I. DEVELOPMENT OF THE PLAN.

The Arkansas Development Finance Authority (“ADFA” or the “Authority”) is charged with the responsibility of administering federal low-income housing tax credits (“Housing Credits”) for the State of Arkansas (the “State”). ADFA is also charged with the responsibility of promulgating rules and regulations concerning the allocation of the Arkansas low-income housing tax credit (the “State Housing Credits”) pursuant to ARK. CODE ANN. § 26-51-1701 et seq. The Tax Reform Act of 1986 created the Housing Credit to encourage the private sector to invest in the construction and rehabilitation of rental housing for low and moderate-income individuals and families. Section 42 of the Internal Revenue Code of 1986, as amended (“IRC” or the “Code”), mandates that housing credit agencies adopt a Qualified Allocation Plan (“QAP”) for allocation of the Housing Credit to low-income rental developments throughout their respective states. Low-income housing tax credits shall be allocated in accordance with this plan and any amendments thereto.

II. LIMITS ON ALLOCATION OF CREDITS.

The Code requires that ADFA determine “the [Housing Credit] dollar amount allocated to the development will not exceed the amount the housing credit agency determines is necessary for the financial feasibility of the development and its viability as a qualified low-income housing development throughout the credit period.” Housing Credits will be limited to the amount the Authority, in its sole discretion, deems necessary. Housing Credits are not intended to provide the primary or principal source of financing for a development, but are intended to provide financial incentives sufficient to fill “gaps” which would otherwise exist in developing affordable rental housing for low-income households.

III. HOUSING CREDIT ALLOCATION STANDARDS.

A. AMOUNT

The base amount of annual credit authority is currently calculated at \$2.15 per capita. This per capita amount is based upon population estimates released each year by the Internal Revenue Service.

The maximum amount of Housing Credits that may be reserved for allocation to one individual development shall be no more than **\$600,000** of the annual Housing Credits available in the calendar year. **HOWEVER**, the maximum amount of Housing Credits that may be reserved for allocation to one individual development: 1) that is located in a Designated Low-Income County as defined in the currently applicable State Consolidated Plan; 2) whose structure(s) are individually listed in the National Register of Historic Places or have been determined to contribute to a Registered Historic District; 3) that is a qualified Assisted Living development; or 4) a development with a commitment letter from USDA Rural Development, shall be no more than **\$625,000** of the annual Housing Credits available in the calendar year.

Pursuant to Section 42(d)(5)(B)(v) of the IRC, the Authority designates that the eligible basis of any qualified low-income new building will be increased by thirty (30%) if:

1. it is a building within a qualified Assisted Living development;

2. it is located in any low-income county designated in the currently applicable State Consolidated Plan (currently: Bradley, Chicot, Crittenden, Desha, Fulton, Jackson, Lafayette, Lee, Monroe, Newton, Phillips, Polk, St. Francis, Sharp, Stone, and Woodruff);
3. it is located in a county in which a tax credit award has not been made in the past three (3) years, which include the counties of Ashley, Boone, Calhoun, Clark, Clay, Cleveland, Columbia, Dallas, Franklin, Fulton, Grant, Greene, Hot Spring, Howard, Independence, Jackson, Lafayette, Lawrence, Lincoln, Little River, Madison, Marion, Mississippi, Monroe, Montgomery, Nevada, Pike, Poinsett, Polk, Pope, Scott, Prairie, Searcy, Sharp, Sevier, Van Buren, Woodruff, Yell; or
4. it is funded in part by Rural Development.

B. SET-ASIDES.

1. Non-Profit Set-Aside. Not less than ten percent (10%) of the Housing Credits will be set aside for developments involving any qualified non-profit organization that meets the standards set forth in IRC § 42(h)(5)(C). The organization shall be a qualified non-profit organization, as defined in IRC § 501(c)(3) or § 501(c)(4), which is not affiliated with or controlled by a for-profit organization and has included in its Articles of Incorporation, as one of its tax-exempt purposes, the fostering of low-income housing. **The appropriate section of the Multi-Family Housing Application (NON-PROFIT DETERMINATION)** shall be completed and copies of the non-profit organization's Articles of Incorporation and Internal Revenue Service ("IRS") documentation determining the organization exempt from federal income tax under IRC § 501(a) shall be included with the application.

2. ADFA HOME and Rural Development Set-Aside. Approximately twenty percent (20%) of the Housing Credits will be set-aside for successful HOME and Rural Development ("RD") Program applicants. To be considered for HOME Program funds, applicants shall request HOME funds by completing the appropriate sections in the 2012 Multi-Family Housing Application when submitted by the APPLICATION DEADLINE. Rural Development applicants shall submit a copy of the Rural Development commitment letter with their Application. ADFA has entered into a Memorandum of Understanding ("MOU") with Rural Development and has agreed to engage in cooperative efforts to enable ADFA and Rural Development to effectively evaluate Housing Credit requests of Rural Development applicants. The MOU will be considered by ADFA when reviewing Rural Development applications for Housing Credits.

3. Assisted Living Set-Aside. A maximum of \$1,250,000 of the Housing Credits will be set aside for qualified assisted living developments. In order for the application to be considered for this set-aside, the applicant must meet the criteria set forth in *Section VI.B.28 of the QAP below.*

4. Public Housing Agencies' Set-Aside. A maximum of \$600,000 of the Housing Credits will be set aside for those eligible developments developed by or in conjunction with any Public Housing Authority or Section 8 Contract Administrator in good standing with the United States

Department of Housing and Urban Development (HUD). The applicant will be required to submit a statement from HUD indicating that the Public Housing Authority or Section 8 Contract Administrator involved is in good standing as of the date the application is filed.

5. Housing Credits not Awarded through Set-Aside. With the exception of Housing Credits dedicated to the "Non-Profit Set-Aside" above, Housing Credits not awarded through the "ADFA HOME and Rural Development Set-Aside", the "Assisted Living Set-Aside", or the "Public Housing Agencies' Set-Aside", will be available for award to any application.

