(b) The district has previously participated in the school building assistance expedited local partnership program established under section 3318.36 of the Revised Code but did not construct any new facilities as part of that program.

(c) The district reapplys for the expedited local partnership program between January 1, 2019, and July 1, 2020.

(B) Notwithstanding anything to the contrary in this chapter, if an eligible school district reapplys for the expedited local partnership program between January 1, 2019, and July 1, 2020, and subsequently enters into a new agreement for that program, both of the following shall occur:

(1) The district shall retain its percentile ranking that was determined at the time the district entered into its initial agreement under the expedited local partnership program.

(2) The Ohio facilities construction commission shall give that district first priority for funding for a project under sections 3318.01 to 3318.20 of the Revised Code as such funds become available, regardless of the district's percentile rank under section 3318.011 of the Revised Code, and the district's portion of the basic project cost under sections 3318.01 to 3318.20 of the Revised Code shall be the same percentage of the basic project cost as under its initial agreement under the expedited local partnership program.

Sec. 3318.05. The conditional approval of the Ohio facilities construction commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within thirteen months of the date of such certification, except that a school district described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions
described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available, subject to section 3318.054 of the Revised Code.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost less the amount of the proceeds of any securities authorized or to be authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost; and

(B) On the question of levying a tax the proceeds of which shall be used to pay the cost of maintaining or upgrading the classroom facilities included in the project. Such tax shall be at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years, subject to any extension approved under section 3318.061 of the Revised Code.

(C) If a school district has in place a tax levied under section 5705.21 of the Revised Code for general permanent improvements for a continuing period of time and the proceeds of such tax can be used for maintenance or upgrades, or if a district agrees to the transfers described in section 3318.051 of the Revised Code, the school district need not levy the additional tax required under division (B) of this section, provided the school district board includes in the agreement entered into under section 3318.08 of the Revised Code provisions either:

(1) Earmarking an amount from the proceeds of that permanent improvement tax for maintenance or upgrades of classroom facilities equivalent to the amount of the additional tax and for the equivalent number of years otherwise required under this section;

(2) Requiring the transfer of money in accordance with section 3318.051 of the Revised Code.

The district board subsequently may rescind the agreement to make the transfers under section 3318.051 of the Revised Code only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance or upgrades of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) Proceeds of the tax to be used for maintenance or upgrade of the classroom facilities under either division (B) or (C)(1) of this section, and transfers of money in accordance with section 3318.051 of the Revised
Code shall be deposited into a separate fund established by the school district for such purpose.

(E) Proceeds of the tax to be used for maintenance or upgrades of the classroom facilities under either division (B) or (C)(1) of this section shall not be used to upgrade classroom facilities, unless the district board submits to the Ohio facilities construction commission a proposal regarding the use of those proceeds for upgrades and the commission approves the proposal.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after September 5, 2006, need not levy the tax otherwise required under division (B) of section 3318.05 of the Revised Code, if the district board of education adopts a resolution petitioning the Ohio facilities construction commission to approve the transfer of money in accordance with this section and the commission approves that transfer. If so approved, the commission and the district board shall enter into an agreement under which the board, in each of twenty-three consecutive years beginning in the year in which the board and the commission enter into the project agreement under section 3318.08 of the Revised Code, shall transfer into the maintenance fund required by division (D) of section 3318.05 of the Revised Code not less than an amount equal to one-half mill for each dollar of the district's valuation unless and until the agreement to make those transfers is rescinded by the district board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative date prescribed by the commission, the district treasurer shall certify to the commission and the auditor of state that the amount required for the year has been transferred. The auditor of state shall include verification of the transfer as part of any audit of the district under section 117.11 of the Revised Code. If the auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapter 3317. of the Revised Code until the auditor of state notifies the department that the auditor of state is satisfied that the board has made the required transfer.
(C) Money transferred to the maintenance fund shall be used for the maintenance or, upon approval of the Ohio facilities construction commission, upgrade of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors. That levy shall be for a number of years that is equal to the difference between twenty-three years and the number of years that the district made transfers under this section and shall be at the rate of not less than one-half mill for each dollar of the district's valuation. The district board shall continue to make the transfers agreed to under this section until that levy has been approved by the electors.

Sec. 3318.06. (A) After receipt of the conditional approval of the Ohio facilities construction commission, the school district board by a majority of all of its members shall, if it desires to proceed with the project, declare all of the following by resolution:

1. That by issuing bonds in an amount equal to the school district's portion of the basic project cost the district is unable to provide adequate classroom facilities without assistance from the state;

2. Unless the school district board has resolved to transfer money in accordance with section 3318.051 of the Revised Code or to apply the proceeds of a property tax or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized under section 3318.052 of the Revised Code, that to qualify for such state assistance it is necessary to do either of the following:

   a. Levy a tax outside the ten-mill limitation the proceeds of which shall be used to pay the cost of maintaining and upgrading the classroom facilities included in the projects. The use of the proceeds for upgrades is subject to the approval by the commission under division (E) of section 3318.05 of the Revised Code.
(b) Earmark for maintenance of classroom facilities from the proceeds of an existing permanent improvement tax levied under section 5705.21 of the Revised Code, if such tax can be used for maintenance, an amount equivalent to the amount of the additional tax otherwise required under this section and sections 3318.05 and 3318.08 of the Revised Code.

(3) That the question of any tax levy specified in a resolution described in division (A)(2)(a) of this section, if required, shall be submitted to the electors of the school district at the next general or primary election, if there be a general or primary election not less than ninety and not more than one hundred ten days after the day of the adoption of such resolution or, if not, at a special election to be held at a time specified in the resolution which shall be not less than ninety days after the day of the adoption of the resolution and which shall be in accordance with the requirements of section 3501.01 of the Revised Code.

Such resolution shall also state that the question of issuing bonds of the board shall be combined in a single proposal with the question of such tax levy. More than one election under this section may be held in any one calendar year. Such resolution shall specify both of the following:

(a) That the rate which it is necessary to levy shall be at the rate of not less than one-half mill for each one dollar of valuation, and that such tax shall be levied for a period of twenty-three years;

(b) That the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project or upgrading those facilities if approved by the commission.

(B) A copy of a resolution adopted under division (A) of this section shall after its passage and not less than ninety days prior to the date set therein for the election be certified to the county board of elections.

The resolution of the school district board, in addition to meeting other applicable requirements of section 133.18 of the Revised Code, shall state that the amount of bonds to be issued will be an amount equal to the school district's portion of the basic project cost, and state the maximum maturity of the bonds which may be any number of years not exceeding the term calculated under section 133.20 of the Revised Code as determined by the board. In estimating the amount of bonds to be issued, the board shall take into consideration the amount of moneys then in the bond retirement fund and the amount of moneys to be collected for and disbursed from the bond retirement fund during the remainder of the year in which the resolution of necessity is adopted.

If the bonds are to be issued in more than one series, the resolution may state, in addition to the information required to be stated under division
(B)(3) of section 133.18 of the Revised Code, the number of series, which shall not exceed five, the principal amount of each series, and the approximate date each series will be issued, and may provide that no series, or any portion thereof, may be issued before such date. Upon such a resolution being certified to the county auditor as required by division (C) of section 133.18 of the Revised Code, the county auditor, in calculating, advising, and confirming the estimated average annual property tax levy under that division, shall also calculate, advise, and confirm by certification the estimated average property tax levy for each series of bonds to be issued.

Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation for a period of twenty-three years, and that the proceeds of the tax shall be used to pay the cost of maintaining or upgrading the classroom facilities included in the project.

If the bonds are to be issued in more than one series, the board of education, when filing copies of the resolution with the board of elections as required by division (D) of section 133.18 of the Revised Code, may direct the board of elections to include in the notice of election the principal amount and approximate date of each series, the maximum number of years over which the principal of each series may be paid, the estimated additional average property tax levy for each series, and the first calendar year in which the tax is expected to be due for each series, in addition to the information required to be stated in the notice under divisions (E)(3)(a) to (e) of section 133.18 of the Revised Code.

(C)(1) Except as otherwise provided in division (C)(2) of this section, the form of the ballot to be used at such election shall be:

"A majority affirmative vote is necessary for passage.

Shall bonds be issued by the .......... (here insert name of school district) school district to pay the local share of school construction under the State of Ohio Classroom Facilities Assistance Program in the principal amount of .......... (here insert principal amount of the bond issue), to be repaid annually over a maximum period of .......... (here insert the maximum number of years over which the principal of the bonds may be paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue .......... (rate expressed in cents or dollars and cents, such as "thirty-six cents" or "$0.36") for each one hundred dollars of tax valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes
issued in anticipation of the bonds?"

and, unless the additional levy
of taxes is not required pursuant
to division (C) of section
3318.05 of the Revised Code,

"Shall an additional levy of taxes be made for a period of twenty-three
years to benefit the .......... (here insert name of school district) school
district, the proceeds of which shall be used to pay the cost of maintaining
(or upgrading if approved by the commission) the classroom facilities

which shall not be less than one-half mill) mills for each one dollar of
valuation?

(2) If authority is sought to issue bonds in more than one series and the
board of education so elects, the form of the ballot shall be as prescribed in
section 3318.062 of the Revised Code. If the board of education elects the
form of the ballot prescribed in that section, it shall so state in the resolution
adopted under this section.

(D) If it is necessary for the school district to acquire a site for the
classroom facilities to be acquired pursuant to sections 3318.01 to 3318.20
of the Revised Code, the district board may propose either to issue bonds of
the board or to levy a tax to pay for the acquisition of such site, and may
combine the question of doing so with the questions specified in division
(B) of this section. Bonds issued under this division for the purpose of
acquiring a site are a general obligation of the school district and are
Chapter 133. securities.

The form of that portion of the ballot to include the question of either
issuing bonds or levying a tax for site acquisition purposes shall be one of
the following:

(1) "Shall bonds be issued by the .......... (here insert name of the school
district) school district to pay costs of acquiring a site for classroom
facilities under the State of Ohio Classroom Facilities Assistance Program in
the principal amount of .......... (here insert principal amount of the bond
issue), to be repaid annually over a maximum period of .......... (here insert
maximum number of years over which the principal of the bonds may be
paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue .......... (here insert number of mills) mills for each one dollar of tax valuation, which amount to ........ (here insert rate expressed in cents or dollars and cents, such as "thirty-six cents" or "$0.36") for each one hundred dollars of valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

(2) "Shall an additional levy of taxes outside the ten-mill limitation be made for the benefit of the .......... (here insert name of the school district) school district for the purpose of acquiring a site for classroom facilities in the sum of .......... (here insert annual amount the levy is to produce) estimated by the county auditor to average .......... (here insert number of mills) mills for each one hundred dollars of valuation, for a period of .......... (here insert number of years the millage is to be imposed) years?"

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of issuing bonds of the school district for acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issues and the Tax Levy" and "Against the Bond Issues and the Tax Levy."

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of levying a tax for the acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issue and the Tax Levies" and "Against the Bond Issue and the Tax Levies."

Where the school district board chooses to combine the question in division (B) of this section with any of the additional questions described in divisions (A) to (D) of section 3318.056 of the Revised Code, the question specified in division (B) of this section to be voted on shall be "For the Bond Issues and the Tax Levies" and "Against the Bond Issues and the Tax Levies."

If a majority of those voting upon a proposition hereunder which includes the question of issuing bonds vote in favor thereof, and if the agreement provided for by section 3318.08 of the Revised Code has been entered into, the school district board may proceed under Chapter 133. of the Revised Code, with the issuance of bonds or bond anticipation notes in accordance with the terms of the agreement.

Sec. 3318.061. This section applies only to school districts eligible to receive additional assistance under division (B)(2) of section 3318.04 of the
Revised Code.

The board of education of a school district in which a tax described by division (B) of section 3318.05 and levied under section 3318.06 of the Revised Code is in effect, may adopt a resolution by vote of a majority of its members to extend the term of that tax beyond the expiration of that tax as originally approved under that section. The school district board may include in the resolution a proposal to extend the term of that tax at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years from the year in which the school district board and the Ohio facilities construction commission enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or in the following year, as specified in the resolution. Such a resolution may be adopted at any time before such an agreement is entered into and before the tax levied pursuant to section 3318.06 of the Revised Code expires. If the resolution is combined with a resolution to issue bonds to pay the school district's portion of the basic project cost, it shall conform with the requirements of divisions (A)(1), (2), and (3) of section 3318.06 of the Revised Code, except that the resolution also shall state that the tax levy proposed in the resolution is an extension of an existing tax levied under that section. A resolution proposing an extension adopted under this section does not take effect until it is approved by a majority of electors voting in favor of the resolution at a general, primary, or special election as provided in this section.

A tax levy extended under this section is subject to the same terms and limitations to which the original tax levied under section 3318.06 of the Revised Code is subject under that section, except the term of the extension shall be as specified in this section.

The school district board shall certify a copy of the resolution adopted under this section to the proper county board of elections not later than ninety days before the date set in the resolution as the date of the election at which the question will be submitted to electors. The notice of the election shall conform with the requirements of division (A)(3) of section 3318.06 of the Revised Code, except that the notice also shall state that the maintenance tax levy is an extension of an existing tax levy.

The form of the ballot shall be as follows:

"Shall the existing tax levied to pay the cost of maintaining (or upgrading if approved by the Ohio facilities construction commission) classroom facilities constructed with the proceeds of the previously issued bonds at the rate of .......... (here insert the number of mills, which shall not be less than one-half mill) mills per dollar of tax valuation, be extended until .......... (here insert the year that is twenty-three years after the year in which
the district and commission will enter into an agreement under division 
(B)(2) of section 3318.04 of the Revised Code or the following year)?)

FOR EXTENDING THE EXISTING TAX LEVY

AGAINST EXTENDING THE EXISTING TAX LEVY

Section 3318.07 of the Revised Code applies to ballot questions under 
this section.

Sec. 3318.062. (A) If authority is sought to issue bonds in more than 
one series to pay the school district's portion of the basic project cost under 
sections 3318.01 to 3318.20 of the Revised Code, the form of the ballot 
shall be:

"Shall bonds be issued by the .......... (here insert name of school district) 
school district to pay the local share of school construction under the State 
of Ohio Classroom Facilities Assistance Program in the total principal 
amount of .......... (total principal amount of the bond issue), to be issued in 
...... (number of series) series, each series to be repaid annually over not 
more than ...... (maximum number of years over which the principal of each 
series may be paid) years, and an annual levy of property taxes be made 
outside the ten-mill limitation to pay the annual debt charges on the bonds 
and on any notes issued in anticipation of the bonds, at a rate estimated by 
the county auditor to average over the repayment period of each series as 
follows: .......... (insert the following for each series: "the .......... series, in a 
principal amount of .......... dollars, requiring ...... mills per dollar of tax 
valuation, which amounts to ...... (rate expressed in cents or dollars and 
cents, such as "36 cents" or "$1.41") for each one hundred dollars in tax 
valuation, commencing in .......... and first payable in ..........)"

and, unless the additional levy 
of taxes is not required pursuant 
to division (C) of section 
3318.05 of the Revised Code,

"Shall an additional levy of taxes be made for a period of twenty-three 
years to benefit the .......... (here insert name of school district) school 
district, the proceeds of which shall be used to pay the cost of maintaining 
(or upgrading if approved by the Ohio facilities construction commission) 
the classroom facilities included in the project at the rate of .......... (here 
insert the number of mills, which shall not be less than one-half mill) mills 
for each one dollar of valuation?

For the bond issue
(B) If it is necessary for the school district to acquire a site for the classroom facilities to be acquired pursuant to sections 3318.01 to 3318.20 of the Revised Code, the district board may propose either to issue bonds of the board or to levy a tax to pay for the acquisition of such site, and may combine the question of doing so with the questions specified in division (A) of this section. Bonds issued under this division for the purpose of acquiring a site are a general obligation of the school district and are Chapter 133. securities.

The form of that portion of the ballot to include the question of either issuing bonds or levying a tax for site acquisition purposes shall be one of the forms prescribed in division (D) of section 3318.06 of the Revised Code.

(C) Where the school district board chooses to combine the question in division (A) of this section with any of the additional questions described in divisions (A) to (D) of section 3318.056 of the Revised Code, the question specified in division (A) of this section to be voted on shall be "For the Bond Issues and the Tax Levies" and "Against the Bond Issues and the Tax Levies."

(D) If a majority of those voting upon a proposition prescribed in this section which includes the question of issuing bonds vote in favor of that issuance, and if the agreement prescribed in section 3318.08 of the Revised Code has been entered into, the school district board may proceed under Chapter 133. of the Revised Code with the issuance of bonds or bond anticipation notes in accordance with the terms of the agreement.

Sec. 3318.063. If the board of education of a city, exempted village, or local school district that has entered into an agreement under section 3318.051 of the Revised Code to make transfers of money in lieu of levying the tax for maintenance or upgrade of the classroom facilities included in the district's project determines that it no longer can continue making the transfers so agreed to and desires to rescind that agreement, the board shall adopt the resolution to submit the question of the tax levy prescribed in this section.

The resolution shall declare that the question of a tax levy specified in division (F) of section 3318.051 of the Revised Code shall be submitted to the electors of the school district at the next general or primary election, if there be a general or primary election not less than seventy-five and not more than ninety-five days after the day of the adoption of such resolution or, if not, at a special election to be held at a time specified in the resolution which shall be not less than seventy-five days after the day of the adoption
of the resolution and which shall be in accordance with the requirements of section 3501.01 of the Revised Code. Such resolution shall specify both of the following:

(A) That the rate which it is necessary to levy shall be at the rate of not less than one-half mill for each one dollar of valuation, and that such tax shall be levied for the number of years required by division (F) of section 3318.051 of the Revised Code;

(B) That the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

A copy of such resolution shall after its passage and not less than seventy-five days prior to the date set therein for the election be certified to the county board of elections.

Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation for the number of years required by division (F) of section 3318.051 of the Revised Code, and that the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

The form of the ballot to be used at such election shall be:

"Shall a levy of taxes be made for a period of ........... (here insert the number of years, which shall not be less than the number required by division (F) of section 3318.051 of the Revised Code) years to benefit the ........... (here insert name of school district) school district, the proceeds of which shall be used to pay the cost of maintaining (or upgrading if approved by the Ohio facilities construction commission) the classroom facilities included in the project at the rate of ........... (here insert the number of mills, which shall not be less than one-half mill) mills for each one dollar of valuation?"

Sec. 3318.36. (A)(1) As used in this section:

(a) "Ohio facilities construction commission," "classroom facilities," "school district," "school district board," "net bonded indebtedness," "required percentage of the basic project costs," "basic project cost," "valuation," and "percentile" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Required level of indebtedness" means five per cent of the school district's valuation for the year preceding the year in which the commission
and school district enter into an agreement under division (B) of this section, plus [two one-hundredths of one per cent multiplied by (the percentile in which the district ranks minus one)].

(c) "Local resources" means any moneys generated in any manner permitted for a school district board to raise the school district portion of a project undertaken with assistance under sections 3318.01 to 3318.20 of the Revised Code.

(2) For purposes of determining the required level of indebtedness, the required percentage of the basic project costs under division (C)(1) of this section, and priority for assistance under sections 3318.01 to 3318.20 of the Revised Code, the percentile ranking of a school district with which the commission has entered into an agreement under this section between the first day of July and the thirty-first day of August in each fiscal year is the percentile ranking calculated for that district for the immediately preceding fiscal year, and the percentile ranking of a school district with which the commission has entered into such agreement between the first day of September and the thirtieth day of June in each fiscal year is the percentile ranking calculated for that district for the current fiscal year.

(B)(1) There is hereby established the school building assistance expedited local partnership program. Under the program, the Ohio facilities construction commission may enter into an agreement with the board of any school district under which the board may proceed with the new construction or major repairs of a part of the district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under those sections, and may apply that expenditure toward meeting the school district's portion of the basic project cost of the total of the district's classroom facilities needs, as recalculated under division (E) of this section, when the district becomes eligible for state assistance under sections 3318.01 to 3318.20 or section 3318.364 of the Revised Code. Any school district that is reasonably expected to receive assistance under sections 3318.01 to 3318.20 of the Revised Code within two fiscal years from the date the school district adopts its resolution under division (B) of this section shall not be eligible to participate in the program established under this section unless that school district divides its project under those sections into segments as authorized by section 3318.034 of the Revised Code. In the case of a school district that has segmented its project as authorized in section 3318.034 of the Revised Code, the district shall select a discrete portion of one or more future segments of its project, to
which the district may apply local resources under an agreement under this section prior to further state assistance for those future segments under sections 3318.01 to 3318.20 of the Revised Code.

(2) To participate in the program, a school district board shall first adopt a resolution certifying to the commission the board's intent to participate in the program. The resolution shall specify the approximate date that the board intends to seek elector approval of any bond or tax measures or to apply other local resources to use to pay the cost of classroom facilities to be constructed under this section. The resolution may specify the application of local resources or elector-approved bond or tax measures after the resolution is adopted by the board, and in such case the board may proceed with a discrete portion of its project under this section as soon as the commission and the controlling board have approved the basic project cost of the district's classroom facilities needs as specified in division (D) of this section. The board shall submit its resolution to the commission not later than ten days after the date the resolution is adopted by the board.

The commission shall not consider any resolution that is submitted pursuant to division (B)(2) of this section, as amended by this amendment, sooner than September 14, 2000.

(3) For purposes of determining when a district that enters into an agreement under this section becomes eligible for assistance under sections 3318.01 to 3318.20 of the Revised Code or priority for assistance under section 3318.364 of the Revised Code, the commission shall use the district's percentile ranking determined at the time the district entered into the agreement under this section, as prescribed by division (A)(2) of this section.

(4) Any project under this section shall comply with section 3318.03 of the Revised Code and with any specifications for plans and materials for classroom facilities adopted by the commission under section 3318.04 of the Revised Code.

(5) If a school district that enters into an agreement under this section has not begun a project applying local resources as provided for under that agreement at the time the district is notified by the commission that it is eligible to receive state assistance for its project under sections 3318.01 to 3318.20 of the Revised Code or for a segment of its project, if the district previously segmented its project as authorized in section 3318.034 of the Revised Code, all assessment and agreement documents entered into under this section are void.

(6) Only construction of or repairs to classroom facilities that have been
approved by the commission and have been therefore included as part of a district's basic project cost qualify for application of local resources under this section.

(C) Based on the results of on-site visits and assessment, the commission shall determine the basic project cost of the school district's classroom facilities needs. The commission shall determine the school district's portion of such basic project cost, which shall be the greater of:

1) The required percentage of the basic project costs, determined based on the school district's percentile ranking;

2) An amount necessary to raise the school district's net bonded indebtedness, as of the fiscal year the commission and the school district enter into the agreement under division (B) of this section, to within five thousand dollars of the required level of indebtedness.

(D)(1) When the commission determines the basic project cost of the classroom facilities needs of a school district and the school district's portion of that basic project cost under division (C) of this section, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, and the amount of the state's portion of the basic project cost; however, no state funds shall be encumbered under this section. Upon approval by the controlling board, the school district board may identify a discrete part of its classroom facilities needs, which shall include only new construction of or additions or major repairs to a particular building, to address with local resources. Upon identifying a part of the school district's basic project cost to address with local resources, the school district board may allocate any available school district moneys to pay the cost of that identified part, including the proceeds of an issuance of bonds if approved by the electors of the school district.

All local resources utilized under this division shall first be deposited in the project construction account required under section 3318.08 of the Revised Code.

(2) Unless the school district board exercises its option under division (D)(3) of this section, for a school district to qualify for participation in the program authorized under this section, one of the following conditions shall be satisfied:

(a) The electors of the school district by a majority vote shall approve the levy of taxes outside the ten-mill limitation for a period of twenty-three years at the rate of not less than one-half mill for each dollar of valuation to be used to pay the cost of maintaining or upgrading, if approved by the
commission, the classroom facilities included in the basic project cost as determined by the commission. The form of the ballot to be used to submit the question whether to approve the tax required under this division to the electors of the school district shall be the form for an additional levy of taxes prescribed in section 3318.361 of the Revised Code, which may be combined in a single ballot question with the questions prescribed under section 5705.218 of the Revised Code.

(b) As authorized under division (C) of section 3318.05 of the Revised Code, the school district board shall earmark from the proceeds of a permanent improvement tax levied under section 5705.21 of the Revised Code, an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(c) As authorized under section 3318.051 of the Revised Code, the school district board shall, if approved by the commission, annually transfer into the maintenance fund required under section 3318.05 of the Revised Code the amount prescribed in section 3318.051 of the Revised Code in lieu of the tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(d) If the school district board has rescinded the agreement to make transfers under section 3318.051 of the Revised Code, as provided under division (F) of that section, the electors of the school district, in accordance with section 3318.063 of the Revised Code, first shall approve the levy of taxes outside the ten-mill limitation for the period specified in that section at a rate of not less than one-half mill for each dollar of valuation.

(e) The school district board shall apply the proceeds of a tax to leverage bonds as authorized under section 3318.052 of the Revised Code or dedicate a local donated contribution in the manner described in division (B) of section 3318.084 of the Revised Code in an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(3) A school district board may opt to delay taking any of the actions described in division (D)(2) of this section until the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code. In order to exercise this option, the board shall certify to the commission a resolution indicating the board's intent to do so prior to entering into an agreement under division (B) of this section.

(4) If pursuant to division (D)(3) of this section a district board opts to
delay levying an additional tax until the district becomes eligible for state assistance, it shall submit the question of levying that tax to the district electors as follows:

(a) In accordance with section 3318.06 of the Revised Code if it will also be necessary pursuant to division (E) of this section to submit a proposal for approval of a bond issue;

(b) In accordance with section 3318.361 of the Revised Code if it is not necessary to also submit a proposal for approval of a bond issue pursuant to division (E) of this section.

(5) No state assistance under sections 3318.01 to 3318.20 of the Revised Code shall be released until a school district board that adopts and certifies a resolution under division (D) of this section also demonstrates to the satisfaction of the commission compliance with the provisions of division (D)(2) of this section.

Any amount required for maintenance under division (D)(2) of this section shall be deposited into a separate fund as specified in division (B) of section 3318.05 of the Revised Code.

(E)(1) If the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code for its entire project or for future segments, if the district previously segmented its project as authorized in section 3318.034 of the Revised Code, based on its percentile ranking under division (B)(3) of this section or is offered assistance under section 3318.364 of the Revised Code, the commission shall conduct a new assessment of the school district's classroom facilities needs and shall recalculate the basic project cost based on this new assessment. The basic project cost recalculated under this division shall include the amount of expenditures made by the school district board under division (D)(1) of this section. The commission shall then recalculate the school district's portion of the new basic project cost, which shall be the percentage of the original basic project cost assigned to the school district as its portion under division (C) of this section. The commission shall deduct the expenditure of school district moneys made under division (D)(1) of this section from the school district's portion of the basic project cost as recalculated under this division. If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is less than the total amount of such portion as recalculated under this division, the school district board by a majority vote of all of its members shall, if it desires to seek state assistance under sections 3318.01 to 3318.20 of the Revised Code, adopt a resolution as specified in section 3318.06 of the Revised Code to submit to the electors of the school district the question of
approval of a bond issue in order to pay any additional amount of school district portion required for state assistance. Any tax levy approved under division (D) of this section satisfies the requirements to levy the additional tax under section 3318.06 of the Revised Code.

(2) If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is more than the total amount of such portion as recalculated under this division, within one year after the school district's portion is recalculated under division (E)(1) of this section the commission may grant to the school district the difference between the two calculated portions, but at no time shall the commission expend any state funds on a project in an amount greater than the state's portion of the basic project cost as recalculated under this division.

Any reimbursement under this division shall be only for local resources the school district has applied toward construction cost expenditures for the classroom facilities approved by the commission, which shall not include any financing costs associated with that construction.

The school district board shall use any moneys reimbursed to the district under this division to pay off any debt service the district owes for classroom facilities constructed under its project under this section before such moneys are applied to any other purpose. However, the district board first may deposit moneys reimbursed under this division into the district's general fund or a permanent improvement fund to replace local resources the district withdrew from those funds, as long as, and to the extent that, those local resources were used by the district for constructing classroom facilities included in the district's basic project cost.

Sec. 3318.361. A school district board opting to qualify for state assistance pursuant to section 3318.36 of the Revised Code through levying the tax specified in division (D)(2)(a) or (D)(4) of that section shall declare by resolution that the question of a tax levy specified in division (D)(2)(a) or (4), as applicable, of section 3318.36 of the Revised Code shall be submitted to the electors of the school district at the next general or primary election, if there be a general or primary election not less than ninety and not more than one hundred ten days after the day of the adoption of such resolution or, if not, at a special election to be held at a time specified in the resolution which shall be not less than ninety days after the day of the adoption of the resolution and which shall be in accordance with the requirements of section 3501.01 of the Revised Code. Such resolution shall specify both of the following:

(A) That the rate which it is necessary to levy shall be at the rate of not
less than one-half mill for each one dollar of valuation, and that such tax shall be levied for a period of twenty-three years;

(B) That the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project or upgrading those facilities if approved by the Ohio facilities construction commission.

A copy of such resolution shall after its passage and not less than ninety days prior to the date set therein for the election be certified to the county board of elections.

Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation for a period of twenty-three years, and that the proceeds of the tax shall be used to pay the cost of maintaining or upgrading the classroom facilities included in the project.

The form of the ballot to be used at such election shall be:

"Shall a levy of taxes be made for a period of twenty-three years to benefit the .......... (here insert name of school district) school district, the proceeds of which shall be used to pay the cost of maintaining (or upgrading if approved by the Ohio facilities construction commission) the classroom facilities included in the project at the rate of .......... (here insert the number of mills, which shall not be less than one-half mill) mills for each one dollar of valuation?

(C) The state board, in consultation with the board of directors of the bright new leaders for Ohio schools program, shall adopt rules that prescribe the requirements for obtaining an alternative principal license or an administrator license for grades pre-kindergarten through twelve under this section. (B) An individual employed under this section shall be deemed to hold a teaching certificate or educator license for the purposes of state and federal law and rules and regulations and school district policies, rules, and regulations. No individual whose right to teach has been revoked under this division shall teach in a public school, and no board of education may engage such an individual to teach in the schools of its district.

Notwithstanding division (B) of this section, a board of education is not required to comply with the provisions of sections 3311.81, 3311.82, 3319.11, and 3319.16 of the Revised Code with regard to termination of employment if the superintendent, after an investigation and an adjudication, has revoked the individual's right to teach.

Sec. 3321.191. (A) Effective beginning with the 2017-2018 school year, the board of education of each city, exempted village, local, joint vocational, and cooperative education school district and the governing board of each educational service center shall adopt a new or amended policy to guide
employees of the school district or service center in addressing and ameliorating student absences. In developing the policy, the appropriate board shall consult with the judge of the juvenile court of the county or counties in which the district or service center is located, with the parents, guardians, or other persons having care of the pupils attending school in the district, and with appropriate state and local agencies.

(B) The policy developed under division (A) of this section shall include as an intervention strategy all of the following actions, if applicable:

(1) Providing a truancy intervention plan for any student who is excessively absent from school, as described in the first paragraph of division (C) of this section;

(2) Providing counseling for an habitual truant;

(C)(1) In the event that a child of compulsory school age is absent with a nonmedical excuse or without legitimate excuse from the public school the child is supposed to attend for thirty-eight or more hours in one school month, or sixty-five or more hours in a school year, the attendance officer of that school shall notify the child's parent, guardian, or custodian of the child's absences, in writing, within seven days after the date after the absence that triggered the notice requirement. At the time notice is given, the school also may take any appropriate action as an intervention strategy contained in the policy developed by the board pursuant to division (A) of this section.

(2)(a) If the absences of a student surpass the threshold for an habitual truant as set forth in section 2151.011 of the Revised Code, the principal or chief administrator of the school or the superintendent of the school district shall assign the student to an absence intervention team. Within fourteen school days after the assignment of a student to an absence intervention team, the team shall develop an intervention plan for that student in an effort to reduce or eliminate further absences. Each intervention plan shall vary based on the individual needs of the student, but the plan shall state that the attendance officer shall file a complaint not later than sixty-one days after
the date the plan was implemented, if the child has refused to participate in, or failed to make satisfactory progress on, the intervention plan or an alternative to adjudication under division (C)(2)(b) of section 3321.191 of the Revised Code. Within seven days after the development of the plan, the school district or school shall make reasonable efforts to provide the student's parent, guardian, custodian, guardian ad litem, or temporary custodian with written notice of the plan.

(b) As part of the absence intervention plan described in division (C)(2) of this section, the school district or school, in its discretion, may contact the appropriate juvenile court and ask to have a student informally enrolled in any alternative to adjudication described in division (G) of section 2151.27 of the Revised Code. If the school district or school chooses to have students informally enrolled in an alternative to adjudication, the school district or school shall develop a written policy regarding the use of, and selection process for, offering alternatives to adjudication to ensure fairness.

(c) The superintendent of each school district, or the superintendent's designee, shall establish an absence intervention team for the district to be used by any schools of the district that do not establish their own absence intervention team as permitted under division (C)(2)(d) of this section. Membership of each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's school district or school, another representative from the child's school district or school who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

(d) The principal or chief administrator of each school may establish an absence intervention team or series of teams to be used in lieu of the district team established pursuant to division (C)(2)(c) of this section. Membership of each absence intervention team may vary based on the needs of each individual student but shall include a representative from the child's school district or school, another representative from the child's school district or school who knows the child, and the child's parent or parent's designee, or the child's guardian, custodian, guardian ad litem, or temporary custodian. The team also may include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.

(e) A superintendent, as described in division (C)(2)(c) of this section, or principal or chief administrator, as described in division (C)(2)(d) of this
section, shall select the members of an absence intervention team within seven school days of the triggering event described in division (C)(2)(a) of this section. The superintendent, principal, or chief administrator, within the same period of seven school days, shall make at least three meaningful, good faith attempts to secure the participation of the student's parent, guardian, custodian, guardian ad litem, or temporary custodian on that team. If the student's parent responds to any of those attempts, but is unable to participate for any reason, the representative of the school district shall inform the parent of the parent's right to appear by designee. If seven school days elapse and the student's parent, guardian, custodian, guardian ad litem, or temporary custodian fails to respond to the attempts to secure participation, the school district or school shall do both of the following:

(i) Investigate whether the failure to respond triggers mandatory reporting to the public children services agency for the county in which the child resides in the manner described in section 2151.421 of the Revised Code;

(ii) Instruct the absence intervention team to develop an intervention plan for the child notwithstanding the absence of the child's parent, guardian, custodian, guardian ad litem, or temporary custodian.

(f) In the event that a student becomes habitually truant within twenty-one school days prior to the last day of instruction of a school year, the school district or school may, in its discretion, assign one school official to work with the child's parent, guardian, custodian, guardian ad litem, or temporary custodian to develop an absence intervention plan during the summer. If the school district or school selects this method, the plan shall be implemented not later than seven days prior to the first day of instruction of the next school year. In the alternative, the school district or school may toll the time periods to accommodate for the summer months and reconvene the absence intervention process upon the first day of instruction of the next school year.

(3) For purposes of divisions (C)(2)(c) and (d) of this section, the state board of education shall develop a format for parental permission to ensure compliance with the "Family Educational Rights and Privacy Act of 1974," 88 Stat. 571, 20 U.S.C. 1232g, as amended, and any regulations promulgated under that act, and section 3319.321 of the Revised Code.

(D) Each school district or school may consult or partner with public and nonprofit agencies to provide assistance as appropriate to students and their families in reducing absences.

(E) Beginning with the 2017-2018 school year, each school district shall report to the department of education, as soon as practicable, and in a format
and manner determined by the department, any of the following occurrences:

1. When a notice required by division (C)(1) of this section is submitted to a parent, guardian, or custodian;
2. When a child of compulsory school age has been absent without legitimate excuse from the public school the child is supposed to attend for thirty or more consecutive hours, forty-two or more hours in one school month, or seventy-two or more hours in a school year;
3. When a child of compulsory school age who has been adjudicated an unruly child for being an habitual truant violates the court order regarding that adjudication;
4. When an absence intervention plan has been implemented for a child under this section.

(F) Nothing in this section shall be construed to limit the duty or authority of a district board of education or governing body of an educational service center to develop other policies related to truancy or to limit the duty or authority of any employee of the school district or service center to respond to pupil truancy. However, a board shall be subject to the prohibition against suspending, expelling, or otherwise preventing a student from attending school for excessive absences as prescribed by section 3313.668 of the Revised Code.

Sec. 3326.031. (A) As authorized by the STEM committee, a single governing body may direct a group of multiple STEM schools to operate from multiple facilities located in one or more school districts to be organized and operated in the manner prescribed under this chapter except as specified by this section. Each school within the group shall operate as a separate school but under the direction of a common governing body. The governing body may employ a single treasurer, licensed in the manner prescribed by section 3326.21 of the Revised Code, to manage the fiscal affairs of all of the schools within the group. Each school shall have a chief administrative officer, as required by section 3326.08 of the Revised Code, but the governing body may in its discretion appoint a single individual to be the chief administrative officer of two or more schools in the group. No school within the group shall be organized or funded in the manner prescribed by section 3326.51 of the Revised Code.

(B) The department shall calculate funds under this chapter for each STEM school within a group separately and shall pay those funds directly to each to the governing body of the group. The governing body shall distribute to each STEM school within the group the full amount determined by the department for that school.
(C) In accordance with section 3326.17 of the Revised Code, the department shall issue a separate report card for each STEM school within a group. The department also shall compute a rating for each group of schools and report that rating in a distinct report card for the group.

(D) The department shall assign a separate internal retrieval number to each STEM school within a group.

Sec. 3326.13. (A) Teachers employed by a science, technology, engineering, and mathematics school shall be properly certified or licensed teachers, as defined in section 3319.074 of the Revised Code, and shall be licensed under sections 3319.22 to 3319.31 of the Revised Code and rules of the state board of education implementing those sections.

(B) No STEM school shall employ any classroom teacher initially hired on or after July 1, 2013, to provide instruction in physical education unless the teacher holds a valid license issued pursuant to section 3319.22 of the Revised Code for teaching physical education.

Each institution that enrolls students under division (B) of this section shall report to the chancellor, by the first day of July of each year, the number of students who were so enrolled and the average amount of all such tuition and student fees waived during the preceding year. The chancellor shall determine the average amount of all such tuition and student fees waived during the preceding year. Sec. 3333.59. (A) As used in this section:
(1) "Allocated state share of instruction" means, for any fiscal year, the amount of the state share of instruction appropriated to the department of higher education by the general assembly that is allocated to a community or technical college or community or technical college district for such fiscal year.
(2) "Issuing authority" has the same meaning as in section 154.01 of the Revised Code.
(3) "Bond service charges" has the same meaning as in section 154.01 of the Revised Code.
(4) "Chancellor" means the chancellor of higher education.

(b) A technical college as defined in section 3357.01 of the Revised Code;
(c) A state community college as defined in section 3358.01 of the Revised Code.

(a) A community college district as defined in section 3354.01 of the Revised Code;

(b) A technical college district as defined in section 3357.01 of the Revised Code;

(c) A state community college district as defined in section 3358.01 of the Revised Code.

(7) "Credit enhancement facilities" has the same meaning as in section 133.01 of the Revised Code.

(8) "Obligations" has the meaning as in section 154.01 or 3345.12 of the Revised Code, as the context requires.

(B) The board of trustees of any community or technical college district authorizing the issuance of obligations under section 3354.12, 3354.121, 3357.11, 3357.112, or 3358.10, or 3358.11 of the Revised Code, or for whose benefit and on whose behalf the issuing authority proposes to issue obligations under section 154.25 of the Revised Code, may adopt a resolution requesting the chancellor to enter into an agreement with the community or technical college district and the primary paying agent or fiscal agent for such obligations, providing for the withholding and deposit of funds otherwise due the district or the community or technical college it operates in respect of its allocated state share of instruction, for the payment of bond service charges on such obligations.

The board of trustees shall deliver to the chancellor a copy of the resolution and any additional pertinent information the chancellor may require.

The chancellor and the office of budget and management, and the issuing authority in the case of obligations to be issued by the issuing authority, shall evaluate each request received from a community or technical college district under this section. The chancellor, with the advice and consent of the director of budget and management and the issuing authority in the case of obligations to be issued by the issuing authority, shall approve each request if all of the following conditions are met:

(1) Approval of the request will enhance the marketability of the obligations for which the request is made;

(2) The chancellor and the office of budget and management, and the issuing authority in the case of obligations to be issued by the issuing authority, have no reason to believe the requesting community or technical college district or the community or technical college it operates will be
unable to pay when due the bond service charges on the obligations for which the request is made, and bond service charges on those obligations are therefore not anticipated to be paid pursuant to this section from the allocated state share of instruction for purposes of Section 17 of Article VIII, Ohio Constitution.

(3) Any other pertinent conditions established in rules adopted under division (H) of this section.

(C) If the chancellor approves the request of a community or technical college district to withhold and deposit funds pursuant to this section, the chancellor shall enter into a written agreement with the district and the primary paying agent or fiscal agent for the obligations, which agreement shall provide for the withholding of funds pursuant to this section for the payment of bond service charges on those obligations. The agreement may also include both of the following:

(1) Provisions for certification by the district to the chancellor, prior to the deadline for payment of the applicable bond service charges, whether the district and the community or technical college it operates are able to pay those bond service charges when due;

(2) Requirements that the district or the community or technical college it operates deposits amounts for the payment of those bond service charges with the primary paying agent or fiscal agent for the obligations prior to the date on which the bond service charges are due to the owners or holders of the obligations.

(D) Whenever a district or the community or technical college it operates notifies the chancellor that it will not be able to pay the bond service charges when they are due, subject to the withholding provisions of this section, or whenever the applicable paying agent or fiscal agent notifies the chancellor that it has not timely received from a district or from the college it operates the full amount needed for payment of the bond service charges when due to the holders or owners of such obligations, the chancellor shall immediately contact the district or college and the paying agent or fiscal agent to confirm that the district and the college are not able to make the required payment by the date on which it is due.

If the chancellor confirms that the district and the college are not able to make the payment and the payment will not be made pursuant to a credit enhancement facility, the chancellor shall promptly pay to the applicable primary paying agent or fiscal agent the lesser of the amount due for bond service charges or the amount of the next periodic distribution scheduled to be made to the district or to the college in respect of its allocated state share of instruction. If this amount is insufficient to pay the total amount then due
the agent for the payment of bond service charges, the chancellor shall continue to pay to the agent from each periodic distribution thereafter, and until the full amount due the agent for unpaid bond service charges is paid in full, the lesser of the remaining amount due the agent for bond service charges or the amount of the next periodic distribution scheduled to be made to the district or college in respect of its allocated state share of instruction.

(E) The chancellor may make any payments under this section by direct deposit of funds by electronic transfer.

Any amount received by a paying agent or fiscal agent under this section shall be applied only to the payment of bond service charges on the obligations of the community or technical college district or community or technical college subject to this section or to the reimbursement of the provider of a credit enhancement facility that has paid the bond service charges.

(F) The chancellor may make payments under this section to paying agents or fiscal agents during any fiscal biennium of the state only from and to the extent that money is appropriated to the department by the general assembly for distribution during such biennium for the state share of instruction and only to the extent that a portion of the state share of instruction has been allocated to the community or technical college district or community or technical college. Obligations of the issuing authority or of a community or technical college district to which this section is made applicable do not constitute an obligation or a debt or a pledge of the faith, credit, or taxing power of the state, and the holders or owners of those obligations have no right to have excises or taxes levied or appropriations made by the general assembly for the payment of bond service charges on the obligations, and the obligations shall contain a statement to that effect. The agreement for or the actual withholding and payment of money under this section does not constitute the assumption by the state of any debt of a community or technical college district or a community or technical college, and bond service charges on the related obligations are not anticipated to be paid from the state general revenue fund for purposes of Section 17 of Article VIII, Ohio Constitution.

