

GENERAL

The purpose of the Application package is to afford the Department of Community Affairs (DCA) the information necessary to select the most feasible, viable, and desirable affordable housing project proposals. Selections are made in accordance with the DCA Program Descriptions, Threshold Criteria, and Competitive Selection Criteria, as well as Section 42 of the Internal Revenue Code, 24 CFR Part 92, and O.C.G.A. Title 50-26-8(a)(32). **It is extremely important that all applicants fully understand these documents. DCA shall not be held responsible for consequences resulting from an applicant's misunderstanding or lack of awareness of any regulation, policy, law, or other information in the public record.** The Code of Federal Regulations can be found at <http://www.access.gpo.gov/nara/cfr/cfr-table-search.html>. The HOME Final Regulation is found at 24 CFR Part 92. The Internal Revenue Service regulations governing tax credits can be found starting at 26 CFR Part 1.42.

Any application submitted becomes the property of the Georgia Department of Community Affairs (DCA) at the time of submission. Applicants may not obtain an original application submitted in a previous year or original documents from an application package submitted in a previous year. A previous year's application would be of limited use, as the letters and documents would need to be updated to meet current application requirements.

Anyone needing accommodation for reading this document, such as a large-print version, should contact Sandy Wyckoff in the Georgia Department of Community Affairs at Sandy.Wyckoff@dca.ga.gov.

All sections of the Application package and all supporting documentation must conform to the applicable sections of the 2016 DCA Application Manuals, 2016 DCA Qualified Allocation Plan, and 2016 Application Forms, which can be found on the DCA 2016 HFDD Funding Round web page at: www.dca.ga.gov/housing/HousingDevelopment/programs/QAP2016docs.asp. Should there be a discrepancy between the 2016 DCA Qualified Allocation Plan and any other 2016 DCA document, then what is stated in the Qualified Allocation Plan shall rule.

It is the strict policy of the Georgia Department of Community Affairs that all applicants will be held to all representations made in the HFDD 2016-0xx Core Application Form and all supporting documentation, whether the representations apply to specific competitive selection criteria or not, for the duration of the greater of the Credit Compliance Period or term of the DCA HOME loan, if applicable. Changes of any Project Participant after submission of Application to DCA must be approved in writing by DCA prior to the change. Failure to obtain the appropriate approvals can result in DCA determining that an entity is no longer eligible to participate.

Please read these entire Instructions carefully and thoroughly for complete comprehension.

If you require clarification of any policy or issues related to the Qualified Allocation Plan, please contact HFDround@dca.ga.gov prior to the end of the annual application Question and Answer period in the spring of each year.

DCA provides an electronic Core Application and other materials in order to assist our customers in submitting Applications for housing tax credits. Applicants should note, however, that tools like the electronic Core Application include automatic calculations and locked cells that may not be compatible for Applications with certain unique circumstances. **If there is any feature on an electronic tool offered by DCA that limits your ability to accurately display values or information, please contact Stephen Barrett at Stephen.Barrett@dca.ga.gov for assistance.** Stephen can work with you to make the necessary changes to the core application so that you are able to accurately display the values and characteristics of your unique application.

FEES

A “Walk-In Submission Form and Application Fee Calculation Worksheet” is attached for the Applicant’s use in determining the fee due and facilitating the application submission process. Applicant must complete this form as indicated, attach a completed money order or cashier’s check to it (payable to **Georgia Housing and Finance Authority**), and include it in the application submission binder as instructed in the next section. A **DCA Project Number** will be assigned by DCA upon delivery of Application.

REQUIRED EXECUTION AND DELIVERY

Please read these entire instructions carefully and thoroughly for complete comprehension. Information not submitted on DCA-required forms will not be reviewed.

APPLICATION DELIVERY INSTRUCTIONS

DELIVER TO:

Georgia Department of Community Affairs
Housing Finance and Development Division
60 Executive Park South NE
Atlanta, Georgia 30329-2231

<<Enter Project Name here>>
<<Enter DCA Pre-Application Nbr here, if applicable>>

Please note that the Applicant is solely responsible for Applications being delivered prior to the deadline and that late deliveries will NOT be accepted.

Competitive Application Cycle

The Application Packages must be received by DCA no later than 4:00 p.m. on June 9, 2016. If you wait until June 9, 2016 for walk-in delivery, tables will be set up for application receipt from 9:00 a.m. to 4:00 p.m. Arrival by 1:00 p.m. is recommended for faster processing. No assembly or copying of applications will be allowed on DCA grounds. These tasks must be performed prior to arrival at DCA. **No applications will be accepted after 4:00 p.m. on June 9, 2016.** Prior to an individual securing a position in the walk-in processing line, that individual must have all of the application materials required for the submission for each of their applications. Holding a place in line while waiting for materials needed to complete or organize applications will not be allowed.

Mailed or courier packages must be received by DCA on or before 4:00 p.m. June 9, 2016. DCA shall not be responsible for any delivery failure on the part of the Applicant. If an Applicant chooses to use a postal or courier service to deliver the Application Package to DCA and such service fails to deliver the package by the deadline, then the Application Package will be deemed by DCA as untimely and, consequently, will not be reviewed for project awards.

4% Tax Credit Applications for Bond Financed Projects can be submitted throughout the year, subsequent to Bond Allocation, but no later than seventy-five (75) days prior to bond closing date.

APPLICATION PACKAGE ASSEMBLY INSTRUCTIONS

For each proposed project, the Applicant must ensure completion, execution and delivery of all necessary forms and supporting documentation, *in the appropriate order determined by the 2016 Application Tabs Checklist*. The Application Binder is all electronic, so the “tabs” are electronic folders.