IV. ALLOCATION OF STATE HOUSING CREDITS.

ARK. CODE ANN. § 26-51-1702 provides that a taxpayer owning an interest in a low-income development qualifying for Housing Credits will be eligible for State Housing Credits equal to twenty percent (20%) of the allocated federal amount. The State statute limits the allocation of State Housing Credits to \$250,000 in any one taxable year. Recognizing the limited availability of the State Housing Credits and with a desire to assign those credits where they are most needed, the applicant shall demonstrate need on the Housing Credit application. Based on demonstrated need in the application, the Authority will give a priority allocation of State Housing Credits to those developments that are in designated low-income counties under the State's Consolidated Plan submitted to the federal Department of Housing and Urban Development. The list of these counties is contained in Points Criterion #1 of this Qualified Allocation Plan. The allocation of State Housing Credits will be as follows:

1. Developments receiving an allocation of Housing Credits that are to be located entirely in any one of the low-income counties designated in the State Consolidated Plan will be awarded State Housing Credits equal to twenty percent (20%) of the applicable Federal Housing Credits.

2. In the event of a shortage of eligible developments in low-income counties designated in the Consolidated Plan, priority for State Housing Credits, equal to twenty percent (20%) of the applicable Federal Housing Credits, will be awarded to those qualified developments located within Qualified Census Tracts, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan.

3. In the event of a shortage of eligible developments in low-income counties designated in the Consolidated Plan and eligible developments located within Qualified Census Tracts, priority for State Housing Credits, equal to twenty percent (20%) of the applicable Federal Housing Credits, will be awarded to developments located within counties identified herein as not having received an award of tax credits in the previous three (3) years, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan.

4. To the extent that there are remaining State Housing Credits, the State Housing Credits will be allocated, equal to twenty percent (20%) of the applicable Federal Housing Credits, to remaining qualified developments until such time as the available State Housing Credits are exhausted, with priority given to those developments with the highest scores under the scoring system set forth in this Qualified Allocation Plan.

5. The Authority expects to allocate no less than ten percent (10%) of State Housing Credits to non-profit organizations.

The Authority will annually notify the Arkansas Department of Finance and Administration of those developments that have been allocated State Housing Credits. The Arkansas Department of Finance and Administration will be notified of any revocation of State Housing Credits.

V. ALLOCATION OF AFFORDABLE NEIGHBORHOOD HOUSING TAX CREDITS.

The AFFORDABLE NEIGHBORHOOD HOUSING TAX CREDIT ACT OF 1997, (the "ANHTC Act"), codified at ARK. CODE ANN. § 15-5-1301 *et seq.*, provides that any business firm engaging in the provision of affordable housing assistance activities in the State of Arkansas may be entitled to receive Affordable Neighborhood Housing Tax Credits ("ANHTCs"). "Affordable housing assistance activities" is defined to include any "money, real, or personal property expended or devoted to the construction or rehabilitation of affordable housing units developed by or in conjunction with any governmental unit or not-for-profit corporation." The ANHTC Act limits the total allocation of ANHTCs to \$750,000 in any taxable year.

The Authority and the Arkansas Department of Finance and Administration have determined that, in the best interest of affordable housing in Arkansas, "affordable housing assistance activities" must be devoted to those low-income housing developments which qualify for Housing Tax Credits pursuant to Section 42 of the Internal Revenue Code through the Authority's federal low-income housing tax credit or tax-exempt bond programs for residential rental housing. Thus, any business firm seeking allocation of ANHTCs must do so in conjunction with an application for federal low-income housing tax credits or tax-exempt bonds to develop affordable housing units by or in conjunction with any governmental unit or not-for-profit corporation.

A proposal for ANHTCs must be submitted with a Multi-Family Housing Application for federal low-income housing tax credits. In its Multi-Family Housing Application for federal low-income housing tax credits, the applicant will include a commitment from each business firm providing "affordable housing assistance activities" to the proposed low-income housing development. Each such commitment must:

1. Be in writing and executed by an authorized representative of the business firm;
2. Identify the governmental unit or not-for-profit corporation to which the "affordable housing assistance activities" are committed;
3. Describe in detail the nature of the "affordable housing assistance activities" to be provided, *i.e.*, whether money, real or personal property, and how it to will be devoted to the construction or rehabilitation of affordable housing units.
 - * The ANHTC Act limits the amount of tax credits allowable to a business firm to thirty percent (30%) of the total amount invested. If the affordable housing assistance activity is other than money, the business firm must

provide an appraisal certifying the value of the property invested.

If the business firm commits its "affordable housing assistance activities" to a governmental unit, a not-for-profit organization, or a "neighborhood organization", as defined within the ANHTC Act, which is not the applicant on the Multi-Family Housing Application, the applicant must submit with its Multi-Family Housing Application the following from such governmental unit, not-for-profit organization or "neighborhood organization":

1. Organizational documents including: a) Arkansas Articles of Incorporation; and b) Tax Exempt Status Determination Letter from the Internal Revenue Service;
2. A written statement describing its relationship with the applicant, *i.e.*, any ownership interest in the applicant or other relationship with the applicant;
3. A written statement describing in detail its commitment of the "affordable housing assistance activities" received from each business firm to the construction or rehabilitation of affordable housing units within the development proposed.

For each proposal of "affordable housing assistance activities" submitted with a Multi-Family Housing Application, the applicant must certify in writing that it will expend or devote the "affordable housing assistance activities" committed to the construction or rehabilitation of affordable housing units within the development.

Based on demonstrated need in the Multi-Family Housing Application, the Authority will give a priority allocation of ANHTCs to those developments that are in designated low-income counties under the State's Consolidated Plan submitted to the federal Department of Housing and Urban Development. The list of these counties is contained in Points Criterion #1 of this Qualified Allocation Plan. The allocation of ANHTCs will be as follows:

1. Developments receiving an allocation of federal low-income housing tax credits that are to be located in any one of the low-income counties designated in the State Consolidated Plan, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan;
2. In the event of a shortage of eligible developments in low-income counties designated in the Consolidated Plan, priority for ANHTCs will be given to those developments within Qualified Census Tracts, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan;
3. To the extent that there are remaining ANHTCs, the remaining ANHTCs will be allocated to remaining qualified developments until such time as exhausted, beginning with the highest score under the scoring system set forth in this Qualified Allocation Plan.