(G) In the case of obligations subject to the withholding provisions of this section, the issuing community or technical college district, or the issuing authority in the case of obligations issued by the issuing authority, shall appoint a paying agent or fiscal agent who is not an officer or employee of the district or college.

(H) The chancellor, with the advice and consent of the office of budget and management, may adopt reasonable rules not inconsistent with this
section for the implementation of this section to secure payment of bond service charges on obligations issued by a community or technical college district or by the issuing authority for the benefit of a community or technical college district or the community or technical college it operates. Those rules shall include criteria for the evaluation and approval or denial of community or technical college district requests for withholding under this section.

(I) The authority granted by this section is in addition to and not a limitation on any other authorizations granted by or pursuant to law for the same or similar purposes.

Sec. 3333.61. The chancellor of higher education shall establish and administer the Ohio innovation partnership, which shall consist of the choose Ohio first scholarship program and the Ohio research scholars program. Under the programs, the chancellor, subject to approval by the controlling board, shall make awards to state universities or colleges for programs and initiatives that recruit students and scientists in the fields of science, technology, engineering, mathematics, medicine, and dentistry to state universities or colleges, in order to enhance regional educational and economic strengths and meet the needs of the state's regional economies. Awards may be granted for programs and initiatives to be implemented by a state university or college alone or in collaboration with other state institutions of higher education, nonpublic Ohio universities and colleges, or other public or private Ohio entities. If the chancellor makes an award to a program or initiative that is intended to be implemented by a state university or college in collaboration with other state institutions of higher education or nonpublic Ohio universities or colleges, the chancellor may provide that some portion of the award be received directly by the collaborating universities or colleges consistent with all terms of the Ohio innovation partnership.

The choose Ohio first scholarship program shall assign a number of scholarships to state universities and colleges to recruit Ohio residents as undergraduate, or as provided in section 3333.66 of the Revised Code graduate, students in the fields of science, technology, engineering, mathematics, medicine, and dentistry, or in science, technology, engineering, mathematics, medical, or dental education. The chancellor also may assign a number of choose Ohio first scholarships to state universities and colleges to recruit Ohio residents to enroll in certificate programs in the fields of science, technology, engineering, mathematics, medicine, and dentistry. Choose Ohio first scholarships shall be awarded to each participating eligible student as a grant to the state university or college the
student is attending and shall be reflected on the student's tuition bill. Choose Ohio first scholarships are student-centered grants from the state to students to use to attend a university or college and are not grants from the state to universities or colleges.

Notwithstanding any other provision of this section or sections 3333.62 to 3333.69 of the Revised Code, a nonpublic four-year Ohio institution of higher education may submit a proposal for choose Ohio first scholarships or Ohio research scholars grants. If the chancellor awards a nonpublic institution scholarships or grants, the nonpublic institution shall comply with all requirements of this section, sections 3333.62 to 3333.69 of the Revised Code, and the rules adopted under this section that apply to state universities or colleges awarded choose Ohio first scholarships or Ohio research scholars grants.

The Ohio research scholars program shall award grants to use in recruiting scientists to the faculties of state universities or colleges.

The chancellor shall adopt rules in accordance with Chapter 119. of the Revised Code to administer the programs.

Sec. 3333.62. The chancellor of higher education shall establish a competitive process for making awards under the choose Ohio first scholarship program and the Ohio research scholars program. The chancellor, on completion of that process, shall make a recommendation to the controlling board asking for approval of each award selected by the chancellor.

Any state university or college may apply for one or more awards under one or both programs. The state university or college shall submit a proposal and other documentation required by the chancellor, in the form and manner prescribed by the chancellor, for each award it seeks. A proposal may propose an initiative to be implemented solely by the state university or college or in collaboration with other state institutions of higher education, nonpublic Ohio universities or colleges, or other public or nonpublic Ohio entities. A single proposal may seek an award under one or both programs.

The chancellor shall determine which proposals will receive awards each fiscal year, and the amount of each award, on the basis of the merit of each proposal, which the chancellor, subject to approval by the controlling board, shall determine based on one or more of the following criteria:

(A) The quality of the program that is the subject of the proposal and the extent to which additional resources will enhance its quality;

(B) The extent to which the proposal is integrated with the strengths of the regional economy;

(C) The extent to which the proposal is integrated with centers of
research excellence within the private sector;

(D) The amount of other institutional, public, or private resources, whether monetary or nonmonetary, that the proposal pledges to leverage;

(E) The extent to which the proposal is collaborative with other public or nonpublic Ohio institutions of higher education;

(F) The extent to which the proposal is integrated with the university's or college's mission and does not displace existing resources already committed to the mission;

(G) The extent to which the proposal facilitates a more efficient utilization of existing faculty and programs;

(H) The extent to which the proposal meets a statewide educational need;

(I) The demonstrated productivity or future capacity of the students or scientists to be recruited;

(J) The extent to which the proposal will create additional capacity in educational or economic areas of need;

(K) The extent to which the proposal will encourage students who received degrees in the fields of science, technology, engineering, mathematics, or medicine from two-year institutions to transfer to state universities or colleges to pursue baccalaureate degrees in science, technology, engineering, mathematics, or medicine;

(L) The extent to which the proposal encourages students enrolled in state universities to transfer into science, technology, engineering, mathematics, or medicine programs;

(M) The extent to which the proposal facilitates the completion of a baccalaureate degree in a cost-effective manner, for example, by facilitating students' completing two years at a two-year institution and two years at a state university or college;

(N) The extent to which the proposal allows attendance at a state university or college of students who otherwise could not afford to attend;

(O) The extent to which other institutional, public, or private resources pledged to the proposal will be deployed to assist in sustaining students' scholarships over their academic careers;

(P) The extent to which the proposal increases the likelihood that students will successfully complete their degree programs in science, technology, engineering, mathematics, or medicine or in science, technology, engineering, mathematics, or medical education;

(Q) The extent to which the proposal ensures that a student who is awarded a scholarship is appropriately qualified and prepared to successfully complete a degree program in science, technology, engineering,
mathematics, or medicine or in science, technology, engineering, mathematics, or medical education;

(R) The extent to which the proposal will increase the number of women participating in the choose Ohio first scholarship program;

(S) The extent to which the proposal encourages students to complete a certificate program at a state university or college.

Sec. 3333.65. The chancellor of higher education shall require each state university or college, and any nonpublic Ohio university or college with which the state university or college is collaborating, that the controlling board approves to receive an award under the Ohio innovation partnership to enter into an agreement governing the use of the award. The agreement shall contain terms the chancellor determines to be necessary, which shall include performance measures, reporting requirements, and an obligation to fulfill pledges of other institutional, public, or nonpublic resources for the proposal.

The chancellor may require a state university or college or a nonpublic Ohio university or college that violates the terms of its agreement to repay the award plus interest at the rate required by section 5703.47 of the Revised Code to the chancellor, except that the chancellor shall not hold a state or nonpublic university or college responsible for a repayment due to a student obligation under section 3333.611 of the Revised Code, until the state or nonpublic university or college is able to obtain repayment from the student or if the state or nonpublic university or college has certified collection of the repayment to the attorney general and has sent a copy of the certification to the chancellor.

If the chancellor makes an award to a program or initiative that is intended to be implemented by a state university or college in collaboration with other state institutions of higher education or nonpublic Ohio universities or colleges, the chancellor may enter into an agreement with the collaborating universities or colleges that permits awards to be received directly by the collaborating universities or colleges consistent with the terms of the program or initiative. In that case, the chancellor shall incorporate into the agreement terms consistent with the requirements of this section.

Sec. 3333.66. (A)(1) Except as provided in division divisions (A)(2), (3), and (4) of this section, in each academic year, no student who receives a choose Ohio first scholarship shall receive less than one thousand five hundred dollars or more than one-half of the highest in-state undergraduate instructional and general fees charged by all state universities. For this purpose, if Miami university is implementing the pilot tuition restructuring
plan originally recognized in Am. Sub. H.B. 95 of the 125th general assembly, that university's instructional and general fees shall be considered to be the average full-time in-state undergraduate instructional and general fee amount after taking into account the Ohio resident and Ohio leader scholarships and any other credit provided to all Ohio residents.

(2) The chancellor of higher education may authorize a state university or college or a nonpublic Ohio institution of higher education to award a choose Ohio first scholarship in an amount greater than one-half of the highest in-state undergraduate instructional and general fees charged by all state universities to either of the following:

(a) Any undergraduate student who qualifies for a scholarship and is enrolled in a program leading to a teaching profession in science, technology, engineering, mathematics, or medicine;
(b) Any graduate student who qualifies for a scholarship, if any initiatives are selected for award under division (B) of this section.

(3) The chancellor may authorize a state university or college or a nonpublic Ohio institution of higher education to award a choose Ohio first scholarship in the amount of not less than five hundred dollars but not more than one-half of the highest in-state undergraduate instructional and general fees charged by all state universities to a student enrolled in a certificate program designated as an eligible program by the chancellor.

(4) A student receiving multiple awards under division (A) of this section may exceed the maximum permitted provided that each award is within its permitted amount.

(B) The chancellor shall encourage state universities and colleges, alone or in collaboration with other state institutions of higher education, nonpublic Ohio universities and colleges, or other public or private Ohio entities, to submit proposals under the choose Ohio first scholarship program for initiatives that recruit either of the following:

(1) Ohio residents who enrolled in colleges and universities in other states or other countries to return to Ohio and enroll in state universities or colleges as graduate students in the fields of science, technology, engineering, mathematics, and medicine, or in the fields of science, technology, engineering, mathematics, or medical education. If such proposals are submitted and meet the chancellor's competitive criteria for awards, the chancellor, subject to approval by the controlling board, shall give at least one of the proposals preference for an award.

(2) Graduates, or undergraduates who will graduate in time to participate in the program described in this division by the subsequent school year, from an Ohio college or university who received, or will
receive, a degree in science, technology, engineering, mathematics, or medicine to participate in a graduate-level teacher education masters program in one of those fields that requires the student to establish a domicile in the state and to commit to teach for a minimum of three years in a hard-to-staff school district in the state upon completion of the master's degree program. The chancellor may require a college or university to give priority to qualified candidates who graduated from a high school in this state.

"Hard-to-staff" shall be as defined by the department of education.

(C) The general assembly intends that money appropriated for the choose Ohio first scholarship program in each fiscal year be used for scholarships in the following academic year.

Sec. 3345.48. (A) As used in this section:
(1) "Cohort" means a group of students who will complete their bachelor's degree requirements and graduate from a state university at the same time. A cohort may include transfer students and other selected undergraduate student academic programs as determined by the board of trustees of a state university.

(2) "Eligible student" means an undergraduate student who:
(a) Is enrolled full-time in a bachelor's degree program at a state university;
(b) Is a resident of this state, as defined by the chancellor of higher education under section 3333.31 of the Revised Code.

(3) "State university" has the same meaning as in section 3345.011 of the Revised Code.

(B) The board of trustees of each state university may shall establish an undergraduate tuition guarantee program that allows eligible students in the same cohort to pay a fixed rate for general and instructional fees for four years. A board of trustees may include room and board and any additional fees in the program.

If the board of trustees chooses to establish such a program, the The board shall adopt rules for the program that include, but are not limited to, all of the following:

(1) The number of credit hours required to earn an undergraduate degree in each major;

(2) A guarantee that the general and instructional fees for each student in the cohort shall remain constant for four years so long as the student complies with the requirements of the program, except that, notwithstanding any law to the contrary, the board may increase the guaranteed amount by up to six per cent above what has been charged in the previous academic
year one time for the first cohort enrolled under the tuition guarantee program. If the board of trustees determines that economic conditions or other circumstances require an increase for the first cohort of above six per cent, the board shall submit a request to increase the amount by a specified percentage to the chancellor. The chancellor, based on information the chancellor requires from the board of trustees, shall approve or disapprove such a request. Thereafter, the board of trustees may increase the guaranteed amount by up to the sum of the following above what has been charged in the previous academic year one time per subsequent cohort:

(a) The average rate of inflation, as measured by the consumer price index prepared by the bureau of labor statistics of the United States department of labor (all urban consumers, all items), for the previous thirty-six-month period; and

(b) The percentage amount the general assembly restrains increases on in-state undergraduate instructional and general fees for the applicable fiscal year. If the general assembly does not enact a limit on the increase of in-state undergraduate instructional and general fees, then no limit shall apply under this division for the cohort that first enrolls in any academic year for which the general assembly does not prescribe a limit.

If, beginning with the academic year that starts four years after September 29, 2013, the board of trustees determines that the general and instructional fees charged under the tuition guarantee have fallen significantly lower than those of other state universities, the board of trustees may submit a request to increase the amount charged to a cohort by a specified percentage to the chancellor, who shall approve or disapprove such a request.

(3) A benchmark by which the board sets annual increases in general and instructional fees. This benchmark and any subsequent change to the benchmark shall be subject to approval of the chancellor.

(4) Eligibility requirements for students to participate in the program;

(5) Student rights and privileges under the program;

(6) Consequences to the university for students unable to complete a degree program within four years, as follows:

(a) For a student who could not complete the program in four years due to a lack of available classes or space in classes provided by the university, the university shall provide the necessary course or courses for completion to the student free of charge.

(b) For a student who could not complete the program in four years due to military service or other circumstances beyond a student's control, as determined by the board of trustees, the university shall provide the
necessary course or courses for completion to the student at the student's initial cohort rate.

(c) For a student who did not complete the program in four years for any other reason, as determined by the board of trustees, the university shall provide the necessary course or courses for completion to the student at a rate determined through a method established by the board under division (B)(7) of this section.

(7) Guidelines for adjusting a student's annual charges if the student, due to circumstances under the student's control, is unable to complete a degree program within four years;

(C) If a board of trustees implements a program under this section, the board shall submit the rules adopted under division (B) of this section to the chancellor for approval before beginning implementation of the program.

The chancellor shall not unreasonably withhold approval of a program if the program conforms in principle with the parameters and guidelines of this section.

(E) Within five years after September 29, 2013, the chancellor shall publish on the chancellor's website a report that includes all of the following:

(2) The details of each undergraduate tuition guarantee program established under this section;

(3) Comparative data, including general and instructional fees, room and board, graduation rates, and retention rates, from all state universities.

(F) Except as provided in this section, no other limitation on the increase of in-state undergraduate instructional and general fees shall apply to a state university that has established an undergraduate tuition guarantee program under this section.

Sec. 3345.57. (A) As used in this section, "state institution of higher education" has the same meaning as in section 3345.011 of the Revised Code.

If a state institution of higher education establishes a leave donation program under this section, the institution shall adopt rules in accordance with Chapter 119, section 111.15 of the Revised Code to provide for the administration of the program. These rules shall include, but not be limited to, provisions that identify the circumstances under which leave may be donated and that specify the amount, types, and value of leave that may be donated.

By a vote of a majority of its members, the program committee may add additional members to the committee.

(2) The legislative programming committee shall adopt rules that govern the operation of the Ohio government telecommunications service relating to the general assembly and any affiliated organizations.

(C) The Ohio government telecommunications service is authorized to broadcast and record any committee meeting of the senate or house of

In addition to the requirements established by division (C)(2) of this
section, a board of education, governing authority, or chief administrator that establishes a program under this division in conjunction with a board of elections may establish additional criteria that students shall meet to be eligible to participate in that program.

(B) The manner of nominating persons as candidates for election as officers of a municipal corporation having a population of two thousand or more, as ascertained by the most recent federal census, shall be the same as the manner in which candidates were nominated for election as officers in the municipal corporation in 1989 unless the manner of nominating such candidates is changed under division (C), (D), or (E) of this section.

(C) Primary elections shall not be held for the nomination of candidates for election as officers of any township, or any municipal corporation having a population of less than two thousand, unless a majority of the
electors of any such township or municipal corporation, as determined by the total number of votes cast in such township or municipal corporation for the office of governor at the most recent regular state election, files with the board of elections of the county within which such township or municipal corporation is located, or within which the major portion of the population thereof is located, if the municipal corporation is situated in more than one county, not later than one hundred twenty days before the day of a primary election, a petition signed by such electors asking that candidates for election as officers of such township or municipal corporation be nominated as candidates of political parties, in which event primary elections shall be held in such township or municipal corporation for the purpose of nominating persons as candidates of political parties for election as officers of such township or municipal corporation to be voted for at the succeeding regular municipal election. In a township or municipal corporation where a majority of the electors have filed a petition asking that candidates for election as officers of the township or municipal corporation be nominated as candidates of political parties, the nomination of candidates for a nonpartisan election may be reestablished in the manner prescribed in division (E) of this section.

(2) The board of elections of the county within which the municipal corporation is located, or, if the municipal corporation is located in more than one county, of the county within which the major portion of the population of the municipal corporation is located, shall, upon receipt of a petition signed by electors of the municipal corporation equal in number to at least ten per cent of the vote cast at the most recent regular municipal election, submit to the electors of the municipal corporation the question of changing to the primary-election method of nominating persons as candidates for election as officers of the municipal corporation. The ballot language shall be substantially as follows:

The question shall be placed on the ballot at the next general election in an even-numbered year occurring at least ninety days after the petition is filed with the board. If a majority of the electors voting on the question vote in the affirmative, candidates for election as officers of the municipal corporation shall thereafter be nominated as candidates of political parties in primary elections, under division (A) of this section, unless a change in the manner of nominating persons as candidates for election as officers of the municipal corporation is made under division (E) of this section.

(E)(1) The electors in a township or municipal corporation in which the township or municipal officers are nominated as candidates of political parties in a primary election may place on the ballot, in the manner prescribed in division (E)(2) of this section, the question of changing to the nonpartisan method of nominating persons as candidates for election as officers of the township or municipal corporation.

........ yes
........ no"

The question shall appear on the ballot at the next general election in an even-numbered year occurring at least ninety days after the petition is filed with the board. If a majority of electors voting on the question vote in the affirmative, candidates for officer of the township or municipal corporation shall thereafter be nominated by nominating petition and be elected only in a nonpartisan election, unless a change in the manner of nominating persons as candidates for election as officers of the township or municipal corporation is made under division (C) or (D) of this section.
Sec. 3513.12. At a presidential primary election, which shall be held on the second Tuesday after the first Monday in March in the year 2016, and similarly in every fourth year thereafter as provided in division (E)(2) of section 3501.01 of the Revised Code, delegates and alternates to the national conventions of the different major political parties shall be chosen by direct vote of the electors as provided in this chapter. Candidates for delegate and alternate shall be qualified and the election shall be conducted in the manner prescribed in this chapter for the nomination of candidates for state and district offices, except as provided in section 3513.151 of the Revised Code and except that whenever any group of candidates for delegate at large or alternate at large, or any group of candidates for delegates or alternates from districts, file with the secretary of state statements as provided by this section, designating the same persons as their first and second choices for president of the United States, such a group of candidates may submit a group petition containing a declaration of candidacy for each of such candidates. The secretary of state shall not permit any declaration of candidacy and certificate of a candidate for election as such delegate or alternate to be filed unless accompanied by such statement in writing. The name of a candidate for the presidency shall not be so used without the candidate's written consent.

A person who is a first choice for president of candidates seeking election as delegates and alternates shall file with the secretary of state, prior to the day of the election, a list indicating the order in which certificates of election are to be issued to delegate or alternate candidates to whose candidacy the person has consented, if fewer than all of such candidates are entitled under party rules to be certified as elected. Each candidate for election as such delegate or alternate may also file along with the candidate's declaration of candidacy and certificate a statement in writing signed by the candidate in the following form:
"Statement of Candidate

 .......... (name of political party) National Convention

I hereby declare to the voters of my political party in the State of Ohio that, if elected as .......... (delegate) (alternate) to their national party convention, I shall, to the best of my judgment and ability, support that candidate for President of the United States who shall have been selected at this primary by the voters of my party in the manner provided in Chapter 3513. of the Ohio Revised Code, as their candidate for such office.

(iv) The petition designates a committee of not less than three nor more than five individuals of the petitioners, who shall represent the petitioners in all matters relating to the petition. Notice of all matters or proceedings pertaining to the petition may be served on the committee, or any of them, either personally or by registered mail, or by leaving such notice at the usual place of residence of each of them.

the last previously filed statement, if any, to the close of business on the
twentieth day before the election;

contributions received and expenditures made from the close of business on
the last day reflected in the last previously filed statement, if any, to the
close of business on the last day of June of that year.

A campaign committee shall only be required to file the statements
prescribed under divisions (A)(1) and (2) of this section in connection with
the nomination or election of the committee's candidate.

The statement required under division (A)(1) of this section shall not be
required of any campaign committee, political action committee, legislative
campaign fund, political party, or political contributing entity that has
received contributions of less than one thousand dollars and has made
expenditures of less than one thousand dollars at the close of business on the
twentieth day before the election. Those contributions and expenditures
shall be reported in the statement required under division (A)(2) of this
section.

If an election to select candidates to appear on the general election
ballot is held within sixty days before a general election, the campaign
committee of a successful candidate in the earlier election may file the
statement required by division (A)(1) of this section for the general election
instead of the statement required by division (A)(2) of this section for the
earlier election if the pregeneral election statement reflects the status of
contributions and expenditures for the period twenty days before the earlier
election to twenty days before the general election.

If a person becomes a candidate less than twenty days before an
election, the candidate's campaign committee is not required to file the
statement required by division (A)(1) of this section.

No statement under division (A)(3) of this section shall be required for
any year in which a campaign committee, political action committee,
legislative campaign fund, political party, or political contributing entity is
required to file a postgeneral election statement under division (A)(2) of this
section. However, a statement under division (A)(3) of this section may be filed, at the option of the campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity.

No campaign committee of a candidate for the office of chief justice or justice of the supreme court, and no campaign committee of a candidate for the office of judge of any court in this state, shall be required to file a statement under division (A)(4) of this section.

Except as otherwise provided in this paragraph and in the next paragraph of this section, the only campaign committees required to file a statement under division (A)(4) of this section are the campaign committee of a statewide candidate and the campaign committee of a candidate for county office. The campaign committee of a candidate for any other nonjudicial office is required to file a statement under division (A)(4) of this section if that campaign committee receives, during that period, contributions exceeding ten thousand dollars.

No statement under division (A)(4) of this section shall be required of a campaign committee, a political action committee, a legislative campaign fund, a political party, or a political contributing entity for any year in which the campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity is required to file a postprimary election statement under division (A)(2) of this section. However, a statement under division (A)(4) of this section may be filed at the option of the campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity.

No statement under division (A)(3) or (4) of this section shall be required if the campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity has no contributions that it has received and no expenditures that it has made since the last date reflected in its last previously filed statement. However, the campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity shall file a statement to that effect, on a form prescribed under this section and made under penalty of election falsification, on the date required in division (A)(3) or (4) of this section, as applicable.

The campaign committee of a statewide candidate shall file a monthly statement of contributions received during each of the months of July, August, and September in the year of the general election in which the candidate seeks office. The campaign committee of a statewide candidate shall file the monthly statement not later than three business days after the last day of the month covered by the statement. During the period beginning
on the nineteenth day before the general election in which a statewide candidate seeks election to office and extending through the day of that general election, each time the campaign committee of the joint candidates for the offices of governor and lieutenant governor or of a candidate for the office of secretary of state, auditor of state, treasurer of state, or attorney general receives a contribution from a contributor that causes the aggregate amount of contributions received from that contributor during that period to equal or exceed ten thousand dollars and each time the campaign committee of a candidate for the office of chief justice or justice of the supreme court receives a contribution from a contributor that causes the aggregate amount of contributions received from that contributor during that period to exceed ten thousand dollars, the campaign committee shall file a two-business-day statement reflecting that contribution. Contributions reported on a two-business-day statement required to be filed by a campaign committee of a statewide candidate in a primary election shall also be included in the postprimary election statement required to be filed by that campaign committee under division (A)(2) of this section. A two-business-day statement required by this paragraph shall be filed not later than two business days after receipt of the contribution. The statements required by this paragraph shall be filed in addition to any other statements required by this section.

Subject to the secretary of state having implemented, tested, and verified the successful operation of any system the secretary of state prescribes pursuant to divisions (C)(6)(b) and (D)(6) of this section and division (H)(1) of section 3517.106 of the Revised Code for the filing of campaign finance statements by electronic means of transmission, a campaign committee of a statewide candidate shall file a two-business-day statement under the preceding paragraph by electronic means of transmission if the campaign committee is required to file a pre-election, postelection, or monthly statement of contributions and expenditures by electronic means of transmission under this section or section 3517.106 of the Revised Code.

If a campaign committee or political action committee has no balance on hand and no outstanding obligations and desires to terminate itself, it shall file a statement to that effect, on a form prescribed under this section and made under penalty of election falsification, with the official with whom it files a statement under division (A) of this section after filing a final statement of contributions and a final statement of expenditures, if contributions have been received or expenditures made since the period reflected in its last previously filed statement.
(B) Except as otherwise provided in division (C)(7) of this section, each statement required by division (A) of this section shall contain the following information:

(1) The full name and address of each campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity, including any treasurer of the committee, fund, party, or entity, filing a contribution and expenditure statement;

(2)(a) In the case of a campaign committee, the candidate's full name and address;

   (b) In the case of a political action committee, the registration number assigned to the committee under division (D)(1) of this section.

(3) The date of the election and whether it was or will be a general, primary, or special election;

(4) A statement of contributions received, which shall include the following information:
   (a) The month, day, and year of the contribution;
   (b)(i) The full name and address of each person, political party, campaign committee, legislative campaign fund, political action committee, or political contributing entity from whom contributions are received and the registration number assigned to the political action committee under division (D)(1) of this section. The requirement of filing the full address does not apply to any statement filed by a state or local committee of a political party, to a finance committee of such committee, or to a committee recognized by a state or local committee as its fund-raising auxiliary. Notwithstanding division (F) of this section, the requirement of filing the full address shall be considered as being met if the address filed is the same address the contributor provided under division (E)(1) of this section.
   (ii) If a political action committee, political contributing entity, legislative campaign fund, or political party that is required to file campaign finance statements by electronic means of transmission under section 3517.106 of the Revised Code or a campaign committee of a statewide candidate or candidate for the office of member of the general assembly receives a contribution from an individual that exceeds one hundred dollars, the name of the individual's current employer, if any, or, if the individual is self-employed, the individual's occupation and the name of the individual's business, if any;
   (iii) If a campaign committee of a statewide candidate or candidate for the office of member of the general assembly receives a contribution transmitted pursuant to section 3599.031 of the Revised Code from amounts deducted from the wages and salaries of two or more employees that
exceeds in the aggregate one hundred dollars during any one filing period under division (A)(1), (2), (3), or (4) of this section, the full name of the employees' employer and the full name of the labor organization of which the employees are members, if any.

(c) A description of the contribution received, if other than money;

(d) The value in dollars and cents of the contribution;

An account of the total contributions from each social or fund-raising activity shall include a description of and the value of each in-kind contribution received at that activity from any person who made one or more such contributions whose aggregate value exceeded two hundred fifty dollars and shall be listed separately, together with the expenses incurred and paid in connection with that activity. A campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity shall keep records of contributions from each person in the amount of twenty-five dollars or less at one social or fund-raising activity and contributions from amounts deducted under section 3599.031 of the Revised Code from the wages and salary of each employee in the amount of twenty-five dollars or less aggregated in a calendar year. No continuing association that is recognized by a state or local committee of a political party as an auxiliary of the party and that makes a contribution from funds derived solely from regular dues paid by members of the auxiliary shall be required to list the name or address of any members who paid those dues.

Contributions that are other income shall be itemized separately from all other contributions. The information required under division (B)(4) of this section shall be provided for all other income itemized. As used in this paragraph, "other income" means a loan, investment income, or interest income.

(f) In the case of a campaign committee of a state elected officer, if a person doing business with the state elected officer in the officer's official capacity makes a contribution to the campaign committee of that officer, the information required under division (B)(4) of this section in regard to that contribution, which shall be filed together with and considered a part of the
committee's statement of contributions as required under division (A) of this section but shall be filed on a separate form provided by the secretary of state. As used in this division:

(i) "State elected officer" has the same meaning as in section 3517.092 of the Revised Code.

(ii) "Person doing business" means a person or an officer of an entity who enters into one or more contracts with a state elected officer or anyone authorized to enter into contracts on behalf of that officer to receive payments for goods or services, if the payments total, in the aggregate, more than five thousand dollars during a calendar year.

(5) A statement of expenditures which shall include the following information:

(a) The month, day, and year of the expenditure;

(b) The full name and address of each person, political party, campaign committee, legislative campaign fund, political action committee, or political contributing entity to whom the expenditure was made and the registration number assigned to the political action committee under division (D)(1) of this section;

(c) The object or purpose for which the expenditure was made;

(d) The amount of each expenditure.

(C)(1) The statement of contributions and expenditures shall be signed by the person completing the form. If a statement of contributions and expenditures is filed by electronic means of transmission pursuant to this section or section 3517.106 of the Revised Code, the electronic signature of the person who executes the statement and transmits the statement by electronic means of transmission, as provided in division (H) of section 3517.106 of the Revised Code, shall be attached to or associated with the statement and shall be binding on all persons and for all purposes under the campaign finance reporting law as if the signature had been handwritten in ink on a printed form.

(2) The person filing the statement, under penalty of election falsification, shall include with it a list of each anonymous contribution, the circumstances under which it was received, and the reason it cannot be attributed to a specific donor.

(3) Each statement of a campaign committee of a candidate who holds public office shall contain a designation of each contributor who is an employee in any unit or department under the candidate's direct supervision and control. In a space provided in the statement, the person filing the statement shall affirm that each such contribution was voluntarily made.

(4) A campaign committee that did not receive contributions or make
expenditures in connection with the nomination or election of its candidate
shall file a statement to that effect, on a form prescribed under this section
and made under penalty of election falsification, on the date required in
division (A)(2) of this section.

(5) The campaign committee of any person who attempts to become a
candidate and who, for any reason, does not become certified in accordance
with Title XXXV of the Revised Code for placement on the official ballot of
a primary, general, or special election to be held in this state, and who, at
any time prior to or after an election, receives contributions or makes
expenditures, or has given consent for another to receive contributions or
make expenditures, for the purpose of bringing about the person's
nomination or election to public office, shall file the statement or statements
prescribed by this section and a termination statement, if applicable.
Division (C)(5) of this section does not apply to any person with respect to
an election to the offices of member of a county or state central committee,
presidential elector, or delegate to a national convention or conference of a
political party.

(6)(a) The statements required to be filed under this section shall specify
the balance in the hands of the campaign committee, political action
committee, legislative campaign fund, political party, or political
contributing entity and the disposition intended to be made of that balance.

(b) The secretary of state shall prescribe the form for all statements
required to be filed under this section and shall furnish the forms to the
boards of elections in the several counties. The boards of elections shall
supply printed copies of those forms without charge. The secretary of state
shall prescribe the appropriate methodology, protocol, and data file structure
for statements required or permitted to be filed by electronic means of
transmission under division (A) of this section, divisions (E), (F), and (G) of
section 3517.106, division (D) of section 3517.1011, division (B) of section
3517.1012, division (C) of section 3517.1013, and divisions (D) and (I) of

section, divisions (E), (F), and (G) of section 3517.106, division (D) of
section 3517.1011, division (B) of section 3517.1012, division (C) of
section 3517.1013, and divisions (D) and (I) of section 3517.1014 of the
Revised Code, the statements required to be stored on computer by the
secretary of state under division (B) of section 3517.106 of the Revised
Code shall be filed in whatever format the secretary of state considers
necessary to enable the secretary of state to store the information contained
in the statements on computer. Any such format shall be of a type and nature
that is readily available to whoever is required to file the statements in that
format.

(c) The secretary of state shall assess the need for training regarding the filing of campaign finance statements by electronic means of transmission and regarding associated technologies for candidates, campaign committees, political action committees, legislative campaign funds, political parties, or political contributing entities, for individuals, partnerships, or other entities, for persons making disbursements to pay the direct costs of producing or airing electioneering communications, or for treasurers of transition funds, required or permitted to file statements by electronic means of transmission under this section or section 3517.105, 3517.106, 3517.1011, 3517.1012, 3517.1013, or 3517.1014 of the Revised Code. If, in the opinion of the secretary of state, training in these areas is necessary, the secretary of state shall arrange for the provision of voluntary training programs for candidates, campaign committees, political action committees, legislative campaign funds, political parties, or political contributing entities, for individuals, partnerships, and other entities, for persons making disbursements to pay the direct costs of producing or airing electioneering communications, or for treasurers of transition funds, as appropriate.

(7) Each monthly statement and each two-business-day statement required by division (A) of this section shall contain the information required by divisions (B)(1) to (4), (C)(2), and, if appropriate, (C)(3) of this section. Each statement shall be signed as required by division (C)(1) of this section.

(D)(1) Prior to receiving a contribution or making an expenditure, every campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity shall appoint a treasurer and shall file, on a form prescribed by the secretary of state, a designation of that appointment, including the full name and address of the treasurer and of the campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity. That designation shall be filed with the official with whom the campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity is required to file statements under section 3517.11 of the Revised Code. The name of a campaign committee shall include at least the last name of the campaign committee's candidate. If two or more candidates are the beneficiaries of a single campaign committee under division (B) of section 3517.081 of the Revised Code, the name of the campaign committee shall include at least the last name of each candidate who is a beneficiary of that campaign committee. The secretary of state shall assign a registration number to each political action committee that files a designation of the
appointment of a treasurer under this division if the political action committee is required by division (A)(1) of section 3517.11 of the Revised Code to file the statements prescribed by this section with the secretary of state.

(b) A political action committee shall deposit all monetary contributions received by the committee into an account separate from all other funds.

(c) A state or county political party may establish a state candidate fund that is separate from an account that contains the public moneys received from the Ohio political party fund under section 3517.17 of the Revised Code and from all other funds. A state or county political party may deposit into its state candidate fund any amounts of monetary contributions that are made to or accepted by the political party subject to the applicable limitations, if any, prescribed in section 3517.102 of the Revised Code. A state or county political party shall deposit all other monetary contributions received by the party into one or more accounts that are separate from its state candidate fund and from its account that contains the public moneys received from the Ohio political party fund under section 3517.17 of the Revised Code.

(d) Each state political party shall have only one legislative campaign fund for each house of the general assembly. Each such fund shall be separate from any other funds or accounts of that state party. A legislative campaign fund is authorized to receive contributions and make expenditures for the primary purpose of furthering the election of candidates who are members of that political party to the house of the general assembly with which that legislative campaign fund is associated. Each legislative campaign fund shall be administered and controlled in a manner designated by the caucus. As used in this division, "caucus" has the same meaning as in section 3517.01 of the Revised Code and includes, as an ex officio member, the chairperson of the state political party with which the caucus is associated or that chairperson's designee.

(4) Every expenditure in excess of twenty-five dollars shall be vouched for by a receipted bill, stating the purpose of the expenditure, that shall be filed with the statement of expenditures. A canceled check with a notation of
the purpose of the expenditure is a receipted bill for purposes of division (D)(4) of this section.

(5) The secretary of state or the board of elections, as the case may be, shall issue a receipt for each statement filed under this section and shall preserve a copy of the receipt for a period of at least six years. All statements filed under this section shall be open to public inspection in the office where they are filed and shall be carefully preserved for a period of at least six years after the year in which they are filed.

(6) The secretary of state, by rule adopted pursuant to section 3517.23 of the Revised Code, shall prescribe both of the following:

(b) The manner of preserving the contribution and expenditure, contribution and disbursement, deposit and disbursement, gift and disbursement, or donation and disbursement information in the statements described in division (D)(6)(a) of this section. The secretary of state shall preserve the contribution and expenditure, contribution and disbursement, deposit and disbursement, gift and disbursement, or donation and disbursement information in those statements for at least ten years after the year in which they are filed by electronic means of transmission.

(7) The secretary of state, pursuant to division (I) of section 3517.106 of the Revised Code, shall make available online to the public through the internet the contribution and expenditure, contribution and disbursement, deposit and disbursement, gift and disbursement, or donation and disbursement information in all statements, all addenda, amendments, or other corrections to statements, and all amended statements filed with the secretary of state by electronic or other means of transmission under this section, division (B)(2)(b) or (C)(2)(b) of section 3517.105, or section 3517.106, 3517.1011, 3517.1012, 3517.1013, 3517.1014, or 3517.11 of the Revised Code. made. The political action committee also shall provide the registration number assigned to the committee under division (D)(1) of this section to the recipient of the contribution at the time the contribution is made.

(2) Any individual who makes a contribution that exceeds one hundred dollars to a political action committee, political contributing entity, legislative campaign fund, or political party or to a campaign committee of a statewide candidate or candidate for the office of member of the general assembly shall provide the name of the individual's current employer, if any, or, if the individual is self-employed, the individual's occupation and the name of the individual's business, if any, to the recipient of the contribution at the time the contribution is made. Sections 3599.39 and 3599.40 of the Revised Code do not apply to division (E)(2) of this section.

(3) If a campaign committee shows that it has exercised its best efforts to obtain, maintain, and submit the information required under divisions (B)(4)(b)(ii) and (iii) of this section, that committee is considered to have met the requirements of those divisions. A campaign committee shall not be considered to have exercised its best efforts unless, in connection with written solicitations, it regularly includes a written request for the information required under division (B)(4)(b)(ii) of this section from the contributor or the information required under division (B)(4)(b)(iii) of this section from whoever transmits the contribution.

(4) Any check that a political action committee uses to make a contribution or an expenditure shall contain the full name and address of the committee and the registration number assigned to the committee under division (D)(1) of this section.

(b) Except as otherwise provided in division (F)(1) of this section, if an address is required in this section, a post-office box and office, room, or suite number may be included in addition to, but not in lieu of, an apartment, street, road, or highway name and number.

(c) If an address is required in this section, a campaign committee, political action committee, legislative campaign fund, political party, or political contributing entity may use the business or residence address of its treasurer or deputy treasurer. The post-office box number of the campaign committee, political action committee, legislative campaign fund, political
party, or political contributing entity may be used in addition to that address.

(d) For the sole purpose of a campaign committee's reporting of contributions on a statement of contributions received under division (B)(4) of this section, "address" has one of the following meanings at the option of the campaign committee:

(i) The same meaning as in division (F)(1)(a) of this section;

(ii) All of the following, if they exist: the contributor's post-office box number and city or village, state, and zip code as used in the contributor's post-office address.

(H)(1) Except as otherwise provided in division (H)(2) of this section, if, during the combined pre-election and postelection reporting periods for an election, a campaign committee has received contributions of five hundred dollars or less and has made expenditures in the total amount of five hundred dollars or less, it may file a statement to that effect, under penalty of election falsification, in lieu of the statement required by division (A)(2) of this section. The statement shall indicate the total amount of contributions received and the total amount of expenditures made during those combined reporting periods.
(2) In the case of a successful candidate at a primary election, if either the total contributions received by or the total expenditures made by the candidate's campaign committee during the preprimary, postprimary, pregeneral, and postgeneral election periods combined equal more than five hundred dollars, the campaign committee may file the statement under division (H)(1) of this section only for the primary election. The first statement that the campaign committee files in regard to the general election shall reflect all contributions received and all expenditures made during the preprimary and postprimary election periods.

(3) Divisions (H)(1) and (2) of this section do not apply if a campaign committee receives contributions or makes expenditures prior to the first day of January of the year of the election at which the candidate seeks nomination or election to office or if the campaign committee does not file a termination statement with its postprimary election statement in the case of an unsuccessful primary election candidate or with its postgeneral election statement in the case of other candidates.

(3) For purposes of section 3517.102 of the Revised Code, the contribution shall be considered to have been made by the partner, owner, or member reported under division (I)(1) of this section.

(4) No contribution from a partner of a partnership or an owner or a member of another unincorporated business shall be accepted from any
funds of the partnership or other unincorporated business unless the recipient reports the contribution under division (I)(1) of this section together with the information provided under division (I)(2) of this section.

The certificate shall be on a form prescribed by the secretary of state and shall be filed not later than ten days after the candidate files a declaration of candidacy and petition, a nominating petition, or a declaration of intent to be a write-in candidate.

(2) Except as otherwise provided in division (K)(3) of this section, a campaign committee that files a certificate under division (K)(1) of this section is not required to file the statements required by division (A) of this section.

(3) If, after filing a certificate under division (K)(1) of this section, a campaign committee exceeds any of the limitations described in that division during an election period, the certificate is void and thereafter the campaign committee shall file the statements required by division (A) of this section. If the campaign committee has not previously filed a statement, then on the first statement the campaign committee is required to file under division (A) of this section after the committee's certificate is void, the

The purposes of the program are to minimize infections and communicable diseases and facilitate a functional and sanitary environment consistent with standards of professional practice. To achieve these purposes, ambulatory surgical facility staff managing the program shall create and administer a plan designed to prevent, identify, and manage infections and communicable diseases; ensure that the program is directed by a qualified professional trained in infection control; ensure that the program is an integral part of the ambulatory surgical facility's quality assessment and performance improvement program; and implement in an expeditious manner corrective and preventive measures that result in improvement.

(D) The director shall issue a license to each health care facility that makes application for a license and demonstrates to the director that it meets the quality standards established by the rules adopted under division (B) of this section and satisfies the informed consent compliance requirements specified in division (C) of this section.
(E)(1) Except as provided in division (H) of this section and in section 3702.301 of the Revised Code, no health care facility shall operate without a license issued under this section.

The general assembly does not intend for the provisions of this section or section 3702.301 of the Revised Code that establish health care facility licensing requirements or exemptions to have an effect on any third-party payments that may be available for the services provided by either a licensed health care facility or an entity exempt from licensure.

(2) If the department of health finds that a physician who practices at a health care facility is not complying with any provision of the Revised Code related to the obtaining of informed consent from a patient, the department shall report its finding to the state medical board, the physician, and the health care facility.

(3) This division does not create, and shall not be construed as creating, a new cause of action or substantive legal right against a health care facility and in favor of a patient who allegedly sustains harm as a result of the failure of the patient's physician to obtain informed consent from the patient prior to performing a procedure on or otherwise caring for the patient in the health care facility.

(F) The rules adopted under division (B) of this section shall include all of the following:

(1) Provisions governing application for, renewal, suspension, and revocation of a license under this section;

(2) Provisions governing orders issued pursuant to section 3702.32 of the Revised Code for a health care facility to cease its operations or to prohibit certain types of services provided by a health care facility;

(3) Provisions governing the imposition under section 3702.32 of the Revised Code of civil penalties for violations of this section or the rules adopted under this section, including a scale for determining the amount of the penalties;

(4) Provisions specifying the form inspectors must use when conducting inspections of ambulatory surgical facilities.

(G) An ambulatory surgical facility that performs or induces abortions shall comply with section 3701.791 of the Revised Code.

(H) The following entities are not required to obtain a license as a freestanding diagnostic imaging center issued under this section:

(1) A hospital registered under section 3701.07 of the Revised Code that provides diagnostic imaging;

(2) An entity that is reviewed as part of a hospital accreditation or certification program and that provides diagnostic imaging;
(3) An ambulatory surgical facility that provides diagnostic imaging in conjunction with or during any portion of a surgical procedure.

Sec. 3702.52. The director of health shall administer a state certificate of need program in accordance with sections 3702.51 to 3702.62 of the Revised Code and rules adopted under those sections. Administration of the program shall include both a standard review process and an expedited review process.

(A) The director shall issue rulings on whether a particular proposed project is a reviewable activity. The director shall issue a ruling not later than forty-five days after receiving a request for a ruling accompanied by the information needed to make the ruling, except that if an expedited review is requested, the ruling shall be issued not later than thirty days after receiving the request for a ruling accompanied by the information needed to make the ruling. If the director does not issue a ruling in the required time, the project shall be considered to have been ruled not a reviewable activity.

(B)(1) Each application for a certificate of need shall be submitted to the director on forms and in the manner prescribed by the director. An application for which expedited review is requested must meet the same requirements as all other applications.