I. Application Binder:

One binder (1/2” to 1” wide spine, as needed) containing:

- A. **Two** flash drives (see requirements in II below), each containing all required project documents.
- B. **One** fully completed “**Walk-In Submission Form and Application Fee Calculation Worksheet**” (one form, on paper). A blank copy is located at the very end of this document.
- C. A certified funds check or money order for the correct fees made out to “**Georgia Housing and Finance Authority**”.
- D. **One** fully completed and executed Application Certification Letter (on paper), for the proposed project.
- E. **One** fully completed paper copy of the Project Information Tab I from the electronic core application.

II. ELECTRONIC Application:

Two working, VIRUS-FREE USB flash drives in a small, protective re-sealable container with a built-in fastener - e.g., Velcro, zipper, freezer Ziploc, string or metal clasp - (all supplied by Applicant) containing exact electronic copies of **ALL** (fully completed and, where applicable, fully executed) necessary forms and supporting documentation. This container must be affixed inside the binder described above and labeled according to instructions that follow. All electronic forms and documentation must be placed into the DCA-provided electronic folder structure and arranged in the order prescribed by the Tabs Checklist. Only one project submission per flash drive is permitted. The USB flash drive must be of sufficient size and must contain **all** files being submitted from **all** Project Participants.

A. Requirements for Electronic TABS / FOLDERS.

1. Upon opening the flash drive, the **only** item visible should be the electronic Application Binder - a project folder titled “**2016-0xx YourAbbreviatedProjectName**”. **Do NOT include the Pre-application Number (assigned by DCA) in file names - use “2016-0xx” as shown.** Upon opening this project folder, the following items, corresponding to the Application Tabs Checklist (TC), must be visible. **Required: name and number Application Tab folders as follows:**

This folder structure has been created and included in a .zip file for your download and use in compiling the electronic copy of the complete application. This file is located on the 2016 HFDD Funding Round web page. **Note** that the completed core application (original in Excel *and* a PDF copy) and the **accurately completed** Tabs Checklist, as well as the executed Application Certification Letter (executed

Georgia Department of Community Affairs
Housing Finance and Development Division
2016 Core Application Instructions

in PDF) must **all** be included **outside** of the folders. Applicants may create separate electronic standalone copies of the various narrative tabs for the required order in 01ProjOverview folder.

2. **PLEASE DO NOT CREATE ADDITIONAL SUBFOLDERS.** Each folder name becomes part of the file path for each file it contains. This filepath is limited in size/length – when the length is exceeded, the file is unopenable.
3. If a folder will be empty with no documents in it, include NA at the end of the folder name.
4. Remove “junk files” that have been added by software or other non-Windows operating systems.
5. **BEFORE** uploading the populated project folder to the flash drive for submission to DCA, **first move the entire folder to the top (root) level of your C drive** to avoid adding unnecessary subfolders to the file path (see note 2 above). To do this on a Windows-based PC:
 - a. Copy the populated project folder
 - b. Click Start and select (My) Computer
 - c. Click C: drive (Hard Disk). The C: root level window opens; Apps and Users folders are seen.
 - d. Paste the project folder here
 - e. Copy it from C: root and paste it to the flash drive.
5. **BEFORE** unplugging the USB flash drive from the computer, use the “Safely Remove Hardware” option in the System Tray at the bottom right of the computer Desktop screen to avoid potential file corruption. Be sure to wait for the confirmation pop-up box to appear, notifying you that it is safe to remove the flash drive.
6. Double-check the USB drive. Verify that it contains all application files and that it operates properly.

B. Requirements for Electronic FILES / DOCUMENTS.

1. **LARGE** text files of 3rd-party reports must allow electronic word searches. Any PDF formats of such files must be created from the original electronic document, not from a scanned paper copy, so as to be searchable. The author provides this version. Any such documents requiring signatures must be executed in the PDF version. Examples of such documents include, but are not limited to:
 - a. Market studies
 - b. Appraisals
 - c. Environmental/engineering reviews
 - d. Physical needs assessments
 - e. Redevelopment/revitalization plans
2. Electronic submissions of **all** DCA forms created in Microsoft Excel, including but not limited to the Core Application and the Performance Workbook, **must be in Excel format**. Any DCA Excel documents requiring signatures must be signed in the paper version and then scanned into PDF before inclusion.
3. **Electronic non-PDF versions of such documents in 1 or 2 above must be identical to the PDF version but for the signature.**
4. **SMALL** text files (letters/forms) requiring signatures must be executed, scanned and put into PDF format to preserve signatures. The electronic word search capability is not required for such files. Files containing only standalone maps, photos, charts, etc. also do not need to be searchable in this manner.
5. Do not combine the documents for each tab into one combined pdf file. Each document in the Tabs Checklist is required to be standalone.
6. **NAMING** electronic files:
 - a. Use CondensedTitleCaseFormat (no spaces or underscores)

Georgia Department of Community Affairs
Housing Finance and Development Division
2016 Core Application Instructions

- b. Do **NOT** use special characters (e.g., &, /, \, \$, -, +, *, #, %, @, periods ".", etc.). These prevent your files from being uploaded to the DCA server.
- c. Remove any references to your version number or version date from the file name
- d. Name files sensibly such that it will be obvious to DCA what is in the file without having to open it.
- e. Abbreviate to reduce filename size to about 30 characters. Use first initial and surname for project team. See (i).
- f. Decide on a project name abbreviation that uses the fewest characters yet still makes sense. Do not include the developer's name. Include this abbreviation near the front of each file name. Use the same abbreviation for each file.
 - **OMIT** words such as "Apartments", "Residences", "Estates", "Homes", "Townhomes", "Lofts", "Villas", "Phase", "The", "of", "on", "at" and "Ltd Partnership" **altogether** in electronic file names.
 - **INCLUDE** abbreviations such as shown below **if** using the related words:

| <u>Abbrev</u> | <u>For</u> | <u>Abbrev</u> | <u>For</u> | <u>Abbrev</u> | <u>For</u> | <u>Abbrev</u> | <u>For</u> |
|---------------|------------|---------------|---------------|---------------|---------------|---------------|------------|

| Grv | Grove | P1 | Phase I | Sth | South | | |
| Hvn | Haven | Pk | Park | Stn | Station | | |