The Authority will reserve and allocate ANHTCs in conjunction with its reservation and allocation or issuance of federal low-income housing tax credits. With its issuance of IRS Forms 8609 for federal low-income housing tax credits, the Authority will issue a Certificate of Allocation certifying the amount of ANHTCs allocated to the business firm entitled to such allocation. The Authority will annually provide the Arkansas Department of Finance and Administration with a copy of each Certificate of Allocation for ANHTCs allocated that year.

Planning commission approval documentation must be dated within six (6) months of the APPLICATION DEADLINE.

7. Independent Market Study. A comprehensive market feasibility study demonstrating that sufficient need for the affordable housing as proposed exists in the proposed geographic market area. The application will be rejected if the market study fails to show need for any bedroom size proposed based upon the targeted income group for that bedroom size. The market study shall be dated within six (6) months of the APPLICATION DEADLINE. The market feasibility study shall be conducted at the applicant's expense by a disinterested third party approved by ADFA. The market analyst shall be on ADFA's Approved Market Study Firm List and shall follow ADFA's "Market Study Guidelines for Affordable Rental Housing Programs". Market studies that: (i) do not meet the requirements of the Market Study Guidelines; (ii) do not provide an index or table of contents indicating the page within the market study each requirement can be found; or (iii) are performed by firms not approved by ADFA, will not be accepted.

ADFA reserves the right, in its sole and absolute discretion, to independently evaluate the need for additional affordable rental housing in the proposed geographic market area and to not award credits to any development if, in ADFA's sole determination, the proposed location's market is weak, the proposed development will detrimentally affect other affordable housing in the area, or the proposed location is or nearly is saturated, or other negative impact or projection, even if the proposed development is otherwise eligible and even if the market study's conclusions do not indicate any negative impact or projection.

ADFA shall have no liability for determinations of the presence or absence of a sufficient market. An award of tax credits by ADFA does not constitute a determination by ADFA that a sufficient market exists for the proposed units so as to provide financial feasibility. ADFA shall not be liable for any costs incurred, profits lost, or other damages that may result from ADFA's determination of market conditions, award of tax credits or denial of tax credits.

8. Letter from highest elected local official supporting proposed development. Applicant must submit evidence that it has provided notification of the application to the highest elected official in the jurisdiction where the development is or will be located.

Applicant must also submit a letter, or cause a letter to be submitted, from either the highest elected local official in the jurisdiction where the development is or will be located or from the majority of the jurisdiction's governing body. A development located within a city's limits shall have a letter from its Mayor or the City Council. A development located outside of a city's limits shall have a letter from the County Judge or the county's Quorum Court. The letter shall be dated within six (6) months of the APPLICATION DEADLINE.

The letter of support, at a minimum, shall address the need for affordable housing in the area and support for the specific development. The letter of support is required as of the time the application is submitted. Rescission of the letter after the tax credit application is submitted will

not automatically disqualify a development from eligibility for tax credit award if otherwise eligible and recommended; however, the ADFA Board of Directors may consider the rescission as a factor in its decision regarding award of tax credits.

ADFA will provide written notification to the State Representative and Senator who represent the area where the development is or will be located.

9. Articles of Incorporation, IRS documentation, and Non-Profit Determination Statement. To be considered for the "Non-Profit Set-Aside", the development shall involve a qualified non-profit organization that:

- b. Materially participates in the development;

In addition, to be considered for the "Non-Profit Set-Aside":

- a. the non-profit organization's Articles of Incorporation and IRS documentation of its exemption from federal income tax must be included (pending requests with the IRS for exemption will not be accepted);
- b. the five (5) statements required in the MFHA must be stated; and
- c. the development must comply with Internal Revenue Service Revenue Procedure 96-32 in that at least seventy-five percent (75%) of the total number of residential units are designated for low-income residents.

10. Plans and Specifications. One set of plans and outline specifications that conform to ADFA's "Multi-Family Housing Minimum Design Standards" must be submitted with the application.

Any material changes must be submitted to Board Housing Review Committee for approval, and the fee for change requests must be submitted prior to review. Material changes, including but not limited to change in number of units, unit configuration, development team members, or site location must be approved by the Board Housing Review Committee prior to implementation of such change(s). If a material change is implemented prior to Board Housing Review Committee review, Applicant and developer are subject to appropriate remedial action by ADFA, including but not limited to penalties on future applications or suspension from the tax credit program in Arkansas for a set period of time.

Multi-Family Housing Minimum Design Standards. Construction of the development must be in accordance with ADFA's "Multi-Family Housing Minimum Design Standards", as well as all applicable local, state and national building codes. The applicant's architect must complete and execute the "Multi-Family Housing Minimum Design Standards Checklist", Attachment G of the MFHA. Applicant must certify that all features, standards and specifications acknowledged in Attachment G, certified by the architect, will be incorporated and complied with in the construction or rehabilitation of the proposed development. The general contractor must execute an acknowledgment of Attachment G before a Notice to Proceed will be issued.

When plans and specifications conflict with the "Multi-Family Housing Minimum Design Standards Checklist", Attachment G of the MFHA, the certification by the architect or licensed engineer reflected on Attachment G shall control and applicant shall be held to the representations set forth in Attachment G.

When the development consists of both new construction and the rehabilitation of units and buildings, two sets of plans and specifications must be submitted: one set evidencing the plans and specifications for the new construction and one set evidencing the plans and specifications for the rehabilitation of units.

