated by dividing the total development cost, excluding land cost and infrastructure costs, by the total number of units.

ADFA shall have the discretion to determine reasonableness of all costs stated in the proposed development budget regardless of whether the costs per unit comply with the maximum costs per unit limitation set forth above. ADFA may, within its discretion, deny applications based upon failure to meet threshold due to unreasonableness of costs, regardless of whether the costs per unit comply with the maximum costs per unit limitation set forth above. If ADFA does reject an application for threshold failure due to unreasonableness of costs, ADFA shall set forth the reasons for such determination in writing. Applicants may provide justification and supporting documentation for the costs during the Response Period. ADFA will review such submitted written justifications and supporting documentation and make a final determination in writing of whether the application will be further considered, if otherwise eligible to be further considered for an award of housing credits.

19. Minimum Debt Coverage Ratio. The development will be required to establish a minimum debt coverage ratio (“DCR”) that is the greater of: (1) 1.15 or (2) the minimum debt coverage ratio required by any lender or investor providing a financial commitment to the applicant.

“Debt coverage ratio” is defined as the ratio of a development’s net operating income (rental income less operating expenses and reserve payments) to total debt service obligations. The applicable minimum debt coverage ratio must be evidenced by the Multi-Family Housing Application and supporting documentation.

A development’s DCR may not be projected to be below the DCR required herein at any time during the compliance period. If the application or ADFA’s underwriting, evidences that the development will fail to meet the requisite DCR at any time during the compliance period, the application will be rejected from further consideration for an award of housing tax credits.

After a development is placed in service, the DCR will be monitored by ADFA’s Compliance Department and/or ADFA’s Multi-Family Programs Department. Applicant/Owner shall submit annual financial statements, which have been reviewed by a Certified Public

Accountant, to ADFA's Compliance Department each year as part of Owner's Certification of Continuing Compliance which is due no later than February 1 of each year.

Developments that evidence a DCR below the DCR required herein will be monitored on a more frequent basis. Financial infeasibility of a development may result in the rejection of pending and future applications for ADFA resources submitted by, and other the Owner, Developer and/or the management company.

20. Rehabilitation Standard. Rehabilitation hard costs (labor and materials) on any rehabilitation development will be no less than \$15,000 per low-income unit and no less than twenty percent (20%) of the development's total costs.

Developments financed with tax-exempt bonds. Applicants for tax-exempt bond financing subject to private activity volume cap may:

(1) elect to meet the Rehabilitation Standard set forth above;

OR

(2) elect to have a Capital Needs Assessment conducted by a third party contracted by the Authority. The applicant will be required to complete the scope of rehabilitation set forth in the Capital Needs Assessment which will encompass ADFA's "Multi-Family Housing Minimum Design Standards". The scope of rehabilitation must meet the minimum expenditure requirement of 26 U.S.C. § 42(e)(3). The applicant will be required to pay the Authority, in advance, the cost for the Capital Needs Assessment. The Capital Needs Assessment must be filed with the Multi-Family Housing Application for tax-exempt bonds subject to private activity volume cap.

21. NOTICE. Beginning with the 2012 tax credit application cycle, applicant must include with its application a copy of the certification evidencing completion of Fair Housing Commission training by a principal of the following members of the development team: (1) Owner; (2) Developer; (3) Management Company; (4) Consultant; and (5) Architect. This requirement shall be a threshold requirement. Failure to submit the requisite evidence of completion by all required development team members shall result in rejection of the application from consideration for an award of housing tax credits.

22. Identification of Applicant. Applicant must identify within its application the General Partner and Limited Partner(s), or all members as applicable, of the applicant entity. Applicant must also identify all members, partners, or shareholders of the General Partner; if any such members, partners, or shareholders are entities, Applicant must identify all members, partners, or shareholders of such entities.

23. Additional Underwriting Criteria. DFA may incorporate terms and conditions required by the equity investor(s) and lender(s) into its underwriting of an application if ADFA

determines it necessary to provide an accurate, complete analysis of the financial feasibility of a proposed development.

24. Application Limit. No more than three (3) applications for housing tax credits will be approved by the ADFA Board of Directors for any one applicant or developer.

25. Effect of Identity of Interest on Application Limit. Parties among which there is any identity of interest are collectively limited to three (3) developments for which tax credits may be awarded and allocated in any one year. Parties to which this identity of interest applies include, but are not limited to, applicants, owners, consultants, contractors, architects, developers, management companies and all entities and individuals receiving any portion of the Developer Fee as defined herein, a portion of the development's cash flows, and distributions under the partnership agreement or similar document. ADFA retains the discretion to determine when this rule regarding identity of interest should apply in circumstances other than those specifically referenced above. In addition to the limitation of three (3) funded applications for any applicant or applicants among which ADFA determines an identity of interest to exist, ADFA may impose special conditions and limitations upon applications, applicants and development team members where ADFA determines that an identity of interest is present.

Applicant must identify all members, partners and shareholders of the applicant, contractor, architect, management company, consultant and developer of the proposed development. If any such identified members, partners or shareholders are entities, all members, partners and shareholders of such entities must be identified. All development team members must be identified at time of application.