- g. Begin each file name with 6-digit ID numbers (e.g., 010101, 010201, 020121, 020221 ...) at the beginning of each file name inside each tab/folder so as to arrange files in the order prescribed by the Tabs Checklist. **Please do NOT create additional subfolders.** The numbering sequence is #####:

In cases where not all line items in a folder will be submitted, use the same numbering as if all were in fact submitted, but just skip the number for those documents that will not be submitted.

For example: in the 01Feasibility folder, the first few files listed could look something like this:

```

010101AbbrevProjNamePHARnts
010101AbbrevProjNameUAs
010201AbbrevProjNamePBRAAgrmt
010300AbbrevProjNameDDFNoteDrft
010401AbbrevProjNamePreDebtComm Source
010401AbbrevProjNamePreEqtyComm Source 1
010401AbbrevProjNamePreEqtyComm Source 2
010402AbbrevProjNameHUDConfirm

```

- h. Some files have specific **required** electronic file naming formats.

APPLICATION BINDER LABELING INSTRUCTIONS

Label Specifications. The following label specifications are heavily recommended and preferred by DCA.

- Printed from: Computer printer (Avery labels typically come with instructions for use on computers)
- Label size: As needed to adequately enable label placement parallel to binder spine.
- Font: Arial Narrow, bold-face, 14-point
- Nbr of labels: 1
- Label text: 2016 Project Name (should be same name used at pre-application, if applicable)

Label Affixing: Affix labels in the middle of the spine of the binder(s) such that the text, when read, is *parallel* to the edge of the spine. Leave at least the top four inches (4") of the spine visible. See the sample illustration below. Label all binders **before** arriving at DCA.

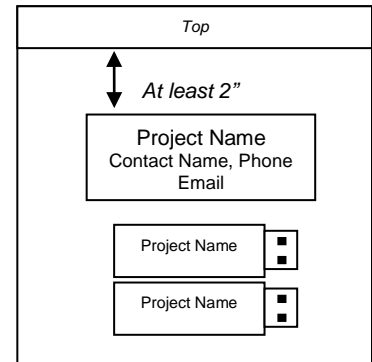

BOTTOM END

TOP END

USB FLASH DRIVE LABELING INSTRUCTIONS

Both the small, protective re-sealable container and the external casing of the flash drive itself must be labeled with the project name. Place a small label cut to best fit on the external casing of the flash drive, leaving room for DCA staff to affix a project number label at application submission. Use transparent tape to keep the label attached. The label must be placed such that it will not interfere with the opening or operation of the flash drive itself. The protective re-sealable envelope/pouch/sleeve must also be labeled with the name, phone number, and email of the person to contact in case of flash drive failure. **Leave 2" at the top of the protective case for DCA to place a label containing the assigned DCA Project Number.**

SPECIAL INSTRUCTIONS FOR COMPLETING ELECTRONIC CORE APPLICATION

All applicants are required to use the DCA-protected electronic HFDD 2016 Core Application Form (Revised) provided by DCA at (<http://www.dca.ga.gov/housing/HousingDevelopment/programs/QAP2016docs.asp>). To download, right-click on the link at the DCA web site, select Save Target As and choose the storage location on your computer. If during download a message box appears requiring a password, keep clicking "OK". Otherwise, download on a computer with Excel 2011 or later version. Applicants with computers running later versions of Excel will need to first save the file as an Excel 2011 version after entering their data and before submitting it to DCA. If prompted by the computer to upgrade the file to a newer version of Excel, choose "NO". Applicants should email webmaster@dca.ga.gov if download problems are encountered.

Applicants must understand that the tabs contained with each core application are interconnected with references to each other and are NOT standalone. As such, the tabs must not be deleted and must not be moved to external Excel files. Please use the core application as-is and do not alter its structure in any way.

Please do not transfer tabs from one core app file to another, even if it is for the same application. The built-in references will still be tied back to the original file. Also, if you delete the existing tab in the destination file, doing so will destroy references to the existing tab in the data collector feature built into each core application. Thus no data will be collected for either the existing tab or the new tab.

If you plan to submit more than one application, please make additional electronic copies of the HFDD 2016 Core Application Form file **after** completing portions that *are* common to all of your applications and **before** completing any portions that are *not* common to all of your applications. This copying process must occur while the electronic file is unopened. In other words, right-click on the closed file in the folder where you have stored it on your computer, select Copy, right click in a white space of the destination folder and select Paste.

DCA allows applicants to copy multi-cell data blocks only from the Development Team tab of one core application to the Development Team tab of another core application **IF** the following conditions are met:

1. The areas being copied must be unlocked, contiguous and identically arranged in both the originating file and the destination file. Note: DCA has made subtle changes in these areas over time that effect the arrangement in some cases.
2. **The applicant must NOT select "Paste" or click CTRL-V to deliver the data.** These options produce data errors in our data collection system. **Instead, simply select "Paste Special" from the File menu and choose either "Values" or "Values Only".** This brings over only the data and preserves the formatting in the destination location. Otherwise, the entire destination cell is in effect deleted, including references attached to it, and is replaced by the new cell being copied in that is unreferenced. Please contact Stephen Barrett (Stephen.Barrett@dca.ga.gov) if assistance with this is needed.