New Construction – HERS Rating. All new construction units and buildings must be certified by a HERS rater as meeting a HERS Index Score of no more than 70, if located in any county other than Baxter, Benton, Boone, Carroll, Fulton, IZard, Madison, Marion, Newton, Searcy, Stone, and Washington, or, meeting a HERS Index Score of no more than 78 if located in any of the foregoing identified counties. It is applicant's responsibility to engage a HERS rater and, if funded, to work closely with the HERS rater to ensure that the development is built as represented in the application and achieves the rating represented in its application. Applicant must engage the HERS rater to regularly monitor construction to ensure that the projected HERS rating will be achieved. This section shall not impose any liability upon the HERS rater arising from a failure of the development to achieve the projected HERS rating, i.e., ADFA holds the development ultimately responsible for meeting the HERS rating for which it received points.

Applicant must submit with its application a signed certification from the HERS rater stating that the newly constructed units and buildings will meet the required HERS Index Score of no more than 70 or 78, as applicable. If applicant is seeking points based upon advanced energy features, the HERS rater must state the specific score, which must be lower than the required minimum. Points will be awarded on a scale of one to one, 1:1, i.e., a HERS rating of 60 in a county with a required rating of 70 would receive 10 points. If multiple HERS ratings are provided due to multiple buildings or varying scores for units within one building, points will be based upon the weighted average.

A signed, written certification from the HERS rater certifying that the newly constructed units and buildings meet the HERS Index Score represented in the application must be submitted to ADFA before ADFA will issue any IRS Form 8609 for the development. If the HERS rating on which points were based is not achieved, the development must propose a reasonable alternative under the circumstances. ADFA has the discretion to decrease the amount of credits for which IRS Forms 8609 are issued based upon the amount of funds saved by the development in its construction or rehabilitation by not meeting the target HERS score, or take other actions as deemed reasonable by ADFA under the circumstances.

Sampling: Sampling is allowed but subject to the sampling protocol, except as modified herein, established by the RESNET National Standard for Sampled Ratings, available on the ADFA website. Sampling may not be conducted unless the requirements in the National Standard are met, i.e., including but not limited to the requirement that sampling may not begin until three (3) units have been completed without any incidence of failure.

Sampling – New Construction: The HERS rater shall evaluate at least 30% of the proposed unit types, collecting applicable data from each unit design and orientation. The HERS rater shall use the

collected data to estimate the annual purchased energy consumption for heating, cooling, water heating, lighting and appliances, and shall establish a projected HERS rating for each unit type and configuration. After construction is complete, diagnostics shall be performed on 30% of the units, including one of each unit type and configuration, to determine the final, actual HERS ratings.

Sampling – Rehabilitation: The HERS rater shall evaluate at least 30% of the existing units, including at least one of each unit type and orientation, to establish a baseline HERS rating. The HERS rater shall use the evaluation to estimate the annual purchased energy consumption for heating, cooling, water heating, lighting and appliances, and shall establish the baseline HERS rating. The HERS rater shall then evaluate the buildings and units reconfigured to include the proposed improvements set forth in the Capital Needs Assessment or Energy Audit submitted by the applicant. After improvements are completed, the HERS rater shall perform diagnostics again on 30% of the units, including at least one of each unit type and orientation, to determine the final, actual HERS ratings.

A certification from the design architect or licensed engineer must be submitted with the application confirming that the proposed development will be constructed in: (1) compliance with ADFA's "Multi-Family Housing Minimum Design Standards"; (2) compliance with all federal and state accessibility laws; (3) compliance with all applicable local, state and national building codes; and (4) that the development will achieve the target HERS rating (and the target HERS rating must be stated).

For rehabilitation developments, if structural constraints prohibit adherence to ADFA's "Multi-Family Housing Minimum Design Standards", applicant may seek a waiver from ADFA for the standard concerned. Such waiver request must be in writing, must be included with the application (separate from Attachment G, but Attachment G must evidence the waiver request, and include the following:

- a. Certification by the design architect or licensed engineer that the standard concerned cannot be met due to structural constraints and a description of the structural constraint;
- b. Description of alternative design which will achieve the benefit of the required standard; or certification by the design architect or licensed engineer that no alternative design can be undertaken to achieve the benefit of the required standard due to structural constraints; and
- c. Statement by applicant that it will implement any alternative identified by the design architect or licensed engineer.

A certification from the design architect or licensed engineer will be required to be submitted confirming compliance with ADFA's "Multi-Family Housing Minimum Design Standards", as amended for the development by any approved waivers, prior to the issuance of IRS Form 8609.

11. Capital Needs Assessment. All rehabilitation developments shall include a capital needs assessment conducted by a firm on ADFA's "Capital Needs Assessment Firms – Approved List". The assessment shall include a physical inspection of the interior and exterior of each unit and structure, as well as, an interview with the development manager and maintenance personnel. At a minimum, the following components must be examined and analyzed in the assessment:

- a. Site, including topography, drainage, pavement, curbing, sidewalks, parking, landscaping, amenities, water, sewer, storm drainage, gas and electric utility lines;
- b. Structural systems, both substructure and superstructure, including exterior walls, balconies and stairways, exterior doors and windows, roofing system and drainage,

- including but not limited to termite, mold and water damage;
- c. Interiors, including unit and common area finishes (carpeting, vinyl flooring, tile flooring, plaster walls, paint condition, etc.) unit kitchen finishes, cabinets and appliances, unit bathroom finishes and fixtures, and common area lobbies and corridors;
- d. Mechanical systems, including plumbing and domestic hot water, HVAC, electrical, lighting fixtures, fire protection and elevators; and
- e. Buildings, facilities, common use areas, residential units, parking areas, curbs, ramps, railings to ensure compliance with applicable federal, state and local laws regarding accessibility for persons with disabilities.

A report, dated within six (6) months of the APPLICATION DEADLINE, of all components examined and analyzed in the assessment must be submitted with the application. **The report must include a physical inspection of the interior and exterior of EACH UNIT AND EACH BUILDING** and must specifically identify the scope of work and estimated costs necessary to:

- (i) Rehabilitate all components examined and analyzed in the development to a new or "like-new" condition;
- (ii) Correct all deficiencies in order for the development to comply with applicable federal, state and local laws and requirements regarding accessibility for persons with disabilities; and
- (iii) Correct all deficiencies to ensure compliance with ADFA's Multi-Family Minimum Design Standards.