No changes can be made in the composition of the development team without ADFA's approval. Applicant must identify to ADFA all members, partners and shareholders of the proposed replacement member. If any such identified members, partners or shareholders are entities, all members, partners and shareholders of such entities must be identified. All policies regarding identity of interest shall be applicable to the proposed replacement member. If the proposed replacement would cause more than three (3) applications with a development team among which there is an identity of interest to have been funded in one year's cycle, such proposed replacement will be denied, or if the identity of interest becomes known to ADFA at a later time, ADFA may terminate the award, terminate the carryover allocation, deny issuance of credits via IRS Form(s) 8609, suspend all responsible persons and entities from the tax credit program for a period of time determined by the ADFA Board of Directors, or take other action reasonable under the circumstances as determined by ADFA.

An identity of interest is defined as occurring in the context of tax credit applications and developments when:

a. There is any financial interest between two or more persons or entities providing services, goods, or funds for the purpose of making the application for tax credits or completing the development;

b. One or more of the officers, directors, shareholders, partners or members of one development team member is also an officer, director, shareholder, partner or member of another development team member;

c. Any officer, director, shareholder or partner of one development team member has a 10 percent or more financial interest in another development team member;

d. Any development team member advances funds to another development team member, i.e., payment of funds in an amount greater than the amount reasonably earned at such time;

e. Any development team member provides, pays or is obligated to provide or pay on behalf of another development team member the cost of any materials and/or services;

f. Any development team member owns stock, a partnership interest, or membership interest in any other development team member;

For the purposes states herein, “development team member” shall include but not be limited to all persons and entities stated in the tax credit application as members of the development team.

Applicant must disclose all identities of interest that exist among all persons or entities acting as a development team member whether or not expressly named as a development team member. Applicant must also disclose all identities of interest with the seller of the land and/or buildings that have been or are proposed to be acquired by Applicant for the proposed development.

Applicant shall include with its tax credit application a verified statement from all development team members in which each discloses all identities of interest and the basis for such identity of interest. ADFA may deem a person or entity as a development team member if ADFA reasonably determines that such person or entity is acting as a development team member.

26. Rental Assistance Contract. All applicants proposing a development that has been approved for project-based rental assistance shall submit with its application a copy of the executed rental assistance contract. All such applicants must also submit documentation, if not set forth in the rental assistance contract, the approved amount of rent to be charged. If an application proposing a development represented to have project-based rental assistance does not submit this required information, and complete all portions of the application relevant to project-based rental assistance, ADFA will underwrite on the assumption of no rental assistance. If such underwriting results in a determination that the development is not financially feasible, the application will be rejected from further consideration for an award of housing tax credits.

HUD Section 8 supported developments: In the event that Department of Housing and Urban Development (“HUD”) finalizes a rule or regulation whereby HUD underwrites a

proposed HUD-assisted development based upon rents that it has agreed will be charged after rehabilitation and rental assistance amounts that it has agreed to provide after rehabilitation, ADFA may also underwrite HUD-assisted proposed developments based upon such rents and rental assistance. It is within ADFA's sole discretion, on an application by application basis, to determine whether utilization of such future rents and rental assistance in its underwriting is reasonable and appropriate. Applicant must submit a statement or agreement from HUD that sets forth the future rents and future rental assistance terms to which HUD has agreed in order for utilization of such rents and rental assistance to be considered.

27. Multiple Phase Developments. ADFA will not consider for an award of federal or state housing tax credits an application for a proposed new construction development that is a phase of another proposed development for which an application has been submitted in the same funding cycle. It is within ADFA's discretion to determine whether a proposed development, regardless of the development's proposed name, is excluded from consideration under this section.

28. Assisted Living Developments. Assisted Living development applicants shall submit an approved Certificate of Need or Permit of Approval from the State of Arkansas. See, definition of "Assisted Living" at Section IX.D. of this QAP below.

ALL ASSISTED LIVING DEVELOPMENT APPLICATIONS MUST SUBMIT THE FOLLOWING REPRESENTATIONS FROM THE APPLICANT:

In addition, one (1) point will be deducted from the application score for each missing or incomplete document that is submitted during the Response Period in order for the application to be considered complete. Applicants will be notified of the point(s) deduction in the notification of the Final Score on June 4, 2010.

An application will be disqualified from consideration as provided for in Section VIII.J, Criminal Background Check and Disclosure Requirements, of this QAP below.

The owner will be required to prepare and submit to the Authority, no later than February 1 of each year following the first taxable year of the owner's credit period, an Owner's Certificate of Continuing Program Compliance which, among other certifications, certifies that for the preceding 12-month period no tenants in low-income units were evicted or had their tenancies terminated other than for good cause and that no tenants had an increase in the gross rent with respect to a low-income unit other than as permitted under Section 42 of the Internal Revenue Code. In the event the Authority becomes aware of non-compliance or upon the failure to submit a Certificate of Continuing Program Compliance, the Authority will notify the owner of the areas of non-compliance and the required timeframe to correct the deficiencies. There is a maximum of sixty (60) days to correct such non-compliance.