Each application shall include a plan for obligating the capital expenditures or implementing the proposed project on a timely basis in accordance with section 3702.524 of the Revised Code. Each application shall also include all other information required by rules adopted under division (B) of section 3702.57 of the Revised Code.

(2) Each application shall be accompanied by the application fee established in rules adopted under division (G) of section 3702.57 of the Revised Code. Application fees received by the director under this division shall be deposited into the state treasury to the credit of the certificate of need fund, which is hereby created. The director shall use the fund only to pay the costs of administering sections 3702.11 to 3702.20, 3702.30, and 3702.51 to 3702.62 of the Revised Code and rules adopted under those sections. An application fee is nonrefundable unless the director determines that the application cannot be accepted.

(3) The director shall review applications for certificates of need. As part of a review, the director shall determine whether an application is complete. The director shall not consider an application to be complete unless the application meets all criteria for a complete application specified in rules adopted under section 3702.57 of the Revised Code. For an application being considered under the standard review process, the director shall mail to the applicant a written notice that the application is complete,
or a written request for additional information, not later than thirty days after receiving an application or a response to an earlier request for information. For an application for which expedited review is requested, the director's notice or request shall be mailed not later than fourteen days after the director receives the application or a response to an earlier request for information. Except as provided in section 3702.522 of the Revised Code, the director shall not make more than two requests for additional information. The director shall make a final determination regarding an application's completeness and issue a notice of the determination not later than one hundred eighty days after the date the director received the initial application.

The director's determination that an application is not complete is final and not subject to appeal.

(4) Except as necessary to comply with a subpoena issued under division (F) of this section, after a notice of completeness has been received, no person shall make revisions to information that was submitted to the director before the director mailed the notice of completeness or knowingly discuss in person or by telephone the merits of the application with the director. A person may supplement an application after a notice of completeness has been received by submitting clarifying information to the director.

(C) All of the following apply to the process of granting or denying a certificate of need:

(1) If the project proposed in a certificate of need application meets all of the applicable certificate of need criteria for approval under sections 3702.51 to 3702.62 of the Revised Code and the rules adopted under those sections, the director shall grant a certificate of need for all or part of the project that is the subject of the application by the applicable deadline specified in division (C)(4) of this section or any extension of it under division (C)(5) of this section.

(2) The director's grant of a certificate of need does not affect, and sets no precedent for, the director's decision to grant or deny other applications for similar reviewable activities.

(3) Any affected person may submit written comments regarding an application. The director shall consider all written comments received by the forty-fifth day after the application is submitted to the director, except that to be considered in an expedited review, written comments must be received by the twenty-first day after the application is submitted.

(4) Except as provided in division (C)(5) of this section, the director
shall grant or deny certificate of need applications not later than sixty days after mailing the notice of completeness unless the application is receiving expedited review. If the application is receiving expedited review, the director shall grant or deny the application not later than forty-five days after mailing the notice of completeness.

(5) Except as otherwise provided in division (C)(6) of this section, the director or the applicant may extend the deadline prescribed in division (C)(4) of this section once, for no longer than thirty days, by written notice before the end of the deadline prescribed by division (C)(4) of this section. An extension by the director under division (C)(5) of this section shall apply to all applications that are in comparative review.

(6) No applicant in a comparative review may extend the deadline specified in division (C)(4) of this section.

(7) If the director does not grant or deny the certificate by the applicable deadline specified in division (C)(4) of this section or any extension of it under division (C)(5) of this section, the certificate shall be considered to have been granted.

(8) In granting a certificate of need, the director shall specify as the maximum capital expenditure the certificate holder may obligate under the certificate a figure equal to one hundred ten per cent of the approved project cost.

(9) In granting a certificate of need, the director may grant the certificate with conditions that must be met by the holder of the certificate.

(D) When a certificate of need is granted for a project under which beds are to be relocated, upon completion of the project for which the certificate of need was granted a number of beds equal to the number of beds relocated shall cease to be operated in the long-term care facility from which they are relocated, except that the beds may continue to be operated for not more than fifteen days to allow relocation of residents to the facility to which the beds have been relocated. Notwithstanding section 3721.03 of the Revised Code, if the relocated beds are in a home licensed under Chapter 3721. of the Revised Code, the facility's license is automatically reduced by the number of beds relocated effective fifteen days after the beds are relocated. If the beds are in a facility that is certified as a skilled nursing facility or nursing facility under Title XVIII or XIX of the "Social Security Act," the certification for the beds shall be surrendered. If the beds are registered under section 3701.07 of the Revised Code as skilled nursing beds or long-term care beds, the director shall remove the beds from registration not later than fifteen days after the beds are relocated.

(E) During the period beginning with the granting of a certificate of
need and ending five years after implementation of the reviewable activity for which the certificate was granted, the director shall monitor the activities of the person granted the certificate to determine whether the reviewable activity is conducted in substantial accordance with the certificate. A reviewable activity shall not be determined to be not in substantial accordance with the certificate of need solely because of either of the following:

(1) A decrease in bed capacity;

(2) A change in the owner or operator of the facility unless any of the circumstances specified in division (B) of section 3702.59 of the Revised Code apply to the new owner or operator.

(F) When reviewing applications for certificates of need, considering appeals under section 3702.60 of the Revised Code, or monitoring activities of persons granted certificates of need, the director may issue and enforce, in the manner provided in section 119.09 of the Revised Code, subpoenas and subpoenas duces tecum to compel a person to testify and produce documents relevant to review of the application, consideration of the appeal, or monitoring of the activities. In addition, the director or the director's designee may visit the sites where the activities are or will be conducted.

(G) The director may withdraw certificates of need.

(H) All long-term care facilities shall submit to the director, upon request, any information prescribed by rules adopted under division (H) of section 3702.57 of the Revised Code that is necessary to conduct reviews of certificate of need applications and to develop criteria for reviews.

(I) Any decision to grant or deny a certificate of need shall consider the special needs and circumstances resulting from moral and ethical values and the free exercise of religious rights of long-term care facilities administered by religious organizations, and the special needs and circumstances of inner city and rural communities.

Sec. 3702.57. (A) The director of health shall adopt rules establishing procedures and criteria for reviews of applications for certificates of need and issuance, denial, or withdrawal of certificates.

(1) In adopting rules that establish criteria for reviews of applications of certificates of need, the director shall consider the availability of and need for long-term care beds to provide care and treatment to persons diagnosed as having traumatic brain injuries and shall prescribe criteria for reviewing applications that propose to add long-term care beds to provide care and treatment to persons diagnosed as having traumatic brain injuries.

(2) The criteria for reviews of applications for certificates of need shall relate to the need for the reviewable activity and shall pertain to all of the
following matters:

(a) The impact of the reviewable activity on the cost and quality of
long-term care services in the relevant service area, including, but not
limited, to the historical and projected utilization of the services to which the
application pertains and the effect of the reviewable activity on utilization of
other providers of similar services;

(b) The quality of the services to be provided as the result of the
activity, as evidenced by the historical performance of the persons that will
be involved in providing the services and by the provisions that are
proposed in the application to ensure quality, including but not limited to
adequate available personnel, available ancillary and support services,
available equipment, size and configuration of physical plant, and relations
with other providers;

(c) The impact of the reviewable activity on the availability and
accessibility of the type of services proposed in the application to the
population of the relevant service area, and the level of access to the
services proposed in the application that will be provided to medically
underserved individuals such as recipients of public assistance and
individuals who have no health insurance or whose health insurance is
insufficient;

(d) The activity's short- and long-term financial feasibility and
cost-effectiveness, the impact of the activity on the applicant's costs and
charges, and a comparison of the applicant's costs and charges with those of
providers of similar services in the applicant's proposed service area;

(e) The advantages, disadvantages, and costs of alternatives to the
reviewable activity;

(f) The impact of the activity on all other providers of similar services in
the relevant service area, including the impact on their utilization, market
share, and financial status;

(g) The historical performance of the applicant and related or affiliated
parties in complying with previously granted certificates of need and any
applicable certification, accreditation, or licensure requirements;

(h) The historical performance of the applicant and related or affiliated
parties in providing cost-effective long-term care services;

(i) The special needs and circumstances of the applicant or population
proposed to be served by the proposed project, including research activities,
prevalence of particular diseases, unusual demographic characteristics,
cost-effective contractual affiliations, and other special circumstances;

(j) The appropriateness of the zoning status of the proposed site of the
activity;
(k) The participation by the applicant in research conducted by the United States food and drug administration or clinical trials sponsored by the national institutes of health.

(3) The criteria for reviews of applications shall include a formula for determining each county's long-term care bed need for purposes of section 3702.593 of the Revised Code and may include other formulas for determining need for beds.

Any rules prescribing criteria that establish ratios of beds to population shall specify the bases for establishing the ratios or mitigating factors or exceptions to the ratios.

(B) The director shall adopt rules specifying all of the following:

(1) Information that must be provided in applications for certificates of need;

(2) Procedures for reviewing applications for completeness of information;

(3) Criteria for determining that the application is complete;

(4) Procedures for making a final determination regarding an application's completeness and issuing a notice of the determination within the one-hundred-eighty-day time frame specified in division (B)(3) of section 3702.52 of the Revised Code.

(C) The director shall adopt rules specifying requirements that holders of certificates of need must meet in order for the certificates to remain valid and establishing definitions and requirements for obligation of capital expenditures and implementation of projects authorized by certificates of need.

(D) The director shall adopt rules establishing criteria and procedures under which the director of health may withdraw a certificate of need if the holder fails to meet requirements for continued validity of the certificate.

(E) The director shall adopt rules establishing procedures under which the department of health shall monitor project implementation activities of holders of certificates of need. The rules adopted under this division also may establish procedures for monitoring implementation activities of persons that have received nonreviewability rulings.

(F) The director shall adopt rules establishing procedures under which the director of health shall review certificates of need whose holders exceed or appear likely to exceed an expenditure maximum specified in a certificate.

(G) The director shall adopt rules establishing certificate of need application fees sufficient to pay the costs incurred by the department for administering sections 3702.51 to 3702.62 of the Revised Code. Unless
rules are adopted under this division establishing different application fees, the application fee for a project not involving a capital expenditure shall be three thousand dollars and the application fee for a project involving a capital expenditure shall be nine-tenths of one per cent of the capital expenditure proposed subject to a minimum of three thousand dollars and a maximum of twenty thousand dollars.

(H) The director shall adopt rules specifying information that is necessary to conduct reviews of certificate of need applications and to develop criteria for reviews that long-term care facilities are to submit to the director under division (H) of section 3702.52 of the Revised Code.

(I) The director shall adopt rules defining "affiliated person," "related person," and "ultimate controlling interest" for purposes of section 3702.523 of the Revised Code.

(J) The director shall adopt rules prescribing requirements for holders of certificates of need to demonstrate to the director under section 3702.525 of the Revised Code that reasonable progress is being made toward completion of the reviewable activity and establishing standards by which the director shall determine whether reasonable progress is being made.

(K) The director shall adopt all rules under divisions (A) to (J) of this section in accordance with Chapter 119. of the Revised Code. The director may adopt other rules as necessary to carry out the purposes of sections 3702.51 to 3702.62 of the Revised Code.

Sec. 3702.593. (A) At the times specified in this section, the director of health shall accept, for review under section 3702.52 of the Revised Code, certificate of need applications for any of the following purposes if the proposed increase in beds is attributable solely to relocation of existing beds from an existing long-term care facility in a county with excess beds to a long-term care facility in a county in which there are fewer long-term care beds than the county's bed need:

1. Approval of beds in a new long-term care facility or an increase of beds in an existing long-term care facility if the beds are proposed to be licensed as nursing home beds under Chapter 3721. of the Revised Code;

2. Approval of beds in a new county home or new county nursing home, or an increase of beds in an existing county home or existing county nursing home if the beds are proposed to be certified as skilled nursing facility beds under the medicare program, Title XVIII of the "Social Security Act," 49 Stat. 286 (1965), 42 U.S.C. 1395, as amended, or nursing facility beds under the medicaid program, Title XIX of the "Social Security Act," 49 Stat. 286 (1965), 42 U.S.C. 1396, as amended;

3. An increase of hospital beds registered pursuant to section 3701.07
of the Revised Code as long-term care beds.

(B) For the purpose of implementing this section, the director shall do all of the following:

1. Not later than April 1, 2012 October 1, 2023, and every four years thereafter, determine the long-term care bed supply for each county, which shall consist of all of the following:
   a. Nursing home beds licensed under Chapter 3721. of the Revised Code;
   b. Beds certified as skilled nursing facility beds under the medicare program or nursing facility beds under the medicaid program;
   c. Beds in any portion of a hospital that are properly registered under section 3701.07 of the Revised Code as skilled nursing beds, long-term care beds, or special skilled nursing beds;
   d. Beds in a county home or county nursing home that are certified under section 5155.38 of the Revised Code as having been in operation on July 1, 1993, and are eligible for licensure as nursing home beds;
   e. Beds described in division (O)(5) of section 3702.51 of the Revised Code.

2. Determine the long-term care bed occupancy rate for the state at the time the determination is made;

3. For each county, determine the county's bed need by identifying the number of long-term care beds that would be needed in the county in order for the statewide occupancy rate for a projected population aged sixty-five and older to be ninety per cent.

   In determining each county's bed need, the director shall use the formula developed in rules adopted under section 3702.57 of the Revised Code. A determination shall be made not later than October 1, 2023, and every four years thereafter. After each determination is made, the director shall publish the county's bed need on the web site maintained by the department of health.

(C) The director's consideration of an application for a certificate of need that would increase the number of beds in a county shall be consistent with the county's bed need determined under division (B) of this section except as follows:

1. If a county's occupancy rate is less than eighty-five per cent, the county shall be considered to have no need for additional beds.

2. Even if a county is determined not to need any additional long-term care beds, the director may approve an increase in beds equal to up to ten per cent of the county's bed supply if the county's occupancy rate is greater than ninety per cent.
(D)(1) The review process used in considering certificate of need applications, the director shall establish a review period for the first review process shall begin July 1, 2010 that begins January 1, 2020, and end June 30, 2012 ends December 31, 2023. The next review period shall begin July 1, 2012, and end June 30, 2016. Thereafter, the review period for each comparative review process shall begin on the first day of January following the end of the previous review period and shall be four years.

(2) Certificate of need applications shall be accepted during the first month of the review period and reviewed through the thirtieth day of April of the following year in which the review period begins.

(3) Except for the first review period after October 16, 2009, each review period may consist of two phases. The first phase of the review period shall be the period during which the director accepts and reviews certificate of need applications as provided in division (D)(2) of this section. If the director determines that there will be acceptance and review of additional certificate of need applications, the second phase of the review period shall begin on the first day of July of the third year of the review period. The second phase shall be limited to acceptance and review of applications for redistribution of beds made available pursuant to division (I) of this section. During the period between the first and second phases of the review period, the director shall act in accordance with division (I) of this section.

(E) The director shall consider certificate of need applications in accordance with all of the following:

1. The number of beds approved for a county shall include only beds available for relocation from another county and shall not exceed the bed need of the receiving county;

2. The director shall consider the existence of community resources serving persons who are age sixty-five or older or disabled that are demonstrably effective in providing alternatives to long-term care facility placement.

3. The director shall approve relocation of beds from a county only if, after the relocation, the number of beds remaining in the county will exceed the county's bed need by at least one hundred beds;

4. The director shall approve relocation of beds from a long-term care facility only if, after the relocation, the number of beds in the facility's service area is at least equal to the state bed need rate. For purposes of this division, a facility's service area shall be either of the following:

   a. The census tract in which the facility is located, if the facility is located in an area designated by the United States secretary of health and
human services as a health professional shortage area under the "Public Health Service Act," 88 Stat. 682 (1944), 42 U.S.C. 254(e), as amended;

(b) The area that is within a fifteen-mile radius of the facility's location, if the facility is not located in a health professional shortage area.

(F) Applications made under this section are subject to comparative review if two or more applications are submitted during the same review period and any of the following applies:

(1) The applications propose to relocate beds from the same county and the number of beds for which certificates of need are being requested totals more than the number of beds available in the county from which the beds are to be relocated.

(2) The applications propose to relocate beds to the same county and the number of beds for which certificates of need are being requested totals more than the number of beds needed in the county to which the beds are to be relocated.

(3) The applications propose to relocate beds from the same service area and the number of beds left in the service area from which the beds are being relocated would be less than the state bed need rate determined by the director.

(G) In determining which applicants should receive preference in the comparative review process, the director shall consider all of the following as weighted priorities:

(1) Whether the beds will be part of a continuing care retirement community;

(2) Whether the beds will serve an underserved population, such as low-income individuals, individuals with disabilities, or individuals who are members of racial or ethnic minority groups;

(3) Whether the project in which the beds will be included will provide alternatives to institutional care, such as adult day-care, home health care, respite or hospice care, mobile meals, residential care, independent living, or congregate living services;

(4) Whether the long-term care facility's owner or operator will participate in medicaid waiver programs for alternatives to institutional care;

(5) Whether the project in which the beds will be included will reduce alternatives to institutional care by converting residential care beds or other alternative care beds to long-term care beds;

(6) Whether the facility in which the beds will be placed has positive resident and family satisfaction surveys;

(7) Whether the facility in which the beds will be placed has fewer than fifty long-term care beds;
(8) Whether the long-term care facility in which the beds will be placed is located within the service area of a hospital and is designed to accept patients for rehabilitation after an in-patient hospital stay;

(9) Whether the long-term care facility in which the beds will be placed is or proposes to become a nurse aide training and testing site;

(10) The rating, under the centers for medicare and medicaid services' five star nursing home quality rating system, of the long-term care facility in which the beds will be placed.

(H) A person who has submitted an application under this section that is not subject to comparative review may revise the site of the proposed project pursuant to section 3702.522 of the Revised Code.

(I) When a certificate of need application is approved during the initial phase of a four-year review period, in addition to the actions required by division (D) of section 3702.52 of the Revised Code, the long-term care facility from which the beds were relocated shall reduce the number of beds operated in the facility by a number of beds equal to at least ten per cent of the number of beds relocated. If these beds are in a home licensed under Chapter 3721. of the Revised Code, the long-term care facility shall have the beds removed from the license. If the beds are in a facility that is certified as a skilled nursing facility or nursing facility under Title XVIII or XIX of the "Social Security Act," the facility shall surrender the certification of these beds. If the beds are registered as skilled nursing beds or long-term care beds under section 3701.07 of the Revised Code, the long-term care facility shall surrender the registration for these beds. This reduction shall be made not later than the completion date of the project for which the beds were relocated.

(J)(1) Once approval of certificate of need applications in the first phase of a four-year review period is complete, the director shall make a new determination of the bed need for each county by reducing the county's bed need by the number of beds approved for relocation to the county. The new bed need determination shall be made not later than the first day of April of the third year of the review period.

(2) The director may publish on the department's web site the remaining bed need for counties that will be considered for redistribution of beds that, in accordance with division (I) of this section, have ceased or will cease to be operated. The director shall base the determination of whether to include a county on all of the following:

(a) The statewide number of beds that, in accordance with division (I) of this section, have ceased or will cease to be operated;

(b) The county's remaining bed need.
(c) The county’s bed occupancy rate.

(K) If the director publishes the remaining bed need for a county under division (J)(2) of this section, the director may, beginning on the first day of the second phase of the review period, accept certificate of need applications for redistribution to long-term care facilities in that county of beds that have ceased or will cease operation in accordance with division (I) of this section. The total number of beds approved for redistribution in the second phase of a review period shall not exceed the number that have ceased or will cease operation in accordance with division (I) of this section. Beds that are not approved for redistribution during the second phase of a review period shall not be available for redistribution at any future time.

Sec. 3702.60. (A) Any affected person may appeal a reviewability ruling to the director of health in accordance with Chapter 119. of the Revised Code, and the director shall provide an adjudication hearing in accordance with that chapter. An affected person may appeal the director’s ruling in the adjudication hearing to the tenth district court of appeals.

(B) The applicant for a certificate of need applicant or another affected person may appeal to the director in accordance with Chapter 119. of the Revised Code of health a decision issued by the director to grant or deny a certificate of need application. The holder of a certificate of need holder may appeal to the director in accordance with Chapter 119. of the Revised Code a decision issued by the director under section 3702.52 or 3702.525 of the Revised Code to withdraw a certificate of need, and the director shall provide an adjudication hearing in accordance with that chapter. The person may appeal
the director's ruling in the adjudication hearing to the tenth district court of appeals.

(D)(C) Any person determined by the director to have violated section 3702.53 of the Revised Code may appeal that determination, or the penalties imposed under section 3702.54 or 3702.541 of the Revised Code, to the director in accordance with Chapter 119. of the Revised Code, and the director shall provide an adjudication hearing in accordance with that chapter. The person may appeal the director's ruling in the adjudication hearing to the tenth district court of appeals.

(E)(D) Each person appealing under this section to the director shall file with the director, not later than thirty days after the decision, ruling, or determination of the director was mailed, a notice of appeal designating the decision, ruling, or determination appealed from.

(F)(E) Each person appealing under this section to the tenth district court of appeals shall file with the court, not later than thirty days after the date the director's adjudication order was mailed, a notice of appeal designating the order appealed from. The appellant also shall file notice with the director not later than thirty days after the date the order was mailed.

(1) Not later than thirty days after receipt of the notice of appeal, the director shall prepare and certify to the court the complete record of the proceedings out of which the appeal arises. The expense of preparing and transcribing the record shall be taxed as part of the costs of the appeal. In the event that the record or a part thereof is not certified within the time prescribed by this division, the appellant may apply to the court for an order that the record be certified.

(2) In hearing the appeal, the court shall consider only the evidence contained in the record certified to it by the director. The court may remand the matter to the director for the admission of additional evidence on a finding that the additional evidence is material, newly discovered, and could not with reasonable diligence have been ascertained before the hearing before the director. Except as otherwise provided by statute, the court shall give the hearing on the appeal preference over all other civil matters, irrespective of the position of the proceedings on the calendar of the court.

(3) The court shall affirm the director's order if it finds, upon consideration of the entire record and any additional evidence admitted under division (F)(E)(2) of this section, that the order is supported by reliable, probative, and substantial evidence and is in accordance with law. In the absence of such a finding, it shall reverse, vacate, or modify the order.

(4) If the court determines that the director committed material procedural error, the court shall remand the matter to the director for further
consideration or action.

(G) The court may award reasonable attorney's fees against the appellant if it determines that the appeal was frivolous. Sections 119.092, 119.093, and 2335.39 of the Revised Code do not apply to adjudication hearings under this section or section 3702.52 of the Revised Code and judicial appeals under this section.

(H)(F) No person may intervene in an appeal brought under this section.

Sec. 3702.967. The director of health may accept gifts of money from any source for the implementation and administration of sections 3702.96 to 3702.965 of the Revised Code.

The director shall pay all gifts accepted under this section into the state treasury, to the credit of the dental hygiene resource shortage area fund, which is hereby created, and all damages collected under division (C)(3) of section 3702.965 of the Revised Code, into the state treasury, to the credit of the dental hygienist loan repayment fund, which is hereby created.

The director shall use the dental hygiene resource shortage area and dental hygienist loan repayment funds fund for the implementation and administration of sections 3702.96 to 3702.967 of the Revised Code.

Sec. 3704.01. As used in this chapter:

Sec. 3704.111. (A) Not later than October 1, 1993, the director of environmental protection shall enter into a delegation agreement with each local air pollution control authority listed in divisions (N)(1)(a) to (h) of
section 3704.01 of the Revised Code under which the local air pollution control authority agrees to perform on behalf of the environmental protection agency air pollution control regulatory services within the political subdivision represented by the local air pollution control authority. The director may enter into such a delegation agreement with a local air pollution control authority established on or after the effective date of this section, subject to the condition established in division (B) of this section. Each delegation agreement shall be self-renewing on an annual basis on the first day of October of each year. The terms of each such delegation agreement shall remain unchanged from year to year unless they are amended by mutual agreement of the director and the local air pollution control authority.

(B) The director may conduct a periodic performance evaluation of the air pollution control program operated by each local air pollution control authority. Based upon the findings of such a performance evaluation, the director may terminate or refuse to renew the delegation agreement with a local air pollution control authority if the director determines that the local air pollution control authority is not adequately performing its obligations under the agreement.

(C) The director may enter into contracts for payments to local air pollution control authorities from moneys credited to the clean air fund created in section 3704.035 of the Revised Code, subject to the limitation specified in that section, and any other moneys appropriated by the general assembly for that purpose. The director shall distribute the moneys available for making payments to the local air pollution control authorities pursuant to such contracts equitably among the local air pollution control authorities based upon the amount of local funding and the workload of each local air pollution control authority, including, without limitation, population served, number of air permits issued for both new and existing sources, land area, and number of air contaminant sources. The director biennially shall review the workload of each local air pollution control authority and shall determine the percentage of the moneys available for the purpose of making payments under the contracts. In determining the percentage of those moneys that is to be so distributed, the director shall consider the recommendations of the local air pollution control authorities.

(D) The director may modify a contract between the director and a local air pollution control authority to authorize the local air pollution control authority to perform air pollution control activities outside the geographic boundaries of that local air pollution control authority.

Sec. 3704.14. (A)(1) If the director of environmental protection
determines that implementation of a motor vehicle inspection and maintenance program is necessary for the state to effectively comply with the federal Clean Air Act after June 30, 2015 2019, the director may provide for the implementation of the program in those counties in this state in which such a program is federally mandated. Upon making such a determination, the director of environmental protection may request the director of administrative services to extend the terms of the contract that was entered into under the authority of Am. Sub. H.B. 153 64 of the 129th 131st general assembly. Upon receiving the request, the director of administrative services shall extend the contract, beginning on July 1, 2015 2019, in accordance with this section. The contract shall be extended for a period of up to twenty-four months with the contractor who conducted the motor vehicle inspection and maintenance program under that contract.

(2) Prior to the expiration of the contract extension that is authorized by division (A)(1) of this section, the director of environmental protection shall request the director of administrative services to enter into a contract with a vendor to operate a decentralized motor vehicle inspection and maintenance program in each county in this state in which such a program is federally mandated through June 30, 2019 2023, with an option for the state to renew the contract for a period of up to twenty-four months through June 30, 2024 2025. The contract shall ensure that the decentralized motor vehicle inspection and maintenance program achieves at least the same emission reductions as achieved by the program operated under the authority of the contract that was extended under division (A)(1) of this section. The director of administrative services shall select a vendor through a competitive selection process in compliance with Chapter 125. of the Revised Code.

(3) Notwithstanding any law to the contrary, the director of administrative services shall ensure that a competitive selection process regarding a contract to operate a decentralized motor vehicle inspection and maintenance program in this state incorporates the following, which shall be included in the contract:

(a) For purposes of expanding the number of testing locations for consumer convenience, a requirement that the vendor utilize established local businesses, auto repair facilities, or leased properties to operate state-approved inspection and maintenance testing facilities;

(b) A requirement that the vendor selected to operate the program provide notification of the program's requirements to each owner of a motor vehicle that is required to be inspected under the program. The contract shall require the notification to be provided not later than sixty days prior to the date by which the owner of the motor vehicle is required to have the motor
vehicle inspected. The director of environmental protection and the vendor shall jointly agree on the content of the notice. However, the notice shall include at a minimum the locations of all inspection facilities within a specified distance of the address that is listed on the owner's motor vehicle registration;

(c) A requirement that the vendor comply with testing methodology and supply the required equipment approved by the director of environmental protection as specified in the competitive selection process in compliance with Chapter 125. of the Revised Code.

(4) A decentralized motor vehicle inspection and maintenance program operated under this section shall comply with division (B) of this section. The director of environmental protection shall administer the decentralized motor vehicle inspection and maintenance program operated under this section.

(B) The decentralized motor vehicle inspection and maintenance program authorized by this section, at a minimum, shall do all of the following:

(1) Comply with the federal Clean Air Act;
(2) Provide for the issuance of inspection certificates;
(3) Provide for a new car exemption for motor vehicles four years old or newer and provide that a new motor vehicle is exempt for four years regardless of whether legal title to the motor vehicle is transferred during that period.

(C) The director of environmental protection shall adopt rules in accordance with Chapter 119. of the Revised Code that the director determines are necessary to implement this section. The director may continue to implement and enforce rules pertaining to the motor vehicle inspection and maintenance program previously implemented under former section 3704.14 of the Revised Code as that section existed prior to its repeal and reenactment by Am. Sub. H.B. 66 of the 126th general assembly, provided that the rules do not conflict with this section.

(D) There is hereby created in the state treasury the auto emissions test fund, which shall consist of money received by the director from any cash transfers, state and local grants, and other contributions that are received for the purpose of funding the program established under this section. The director of environmental protection shall use money in the fund solely for the implementation, supervision, administration, operation, and enforcement of the motor vehicle inspection and maintenance program established under this section. Money in the fund shall not be used for either of the following:

(1) To pay for the inspection costs incurred by a motor vehicle dealer so
that the dealer may provide inspection certificates to an individual purchasing a motor vehicle from the dealer when that individual resides in a county that is subject to the motor vehicle inspection and maintenance program;

(2) To provide payment for more than one free passing emissions inspection or a total of three emissions inspections for a motor vehicle in any three-hundred-sixty-five-day period. The owner or lessee of a motor vehicle is responsible for inspection fees that are related to emissions inspections beyond one free passing emissions inspection or three total emissions inspections in any three-hundred-sixty-five-day period. Inspection fees that are charged by a contractor conducting emissions inspections under a motor vehicle inspection and maintenance program shall be approved by the director of environmental protection.

(E) The motor vehicle inspection and maintenance program established under this section expires upon the termination of all contracts entered into under this section and shall not be implemented beyond the final date on which termination occurs.

Sec. 3705.07. (A) The local registrar of vital statistics shall number consecutively each fetal death and death certificate printed on paper that the local registrar receives from the electronic death registration system (EDRS) maintained by the department of health. The number assigned to each certificate shall be the one provided by EDRS. Such local registrar shall sign the local registrar's name in attest to the date of filing in the local office. The local registrar shall make a complete and accurate copy of each fetal death and death certificate printed on paper that is filed. Each paper copy shall be filed and preserved as the local record until the electronic information regarding the event has been completed and made available in EDRS and EDRS is capable of issuing a complete and accurate electronic copy of the certificate. The local record may be a photographic, electronic, or other reproduction. The local registrar shall transmit to the state office of vital statistics all original fetal death and death certificates received using the state transmittal schedule specified by the department of health. The local registrar shall immediately notify the health commissioner with jurisdiction in the registration district of the receipt of a death certificate attesting that death resulted from a communicable disease.

The office of vital statistics shall carefully examine the records and certificates received from local registrars of vital statistics and shall secure any further information that may be necessary to make each record and certificate complete and satisfactory. It shall arrange and preserve the records and certificates, or reproductions of them produced pursuant to
section 3705.03 of the Revised Code, in a systematic manner and shall maintain a permanent index of all births, fetal deaths, and deaths registered, which shall show the name of the child or deceased person, place and date of birth or death, and number of the certificate.

(B)(1) The office of vital statistics shall make available to the division of child support in the department of job and family services all social security numbers that accompany a birth certificate submitted for filing under division (H) of section 3705.09 or section 3705.10 of the Revised Code or that accompany a death certificate registered under section 3705.16 of the Revised Code to both of the following:

(a) For the purpose of child support enforcement, the division of child support in the department of job and family services;

(b) For the purpose of eligibility determinations for medical assistance programs as defined in section 5160.01 of the Revised Code, the department of medicaid.

(2) The office of vital statistics also shall make available to the division of child support in the department of job and family services any other information recorded in the birth record that may enable the division to use the social security numbers provided under division (B)(1) of this section to obtain the location of the father of the child whose birth certificate was accompanied by the social security number or to otherwise enforce a child support order pertaining to that child or any other child.

Sec. 3705.09. (A) A birth certificate for each live birth in this state shall be filed in the registration district in which it occurs within ten calendar days after such birth and shall be registered if it has been completed and filed in accordance with this section.

(B) When a birth occurs in or en route to an institution, the person in charge of the institution or a designated representative shall obtain the personal data, prepare the certificate, and complete and certify the facts of birth on the certificate within ten calendar days. The physician or certified nurse-midwife in attendance shall be listed on the birth record.

(C) When a birth occurs outside an institution, the birth certificate shall be prepared and filed by one of the following in the indicated order of priority:

(1) The physician or certified nurse-midwife in attendance at or immediately after the birth;

(2) Any other person in attendance at or immediately after the birth;

(3) The father;

(4) The mother;

(D) Either of the parents of the child or other informant shall attest to the accuracy of the personal data entered on the birth certificate in time to permit the filing of the certificate within the ten days prescribed in this section.

(E) When a birth occurs in a moving conveyance within the United States and the child is first removed from the conveyance in this state, the birth shall be registered in this state and the place where it is first removed shall be considered the place of birth. When a birth occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the child is first removed from the conveyance in this state, the birth shall be registered in this state but the record shall show the actual place of birth insofar as can be determined.

(F)(1) If the mother of a child was married at the time of either conception or birth or between conception and birth, the child shall be registered in the surname designated by the mother, and the name of the husband shall be entered on the certificate as the father of the child. The presumption of paternity shall be in accordance with section 3111.03 of the Revised Code.

(2) If the mother was not married at the time of conception or birth or between conception and birth, the child shall be registered by the surname designated by the mother. The name of the father of such child shall also be inserted on the birth certificate if both the mother and the father sign an acknowledgement of paternity affidavit before the birth record has been sent to the local registrar. If the father is not named on the birth certificate pursuant to division (F)(1) or (2) of this section, no other information about the father shall be entered on the record.

(G) When a man is presumed, found, or declared to be the father of a child, according to section 2105.26, sections 3111.01 to 3111.18, former section 3111.21, or sections 3111.38 to 3111.54 of the Revised Code, or the father has acknowledged the child as his child in an acknowledgment of paternity, and the acknowledgment has become final pursuant to section 2151.232, 3111.25, or 3111.821 of the Revised Code, and documentary evidence of such fact is submitted to the department of health in such form as the director may require, a new birth record shall be issued by the department which shall have the same overall appearance as the record which would have been issued under this section if a marriage had occurred before the birth of such child. Where handwriting is required to effect such appearance, the department shall supply it. Upon the issuance of such new birth record, the original birth record shall cease to be a public record. Except as provided in division (C) of section 3705.091 of the Revised Code,
the original record and any documentary evidence supporting the new registration of birth shall be placed in an envelope which shall be sealed by the department and shall not be open to inspection or copy unless so ordered by a court of competent jurisdiction.

(H) Every birth certificate filed under this section on or after July 1, 1990, shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the division of child support in the department of job and family services, acting in accordance with regulations prescribed under the "Family Support Act of 1988," 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate. The parents' social security numbers shall not be recorded on the certificate. No social security number obtained under this division shall be used for any purpose other than child support enforcement the purposes specified in division (B)(1) of section 3705.07 of the Revised Code.

Sec. 3705.10. Any birth certificate submitted for filing eleven or more days after the birth occurred constitutes a delayed birth registration. A delayed birth certificate may be filed in accordance with rules which shall be adopted by the director of health. The rules shall include, but not be limited to, all of the following requirements for each delayed birth certificate filed on or after July 1, 1990:

(A) The certificate shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the division of child support in the department of job and family services, acting in accordance with regulations prescribed under the "Family Support Act of 1988," 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate.

(B) The parents' social security numbers shall not be recorded on the certificate.

(C) No social security number obtained under this section shall be used for any purpose other than child support enforcement the purposes specified in division (B)(1) of section 3705.07 of the Revised Code.

2. With regard to material from a horizontal well that has come in contact with a refined oil-based substance and that is not technologically enhanced naturally occurring radioactive material, to use the material in any manner authorized as a beneficial use in rules adopted by the director under section 3734.125 of the Revised Code.

Sec. 3734.57. (A) The following fees are hereby levied on the transfer or disposal of solid wastes in this state:

1. Ninety cents per ton through June 30, 2022, twenty cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste facility management fund created in section 3734.18 of the
Revised Code and seventy cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste clean-up fund created in section 3734.28 of the Revised Code;

(2) An additional seventy-five cents per ton through June 30, 2022, the proceeds of which shall be deposited in the state treasury to the credit of the waste management fund created in section 3734.061 of the Revised Code.

(3) An additional two dollars and eighty-five cents per ton through June 30, 2022, the proceeds of which shall be deposited in the state treasury to the credit of the environmental protection fund created in section 3745.015 of the Revised Code;

(4) An additional twenty-five cents per ton through June 30, 2022, the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 940.15 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall
indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return or may submit the return and fees electronically in a manner approved by the director. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one per cent of the total amount of the fees that are required to be paid as indicated on the return.

The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may
be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment regardless of whether the contract was entered prior to or after October 16, 2009. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:

(1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within the district of
solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers
appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving
a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or
amended plan in connection with the change proceedings, shall notify by
certified mail the owner or operator of each solid waste disposal facility that
is required to collect the district's fees that the change is to take effect on the
first day of January immediately following the mailing of the notice and of
the amount of the fees or amended fees levied under divisions (B)(1) to (3)
of this section pursuant to the district's initial or amended plan as so
approved or, if appropriate, the repeal of the district's fees by that initial or
amended plan. Collection of any fees set forth in such a plan or amended
plan shall commence on the first day of the second month following the
month in which notification is sent to the owner or operator. If such an
initial or amended plan repeals a schedule of fees, collection of the fees shall
cease on the first day of the second month following the month in which
notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying
under divisions (B)(1) to (3) of this section is amended or repealed, the fees
in effect immediately prior to the amendment or repeal shall continue to be
collected until collection of the amended fees commences or collection of
the repealed fees ceases, as applicable, as specified in this division. In the
case of a change in district composition, money so received from the
collection of the fees of the former districts shall be divided among the
resulting districts in accordance with division (B) of section 343.012 of the
Revised Code and the agreements entered into under division (B) of section
343.01 of the Revised Code to establish the former and resulting districts
and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section
establishing the times when newly established or amended fees levied by a
district are required to commence and the collection of fees that have been
amended or repealed is required to cease, "fees" or "schedule of fees"
includes, in addition to fees levied under divisions (B)(1) to (3) of this
section, those levied under section 3734.573 or 3734.574 of the Revised
Code.

(C) For the purposes of defraying the added costs to a municipal
corporation or township of maintaining roads and other public facilities and
of providing emergency and other public services, and compensating a
municipal corporation or township for reductions in real property tax
revenues due to reductions in real property valuations resulting from the
location and operation of a solid waste disposal facility within the municipal
corporation or township, a municipal corporation or township in which such
a solid waste disposal facility is located may levy a fee of not more than
twenty-five cents per ton on the disposal of solid wastes at a solid waste
disposal facility located within the boundaries of the municipal corporation or township regardless of where the wastes were generated.

The legislative authority of a municipal corporation or township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(b) Are generated from the combustion of coal, or from the combustion of primarily coal, regardless of whether the disposal facility is located on the premises where the wastes are generated;

(c) Are asbestos or asbestos-containing materials or products disposed of at a construction and demolition debris facility that is licensed under Chapter 3714. of the Revised Code or at a solid waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes
originating outside the boundaries of a county or joint district that are
covered by an agreement for the joint use of solid waste facilities entered
into under section 343.02 of the Revised Code by the board of county
commissioners or board of directors of the county or joint district where the
wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires,
are burned in a disposal facility that is an incinerator or energy recovery
facility, the fees levied under divisions (A), (B), and (C) of this section shall
be levied upon the disposal of the fly ash and bottom ash remaining after
burning of the solid wastes and shall be collected by the owner or operator
of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the
fees levied under divisions (B) and (C) of this section shall be levied upon
the disposal of solid wastes transported off the premises of the transfer
facility for disposal and shall be collected by the owner or operator of the
solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this section do
not apply to sewage sludge that is generated by a waste water treatment
facility holding a national pollutant discharge elimination system permit and
that is disposed of through incineration, land application, or composting or
at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do
not apply to solid wastes delivered to a solid waste composting facility for
processing. When any unprocessed solid waste or compost product is
transported off the premises of a composting facility and disposed of at a
landfill, the fees levied under divisions (A), (B), and (C) of this section shall
be collected by the owner or operator of the landfill where the unprocessed
waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap
tire recovery facility, the fees levied under divisions (A), (B), and (C) of this
section shall be levied upon the disposal of the fly ash and bottom ash or
other solid wastes remaining after the processing of the scrap tires and shall
be collected by the owner or operator of the solid waste disposal facility
where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order
exempting from the fees levied under this section solid wastes, including,
but not limited to, scrap tires, that are generated, transferred, or disposed of
as a result of a contract providing for the expenditure of public funds entered
into by the administrator or regional administrator of the United States
environmental protection agency, the director of environmental protection,
or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Moneys from the fees levied under division (B) of this section shall be forwarded to the board of county commissioners or board of directors of the district in accordance with rules adopted under division (H) of this section. Moneys from the fees levied under division (C) of this section shall be forwarded to the treasurer or such other officer of the municipal corporation as, by virtue of the charter, has the duties of the treasurer or to the fiscal officer of the township, as appropriate, in accordance with those rules.

authorized under this chapter to conduct the respective task;
(b) Relocation costs incurred in the relocation of occupants of an
eligible dwelling to achieve occupant protection, as described in 24 C.F.R.
35.1345(a).
"Lead abatement costs" do not include such costs for which the taxpayer
is reimbursed or such costs the taxpayer deducts or excludes in computing
the taxpayer's federal adjusted gross income for federal income tax purposes
or Ohio adjusted gross income as determined under section 5747.01 of the
Revised Code.

during a taxable year may apply to the director of health for a lead
abatement tax credit certificate. The applicant shall list on the application
the amount of lead abatement costs the applicant incurred for the eligible
dwelling during the taxable year. The director, in consultation with the tax
commissioner, shall prescribe the form of a lead abatement tax credit
certificate, the manner by which an applicant shall apply for the certificate,

(A) Applicants for and holders of permits, licenses, variances, plan approvals, and certifications issued by the director of environmental protection pursuant to Chapters 3704., 3734., 6109., and 6111. of the Revised Code shall pay a fee to the environmental protection agency for each such issuance and each application for an issuance as provided by this section. No fee shall be charged for any issuance for which no application has been submitted to the director.

(B) Except as otherwise provided in division (C)(2) of this section, beginning July 1, 1994, each person who owns or operates an air contaminant source and who is required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay the fees set forth in this division. For the purposes of this division, total emissions of air contaminants may be calculated using engineering calculations, emissions factors, material balance calculations, or performance testing procedures, as authorized by the director.

The following fees shall be assessed on the total actual emissions from a source in tons per year of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead:
(1) Fifteen dollars per ton on the total actual emissions of each such regulated pollutant during the period July through December 1993, to be collected no sooner than July 1, 1994;

(2) Twenty dollars per ton on the total actual emissions of each such regulated pollutant during calendar year 1994, to be collected no sooner than April 15, 1995;

(3) Twenty-five dollars per ton on the total actual emissions of each such regulated pollutant in calendar year 1995, and each subsequent calendar year, to be collected no sooner than the fifteenth day of April of the year next succeeding the calendar year in which the emissions occurred.

The fees levied under this division do not apply to that portion of the emissions of a regulated pollutant at a facility that exceed four thousand tons during a calendar year.

(C)(1) The fees assessed under division (B) of this section are for the purpose of providing funding for the Title V permit program.

(2) The fees assessed under division (B) of this section do not apply to emissions from any electric generating unit designated as a Phase I unit under Title IV of the federal Clean Air Act prior to calendar year 2000. Those fees shall be assessed on the emissions from such a generating unit commencing in calendar year 2001 based upon the total actual emissions from the generating unit during calendar year 2000 and shall continue to be assessed each subsequent calendar year based on the total actual emissions from the generating unit during the preceding calendar year.