Failure by the report to meet the requirements set forth herein will result in a rejection of the Capital Needs Assessment submitted thereby terminating the application from consideration for federal low-income housing tax credits.

All rehabilitation development applicants must submit a statement that the scope of rehabilitation will include all capital needs of the development as set forth in the Capital Needs Assessment.

12. Tenant Income Audit. All rehabilitation projects shall include a complete, detailed tenant income audit that identifies all existing tenant households and their income. **The audit must separately identify those tenant households whose income exceeds applicable income limits.**

13. Operating Deficit Reserve and Replacement Reserve Funds. The total development budget shall include:

- a. The funding of an Operating Deficit Reserve Fund equal to the greater of:

For all new construction, and all rehabilitation developments that do not receive project based rental assistance:

- (i) Six (6) months of: (a) projected annual operating expenses, (b) annual debt service payments and (c) annual replacement reserve deposits;

OR

(ii) The amount of operating reserves required by applicant's lender(s) or equity investor(s)

For all rehabilitation developments that receive or will receive project based rental assistance:

(i) Three (3) months of: (a) projected annual operating expenses, (b) annual debt service payments and (c) annual replacement reserve deposits;

OR

(ii) The amount of operating reserves required by applicant's lender(s) or equity investor(s)

AND

b. The funding and maintenance of a Replacement Reserve Fund equal to the greater of:

(i) \$250.00 per unit per year;

OR

(ii) The amount of replacement reserves required by applicant's lender(s) or equity investor(s).

The Replacement Reserve shall be maintained, and yearly deposits shall be made equal to the above requirement, for the entirety of the affordability period.

These amounts shall be incorporated into the 2012 Multi-Family Housing Application. The applicant shall identify the name of the financial institution where each reserve will be held. A copy of the December bank statement for the operating reserve account and the replacement reserve account must be submitted by the Owner to ADFA by February 1 of each year. If the December bank statements do not evidence a year-end summary of each month's balance, copies of bank statements for all twelve (12) months, for the operating reserve and the replacement reserve, shall be submitted to ADFA by February 1 of each year. The ending balance of each reserve account must total the amounts required under (a) and (b), whether the accounts are replenished from operating income or by the general partner of owner or member, shareholder or partner of general partner, as deemed appropriate by ADFA.

All withdrawals from the operating deficit reserve must be approved, in writing, by ADFA prior to withdrawal. Owner must submit with the withdrawal request supporting documentation evidencing the need for the funds, written evidence that insufficient funds exist in the primary operating account, and a written guaranty by the general partner of owner or member, shareholder or partner of general partner, as deemed appropriate by ADFA, will deposit sufficient funds into the operating deficit reserve account so that at the end of the year the total funds in the operating deficit reserve account equal the amount required under (a) as modified herein for Rural Development projects.

Rural Development-funded developments:

In the event that Rural Development requires a capital outlay reserve in an amount greater than ADFA's operating deficit reserve, ADFA's required operating deficit reserve under (a) above must be

funded. In the event that RD requires a capital outlay reserve in an amount less than ADFA's operating deficit reserve required under (a) above, ADFA will credit the amount of reserves required by Rural Development to the total amount of reserves required under (a) and (b) above, but in no event shall the **total** amount of reserves be less than that required under (a) above. (For example, if under (a) \$50,000 is required and under (b), \$10,000, and Rural Development requires \$20,000 of capital outlay reserve, the owner must fund a separate operating deficit reserve account, withdrawals from which must be approved by ADFA, in the amount of \$30,000. Using the same amounts except that RD requires a \$70,000 capital outlay reserve, the owner must fund a separate \$50,000 operating deficit reserve.)

A copy of the December bank statement for the operating reserve account and the replacement reserve account must be submitted by the Owner to ADFA by February 1 of each year. If the December bank statements do not evidence a year-end summary of each month's balance, copies of bank statements for all twelve (12) months, for the operating reserve and the replacement reserve, shall be submitted to ADFA by February 1 of each year. The ending balance of the operating deficit reserve account plus the development's ending cash balance per RD Form 3560-7, plus the balance of RD's capital outlay reserve must total the amounts required under (a) and (b); thus, general partner of owner or member, shareholder or partner of general partner of owner may have to deposit funds into the separate operating deficit reserve account to total this amount.

ADFA acknowledges that RD shall have authority over the capital outlay reserve account and that RD will review and approve or deny all withdrawal requests by owner from such account. ADFA shall have approval authority over the separate operating deficit reserve account. Owner shall not make any withdrawals from the operating deficit reserve account without express, written, prior approval from ADFA. Owner must submit with the withdrawal request supporting documentation evidencing the need for the funds, written evidence from RD that the use is not eligible from or that insufficient funds exist in the RD capital outlay reserve account and operating account, and a written guaranty by the owner or general partner of owner, as deemed appropriate by ADFA, will deposit sufficient funds into the ADFA operating deficit reserve account so that at the end of the year the total funds in the operating deficit reserve account equal the amount required under (a) as modified herein for Rural Development projects.

14. Pro Forma. Each application must complete the Pro Forma document set forth in or as an exhibit to the MFHA. The pro forma for all applicants must be based on reasonable projections of increases in expenses.

15. Appraisal. For all applications for new construction, a certified land appraisal must be submitted with the application.

For all acquisition and rehabilitation applications, and all rehabilitation applications, applicant must submit an appraisal, dated within one (1) year of the APPLICATION DEADLINE, which supports the purchase price of the development.

- a. The appraisal must separately identify the appraised value for the buildings in the development and the value of the land.
- b. If the appraised value of the buildings is enhanced due to a federal subsidy attached to the buildings, the appraisal must separately identify the value of the federal subsidy.
 - (i) In order to receive credit for the subsidy, the applicant will be required to submit a commitment letter from the federal agency

stating the subsidy will be awarded to the applicant.

