<sup>1</sup> If the proposed Development will be financed with Florida Housing-issued MMRB and it meets the definition of Scattered Sites, a part of the boundary of each Scattered Site must be located within 1/2 mile of the Scattered Site with the most units.

“Scattered Sites,” as applied to a single Development, means a Development site that, when taken as a whole, is comprised of real property that is not contiguous (each such non-contiguous site within a Scattered Site Development, a “Scattered Site”). For purposes of this definition “contiguous” means touching at a point or along a boundary. Real property is contiguous if the only intervening real property interest is an easement provided the easement is not a roadway or street. (See Rules 67-48.002 and 67-21.002, F.A.C.);