(3) The director shall issue invoices to owners or operators of air contaminant sources who are required to pay a fee assessed under division (B) or (D) of this section. Any such invoice shall be issued no sooner than the applicable date when the fee first may be collected in a year under the applicable division, shall identify the nature and amount of the fee assessed, and shall indicate that the fee is required to be paid within thirty days after the issuance of the invoice.

(D)(1) Except as provided in division (D)(3) of this section, from January 1, 1994, through December 31, 2003, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in accordance with the following schedule:
Total tons per year
of regulated pollutants Annual fee
emitted per facility
More than 0, but less than 50 $ 75
50 or more, but less than 100 300
100 or more 700

(2) Except as provided in division (D)(3) of this section, beginning January 1, 2004, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.03 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in accordance with the following schedule:

Total tons per year
of regulated pollutants Annual fee
emitted per facility
More than 0, but less than 10 $ 100
10 or more, but less than 50 200
50 or more, but less than 100 300
100 or more 700

(3)(a) As used in division (D) of this section, "synthetic minor facility" means a facility for which one or more permits to install or permits to operate have been issued for the air contaminant sources at the facility that include terms and conditions that lower the facility's potential to emit air contaminants below the major source thresholds established in rules adopted under section 3704.036 of the Revised Code.

(b) Beginning January 1, 2000, through June 30, 2020, 2022, each person who owns or operates a synthetic minor facility shall pay an annual fee based on the sum of the actual annual emissions from the facility of particulate matter, sulfur dioxide, nitrogen dioxide, organic compounds, and lead in accordance with the following schedule:

Combined total tons per year of all regulated pollutants Annual fee
emitted per facility
Less than 10 $ 170
10 or more, but less than 20 340
20 or more, but less than 30 670
(4) The fees assessed under division (D)(1) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 1995. The fees assessed under division (D)(2) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 2005. The fees assessed under division (D)(3) of this section shall be collected no sooner than the fifteenth day of April, commencing in 2000. The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.

(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (B) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (B) of this section and shall make the revised schedules available to persons required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the twelve-month period ending on the thirty-first day of August of that year.

(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for calendar year 1989.

(F) Each person who is issued a permit to install pursuant to rules
adopted under division (F) of section 3704.03 of the Revised Code on or after July 1, 2003, shall pay the fees specified in the following schedules:

A boiler, furnace, combustion turbine, stationary internal combustion engine, or process heater designed to provide direct heat or power to a process not designed to generate electricity shall be assessed a fee established in division (F)(4)(a) of this section. A combustion turbine or stationary internal combustion engine designed to generate electricity shall be assessed a fee established in division (F)(2) of this section.

(b) Notwithstanding division (F)(4)(a) of this section, any person issued a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code shall pay the fees set forth in division (F)(4)(c) of this section for a process used in any of the following industries, as identified by the applicable two-digit, three-digit, or four-digit standard industrial classification code according to the Standard Industrial Classification Manual published by the United States office of management and budget in the executive office of the president, 1987, as revised:

(I) A person who is issued a modification to a permit to install an air contaminant source pursuant to rules adopted under section 3704.03 of the Revised Code shall pay a fee equal to one-half of the fee that would be assessed under this section to obtain a permit to install the source. The fee assessed by this division only applies to modifications that are initiated by the owner or operator of the source and shall not exceed two thousand dollars.

(J) Notwithstanding division (F) of this section, a person who applies
for or obtains a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code after the date actual construction of the source began shall pay a fee for the permit to install that is equal to twice the fee that otherwise would be assessed under the applicable division unless the applicant received authorization to begin construction under division (W) of section 3704.03 of the Revised Code. This division only applies to sources for which actual construction of the source begins on or after July 1, 1993. The imposition or payment of the fee established in this division does not preclude the director from taking any administrative or judicial enforcement action under this chapter, Chapter 3704., 3714., 3734., or 6111. of the Revised Code, or a rule adopted under any of them, in connection with a violation of rules adopted under division (F) of section 3704.03 of the Revised Code.

As used in this division, "actual construction of the source" means the initiation of physical on-site construction activities in connection with improvements to the source that are permanent in nature, including, without limitation, the installation of building supports and foundations and the laying of underground pipework.

(K)(1) Money received under division (B) of this section shall be deposited in the state treasury to the credit of the Title V clean air fund created in section 3704.035 of the Revised Code. Annually, not more than fifty cents per ton of each fee assessed under division (B) of this section on actual emissions from a source and received by the environmental protection agency pursuant to that division may be transferred by the director using an interstate transfer voucher to the state treasury to the credit of the small business assistance fund created in section 3706.19 of the Revised Code. In addition, annually, the amount of money necessary for the operation of the office of ombudsperson as determined under division (B) of that section shall be transferred to the state treasury to the credit of the small business ombudsperson fund created by that section.

(2) Money received by the agency pursuant to divisions (D), (F), (G), (H), (I), and (J) of this section shall be deposited in the state treasury to the credit of the non-Title V clean air fund created in section 3704.035 of the Revised Code.

July 1, 2020, except that the total fee shall not exceed fifteen thousand dollars through June 30, 2020, and five thousand dollars on and after July 1, 2020. The fee shall be paid at the time the application is submitted.

(2) A person who has entered into an agreement with the director under section 6111.14 of the Revised Code shall pay an administrative service fee for each plan submitted under that section for approval that shall not exceed the minimum amount necessary to pay administrative costs directly attributable to processing plan approvals. The director annually shall calculate the fee and shall notify all persons who have entered into agreements under that section, or who have applied for agreements, of the amount of the fee.

(3)(a)(i) Not later than January 30, 2018, and January 30, 2019, a person holding an NPDES discharge permit issued pursuant to Chapter 6111. of the Revised Code with an average daily discharge flow of five thousand gallons or more shall pay a nonrefundable annual discharge fee. Any person who fails to pay the fee at that time shall pay an additional amount that equals ten per cent of the required annual discharge fee.

(ii) The billing year for the annual discharge fee established in division (L)(3)(a)(i) of this section shall consist of a twelve-month period beginning on the first day of January of the year preceding the date when the annual discharge fee is due. In the case of an existing source that permanently ceases to discharge during a billing year, the director shall reduce the annual discharge fee, including the surcharge applicable to certain industrial facilities pursuant to division (L)(3)(c) of this section, by one-twelfth for each full month during the billing year that the source was not discharging, but only if the person holding the NPDES discharge permit for the source notifies the director in writing, not later than the first day of October of the billing year, of the circumstances causing the cessation of discharge.

(iii) The annual discharge fee established in division (L)(3)(a)(ii) of this section, except for the surcharge applicable to certain industrial facilities pursuant to division (L)(3)(c) of this section, shall be based upon the average daily discharge flow in gallons per day calculated using first day of May through thirty-first day of October flow data for the period two years prior to the date on which the fee is due. In the case of NPDES discharge permits for new sources, the fee shall be calculated using the average daily design flow of the facility until actual average daily discharge flow values are available for the time period specified in division (L)(3)(a)(iii) of this section. The annual discharge fee may be prorated for a new source as described in division (L)(3)(a)(ii) of this section.
(b)(i) An NPDES permit holder that is a public discharger shall pay the fee specified in the following schedule:

(4) Prescribe measures that the director considers necessary to carry out this section.

(U) When the director reasonably demonstrates that the direct cost to the state associated with the issuance of a permit, license, variance, plan approval, or certification exceeds the fee for the issuance or review specified by this section, the director may condition the issuance or review on the payment by the person receiving the issuance or review of, in addition to the fee specified by this section, the amount, or any portion thereof, in excess of the fee specified under this section. The director shall not so condition issuances for which a fee is prescribed in division (S)(1)(c)(iii) of this section.

(V) Except as provided in divisions (L), (M), (P), and (S) of this section or unless otherwise prescribed by a rule of the director adopted pursuant to Chapter 119. of the Revised Code, all fees required by this section are payable within thirty days after the issuance of an invoice for the fee by the director or the effective date of the issuance of the license, permit, variance, plan approval, or certification. If payment is late, the person responsible for payment of the fee shall pay an additional ten per cent of the amount due for each month that it is late.

treatment works” have the meanings ascribed to those terms by applicable
rules or standards adopted by the director under Chapter 3704. or 6111. of
the Revised Code.

section, and in any other provision of this section pertaining to fees paid
pursuant to Chapter 3704. of the Revised Code:

(1) "Facility," "federal Clean Air Act," "person," and "Title V permit"
have the same meanings as in section 3704.01 of the Revised Code.

to meet the requirements of Title V of the federal Clean Air Act and 40
C.F.R. part 70, including at least:

(a) Preparing and adopting, if applicable, generally applicable rules or
guidance regarding the permit program or its implementation or

(Y)(1) Except as provided in divisions (Y)(2), (3), and (4) of this
section, each sewage sludge facility shall pay a nonrefundable annual sludge
fee equal to three dollars and fifty cents per dry ton of sewage sludge,
including the dry tons of sewage sludge in materials derived from sewage
sludge, that the sewage sludge facility treats or disposes of in this state. The annual volume of sewage sludge treated or disposed of by a sewage sludge facility shall be calculated using the first day of January through the thirty-first day of December of the calendar year preceding the date on which payment of the fee is due.

(2)(a) Except as provided in division (Y)(2)(d) of this section, each sewage sludge facility shall pay a minimum annual sewage sludge fee of one hundred dollars.

(b) The annual sludge fee required to be paid by a sewage sludge facility that treats or disposes of exceptional quality sludge in this state shall be thirty-five percent less per dry ton of exceptional quality sludge than the fee assessed under division (Y)(1) of this section, subject to the following exceptions:

(i) Except as provided in division (Y)(2)(d) of this section, a sewage sludge facility that treats or disposes of exceptional quality sludge shall pay a minimum annual sewage sludge fee of one hundred dollars.

(ii) A sewage sludge facility that treats or disposes of exceptional quality sludge shall not be required to pay the annual sludge fee for treatment or disposal in this state of exceptional quality sludge generated outside of this state and contained in bags or other containers not greater than one hundred pounds in capacity.

A thirty-five percent reduction for exceptional quality sludge applies to the maximum annual fees established under division (Y)(3) of this section.

(c) A sewage sludge facility that transfers sewage sludge to another sewage sludge facility in this state for further treatment prior to disposal in this state shall not be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred. In such a case, the sewage sludge facility that disposes of the sewage sludge shall pay the annual sludge fee. However, the facility transferring the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

In the case of a sewage sludge facility that treats sewage sludge in this state and transfers it out of this state to another entity for disposal, the sewage sludge facility in this state shall be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred.

(d) A sewage sludge facility that generates sewage sludge resulting from an average daily discharge flow of less than five thousand gallons per day is not subject to the fees assessed under division (Y) of this section.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual fee for each disposal
method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that may be charged under division (Y)(5) of this section for late payment of the annual sludge fee. The maximum annual fee for the following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;
(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;
(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

(4)(a) In the case of an entity that generates sewage sludge or a sewage sludge facility that treats sewage sludge and transfers the sewage sludge to an incineration facility for disposal, the incineration facility, and not the entity generating the sewage sludge or the sewage sludge facility treating the sewage sludge, shall pay the annual sludge fee for the tons of sewage sludge that are transferred. However, the entity or facility generating or treating the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

(b) In the case of an entity that generates sewage sludge and transfers the sewage sludge to a landfill for disposal or to a sewage sludge facility for land reclamation or surface disposal, the entity generating the sewage sludge, and not the landfill or sewage sludge facility, shall pay the annual sludge fee for the tons of sewage sludge that are transferred.

(5) Not later than the first day of April of the calendar year following March 17, 2000, and each first day of April thereafter, the director shall issue invoices to persons who are required to pay the annual sludge fee. The invoice shall identify the nature and amount of the annual sludge fee assessed and state the first day of May as the deadline for receipt by the director of objections regarding the amount of the fee and the first day of July as the deadline for payment of the fee.

Not later than the first day of May following receipt of an invoice, a person required to pay the annual sludge fee may submit objections to the director concerning the accuracy of information regarding the number of dry tons of sewage sludge used to calculate the amount of the annual sludge fee or regarding whether the sewage sludge qualifies for the exceptional quality sludge discount established in division (Y)(2)(b) of this section. The director may consider the objections and adjust the amount of the fee to ensure that it is accurate.

If the director does not adjust the amount of the annual sludge fee in
response to a person's objections, the person may appeal the director's determination in accordance with Chapter 119. of the Revised Code.

Not later than the first day of June, the director shall notify the objecting person regarding whether the director has found the objections to be valid and the reasons for the finding. If the director finds the objections to be valid and adjusts the amount of the annual sludge fee accordingly, the director shall issue with the notification a new invoice to the person identifying the amount of the annual sludge fee assessed and stating the first day of July as the deadline for payment.

Not later than the first day of July, any person who is required to do so shall pay the annual sludge fee. Any person who is required to pay the fee, but who fails to do so on or before that date shall pay an additional amount that equals ten per cent of the required annual sludge fee.

(6) The director shall transmit all moneys collected under division (Y) of this section to the treasurer of state for deposit into the surface water protection fund created in section 6111.038 of the Revised Code. The moneys shall be used to defray the costs of administering and enforcing provisions in Chapter 6111. of the Revised Code and rules adopted under it that govern the use, storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years thereafter, the director shall review the total amount of moneys generated by the annual sludge fees to determine if that amount exceeded six hundred thousand dollars in either of the two preceding fiscal years. If the total amount of moneys in the fund exceeded six hundred thousand dollars in either fiscal year, the director, after review of the fee structure and consultation with affected persons, shall issue an order reducing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will not exceed six hundred thousand dollars in any fiscal year.

If, upon review of the fees under division (Y)(7) of this section and after the fees have been reduced, the director determines that the total amount of moneys collected and accumulated is less than six hundred thousand dollars, the director, after review of the fee structure and consultation with affected persons, may issue an order increasing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will be approximately six hundred thousand dollars. Fees shall never be increased to an amount exceeding the amount specified in division (Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the director may issue an order under division (Y)(7) of this section without the necessity to
hold an adjudicatory hearing in connection with the order. The issuance of an order under this division is not an act or action for purposes of section 3745.04 of the Revised Code.

The board shall incorporate those rules into separate residential and nonresidential building codes. The standards shall relate to the conservation of energy and the safety and sanitation of those buildings.

(2) The rules governing nonresidential buildings are the lawful minimum requirements specified for those buildings and industrialized units, except that no rule other than as provided in division (C) of section 3781.108 of the Revised Code that specifies a higher requirement than is imposed by any section of the Revised Code is enforceable. The board shall make its determination with regard to adaptability for safe and sanitary erection, use, or construction, to that described in any section of the Revised Code, wherever the use of a fixture, device, material, method of manufacture, system, or method of construction described in that section of the Revised Code is permitted by law. The board shall amend or annul any rule or issue an authorization for the use of a new material or manufactured unit on any like application. 3781.11 of the Revised Code.

(D) The board shall recommend rules, codes, and standards to help carry out the purposes of section 3781.06 of the Revised Code and to help secure uniformity of state administrative rulings and local legislation and administrative action to the bureau of workers' compensation, the director of commerce, any other department, officer, board, or commission of the state, and to legislative authorities and building departments of counties, townships, and municipal corporations, and shall recommend that they audit those recommended rules, codes, and standards by any appropriate action that they are allowed pursuant to law or the constitution.

Any department, personnel, or person may enforce only the type of building code for which certified.

(3) The board shall not require a building department, its personnel, or any persons that it employs to be certified for residential building code enforcement if that building department does not enforce the state residential building code. The board shall specify, in rules adopted pursuant to Chapter 119. of the Revised Code, the requirements for certification for residential and nonresidential building code enforcement, which shall be consistent with this division. The requirements for residential and nonresidential certification may differ. iii. Each compacting state shall have the responsibility to pay annually 
the compacting state's actual one-year savings in public health expenses for 
the particular disease for which a cure has been accepted. The compacting 
state shall make such an annual payment until it has fulfilled its prize 
responsibility as established in section 3.f. of this article. Each compacting 
state's payment responsibility begins one year after the date the cure 
becomes widely available. The commission shall employ or contract with 
actuaries to calculate each state's actual one-year savings in public health 
expenses at the end of each year to determine each state's responsibility for 
the succeeding year.

iv. Compacting states may meet prize responsibilities by any method 
including the issuance of bonds or other obligations, with the principal and 
interest of those bonds or obligations to be repaid only from revenue derived 
from estimated public health expense savings from a cure to a disease. If the 
compacting state does not make such revenue available to repay some or all 
of the revenue bonds or obligations issued, the owners or holders of those 
bonds or obligations have no right to have excises or taxes levied to pay the 
principal or interest on them. The revenue bonds and obligations are not a 
debt of the issuing compacting state.

v. A compacting state may issue bonds or other debt that are general 
obligations, under which the full faith and credit, revenue, and taxing power 
of the state is pledged to pay the principal and interest under those 
obligations, only if authorized by the compacting state's constitution or, if 
constitutional authorization is not required, by other law of the compacting 
state.
Upon acceptance of a cure, the commission shall obtain a loan from a financial institution in an amount equal to the most recently calculated total estimated five-year public health expenses for the disease in all compacting states, in accordance with section 3.f. of this article. The commission reserves the right to continuously evaluate the cure in the interim and rescind a prize offer if the commission finds that the cure no longer meets the commission's criteria.

4. The commission may award a prize for a treatment or therapeutic protocol that yields a survival rate that is less than what is established in the cure criteria through at least five years after the treatment or protocol has ended. In that case, the prize amount awarded for that treatment or therapeutic protocol shall be reduced from the prize amount originally determined by the commission for a cure for that disease. The reduction shall be in proportion to the survival rate yielded by that treatment or protocol as compared to the survival rate established in the cure criteria.

5. The commission also shall adopt rules that do the following:
   a. Establish the following regarding commission records:
      i. Conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals or would otherwise violate privacy laws under federal law and the laws of the compacting states;
      ii. Procedures for sharing with federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure;
      iii. Guidelines for entering into agreements with federal and state agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.
   b. Provide a process for commission review of submitted treatments and therapeutic protocols for curing diseases that includes the following:
      i. An opportunity for an appeal, not later than thirty days after a rejection of a treatment or protocol for prize consideration, to a review panel established under the commission's dispute resolution process;
      ii. Commission monitoring and review of treatment and protocol effectiveness consistent with the cure criteria established by the commission for the particular disease;
      iii. Commission reconsideration, modification, or withdrawal of approval of a treatment or protocol for prize consideration for failure to continue to meet the cure criteria established by the commission for the particular disease.
   c. Establish a dispute resolution process to resolve disputes or other
issues under the compact that may arise between two or more compacting states or between the commission and individuals or entities who submit treatments and therapeutic protocols to cure diseases, which process shall provide for:

i. Administrative review by a review panel appointed by the commission;

ii. Judicial review of decisions issued after an administrative review; and

iii. Qualifications to be appointed to a panel, due process requirements, including notice and hearing procedures, and any other procedure, requirement, or standard necessary to provide adequate dispute resolution.

d. Establish and impose annual member dues on compacting states, which shall be calculated based on the percentage of each compacting state's population in relation to the population of all the compacting states.

6. Recognizing that the goal of the compact is to pool the potential savings of as many states and countries as possible to generate sufficient financial incentive to develop a cure for many of the world's most devastating diseases, the compact will respect the laws of each of these United States by adopting rules that establish ethical standards for research that shall be followed in order for a prize to be claimed. The compact, in the rules, shall establish a common set of ethical standards that embodies the laws and restrictions in each of the states so that to be eligible for claiming a prize the entity submitting a cure must not have violated any of the ethical standards in any one of the fifty states, whether the states have joined the compact or not. The compact will publish these common ethical standards along with the specific criteria for a cure for each of the diseases the compact has targeted.

So long as a researcher follows the common ethical standards in effect at the time the research is done, an entity presenting a cure will be deemed to have followed the standards. On or before January 1 of each year, the compact shall review all state laws to determine if additional ethical standards have been enacted by any of the fifty states and the federal government. Any changes to the common ethical standards rules based on new state laws shall be adopted and published by the compact, but shall not take effect in cure criteria for a period of three years to allow for sufficient notice to researchers.

7. All rules may be amended as the commission sees necessary.

8. All rules shall be adopted pursuant to a rule-making process that conforms to the model state administrative procedure act of 1981 by the uniform law commissioners, as amended, as may be appropriate to the
operations of the commission.

9. In the event the commission exercises its rule-making authority in a manner that is beyond the scope of the purpose of this compact, or the powers granted hereunder, then such rule shall be invalid and have no force and effect.

Article VII. Committees
1. Management Committee
   a. The commission may establish a management committee comprised of not more than fourteen members when twenty-six states enact the compact.
   b. The committee shall consist of those members representing compacting states whose total public health expenses of all of the established diseases are the highest.
   c. The committee shall have such authority and duties as may be set forth in the commission's bylaws and rules, including:
      i. Managing authority over the day-to-day affairs of the commission in a manner consistent with the commission's bylaws and rules and the purposes of the compact;
      ii. Overseeing the offices of the commission; and
      iii. Planning, implementing, and coordinating communications and activities with state, federal, and local government organizations in order to advance the goals of the compact.
   d. The commission annually shall elect officers for the committee, with each having such authority and duties as may be specified in the commission's bylaws and rules.
   e. The management committee, subject to commission approval, may appoint or retain an executive director for such period, upon such terms and conditions, and for such compensation as the committee determines. The executive director shall serve as secretary to the commission, but shall not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the committee.

2. Advisory Committees
   The commission may appoint advisory committees to monitor all operations related to the purposes of the compact and make recommendations to the commission; provided that the manner of selection and term of any committee member shall be as set forth in the commission's bylaws and rules. The commission shall consult with an advisory committee, to the extent required by the commission's bylaws or rules, before doing any of the following:
   a. Approving cure criteria;
b. Amending, enacting, or repealing any bylaw or rule;
c. Adopting the commission's annual budget;
d. Addressing any other significant matter or taking any other significant action.

Article VIII. Finance
1. The commission annually shall establish a budget to pay or provide for the payment of its reasonable expenses. To fund the cost of initial operations, the commission may accept contributions and other forms of funding from the compacting states and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

2. The commission shall be exempt from all taxation in and by the compacting states.

3. The commission shall keep complete and accurate accounts of all of its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under the commission's bylaws or rules. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but not less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governors and legislatures of the compacting states, which shall include a report of the independent audit. The commission's internal accounts shall not be confidential and such materials may be shared with any compacting state upon request provided, however, that any work papers related to any internal or independent audit and any information subject to the compacting states' privacy laws, shall remain confidential.

4. No compacting state shall have any claim or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of the compact.

Article IX. Records
Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any member of the duty to disclose any relevant records, data, or information to the commission; provided, that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly
provided in the compact, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any member. All cure submissions received by the commission are confidential.

Article X. Compliance

The commission shall notify a compacting state in writing of any noncompliance with commission bylaws and rules. If a compacting state fails to remedy its noncompliance within the time specified in the notice, the compacting state shall be deemed to be in default as set forth in Article XIV.

Article XI. Venue

Venue for any judicial proceedings by or against the commission shall be brought in the appropriate court of competent jurisdiction for the geographical area in which the principal office of the commission is located.

Article XII. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred within the scope of the person's commission employment, duties, or responsibilities; provided, that nothing in section 1. of this article shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of the person's commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that nothing in the compact or commission bylaws or rules shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against the person
arising out of any actual or alleged act, error, or omission that occurred within the scope of the person's commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission, did not result from the intentional or willful and wanton misconduct of that person.

Article XIII. Compacting States, Effective Date, and Amendment
1. Any state is eligible to become a compacting state.
2. The compact shall become effective and binding upon legislative enactment of the compact into law by two compacting states; provided, the commission shall only be established after six states become compacting states. Thereafter, the compact shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state.
3. Amendments to the compact may be proposed by the commission for enactment by the compacting states. No amendment shall become effective and binding until all compacting states enact the amendment into law.
4. If funding is requested or required, the legislative authority of each compacting state shall be responsible for making the appropriations it determines necessary to pay for the costs of the compact, including annual member dues and prize distributions.

Article XIV. Withdrawal, Default, and Expulsion
1. Withdrawal
   a. Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided, that a compacting state may withdraw from the compact by doing both of the following:
      i. Repealing the law enacting the compact in that state;
      ii. Notifying the commission in writing of the intent to withdraw on a date that is both of the following:
         I. At least three years after the date the notice is sent;
         II. After the repeal takes effect.
   b. The effective date of withdrawal is the date described in section 1.a.ii. of this article.
   c. The member representing the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation in that state repealing the compact. If a management committee has not been established, the member shall immediately notify the commission.
   d. The commission or management committee, as applicable, shall notify the other compacting states of the introduction of such legislation
within ten days after its receipt of notice thereof.

e. The withdrawing state is responsible for all obligations, duties and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal. The commission's actions shall continue to be effective and be given full force and effect in the withdrawing state.

f. Reinstatement following a state's withdrawal shall become effective upon the effective date of the subsequent enactment of the compact by that state.

2. Default
   a. If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under the compact or the commission's bylaws or rules, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the suspension pending cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state shall cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be expelled from the compact and all rights, privileges, and benefits conferred by the compact shall be terminated from the effective date of the expulsion. Any state that is expelled from the compact shall be liable for any cure prize or prizes for three years after its removal. The commission shall also take appropriate legal action to ensure that any compacting state that withdraws from the compact remains liable for paying its responsibility towards a prize for a cure that was accepted while the compacting state was a member of the commission.

   b. The expelled state must reenact the compact in order to become a compacting state.

3. Dissolution of Compact
   a. The compact dissolves effective upon the date of either of the following:
      i. The withdrawal or expulsion of a compacting state, which withdrawal or expulsion reduces membership in the compact to one compacting state;
      ii. The commission votes to dissolve the compact.
   b. Upon the dissolution of the compact, the compact becomes null and
void and shall be of no further force or effect, and the business and affairs of
the commission shall be wound up and any surplus funds shall be distributed
in accordance with the commission's bylaws, provided, that the commission
shall pay all outstanding prizes awarded before the dissolution of the
compact, as well as any other outstanding debts and obligations incurred
during the existence of the compact. Any unawarded funds donated to be a
part of a prize shall be returned to the donor, along with any interest earned
on the amount.

Article XV. Severability and Construction
1. The provisions of the compact shall be severable; and if any phrase,
clause, sentence, or provision is deemed unenforceable, the remaining
provisions of the compact shall be enforceable.
2. The provisions of the compact shall be liberally construed to
effectuate its purposes.

Article XVI. Binding Effect of Compact and Other Laws
1. Other Laws: Nothing herein prevents the enforcement of any other
law of a compacting state, except as provided in section 2.b. of this article.
2. Binding Effect of the Compact
a. All lawful actions of the commission, including all commission rules,
are binding upon the compacting states.
b. All agreements between the commission and the compacting states
are binding in accordance with their terms.
c. Except to the extent authorized by the compacting state's constitution
or, if constitutional authorization is not required, by other law of the
compacting state, such state, by entering into the compact does not:
i. Commit the full faith and credit or taxing power of the compacting
state for the payment of prizes or other obligations under the compact;
ii. Make prize payment responsibilities or other obligations under the
compact a debt of the compacting state.
d. Upon the request of a party to a conflict over the meaning or
interpretation of commission actions, and upon a majority vote of the
compacting states, the commission may issue advisory opinions regarding
the meaning or interpretation in dispute.
e. In the event any provision of the compact exceeds the constitutional
limits imposed on any compacting state, the obligations, duties, powers or
jurisdiction sought to be conferred by that provision upon the commission
shall be ineffective as to that compacting state, and those obligations, duties,
powers, or jurisdiction shall remain in the compacting state and shall be
exercised by the agency thereof to which those obligations, duties, powers,
or jurisdiction are delegated by law in effect at the time the compact
becomes effective.

Sec. 3901.381. (A) Except as provided in sections 3901.382, 3901.383, 3901.384, and 3901.386 of the Revised Code, a third-party payer shall process a claim for payment for health care services rendered by a provider to a beneficiary in accordance with this section.

(B)(1) Unless division (B)(2) or (3) of this section applies, when a third-party payer receives from a provider or beneficiary a claim on the standard claim form prescribed in rules adopted by the superintendent of insurance under section 3902.22 of the Revised Code, the third-party payer shall pay or deny the claim not later than thirty days after receipt of the claim. When a third-party payer denies a claim, the third-party payer shall notify the provider and the beneficiary. The notice shall state, with specificity, why the third-party payer denied the claim.

(2)(a) Unless division (B)(3) of this section applies, when a provider or beneficiary has used the standard claim form, but the third-party payer determines that reasonable supporting documentation is needed to establish the third-party payer's responsibility to make payment, the third-party payer shall pay or deny the claim not later than forty-five days after receipt of the claim. Supporting documentation includes the verification of employer and beneficiary coverage under a benefits contract, confirmation of premium payment, medical information regarding the beneficiary and the services provided, information on the responsibility of another third-party payer to make payment or confirmation of the amount of payment by another third-party payer, and information that is needed to correct material deficiencies in the claim related to a diagnosis or treatment or the provider's identification.

Not later than thirty days after receipt of the claim, the third-party payer shall notify all relevant external sources that the supporting documentation is needed. All such notices shall state, with specificity, the supporting documentation needed. If the notice was not provided in writing, the provider, beneficiary, or third-party payer may request the third-party payer to provide the notice in writing, and the third-party payer shall then provide the notice in writing. If any of the supporting documentation is under the control of the beneficiary, the beneficiary shall provide the supporting documentation to the third-party payer.

The number of days that elapse between the third-party payer's last request for supporting documentation within the thirty-day period and the third-party payer's receipt of all of the supporting documentation that was requested shall not be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days for
payment or denial of a claim. Except as provided in division (B)(2)(b) of this section, if the third-party payer requests additional supporting documentation after receiving the initially requested documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days.

(b) If a third-party payer determines, after receiving initially requested documentation, that it needs additional supporting documentation pertaining to a beneficiary's preexisting condition, which condition was unknown to the third-party payer and about which it was reasonable for the third-party payer to have no knowledge at the time of its initial request for documentation, and the third-party payer subsequently requests this additional supporting documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall not be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days.

(c) When a third-party payer denies a claim, the third-party payer shall notify the provider and the beneficiary. The notice shall state, with specificity, why the third-party payer denied the claim.

(d) If a third-party payer determines that supporting documentation related to medical information is routinely necessary to process a claim for payment of a particular health care service, the third-party payer shall establish a description of the supporting documentation that is routinely necessary and make the description available to providers in a readily accessible format.

Third-party payers and providers shall, in connection with a claim, use the most current CPT code in effect, as published by the American medical association, the most current ICD-10 code in effect, as published by the United States department of health and human services, the most current CDT code in effect, as published by the American dental association, or the most current HCPCS code in effect, as published by the United States health care financing administration centers for medicare and medicaid services.

(3) When a provider or beneficiary submits a claim by using the standard claim form prescribed in the superintendent's rules, but the information provided in the claim is materially deficient, the third-party payer shall notify the provider or beneficiary not later than fifteen days after receipt of the claim. The notice shall state, with specificity, the information needed to correct all material deficiencies. Once the material deficiencies
are corrected, the third-party payer shall proceed in accordance with division (B)(1) or (2) of this section.

It is not a violation of the notification time period of not more than fifteen days if a third-party payer fails to notify a provider or beneficiary of material deficiencies in the claim related to a diagnosis or treatment or the provider's identification. A third-party payer may request the information necessary to correct these deficiencies after the end of the notification time period. Requests for such information shall be made as requests for supporting documentation under division (B)(2) of this section, and payment or denial of the claim is subject to the time periods specified in that division.

(C) For purposes of this section, if a dispute exists between a provider and a third-party payer as to the day a claim form was received by the third-party payer, both of the following apply:

(1) If the provider or a person acting on behalf of the provider submits a claim directly to a third-party payer by mail and retains a record of the day the claim was mailed, there exists a rebuttable presumption that the claim was received by the third-party payer on the fifth business day after the day the claim was mailed, unless it can be proven otherwise.

(2) If the provider or a person acting on behalf of the provider submits a claim directly to a third-party payer electronically, there exists a rebuttable presumption that the claim was received by the third-party payer twenty-four hours after the claim was submitted, unless it can be proven otherwise.

(D) Nothing in this section requires a third-party payer to provide more than one notice to an employer whose premium for coverage of employees under a benefits contract has not been received by the third-party payer.

(E) Compliance with the provisions of division (B)(3) of this section shall be determined separately from compliance with the provisions of divisions (B)(1) and (2) of this section.

(F) A third-party payer shall transmit electronically any payment with respect to claims that the third-party payer receives electronically and pays to a contracted provider under this section and under sections 3901.383, 3901.384, and 3901.386 of the Revised Code. A provider shall not refuse to accept a payment made under this section or sections 3901.383, 3901.384, and 3901.386 of the Revised Code on the basis that the payment was transmitted electronically.

Sec. 3901.3814. Sections 3901.38 and 3901.381 to 3901.3813 of the Revised Code do not apply to the following:

(A) Policies offering coverage that is regulated under Chapters 3935. and 3937. of the Revised Code;
(B) An employer's self-insurance plan and any of its administrators, as defined in section 3959.01 of the Revised Code, to the extent that federal law supersedes, preempts, prohibits, or otherwise precludes the application of any provisions of those sections to the plan and its administrators;

(C) A third-party payer for coverage provided under the medicare advantage program operated under Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended;

(D) A third-party payer for coverage provided under the medicaid program, except that if a federal waiver applied for under section 5167.25 of the Revised Code is granted or the medicaid director determines that this provision can be implemented without a waiver, sections 3901.38 and 3901.381 to 3901.3813 of the Revised Code apply to claims submitted electronically or non-electronically that are made with respect to coverage of medicaid recipients by health insuring corporations licensed under Chapter 1751. of the Revised Code, instead of the prompt payment requirements of 42 C.F.R. 447.46;

(E) A third-party payer for coverage provided under the tricare program offered by the United States department of defense.

Sec. 3901.95. A direct primary care agreement that meets all of the following shall not be considered insurance and nothing in Title XXXIX or Chapter 1739., 1751., or 1753. of the Revised Code shall apply to such an agreement:

(A) It is in writing.

(B) It is between a patient, or that patient's legal representative, and a health care provider and is related to services to be provided in exchange for the payment of a fee to be paid on a periodic basis.

(C) It allows either party to terminate the agreement as specified in the agreement.

(D) It requires termination to be accomplished through written notification.

(E) It permits termination to take effect immediately upon the other party's receipt of the notification or not more than sixty days after the other party's receipt of the notification.

(F) It does not impose a termination penalty or require payment of a termination fee.

(G) It describes the health care services to be provided under the agreement and the basis on which a periodic fee is to be paid in exchange for those services.

(H) It specifies the periodic fee required and any additional fees that may be charged.
It authorizes the periodic fee and any additional fees to be paid by a third party.

It prohibits the health services provider from charging or receiving any fee other than the fees prescribed in the agreement for those services prescribed in the agreement.

It conspicuously and prominently states that the agreement is not health insurance, is not subject to the insurance laws of this state, and does not meet any individual health insurance mandate that may be required under federal law.

Sec. 3902.30. (A) As used in this section:

(B)(1) A health benefit plan shall provide coverage for telemedicine services on the same basis and to the same extent that the plan provides coverage for the provision of in-person health care services.
(2) A health benefit plan shall not exclude coverage for a service solely because it is provided as a telemedicine service.
(C) A health benefit plan shall not impose any annual or lifetime benefit maximum in relation to telemedicine services other than such a benefit maximum imposed on all benefits offered under the plan.
(D) This section shall not be construed as doing any of the following:

1. Prohibiting a health benefit plan from assessing cost-sharing requirements to a covered individual for telemedicine services, provided that such cost-sharing requirements for telemedicine services are not greater than those for comparable in-person health care services;

2. Requiring a health plan issuer to reimburse a health care professional for any costs or fees associated with the provision of telemedicine services that would be in addition to or greater than the standard reimbursement for comparable in-person health care services;

3. Requiring a health plan issuer to reimburse a telemedicine provider for telemedicine services at the same rate as in-person services.

(E) This section applies to all health benefit plans issued, offered, or renewed on or after January 1, 2021.

2. "Third-party payer" and "provider" have the same meanings as in section 3901.38 of the Revised Code.

(B)(1) Subject to division (C) of this section, a provision in a contract entered into between a third-party payer and a provider is void and against public policy if it does either of the following:

(a) Establishes a minimum amount that the provider is required to charge an individual for a health service when that individual pays in full for the service;

(b) Prohibits a provider from advertising the provider's rates for a service.

(2) Division (B)(1)(b) of this section shall not be construed as prohibiting a provision in a contract between a provider and a third-party payer that prohibits a provider from disclosing or advertising contractually agreed upon reimbursement rates for providers.

(C)(1) This section shall apply to all new contracts between a third-party payer and a provider entered into on or after the effective date of this section.

(2) For existing contracts, this section shall apply on the earlier of either of the following:

(a) Three years after the effective date of this section;

(b) The expiration date of the contract or renewal of the contract.

Sec. 3902.50. (A) As used in sections 3902.50 to 3902.52 of the Revised Code:

(B) Before a health care provider provides a health care product, service, or procedure to a patient, the patient or the patient's representative shall receive a reasonable, good faith cost estimate for the product, service, or procedure. This requirement does not apply when a patient seeks emergency services, a health care provider believes that a delay in care associated with fulfilling this requirement could harm the patient, or a circumstance described in section 3962.08 of the Revised Code occurs.
A health care provider may elect to provide the cost estimate as described in section 3962.04 of the Revised Code or, if the patient is insured, elect for the patient's health plan issuer to provide the cost estimate after the provider has transmitted information to the issuer in accordance with section 3962.05 of the Revised Code. The provider shall notify the patient or the patient's representative who will provide the cost estimate. The provision of a cost estimate by the provider does not preclude the issuer from also providing a cost estimate to the patient or the patient's representative.

Each health care provider or health plan issuer that provides a cost estimate shall ensure that the estimate is provided in a manner that complies with all applicable state and federal laws pertaining to the privacy of patient-identifying information.

Sec. 3962.04. (A) Except as provided in division (B) of this section, a cost estimate provided by a health care provider shall contain all of the following:

3. The difference, if any, that the patient or other party responsible for the patient's care would be required to pay to the provider for the product, service, or procedure;

4. If the patient is not insured under a health benefit plan, the total amount the provider will charge the patient if the patient is paying out-of-pocket for each product, service, or procedure the patient is to receive, inclusive of facility, professional, and other fees, along with a short description and the applicable CPT code for the product, service, or procedure or, if no CPT code exists, another identifier that a health plan
issuer would normally require.

(C) A cost estimate required by this section shall be based on information provided at the time the appointment is made, as specified in section 3962.011 of the Revised Code, for the health care product, service, or procedure. In addition, the estimate need not take into account any information that subsequently arises, such as unknown, unanticipated, or subsequently needed health care products, services, or procedures provided for any reason after the initial appointment. Only one estimate is required per visit.

If specific information, such as the health care provider who will be providing the health care product, service, or procedure, is not readily available at the time the appointment is made, the provider may base the cost estimate information specified in division (A)(1) of section 3962.04 of the Revised Code on either an average estimated charge for the product, service, or procedure that is submitted to the patient's health plan issuer or the average out-of-pocket price for the product, service, or procedure paid by patients who are uninsured.

(D)(1) Except as provided in division (D)(2) or (3) of this section, the cost estimate required by this section shall be provided not later than twenty-four hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, or, if the product, service, or procedure is to be provided less than twenty-four hours after the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, at the time the patient presents to receive the product, service, or procedure,
(2) If the health care product, service, or procedure is to be provided by one or more independent contractors of the provider, the cost estimate shall be provided not later than thirty-six hours after the time the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, or, if the product, service, or procedure is to be provided less than thirty-six hours after the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, at the time the patient presents to receive the product, service, or procedure.

(3) A provider may elect to send the cost estimate to the patient or the patient's representative by regular mail if the health care product, service, or procedure will be provided more than three days from the time the estimate is generated. If this election is made, the provider shall mail the cost estimate not later than the following, as applicable:

(a) If the provider would otherwise be required to comply with division (D)(1) of this section, twenty-four hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code;

(b) If the provider would otherwise be required to comply with division (D)(2) of this section, thirty-six hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code.

(E)(1) If the patient is insured, a health care provider shall, not later than twenty-four hours after an appointment is made, as specified in section 3962.011 of the Revised Code, transmit to the patient's health plan issuer the patient's name; the patient's identification number, if one has been assigned; the CPT code or other identifier the issuer requires for each health care product, service, or procedure the patient is to receive; the provider's identification number; the provider's charge for each product, service, or procedure the patient has scheduled that will be delivered by a provider who is not in-network for the patient's health benefit plan; notification that the provider is providing the cost estimate to the patient or the patient's representative; and any other information the issuer requires from the provider.

(2) If the provider is to provide a product, service, or procedure pursuant to a prescription or order from another provider, the provider who received the prescription or order shall transmit the information specified in division (E)(1) of this section to the patient's health plan issuer not later than twenty-four hours after receiving the prescription or order or, if received when the provider's office or facility is closed, twenty-four hours after the
office or facility reopens.

(3) Not later than five minutes after receiving information pursuant to division (E)(1) or (2) of this section, the health plan issuer shall give to the health care provider all information the provider needs to generate a cost estimate.

If a health plan issuer does not provide the information necessary to generate the estimate, the health care provider shall notify the patient. The provider may note in the portion of the estimate pertaining to the information required by divisions (A)(2) and (3) of this section that health plan issuer information was not provided as required by law. In this case, the provider may specify only the information required by division (A)(1) of this section and, at the provider's discretion, the information required by division (A)(2) of this section. If the information necessary to complete the estimate is subsequently received and an updated estimate can be provided within the time limit established by division (D) of this section, the health care provider shall provide the updated estimate.

(F) The cost estimate required by this section shall contain a disclaimer that the information is only an estimate based on facts available at the time it was prepared and that the amounts estimated could change as a result of unknown, unanticipated, or subsequently needed health care products, services, or procedures; changes to the patient's health benefit plan; or other changes. The provider has discretion in how the disclaimer is expressed.

(G) If the amount estimated under division (A)(3) or (4) of this section changes by more than ten per cent before the patient initially presents for the health care product, service, or procedure, the health care provider shall supply to the patient an updated estimate within the time limit established by division (B) or (D) of this section, as applicable.

(H) The cost estimate required by this section may be provided verbally or in electronic or written form and shall be easy to understand. If the estimate is provided in electronic or written form, all of the following apply:

(1) It shall be provided in large font.

(2) Unless the estimate contains more than nine CPT codes or other identifiers, it shall be limited to one page.

(3) The subject line of the communication containing the estimate shall state "Your Ohio Healthcare Price Transparency Estimate."

(J) Nothing in this section prohibits a health care provider or health plan issuer from collecting payment from a patient for an administered health care product, service, or procedure regardless of whether the patient does or does not receive a cost estimate under this section before the product.
service, or procedure is received.

Sec. 3962.05. (A)(1) If a health care provider elects for a patient's health plan issuer to provide a cost estimate in lieu of the provider, the provider shall notify the issuer of this election through the issuer's portal described in section 1751.72, 3923.041, or 5160.34 of the Revised Code or, beginning January 1, 2020, the connector portal established under section 3962.09 of the Revised Code. In addition, the provider shall, except as provided in division (B) of this section, also transmit to the health plan issuer through the appropriate portal all of the following:

(a) The patient's name;
(b) The patient's identification number, if one has been assigned;
(c) The CPT code or other identifier the health plan issuer requires for each health care product, service, or procedure the patient is to receive;
(d) The provider's identification number;
(e) The charge for each product, service, or procedure the patient has scheduled that will be delivered by a provider who is out-of-network for the patient's health benefit plan;
(f) Any other information the health plan issuer requires from the provider.

The portal also shall be able to transmit a copy of this information directly to the patient to whom the information pertains.