Acquisition credits will be based upon the lesser of the purchase price for the buildings only or the appraised value of the buildings in the development. Applicant may include in the development budget and eligible basis no more than the lesser of the purchase price for the buildings only or the appraised value of the buildings in the development.

16. Developer Fee Standard. The developer's fee, which is defined to include the developer fee plus developer's overhead and profit plus consultant's fee, must meet the following standards:

- a. **New Construction.** The developer fee cannot exceed fifteen percent (15%) of the "Net Development Costs".
- b. **Acquisition/Rehabilitation.** The developer fee for acquisition/rehabilitation will be limited to ten percent (10%) of the cost of the land and building plus no more than fifteen percent (15%) of the remaining "Net Development Costs".

Developer Fee – Deferral. Any portion of the developer's fee that is deferred and included as a source of funds will be underwritten to ensure payment by the end of the 15-year compliance period. Eligible basis will be reduced by that amount of deferred developer fee that is not payable within the 15-year compliance period. If any portion of the developer's fee is deferred in the form of a loan, then ADFA will consider any interest payable on such loan to the developer as part of the developer's fee for computing compliance with the developer fee standard(s) set forth above.

"Net Development Costs" is defined as the total uses of funds, less syndication-related costs, developer's fee and development reserves.

For purposes of applying the developer's fee to eligible basis, eligible basis must be proportioned separately reflecting that amount of the developer's fee attributed to the acquisition of existing buildings from that amount attributed to the rehabilitation costs. The amount attributed to the acquisition of existing buildings must be equal to or greater than the percentage that the acquisition costs of existing buildings is to the total development costs.

Applicant must disclose in its application or an attachment thereto all persons and entities that will receive any portion of the developer fee proposed in the application. For all such entities, all members, partners and shareholders of such entities shall be disclosed and the respective portion of the amount of developer fee to be received by the entities shall be identified. If after time of application, there is any proposed change in the person(s) or entity/entities that shall receive any portion of the developer fee, all revised parties and amounts must be disclosed in writing to ADFA.

All policies regarding economic interest shall be applicable to the proposed replacement member. If the proposed replacement would cause more than three (3) applications with a development team among which there is an economic interest to have been funded in one year's cycle, such proposed replacement will be denied, or if the economic interest becomes known to ADFA at a later time, ADFA may terminate the award, terminate the carryover allocation, deny issuance of credits via IRS Form(s) 8609, suspend all responsible persons and entities from the tax credit program for a period of time

determined by the ADFA Board of Directors, or take other action reasonable under the circumstances as determined by ADFA.

17. General Requirements and Builder's Profit. The amount allocated to General Requirements of the development cannot exceed seven percent (7%) of its construction hard costs. General requirements include items that are required for the contractor to provide for the specific project including but not limited, but are not limited to, the following: Field supervision; field engineering such as field office, sheds, toilets, phone; performance and payment or latent defects bonds; cost certification; building permits; site security; temporary utilities; property insurance; and cleaning or rubbish removal. Such items should not be accounted for as separate line items in the development budget.

The Authority will limit the Builder's Profit to ten percent (10%) of the development's hard costs plus its general requirements' costs. The Authority will limit the Builder's Overhead to four percent (4%) of the development's hard costs plus its general requirements' costs. ADFA reserves the right to determine whether costs included in the developer's fee and builder's profit calculations are appropriate and reasonable.

Applicant must disclose in its application or an attachment thereto all persons and entities that will receive any portion of the builder profit proposed in the application. For all such entities, all members, partners and shareholders of such entities shall be disclosed and the respective portion of the amount of builder profit to be received by the entities shall be identified. If after time of application, there is any proposed change in the person(s) or entity/entities that shall receive any portion of the builder profit, all revised parties and amounts must be disclosed in writing to ADFA.

All policies regarding economic interest shall be applicable to the proposed replacement member. If the proposed replacement would cause more than three (3) applications with a development team among which there is an economic interest to have been funded in one year's cycle, such proposed replacement will be denied, or if the economic interest becomes known to ADFA at a later time, ADFA may terminate the award, terminate the carryover allocation, deny issuance of credits via IRS Form(s) 8609, suspend all responsible persons and entities from the tax credit program for a period of time determined by the ADFA Board of Directors, or take other action reasonable under the circumstances as determined by ADFA.

18. Per Unit Cost Cap. The Authority limits the per unit cost for all developments, other than qualified Assisted Living developments and developments whose structure(s) are individually listed in the National Register of Historic Places or have been determined to contribute to a Registered Historic District, to **\$132,000** per unit.

The per unit cost cap for qualified Assisted Living developments and developments whose structure(s) are individually listed in the National Register of Historic Places or have been determined to contribute to a Registered Historic District is limited to **\$158,400**.

"Per unit cost" is calculated by dividing the total development cost, excluding land cost and infrastructure costs, by the total number of units. Applications that represent on the face of the application a higher cost per unit than the allowable cost per unit stated herein may be rejected from further consideration for an award of federal or state housing tax credits. Applications that represent costs

within the allowable costs stated herein but which ADFA reasonably determines to inaccurately reflect actual costs per unit are subject to rejection from further consideration for an award of federal or state housing tax credits.

ADFA shall have the discretion to determine reasonableness of all costs stated in the proposed development budget regardless of whether the costs per unit comply with the maximum costs per unit limitation set forth above. ADFA may, within its discretion, deny applications based upon failure to meet threshold due to unreasonableness of costs, regardless of whether the costs per unit comply with the maximum costs per unit limitation set forth above. If ADFA rejects an application for threshold failure due to unreasonableness of costs, ADFA shall set forth the reasons for such determination in writing. Applicants may provide justification and supporting documentation for the costs during the Response Period. ADFA will review such submitted written justifications and supporting documentation and make a final determination in writing of whether the application will be further considered, if otherwise eligible to be further considered for an award of housing credits.

19. Minimum Debt Coverage Ratio. The development will be required to establish a minimum debt coverage ratio ("DCR") that is the greater of: (1) 1.15 or (2) the minimum debt coverage ratio required by any lender or investor providing a financial commitment to the applicant.

