

**ATTACHMENT 4(B)**  
**APPLICANT SENIOR ELIGIBILITY CERTIFICATION**  
 Regulation Section 10325(g)(2)(A) through (J)

<u>REQUIREMENTS</u>	<u>VERIFICATION</u> Provide a narrative explanation as to how each requirement is being met and reference where the proof is located in the application. Be as detailed as possible and attach a separate sheet if additional space is needed.
A) All units shall be restricted to households eligible under applicable provisions of California Civil Code Section 51.3 and the federal Fair Housing Act, and further be subject to state and federal fair housing laws with respect to senior housing.	
B) For <b>New construction projects</b> , one-half of all Low-Income Units on an accessible path (ground floor and elevator-serviced) shall be mobility accessible under the provisions of California Building Code (CBC) Chapter 11(B). For <b>Rehabilitation projects</b> , 25% of all Low-Income Units on an accessible path (ground floor and elevator serviced) shall be mobility accessible under the provisions of CBC Chapter 11(B). All projects with elevators must comply with CBC Chapter 11(B) accessibility requirements for elevators. All project owners must provide adequate and visible notice to tenants of their ability to request conversion of their adaptable unit to an accessible unit. These units shall, to the maximum extent feasible and subject to reasonable health and safety requirements, be distributed throughout the project consistent with 24 CFR Section 8.26. The Executive Director may approve a waiver in advance for a rehabilitation project, provided that the applicant and architect demonstrate that full compliance would be impractical or create an undue financial burden.	
C) Buildings over two stories shall have an elevator.	
D) No more than twenty percent (20%) of the Low-Income Units in the project shall be larger than one-bedroom units, unless waived by the Executive Director, when supported by a full market study.	
E) One-bedroom Low-Income Units must include at least 450 square feet and two-bedroom Low-Income Units must include at least 700 square feet of living space. These limits may be waived for rehabilitation projects, at the discretion of the Executive Director, prior to application submission.	

<b><u>REQUIREMENTS</u></b>	<b><u>VERIFICATION</u></b> Provide a narrative explanation as to how each requirement is being met and reference where the proof is located in the application. Be as detailed as possible and attach a separate sheet if additional space is needed.
F) Emergency call systems shall only be required in units intended for occupancy by frail elderly populations requiring assistance with activities of daily living, and/or applying as special needs units. When required, they shall provide 24-hour monitoring, unless an alternative monitoring system is approved by the Executive Director.	
G) Common area shall be provided on site, or within approximately one-half mile of the subject property. For purposes of this part, common areas shall include all interior amenity space, such as the rental office, community room, service space, computer labs, and gym, but shall not include laundry rooms or manager living units. Common areas shall meet the following size requirement: projects comprised of 30 or less total units, at least 600 square feet; projects from 31 to 60 total units, at least 1,000 square feet; projects from 61 to 100 total units, at least 1,400 square feet; projects over 100 total units, at least 1,800 square feet. Small developments of 20 units or fewer are exempt from this requirement. These limits may be waived, at the discretion of the Executive Director, for rehabilitation projects with existing common area.	
H) A public agency shall provide direct or indirect long-term financial support for at least fifteen percent (15%) of the total project development costs, or the owner's equity (includes syndication proceeds) shall constitute at least thirty percent (30%) of the total project development costs.	
I) Adequate laundry facilities shall be available on the project premises, with no fewer than one washer/dryer per 15 units. This requirement shall be reduced by 25% for projects where all units include hook-ups for washers and dryers. To the extent that tenants will be charged for the use of central laundry facilities, washers and dryers must be excluded from eligible basis. If no centralized laundry facilities are provided, washers and dryers shall be provided in each of the units.	
J) Projects are subject to a minimum low-income use period of 55 years (50 years for projects located on tribal trust land).	

**WAIVER REQUESTED** (please attach proof of waiver approval)

**By signing the APPLICANT STATEMENT, I/We, who are authorized to legally act on the applicant's behalf, certify and guarantee, under penalty of perjury, that the project meets the Senior Housing Type requirements consistent with TCAC Regulations Section 10325(g)(2).**