Except as provided in division (A)(2) of this section, the transmission shall occur not later than twenty-four hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code.

(2) If the health care product, service, or procedure is to be provided by one or more independent contractors of the provider, the transmission shall occur not later than thirty-six hours after the time the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code.

A health plan issuer shall modify its portal as necessary to accommodate the information transmission.

(B) If a health care provider attests to the department of insurance that it is unable to transmit information through a health plan issuer's portal or through the connector portal, the provider may transmit the information by facsimile or telephone call to the department of insurance. The department shall enter the information on the provider's behalf in the relevant portal. Under these circumstances, the provider may compile patient information and transmit it to the department in a batch once every business day.

Sec. 3962.06. (A) Under the circumstances described in division (A)(1)
of section 3962.05 of the Revised Code, a health plan issuer shall provide a
cost estimate to the patient or the patient's representative containing the
information specified in divisions (A)(1) to (3) of section 3962.04 of the
Revised Code, as well as the average rate the health plan issuer reimburses
in-network providers for the same health care product, service, or procedure.

(B) A health plan issuer shall ask the patient or the patient's
representative whether the patient would prefer to receive cost estimates by
electronic mail or other electronic means or by regular mail. The issuer shall
send cost estimates by the means elected.

If the means elected is by electronic mail or other electronic means,
the estimate shall be sent automatically, but not later than five minutes after
the health plan issuer has received the necessary information from the health
care provider. If the means elected is by regular mail, the estimate shall be
mailed not later than forty-eight hours after the issuer has received the
necessary information from the health care provider if the health care
product, service, or procedure will be provided more than three days from
the time the estimate is generated. For purposes of calculating the
forty-eight hours, hours on a Saturday, Sunday, or legal holiday shall be
excluded.

If no election is made, the estimate shall be sent as follows:

(1) If the health care product, service, or procedure will be provided
more than three days from the time the estimate is generated, by regular
mail;

(2) If the health care product, service, or procedure will be provided less
than three days from the time the estimate is generated and the electronic
mail address of the patient or patient's representative is on file with the
issuer, by electronic mail.

A health plan issuer shall be held harmless if the electronic mail address
of the patient or the patient's representative on file with the issuer is
incorrect, invalid, or no longer used.

(C)(1) The cost estimate required by this section shall be based on
information provided at the time an appointment is made, as specified in
section 3962.011 of the Revised Code. In addition, the estimate need not
take into account any information that subsequently arises, such as
unknown, unanticipated, or subsequently needed health care products,
services, or procedures provided for any reason after the initial appointment.
Only one estimate is required per visit.

(2) If specific information, such as the provider who will be providing
the health care product, service, or procedure, is not readily available at the
time the appointment is made, the health care provider may transmit that a
provider is unknown and the health plan issuer may base the estimate on an
average estimated charge submitted to the health plan issuer for the product,
service, or procedure at that facility or location.

(3) If a health care provider does not transmit to the health plan issuer
the information necessary to generate the cost estimate, the issuer shall send
to the patient or the patient’s representative, by the same means used to send
estimates, a notice that the provider failed to transmit the necessary
information as required by law and, consequently, a cost estimate could not
be generated. This action shall be taken in the event a provider gives the
issuer any indication that receipt of a health care product, service, or
procedure is scheduled, such as through precertification.

(D) The estimate required by this section shall contain both of the
following:

(1) A disclaimer that the information is only an estimate based on facts
available at the time it was prepared and that the amounts estimated could
change as a result of other factors: unknown, unanticipated, or subsequently
needed health care products, services, or procedures; or changes to the
patient’s health benefit plan. The health plan issuer has discretion in how the
disclaimer is expressed.

(2) If applicable, a notation that a specific health care provider is
out-of-network for the enrollee.

(E) The cost estimate required by this section shall be provided in large
font, be easy to understand, and, unless the estimate contains more than nine
CPT codes or other identifiers, be limited to one page. The subject line of
the communication containing the estimate shall state "Your Ohio
Healthcare Price Transparency Estimate."

(F) If the amount in a cost estimate required by this section changes by
more than ten per cent before the patient presents for the health care
product, service, or procedure, the health plan issuer shall supply to the
patient an updated estimate by the means the patient or the patient’s
representative has elected under division (B) of this section and within the
time frames specified in that division.

(G) A patient may decline to receive a cost estimate under this section.

(H) A patient is responsible for payment for an administered health care
product, service, or procedure even if the patient does not receive a cost
estimate under this section before the product, service, or procedure is
received.

Sec. 3962.07. (A) Regardless of whether a cost estimate is provided to a
patient by a health care provider under section 3962.04 of the Revised Code
or by a health plan issuer under section 3962.06 of the Revised Code, a
provider shall give the patient or the patient's representative the CPT code or other identifier the patient's health plan issuer requires for each health care product, service, or procedure the patient is to receive along with the charge information specified in division (A)(1) of section 3962.04 of the Revised Code associated with each code or other identifier. The provider has the following options for fulfilling this requirement:

1. The provider may send this information to the patient or the patient's representative through electronic means.

2. The provider may send this information to the patient or patient's representative by regular mail if the health care product, service, or procedure will be provided more than three days from the time the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code.

3. The provider may provide to the patient or the patient's representative a web site address where that individual may enter each code or identifier and retrieve the charge information. If this option is elected and the provider transmits the codes or identifiers to the patient's health plan issuer through a portal as described in section 3962.05 of the Revised Code, the provider may have the portal generate an automatic electronic mail message to the individual with instructions on how to retrieve charge information through the web site.

4. If the product, service, or procedure is to be provided less than three days from the time the appointment for the product, service, or procedure was made, the provider may give the information to the patient or the patient's representative at the time the patient presents for the product, service, or procedure to be received.

Regardless of the manner in which the provider has elected to fulfill this requirement, the provider shall fulfill the requirement in accordance with all applicable state and federal laws pertaining to the privacy of patient-identifying information.

The CPT codes or other identifiers and charge information shall, except as provided in division (B) of this section, be given to the patient or the patient's representative not later than twenty-four hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, or, if the product, service, or procedure is to be provided less than twenty-four hours after the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, at the time the patient presents to receive the product, service, or procedure.

(B) If the health care product, service, or procedure is to be provided by
one or more independent contractors of the provider, the CPT codes or other identifiers and charge information shall be given to the patient or the patient's representative not later than thirty-six hours after the time the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, or, if the product, service, or procedure is to be provided less than thirty-six hours after the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, at the time the patient presents to receive the product, service, or procedure.

Sec. 3962.08. (A) As used in this section, "office visit" means the family of CPT codes for "Evaluation and Management, Office Visits Established" (codes 99211, 99212, 99213, 99214, and 99215) used for office or other outpatient visits for an established patient and the family of CPT codes for services similar to the foregoing, including vision services.

(B) The requirement of section 3962.03 of the Revised Code does not apply in any of the following circumstances:

1. When the only service a health care provider will provide is an office visit;
2. When the patient was scheduled for only an office visit but during the visit it is determined that the patient needs a product, service, or procedure to be provided during that single visit;
3. When the patient seeks care without an appointment and without a prescription or order from another provider.

(C) In the event a patient schedules or presents for health care products, services, or procedures in addition to an office visit but the health care provider is unable to estimate the level of office visit to be provided, or in the circumstances described in division (B)(3) of this section, the provider may enter a general designation for an unknown level of office visit. The estimate provided through the health care provider or health plan issuer under section 3962.03 of the Revised Code shall list the general designation and price range for all levels of office visits.

Sec. 3962.081. In the event that a health care provider believes that a delay in care associated with fulfilling the cost estimate requirement of section 3962.03 of the Revised Code could harm the patient, the provider shall inform the patient or the patient's representative of this fact and provide the health care product, service, or procedure to the patient. After the product, service, or procedure is provided, the provider shall submit to the department of insurance a report, in the form and manner prescribed by the department, detailing why the provider believed that a delay in care could harm the patient. Annually, the department shall analyze the reports.
and prepare a summary of its findings. Each summary shall be submitted to the governor and, in accordance with section 101.68 of the Revised Code, the general assembly.

Sec. 3962.09. Not later than January 1, 2020, the department of insurance shall create or procure a connector portal that health care providers may use to transmit the information specified in section 3962.05 of the Revised Code to health plan issuers. The department shall ensure that the computer systems and software used in operating the connector portal are compatible with the computer systems and software manufactured by various vendors and used by health care providers and health plan issuers. In doing so, the department shall engage in active efforts to share with those vendors any information necessary to operate the connector portal in a manner that accomplishes both of the following, while also ensuring that the portal maintains the privacy of patient-identifying information in accordance with all applicable state and federal laws:

(A) Grants health care providers a means by which they may instantly transmit information and populate data fields that health plan issuers need to generate cost estimates under section 3962.06 of the Revised Code;

(B) Grants health plan issuers a means by which they may retrieve information directly from the connector portal in a seamless manner.

Sec. 3962.10. A health care provider or health plan issuer that provides a cost estimate under this chapter is not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with providing the estimate if the health care provider or health plan issuer made a good faith effort to collect the information necessary to generate the estimate and a good faith effort to provide the estimate to the patient or the patient's representative.

Sec. 3962.11. (A) If, after completing an examination, the superintendent of insurance, department of health, department of medicaid, or appropriate regulatory board, as applicable, finds that a health plan issuer or health care provider has committed a series of violations that, taken together, constitute a consistent pattern or practice of violating the requirements of this chapter to provide cost estimates to patients or their representatives, the superintendent, department, or board may impose on the issuer or provider any of the administrative remedies specified in division (B) of this section.

Before imposing an administrative remedy, the superintendent, department, or board shall give written notice to the health plan issuer or health care provider informing that party of the reasons for the finding, the administrative remedy that is proposed, and the opportunity to submit a
written request for an administrative hearing regarding the finding and proposed remedy. If a hearing is requested, the superintendent, department, or board shall conduct the hearing in accordance with Chapter 119, of the Revised Code not later than fifteen days after receipt of the request.

(B) In imposing administrative remedies under this section, the superintendent, department, or appropriate regulatory board may do either or both of the following:

1. Levy a monetary penalty in an amount determined in accordance with division (C) of this section;

2. Order the health plan issuer or health care provider to cease and desist from engaging in the violations.

(C)(1) A finding by the superintendent, department, or appropriate regulatory board that a health plan issuer or health care provider has committed a series of violations that, taken together, constitutes a consistent pattern or practice of violating the requirements of this chapter to provide cost estimates to patients or their representatives, shall constitute a single offense for purposes of levying a fine as described in division (B)(1) of this section.

2. For a first offense, the superintendent or department may levy a fine of not more than one hundred thousand dollars; the appropriate regulatory board may levy a fine of not more than ten thousand dollars.

For a second offense, the superintendent or department may levy a fine of not more than one hundred fifty thousand dollars; the appropriate regulatory board may levy a fine of not more than fifteen thousand dollars.

For a third or subsequent offense, the superintendent or department may levy a fine of not more than three hundred thousand dollars; the appropriate regulatory board may levy a fine of not more than thirty thousand dollars.

3. In determining the amount of a fine to be levied within the limits specified in division (C)(2) of this section, the superintendent, department, or appropriate regulatory board shall consider the following factors:

(a) The extent and frequency of the violations;

(b) Whether the violations were due to circumstances beyond the control of the health plan issuer or health care provider;

(c) Any remedial actions taken by the health plan issuer or health care provider;

(d) The actual or potential harm to others resulting from the violations;

(e) If the health plan issuer or health care provider knowingly and willingly committed the violations;

(f) The financial condition of the health plan issuer or health care provider;
Sec. 3962.12. A contract clause that does any of the following is invalid and unenforceable:

(A) Prohibits a health care provider or health plan issuer from providing a patient with information that facilitates the patient's ability to choose a health care provider based on quality or cost, including providing a patient with cost and quality information for alternative providers when the patient demonstrates an intention to see a particular provider;

(B) Prohibits a health plan issuer from excluding any particular health care provider from a list or other resource that ranks providers based on quality or cost and is intended to help patients make decisions regarding their care;

(C) Restricts patient access to quality or cost information provided by a health care provider or health plan issuer.

Sec. 3962.13. (A) All of the following may adopt any rules necessary to carry out this chapter:

(1) The superintendent of insurance;

(2) The director of health;

(3) The medicaid director;

(4) Any other relevant department, agency, board, or other entity that regulates, licenses, or certifies a health care provider or health plan issuer.

(B) Any rules adopted under this section shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 3962.15. It is the general assembly's intent in enacting sections 3962.01 to 3962.14 of the Revised Code to provide patients with the information they need to make informed choices regarding their health care, to maximize health care cost savings for all residents of this state, and to reduce the burden of health care expenditures on government entities, including medicaid.

Sec. 4109.05. (A) The director of commerce, after consultation with the director of health, shall adopt rules, in accordance with Chapter 119. of the Revised Code, prohibiting the employment of minors in occupations which are hazardous or detrimental to the health and well-being of minors.

In adopting the rules, the director of commerce shall consider the orders

The director of commerce shall not adopt any rule that prohibits a minor who is sixteen or seventeen years of age and who is employed by an employer under the manufacturing mentorship program created in section 4109.22 of the Revised Code from being employed in a manufacturing occupation if the orders issued pursuant to the "Fair Labor Standards Act of 1938," 29 U.S.C. 201, et seq., permit the employment of the minor in the manufacturing occupation. As used in this division, "manufacturing occupation" has the same meaning as in section 4109.22 of the Revised Code.

(B) No minor may be employed in any occupation found hazardous or detrimental to the health and well-being of minors under the rules adopted pursuant to division (A) of this section.

Sec. 4109.22. (A) As used in this section:

(1) "Manufacturing occupation" means employment that consists of the mechanical, physical, or chemical transformation of materials, substances, or components into new products for sale, including the assembling of component parts into a finished product.

(2) Notwithstanding the definition of "employer" in section 4109.01 of the Revised Code, "employer" means every person who employs any individual in a manufacturing occupation.

(B) There is hereby created the manufacturing mentorship program to expose minors who are sixteen or seventeen years of age to manufacturing occupations in this state through temporary employment with an employer. An employer employing a minor under the mentorship program shall do all of the following:

(4) An employer is not required to provide the training described in division (C)(1) or (2) of this section if the minor presents proof of completing the training during the six-month period immediately before beginning employment with the employer.

(D) The director of commerce, in consultation with employers, shall adopt rules in accordance with Chapter 119. of the Revised Code specifying a list of the tools that a minor who is sixteen or seventeen years of age who is employed under the mentorship program may operate during the minor's employment in a manufacturing occupation. The director shall use the manual issued by the wage and hour division of the United States department of labor titled "field operations handbook" or its successor for guidance in developing the list. Nothing in this division requires the director to include a tool on the list if the orders issued pursuant to the "Fair Labor Standards Act of 1938," 29 U.S.C. 201, et seq., and section 4109.05 of the Revised Code or rules adopted under that section specifically permit minors of that age to operate the tool.

(E) A minor who is sixteen or seventeen years of age who is employed by an employer under the mentorship program may work in any manufacturing occupation not denied by law to minors of that age under section 4109.05 of the Revised Code or rules adopted under that section.

(F) No employer shall do either of the following:

If the offender previously has been convicted under this section and if the subsequent offense contains aggravating circumstances other than circumstances that are the basis of a felony violation of section 2919.22 of the Revised Code, then the person is guilty of a felony of the fourth degree.

207, 213, as amended.

Any employee employed in agriculture shall not be covered by the overtime provision of this section.

A motor carrier may elect to apply the overtime provision of this section to an individual who is excluded from the provision under division (D)(3)(i) of this section.

(B) If a county employee or township employee elects to take compensatory time off in lieu of overtime pay, for any overtime worked, compensatory time may be granted by the employee's administrative superior, on a time and one-half basis, at a time mutually convenient to the employee and the administrative superior within one hundred eighty days after the overtime is worked.

(C) A township appointing authority or a county appointing authority with the exception of the county department of job and family services may, by rule or resolution as is appropriate, indicate the authority's intention not to be bound by division (B) of this section, and to adopt a different policy for the calculation and payment of overtime than that established by that division. Upon adoption, the alternative overtime policy prevails. Prior to the adoption of an alternative overtime policy, a township appointing authority or a county appointing authority with the exception of the county department of job and family services shall give a written notice of the alternative policy to each employee at least ten days prior to its effective date.

(D) As used in this section:

   (2) "Employer" means the state of Ohio, its instrumentalities, and its political subdivisions and their instrumentalities, any individual, partnership, association, corporation, business trust, or any person or group of persons, acting in the interest of an employer in relation to an employee, but does not include either of the following:

For purposes of this division, "franchisor" and "franchisee" have the
same meanings as in 16 C.F.R. 436.1.

(3) "Employee" means any individual employed by an employer but does not include:

For purposes of this division, a bona fide lease agreement does not include an agreement between the individual and the motor carrier transporting property for which, or on whose behalf, the individual provides services.

(ii) The individual is responsible for supplying the necessary personal services to operate the vehicle or vessel used to provide the service.

(iii) The compensation paid to the individual is based on factors related to work performed, including on a mileage-based rate or a percentage of any schedule of rates, and not solely on the basis of the hours or time expended.
(iv) The individual substantially controls the means and manner of performing the services, in conformance with regulatory requirements and specifications of the shipper.

(v) The individual enters into a written contract with the carrier for whom the individual is performing the services that describes the relationship between the individual and the carrier to be that of an independent contractor and not that of an employee.

(1) Shall within four years after the end of the benefit year in which the fraudulent misrepresentation was made reject or cancel such person's entire weekly claim for benefits that was fraudulently claimed, or the person's entire benefit rights if the misrepresentation was in connection with the filing of the claimant's application for determination of benefit rights;

(2) Shall by order declare that, for each application for benefit rights and for each weekly claim canceled, such person shall be ineligible for two otherwise valid weekly claims for benefits, claimed within six years subsequent to the discovery of such misrepresentation;

(3) By order shall require that the total amount of benefits rejected or canceled under division (A)(1) of this section be repaid to the director before such person may become eligible for further benefits, and shall withhold such unpaid sums from future benefit payments accruing and otherwise payable to such claimant. (D) The executive director may employ necessary inspectors, who shall be licensed embalmers and funeral directors. An inspector employed by the executive director may enter the premises, establishment, office, or place of business of any embalmer, funeral director, or crematory operator, embalming facility, funeral home, or crematory facility in this state, for the purposes of inspecting the facility and premises; the license, permit, and registration certification of embalmers, funeral directors, and crematory operators operating in the facility; and the license of the funeral home, embalming facility, or crematory facility and perform any other duties delegated to the inspector by the board or assigned to the inspector by the executive director. The executive director may enter the facility or premises of a funeral home, embalming facility, or crematory for the purpose of an inspection if accompanied by an inspector or, if an inspector is not available, when a situation presents a danger of immediate and serious harm to the public.

(E) The president of the board shall designate three of the board's members to serve on the crematory review board, which is hereby created, for such time as the president finds appropriate to carry out the provisions of this chapter. Those members of the crematory review board designated by the president to serve and three members designated by the cemetery dispute resolution commission shall designate, by a majority vote, one person who holds a crematory operator permit, who is experienced in the operation of a crematory facility, and who is not affiliated with a cemetery or a funeral home to serve on the crematory review board for such time as the crematory review board finds appropriate. Members serving on the crematory review board shall not receive any additional compensation for serving on the board, but may be reimbursed for their actual and necessary expenses incurred in the performance of official duties as members of the board. Members of the crematory review board shall designate one from among its members to serve as a chairperson for such time as the board finds appropriate. Costs associated with conducting an adjudicatory hearing in accordance with division (F) of this section shall be paid from funds available to the board of embalmers and funeral directors.

(F) Upon receiving written notice from the board of embalmers and funeral directors of any of the following, the crematory review board shall conduct an adjudicatory hearing on the matter in accordance with Chapter 119. of the Revised Code, except as otherwise provided in this section or
division (C) of section 4717.14 of the Revised Code:

(1) Notice provided under division (I) of this section of an alleged violation of any provision of this chapter or any rules adopted under this chapter governing or in connection with crematory operators, crematory facilities, or cremation;

(2) Notice provided under division (B) of section 4717.14 of the Revised Code that the board of embalmers and funeral directors proposes to refuse to grant or renew, or to suspend or revoke, a license to operate a crematory facility;

(3) Notice provided under division (C) of section 4717.14 of the Revised Code that the board of embalmers and funeral directors has issued an order summarily suspending a crematory operator permit or a license to operate a crematory facility;

(4) Notice provided under division (B) of section 4717.15 of the Revised Code that the board of embalmers and funeral directors proposes to issue a notice of violation and order requiring payment of a forfeiture for any violation described in divisions (A)(9)(a) to (g) of section 4717.04 of the Revised Code alleged in connection with a crematory operator, crematory facility, or cremation.

Nothing in division (F) of this section precludes the crematory review board from appointing an independent examiner in accordance with section 119.09 of the Revised Code to conduct any adjudication hearing required under division (F) of this section.

The crematory review board shall submit a written report of findings and advisory recommendations, and a written transcript of its proceedings, to the board of embalmers and funeral directors. The board of embalmers and funeral directors shall serve a copy of the written report of the crematory review board's findings and advisory recommendations on the party to the adjudication or the party's attorney, by certified mail, within five days after receiving the report and advisory recommendations. A party may file objections to the written report with the board of embalmers and funeral directors within ten days after receiving the report. No written report is final or appealable until it is issued as a final order by the board of embalmers and funeral directors and entered on the record of the proceedings. The board of embalmers and funeral directors shall consider objections filed by the party prior to issuing a final order. After reviewing the findings and advisory recommendations of the crematory review board, the written transcript of the crematory review board's proceedings, and any objections filed by a party, the board of embalmers and funeral directors shall issue a final order in the matter. Any party may appeal the final order issued by the
board of embalmers and funeral directors in a matter described in divisions (F)(1) to (4) of this section in accordance with section 119.12 of the Revised Code, except that the appeal may be made to the court of common pleas in the county in which is located the crematory facility to which the final order pertains, or in the county in which the party resides.

(G) On its own initiative or on receiving a written complaint from any person whose identity is made known to the board of embalmers and funeral directors, the board shall investigate the acts or practices of any person holding or claiming to hold a license, permit, or registration under this chapter that, if proven to have occurred, would violate this chapter or any rules adopted under it. The board may compel witnesses by subpoena to appear and testify in relation to investigations conducted under this chapter and may require by subpoena duces tecum the production of any book, paper, or document pertaining to an investigation. If a person does not comply with a subpoena or subpoena duces tecum, the board may apply to the court of common pleas of any county in this state for an order compelling the person to comply with the subpoena or subpoena duces tecum, or for failure to do so, to be held in contempt of court.

(H) If, as a result of its investigation conducted under division (G) of this section, the board of embalmers and funeral directors has reasonable cause to believe that the person investigated is violating any provision of this chapter or any rules adopted under this chapter governing or in connection with embalming, funeral directing, cremation, funeral homes, embalming facilities, or cremation facilities, or the operation of funeral homes, embalming facilities, or crematory facilities, it may, after providing the opportunity for an adjudicatory hearing, issue an order directing the person to cease the acts or practices that constitute the violation. The board shall conduct the adjudicatory hearing in accordance with Chapter 119. of the Revised Code except that, notwithstanding the provisions of that chapter, the following shall apply:

1. The board shall send the notice informing the person of the person's right to a hearing by certified mail.

2. The person is entitled to a hearing only if the person requests a hearing and if the board receives the request within thirty days after the mailing of the notice described in division (H)(1) of this section.

3. A stenographic record shall be taken, in the manner prescribed in section 119.09 of the Revised Code, at every adjudicatory hearing held under this section, regardless of whether the record may be the basis of an appeal to a court.

(I) If, as a result of its investigation conducted under division (G) of this
section, the board of embalmers and funeral directors has reasonable cause to believe that the person investigated is violating any provision of this chapter or any rules adopted under this chapter governing or in connection with crematory operators, crematory facilities, or cremation, the board shall send written notice of the alleged violation to the crematory review board. If, after the conclusion of the adjudicatory hearing in the matter conducted under division (F) of this section, the board of embalmers and funeral directors finds that a person is in violation of any provision of this chapter or any rules adopted under this chapter governing or in connection with crematory operators, crematory facilities, or cremation, the board may issue a final order under that division directing the person to cease the acts or practices that constitute the violation.

(J) The board of embalmers and funeral directors may bring a civil action to enjoin any violation or threatened violation of sections 4717.01 to 4717.15 of the Revised Code or a rule adopted under any of those sections; division (A) or (B) of section 4717.23; division (B)(1) or (2), (C)(1) or (2), (D), (E), or (F)(1) or (2), or divisions (H) to (K) of section 4717.26; division (D)(1) of section 4717.27; divisions (A) to (C) of section 4717.28, or division (D) or (E) of section 4717.31 of the Revised Code. The action shall be brought in the county where the violation occurred or the threatened violation is expected to occur. At the request of the board, the attorney general shall represent the board in any matter arising under this chapter.

(K) The board of embalmers and funeral directors and the crematory review board may issue subpoenas for any person holding a license or permit under this chapter or persons holding themselves out as such, or for any other person whose testimony, in the opinion of either board, is necessary. The subpoena shall require the person to appear before the appropriate board or any designated member of either board, upon any hearing conducted under this chapter. The penalty for disobedience to the command of such a subpoena is the same as for refusal to answer such a process issued under authority of the court of common pleas.

(L) Except as provided in section 4717.41 of the Revised Code, all moneys received by the board of embalmers and funeral directors from any source shall be deposited in the state treasury to the credit of the occupational licensing and regulatory fund created in section 4743.05 of the Revised Code.

(M) The board of embalmers and funeral directors shall submit a written report to the governor on or before the first Monday of July of each year. This report shall contain a detailed statement of the nature and amount of the board's receipts and the amount and manner of its expenditures.

The course of mortuary science college training may be completed either before or after the completion of the educational standard set forth in division (A)(3) of this section.

(5) The applicant has registered with the board prior to beginning an embalmer apprenticeship.

(6) The applicant has satisfactorily completed at least one year of apprenticeship under an embalmer licensed in this state and has participated in embalming at least twenty-five dead human bodies.

(B) Upon receiving satisfactory evidence verified by oath that the applicant meets all the requirements of division (A) of this section, the board shall issue the applicant an embalmer's license.

(C) Any person who desires to be licensed as a funeral director shall apply to the board on a form prescribed by the board. The application shall include an initial license fee as set forth in section 4717.07 of the Revised Code and evidence, verified by oath and satisfactory to the board, that the applicant meets all of the following requirements:

A funeral director or embalmer who is granted inactive status is prohibited from participating in any activity for which a funeral director's or embalmer's license is required in this state. A funeral director or embalmer who has been granted inactive status is exempt from the continuing education requirements under section 4717.09 of the Revised Code during the period of the inactive status.

may not return to active status for at least two years following the date that
the inactive status was granted. Following a period of at least two years of
inactive status, the funeral director or embalmer may apply to return to

All fees collected under division (A)(14) of section 4717.07 of the Revised Code shall be deposited into the fund. The fund shall be used to reimburse purchasers of preneed funeral contracts who have suffered financial loss as a result of the malfeasance, misfeasance, default, failure, or insolvency in connection with the sale of a preneed funeral contract by any licensee under this chapter, regardless of whether the sale of such contract occurred before or after the establishment of the fund. The fund, and all investment earnings thereon, shall only be used for the
purposes set forth in this section and shall not be used for any other purposes. The fund shall be administered by the board of embalmers and funeral directors.

(B) All fees collected under division (A) of section 4717.07 of the Revised Code shall be deposited into the fund. Deposits to and disbursements from the fund account shall be subject to rules established by the board.

(C) If at the end of any fiscal year for this state, the balance in the fund exceeds two million dollars, the fee required by division (A) of section 4717.07 of the Revised Code for the upcoming fiscal year shall be reduced by fifty per cent. If the balance in the fund at the end of a fiscal year exceeds three million dollars, the payment of the fee required by division (A) of section 4717.07 of the Revised Code shall be suspended for the upcoming fiscal year.

(D) The board shall adopt rules governing management of the fund, the presentation and processing of applications for reimbursement, subrogation, or assignment of the rights of any reimbursed applicant.

4. To pay the expenses of the board for administering the fund, including employment of local counsel to prosecute subrogation claims.

(F) Reimbursements from the fund shall be made only to the extent to which those losses are not bonded or otherwise covered, protected, or reimbursed and only after the applicant has complied with all applicable rules of the board.

(G) The board shall investigate all applications made and may reject or allow such applications in whole or in part to the extent that moneys are available in the fund. The board shall have complete discretion to determine the order and manner of payment of approved applications. All payments shall be a matter of privilege and not of right, and no person shall have any right in the fund as a third-party beneficiary or otherwise. No attorney may be compensated by the board for prosecuting an application for reimbursement.

(H) If reimbursement is made to an applicant under this section, the board shall be subrogated in the reimbursement amount and may bring any
action it considers advisable against any person. The board may enforce any

persons it considers appropriate.

Sec. 4723.06. (A) The board of nursing shall:

(6) Grant conditional approval, by a vote of a quorum of the board, to a
new prelicensure nursing education program or a program that is being
reestablished after having ceased to operate, if the program meets and
maintains the minimum standards of the board established by rules adopted
under section 4723.07 of the Revised Code. If the board does not grant
conditional approval, it shall hold an adjudication under Chapter 119. of the
Revised Code to consider conditional approval of the program. If the board
grants conditional approval, at the first meeting following completion of the
survey process required by division (A)(5) of this section, the board shall
determine whether to grant full approval to the program. If the board does
not grant full approval or if it appears that the program has failed to meet
and maintain standards established by rules adopted under section 4723.07
of the Revised Code, the board shall hold an adjudication under Chapter
119. of the Revised Code to consider the program. Based on results of the
adjudication, the board may continue or withdraw conditional approval, or
grant full approval.
(7) Place on provisional approval, for a period of time specified by the board, a prelicensure nursing education program that has ceased to meet and maintain the minimum standards of the board established by rules adopted under section 4723.07 of the Revised Code. (13) Approve under section 4723.46 of the Revised Code national certifying organizations for examination and licensure of advanced practice registered nurses, which may include separate organizations for each nursing specialty;

(14) Provide guidance and make recommendations to the general assembly, the governor, state agencies, and the federal government with respect to the regulation of the practice of nursing and the enforcement of this chapter;

If the board proposes to deny approval of the program, it shall do so pursuant to an adjudication conducted under Chapter 119. of the Revised Code.

(B) The board may fulfill the requirement of division (A)(8) of this section by authorizing persons who meet the standards established in rules adopted under section 4723.07 of the Revised Code to approve continuing education programs and courses. Persons so authorized shall approve continuing education programs and courses in accordance with standards established in rules adopted under section 4723.07 of the Revised Code.

Persons seeking authorization to approve continuing education programs and courses shall apply to the board and pay the appropriate fee established under section 4723.08 of the Revised Code. Authorizations to approve continuing education programs and courses shall expire and may be renewed according to the schedule established in rules adopted under section 4723.07 of the Revised Code.

In addition to approving continuing education programs under division (A)(8) of this section, the board may sponsor continuing education activities that are directly related to the statutes and rules the board enforces.

(C)(1) The board may deny conditional approval to a new prelicensure nursing education program or program that is being reestablished after having ceased to operate if the program is controlled by a person who controls or has controlled a program that had its approval withdrawn, revoked, suspended, or restricted by the board or a board of another jurisdiction that is a member of the national council of state boards of nursing. A consent agreement, when ratified by a vote of a quorum of the board, constitutes the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the agreement are of no effect.

(2) In any instance in which the board is required under Chapter 119. of the Revised Code to give notice to a person seeking approval of a prelicensure nursing education program of an opportunity for a hearing and the person does not make a timely request for a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by a vote of a quorum, a final order that contains the board's findings.

(3) When the board denies or withdraws approval of a prelicensure nursing education program, the board may specify that its action is permanent. A program subject to a permanent action taken by the board is forever ineligible for approval and the board shall not accept an application for the program's reinstatement or approval.

The contract may include provisions pertaining to the collection of the fee charged for providing the written verification. As part of these provisions, the board may permit the contractor to retain a portion of the fees as compensation, before any amounts are deposited into the state treasury.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication conducted under Chapter 119. of the Revised Code, except that in lieu of a hearing, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by a vote of a quorum, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the agreement shall be of no effect.

(D) The hearings of the board shall be conducted in accordance with Chapter 119. of the Revised Code, the board may appoint a hearing examiner, as provided in section 119.09 of the Revised Code, to conduct any hearing the board is authorized to hold under Chapter 119. of the Revised Code.

In any instance in which the board is required under Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and the applicant, licensee, or certificate holder does not make a timely request for a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by a vote of a quorum, a final order that contains the board's findings. In the final order, the board may order any of the sanctions listed in division (A) or (B) of this section.

(E) If a criminal action is brought against a registered nurse, licensed practical nurse, or dialysis technician for an act or crime described in divisions (B)(3) to (7) of this section and the action is dismissed by the trial court other than on the merits, the board shall conduct an adjudication to determine whether the registered nurse, licensed practical nurse, or dialysis technician committed the act on which the action was based. If the board determines on the basis of the adjudication that the registered nurse, licensed practical nurse, or dialysis technician committed the act, or if the registered nurse, licensed practical nurse, or dialysis technician fails to participate in the adjudication, the board may take action as though the registered nurse, licensed practical nurse, or dialysis technician had been convicted of the act.

If the board takes action on the basis of a conviction, plea, or a judicial finding as described in divisions (B)(3) to (7) of this section that is overturned on appeal, the registered nurse, licensed practical nurse, or dialysis technician may, on exhaustion of the appeal process, petition the board for reconsideration of its action. On receipt of the petition and supporting court documents, the board shall temporarily rescind its action. If the board determines that the decision on appeal was a decision on the merits, it shall permanently rescind its action. If the board determines that
the decision on appeal was not a decision on the merits, it shall conduct an
adjudication to determine whether the registered nurse, licensed practical
nurse, or dialysis technician committed the act on which the original
conviction, plea, or judicial finding was based. If the board determines on
the basis of the adjudication that the registered nurse, licensed practical
nurse, or dialysis technician committed such act, or if the registered nurse,
licensed practical nurse, or dialysis technician does not request an
adjudication, the board shall reinstate its action; otherwise, the board shall
permanently rescind its action.

Notwithstanding the provision of division (C)(2) of section 2953.32 of
the Revised Code specifying that if records pertaining to a criminal case are
sealed under that section the proceedings in the case shall be deemed not to
have occurred, sealing of the following records on which the board has
based an action under this section shall have no effect on the board's action
or any sanction imposed by the board under this section: records of any
conviction, guilty plea, judicial finding of guilt resulting from a plea of no
contest, or a judicial finding of eligibility for a pretrial diversion program or
intervention in lieu of conviction.

The board shall not be required to seal, destroy, redact, or otherwise
modify its records to reflect the court's sealing of conviction records.

(F) The board may investigate an individual's criminal background in
performing its duties under this section. As part of such investigation, the
board may order the individual to submit, at the individual's expense, a
request to the bureau of criminal identification and investigation for a
criminal records check and check of federal bureau of investigation records
in accordance with the procedure described in section 4723.091 of the
Revised Code.

(G) During the course of an investigation conducted under this section,
the board may compel any registered nurse, licensed practical nurse, or
dialysis technician or applicant under this chapter to submit to a mental or
physical examination, or both, as required by the board and at the expense of
the individual, if the board finds reason to believe that the individual under
investigation may have a physical or mental impairment that may affect the
individual's ability to provide safe nursing care. Failure of any individual to
submit to a mental or physical examination when directed constitutes an
admission of the allegations, unless the failure is due to circumstances
beyond the individual's control, and a default and final order may be entered
without the taking of testimony or presentation of evidence.

If the board finds that an individual is impaired, the board shall require
the individual to submit to care, counseling, or treatment approved or
designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. The individual shall be afforded an opportunity to demonstrate to the board that the individual can begin or resume the individual's occupation in compliance with acceptable and prevailing standards of care under the provisions of the individual's authority to practice.

For purposes of this division, any registered nurse, licensed practical nurse, or dialysis technician or applicant under this chapter shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(H) The board shall investigate evidence that appears to show that any person has violated any provision of this chapter or any rule of the board. Any person may report to the board any information the person may have that appears to show a violation of any provision of this chapter or rule of the board. In the absence of bad faith, any person who reports such information or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable for civil damages as a result of the report or testimony.

(I) All of the following apply under this chapter with respect to the confidentiality of information:

(1) Information received by the board pursuant to a complaint or an investigation is confidential and not subject to discovery in any civil action, except that the board may disclose information to law enforcement officers and government entities for purposes of an investigation of either a licensed health care professional, including a registered nurse, licensed practical nurse, or dialysis technician, or a person who may have engaged in the unauthorized practice of nursing or dialysis care. No law enforcement officer or government entity with knowledge of any information disclosed by the board pursuant to this division shall divulge the information to any other person or government entity except for the purpose of a government investigation, a prosecution, or an adjudication by a court or government entity.

(2) If an investigation requires a review of patient records, the investigation and proceeding shall be conducted in such a manner as to protect patient confidentiality.

(3) All adjudications and investigations of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(4) Any board activity that involves continued monitoring of an
individual as part of or following any disciplinary action taken under this section shall be conducted in a manner that maintains the individual's confidentiality. Information received or maintained by the board with respect to the board's monitoring activities is not subject to discovery in any civil action and is confidential, except that the board may disclose information to law enforcement officers and government entities for purposes of an investigation of a licensee or certificate holder.

(J) Any action taken by the board under this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the person may be reinstated to practice.

(K) When the board refuses to grant a license or certificate to an applicant, revokes a license or certificate, or refuses to reinstate a license or certificate, the board may specify that its action is permanent. An individual subject to permanent action taken by the board is forever ineligible to hold a license or certificate of the type that was refused or revoked and the board shall not accept from the individual an application for reinstatement of the license or certificate or for a new license or certificate.

(L) No unilateral surrender of a nursing license, certificate of authority, or dialysis technician certificate issued under this chapter shall be effective unless accepted by majority vote of the board. No application for a nursing license, certificate of authority, or dialysis technician certificate issued under this chapter may be withdrawn without a majority vote of the board. The board's jurisdiction to take disciplinary action under this section is not removed or limited when an individual has a license or certificate classified as inactive or fails to renew a license or certificate.

(M) Sanctions shall not be imposed under division (B)(24) of this section against any licensee who waives deductibles and copayments as follows:

1. In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

2. For professional services rendered to any other person licensed pursuant to this chapter to the extent allowed by this chapter and the rules of the board.

Sec. 4723.94. (A) As used in this section:

1. "Facility fee" means any fee charged or billed for telemedicine services provided in a facility that is intended to compensate the facility for its operational expenses and is separate and distinct from a professional fee.
(2) "Health plan issuer" has the same meaning as in section 3922.01 of the Revised Code.

(3) "Telemedicine services" has the same meaning as in section 3902.30 of the Revised Code.

(B) An advanced practice registered nurse providing telemedicine services shall not charge a facility fee, an origination fee, or any fee associated with the cost of the equipment used to provide telemedicine services to a health plan issuer covering telemedicine services under section 3902.30 of the Revised Code.

Sec. 4727.03. (A) As used in this section, "experience and fitness in the capacity involved" means that the applicant for a pawnbroker's license demonstrates sufficient financial responsibility, reputation, and experience in the pawnbroker business, or in a related business, to act as a pawnbroker in compliance with this chapter. "Experience and fitness in the capacity involved" shall be determined by:

1. Prior or current ownership or management of, or employment in, a pawnshop;

2. Demonstration to the satisfaction of the superintendent of financial institutions of a thorough working knowledge of all pawnbroker laws and rules as they relate to the actual operation of a pawnshop. A demonstration shall include a demonstration of an ability to properly complete forms, knowledge of how to properly calculate interest and storage charges, and knowledge of legal notice and forfeiture procedures. The final determination of whether an applicant's demonstration is adequate rests with the superintendent.

3. A submission by the applicant and any stockholders, owners, managers, directors, or officers of the pawnshop, and employees of the applicant to a police record check; and

4. Liquid assets in a minimum amount of one hundred twenty-five thousand dollars at the time of applying for initial licensure and demonstration of the ability to maintain the liquid assets at a minimum amount of seventy-five thousand dollars for the duration of holding a valid pawnbroker's license. If an applicant holds a pawnbroker's license at the time of application or is applying for more than one license, this requirement shall be met separately for each license.

(B) The superintendent may grant a license to act as a pawnbroker to any person of good character and having experience and fitness in the capacity involved to engage in the business of pawnbroking upon the payment to the superintendent of a license fee determined by the superintendent pursuant to section 1321.20 of the Revised Code. A license is
not transferable or assignable.

(C) The superintendent may consider an application withdrawn and may retain the investigation fee required under division (D) of this section if both of the following are true:

(1) An application for a license does not contain all of the information required under division (B) of this section.

(2) The information is not submitted to the superintendent within ninety days after the superintendent requests the information from the applicant in writing.

(D) The superintendent shall require an applicant for a pawnbroker's license to pay to the superintendent a nonrefundable initial investigation fee of two hundred dollars, which is for the exclusive use of the state.

(E)(1) Except as otherwise provided in division (E)(2) of this section, a pawnbroker's license issued by the superintendent expires on the thirtieth day of June next following the date of its issuance, or on a different date set by the superintendent pursuant to section 1181.23 of the Revised Code, and may be renewed annually by the thirtieth day of June in accordance with the standard renewal procedure set forth in Chapter 4745. of the Revised Code. Fifty per cent of the annual license fee shall be for the use of the state, and fifty per cent shall be paid by the state to the municipal corporation, or if outside the limits of any municipal corporation, to the county, in which the office of the licensee is located. All such fees payable to municipal corporations or counties shall be paid annually.

(2) A pawnbroker's license issued or renewed by the superintendent on or after January 1, 2006, expires on the thirtieth day of June in the even-numbered year next following the date of its issuance or renewal, as applicable, and may be renewed biennially by the thirtieth day of June in accordance with the standard renewal procedure set forth in Chapter 4745. of the Revised Code. Fifty per cent of the biennial license fee shall be for the use of the state, and fifty per cent shall be paid by the state to the municipal corporation, or if outside the limits of any municipal corporation, to the county, in which the office of the licensee is located. All such fees payable to municipal corporations or counties shall be paid biennially. If deemed necessary for participation, the superintendent may reset the renewal date and require annual registration pursuant to section 1181.23 of the Revised Code.

(F) The fee for renewal of a license shall be equivalent to the fee for an initial license established by the superintendent pursuant to section 1321.20 of the Revised Code. Any licensee who wishes to renew the pawnbroker's license but who fails to do so on or before the date the license expires shall
reapply for licensure in the same manner and pursuant to the same requirements as for initial licensure, unless the licensee pays to the superintendent on or before the thirty-first day of August of the year the license expires, a late renewal penalty of one hundred dollars in addition to the regular renewal fee. Any licensee who fails to renew the license on or before the date the license expires is prohibited from acting as a pawnbroker until the license is renewed or a new license is issued under this section. Any licensee who renews a license between the first day of July and the thirty-first day of August of the year the license expires is not relieved from complying with this division. The superintendent may refuse to issue to or renew the license of any licensee who violates this division.

(G) No license shall be granted to any person not a resident of or the principal office of which is not located in the municipal corporation or county designated in such license unless that applicant, in writing and in due form approved by and filed with the superintendent, first appoints an agent, a resident of the state, and city or county where the office is to be located, upon whom all judicial and other process, or legal notice, directed to the applicant may be served. In case of the death, removal from the state, or any legal disability or any disqualification of any such agent, service of such process or notice may be made upon the superintendent.