"Debt coverage ratio" is defined as the ratio of a development's net operating income (rental income less operating expenses and reserve payments) to total debt service obligations. The applicable minimum debt coverage ratio must be evidenced by the Multi-Family Housing Application and supporting documentation.

A development's DCR may not be projected to be below the DCR required herein at any time during the compliance period. If the application or ADFA's underwriting, evidences that the development will fail to meet the requisite DCR at any time during the compliance period, the application may be rejected from further consideration for an award of housing tax credits.

After a development is placed in service, the DCR will be monitored by ADFA's Compliance Department and/or ADFA's Multi-Family Programs Department. Applicant/Owner shall submit annual financial statements, which have been reviewed by a Certified Public Accountant, to ADFA's Compliance Department no later than February 1 of each year. Should a development have a justified basis for requesting a different annual due date, ADFA may grant a waiver of the February 1 annual date and impose a different annual due date for such development.

Developments that evidence a DCR below the DCR required herein will be monitored on a more frequent basis, i.e., placed on a watchlist. Significant or continued financial infeasibility of a development or multiple developments may result in the rejection of pending and future applications for ADFA resources submitted by, and other the Owner, Developer and/or the management company.

20. Rehabilitation Standard. Rehabilitation hard costs (labor and materials) on any rehabilitation development will be no less than \$15,000 per unit and no less than twenty percent (20%) of the development's total costs.

- * **Developments financed with tax-exempt bonds.**
Applicants for tax-exempt bond financing subject to private activity volume cap may:

(1) elect to meet the Rehabilitation Standard set forth above;

OR

(2) elect to have a Capital Needs Assessment conducted by a third party contracted by the Authority. The applicant will be required to complete the scope of rehabilitation set forth in the Capital Needs Assessment which will encompass ADFA's "Multi-Family Housing Minimum Design Standards". The scope of rehabilitation must meet the minimum expenditure requirement of 26 U.S.C. § 42(e)(3). The applicant will be required to pay the Authority, in advance, the cost for the Capital Needs Assessment. The Capital Needs Assessment must be filed with the Multi-Family Housing Application for tax-exempt bonds subject to private activity volume cap.

21. Fair Housing Training. Applicant must include with its application a copy of the certification evidencing completion of Fair Housing Commission training by a principal of the following members of the development team, or manager dealing with day-to-day operations, as appropriate under the circumstances: (1) Owner; (2) Developer; (3) Management company; (4) Consultant; and (5) Architect. This requirement shall be a threshold requirement. Failure to submit the requisite evidence of completion by all required development team members shall result in rejection of the application from consideration for an award of housing tax credits. "Consultant" shall not include accountants, attorneys or energy consultants. The certification is valid for the purpose herein for two (2) years from date of certification. Each development team member should attend the class most relevant to his or her development team role.

22. Identification of Applicant. Applicant must identify within its application the General Partner and Limited Partner(s), or all members as applicable, of the applicant entity. Applicant must also identify all members, partners, or shareholders of the General Partner; if any such members, partners, or shareholders are entities, Applicant must identify all members, partners, or shareholders of such entities.

23. Additional Underwriting Criteria. ADFA may incorporate terms and conditions required by the equity investor(s) and lender(s) into its underwriting of an application if ADFA determines it necessary to provide an accurate, complete analysis of the financial feasibility of a proposed development.

24. Application Limit: No more than three (3) applications for housing tax credits will be approved by the ADFA Board of Directors for any one applicant or developer. The ADFA Board of Directors shall have the discretion to limit the number of developments under development at any one time by any developer.

25. Effect of Economic Interest on Application Limit: Parties may have an economic interest in a maximum of three (3) developments for which tax credits may be awarded and allocated in any one year.

This section is not intended to prohibit an independent third-party professional from rendering services on behalf of more than three (3) proposed developments. However, this section will apply to

such service provider if the service provider has an economic interest as defined below in addition to its provision of services to the proposed development.

ADFA retains the discretion to determine when this rule regarding economic interest should apply in circumstances other than those specifically referenced above. In addition to the limitation of three (3) funded applications for any applicant or applicants among which ADFA determines an economic interest to exist, ADFA may impose special conditions and limitations upon applications, applicants and development team members.

Applicant must identify all members, partners and shareholders of the applicant, contractor, architect, management company, consultant and developer of the proposed development. If any such identified members, partners or shareholders are entities, then all members, partners and shareholders of such entities must be identified. All development team members must be identified at time of application.

No changes can be made in the composition of the development team without ADFA's approval. Applicant must identify to ADFA all members, partners and shareholders of the proposed replacement member. If any such identified members, partners or shareholders are entities, all members, partners and shareholders of such entities must be identified. All policies regarding economic interest shall be applicable to the proposed replacement member. If the proposed replacement would cause a development team member or related person or entity to have an economic interest in more than three (3) applications funded in one year's cycle, such proposed replacement will be denied, or if the economic interest becomes known to ADFA at a later time, ADFA may terminate the award, terminate the carryover allocation, deny issuance of credits via IRS Form(s) 8609, suspend all responsible persons and entities from the tax credit program for a period of time determined by the ADFA Board of Directors, or take other action reasonable under the circumstances as determined by ADFA.

An economic interest exists in the context of tax credit applications and developments when:

- a. There is any financial interest, other than independent contractor, in the development, including but not limited to the lending of funds to a development team member or the owner of the development for the construction or operation of the development, the guaranteeing of a note on behalf of a development team member or owner of the development, or the making of any other guarantee that is contingent upon the construction or performance of the development.
- b. A development team member also has an economic interest in a development if the ownership entity or any portion thereof should be stated on the financial statements of the development team member or related entity according to Generally Accepted Accounting Standards.

Economic interest shall not include a contractual relationship whereby a development team member provides services that are within its ordinary course of business and receives reasonable payment for such services. For example, an architect contracting with a development owner to prepare plans and specifications for the rehabilitation of a development in exchange for a contractual sum shall not constitute an economic interest.