DCA recommends that users close all other applications, files, and windows before and during use so as to improve performance. It may take several moments to open or to save. The electronic HFDD 2016 Core Application Form is created in a Microsoft Excel 2011 spreadsheet workbook and is best viewed on a PC-compatible computer using Microsoft Windows 7 and Microsoft Office 2011 or later version, equipped with at least 4 GB of RAM.

Please note that you should fill in all applicable boxes. Please read directions that follow.

Please do not enter information using all upper case or all lower-case letters. Sentence case or title case is preferred.

Georgia Department of Community Affairs
Housing Finance and Development Division
2016 Core Application Instructions

1. There are fourteen electronic tabs in the Excel workbook that represent separate spreadsheets for applicant use. Applicants are encouraged to print out a blank version of each tab below beforehand to be aware of all contents:

Project Narrative

| | |
|------------------------|--|
| I: Project Information | VII: Pro Forma |
| II: Development Team | VIII: Threshold Criteria |
| III: Sources of Funds | IX-A: Scoring Criteria |
| IV: Uses of Funds | IX-B: GICH Project Narrative |
| V: Utility Allowances | IX-C: Innovative Project Concept Narrative |
| VI: Revenue & Expenses | X: Applicant Certification Letter |

After opening the workbook, simply click the mouse pointer on the appropriate tab at the bottom of the screen to navigate to the desired form. The small black directional arrows in the bottom left corner will also assist you in navigating the workbook.

2. Fill in only the areas shaded in Blue or Green. Green shaded cells automatically calculate information provided by the applicant but are unlocked. All questions (generally denoted by black or blue font in the electronic application) are intended to elicit a response, so please do not leave out any requested information. Yellow- or white-shaded cells are not for applicant use and have been locked. Applicants may initially enter a formula or reference into a cell to determine a correct amount, but **do NOT leave formulas or references to other cells in cells requesting numerical values**. However, using the Comments section to explain a calculation (i.e., soft debt service payment = cash flow x .75) can be valuable to DCA's review and prevent the necessity of a clarification later. **If cell references are made to external spreadsheets, those references must also be removed prior to submission to DCA. Failure to do this may result in automatic removal of the application from consideration for funding. Do not import external tabs/spreadsheets into the core application Excel workbook, even if they are from other copies of the core application. Doing so may result in automatic removal of the application from consideration for funding.** Test final spreadsheet before submission by reviewing it alone on a separate non-networked computer from the one used for data entry. Remove any Shared workbook settings enabled for group use.
3. DATA ENTRY RULES: When entering **text** data, please do not use all upper-case letters or all lower-case letters. When entering phone and cellular numbers or zip codes, enter **numbers** only with no blank spaces, parenthesis or hyphens – these cells are pre-formatted. Phone and cellular numbers will require area codes. **Zip codes will require 4-digit extensions (enter 4 zeroes at end if needed)**. Applicants must complete **all** boxes that apply to their project – if a box does not apply, then leave it empty (do not enter zero, "n/a", nor a space " "). Do NOT enter zeros or blank spaces in any cell in order to cause the spreadsheet to function in a certain way, or for any arbitrary reason. Leave all number cells completely empty unless a number greater than zero is entered to indicate actual pertinent data.
4. If a particular cell's text appears to be cut off, simply highlight the cell and the entire text will appear in the text box directly above the document body. If the text font is too small or appears shoved together, simply adjust the zoom percentage. Selecting Print Preview will show how the text will look when printed out.
5. This electronic application has been designed so that some information, such as the project name and address, need only be entered once. In order to take advantage of this feature, the user must enter information in the order in which it is requested. An exception to this is the completion of the Rent Chart in the "Revenues and Expenses" tab, which feeds back into the "Project Information" tab.
6. Unless otherwise noted, enter all comments/recommendations in spaces provided in the electronic application.

7. In order to maintain the integrity of the electronic application, many cells are locked and inaccessible by the applicant. Any attempt to access or tamper with the formulas in those cells or to otherwise “fool” the system or its intent will be cause for **automatic rejection of the application**. This includes entering zeros or blank spaces in green-shaded cells intended for actual data. Leave all number cells completely empty unless a number greater than zero is entered to indicate actual pertinent data.

Any attempt to replicate the form in such a manner so as to remove the DCA-protection feature and then submit the unprotected (or re-protected) replicated version for consideration will be cause for automatic rejection of the application.

8. Print margins may shift in viewing and printing due to different printers and printer drivers. In these cases, applicants are requested not to adjust margins except just prior to printing. Margin adjustments must not be saved and should be returned to the preset positions before submitting to DCA. To do this, save the document BEFORE making margin changes (close and re-open if necessary), then make margin changes, then print, then either click the “Undo” button at the top of the open file or else close the file without saving, and then re-open the file if needed. DCA has pre-set the margins to work on DCA printers.
9. **If you have any questions or difficulties with the electronic version of the application or these instructions**, contact Stephen Barrett via email at **Stephen.Barrett@dca.ga.gov**. Save time by including the following:
- A virus-free **compressed** (e.g., right-click on closed file, select “Add to <<filename>>.zip”) copy of the electronic HFDD 2016-0xx Core Application Form workbook you are working in as an attachment. Please perform a virus scan on the file prior to sending (right-click on the unopened file and select **Scan for Viruses** after you have updated your anti-virus files from the manufacturer’s web site – e.g. Norton or McAfee).
 - Electronic Core Application Tab Name and cell reference (column letter, row number), if applicable
 - Detailed description of the nature of your problem
 - Your computer’s basic specs: operating system and Excel version