The superintendent may, upon notice to the licensee and reasonable opportunity to be heard, suspend or revoke any license or assess a penalty against the licensee if the licensee, or the licensee's officers, agents, or employees, has violated this chapter. Any penalty shall be appropriate to the violation but in no case shall the penalty be less than two hundred nor more than two thousand dollars. Whenever, for any cause, a license is suspended or revoked, the superintendent shall not issue another license to the licensee nor to the legal spouse of the licensee, nor to any business entity of which the licensee is an officer or member or partner, nor to any person employed by the licensee, until the expiration of at least two years from the date of revocation or suspension of the license. The superintendent shall deposit all penalties allocated pursuant to this section into the state treasury to the credit of the consumer finance fund.

Any proceedings for the revocation or suspension of a license or to assess a penalty against a licensee are subject to Chapter 119. of the Revised Code.

(H) If a licensee surrenders or chooses not to renew the pawnbroker's license, the licensee shall notify the superintendent thirty days prior to the date on which the licensee intends to close the licensee's business as a pawnbroker. Prior to the date, the licensee shall do either of the following
with respect to all active loans:

(1) Dispose of an active loan by selling the loan to another person holding a valid pawnbroker's license issued under this section;

(2) Reduce the rate of interest on pledged articles held as security for a loan to eight per cent per annum or less effective on the date that the pawnbroker's license is no longer valid.

Sec. 4728.03. (A) As used in this section, "experience and fitness in the capacity involved" means that the applicant for a precious metals dealer's license has had sufficient financial responsibility, reputation, and experience in the business of precious metals dealer, or a related business, to act as a precious metals dealer in compliance with this chapter.

(B)(1) The division of financial institutions in the department of commerce may grant a precious metals dealer's license to any person of good character, having experience and fitness in the capacity involved, who demonstrates a net worth of at least ten thousand dollars and the ability to maintain that net worth during the licensure period. The superintendent of financial institutions shall compute the applicant's net worth according to generally accepted accounting principles.

(2) In place of the demonstration of net worth required by division (B)(1) of this section, an applicant may obtain a surety bond issued by a surety company authorized to do business in this state if all of the following conditions are met:

(a) A copy of the surety bond is filed with the division;

(b) The bond is in favor of any person, and of the state for the benefit of any person, injured by any violation of this chapter;

(c) The bond is in the amount of not less than ten thousand dollars.

(3) Before granting a license under this division, the division shall determine that the applicant meets the requirements of division (B)(1) or (2) of this section.

(C) The division shall require an applicant for a precious metals dealer's license to pay to the division a nonrefundable, initial investigation fee of two hundred dollars which shall be for the exclusive use of the state. The license fee for a precious metals dealer's license and the renewal fee shall be determined by the superintendent, provided that the fee may not exceed three hundred dollars. A license issued by the division shall expire on the last day of June next following the date of its issuance or annually on a different date set by the superintendent pursuant to section 1181.23 of the Revised Code. Fifty per cent of license fees shall be for the use of the state, and fifty per cent shall be paid to the municipal corporation, or if outside the limits of any municipal corporation, to the county in which the office of the
licensee is located. All portions of license fees payable to municipal corporations or counties shall be paid as they accrue, by the treasurer of state, on vouchers issued by the director of budget and management.

(D) Every such license shall be renewed annually by the last day of June, or annually on a different date set by the superintendent pursuant to section 1181.23 of the Revised Code, according to the standard renewal procedure of Chapter 4745. of the Revised Code. No license shall be granted to any person not a resident of or the principal office of which is not located in the municipal corporation or county designated in such license, unless, and until such applicant shall, in writing and in due form, to be first approved by and filed with the division, appoint an agent, a resident of the state, and city or county where the office is to be located, upon whom all judicial and other process, or legal notice, directed to the applicant may be served; and in case of the death, removal from the state, or any legal disability or any disqualification of any agent, service of process or notice may be made upon the superintendent.

(E) The division may, pursuant to Chapter 119. of the Revised Code, upon notice to the licensee and after giving the licensee reasonable opportunity to be heard, revoke or suspend any license, if the licensee or the licensee's officers, agents, or employees violate this chapter. Whenever, for any cause, the license is revoked or suspended, the division shall not issue another license to the licensee nor to the husband or wife of the licensee, nor to any copartnership or corporation of which the licensee is an officer, nor to any person employed by the licensee, until the expiration of at least one year from the date of revocation of the license.

(F) In conducting an investigation to determine whether an applicant satisfies the requirements for licensure under this section, the superintendent may request that the superintendent of the bureau of criminal identification and investigation investigate and determine whether the bureau has procured any information pursuant to section 109.57 of the Revised Code pertaining to the applicant.

If the superintendent of financial institutions determines that conducting an investigation to determine whether an applicant satisfies the requirements for licensure under this section will require procuring information outside the state, then, in addition to the fee established under division (C) of this section, the superintendent may require the applicant to pay any of the actual expenses incurred by the division to conduct such an investigation, provided that the superintendent shall assess the applicant a total no greater than one thousand dollars for such expenses. The superintendent may require the applicant to pay in advance of the investigation, sufficient funds to cover the
estimated cost of the actual expenses. If the superintendent requires the applicant to pay investigation expenses, the superintendent shall provide to the applicant an itemized statement of the actual expenses incurred by the division to conduct the investigation.

(G)(1) Except as otherwise provided in division (G)(2) of this section a precious metals dealer licensed under this section shall maintain a net worth of at least ten thousand dollars, computed as required under division (B)(1) of this section, for as long as the licensee holds a valid precious metals dealer's license issued pursuant to this section.

(2) A licensee who obtains a surety bond under division (B)(2) of this section is exempt from the requirement of division (G)(1) of this section, but shall maintain the bond for at least two years after the date on which the licensee ceases to conduct business in this state.

Sec. 4729.48. When filling a prescription, if a pharmacist, pharmacy intern, or terminal distributor of dangerous drugs has information indicating that the cost-sharing amount required by the patient's health benefit plan exceeds the amount that may otherwise be charged for the same drug, both of the following apply:

(A) The pharmacist, pharmacy intern, or terminal distributor shall provide this information to the patient.

(B) The patient shall not be charged the higher amount.

Sec. 4729.514. (A) As used in this section, "service entity" means a public or private entity that provides services to individuals who there is reason to believe may be at risk of experiencing an opioid-related overdose. "Service entity" includes a church or other place of worship, college or university, school, local health department, community addiction services provider, court, probation department, halfway house, prison, jail, community residential center, homeless shelter, or similar entity.

(B) A service entity may procure naloxone for use in emergency situations.

(C) A service entity or an employee, volunteer, or contractor of a service entity is not liable for or subject to any of the following for injury, death, or loss to person or property that allegedly arises from an act or omission associated with procuring, maintaining, accessing, or using naloxone under this section, unless the act or omission constitutes willful or wanton misconduct: damages in any civil action, prosecution in any criminal proceeding, or professional disciplinary action.

This section does not eliminate, limit, or reduce any other immunity or defense that a service entity or an employee, volunteer, or contractor of a service entity may be entitled to under Chapter 2305. or any other provision
of the Revised Code or under the common law of this state.

Sec. 4729.571. (A) The state board of pharmacy may suspend without a hearing the license of a terminal distributor of dangerous drugs if the board determines that there is clear and convincing evidence of a danger of immediate and serious harm to others due to either of the following:

1. The method used by the terminal distributor to possess or distribute dangerous drugs;

2. The method of prescribing dangerous drugs used by a licensed health professional authorized to prescribe drugs who holds a terminal distributor license or practices in the employ of or under contract with a terminal distributor.

(B) The board shall follow the procedure for suspension without a prior hearing in section 119.07 of the Revised Code. The suspension shall remain in effect, unless removed by the board, until the board's final adjudication order becomes effective, except that if the board does not issue its final adjudication order within one hundred twenty days after the suspension, the suspension shall be void on the one hundred twenty-first day after the suspension.

(b) That a physician has supervised a physician assistant in a manner that departs from, or fails to conform to, the terms of a supervision agreement entered into under this section;
(c) That a physician or physician assistant failed to comply with division (A) or (B) of this section.

If the board finds, through a review conducted under this section or through any other means, that a physician or physician assistant failed to comply with division (D) of this section, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4730.25 or 4731.22 of the Revised Code, impose a civil penalty, or both;
(b) Permit the individual to agree in writing to update the records to comply with division (D) of this section and pay a civil penalty.

The board's finding in any disciplinary action taken under division (A)(1)(E) of this section shall be made pursuant to an adjudication conducted under Chapter 119. of the Revised Code.

A civil penalty imposed under that division may be in addition to or in lieu of any other action the board may take under section 4730.25 or 4731.22 of the Revised Code (E)(1) or (2)(a) of this section or paid under division (E)(2)(b) of this section shall be in an amount specified by the board of not more than five thousand dollars and shall be deposited in accordance with section 4731.24 of the Revised Code.

Sec. 4730.25. The state medical board, by an affirmative vote of not fewer than six members, may revoke or may refuse to grant a license to
practice as a physician assistant to a person found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the license.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's license to practice as a physician assistant or prescriber number, refuse to issue a license to an applicant, refuse to renew a certificate of license, refuse to reinstate a license, or reprimand or place on probation the holder of a license for any of the following reasons:

1. Failure to practice in accordance with the supervising physician's supervision agreement with the physician assistant, including, if applicable, the policies of the health care facility in which the supervising physician and physician assistant are practicing;

2. Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;

3. Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;

4. Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;

5. Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;

6. Administering drugs for purposes other than those authorized under this chapter;

7. Willfully betraying a professional confidence;

8. Making a false, fraudulent, deceptive, or misleading statement in soliciting or advertising for employment as a physician assistant; in connection with any solicitation or advertisement for patients; in relation to the practice of medicine as it pertains to physician assistants; or in securing or attempting to secure a license to practice as a physician assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.
Representing, with the purpose of obtaining compensation or other advantage personally or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(10) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(12) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(14) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(15) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(17) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(18) Any of the following actions taken by the state agency responsible for regulating the practice of physician assistants in another state, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(19) A departure from, or failure to conform to, minimal standards of care of similar physician assistants under the same or similar circumstances, regardless of whether actual injury to a patient is established;

(20) Violation of the conditions placed by the board on a license to practice as a physician assistant;

(21) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(22) Failure to cooperate in an investigation conducted by the board
under section 4730.26 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(23) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(24) Prescribing any drug or device to perform or induce an abortion, or otherwise performing or inducing an abortion;

(25) Failure to comply with section 4730.53 of the Revised Code, unless the board no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(26) Failure to comply with the requirements in section 3719.061 of the Revised Code before issuing for a minor a prescription for an opioid analgesic, as defined in section 3719.01 of the Revised Code;

(27) Having certification by the national commission on certification of physician assistants or a successor organization expire, lapse, or be suspended or revoked;

(28) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a physician assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court
renders a final judgment in the license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F) For purposes of this division, any individual who holds a license issued under this chapter, or applies for a license issued under this chapter, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(4) of this section, the board, upon a showing of a possible violation, may compel any individual who holds a license issued under this chapter or who has applied for a license pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a physician assistant unable to practice because of the reasons set forth in division (B)(4) of this section, the board shall require the physician assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed license. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(5) of this section, if the board has reason to believe that any individual who holds a license issued under this chapter or any applicant for a license suffers such impairment, the board
may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure, to submit to treatment.

Before being eligible to apply for reinstatement of a license suspended under this division, the physician assistant shall demonstrate to the board the ability to resume practice or prescribing in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired physician assistant resumes practice or prescribing, the board shall require continued monitoring of the physician assistant. The monitoring shall include compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the physician assistant has maintained sobriety.
(G) If the secretary and supervising member determine that there is clear and convincing evidence that a physician assistant has violated division (B) of this section and that the individual's continued practice or prescribing presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's license without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the physician assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the physician assistant requests the hearing, unless otherwise agreed to by both the board and the license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the individual's license. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions identified under division (B) of this section.
(I) The license to practice issued to a physician assistant and the physician assistant's practice in this state are automatically suspended as of the date the physician assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another state for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's license to practice.

(J) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the physician assistant's license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue to an applicant a license to practice as a physician assistant, revokes an individual's license, refuses to renew an individual's license, or refuses to reinstate an individual's license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold the license and the board shall not accept an application for reinstatement of the license or for issuance of a new license.
(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

1. The surrender of a license issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

2. An application made under this chapter for a license may not be withdrawn without approval of the board.

3. Failure by an individual to renew a license in accordance with section 4730.14 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4730.28. (A) An individual whose license to practice as a physician assistant issued under this chapter has been suspended or is in an inactive state for any cause for more than two years may apply to the state medical board to have the license restored.

(B)(1) The board shall not restore a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code. The board shall determine the applicant's present fitness to resume practice. The board shall consider the moral background and the activities of the applicant during the period of suspension or inactivity.

(2) When restoring a license, the board may impose terms and conditions, including the following:

(a) Requiring the applicant to obtain additional training and pass an examination upon completion of the training;

(b) Restricting or limiting the extent, scope, or type of practice as a physician assistant that the individual may resume. This section applies to both of the following:

1. An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

2. An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been practicing as a physician assistant as either of the following:

(a) An active practitioner;
(b) A student in a program as described in division (B) or (C) of section 4730.11 of the Revised Code.

(B) Before issuing a license to an applicant subject to this section or restoring a license to good standing for an applicant subject to this section, the state medical board may impose terms and conditions including any one
or more of the following:

1. Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;
2. Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;
3. Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;
4. Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;
5. Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;
6. Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension or inactivity. The board shall not issue or restore a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4730.43. (A) A physician assistant who holds a valid prescriber number issued by the state medical board and has been granted physician-delegated prescriptive authority may personally furnish to a patient samples of drugs and therapeutic devices that are included in the physician assistant's physician-delegated prescriptive authority, subject to all of the following:

1. The amount of the sample furnished shall not exceed a seventy-two-hour supply, except when the minimum available quantity of the sample is packaged in an amount that is greater than a seventy-two-hour supply, in which case the physician assistant may furnish the sample in the package amount.
2. No charge may be imposed for the sample or for furnishing it.
3. Samples of controlled substances may not be personally furnished.

(B) A physician assistant who holds a valid prescriber number issued by the state medical board and has been granted physician-delegated prescriptive authority may personally furnish to a patient a complete or partial supply of the drugs and therapeutic devices that are included in the physician assistant's physician-delegated prescriptive authority, subject to all of the following:
(1) The physician assistant shall personally furnish only antibiotics, antifungals, scabicides, contraceptives, prenatal vitamins, antihypertensives, drugs and devices used in the treatment of diabetes, drugs and devices used in the treatment of asthma, and drugs used in the treatment of dyslipidemia.

(2) The physician assistant shall not furnish the drugs and devices in locations other than a health department operated by the board of health of a city or general health district or the authority having the duties of a board of health under section 3709.05 of the Revised Code, a federally funded comprehensive primary care clinic, or a nonprofit health care clinic or program.

(3) The physician assistant shall comply with all standards and procedures for personally furnishing supplies of drugs and devices, as established in rules adopted under section 4730.39 of the Revised Code.

Sec. 4730.49. (A) To be eligible for renewal of a license to practice as a physician assistant, an applicant who has been granted physician-delegated prescriptive authority is subject to both of the following:

(1) The applicant shall complete every two years at least twelve hours of continuing education in pharmacology obtained through a program or course approved by the state medical board or a person the board has authorized to approve continuing pharmacology education programs and courses. Except as provided in division (B) of this section and in section 5903.12 of the Revised Code, the continuing education shall be completed not later than the thirty-first day of January of each even-numbered year date on which the applicant's license expires.

(2)(a) Except as provided in division (A)(2)(b) of this section, in the case of an applicant who prescribes opioid analgesics or benzodiazepines, as defined in section 3719.01 of the Revised Code, the applicant shall certify to the board whether the applicant has been granted access to the drug database established and maintained by the state board of pharmacy pursuant to section 4729.75 of the Revised Code.

(b) The requirement described in division (A)(2)(a) of this section does not apply if any of the following is the case:

(i) The state board of pharmacy notifies the state medical board pursuant to section 4729.861 of the Revised Code that the applicant has been restricted from obtaining further information from the drug database.

(ii) The state board of pharmacy no longer maintains the drug database.

(iii) The applicant does not practice as a physician assistant in this state.

(c) If an applicant certifies to the state medical board that the applicant has been granted access to the drug database and the board finds through an audit or other means that the applicant has not been granted access, the
board may take action under section 4730.25 of the Revised Code.

(B) The state medical board shall provide for pro rata reductions by month of the number of hours of continuing education in pharmacology that is required to be completed for physician assistants who are in their first licensure period after completing the period of supervision required under section 4730.44 of the Revised Code, who have been disabled due to illness or accident, or who have been absent from the country. The board shall adopt rules, in accordance with Chapter 119. of the Revised Code, as necessary to implement this division.

(C) The continuing education required by this section is in addition to the continuing education required under section 4730.14 of the Revised Code.

(D) If the board chooses to authorize persons to approve continuing pharmacology education programs and courses, it shall establish standards for granting that authority and grant the authority in accordance with the standards.

(C) Any oil and gas land professional who fails to register with the superintendent pursuant to this section is subject to the penalties for unlicensed activity as found in section 4735.02 4735.052 of the Revised Code.

Sec. 4735.052. (A) Upon receipt of a written complaint or upon the superintendent's own motion, the superintendent may investigate any person that has allegedly violated section 4735.02, 4735.023, or 4735.25 of the Revised Code, except that the superintendent shall not initiate an investigation, pursuant to this section, of any person who held a suspended or inactive license under this chapter on the date of the alleged violation.

(B) If, after investigation, the superintendent determines there exists reasonable evidence of a violation of section 4735.02, 4735.023, or 4735.25 of the Revised Code, within fourteen business days after that determination, the superintendent shall send the party who is the subject of the investigation, a written notice, by regular mail, that includes all of the following information:

(C)(1) If a hearing is requested, the hearing examiner shall hear the testimony of all parties present at the hearing and consider any written testimony submitted pursuant to this section, and determine if there has been a violation of section 4735.02, 4735.023, or 4735.25 of the Revised Code.

(2) After the conclusion of formal hearings, the hearing examiner shall file a report of findings of fact and conclusions of law with the superintendent, the commission, the complainant, and the parties. the commission before approving, modifying, or disapproving the report.

(3) The commission shall review the hearing examiner's report at the next regularly scheduled commission meeting held at least twenty business days after receipt of the hearing examiner's report. The commission shall hear the testimony of the complainant or the parties upon request.

(4) The commission shall decide whether to impose disciplinary sanctions upon a party for a violation of section 4735.02 or 4735.023 of the Revised Code. If the commission finds that a violation has occurred, the commission may assess a civil penalty, in an amount it determines, not to exceed one thousand dollars per violation. Each day a violation occurs or continues is a separate violation. The commission shall determine the terms of payment. The commission shall maintain a record of the proceedings of the hearing and issue a written opinion to all parties, citing its findings and grounds for any action taken.

(D) Civil penalties collected under this section shall be deposited in the real estate operating fund, which is created in the state treasury under section 4735.211 of the Revised Code.

(E) If a party fails to pay a civil penalty assessed pursuant to this section within the time prescribed by the commission, the superintendent shall forward to the attorney general the name of the party and the amount of the civil penalty, for the purpose of collecting that civil penalty. In addition to the civil penalty assessed pursuant to this section, the party also shall pay any fee assessed by the attorney general for collection of the civil penalty.

(F) The superintendent may reserve the right to bring a civil action against a party that fails to pay a civil penalty for breach of contract in a court of competent jurisdiction.

Sec. 4735.06. (A) Application for a license as a real estate broker shall be made to the superintendent of real estate on forms furnished by the superintendent and filed with the superintendent and shall be signed by the applicant or its members or officers. Each application shall state the name of the person applying and the location of the place of business for which the license is desired, and give such other information as the superintendent requires in the form of application prescribed by the superintendent.

(B)(1) If the applicant is a partnership, limited liability company, limited liability partnership, or association, the names of all the members also shall be stated, and, if the applicant is a corporation, the names of its president and of each of its officers also shall be stated.

The superintendent has the right to reject the application of any partnership, association, limited liability company, limited liability partnership, or corporation if the name proposed to be used by such
partnership, association, limited liability company, limited liability partnership, or corporation is likely to mislead the public or if the name is not such as to distinguish it from the name of any existing partnership, association, limited liability company, limited liability partnership, or corporation licensed under this chapter, unless there is filed with the application the written consent of such existing partnership, association, limited liability company, limited liability partnership, or corporation, executed by a duly authorized representative of it, permitting the use of the name of such existing partnership, association, limited liability company, limited liability partnership, or corporation.

(2) The superintendent shall approve the use of a trade name by a brokerage, if the name meets both of the following criteria:

(a) The proposed name is not the same as or is clearly distinguishable from a name registered with the division of real estate and professional licensing by another existing brokerage. If the superintendent determines that the proposed name is not clearly distinguishable from any other existing brokerage, the superintendent may approve the use of the trade name if there is filed with the superintendent the written consent of the existing brokerage with the same or similar name.

(b) The name is not misleading or likely to mislead the public.

(3) The superintendent may approve the use of more than one trade name for a brokerage.

(4) When a brokerage has received the approval of the superintendent to conduct business under one or more trade names, those trade names shall be the only identifying names used by the brokerage in all advertising.

(C) A fee of one hundred thirty-five dollars shall accompany the application for a real estate broker's license. The initial licensing period commences at the time the license is issued and ends on the applicant's first birthday thereafter. However, if the applicant was an inactive or active salesperson immediately preceding application for a broker's license, then the initial licensing period shall commence at the time the broker's license is issued and ends on the date the licensee's continuing education is due as set when the applicant was a salesperson. The application fee shall be nonrefundable. A fee of one hundred thirty-five dollars shall be charged by the superintendent for each successive application made by an applicant. In the case of issuance of a three-year license, upon passing the examination, or upon waiver of the examination requirement, if the superintendent determines it is necessary, the applicant shall submit an additional fee determined by the superintendent based upon the number of years remaining in a real estate salesperson's licensing period.
(D) One dollar of each application fee for a real estate broker's license shall be credited to the real estate education and research fund, which is hereby created in the state treasury. The Ohio real estate commission may use the fund in discharging the duties prescribed in divisions (E), (F), (G), and (H) of section 4735.03 of the Revised Code and shall use it in the advancement of education and research in real estate at any institution of higher education in the state, or in contracting with any such institution or a trade organization for a particular research or educational project in the field of real estate, or in advancing loans, not exceeding two thousand dollars, to applicants for salesperson licenses, to defray the costs of satisfying the educational requirements of division (F) of section 4735.09 of the Revised Code. Such loans shall be made according to rules established by the commission under the procedures of Chapter 119. of the Revised Code, and they shall be repaid to the fund within three years of the time they are made. No more than twenty-five thousand dollars shall be lent from the fund in any one fiscal year.

The governor may appoint a representative from the executive branch to be a member ex officio of the commission for the purpose of advising on research requests or educational projects. The commission shall report to the general assembly on the third Tuesday after the third Monday in January of each year setting forth the total amount contained in the fund and the amount of each research grant that it has authorized and the amount of each research grant requested. A copy of all research reports shall be submitted to the state library of Ohio and the library of the legislative service commission.

(E) If the superintendent, with the consent of the commission, enters into an agreement with a national testing service to administer the real estate broker's examination, pursuant to division (A) of section 4735.07 of the Revised Code, the superintendent may require an applicant to pay the testing service's examination fee directly to the testing service. If the superintendent requires the payment of the examination fee directly to the testing service, each applicant shall submit to the superintendent a processing fee in an amount determined by the Ohio real estate commission pursuant to division (A)(2) of section 4735.10 of the Revised Code.

Sec. 4735.09. (A) Application for a license as a real estate salesperson shall be made to the superintendent of real estate on forms furnished by the superintendent and signed by the applicant. The application shall be in the form prescribed by the superintendent and shall contain such information as is required by this chapter and the rules of the Ohio real estate commission. The application shall be accompanied by the recommendation of the real
estate broker with whom the applicant is associated or with whom the applicant intends to be associated, certifying that the applicant is honest, truthful, and of good reputation, has not been convicted of a felony or a crime involving moral turpitude, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate, which conviction or adjudication the applicant has not disclosed to the superintendent, and recommending that the applicant be admitted to the real estate salesperson examination.

(B) A fee of sixty eighty-one dollars shall accompany the application, which fee includes the fee for the initial year of the licensing period, if a license is issued. The initial year of the licensing period commences at the time the license is issued and ends on the applicant's first birthday thereafter. The application fee shall be nonrefundable. A fee of sixty eighty-one dollars shall be charged by the superintendent for each successive application made by the applicant. One dollar of each application fee shall be credited to the real estate education and research fund.

(C) There shall be no limit placed on the number of times an applicant may retake the examination.

(D) The superintendent, with the consent of the commission, may enter into an agreement with a recognized national testing service to administer the real estate salesperson's examination under the superintendent's supervision and control, consistent with the requirements of this chapter as to the contents of the examination.

If the superintendent, with the consent of the commission, enters into an agreement with a national testing service to administer the real estate salesperson's examination, the superintendent may require an applicant to pay the testing service's examination fee directly to the testing service. If the superintendent requires the payment of the examination fee directly to the testing service, each applicant shall submit to the superintendent a processing fee in an amount determined by the Ohio real estate commission pursuant to division (A)(1) of section 4735.10 of the Revised Code.

(E) The superintendent shall issue a real estate salesperson's license when satisfied that the applicant has received a passing score on each portion of the salesperson's examination as determined by rule by the real estate commission, except that the superintendent may waive one or more of the requirements of this section in the case of an applicant who is a licensed real estate salesperson in another state pursuant to a reciprocity agreement with the licensing authority of the state from which the applicant holds a valid real estate salesperson's license.
(F) No applicant for a salesperson's license shall take the salesperson's examination who has not established to the satisfaction of the superintendent that the applicant:

1. Is honest, truthful, and of good reputation;

2. (a) Has not been convicted of a felony or crime of moral turpitude or, if the applicant has been so convicted, the superintendent has disregarded the conviction because the applicant has proven to the superintendent, by a preponderance of the evidence, that the applicant's activities and employment record since the conviction show that the applicant is honest, truthful, and of good reputation, and there is no basis in fact for believing that the applicant again will violate the laws involved;

   (b) Has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate or, if the applicant has been so adjudged, at least two years have passed since the court decision and the superintendent has disregarded the adjudication because the applicant has proven, by a preponderance of the evidence, that the applicant is honest, truthful, and of good reputation, and there is no basis in fact for believing that the applicant again will violate the laws involved;

3. Has not, during any period in which the applicant was licensed under this chapter, violated any provision of, or any rule adopted pursuant to this chapter, or, if the applicant has violated such provision or rule, has established to the satisfaction of the superintendent that the applicant will not again violate such provision or rule;

4. Is at least eighteen years of age;

5. If born after the year 1950, has a high school diploma or a certificate of high school equivalence issued by the department of education;

6. Has successfully completed at an institution of higher education all of the following credit-eligible courses by either classroom instruction or distance education:

   (a) Forty hours of instruction in real estate practice;

   (b) Forty hours of instruction that includes the subjects of Ohio real estate law, municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination. If feasible, the instruction in Ohio real estate law shall be taught by a member of the faculty of an accredited law school. If feasible, the instruction in municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination shall be taught by a staff member of the Ohio civil rights commission who is knowledgeable
with respect to those subjects. The requirements of this division do not apply to an applicant who is admitted to practice before the supreme court.

(c) Twenty hours of instruction in real estate appraisal;
(d) Twenty hours of instruction in real estate finance.

(G)(1) Successful completion of the instruction required by division (F)(6) of this section shall be determined by the law in effect on the date the instruction was completed.

(2) Division (F)(6)(c) of this section does not apply to any new applicant who holds a valid Ohio real estate appraiser license or certificate issued prior to the date of application for a real estate salesperson's license.

(H) Only for noncredit course offerings, an institution of higher education shall obtain approval from the appropriate state authorizing entity prior to offering a real estate course that is designed and marketed as satisfying the salesperson license education requirements of division (F)(6) of this section. The state authorizing entity may consult with the superintendent in reviewing the course for compliance with this section.

(I) Any person who has not been licensed as a real estate salesperson or broker within a four-year period immediately preceding the person's current application for the salesperson's examination shall have successfully completed the prelicensure instruction required by division (F)(6) of this section within a ten-year period immediately preceding the person's current application for the salesperson's examination.

(J) Not earlier than the date of issue of a real estate salesperson's license to a licensee, but not later than twelve months after the date of issue of a real estate salesperson license to a licensee, the licensee shall submit proof satisfactory to the superintendent, on forms made available by the superintendent, of the completion of twenty hours of instruction that shall be completed in schools, seminars, and educational institutions approved by the commission. Approval of the curriculum and providers shall be granted according to rules adopted pursuant to section 4735.10 of the Revised Code and may be taken through classroom instruction or distance education.

If proof of completion of the required instruction is not submitted within twelve months of the date a license is issued under this section, the licensee's license is suspended automatically without the taking of any action by the superintendent. The superintendent immediately shall notify the broker with whom such salesperson is associated of the suspension of
the salesperson's license. A salesperson whose license has been suspended under this division shall have twelve months after the date of the suspension of the salesperson's license to submit proof of successful completion of the instruction required under this division. No such license shall be reactivated by the superintendent until it is established, to the satisfaction of the superintendent, that the requirements of this division have been met and that the licensee is in compliance with this chapter. A licensee's license is revoked automatically without the taking of any action by the superintendent when the licensee fails to submit the required proof of completion of the education requirements under division (I) of this section within twelve months of the date the license is suspended.

(K) Examinations shall be administered with reasonable accommodations in accordance with the requirements of the "Americans with Disabilities Act of 1990," 104 Stat. 327, 42 U.S.C. 12189. The contents of an examination shall be consistent with the classroom instructional requirements of division (F)(6) of this section. An applicant who has completed the classroom instructional requirements of division (F)(6) of this section at the time of application shall be examined no later than twelve months after the applicant is notified of the applicant's admission to the examination.

Sec. 4735.12. (A) The real estate recovery fund is hereby created in the state treasury, to be administered by the superintendent of real estate. Amounts collected by the superintendent as prescribed in this section and interest earned on the assets of the fund shall be credited by the treasurer of state to the fund. The amount of money in the fund shall be ascertained by the superintendent as of the first day of July of each year.

The commission, in accordance with rules adopted under division (A)(2)(g) of section 4735.10 of the Revised Code, shall impose a special assessment not to exceed ten dollars per year for each year of a licensing period on each licensee filing a notice of renewal under section 4735.14 of the Revised Code if the amount available in the fund is less than five two hundred fifty thousand dollars on the first day of July preceding that filing. The commission may impose a special assessment not to exceed five dollars per year for each year of a licensing period if the amount available in the fund is greater than one million dollars, but less than two million dollars on the first day of July preceding that filing. The commission shall not impose a special assessment if the amount available in the fund exceeds two million dollars on the first day of July preceding that filing.

(B)(1) Any person who obtains a final judgment in any court of competent jurisdiction against any broker or salesperson licensed under this
chapter, on the grounds of conduct that is in violation of this chapter or the rules adopted under it, and that is associated with an act or transaction that only a licensed real estate broker or licensed real estate salesperson is authorized to perform as specified in division (A) or (C) of section 4735.01 of the Revised Code, may file a verified application, as described in division (B)(3) of this section, in the court of common pleas of Franklin county for an order directing payment out of the real estate recovery fund of the portion of the judgment that remains unpaid and that represents the actual and direct loss sustained by the applicant.

(2) Punitive damages, attorney's fees, and interest on a judgment are not recoverable from the fund. In the discretion of the superintendent of real estate, court costs may be recovered from the fund, and, if the superintendent authorizes the recovery of court costs, the order of the court of common pleas then may direct their payment from the fund.

(3) The application shall specify the nature of the act or transaction upon which the underlying judgment was based, the activities of the applicant in pursuit of remedies available under law for the collection of judgments, and the actual and direct losses, attorney's fees, and the court costs sustained or incurred by the applicant. The applicant shall attach to the application a copy of each pleading and order in the underlying court action.

(4) The court shall order the superintendent to make such payments out of the fund when the person seeking the order has shown all of the following:
   (a) The person has obtained a judgment, as provided in this division;
   (b) All appeals from the judgment have been exhausted and the person has given notice to the superintendent, as required by division (C) of this section;
   (c) The person is not a spouse of the judgment debtor, or the personal representative of such spouse;
   (d) The person has diligently pursued the person's remedies against all the judgment debtors and all other persons liable to the person in the transaction for which the person seeks recovery from the fund;
   (e) The person is making the person's application not more than one year after termination of all proceedings, including appeals, in connection with the judgment.

(5) Divisions (B)(1) to (4) of this section do not apply to any of the following:
   (a) Actions arising from property management accounts maintained in the name of the property owner;
   (b) A bonding company when it is not a principal in a real estate
transaction;

(c) A person in an action for the payment of a commission or fee for the performance of an act or transaction specified or comprehended in division (A) or (C) of section 4735.01 of the Revised Code;

(d) Losses incurred by investors in real estate if the applicant and the licensee are principals in the investment.

(C) A person who applies to a court of common pleas for an order directing payment out of the fund shall file notice of the application with the superintendent. The superintendent may defend any such action on behalf of the fund and shall have recourse to all appropriate means of defense and review, including examination of witnesses, verification of actual and direct losses, and challenges to the underlying judgment required in division (B)(4)(a) of this section to determine whether the underlying judgment is based on activity only a licensed broker or licensed salesperson is permitted to perform. The superintendent may move the court at any time to dismiss the application when it appears there are no triable issues and the application is without merit. The motion may be supported by affidavit of any person having knowledge of the facts and may be made on the basis that the application, including the judgment referred to in it, does not form the basis for a meritorious recovery claim; provided, that the superintendent shall give written notice to the applicant at least ten days before such motion. The superintendent may, subject to court approval, compromise a claim based upon the application of an aggrieved party. The superintendent shall not be bound by any prior compromise or stipulation of the judgment debtor.

(D) Notwithstanding any other provision of this section, the liability of the fund shall not exceed forty thousand dollars for any one licensee. If a licensee's license is reactivated as provided in division (E) of this section, the liability of the fund for the licensee under this section shall again be forty thousand dollars, but only for transactions that occur subsequent to the time of reactivation.

If the forty-thousand-dollar liability of the fund is insufficient to pay in full the valid claims of all aggrieved persons by whom claims have been filed against any one licensee, the forty thousand dollars shall be distributed among them in the ratio that their respective claims bear to the aggregate of valid claims or in such other manner as the court finds equitable. Distribution of moneys shall be among the persons entitled to share in it, without regard to the order of priority in which their respective judgments may have been obtained or their claims have been filed. Upon petition of the superintendent, the court may require all claimants and prospective claimants against one licensee to be joined in one action, to the end that the
respective rights of all such claimants to the fund may be equitably adjudicated and settled.

(E) If the superintendent pays from the fund any amount in settlement of a claim or toward satisfaction of a judgment against a licensed broker or salesperson, the license of the broker or salesperson shall be automatically suspended upon the date of payment from the fund. The superintendent shall not reactivate the suspended license of that broker or salesperson until the broker or salesperson has repaid in full, plus interest per annum at the rate specified in division (A) of section 1343.03 of the Revised Code, the amount paid from the fund on the broker's or salesperson's account. A discharge in bankruptcy does not relieve a person from the suspension and requirements for reactivation provided in this section unless the underlying judgment has been included in the discharge and has not been reaffirmed by the debtor.

(F) If, at any time, the money deposited in the fund is insufficient to satisfy any duly authorized claim or portion of a claim, the superintendent shall, when sufficient money has been deposited in the fund, satisfy such unpaid claims or portions, in the order that such claims or portions were originally filed, plus accumulated interest per annum at the rate specified in division (A) of section 1343.03 of the Revised Code.

(G) When, upon the order of the court, the superintendent has paid from the fund any sum to the judgment creditor, the superintendent shall be subrogated to all of the rights of the judgment creditor to the extent of the amount so paid, and the judgment creditor shall assign all the judgment creditor's right, title, and interest in the judgment to the superintendent to the extent of the amount so paid. Any amount and interest so recovered by the superintendent on the judgment shall be deposited in the fund.

(H) Nothing contained in this section shall limit the authority of the superintendent to take disciplinary action against any licensee under other provisions of this chapter; nor shall the repayment in full of all obligations to the fund by any licensee nullify or modify the effect of any other disciplinary proceeding brought pursuant to this chapter.

(I) The superintendent shall collect from the fund a service fee in an amount equivalent to the interest rate specified in division (A) of section 1343.03 of the Revised Code multiplied by the annual interest earned on the assets of the fund, to defray the expenses incurred in the administration of the fund.

Sec. 4735.13. (A) Every real estate broker licensed under this chapter shall have and maintain a definite place of business in this state. A post office box address is not a definite place of business for purposes of this
section. The license of a real estate broker shall be prominently displayed in
the office or place of business of the broker, and no license shall authorize
the licensee to do business except from the location specified in it. If the
broker maintains more than one place of business within the state, the broker
shall apply for and procure a duplicate license for each branch office
maintained by the broker. Each branch office shall be in the charge of a
licensed broker or salesperson. The branch office license shall be
prominently displayed at the branch office location.

(B) The license of each real estate salesperson shall be mailed to and
remain in the possession of the licensed broker with whom the salesperson
is or is to be associated until the licensee places the license on inactive or
resigned status or until the salesperson leaves the brokerage or is terminated.
The broker shall keep each salesperson's license in a way that it can, and
shall on request, be made immediately available for public inspection at the
office or place of business of the broker. Except as provided in divisions (G)
and (H) of this section, immediately upon the salesperson's leaving the
association or termination of the association of a real estate salesperson with
the broker, the broker shall return the salesperson's license to the
superintendent of real estate.

The failure of a broker to return the license of a real estate salesperson
or broker who leaves or who is terminated, via certified mail return receipt
requested, within three business days of the receipt of a written request from
the superintendent for the return of the license, is prima-facie evidence of
misconduct under division (A)(6) of section 4735.18 of the Revised Code.

(C) A licensee shall notify the superintendent in writing within fifteen
days of any of the following occurrences:

1. The licensee is convicted of a felony.
2. The licensee is convicted of a crime involving moral turpitude.
3. The licensee is found to have violated any federal, state, or
   municipal civil rights law pertaining to discrimination in housing.
4. The licensee is found to have engaged in a discriminatory practice
   pertaining to housing accommodations described in division (H) of section
   4112.02 of the Revised Code.
5. The licensee is the subject of an order by the department of
   commerce, the department of insurance, or the department of agriculture
   revoking or permanently surrendering any professional license, certificate,
   or registration.
6. The licensee is the subject of an order by any government agency
   concerning real estate, financial matters, or the performance of fiduciary
duties with respect to any license, certificate, or registration.
If a licensee fails to notify the superintendent within the required time, the superintendent immediately may suspend the license of the licensee.

Any court that convicts a licensee of a violation of any municipal civil rights law pertaining to housing discrimination also shall notify the Ohio civil rights commission within fifteen days of the conviction.

(D) In case of any change of business location, a broker shall give notice to the superintendent, on a form prescribed by the superintendent, within thirty days after the change of location, whereupon the superintendent shall issue new licenses for the unexpired period without charge. If a broker changes a business location without giving the required notice and without receiving new licenses that action is prima-facie evidence of misconduct under division (A)(6) of section 4735.18 of the Revised Code.

(E) If a real estate broker desires to associate with another real estate broker in the capacity of a real estate salesperson, the broker shall apply to the superintendent to deposit the broker's real estate broker's license with the superintendent and for the issuance of a real estate salesperson's license. The application shall be made on a form prescribed by the superintendent and shall be accompanied by the recommendation of the real estate broker with whom the applicant intends to become associated and a fee of twenty-five dollars for the real estate salesperson's license. One dollar of the fee shall be credited to the real estate education and research fund. If the superintendent is satisfied that the applicant is honest, truthful, and of good reputation, has not been convicted of a felony or a crime involving moral turpitude, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate, and that the association of the real estate broker and the applicant will be in the public interest, the superintendent shall grant the application and issue a real estate salesperson's license to the applicant. Any license so deposited with the superintendent shall be subject to this chapter. A broker who intends to deposit the broker's license with the superintendent, as provided in this section, shall give written notice of this fact in a format prescribed by the superintendent to all salespersons associated with the broker when applying to place the broker's license on deposit.

(F) If a real estate broker desires to become a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation that is or intends to become a licensed real estate broker, the broker shall notify the superintendent of the broker's intentions. The notice of intention shall be on a form prescribed by the superintendent
and shall be accompanied by a fee of twenty-five thirty-four dollars. One dollar of the fee shall be credited to the real estate education and research fund.

A licensed real estate broker who is a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation shall only act as a real estate broker for such partnership, association, limited liability company, limited liability partnership, or corporation.

(G)(1) If a real estate broker or salesperson enters the armed forces, the broker or salesperson may place the broker's or salesperson's license on deposit with the Ohio real estate commission. The licensee shall not be required to renew the license until the renewal date that follows the date of discharge from the armed forces. Any license deposited with the commission shall be subject to this chapter.

Any licensee whose license is on deposit under this division and who fails to meet the continuing education requirements of section 4735.141 of the Revised Code because the licensee is in the armed forces shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months of the licensee's first birthday after discharge or within the amount of time equal to the total number of months the licensee spent on active duty, whichever is greater. The licensee shall submit proper documentation of active duty service and the length of that active duty service to the superintendent. The extension shall not exceed the total number of months that the licensee served in active duty. The superintendent shall notify the licensee of the licensee's obligations under section 4735.141 of the Revised Code at the time the licensee applies for reactivation of the licensee's license.

(2) If a licensee is a spouse of a member of the armed forces and the spouse's service resulted in the licensee's absence from this state, both of the following apply:

(a) The licensee shall not be required to renew the license until the renewal date that follows the date of the spouse's discharge from the armed forces.

(b) If the licensee fails to meet the continuing education requirements of section 4735.141 of the Revised Code, the licensee shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months after the licensee's first birthday after the spouse's discharge or within the amount of time equal to the total number of months the licensee's spouse spent on active duty, whichever is greater. The licensee shall submit proper documentation of the spouse's active duty
service and the length of that active duty service. This extension shall not exceed the total number of months that the licensee's spouse served in active duty.

(3) In the case of a licensee as described in division (G)(2) of this section, who holds the license through a reciprocity agreement with another state, the spouse's service shall have resulted in the licensee's absence from the licensee's state of residence for the provisions of that division to apply.

(4) As used in this division, "armed forces" means the armed forces of the United States or reserve component of the armed forces of the United States including the Ohio national guard or the national guard of any other state.

(H) If a licensed real estate salesperson submits an application to the superintendent to leave the association of one broker to associate with a different broker, the broker possessing the licensee's license need not return the salesperson's license to the superintendent. The superintendent may process the application regardless of whether the licensee's license is returned to the superintendent.

Sec. 4735.143. (A) Each person applying for a license pursuant to section 4735.07 or 4735.09 of the Revised Code shall submit one complete set of fingerprint impressions directly to the superintendent of the bureau of criminal identification and investigation for the purpose of conducting a criminal records check. The applicant shall provide the fingerprint impressions using a method the superintendent of the bureau of criminal identification and investigation prescribes and fill out the form the superintendent prescribes pursuant to division (C) of section 109.572 of the Revised Code. Upon receiving an application under this section, the superintendent of real estate and professional licensing shall request the superintendent of the bureau of criminal identification and investigation, or a vendor approved by the bureau, to conduct a criminal records check based on the applicant's fingerprint impressions in accordance with division (A)(16) of section 109.572 of the Revised Code. Notwithstanding division (K) of section 121.08 of the Revised Code, the superintendent of real estate and professional licensing shall request that criminal record information based on the applicant's fingerprints be obtained from the federal bureau of investigation as part of the criminal records check. Any fee required under division (C)(3) of section 109.572 of the Revised Code shall be paid by the applicant.