For the purposes states herein, "development team member" shall include but not be limited to all persons and entities stated in the tax credit application as members of the development team.

Applicant must disclose all identities of interest that exist among all persons or entities acting as a development team member whether or not expressly named as a development team member.

Applicant shall include with its tax credit application a verified statement from all development team members in which each discloses all economic interests in the development. ADFA may deem a person or entity as a development team member if ADFA reasonably determines that such person or entity is acting as a development team member.

26. Rental Assistance Contract. All applicants proposing a development that has been approved for project-based rental assistance shall submit with its application a copy of the executed rental assistance contract if available; if a rental assistance contract has not been executed at time of application submission, a commitment letter from the agency providing the rental assistance must be submitted. All such applicants must also submit documentation, if not set forth in the rental assistance contract, of the most recently approved amount of rent to be charged. If an application proposing a development represented to have project-based rental assistance does not submit this required information, and complete all portions of the application relevant to project-based rental assistance, ADFA will underwrite on the assumption of no rental assistance. If such underwriting results in a determination that the development is not financially feasible, the application will be rejected from further consideration for an award of housing tax credits.

HUD Section 8 supported developments: In the event that Department of Housing and Urban Development ("HUD") or Rural Development anticipates granting a waiver, or other process, whereby HUD or RD has agreed to underwrite an existing HUD or RD-assisted development based upon rents that it has agreed will be charged after rehabilitation and rental assistance amounts that it has agreed to provide after rehabilitation, ADFA may also underwrite such proposed developments based upon such rents and rental assistance (which must be supported by a market study). It is within ADFA's sole discretion, on an application by application basis, to determine whether utilization of such future rents and rental assistance in its underwriting is reasonable and appropriate.

Any award of tax credits under such circumstance is conditioned upon the development obtaining the waiver or approval. If the waiver or approval is not obtained by the carryover allocation application deadline, ADFA may terminate the tax credit award and no carryover allocation will be issued by ADFA for the development.

27. Multiple Phase Developments. ADFA will not consider for an award of federal or state housing tax credits an application for a proposed new construction development that is a phase of another proposed development for which an application has been submitted in the same funding cycle. It is within ADFA's discretion to determine whether a proposed development, regardless of the development's proposed name, is excluded from consideration under this section.

A senior development located, or proposed to be located, adjacent to a family development, or proposed development, shall not be considered phases of the same development.

28. Assisted Living Developments. Assisted Living development applicants shall submit an approved Certificate of Need or Permit of Approval from the State of Arkansas. See, definition of "Assisted Living" herein.

ALL ASSISTED LIVING DEVELOPMENT APPLICATIONS MUST SUBMIT THE FOLLOWING REPRESENTATIONS FROM THE APPLICANT:

- a. All low-income housing units within the assisted living development contain separate and complete facilities for living, sleeping, eating, cooking and sanitation (*See 26 C.F.R. § 1.103-8(b)(8)*);
- b. All low-income housing units within the assisted living development are available for use by the general public (*See 26 C.F.R. § 1.42-9*);
- c. Supportive services available to tenants in low-income housing units within the assisted living development are optional (*See 26 C.F.R. § 1.42-11*); and
- d. Supportive services available for tenants in low-income housing units within the assisted living development do not include continual or frequent nursing, medical, or psychiatric services (*See 26 C.F.R. § 1.42-11 and IRS Revenue Ruling 98-47*).

29. Section 106 and Fish and Wildlife Service's Clearance Letter. A Section 106 (National Historic Preservation Act, 16 U.S. C. § 470(f)) clearance letter from the Arkansas Department of Heritage; and a Fish and Wildlife Clearance Letter from the U.S. Fish and Wildlife Services, **must be submitted with the application.**

C. ADDITIONAL REQUIREMENTS FOR A COMPLETE APPLICATION.

The following documentation, in addition to the THRESHOLD REQUIREMENTS as required in *Section VI.B. of this QAP above*, must be submitted in order for the application to be considered COMPLETE.

If the following documentation is not submitted by the APPLICATION DEADLINE, ADFA staff will notify the applicant of each deficiency. The applicant must submit the deficient documentation during the Response Period. **Failure to submit all necessary documentation during the Response Period will terminate the application from consideration for federal low-income housing tax credits.**

In addition, one (1) point will be deducted from the application score for each missing or incomplete document that is submitted during the Response Period in order for the application to be considered COMPLETE. Applicants will be notified of the point(s) deduction in the Notification of the Final Score.

- 1. Narrative Description of the Development.** A detailed narrative description of the development which includes the type of development; geographical description of the development site and surrounding area; types of financing; tenants served; bedroom mix; percentage of low-income units; involvement of non-profit support service organizations; amenities for the development; energy efficiency; rehabilitation work to be performed, if applicable; and any other relevant descriptive information.

2. **Letter to Public Housing Authority for use by Persons on Waiting List.** The applicant shall provide written documentation to the local Public Housing Authority of its intent to develop a low-income multi-family rental development. The notice shall provide the PHA with:
- a. A copy of the Narrative description set forth at Item 1. above;
 - b. The development's proposed address/location; and
 - c. A description of the number, type, income limits and unit mix (by bedroom size and anticipated rents).

The applicant must submit a copy of the above notice with its application to the Authority.

3. **Letter of Participation and Resume of Development Team Members.** Each development team member shall submit a cover letter describing its participation in the development along with a copy of its resume listing qualifications, experience, previous experience with the low-income housing tax credit program, address and telephone number. The General Contractor/Builder, Architect, and Engineer must be licensed to conduct business in Arkansas and a copy of such licenses must be submitted with the application. Failure to submit any document or information required in this Section shall not be a basis for threshold failure if submitted during the Response Period, but one (1) point shall be deducted from applicant's final score for each document or item of information required in this Section that is submitted during the Response Period. However, if all such required documents and information are not submitted during the Response Period, the application shall be terminated from further consideration for an award of federal or state housing tax credits.