2016 APPLICATION TABS CHECKLIST

Located separately on the DCA funding round website, the 2016 Application Tabs Checklist lists each tab number, a brief name or description of each tab, and the required order of the tab contents. Since the Application Binder is all electronic, the “tabs” are electronic folders. The checklist also includes item numbers for each document in each tab, and a form name for each item. Some items comprised of multiple documents also have form numbers to distinguish between these documents. Finally, the applicable scoring section and a check box are provided. All applicants should review the Application Tabs Checklist carefully. **The completed Application Tabs Checklist must be printed out and placed behind the Submission Form.**

Several items on the HFDD 2016-0xx Core Application Form will require the attachment of additional pages. Please note that there are items required by the Application Tabs Checklist that are not mentioned in either the HFDD 2016-0xx Core Application Form or in these Instructions. Follow the directions for each item, label the item accordingly, and insert it into the electronic Application Binder in the appropriate tab as indicated by the Application Tabs Checklist. Check the appropriate box for each document included. Also included in the electronic 2016-0xx Core Application (Excel workbook), is the Applicant Certification tab. **An original signed Applicant Certification should be included with the application binder on paper, and a scanned electronic copy of the signed version saved into PDF must be included on the flash drive.**

HFDD 2016 CORE APPLICATION FORM INSTRUCTIONS

PROJECT NARRATIVE

Project Narrative – Include where indicated by the Tabs Checklist a narrative explaining the project concept. Identify the needs of the tenant population and specifically address how the project will meet the needs of the tenant population. Any information which will help DCA understand the project concept, the market viability, the qualifications for a set-aside (if applicable) and any unique features should be included in the Narrative. **A form is included in a tab in the electronic core application for your use.** Press and hold Alt-Enter to start new paragraphs in the box provided.

PART ONE—PROJECT INFORMATION

Applicants must enter all clarifications and/or comments pertaining to this Part into the Applicant Comments and Clarifications boxes at the bottom of this section in the electronic application.

Please do not enter information using all upper case or all lower-case letters. For entries comprised of multiple words (except for Comments), please use Title Case capitalization.

Zip Codes are preformatted to require nine digits with no punctuation. Phone Numbers are preformatted to require ten digits with no punctuation.

Blue cells are unlocked for your use and do not contain references/formulas. **Green cells** are unlocked for your use and do contain references/formulas that can be overwritten.

| |
|-------------------------------|
| PART THREE A - SOURCES |
|-------------------------------|

I. GOVERNMENT FUNDING SOURCES

Government Funding Sources — Check **all** applicable government funding sources (DCA and non-DCA) in the project and/or identify any “other” source not listed. If DCA issued a HOME Consent for this application, enter the amount in the box provided.

II. CONSTRUCTION FINANCING SOURCES

For each construction-financing source, enter the entity providing the financing, the principal amount, annual interest rate, and term in months. This information should mirror that provided in the Commitment from that source. Categorize each source under private loans, federal loans or grants, state, local or private loans or grants, deferred developer fees, and Section 42 Credits (equity investment pay-ins during construction), Historic Rehabilitation tax credit proceeds paid-in during construction, and acquisition and construction grants. All amounts and terms displayed must be identical to those on supporting documentation.

III. PERMANENT FINANCING SOURCES

Categorize each source under loans requiring repayment, deferred developer fees, Federal loans or grants, State, Local or Private Loans or Grants, Federal and state housing credit equity (equity investment raised by syndication of the tax credits) or other sources.

Required Information

Name of Financing Entity - e.g. lender name, PHA name, local jurisdiction name, etc. – also include the funding program used, if applicable. Be specific – do not be overly concerned about cell width limiting your entry.

Principal Loan Amount, Interest Rate, Term in Years, Amortization Period in Years, Annual Debt Service -- required for ALL loans with amortizing debt, whether fully-amortizing or not, including developer notes and deferred developer fees (even if the interest rate is 0%, do not leave DDF interest rate cell blank). The annual debt service will be automatically calculated based on the information inputted by the Applicant. However, the automatic calculation can be modified, if necessary.

For variable interest rate loans, the higher of the initial interest rate or the maximum rate should be entered.

DCA requires all permanent debt financing to have a minimum term of ten (10) years. DCA allows for Deferred Developer Notes to have terms of up to 15 years.

Loan Type - The drop down list contains the following choices: amortizing, DCA HOME IPS (irregular payment stream), cash flow or adjusted interest. *DCA HOME Loans are **NOT** cash flow loans, they can either be fully amortizing or irregular payment stream (IPS).* Only DCA HOME Rural loans can use IPS based on DCA policy, which will result in balloon payments at the date of maturity. Please review QAP Policies for all DCA HOME loans.

Total Permanent Financing - The application will automatically total all of the principal amounts listed in the schedule.

Total Costs from Development Budget - The total costs from the development budget are linked to this cell.

Surplus/Shortage of Permanent Funds to Development Costs – this must be zero.

Deferred Developer fees - Deferred developer fees will be considered a source of debt financing, but will not be considered in the Gap Method of the credit calculation. Include the first year's payment in the debt service column. See Qualified Allocation Plan for guidelines related to Deferred Developer Fee.

Comments must be included to reference the location of all supporting documentation, any atypical circumstances, and confirmation of whether any source listed originated as Federal Funds.

IV. APPLICANT COMMENTS & CLARIFICATIONS

Include all clarifications or comments pertaining to this Part in this section.

PART FOUR—USES OF FUNDS

I. DEVELOPMENT BUDGET

Identify development costs in the categories provided, and calculate the proposed total development cost. If requesting tax credits, indicate the level of eligible basis (4%/Acquisition Credit or 9%/New Construction/Rehabilitation Credit) to which applicable project costs are appropriate. If you encounter a development cost for the proposed project that is not addressed by the development budget AND does not fall into a budget section containing an "Other" line, then your electronic application form may perhaps be able to be customized to meet your need.