(B) An applicant who disclosed on the application that the applicant has been convicted of any criminal offense shall only be permitted to take the examination after the results of the criminal records check have been
received by the superintendent and the superintendent has made a determination to disregard the conviction because the applicant has proven to the superintendent, by a preponderance of the evidence, that the applicant's activities and employment record since the conviction show that the applicant is honest, truthful, and of good reputation, and there is no basis in fact for believing that the applicant again will violate the laws involved.

(C) Persons who have indicated on the application that they have not been convicted of any criminal offense, shall, if all other requirements for licensure have been satisfied, be permitted to take the real estate examination for which the applicant has applied prior to the superintendent's receipt of the results of the criminal records check. If the applicant receives a passing score on the examination and meets the other requirements for the license, the superintendent shall issue a provisional license pending the results of the criminal records check. During this provisional status, the licensee may perform acts that require a real estate license. If the results of the criminal records check subsequently confirm that the licensee has no convictions, the provisional status shall be removed. If it is determined that the licensee has been convicted of any criminal offense, the superintendent may immediately suspend the license of the licensee.

(D) Any entity offering the prelicensure education required to obtain a real estate license in this state shall, prior to a student's enrollment in a class, notify the student of both of the following:

1. That a conviction of a criminal offense may disqualify an individual from obtaining a real estate license;
2. The student's rights under section 9.78 of the Revised Code to request a determination as to whether such a conviction will disqualify the student.

Sec. 4735.15. (A) The nonrefundable fees for reactivation or transfer of a license shall be as follows:

1. Reactivation or transfer of a broker's license into or out of a partnership, association, limited liability company, limited liability partnership, or corporation or from one partnership, association, limited liability company, limited liability partnership, or corporation to another partnership, association, limited liability company, limited liability partnership, or corporation, twenty-five thirty-four dollars. An application for such transfer shall be made to the superintendent of real estate on forms provided by the superintendent.
2. Reactivation or transfer of a license by a real estate salesperson, twenty-five thirty-four dollars.

(B) Except as may otherwise be specified pursuant to division (F) of this
section or any rules adopted by the Ohio real estate commission pursuant to division (A)(2)(b) of section 4735.10 of the Revised Code, the nonrefundable fees for a branch office license, license renewal, late filing, and foreign real estate dealer and salesperson license are as follows per year for each year of a licensing period:

(1) Branch office license, fifteen twenty dollars;

(2) Renewal of a three-year real estate broker's license, sixty two hundred forty-three dollars. If the licensee is a partnership, association, limited liability company, limited liability partnership, or corporation, the full broker's renewal fee shall be required for each member of such partnership, association, limited liability company, limited liability partnership, or corporation that is a real estate broker. If the real estate broker has not less than eleven nor more than twenty real estate salespersons associated with the broker, an additional fee of sixty-four dollars shall be assessed to the brokerage. For every additional ten real estate salespersons or fraction of that number, the brokerage assessment fee shall be increased in the amount of thirty-seven dollars.

(3) Renewal of a three-year real estate salesperson's license, forty five one hundred eighty-two dollars;

(4) Renewal of a real estate broker's or salesperson's license filed within twelve months after the licensee's renewal date, an additional late filing penalty of fifty per cent of the required three-year fee;

(5) Foreign real estate dealer's license and each renewal of the license, thirty dollars per salesperson employed by the dealer, but not less than one two hundred fifty three dollars;

(6) Foreign real estate salesperson's license and each renewal of the license, fifty sixty-eight dollars.

(C) All fees collected under this section shall be paid to the treasurer of state. One dollar of each such fee shall be credited to the real estate education and research fund, except that for fees that are assessed only once every three years, three dollars of each triennial fee shall be credited to the real estate education and research fund.

(D) In all cases, the fee and any penalty shall accompany the application for the license, license transfer, or license reactivation or shall accompany the filing of the renewal.

(E) The commission may establish by rule reasonable fees for services not otherwise established by this chapter.

(F) The commission may adopt rules that provide for a reduction in the fees established in divisions (B)(2) and (3) of this section.

Sec. 4735.18. (A) Subject to section 4735.32 of the Revised Code, the
superintendent of real estate, upon the superintendent's own motion, may
investigate the conduct of any licensee. Subject to division (E) of this
section and section 4735.32 of the Revised Code, the Ohio real estate
commission shall impose disciplinary sanctions upon any licensee who,
whether or not acting in the licensee's capacity as a real estate broker or
salesperson, or in handling the licensee's own property, is found to have
been convicted of a felony or a crime of moral turpitude, and may impose
disciplinary sanctions upon any licensee who, in the licensee's capacity as a
real estate broker or salesperson, or in handling the licensee's own property,
is found guilty of:

(1) Knowingly making any misrepresentation;
(2) Making any false promises with intent to influence, persuade, or
induce;
(3) A continued course of misrepresentation or the making of false
promises through agents, salespersons, advertising, or otherwise;
(4) Acting for more than one party in a transaction except as permitted
by and in compliance with section 4735.71 of the Revised Code;
(5) Failure within a reasonable time to account for or to remit any
money coming into the licensee's possession which belongs to others;
(6) Dishonest or illegal dealing, gross negligence, incompetency, or
misconduct;
(7)(a) By final adjudication by a court, a violation of any municipal or
federal civil rights law relevant to the protection of purchasers or sellers of
real estate or, by final adjudication by a court, any unlawful discriminatory
practice pertaining to the purchase or sale of real estate prohibited by
Chapter 4112. of the Revised Code, provided that such violation arose out of
a situation wherein parties were engaged in bona fide efforts to purchase,
sell, or lease real estate, in the licensee's practice as a licensed real estate
broker or salesperson;
(b) A second or subsequent violation of any unlawful discriminatory
practice pertaining to the purchase or sale of real estate prohibited by
Chapter 4112. of the Revised Code or any second or subsequent violation of
municipal or federal civil rights laws relevant to purchasing or selling real
estate whether or not there has been a final adjudication by a court, provided
that such violation arose out of a situation wherein parties were engaged in
bona fide efforts to purchase, sell, or lease real estate. For any second
offense under this division, the commission shall suspend for a minimum of
two months or revoke the license of the broker or salesperson. For any
subsequent offense, the commission shall revoke the license of the broker or
salesperson.
Procuring a license under this chapter, for the licensee or any salesperson by fraud, misrepresentation, or deceit;

(9) Having violated or failed to comply with any provision of sections 4735.51 to 4735.74 of the Revised Code or having willfully disregarded or violated any other provisions of this chapter;

(10) As a real estate broker, having demanded, without reasonable cause, other than from a broker licensed under this chapter, a commission to which the licensee is not entitled, or, as a real estate salesperson, having demanded, without reasonable cause, a commission to which the licensee is not entitled;

(11) Except as permitted under section 4735.20 of the Revised Code, having paid commissions or fees to, or divided commissions or fees with, anyone not licensed as a real estate broker or salesperson under this chapter or anyone not operating as an out-of-state commercial real estate broker or salesperson under section 4735.022 of the Revised Code;

(12) Having falsely represented membership in any real estate professional association of which the licensee is not a member;

(13) Having accepted, given, or charged any undisclosed commission, rebate, or direct profit on expenditures made for a principal;

(14) Having offered anything of value other than the consideration recited in the sales contract as an inducement to a person to enter into a contract for the purchase or sale of real estate or having offered real estate or the improvements on real estate as a prize in a lottery or scheme of chance;

(15) Having acted in the dual capacity of real estate broker and undisclosed principal, or real estate salesperson and undisclosed principal, in any transaction;

(16) Having guaranteed, authorized, or permitted any person to guarantee future profits which may result from the resale of real property;

(17) Having advertised or placed a sign on any property offering it for sale or for rent without the consent of the owner or the owner's authorized agent;

(18) Having induced any party to a contract of sale or lease to break such contract for the purpose of substituting in lieu of it a new contract with another principal;

(19) Having negotiated the sale, exchange, or lease of any real property directly with a seller, purchaser, lessor, or tenant knowing that such seller, purchaser, lessor, or tenant is represented by another broker under a written exclusive agency agreement, exclusive right to sell or lease listing agreement, or exclusive purchaser agency agreement with respect to such property except as provided for in section 4735.75 of the Revised Code;
(20) Having offered real property for sale or for lease without the knowledge and consent of the owner or the owner's authorized agent, or on any terms other than those authorized by the owner or the owner's authorized agent;

(21) Having published advertising, whether printed, radio, display, or of any other nature, which was misleading or inaccurate in any material particular, or in any way having misrepresented any properties, terms, values, policies, or services of the business conducted;

(22) Having knowingly withheld from or inserted in any statement of account or invoice any statement that made it inaccurate in any material particular;

(23) Having published or circulated unjustified or unwarranted threats of legal proceedings which tended to or had the effect of harassing competitors or intimidating their customers;

(24) Having failed to keep complete and accurate records of all transactions for a period of three years from the date of the transaction, such records to include copies of listing forms, earnest money receipts, offers to purchase and acceptances of them, records of receipts and disbursements of all funds received by the licensee as broker and incident to the licensee's transactions as such, and records required pursuant to divisions (C)(4) and (5) of section 4735.20 of the Revised Code, and any other instruments or papers related to the performance of any of the acts set forth in the definition of a real estate broker;

(25) Failure of a real estate broker or salesperson to furnish all parties involved in a real estate transaction true copies of all listings and other agreements to which they are a party, at the time each party signs them;

(26) Failure to maintain at all times a special or trust bank account in a depository located in this state. The account shall be noninterest-bearing, separate and distinct from any personal or other account of the broker, and, except as provided in division (A)(27) of this section, shall be used for the deposit and maintenance of all escrow funds, security deposits, and other moneys received by the broker in a fiduciary capacity. The name, account number, if any, and location of the depository wherein such special or trust account is maintained shall be submitted in writing to the superintendent. Checks drawn on such special or trust bank accounts are deemed to meet the conditions imposed by section 1349.21 of the Revised Code. Funds deposited in the trust or special account in connection with a purchase agreement shall be maintained in accordance with section 4735.24 of the Revised Code.

(27) Failure to maintain at all times a special or trust bank account in a
depository in this state, to be used exclusively for the deposit and
maintenance of all rents, security deposits, escrow funds, and other moneys
received by the broker in a fiduciary capacity in the course of managing real
property. This account shall be separate and distinct from any other account
maintained by the broker. The name, account number, and location of the
depository shall be submitted in writing to the superintendent. This account
may earn interest, which shall be paid to the property owners on a pro rata
basis.

Division (A)(27) of this section does not apply to brokers who are not
engaged in the management of real property on behalf of real property
owners.

(28) Having failed to put definite expiration dates in all written agency
agreements to which the broker is a party;

(29) Having an unsatisfied final judgment or lien in any court of record
against the licensee arising out of the licensee's conduct as a licensed broker
or salesperson;

(30) Failing to render promptly upon demand a full and complete
statement of the expenditures by the broker or salesperson of funds
advanced by or on behalf of a party to a real estate transaction to the broker
or salesperson for the purpose of performing duties as a licensee under this
chapter in conjunction with the real estate transaction;

(31) Failure within a reasonable time, after the receipt of the
commission by the broker, to render an accounting to and pay a real estate
salesperson the salesperson's earned share of it;

(32) Performing any service for another constituting the practice of law,
as determined by any court of law;

(33) Having been adjudicated incompetent for the purpose of holding
the license by a court, as provided in section 5122.301 of the Revised Code.
A license revoked or suspended under this division shall be reactivated upon
proof to the commission of the removal of the disability.

(34) Having authorized or permitted a person to act as an agent in the
capacity of a real estate broker, or a real estate salesperson, who was not
then licensed as a real estate broker or real estate salesperson under this
chapter or who was not then operating as an out-of-state commercial real
estate broker or salesperson under section 4735.022 of the Revised Code;

(35) Having knowingly inserted or participated in inserting any
materially inaccurate term in a document, including naming a false
consideration;

(36) Having failed to inform the licensee's client of the existence of an
offer or counteroffer or having failed to present an offer or counteroffer in a
timely manner, unless otherwise instructed by the client, provided the
instruction of the client does not conflict with any state or federal law;
(37) Having failed to comply with section 4735.24 of the Revised Code;
(38) Having acted as a broker without authority, impeded the ability of a
principal broker to perform any of the duties described in section 4735.081
of the Revised Code, or impeded the ability a management level licensee to
perform the licensee's duties.

(B) Whenever the commission, pursuant to section 4735.051 of the
Revised Code, imposes disciplinary sanctions for any violation of this

(5) Has successfully completed a pre-professional dietetic experience approved by the academy of nutrition and dietetics, or experience approved by the board under division (A)(3) of section 4759.05 of the Revised Code;
(6) Has passed the examination approved by the board under division (A)(1) of section 4759.05 of the Revised Code.

(B) The board shall waive the requirements of divisions (A)(4), (5), and (6) of this section and any rules adopted under division (A)(6) of section 4759.05 of the Revised Code if the applicant presents satisfactory evidence to the board of current registration as a registered dietitian with the
commission on dietetic registration.

(C)(1) The board shall issue a license to practice dietetics to an applicant who meets the requirements of division (A) of this section. A license issued before July 1, 2018, shall expire on June 30, 2018. A license issued on or after July 1, 2018, shall be valid for a two-year period unless revoked or suspended by the board and shall expire on the thirtieth day of June of the next even numbered year date that is two years after the date of issuance. A license may be renewed for additional two-year periods.

(2) The board shall renew an applicant's license if the applicant meets the continuing education requirements adopted under division (A)(5) of section 4759.05 of the Revised Code and has paid the license renewal fee specified in section 4759.08 of the Revised Code and certifies to the board that the applicant has met the continuing education requirements adopted under division (A)(5) of section 4759.05 of the Revised Code. The renewal shall be pursuant to the standard renewal procedure of sections 4745.01 to 4745.03 of the Revised Code. At least one month before a license expires, the board shall provide a renewal notice. Failure of any person to receive a notice of renewal from the board shall not excuse the person from the requirements contained in this section. Each person holding a license shall give notice to the board of a change in the license holder's residence address, business address, or electronic mail address not later than thirty days after the change occurs.

(D) Any person licensed to practice dietetics by the former Ohio board of dietetics before January 21, 2018, may continue to practice dietetics in this state under that license if the person continues to meet the requirements to renew a license under this chapter and renews the license through the state medical board.

The state medical board may take any of the following actions, as provided in section 4759.07 of the Revised Code, against the holder of a license to practice dietetics issued before January 21, 2018, by the former Ohio board of dietetics:

1. Limit, revoke, or suspend the holder's license;
2. Refuse to renew or reinstate the holder's license;
3. Reprimand the holder or place the holder on probation.

(E) The board may require a random sample of dietitians to submit materials documenting that the continuing education requirements adopted under division (A)(5) of section 4759.05 of the Revised Code have been met.

This division does not limit the board's authority to conduct investigations pursuant to section 4759.07 of the Revised Code.
If, through a random sample conducted under division (E) of this section or any other means, the board finds that an individual who certified completion of the number of hours and type of continuing education required to renew, reinstate, or restore a license to practice did not complete the requisite continuing education, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4759.07 of the Revised Code, impose a civil penalty, or both;

(b) Permit the individual to agree in writing to complete the continuing education and pay a civil penalty.

The board's finding in any disciplinary action taken under division (F)(1)(a) of this section shall be made pursuant to an adjudication under Chapter 119. of the Revised Code and by an affirmative vote of not fewer than six of its members.

5. A civil penalty imposed under division (F)(1)(a) of this section or paid under division (F)(1)(b) of this section shall be in an amount specified by the board of not more than five thousand dollars. The board shall deposit civil penalties in accordance with section 4731.24 of the Revised Code.

(G)(1) The board may grant a limited permit to a person who has completed the education and pre-professional requirements of divisions (A)(4) and (5) of this section and who presents evidence to the board of having applied to take the examination approved by the board under division (A)(1) of section 4759.05 of the Revised Code. An application for a limited permit shall be made on forms that the board shall furnish and shall be accompanied by the limited permit fee specified in section 4759.08 of the Revised Code.

2. If no grounds apply under section 4759.07 of the Revised Code for denying a license to the applicant and the applicant meets the requirements of division (E)(G)(1) of this section, the board shall issue a limited permit to the applicant.

A limited permit expires in accordance with rules adopted under section 4759.05 of the Revised Code. A limited permit may be renewed in accordance with those rules.

3. The board shall maintain a register of all persons holding limited permits under this chapter.

4. A person holding a limited permit who has failed the examination shall practice only under the direct supervision of a licensed dietitian.

4. The board may revoke a limited permit on proof satisfactory to the board that the permit holder has engaged in practice in this state outside the scope of the permit, that the holder has engaged in unethical conduct, or that grounds for action against the holder exist under section 4759.07 of the
Revised Code.

Sec. 4759.062. (A) A license to practice dietetics that is not renewed on or before its expiration date is automatically suspended on its expiration date. Continued practice after suspension shall be considered as practicing in violation of section 4759.02 of the Revised Code.

(B) If a license has been suspended pursuant to division (A) of this section for two years or less, it may be reinstated. The state medical board shall reinstate the license upon the applicant's submission of a complete renewal application and payment of a reinstatement fee of two hundred five dollars.

(C) If a license has been suspended pursuant to division (A) of this section for more than two years, it may be restored. Subject to section 4759.063 of the Revised Code, the board may restore the license upon an applicant's submission of a complete restoration application and a restoration fee of two hundred thirty dollars and compliance with sections 4776.01 to 4776.04 of the Revised Code. The board shall not restore a license unless the board, in its discretion, decides that the results of the criminal records check do not make the applicant ineligible for a license issued pursuant to section 4759.06 of the Revised Code.

2. The board may impose terms and conditions for the restoration, including any one or more of the following:

(a) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(b) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(c) Restricting or limiting the extent, scope, or type of practice of the applicant.

Sec. 4759.063. (A) This section applies to both of the following:

1. An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

2. An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been engaged in the practice of dietetics as any of the following:

(a) An active practitioner;

(b) A participant in a pre-professional dietetic experience as described in section 4759.06 of the Revised Code;

(c) A student in a program described in section 4759.06 of the Revised Code.

(B) Before issuing a license to an applicant subject to this section or
restoring a license to good standing for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

1. Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;
2. Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;
3. Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;
4. Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;
5. Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;
6. Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension or inactivity. The board shall not issue or restore a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4760.02. (A) Except as provided in division (B) of this section, no person shall practice as an anesthesiologist assistant unless the person holds a current, valid certificate license issued under this chapter to practice as an anesthesiologist assistant.

(B) Division (A) of this section does not apply to either of the following:

1. A person participating in a training program leading toward certification by the national commission for certification of anesthesiologist assistants, as long as the person is supervised by an anesthesiologist, an individual participating in a hospital residency program in preparation to practice as an anesthesiologist, or an anesthesiologist assistant who holds a current, valid certificate license issued under this chapter;
2. Any person who otherwise holds professional authority granted pursuant to the Revised Code to perform any of the activities that an anesthesiologist assistant is authorized to perform.

Sec. 4760.03. (A) An individual seeking a certificate license to practice as an anesthesiologist assistant shall file with the state medical board a
written application on a form prescribed and supplied by the board. The application shall include all of the following information:

(1) Evidence satisfactory to the board that the applicant is at least twenty-one years of age and of good moral character;

(2) Evidence satisfactory to the board that the applicant has successfully completed the training necessary to prepare individuals to practice as anesthesiologist assistants, as specified in section 4760.031 of the Revised Code;

(3) Evidence satisfactory to the board that the applicant holds current certification from the national commission for certification of anesthesiologist assistants and that the requirements for receiving the certification included passage of an examination to determine the individual's competence to practice as an anesthesiologist assistant;

(4) Any other information the board considers necessary to process the application and evaluate the applicant's qualifications.

(B) At the time of making application for a certificate to practice license, the applicant shall pay the board a fee of one hundred dollars, no part of which shall be returned.

(C) The board shall review all applications received under this section. Not later than sixty days after receiving a complete application, the board shall determine whether an applicant meets the requirements to receive a certificate to practice license. The affirmative vote of not fewer than six members of the board is required to determine that an applicant meets the requirements for a certificate. The board shall not issue a certificate license to an applicant unless the applicant is certified by the national commission for certification of anesthesiologist assistants or a successor organization that is recognized by the board.

Sec. 4760.031. As a condition of being eligible to receive a certificate license to practice as an anesthesiologist assistant, an individual must successfully complete the following training requirements:

(A) A baccalaureate or higher degree program at an institution of higher education accredited by an organization recognized by the board of regents department of higher education. The program must have included courses in the following areas of study:

(1) General biology;

individuals to practice as anesthesiologist assistants. If the program was completed prior to May 31, 2000, the program must have been completed at Case Western Reserve University or Emory University in Atlanta, Georgia. If the program is completed on or after May 31, 2000, the program must be a graduate-level program accredited by the commission on accreditation of allied health education programs or any of the commission's successor organizations. In either case, the training program must have included at least all of the following components:

1. Basic sciences of anesthesia: physiology, pathophysiology, anatomy, and biochemistry. The courses must be presented as a continuum of didactic courses designed to teach students the foundations of human biological existence on which clinical correlations to anesthesia practice are based.

2. Pharmacology for the anesthetic sciences. The course must include instruction in the anesthetic principles of pharmacology, pharmacodynamics, pharmacokinetics, uptake and distribution, intravenous anesthetics and narcotics, and volatile anesthetics.

4. Fundamentals of anesthetic sciences, presented as a continuum of courses covering a series of topics in basic medical sciences with special emphasis on the effects of anesthetics on normal physiology and pathophysiology.

5. Patient instrumentation and monitoring, presented as a continuum of courses focusing on the design of, proper preparation of, and proper methods of resolving problems that arise with anesthesia equipment. The courses must provide a balance between the engineering concepts used in anesthesia instruments and the clinical application of anesthesia instruments.

6. Clinically based conferences in which techniques of anesthetic management, quality assurance issues, and current professional literature are reviewed from the perspective of practice improvement.

7. Clinical experience consisting of at least two thousand hours of direct patient contact, presented as a continuum of courses throughout the entirety of the program, beginning with a gradual introduction of the techniques for the anesthetic management of patients and culminating in the assimilation of the graduate of the program into the work force. Areas of instruction must include the following:

(8) Basic life support that qualifies the individual to administer cardiopulmonary resuscitation to patients in need. The course must include the instruction necessary to be certified in basic life support by the American red cross or the American heart association.

(9) Advanced cardiac life support that qualifies the individual to participate in the pharmacologic intervention and management resuscitation efforts for a patient in full cardiac arrest. The course must include the instruction necessary to be certified in advanced cardiac life support by the American red cross or the American heart association.

Sec. 4760.032. In addition to any other eligibility requirement set forth in this chapter, each applicant for a certificate license to practice as an anesthesiologist assistant shall comply with sections 4776.01 to 4776.04 of the Revised Code. The state medical board shall not grant to an applicant a certificate license to practice as an anesthesiologist assistant unless the board, in its discretion, decides that the results of the criminal records check do not make the applicant ineligible for a certificate license issued pursuant to section 4760.04 of the Revised Code.

Sec. 4760.04. If the state medical board determines under section 4760.03 of the Revised Code that an applicant meets the requirements for a certificate license to practice as an anesthesiologist assistant, the secretary of the board shall register the applicant as an anesthesiologist assistant and issue to the applicant a certificate license to practice as an anesthesiologist assistant. The certificate license shall be valid for a two-year period unless revoked or suspended, shall expire biennially on the date that is two years after the date of issuance, and may be renewed for additional two-year periods in accordance with section 4760.06 of the Revised Code.

Sec. 4760.05. On application by the holder of a certificate license to
practice as an anesthesiologist assistant, the state medical board shall issue a duplicate certificate license to replace one that is missing or damaged, to reflect a name change, or for any other reasonable cause. The fee for a duplicate certificate license is thirty-five dollars.

Sec. 4760.06. (A) A person seeking to renew a certificate license to practice as an anesthesiologist assistant shall, on or before the thirty-first day of January of each even-numbered year license's expiration date, apply to the state medical board for renewal of the certificate license. The state medical board shall provide renewal notices to license holders at least one month prior to the expiration date.

Applications shall be submitted to the board in a manner prescribed by the board. Each application shall be accompanied by a biennial renewal fee of one hundred dollars.

The applicant shall report any criminal offense that constitutes grounds for refusing to issue a certificate license to practice under section 4760.13 of the Revised Code to which the applicant has pleaded guilty, of which the applicant has been found guilty, or for which the applicant has been found eligible for intervention in lieu of conviction, since last signing an application for a certificate license to practice as an anesthesiologist assistant.

(B) To be eligible for renewal, an anesthesiologist assistant must certify to the board that the assistant has maintained certification by the national commission for the certification of anesthesiologist assistants.

(C) If an applicant submits a complete renewal application and qualifies for renewal pursuant to division (B) of this section, the board shall renew the certificate license to practice as an anesthesiologist assistant.

(D) A certificate license to practice that is not renewed on or before its expiration date is automatically suspended on its expiration date. If a certificate license has been suspended pursuant to this division for two years or less, the board shall reinstate the certificate license upon an applicant's submission of a renewal application, the biennial renewal fee, and the applicable monetary penalty. The penalty for reinstatement is twenty-five dollars.

If a certificate license has been suspended pursuant to this division for more than two years, it may be restored. Subject to section 4760.061 of the Revised Code, the board may restore the license upon an applicant's submission of a restoration application, the biennial renewal fee, and the applicable monetary penalty and compliance with sections 4776.01 to 4776.04 of the Revised Code. The board shall not restore a certificate to practice license unless the board, in its discretion, decides that the results of
the criminal records check do not make the applicant ineligible for a certificate issued pursuant to section 4760.04 of the Revised Code. The penalty for restoration is fifty dollars.

Sec. 4760.061. (A) This section applies to both of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been practicing as an anesthesiologist assistant as either of the following:

(a) An active practitioner;

(b) A participant in a training program as described in section 4760.031 of the Revised Code.

(B) Before issuing a license to an applicant subject to this section or restoring a license to good standing for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension or inactivity. The board shall not issue or restore a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4760.13. (A) The state medical board, by an affirmative vote of not fewer than six members, may revoke or may refuse to grant a certificate license to practice as an anesthesiologist assistant to a person found by the
board to have committed fraud, misrepresentation, or deception in applying for or securing the certificate license.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's certificate license to practice as an anesthesiologist assistant, refuse to issue a certificate license to an applicant, refuse to renew a certificate license, refuse to reinstate a certificate license, or reprimand or place on probation the holder of a certificate license for any of the following reasons:

1. Permitting the holder's name or certificate license to be used by another person;
2. Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
3. Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
4. A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
5. Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
6. Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;
7. Willfully betraying a professional confidence;
8. Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a certificate license to practice as an anesthesiologist assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

9. The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;
10. A plea of guilty to, a judicial finding of guilt of, or a judicial
finding of eligibility for intervention in lieu of conviction for a felony;

(11) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(12) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of anesthesiologist assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a certificate license to practice;

(19) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4760.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to comply with any code of ethics established by the national commission for the certification of anesthesiologist assistants;
(22) Failure to notify the state medical board of the revocation or failure to maintain certification from the national commission for certification of anesthesiologist assistants.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an anesthesiologist assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or certificate license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the certificate license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F) For purposes of this division, any individual who holds a certificate license to practice issued under this chapter, or applies for a certificate license to practice, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, may compel any individual who holds a certificate license to practice issued under this chapter or who has applied for a certificate license to practice pursuant to this chapter to submit to a mental
or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an anesthesiologist assistant unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the anesthesiologist assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed certificate license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a certificate license to practice issued under this chapter or any applicant for a certificate license to practice suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board. Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual’s control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's certificate license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed certificate license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a certificate license suspended under this division, the anesthesiologist assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed
any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a certificate license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired anesthesiologist assistant resumes practice, the board shall require continued monitoring of the anesthesiologist assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the anesthesiologist assistant has maintained sobriety.

(G) If the secretary and supervising member determine that there is clear and convincing evidence that an anesthesiologist assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's certificate license without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a certificate license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the anesthesiologist assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the anesthesiologist assistant requests the hearing, unless otherwise agreed to by both the board and the certificate license holder.
A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the certificate license to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(I) The certificate license to practice of an anesthesiologist assistant and the assistant's practice in this state are automatically suspended as of the date the anesthesiologist assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a certificate license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose certificate license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's certificate license to practice.

(J) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual
subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the anesthesiologist assistant's certificate license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a certificate license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a certificate license to practice as an anesthesiologist assistant to an applicant, revokes an individual's certificate license, refuses to renew an individual's certificate license, or refuses to reinstate an individual's certificate license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a certificate license to practice as an anesthesiologist assistant and the board shall not accept an application for reinstatement of the certificate license or for issuance of a new certificate license.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

1. The surrender of a certificate license to practice issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a certificate license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

2. An application made under this chapter for a certificate license to practice may not be withdrawn without approval of the board.

3. Failure by an individual to renew a certificate license to practice in accordance with section 4760.06 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4760.131. On receipt of a notice pursuant to section 3123.43 of the Revised Code, the state medical board shall comply with sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code with respect to a certificate license to practice as an anesthesiologist assistant issued pursuant to this chapter.
Sec. 4760.132. If the state medical board has reason to believe that any person who has been granted a certificate license to practice as an anesthesiologist assistant under this chapter is mentally ill or mentally incompetent, it may file in the probate court of the county in which the person has a legal residence an affidavit in the form prescribed in section 5122.11 of the Revised Code and signed by the board secretary or a member of the board secretary's staff, whereupon the same proceedings shall be had as provided in Chapter 5122. of the Revised Code. The attorney general may represent the board in any proceeding commenced under this section.

If any person who has been granted a certificate license to practice is adjudged by a probate court to be mentally ill or mentally incompetent, the person's certificate license shall be automatically suspended until the person has filed with the state medical board a certified copy of an adjudication by a probate court of the person's subsequent restoration to competency or has submitted to the board proof, satisfactory to the board, that the person has been discharged as having a restoration to competency in the manner and form provided in section 5122.38 of the Revised Code. The judge of the probate court shall forthwith notify the state medical board of an adjudication of mental illness or mental incompetence, and shall note any suspension of a certificate license in the margin of the court's record of such certificate license.

Sec. 4760.14. (A) The state medical board shall investigate evidence that appears to show that any person has violated this chapter or the rules adopted under it. Any person may report to the board in a signed writing any information the person has that appears to show a violation of any provision of this chapter or the rules adopted under it. In the absence of bad faith, a person who reports such information or testifies before the board in an adjudication conducted under Chapter 119. of the Revised Code shall not be liable for civil damages as a result of reporting the information or providing testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and be recorded by the board.

(B) Investigations of alleged violations of this chapter or rules adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4760.15 of the Revised Code. The board's president may designate another member of the board to supervise the investigation in place of the supervising member. A member of the board who supervises the investigation of a case shall not participate in further adjudication of the case.

(C) In investigating a possible violation of this chapter or the rules
adopted under it, the board may administer oaths, order the taking of
depositions, issue subpoenas, and compel the attendance of witnesses and
production of books, accounts, papers, records, documents, and testimony,
except that a subpoena for patient record information shall not be issued
without consultation with the attorney general's office and approval of the
secretary and supervising member of the board. Before issuance of a
subpoena for patient record information, the secretary and supervising
member shall determine whether there is probable cause to believe that the
complaint filed alleges a violation of this chapter or the rules adopted under
it and that the records sought are relevant to the alleged violation and
material to the investigation. The subpoena may apply only to records that
cover a reasonable period of time surrounding the alleged violation.

On failure to comply with any subpoena issued by the board and after
reasonable notice to the person being subpoenaed, the board may move for
an order compelling the production of persons or records pursuant to the
Rules of Civil Procedure.

A subpoena issued by the board may be served by a sheriff, the sheriff's
deputy, or a board employee designated by the board. Service of a subpoena
issued by the board may be made by delivering a copy of the subpoena to
the person named therein, reading it to the person, or leaving it at the
person's usual place of residence. When the person being served is an
anesthesiologist assistant, service of the subpoena may be made by certified
mail, restricted delivery, return receipt requested, and the subpoena shall be
deemed served on the date delivery is made or the date the person refuses to
accept delivery.

A sheriff's deputy who serves a subpoena shall receive the same fees as
a sheriff. Each witness who appears before the board in obedience to a
subpoena shall receive the fees and mileage provided for under section
119.094 of the Revised Code.

(D) All hearings and investigations of the board shall be considered civil
actions for the purposes of section 2305.252 of the Revised Code.

(E) Information received by the board pursuant to an investigation is
confidential and not subject to discovery in any civil action.

The board shall conduct all investigations and proceedings in a manner
that protects the confidentiality of patients and persons who file complaints
with the board. The board shall not make public the names or any other
identifying information about patients or complainants unless proper
consent is given.

The board may share any information it receives pursuant to an
investigation, including patient records and patient record information, with
law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(F) The state medical board shall develop requirements for and provide appropriate initial training and continuing education for investigators employed by the board to carry out its duties under this chapter. The training and continuing education may include enrollment in courses operated or approved by the Ohio peace officer training commission that the board considers appropriate under conditions set forth in section 109.79 of the Revised Code.

(G) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

1. The case number assigned to the complaint or alleged violation;
2. The type of certificate license to practice, if any, held by the individual against whom the complaint is directed;
3. A description of the allegations contained in the complaint;
4. The disposition of the case.

The report shall state how many cases are still pending, and shall be prepared in a manner that protects the identity of each person involved in each case. The report is a public record for purposes of section 149.43 of the Revised Code.

Sec. 4760.15. (A) As used in this section, "prosecutor" has the same meaning as in section 2935.01 of the Revised Code.

(B) Whenever any person holding a valid certificate license issued pursuant to this chapter pleads guilty to, is subject to a judicial finding of
guilt of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction for a violation of Chapter 2907., 2925., or 3719. of the Revised Code or of any substantively comparable ordinance of a municipal corporation in connection with the person's practice, the prosecutor in the case, on forms prescribed and provided by the state medical board, shall promptly notify the board of the conviction. Within thirty days of receipt of that information, the board shall initiate action in accordance with Chapter 119. of the Revised Code to determine whether to suspend or revoke the certificate license under section 4760.13 of the Revised Code.

(C) The prosecutor in any case against any person holding a valid certificate license to practice issued pursuant to this chapter, on forms prescribed and provided by the state medical board, shall notify the board of any of the following:

The report shall include the name and address of the certificate license holder, the nature of the offense for which the action was taken, and the certified court documents recording the action.

Sec. 4760.16. (A) Within sixty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by an a health insuring corporation, ambulatory surgical facility, or similar facility, against any individual holding a valid certificate license to practice as an anesthesiologist assistant, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. On request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the
summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against an anesthesiologist assistant.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B)(1) Except as provided in division (B)(2) of this section, an anesthesiologist assistant, professional association or society of anesthesiologist assistants, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report to the board the information on which the belief is based.

If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

(C) Any professional association or society composed primarily of anesthesiologist assistants that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against an anesthesiologist assistant.

(D) Any insurer providing professional liability insurance to any person holding a valid certificate license to practice as an anesthesiologist assistant or any other entity that seeks to indemnify the professional liability of an
anesthesiologist assistant shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

(1) The name and address of the person submitting the notification;
(2) The name and address of the insured who is the subject of the claim;
(3) The name of the person filing the written claim;

(5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the anesthesiologist assistant.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving an anesthesiologist assistant, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against an anesthesiologist assistant or supervising physician, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing an anesthesiologist assistant or supervising physician or reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the anesthesiologist assistant. The anesthesiologist assistant shall have the right to file a statement with the
board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that reports to the board, reports to the monitoring organization described in section 4731.251 of the Revised Code, or refers an impaired anesthesiologist assistant to a treatment provider approved by the board under section 4731.25 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

Sec. 4760.18. Prior to application for an injunction, the secretary of the state medical board shall notify the person allegedly engaged either directly or by complicity in the unlawful practice by registered mail that the secretary has received information indicating that this person is so engaged. The person shall answer the secretary within thirty days showing that the person is either properly licensed for the stated activity or that the person is not in violation of this chapter. (A) The state medical board shall issue a license to any applicant who complies with the requirements of section 4761.04 of the Revised Code, files the prescribed application form, and pays the fee or fees required under section 4761.07 of the Revised Code. The license entitles the holder to practice respiratory care.

The board shall maintain a register of all persons holding limited permits under this chapter. The limited permit authorizes the holder to provide respiratory care under the supervision of a respiratory care professional. A person issued a limited permit under division (B)(1)(a) of this section may practice respiratory care under the limited permit for not more than three years after the date the limited permit is issued, except that the limited permit shall cease to be valid one year following the date of receipt of a certificate of completion from a board-approved respiratory care education program or immediately if the holder discontinues participation in the educational program.

Subject to section 4762.061 of the Revised Code, the board may restore the license upon an applicant's submission of a restoration application, the biennial renewal fee, and the applicable monetary penalty and compliance with sections 4776.01 to 4776.04 of the Revised Code. The board shall not restore a certificate to practice license unless the board, in its discretion, decides that the results of the criminal records check do not make the applicant ineligible for a certificate issued pursuant to section 4762.04 of the Revised Code. The penalty for restoration is fifty dollars.

Sec. 4762.061. (A) This section applies to both of the following:

1. An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

4. Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;
(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension or inactivity. The board shall not issue or restore a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4762.08. Ac. (NCCAOM),” or "National Board Certified in Acupuncture (NCCAOM).” The person shall not use other titles, initials, or abbreviations in conjunction with the person's practice of acupuncture, including the title "doctor."

Sec. 4762.09. An individual who holds a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist issued under this chapter shall conspicuously display at the individual's primary place of business both of the following:

(A) The individual's certificate license, as evidence that the individual is authorized to practice in this state;

(B) A notice specifying that the practice of oriental medicine or acupuncture, as applicable, under the certificate license is regulated by the
state medical board and the address and telephone number of the board's office.

Sec. 4762.10. The following, as applicable, apply to an individual who holds a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist:

(A) On receipt of an initial certificate license to practice, the practice of the oriental medicine practitioner or acupuncturist is subject to a supervisory period. The supervisory period shall begin on the date the initial certificate license is granted and end one year thereafter, except that if the oriental medicine practitioner or acupuncturist is subject during that year to disciplinary action taken by the state medical board pursuant to section 4762.13 of the Revised Code, the supervision shall continue until the practitioner or acupuncturist has not been subject to any disciplinary action for one year.

(B) During the supervisory period, both of the following apply to an oriental medicine practitioner's or acupuncturist's practice in addition to the applicable requirements of divisions (D) and (E) of this section:

1. An oriental medicine practitioner shall perform oriental medicine or acupuncture for a patient only if the patient has received a written referral or prescription for oriental medicine or acupuncture from a physician or for acupuncture from a chiropractor. An acupuncturist shall perform acupuncture for a patient only if the patient has received a written referral or prescription for acupuncture from a physician or chiropractor. As specified in the referral or prescription, the oriental medicine practitioner or acupuncturist shall provide reports to the physician or chiropractor on the patient's condition or progress in treatment and comply with the conditions or restrictions on the practitioner's or acupuncturist's course of treatment.

2. The oriental medicine practitioner or acupuncturist shall perform oriental medicine or acupuncture under the general supervision of the patient's referring or prescribing physician or chiropractor, except that an oriental medicine practitioner using herbal therapy in the treatment of a patient shall not provide herbal therapy under the general supervision of a chiropractor. General supervision does not require that the oriental medicine practitioner or acupuncturist and supervising physician or chiropractor practice in the same office.

(C) After the supervisory period has ended, both of the following apply to an oriental medicine practitioner's or acupuncturist's practice in addition to the applicable requirements of divisions (D) and (E) of this section:

1. Before treating a patient for a particular condition, an oriental medicine practitioner or acupuncturist shall confirm whether the patient has
undergone within the past six months a diagnostic examination that was related to the condition for which the patient is seeking oriental medicine or acupuncture and was performed by a physician or chiropractor acting within the physician's or chiropractor's scope of practice. Confirmation that the diagnostic examination was performed may be made by obtaining from the patient a signed form stating that the patient has undergone the examination.

(2) If the patient does not provide the signed form specified in division (C)(1) of this section or an oriental medicine practitioner or acupuncturist otherwise determines that the patient has not undergone the diagnostic examination specified in that division, the practitioner or acupuncturist shall provide to the patient a written recommendation to undergo a diagnostic examination by a physician or chiropractor.

(D) In an individual's practice of oriental medicine or acupuncture pursuant to a certificate of license to practice issued under this chapter, all of the following apply:

(1) Prior to treating a patient, the individual shall advise the patient that oriental medicine or acupuncture, as applicable, is not a substitute for conventional medical diagnosis and treatment.

(2) On initially meeting a patient in person, the individual shall provide in writing the individual's name, business address, and business telephone number, and information on oriental medicine or acupuncture, as applicable, including the techniques that are used.

(3) While treating a patient, the individual shall not make a diagnosis. If a patient's condition is not improving or a patient requires emergency medical treatment, the individual shall consult promptly with a physician.

(4) The individual shall maintain records for each patient treated. The records shall be confidential and shall be retained for not less than three years following termination of treatment. The individual shall include in a patient's records the written referral or prescription pursuant to which the patient is treated during a supervisory period and any written referral or prescription for oriental medicine or acupuncture received for a patient being treated after the supervisory period.

(E) In an individual's practice of oriental medicine by using herbal therapy in the treatment of a patient, all of the following apply:

(1) The oriental medicine practitioner shall provide to the patient counseling and treatment instructions. The treatment instructions shall do all of the following:

(a) Explain the need for herbal therapy;
(b) Instruct the patient how to take the herbal therapy;
(c) Explain possible contraindications to the herbal therapy and provide
sources of care in case of an adverse reaction;

(d) Instruct the patient to inform the patient's other health care providers, including the patient's pharmacist, of the herbal therapy that has been provided to the patient.

(2) The oriental medicine practitioner shall document all of the following in the patient's record:

(a) The type, amount, and strength of herbal therapy recommended for the patient's use;

(b) The counseling and treatment instructions provided to the patient under division (E)(1) of this section;

(c) Any adverse reaction reported by the patient in conjunction with the use of herbal therapy.

(3) The oriental medicine practitioner shall report to the state medical board any adverse reactions reported by the patient under division (E)(2)(c) of this section.

Sec. 4762.13. (A) The state medical board, by an affirmative vote of not fewer than six members, may revoke or may refuse to grant a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist to a person found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the certificate license.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's certificate license to practice, refuse to issue a certificate license to an applicant, refuse to renew a certificate license, refuse to reinstate a certificate license, or reprimand or place on probation the holder of a certificate license for any of the following reasons:

(1) Permitting the holder's name or certificate license to be used by another person;

(2) Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;

(3) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;

(4) A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;

(5) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including physical
deterioration that adversely affects cognitive, motor, or perceptive skills;

(6) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;

(7) Willfully betraying a professional confidence;

(8) Making a false, fraudulent, deceptive, or misleading statement in soliciting or advertising for patients or in securing or attempting to secure a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(9) Representing, with the purpose of obtaining compensation or other advantage personally or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(10) The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(12) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(14) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(15) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(17) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any
drug, including trafficking in drugs;

(18) Any of the following actions taken by the state agency responsible for regulating the practice of oriental medicine or acupuncture in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(19) Violation of the conditions placed by the board on a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist;

(20) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(21) Failure to cooperate in an investigation conducted by the board under section 4762.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(22) Failure to comply with the standards of the national certification commission for acupuncture and oriental medicine regarding professional ethics, commitment to patients, commitment to the profession, and commitment to the public;

(23) Failure to have adequate professional liability insurance coverage in accordance with section 4762.22 of the Revised Code;

(24) Failure to maintain a current and active designation as a diplomate in oriental medicine, diplomate of acupuncture and Chinese herbology, or diplomate in acupuncture, as applicable, from the national certification commission for acupuncture and oriental medicine, including revocation by the commission of the individual's designation, failure by the individual to meet the commission's requirements for redesignation, or failure to notify the board that the appropriate designation has not been maintained.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an oriental medicine practitioner or acupuncturist or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by
an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(12), (15), and (16) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or certificate license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the certificate license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under the provisions of this section or upon the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing or entered into a consent agreement prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F) For purposes of this division, any individual who holds a certificate license to practice issued under this chapter, or applies for a certificate license to practice, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, upon a showing of a possible violation, may compel any individual who holds a certificate license to practice issued under this chapter or who has applied for a certificate license pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony
or presentation of evidence. If the board finds an oriental medicine practitioner or acupuncturist unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed certificate license to practice. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a certificate license to practice issued under this chapter or any applicant for a certificate license suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's certificate license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed certificate license, to submit to treatment.