Georgia Department of Community Affairs
Housing Finance and Development Division
2016 Core Application Instructions

Applicants can include cell references in the LIHTC Basis cells of the development budget section of the application so long as they only reference the Total Cost cell on the same line item **and** the Total Cost cells being referenced do not themselves contain formulas or references to other cells.

Projects that include any combination of "Acquisition", "Rehabilitation", and/or "New Construction" must break out the associated costs related to each activity for which they are claiming credits in the appropriate Eligible basis columns. Adaptive reuse is considered "Rehabilitation".

Land – Acquisition cost must coincide with site control documentation or an explanation is required in "Comments".

Off-Site Improvements/Preparation is generally not eligible for inclusion in eligible basis for tax credit purposes, and is not eligible for subsidization with HOME funds.

Construction Contingency — Do NOT leave formulas or references to other cells as the Total Amount – an actual numerical value must be entered before submitting the electronic application. Please refer to the "Construction Contingency" policy; "Soft Cost Contingency" is not allowed per the policy in the 2016 QAP.

Contractor Services – Please refer to the 2016 QAP policies regarding "Builder Cost Limitations" and itemize all cost in the appropriate lines.

Other Construction Hard Costs – This covers any work items performed by the owner that are not included in the general contractor's scope of work. Please provide detailed description in box provided and use Comments section if needed.

Construction Period Financing – Please itemize all Construction Period Financing expenses and fees in the appropriate lines. DCA HOME loan Applicants that are requesting pre-approval to obtain a construction loan in lieu of a payment and performance bond for applications where there is an identify of interest between the owner and the contractor may itemize the construction loan interest and fees in this section. Comments regarding the calculation of Construction financing interest and fees are required.

Professional Services – Please itemize all professional services fees in the appropriate lines. Comments regarding the calculation of Professional Costs and Fees are required.

Local Government Fees – Please itemize all Local Government Fees in appropriate lines. Please do not include these items in Unit/Building Construction line items. Please indicate whether Water Tap Fees or Sewer Tap Fees have been waived. Documentation or comments supporting these estimates are required.

Permanent Financing Fees – As represented in the commitment letters provided in the appropriate tab.

DCA-Related Costs - Please itemize all applicable DCA related fees in the appropriate lines. DCA fees are listed in the 2016 QAP Exhibit A "DCA Post Award Deadlines and Fee Schedule". Tax Credit Allocation Fee is calculated as 8% of the annual federal allocation amount for both 4% and 9% credit projects. Tax Credit Compliance Monitoring Fees are listed in the 2016 QAP Exhibit A "DCA Post Award Deadlines and Fee Schedule". Do NOT leave formulas or references to other cells as the amount – an actual numerical value must be entered before submitting the electronic application.

Equity Costs – Documented fees associated with obtaining equity financing and the organization of the partnership included here should also be indicated in the Preliminary Equity Commitment.

Developer's Fee — Includes the total of all Consultant (please review Plan definition) fees (regardless of whether the Consultant is serving as a developer, construction manager, development administrator, etc.), developer's overhead, and developer's profit. Generally developer's overhead should not account for more than 50% of the full fee. **Do NOT leave formulas or references to other cells as the amount – an actual numerical value must be entered before submitting the electronic application.**

If you are applying for both acquisition and rehab credits or for rehab credits only, please refer to the Maximum Developer Fee section of the 2016 QAP Policies. The adaptive reuse of an existing structure is considered rehabilitation. Please also see the "Developer's Fee Limitations" policy in the 2016 QAP. Please note that rehab costs and new construction costs should be broken out for eligible basis.

Start-Up and Reserves - please refer to the 2016 Core Policies for policies and requirements regarding the following start-up expenses and reserves. Any other resources or escrows listed must be documented requirements of lenders or equity providers.

Marketing - Include all pre-stabilization marketing expenses in this section, exclusive of rent-up reserves.

Rent Up Reserves - A reasonable rent up reserve is required for all projects based on the estimated projected lease up deficit, exclusive of marketing cost. Absent information to the contrary, DCA will assume that three months of projected operating expenses constitutes a reasonable reserve.

Operating Deficit Reserve - DCA Tax Credit and HOME funded projects must generally establish an operating deficit reserve account equal to six months' debt service for all secured debt on the project plus 6 months projected operating expenses. This amount may be greater, depending upon the requirements of other lenders or investors. However, DCA reserves the right to determine its reasonableness for the project.

Replacement Reserves - Replacement reserves are generally funded out of operating expenses. Only existing or pre-funded replacement reserves should be entered. Any requirement for pre-funded replacement reserves should be documented.

Furniture, Fixtures and Equipment - DCA requires that the cost of all **common space** furniture and equipment be included in this line item of the development budget. Do **NOT** include these costs in the construction contract. Do not include the cost for Interior Design Consultants in this location. Interior Design Consultants are included in the Developer Fee.

Other Costs — Please specify the costs in the space(s) provided. Do not use vague, general terms that may include several unrelated items – be specific. Provide further detail in the Comments section.

Soft Cost Contingencies — or “project contingencies” above and beyond construction contingency are not allowed and will not be considered by DCA to be a part of the development cost.

II. TAX CREDIT CALCULATION – BASIS METHOD

Subtractions from Eligible Basis — Complete the table, identifying those items that are required to be deducted from the project's eligible basis.

Eligible Basis Adjustment Calculation — Complete the table. Per the federal requirement, if the project is in a qualified census tract or difficult development area, the project is eligible for up to 30% basis boost for new construction and/or rehab. If the State Designated Boost is being requested, the Comments section must indicate the basis for the request, and the appropriate deferred developer fee must be entered in Sources. **All required backup documentation substantiating the need and indicating eligibility category(ies) per the 2016 QAP for the state designated basis boost must be identified in Comments with a reference to the Application tab.**

The **applicable fraction** will be automatically calculated (the lesser of the percentage of low-income units or low-income square footage).

For purposes of an application for 9% credits the Applicable Credit Percentage for the month of May 2016 should be utilized. For purposes of an application for 4% credits (Tax-Exempt Bond financed applications), the Applicable Credit Percentage for the month preceding the submission of the application for tax credits should be utilized.

III. TAX CREDIT CALCULATION – GAP METHOD

Project Cost Limit (PCL) – This number is auto-calculated based upon the Applicant's entries into the following parts of the electronic core application:

Georgia Department of Community Affairs
Housing Finance and Development Division
2016 Core Application Instructions

1. Per Unit Cost Limitation Waiver Request (Part I – Project Information tab; Section XII – Additional Project Information, E – Waivers and Approvals)
2. Rent and unit configurations (Part VI – Revenues & Expenses tab; Section I – Rent Schedule and Section II – Unit Summary)

NOTE: For further detail see Section 2 – Cost Limits portion of the “Part VIII – Threshold Criteria” tab of the core application. The Project Cost Limit (or Total Per Unit Cost Limit for Project, as shown there) is the sum total of the applicable individual per unit cost limits multiplied by the number of units of each unit type. The amount of any Per Unit Cost Limitation waiver request granted by DCA and entered by the Applicant is also reflected in the formula for this box.

Total Development Cost (TDC) – Enter the lesser of the DCA Project Cost Limit (PCL) or the TDC, if the proposed TDC is within DCA’s PCL.

If the TDC exceeds the PCL, the applicant must:

1. Enter the proposed TDC amount less the required non-profit foundation funding or charitable organization funds in the box. If there is no grant funding from a foundation or charitable organization to cover the cost that exceeds DCA’s cost limit, the TDC for the purposes of the Gap Method of the credit calculation cannot exceed the applicable DCA cost limit, unless a waiver of the PCL was granted at pre-application.
2. Identify on the “Foundation or charity funding” line in the Permanent Financing section (Part III - Sources of Funds, Section III) the foundation/charitable organization name and the funding amount, which must be greater than or equal to the cost in excess of the DCA Project Cost Limit. (This will transfer to the section to the right of the PCL box in Uses).

If the project involves a Historic Designation, select “Yes” in the box provided.

Equity Factors - The equity factor used will be the price per federal and state tax credit dollar, respectively, based on the equity commitment in the Application. DCA reserves the right to adjust the prices per federal and state tax credit dollar (equity factors) if the amounts input by the applicant are not reasonable.

If you have any questions regarding the operation or other technical aspects of the electronic core application with regard to the Gap Method calculation, please contact Stephen Barrett at Stephen.Barrett@dca.ga.gov .

IV. TAX CREDIT ALLOCATION

Tax Credit Allocation — The credit amount determined by the eligible basis calculation establishes the *maximum* credit amount. However, DCA cannot allocate more credit to a project than is necessary for financial feasibility. If the credit amount resulting from the equity gap calculation is **less than** the credit amount resulting from the eligible basis calculation, then the maximum credit amount *needed* will be the credit amount resulting from the equity gap calculation. Finally, the amount of actual tax credit allocation will be the lesser of:

1. This maximum credit amount *needed*
2. The DCA per owner project award limitation (determined in the Plan) or
3. Any lower credit amount requested by the applicant.

V. APPLICANT COMMENTS & CLARIFICATIONS

Include all clarifications or comments pertaining to this Part in this section.

PART FOUR (b)—Other Items

Use this new tab to further explain “Other” costs listed in the development budget.

PART FIVE – UTILITY ALLOWANCES

UTILITY ALLOWANCE SCHEDULES

Utility Allowance Per Unit Information— Two separate Utility Allowance Schedules are provided to capture up to two different utility configurations. In the tables provided, indicate which utilities the owner would pay and which the tenant would pay. For the tenant-paid utilities, indicate the allowance amounts from the appropriate source documentation. Use the allowances appropriate to the structure type – i.e., multifamily (2+ units), single family detached or manufactured housing. If using DCA Utility Allowances, note the applicable DCA Utility Region – north, middle or south shown at the top of the chart (for more information, please refer to the map provided at <http://www.dca.state.ga.us/housing/HousingDevelopment/programs/utility.asp>). The total utility allowance per bedroom size calculates automatically. Further instructions are as follows:

Enter the **Source** and **Date** of the source document from which the utility allowance amounts were obtained. Be sure that the most recently released allowances are used.

Indicate the applicable **Structure Type** as defined in the source document from which the utility allowance amounts were obtained. For example, applicants using the DCA Utility Allowances would choose MF, SF Detached or Mfd Home.

For each of the seven utility categories shown (Heat, A/C, Cooking, Hot Water, Lights, Water & Sewer, and Refuse Collection), indicate the following in the spaces provided (NOTE: Elderly allowances cannot be used except at properties that have 100% HUD PBRA and satisfy the appropriate HUD program definition for elderly):

1. For the Heat, Cooking and Hot Water utilities, select the applicable Fuel Type.
2. For Water & Sewer, indicate whether the units will be submetered. **The “Georgia Water Stewardship Act” of 2012 requires all new multi-unit residential buildings permitted on or after July 1, 2012 to install submeters and bill tenants according to their individual water use.**
3. Indicate whether the utility will be paid by the Tenant or by the Owner
4. For the tenant-paid utilities, indicate the allowance amounts from the source documentation mentioned above. Calculate the total utility allowance per bedroom size. **Note: If there is a local public housing authority administering the Section 8 program in your area, contact that authority for water, sewer, and refuse collection allowances also.** If the entity administering the Section 8 program in the project’s local jurisdiction does not have utility allowances for water, sewer, or trash removal, then the DCA utility allowances should be used.

NOTE: No changes will be allowed after application submission in the fuel types, utility providers, or payers of the utility bills.

PART SIX – REVENUES AND EXPENSES

2016 Core Application Instructions

100% HUD PBRA—Indicate whether all units in the project are HUD PBRA units.

For the Rent Schedule section all applicants must show the proposed Unit Mix by answering all column questions in each row used. To avoid errors, fill in the chart from left to right without skipping columns. Order the columns first by Unit Rent Type, then by Nbr of Bedrooms (All 50% units first, broken down by nbr of bedrooms, then 60% next, etc).

Rent Type is a drop-down box. Select the appropriate Unit Rent Type from the drop down box. Please also see the “Unit Distribution with Multiple DCA Funding Resources” policy in the 2016 QAP. **Please use order shown below:**

| <u>For a Unit Rent Type of:</u> | <u>Select:</u> |
|---------------------------------|----------------|
| 50% of AMI | 50% AMI |
| 60% of AMI | 60% AMI |
| Unrestricted | Unrestricted |
| Common Space | N/A-CS |

Number of Bedrooms - Please indicate the number of bedroom(s) in the units by choosing from the options provided (Efficiency, 1, 2, 3, or 4) in the column.

Number of Bathrooms – indicate the number of bathrooms in the units described in the row.

Unit Count – indicate the number of units that reflect each unit configuration.

Unit Area – indicate the square footage that reflects each unit configuration.

Max Gross Rent Limit – Enter the program maximum unit rent that can be charged for the units as governed by DCA LIHTC or HOME rent and income limits.

Proposed Gross Rent – enter the proposed rent to be charged for each unit (includes utility allowance). This rent cannot exceed the Gross Rent Limit, except if there is PBRA for 10 yrs or more which allows for higher rents. If HOME or LIHTC units are subject to a PBRA agreement (with a minimum 10 year term or 10 years remaining term), then the PBRA rents should be used. If the HOME or LIHTC units are not under a rental assistance agreement (or one with less than 10 years remaining) then the HOME or LIHTC rents should be used.

LIHTC / PHA units with an operating subsidy - The proposed Unit Gross Rent and the Net Rent will generally be reflected as zero. Applicants must enter a Utility Allowance of zero for these units into the rent chart. **Applicants must enter the operating subsidy in the Non-Occupancy Based income part of the Other Income Sources section.**

If the application will have an operating subsidy provided through a public housing authority, please select “PHA Oper Sub” from the dropdown menu. **If “PHA Oper Sub” is selected, then applicants must also enter a zero “0” for Proposed Gross Rent AND enter the operating subsidy amount in the Non-Occupancy Based income part of the Other Income Sources section.** Use “RAD” if the public housing units will convert to RAD subsequent to the requested allocation.

Utility Allowance – enter the utility allowance for each unit from the appropriate utility allowance chart. A zero must be entered here for market rate units and for **PHA operating subsidy units with an investment/operating subsidy.**

PBRA Provider or Operating Subsidy – If neither PBRA nor Operating Subsidy applies, then leave box empty. If the application has or will have any project based rental assistance (PBRA), select the provider of the PBRA for such units from the dropdown menu.

Net Rent – The application will automatically subtract the Utility Allowance from the Gross Rent to determine the net rent to be collected by the Owner for each unit. The Application will automatically calculate the total net rent the Owner will receive for all units and then transfers it to the Proforma.

NOTE: If this section does not appear to calculate correctly, please carefully review the rent chart to make sure the rows used are completed and correct. Partial or illogical (e.g., common space units showing a Rent Type of something other than "N/A-CS") completion of rows in the rent chart can result in incorrect numbers in the unit summary.

III. ANCILLARY AND OTHER INCOME SOURCES

Ancillary Income— refers to regular anticipated income that is dependent on project occupancy rate and that will be trended in the pro forma at the DCA revenue trend rate. Ancillary income may involve laundry and vending machines, nonrefundable deposits and fees, etc. Ancillary income defaults to 2% of gross income for DCA underwriting purposes, though a lower percentage may be entered.

The Total Operating Expenses and the Total Annual Expenses will automatically calculate. The Total Operating Expenses less management fee and the replacement reserve contributions will automatically transfer to the Pro Forma.

Other (describe here)—must be described in the space(s) provided. Do not use vague, general terms that may include several unrelated items – be specific. If unable to accomplish this in the space provided, please enter “See Comments” in the space and provide further detail in the applicant comments section that follows.

Note: The annual operating expense budget, net of replacement reserve contributions, must be no less than \$4,500 per unit for projects located in the City of Atlanta, \$4,000 for other urban areas (projects located in metropolitan statistical areas), \$3,500 for Rural areas (as defined in the Qualified Allocation Plan) that are also in a Metropolitan Statistical Area (MSA), or \$3,000 for rural projects not in an MSA or using USDA 515 funds. DCA will use the reserve levels in the tax credit policy for HOME underwriting purposes unless a greater amount is specified. For the purposes of final HOME underwriting, documentation of the reserve will be reviewed by DCA. For rehab projects, DCA will review the capital reserve replacement information provided in the physical needs assessments to verify that the correct amount is entered. The application will automatically calculate the reserve based on the number of units inputted in the project information section. See also the "Replacement Reserve" policy in the 2016 QAP. Indicate in the space provided the proposed annual replacement reserve contribution per unit.