Before being eligible to apply for reinstatement of a certificate license suspended under this division, the oriental medicine practitioner or acupuncturist shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The
reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a certificate license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired individual resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the individual has maintained sobriety.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's certificate license to practice without a prior hearing:

(1) That there is clear and convincing evidence that an oriental medicine practitioner or acupuncturist has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a certificate license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the oriental medicine practitioner or acupuncturist requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the hearing is requested, unless otherwise agreed to by both the board and the certificate license holder.

A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within
sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(11), (13), or (14) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition and supporting court documents, the board shall reinstate the certificate to practice license. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(I) The certificate license to practice of an oriental medicine practitioner or acupuncturist and the practitioner's or acupuncturist's practice in this state are automatically suspended as of the date the practitioner or acupuncturist pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a certificate license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose certificate license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's certificate to practice license.

(J) In any instance in which the board is required by Chapter 119. of the Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B)
of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the certificate to practice license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a certificate license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a certificate to practice license to an applicant, revokes an individual's certificate license, refuses to renew an individual's certificate license, or refuses to reinstate an individual's certificate license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist and the board shall not accept an application for reinstatement of the certificate license or for issuance of a new certificate license.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a certificate license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application made under this chapter for a certificate license may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a certificate license in accordance with section 4762.06 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4762.131. On receipt of a notice pursuant to section 3123.43 of the Revised Code, the state medical board shall comply with sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code with respect to a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist issued pursuant to this chapter.

Sec. 4762.132. If the state medical board has reason to believe that any person who has been granted under this chapter a certificate license to practice as an oriental medicine practitioner or certificate license to practice as an acupuncturist is mentally ill or mentally incompetent, it may file in the
probate court of the county in which the person has a legal residence an affidavit in the form prescribed in section 5122.11 of the Revised Code and signed by the board secretary or a member of the board secretary's staff, whereupon the same proceedings shall be had as provided in Chapter 5122. of the Revised Code. The attorney general may represent the board in any proceeding commenced under this section.

If any person who has been granted a certificate license is adjudged by a probate court to be mentally ill or mentally incompetent, the person's certificate license shall be automatically suspended until the person has filed with the state medical board a certified copy of an adjudication by a probate court of the person's subsequent restoration to competency or has submitted to the board proof, satisfactory to the board, that the person has been discharged as having a restoration to competency in the manner and form provided in section 5122.38 of the Revised Code. The judge of the probate court shall forthwith notify the state medical board of an adjudication of mental illness or mental incompetence, and shall note any suspension of a certificate license in the margin of the court's record of such certificate license.

Sec. 4762.14. (A) The state medical board shall investigate evidence that appears to show that any person has violated this chapter or the rules adopted under it. Any person may report to the board in a signed writing any information the person has that appears to show a violation of any provision of this chapter or the rules adopted under it. In the absence of bad faith, a person who reports such information or testifies before the board in an adjudication conducted under Chapter 119. of the Revised Code shall not be liable for civil damages as a result of reporting the information or providing testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and be recorded by the board.

(B) Investigations of alleged violations of this chapter or rules adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4762.17 of the Revised Code. The board's president may designate another member of the board to supervise the investigation in place of the supervising member. A member of the board who supervises the investigation of a case shall not participate in further adjudication of the case.

(C) In investigating a possible violation of this chapter or the rules adopted under it, the board may administer oaths, order the taking of depositions, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony,
except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board. Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or the rules adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence. When the person being served is an oriental medicine practitioner or acupuncturist, service of the subpoena may be made by certified mail, restricted delivery, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery.

A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(D) All hearings and investigations of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(E) Information received by the board pursuant to an investigation is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given.

The board may share any information it receives pursuant to an investigation, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that
receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(F) The state medical board shall develop requirements for and provide appropriate initial training and continuing education for investigators employed by the board to carry out its duties under this chapter. The training and continuing education may include enrollment in courses operated or approved by the Ohio peace officer training commission that the board considers appropriate under conditions set forth in section 109.79 of the Revised Code.

(G) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

1. The case number assigned to the complaint or alleged violation;
2. The type of certificate to practice license, if any, held by the individual against whom the complaint is directed;
3. A description of the allegations contained in the complaint;
4. The disposition of the case.

The report shall state how many cases are still pending, and shall be prepared in a manner that protects the identity of each person involved in each case. The report is a public record for purposes of section 149.43 of the Revised Code.

Sec. 4762.15. (A) As used in this section, "prosecutor" has the same meaning as in section 2935.01 of the Revised Code.

(B) Whenever any person holding a valid certificate to practice as an oriental medicine practitioner or valid certificate to practice as an acupuncturist issued pursuant to this chapter pleads guilty to, is subject to a judicial finding of guilt of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction for a violation of Chapter 2907., 2925.,
or 3719. of the Revised Code or of any substantively comparable ordinance of a municipal corporation in connection with the person's practice, the prosecutor in the case, on forms prescribed and provided by the state medical board, shall promptly notify the board of the conviction. Within thirty days of receipt of that information, the board shall initiate action in accordance with Chapter 119. of the Revised Code to determine whether to suspend or revoke the certificate of license under section 4762.13 of the Revised Code.

(C) The prosecutor in any case against any person holding a valid certificate of practice issued pursuant to this chapter, on forms prescribed and provided by the state medical board, shall notify the board of any of the following:

1. A plea of guilty to, a finding of guilt by a jury or court of, or judicial finding of eligibility for intervention in lieu of conviction for a felony, or a case in which the trial court issues an order of dismissal upon technical or procedural grounds of a felony charge;

2. A plea of guilty to, a finding of guilt by a jury or court of, or judicial finding of eligibility for intervention in lieu of conviction for a misdemeanor committed in the course of practice, or a case in which the trial court issues an order of dismissal upon technical or procedural grounds of a charge of a misdemeanor, if the alleged act was committed in the course of practice;

3. A plea of guilty to, a finding of guilt by a jury or court of, or judicial finding of eligibility for intervention in lieu of conviction for a misdemeanor involving moral turpitude, or a case in which the trial court issues an order of dismissal upon technical or procedural grounds of a charge of a misdemeanor involving moral turpitude.

The report shall include the name and address of the certificate license holder, the nature of the offense for which the action was taken, and the certified court documents recording the action.

Sec. 4762.16. (A) Within sixty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical center, or similar facility, against any individual holding a valid certificate of practice as an oriental medicine practitioner or valid certificate of practice as an acupuncturist, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. Upon request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be...
approved by the peer review committee that reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against an oriental medicine practitioner or acupuncturist.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B)(1) Except as provided in division (B)(2) of this section, an oriental medicine practitioner or acupuncturist, professional association or society of oriental medicine practitioners or acupuncturists, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report to the board the information upon which the belief is based.

(2) An oriental medicine practitioner or acupuncturist, professional association or society of oriental medicine practitioners or acupuncturists, physician, or professional association or society of physicians that believes a violation of division (B)(6) of section 4762.13 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the program established by the board under section 4731.251 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

(C) Any professional association or society composed primarily of oriental medicine practitioners or acupuncturists that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against an individual.

(D) Any insurer providing professional liability insurance to any person holding a valid certificate license to practice as an oriental medicine practitioner or acupuncturist, professional association or society of oriental medicine practitioners or acupuncturists, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report the information upon which the belief is based to the monitoring organization conducting the program established by the board under section 4731.251 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.
practitioner or valid certificate license to practice as an acupuncturist or any other entity that seeks to indemnify the professional liability of an oriental medicine practitioner or acupuncturist shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

1. The name and address of the person submitting the notification;
2. The name and address of the insured who is the subject of the claim;
3. The name of the person filing the written claim;
4. The date of final disposition;
5. If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the oriental medicine practitioner or acupuncturist.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving an oriental medicine practitioner, acupuncturist, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against an oriental medicine practitioner, acupuncturist, or supervising physician, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing an oriental medicine practitioner, acupuncturist, or supervising physician or reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of
this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the acupuncturist. The oriental medicine practitioner or acupuncturist shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that reports to the board, reports to the monitoring organization described in section 4731.251 of the Revised Code, or refers an impaired oriental medicine practitioner or impaired acupuncturist to a treatment provider approved by the board under section 4731.25 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(I) In the absence of fraud or bad faith, a professional association or society of oriental medicine practitioners or acupuncturists that sponsors a committee or program to provide peer assistance to an oriental medicine practitioner or acupuncturist with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section 4731.251 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer an oriental medicine practitioner or acupuncturist to a treatment provider approved under section 4731.25 of the Revised Code for examination or treatment.

Sec. 4762.18. (A) Subject to division (E) of this section, the attorney general, the prosecuting attorney of any county in which the offense was committed or the offender resides, the state medical board, or any other person having knowledge of a person engaged either directly or by complicity in the practice of oriental medicine or acupuncture without having first obtained a certificate license to do so pursuant to this chapter, may, in accord with provisions of the Revised Code governing injunctions, maintain an action in the name of the state to enjoin any person from engaging either directly or by complicity in the unlawful practice of oriental medicine or acupuncture by applying for an injunction in any court of competent jurisdiction.

(B) Prior to application for an injunction under division (A) of this section, the secretary of the state medical board shall notify the person allegedly engaged either directly or by complicity in the unlawful practice of oriental medicine or acupuncture by registered mail that the secretary has received information indicating that this person is so engaged. The person shall answer the secretary within thirty days showing that the person is either properly licensed for the stated activity or that the person is not in
violation of this chapter. If the answer is not forthcoming within thirty days after notice by the secretary, the secretary shall request that the attorney general, the prosecuting attorney of the county in which the offense was committed or the offender resides, or the state medical board proceed as authorized in this section.

(C) Upon the filing of a verified petition in court, the court shall conduct a hearing on the petition and shall give the same preference to this proceeding as is given all proceedings under Chapter 119. of the Revised Code, irrespective of the position of the proceeding on the calendar of the court.

(D) Injunction proceedings as authorized by this section shall be in addition to, and not in lieu of, all penalties and other remedies provided in this chapter.

(E) An injunction proceeding permitted by division (A) of this section may not be maintained against a person described in division (B) of section 4762.02 of the Revised Code or a chiropractor who holds a valid certificate to practice acupuncture issued under section 4734.283 of the Revised Code.

Sec. 4762.22. An individual who holds a certificate to practice as an oriental medicine practitioner or certificate to practice as an acupuncturist issued under this chapter shall have professional liability insurance coverage in an amount that is not less than five hundred thousand dollars.

Sec. 4763.16. (A) The real estate appraiser recovery fund is hereby created in the state treasury, to be administered by the superintendent of real estate. The treasurer of state shall credit to the fund amounts collected by the superintendent as prescribed in this section and interest earned on the assets of the fund. The superintendent shall ascertain the balance of the fund as of the first day of October of each year. If that balance is less than five hundred thousand dollars at any time, the director of budget and management, upon the request of the superintendent and approval of the controlling board, may transfer from the real estate appraiser operating fund to the real estate appraiser recovery fund a sum as will bring the real estate appraiser recovery fund to that amount.

(B) When any person obtains a final judgment in any court of competent jurisdiction against a certificate holder, registrant, or licensee, based upon conduct that is in violation of this chapter or the rules adopted under it, which conduct occurred on or after the date of their certification, registration, or licensure, and that is associated with an act or transaction of a certificate holder, registrant, or licensee specified in this chapter, that person may file a verified complaint, as described in this division, in the
Franklin county court of common pleas for an order directing payment out of the real estate appraiser recovery fund of the portion of the judgment that remains unpaid and that represents the actual and direct loss of the person for the act or transaction upon which the underlying judgment was based, and court costs, if awarded in the underlying judgment, provided that no person shall receive more than ten thousand dollars from the fund for any one judgment. A bonding or insurance company or any partnership, corporation, or association that uses any tool to develop a valuation of real property for purposes of a loan or that employs, retains, or engages as an independent contractor a person licensed, registered, or certified as a real estate appraiser in its usual or occasional operations may not seek an order directing, and is not eligible for, payment out of the fund. Punitive or exemplary damages are not recoverable from the fund.

The complaint shall specify the nature of the act or transaction upon which the underlying judgment was based, the activities of the applicant in pursuit of remedies available under law for the collection of judgments, and the amount of the fee paid by the applicant to the certificate holder, registrant, or licensee. The applicant shall attach to the complaint a copy of each pleading and order in the underlying court action.

The Franklin county court of common pleas shall order the superintendent to make payments out of the fund when the person seeking the order has shown all of the following:

(1) The person has obtained a judgment, as provided in this division;

(2) All appeals from the judgment have been exhausted and the person has given notice to the superintendent, as required by division (C) of this section;

(3) The person is not a spouse of the certificate holder, registrant, or licensee, or the personal representative of the spouse;

(4) The person has diligently pursued the person's remedies against all the certificate holders, registrants, licensees, and all other persons liable to the person in the transaction for which the person seeks recovery from the fund;

(5) The person is making a complaint not more than one year after termination of all proceedings, including appeals, in connection with the judgment.

(C) A person who applies to the Franklin county court of common pleas for an order directing payment out of the fund shall file notice of the complaint with the superintendent. The superintendent shall send notice to the affected certificate holder, registrant, or licensee, where possible. The superintendent may defend the action on behalf of the fund and shall have
recourse to all appropriate means of defense and review, including examination of witnesses. The superintendent may move the court at any time to dismiss the complaint when it appears there are no triable issues and the complaint is without merit. The motion may be supported by affidavit of any person having knowledge of the facts and may be made on the basis that the complaint, including the judgment referred to in the complaint, does not form the basis for a meritorious recovery claim. The superintendent may, subject to court approval, compromise a claim based upon the complaint of an aggrieved party. The superintendent is not bound by any prior compromise or stipulation of the certificate holder, registrant, or licensee. Upon petition of the superintendent, the court may require all claimants and prospective claimants against one certificate holder, registrant, or licensee to be joined in one action, to the end that the respective rights of all such claimants to the fund may be equitably adjudicated and settled.

(D) If the superintendent pays from the fund any amount in settlement of a claim or toward satisfaction of a judgment against a certificate holder, registrant, or licensee, the certificate, registration, or license of the certificate holder, registrant, or licensee automatically is suspended upon the date of payment from the fund. No certificate, registration, or license that has been suspended pursuant to this division shall be reinstated until the certificate holder, registrant, or licensee has repaid in full, plus interest per annum at the rate specified in division (A) of section 1343.03 of the Revised Code, the amount paid from the fund on the certificate holder's, registrant's, or licensee's account. A discharge in bankruptcy does not relieve a person from the suspension and requirements for reinstatement provided in this section.

(E) If, at any time, the money deposited in the fund is insufficient to satisfy any duly authorized claim or portion of a claim, the superintendent shall, when sufficient money has been deposited in the fund, satisfy the unpaid claims or portions, in the order that the claims or portions were originally filed, plus accumulated interest per annum at the rate specified in division (A) of section 1343.03 of the Revised Code.

(F) When, upon the order of the court, the superintendent has paid from the fund any sum to the judgment creditor, the superintendent is subrogated to all of the rights of the judgment creditor to the extent of the amount so paid, and the judgment creditor shall assign all of the judgment creditor's right, title, and interest in the judgment to the superintendent to the extent of the amount so paid. The superintendent shall deposit in the fund any amount and interest so recovered by the superintendent on the judgment.

(G) Nothing contained in this section shall limit the authority of the real
estate appraiser board to take disciplinary action against a certificate holder, registrant, or licensee under other provisions of this chapter. The repayment in full of all obligations to the fund by a certificate holder, registrant, or licensee does not nullify or modify the effect of any other disciplinary proceeding brought pursuant to this chapter, unless repayment is imposed as a condition in that proceeding.

(H) The superintendent shall collect from the fund a service fee in an amount equivalent to the interest rate specified in division (A) of section 1343.03 of the Revised Code multiplied by the annual interest earned on the assets of the fund, to defray the expenses incurred in the administration of the fund.

Sec. 4766.17. An air medical service organization licensed under this chapter that uses a rotorcraft or fixed wing air ambulance shall do both of the following:

(A) Use at a minimum a physician who holds a current, valid license issued under Chapter 4731. of the Revised Code or registered nurse who holds a current, valid license issued under Chapter 4723. of the Revised Code, and a paramedic or one other person, designated by the medical director of the air medical service organization, who holds a current, valid certificate or license to practice a health care profession in this state;

(B) Employ as a medical director an individual who holds a current, valid certificate issued under Chapter 4731. of the Revised Code authorizing the practice of medicine and surgery or osteopathic medicine and surgery.

Sec. 4768.09. (A) Except within the first thirty days after an appraiser is first added to the appraiser panel of an appraisal management company, an appraisal management company shall not remove the appraiser from its appraiser panel or otherwise refuse to assign requests for real estate appraisal services to the appraiser without first doing both of the following:

(1) Notifying the appraiser in writing of the reasons the appraiser is being removed from the appraiser panel or is refused assignment requests for appraisal services;

(2) Providing the appraiser with an opportunity to respond to that notification, in writing, within ten business days after the appraisal management company sends the removal notification.

(B) The notice described in division (A)(1) of this section shall be sent by a delivery system that delivers letters, packages, and other materials in its ordinary course of business with traceable delivery and signature receipt. An appraisal management company that sends such notice shall keep a copy of the notice for at least five years from the date the notice is sent to the
appraiser.

(C) Nothing in this section prohibits an appraisal management company from suspending an appraiser from receiving assignment requests during the period described in division (A)(2) of this section.

(I) Standards for performing computed tomography procedures;

(J) Any other rules necessary for the implementation or administration of this chapter.

Sec. 4774.02. (A)(1) Except as provided in division (B) of this section,
no person shall practice as a radiologist assistant unless the person holds a 
current, valid certificate license to practice as a radiologist assistant issued 
under this chapter.

(2) No person shall use the title "radiologist assistant" or otherwise hold 
the person out as a radiologist assistant, unless the person holds a current, 
v valid certificate license to practice as a radiologist assistant issued under this 
chapter.

(B) Division (A)(1) of this section does not apply to either of the 
following:

(1) A student participating in an advanced academic program that must 
be completed to receive a certificate license to practice as a radiologist 
assistant, as those programs are described in division (B)(3) of section 
4774.03 of the Revised Code;

(2) A person who is otherwise authorized to perform any of the 
activities that a radiologist assistant is authorized to perform, either pursuant 
to another provision of the Revised Code or pursuant to the rules adopted by 
the state medical board under section 4731.053 of the Revised Code 
governing physician delegation of medical tasks.

Sec. 4774.03. (A) An individual seeking a certificate license to practice 
as a radiologist assistant shall file with the state medical board a written 
application on a form prescribed and supplied by the board. The application 
shall include all the information the board considers necessary to process the 
application, including evidence satisfactory to the board that the applicant 
meets the requirements specified in division (B) of this section.

At the time an application is submitted, the applicant shall pay the board 
the application fee specified by the board in rules adopted under section 
4774.11 of the Revised Code. No part of the fee shall be returned.

(B) To be eligible to receive a certificate license to practice as a 
radiologist assistant, an applicant shall meet all of the following 
requirements:

(1) Be at least eighteen years of age and of good moral character;

(2) Hold a current, valid license as a radiographer under Chapter 4773. 
of the Revised Code;

(3) Have attained a baccalaureate degree or postbaccalaureate certificate 
from an advanced academic program encompassing a nationally recognized 
radiologist assistant curriculum that includes a radiologist-directed clinical 
preceptorship;

(4) Hold current certification as a registered radiologist assistant from 
the American registry of radiologic technologists and have attained the 
certification by meeting the standard certification requirements established
by the registry, including the registry's requirements for documenting clinical education in the form of a clinical portfolio and passing an examination to determine competence to practice;

(5) Hold current certification in advanced cardiac life support.

(C) The board shall review all applications received under this section. Not later than sixty days after receiving an application the board considers to be complete, the board shall determine whether the applicant meets the requirements to receive a certificate license to practice as a radiologist assistant. The affirmative vote of not fewer than six members of the board is required to determine that the applicant meets the requirements for a certificate to practice as a radiologist assistant.

Sec. 4774.031. In addition to any other eligibility requirement set forth in this chapter, each applicant for a certificate license to practice as a radiologist assistant shall comply with sections 4776.01 to 4776.04 of the Revised Code. The state medical board shall not grant to an applicant a certificate license to practice as a radiologist assistant unless the board, in its discretion, decides that the results of the criminal records check do not make the applicant ineligible for a certificate license issued pursuant to section 4774.04 of the Revised Code.

Sec. 4774.04. If the state medical board determines under section 4774.03 of the Revised Code that an applicant meets the requirements for a certificate license to practice as a radiologist assistant, the secretary of the board shall register the applicant as a radiologist assistant and issue to the applicant a certificate license to practice as a radiologist assistant. The certificate license shall be valid for a two-year period unless revoked or suspended, shall expire biennially on the date that is two years after the date of issuance, and may be renewed for additional two-year periods in accordance with section 4774.06 of the Revised Code.

Sec. 4774.05. On application by the holder of a certificate license to practice as a radiologist assistant, the state medical board shall issue a duplicate certificate license to replace one that is missing or damaged, to reflect a name change, or for any other reasonable cause. The fee for a duplicate certificate license is thirty-five dollars.

Sec. 4774.06. (A) An individual seeking to renew a certificate license to practice as a radiologist assistant shall, on or before the thirty-first day of January of each even numbered year license's expiration date, apply to the state medical board for renewal of the certificate. The state medical board shall provide renewal notices to license holders at least one month prior to the expiration date.

Renewal applications shall be submitted to the board in a manner
prescribed by the board. Each application shall be accompanied by a
biennial renewal fee specified by the board in rules adopted under section
4774.11 of the Revised Code.

The applicant shall report any criminal offense that constitutes grounds
for refusing to issue a certificate license under section 4774.13 of the
Revised Code to which the applicant has pleaded guilty, of which the
applicant has been found guilty, or for which the applicant has been found
eligible for intervention in lieu of conviction, since last signing an
application for a certificate license to practice as a radiologist assistant.

(B) To be eligible for renewal, a radiologist assistant shall certify to the
board that the assistant has maintained both of the following:

(1) A license as a radiographer under Chapter 4773. of the Revised
Code;

(2) Certification as a registered radiologist assistant from the American
registry of radiologic technologists by meeting the registry's requirements
for annual registration, including completion of the continuing education
requirements established by the registry.

(C) If an applicant submits a renewal application that the board
considers to be complete and qualifies for renewal pursuant to division (B)
of this section, the board shall issue to the applicant a renewed certificate license to practice as a radiologist assistant.

(D) A certificate to practice license that is not renewed on or before its
expiration date is automatically suspended on its expiration date, subject to
the provisions of section 119.06 of the Revised Code specifying that an
applicant who appropriately files a renewal application is not required to
discontinue practicing merely because the board has failed to act on the
application. If

If a certificate license has been suspended pursuant to this division for
two years or less, the board shall reinstate the certificate license upon an
applicant's submission of a renewal application, the biennial renewal fee,
and the applicable monetary penalty. The penalty for reinstatement is
twenty-five dollars. If

If a certificate license has been suspended pursuant to this division for
more than two years, it may be restored. Subject to section 4774.061 of the
Revised Code, the board may restore the license upon an applicant's
submission of a restoration application, the biennial renewal fee, and the
applicable monetary penalty and compliance with sections 4776.01 to
4776.04 of the Revised Code. The board shall not restore a certificate license unless the board, in its discretion, decides that the results of the
criminal records check do not make the applicant ineligible for a certificate
issued pursuant to section 4774.04 of the Revised Code. The penalty for restoration is fifty dollars.

Sec. 4774.061. (A) This section applies to both of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been practicing as a radiologist assistant as either of the following:

(a) An active practitioner;

(b) A student in an academic program as described in section 4774.03 of the Revised Code.

(B) Before issuing a license to an applicant subject to this section or restoring a license to good standing for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension or inactivity. The board shall not issue or restore a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4774.09. At all times when an individual who is a radiologist assistant is providing direct patient care, the individual shall display in an appropriate manner the title "radiologist assistant" as a means of identifying the individual's authority to practice under this chapter.
In the case of an individual who is a student participating in an advanced academic program that must be completed to receive a certificate license to practice as a radiologist assistant, as those programs are described in division (B)(3) of section 4774.03 of the Revised Code, when the individual is providing direct patient care or is otherwise involved with direct patient care under the program, the individual shall display in an appropriate manner the title "student radiologist assistant" or another appropriate designation as a means of identifying the individual as a student participating in the program.

Sec. 4774.11. (A) The state medical board shall adopt rules in accordance with Chapter 119. of the Revised Code to implement and administer this chapter. In adopting the rules, the board shall take into consideration the guidelines adopted by the American college of radiology, the American society of radiologic technologists, and the American registry of radiologic technologists.

(B) The rules adopted under this section shall include all of the following:

1. Standards and procedures for issuing and renewing certificates licenses to practice as a radiologist assistant;
2. Application fees for an initial or renewed certificate license;
3. Any additional radiologic procedures that radiologist assistants may perform pursuant to division (A)(5) of section 4774.08 of the Revised Code and the level of supervision that the supervising radiologist is required to provide pursuant to section 4774.10 of the Revised Code;
4. Definitions of "general anesthesia," "deep sedation," "moderate sedation," and "minimal sedation";
5. Any other standards and procedures the board considers necessary to govern the practice of radiologist assistants, the supervisory relationship between radiologist assistants and supervising radiologists, and the administration and enforcement of this chapter.

Sec. 4774.13. (A) The state medical board, by an affirmative vote of not fewer than six members, may revoke or may refuse to grant a certificate license to practice as a radiologist assistant to an individual found by the board to have committed fraud, misrepresentation, or deception in applying for or securing the certificate license.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's certificate license to practice as a radiologist assistant, refuse to issue a certificate license to an applicant, refuse to renew a certificate license.
license, refuse to reinstate a certificate license, or reprimand or place on probation the holder of a certificate license for any of the following reasons:

1. Permitting the holder's name or certificate license to be used by another person;
2. Failure to comply with the requirements of this chapter, Chapter 4731. of the Revised Code, or any rules adopted by the board;
3. Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731. of the Revised Code, or the rules adopted by the board;
4. A departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established;
5. Inability to practice according to acceptable and prevailing standards of care because of mental illness or physical illness, including physical deterioration that adversely affects cognitive, motor, or perceptive skills;
6. Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice;
7. Willfully betraying a professional confidence;
8. Making a false, fraudulent, deceptive, or misleading statement in securing or attempting to secure a certificate license to practice as a radiologist assistant.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

9. The obtaining of, or attempting to obtain, money or a thing of value by fraudulent misrepresentations in the course of practice;
10. A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;
11. Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;
12. A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;
13. A plea of guilty to, a judicial finding of guilt of, or a judicial
finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(16) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for violating any state or federal law regulating the possession, distribution, or use of any drug, including trafficking in drugs;

(17) Any of the following actions taken by the state agency responsible for regulating the practice of radiologist assistants in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(18) Violation of the conditions placed by the board on a certificate of license to practice as a radiologist assistant;

(19) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(20) Failure to cooperate in an investigation conducted by the board under section 4774.14 of the Revised Code, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(21) Failure to maintain a license as a radiographer under Chapter 4773. of the Revised Code;

(22) Failure to maintain certification as a registered radiologist assistant from the American registry of radiologic technologists, including revocation by the registry of the assistant's certification or failure by the assistant to meet the registry's requirements for annual registration, or failure to notify the board that the certification as a registered radiologist assistant has not been maintained;

(23) Failure to comply with any of the rules of ethics included in the
standards of ethics established by the American registry of radiologic technologists, as those rules apply to an individual who holds the registry's certification as a registered radiologist assistant.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with a radiologist assistant or applicant to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

(D) For purposes of divisions (B)(11), (14), and (15) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the applicant or certificate/license holder committed the act in question. The board shall have no jurisdiction under these divisions in cases where the trial court renders a final judgment in the certificate/license holder's favor and that judgment is based upon an adjudication on the merits. The board shall have jurisdiction under these divisions in cases where the trial court issues an order of dismissal on technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect on a prior board order entered under the provisions of this section or on the board's jurisdiction to take action under the provisions of this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F) For purposes of this division, any individual who holds a certificate/license to practice as a radiologist assistant issued under this chapter, or applies for a certificate to practice license, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(1) In enforcing division (B)(5) of this section, the board, on a showing of a possible violation, may compel any individual who holds a certificate/license to practice as a radiologist assistant issued under this chapter or who
has applied for a certificate to practice license to submit to a mental or physical examination, or both. A physical examination may include an HIV test. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds a radiologist assistant unable to practice because of the reasons set forth in division (B)(5) of this section, the board shall require the radiologist assistant to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for an initial, continued, reinstated, or renewed certificate to practice license. An individual affected by this division shall be afforded an opportunity to demonstrate to the board the ability to resume practicing in compliance with acceptable and prevailing standards of care.

(2) For purposes of division (B)(6) of this section, if the board has reason to believe that any individual who holds a certificate license to practice as a radiologist assistant issued under this chapter or any applicant for a certificate to practice license suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician qualified to conduct such examination and chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's certificate license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed certificate license to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a certificate license suspended under this division, the radiologist assistant shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care. The demonstration shall include the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed
any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for their determination.

The board may reinstate a certificate license suspended under this division after such demonstration and after the individual has entered into a written consent agreement.

When the impaired radiologist assistant resumes practice, the board shall require continued monitoring of the radiologist assistant. The monitoring shall include monitoring of compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, on termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of falsification stating whether the radiologist assistant has maintained sobriety.

(G) If the secretary and supervising member determine that there is clear and convincing evidence that a radiologist assistant has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's certificate license to practice without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, on review of the allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a certificate license without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the radiologist assistant requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the radiologist assistant requests the hearing, unless otherwise agreed to by both the board and the certificate license holder.
A summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. Failure to issue the order within sixty days shall result in dissolution of the summary suspension order, but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(10), (12), or (13) of this section, and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, on exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. On receipt of a petition and supporting court documents, the board shall reinstate the certificate license to practice as a radiologist assistant. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of opportunity for hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act, or if no hearing is requested, it may order any of the sanctions specified in division (B) of this section.

(I) The certificate license to practice of a radiologist assistant and the assistant's practice in this state are automatically suspended as of the date the radiologist assistant pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment of intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after the suspension shall be considered practicing without a certificate license.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose certificate license is suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall enter a final order permanently revoking the individual's certificate to practice license.

(J) In any instance in which the board is required by Chapter 119. of the
Revised Code to give notice of opportunity for hearing and the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In the final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension shall be accompanied by a written statement of the conditions under which the radiologist assistant's certificate license may be reinstated. The board shall adopt rules in accordance with Chapter 119. of the Revised Code governing conditions to be imposed for reinstatement. Reinstatement of a certificate license suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a certificate license to practice as a radiologist assistant to an applicant, revokes an individual's certificate license, refuses to renew an individual's certificate license, or refuses to reinstate an individual's certificate license, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a certificate license to practice as a radiologist assistant and the board shall not accept an application for reinstatement of the certificate license or for issuance of a new certificate license.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

1. The surrender of a certificate license to practice as a radiologist assistant issued under this chapter is not effective unless or until accepted by the board. Reinstatement of a certificate license surrendered to the board requires an affirmative vote of not fewer than six members of the board.

2. An application made under this chapter for a certificate license to practice may not be withdrawn without approval of the board.

3. Failure by an individual to renew a certificate license to practice in accordance with section 4774.06 of the Revised Code shall not remove or limit the board's jurisdiction to take disciplinary action under this section against the individual.

Sec. 4774.131. On receipt of a notice pursuant to section 3123.43 of the Revised Code, the state medical board shall comply with sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code with respect to a certificate license to practice
as a radiologist assistant issued under this chapter.

Sec. 4774.132. If the state medical board has reason to believe that any person who has been granted a certificate license to practice as a radiologist assistant under this chapter is mentally ill or mentally incompetent, it may file in the probate court of the county in which the person has a legal residence an affidavit in the form prescribed in section 5122.11 of the Revised Code and signed by the board secretary or a member of the board secretary's staff, whereupon the same proceedings shall be had as provided in Chapter 5122. of the Revised Code. The attorney general may represent the board in any proceeding commenced under this section.

If any person who has been granted a certificate license is adjudged by a probate court to be mentally ill or mentally incompetent, the person's certificate license shall be automatically suspended until the person has filed with the state medical board a certified copy of an adjudication by a probate court of the person's subsequent restoration to competency or has submitted to the board proof, satisfactory to the board, that the person has been discharged as having a restoration to competency in the manner and form provided in section 5122.38 of the Revised Code. The judge of the probate court shall forthwith notify the state medical board of an adjudication of mental illness or mental incompetence, and shall note any suspension of a certificate license in the margin of the court's record of such certificate license.

Sec. 4774.14. (A) The state medical board shall investigate evidence that appears to show that any person has violated this chapter or the rules adopted under it. Any person may report to the board in a signed writing any information the person has that appears to show a violation of any provision of this chapter or the rules adopted under it. In the absence of bad faith, a person who reports such information or testifies before the board in an adjudication conducted under Chapter 119. of the Revised Code shall not be liable for civil damages as a result of reporting the information or providing testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and be recorded by the board.

(B) Investigations of alleged violations of this chapter or rules adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4774.17 of the Revised Code. The board's president may designate another member of the board to supervise the investigation in place of the supervising member. A member of the board who supervises the investigation of a case shall not participate in further adjudication of the case.
(C) In investigating a possible violation of this chapter or the rules adopted under it, the board may administer oaths, order the taking of depositions, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board. Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or the rules adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence. When the person being served is a radiologist assistant, service of the subpoena may be made by certified mail, restricted delivery, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery.

A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for witnesses in civil cases in the courts of common pleas.

(D) All hearings and investigations of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(E) Information received by the board pursuant to an investigation is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given.

The board may share any information it receives pursuant to an
investigation, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(F) The state medical board shall develop requirements for and provide appropriate initial training and continuing education for investigators employed by the board to carry out its duties under this chapter. The training and continuing education may include enrollment in courses operated or approved by the Ohio peace officer training commission that the board considers appropriate under conditions set forth in section 109.79 of the Revised Code.

(G) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

1. The case number assigned to the complaint or alleged violation;
2. The type of certificate license, if any, held by the individual against whom the complaint is directed;
3. A description of the allegations contained in the complaint;
4. The disposition of the case.

The report shall state how many cases are still pending, and shall be prepared in a manner that protects the identity of each person involved in each case. The report is a public record for purposes of section 149.43 of the Revised Code.

Sec. 4774.15. (A) As used in this section, "prosecutor" has the same meaning as in section 2935.01 of the Revised Code.

(B) Whenever any person holding a valid certificate license to practice
as a radiologist assistant issued under this chapter pleads guilty to, is subject to a judicial finding of guilt of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction for a violation of Chapter 2907., 2925., or 3719. of the Revised Code or of any substantively comparable ordinance of a municipal corporation in connection with the person’s practice, the prosecutor in the case, on forms prescribed and provided by the state medical board, shall promptly notify the board of the conviction. Within thirty days of receipt of that information, the board shall initiate action in accordance with Chapter 119. of the Revised Code to determine whether to suspend or revoke the certificate license under section 4774.13 of the Revised Code.

(C) The prosecutor in any case against any person holding a valid certificate to practice license issued under this chapter, on forms prescribed and provided by the state medical board, shall notify the board of any of the following:

(1) A plea of guilty to, a finding of guilt by a jury or court of, or judicial finding of eligibility for intervention in lieu of conviction for a felony, or a case in which the trial court issues an order of dismissal upon technical or procedural grounds of a felony charge;

(2) A plea of guilty to, a finding of guilt by a jury or court of, or judicial finding of eligibility for intervention in lieu of conviction for a misdemeanor committed in the course of practice, or a case in which the trial court issues an order of dismissal upon technical or procedural grounds of a charge of a misdemeanor, if the alleged act was committed in the course of practice;

(3) A plea of guilty to, a finding of guilt by a jury or court of, or judicial finding of eligibility for intervention in lieu of conviction for a misdemeanor involving moral turpitude, or a case in which the trial court issues an order of dismissal upon technical or procedural grounds of a charge of a misdemeanor involving moral turpitude.

The report shall include the name and address of the certificate license holder, the nature of the offense for which the action was taken, and the certified court documents recording the action.

Sec. 4774.16. (A) Within sixty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical facility, or similar facility, against any individual holding a valid certificate license to practice as a radiologist assistant, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. On
request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against a radiologist assistant.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B)(1) Except as provided in division (B)(2) of this section, a radiologist assistant, professional association or society of radiologist assistants, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731. of the Revised Code, or rule of the board has occurred shall report the information on which the belief is based.

(B)(2) A radiologist assistant, professional association or society of radiologist assistants, physician, or professional association or society of physicians that believes a violation of division (B)(6) of section 4774.13 of the Revised Code has occurred shall report the information upon which the belief is based to the monitoring organization conducting the program established by the board under section 4731.251 of the Revised Code. If any such report is made to the board, it shall be referred to the monitoring organization unless the board is aware that the individual who is the subject of the report does not meet the program eligibility requirements of section 4731.252 of the Revised Code.

(C) Any professional association or society composed primarily of radiologist assistants that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against a radiologist assistant.

(D) Any insurer providing professional liability insurance to any person
holding a valid certificate to practice as a radiologist assistant or any other entity that seeks to indemnify the professional liability of a radiologist assistant shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

1. The name and address of the person submitting the notification;
2. The name and address of the insured who is the subject of the claim;
3. The name of the person filing the written claim;
4. The date of final disposition;
5. If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, "repeated malpractice" means three or more claims for malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the radiologist assistant.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a radiologist assistant, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against a radiologist assistant or supervising radiologist, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing a radiologist assistant or supervising radiologist or reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the radiologist assistant. The radiologist
assistant shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that reports to the board, reports to the monitoring organization described in section 4731.251 of the Revised Code, or refers an impaired radiologist assistant to a treatment provider approved by the board under section 4731.25 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(I) In the absence of fraud or bad faith, a professional association or society of radiologist assistants that sponsors a committee or program to provide peer assistance to a radiologist assistant with substance abuse problems, a representative or agent of such a committee or program, a representative or agent of the monitoring organization described in section 4731.251 of the Revised Code, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer a radiologist assistant to a treatment provider approved under section 4731.25 of the Revised Code for examination or treatment.

Sec. 4774.18. The attorney general, the prosecuting attorney of any county in which the offense was committed or the offender resides, the state medical board, or any other person having knowledge of a person engaged either directly or by complicity in practicing as a radiologist assistant without having first obtained under this chapter a certificate license to practice as a radiologist assistant, may, in accordance with provisions of the Revised Code governing injunctions, maintain an action in the name of the state to enjoin any person from engaging either directly or by complicity in unlawfully practicing as a radiologist assistant by applying for an injunction in any court of competent jurisdiction.

Prior to application for an injunction, the secretary of the state medical board shall notify the person allegedly engaged either directly or by complicity in the unlawful practice by registered mail that the secretary has received information indicating that this person is so engaged. The person shall answer the secretary within thirty days showing that the person is either properly licensed for the stated activity or that the person is not in violation of this chapter. If the answer is not forthcoming within thirty days after notice by the secretary, the secretary shall request that the attorney general, the prosecuting attorney of the county in which the offense was committed or the offender resides, or the state medical board proceed as authorized in this section.

Upon the filing of a verified petition in court, the court shall conduct a
hearing on the petition and shall give the same preference to this proceeding as is given all proceedings under Chapter 119. of the Revised Code, irrespective of the position of the proceeding on the calendar of the court.

Injunction proceedings shall be in addition to, and not in lieu of, all penalties and other remedies provided in this chapter.

After a hearing is held, the licensing agency shall either revoke or permanently revoke the license of the subject of the suspension, unless it determines that the license holder has not been convicted of, pleaded guilty to, been found guilty of, or been found guilty based on a plea of no contest to the offense of trafficking in persons in violation of section 2905.32 of the Revised Code.

Sec. 4778.03. (A) An individual seeking a license to practice as a genetic counselor shall file with the state medical board an application in a manner prescribed by the board. The application shall include all the information the board considers necessary to process the application, including evidence satisfactory to the board that the applicant meets the requirements specified in division (B) of this section.

At the time an application is submitted, the applicant shall pay the board an application fee of two hundred dollars. No part of the fee shall be returned to the applicant or transferred for purposes of another application.

(B)(1) To be eligible to receive a license to practice as a genetic counselor, an applicant shall demonstrate to the board that the applicant meets all of the following requirements:

(a) Is at least eighteen years of age and of good moral character;

(b) Except as provided in division (B)(2) of this section, has attained a master's degree or higher degree from a genetic counseling graduate program accredited by the American board of genetic counseling, inc.;

(2) In the case of an applicant who files an application not later than December 31, 2013, and meets all eligibility requirements other than the requirement specified in division (B)(1)(b) of this section, the applicant is eligible for a license to practice as a genetic counselor if the applicant has attained a master's or higher degree in education or in a field that the state medical board considers to be closely related to genetic counseling.
(C) The board shall review all applications received under this section. Not later than sixty days after receiving an application it considers complete, the board shall determine whether the applicant meets the requirements for a license to practice as a genetic counselor. The affirmative vote of not fewer than six members of the board is required to determine that the applicant meets the requirements for the license.

Sec. 4778.05. If the state medical board determines under section 4778.03 of the Revised Code that an applicant meets the requirements for a license to practice as a genetic counselor, the secretary of the board shall issue the license to the applicant. The license shall be valid for a two-year period unless revoked or suspended, shall expire biennially on the date that is two years after the date of issuance, and may be renewed for additional two-year periods in accordance with section 4778.06 of the Revised Code.

Sec. 4778.06. (A) An individual seeking to renew a license to practice as a genetic counselor shall, on or before the thirty-first day of January of each even-numbered year license's expiration date, apply to the state medical board for renewal of the license. The state medical board shall provide renewal notices to license holders at least one month prior to the expiration date.

Renewal applications shall be submitted to the board in a manner prescribed by the board. Each application shall be accompanied by a biennial renewal fee of one hundred fifty dollars.

The applicant shall report any criminal offense to which the applicant has pleaded guilty, of which the applicant has been found guilty, or for which the applicant has been found eligible for intervention in lieu of conviction, since last signing an application for a license to practice as a genetic counselor.

(B) To be eligible for renewal, a genetic counselor shall certify to the board that the counselor has done both of the following:

1. Maintained the counselor's status as a certified genetic counselor;
2. Completed at least thirty hours of continuing education in genetic counseling that has been approved by the national society of genetic counselors or American board of genetic counseling.

(C) If an applicant submits a renewal application that the board considers to be complete and qualifies for renewal pursuant to division (B) of this section, the board shall issue to the applicant a renewed license to practice as a genetic counselor.

(D) The board may require a random sample of genetic counselors to submit materials documenting that their status as certified genetic counselors has been maintained and that the number of hours of continuing
education required under division (B)(2) of this section has been completed. This division does not limit the board’s authority to conduct investigations pursuant to section 4778.14 of the Revised Code.

(E)(1) If, through a random sample conducted under division (D) of this section or any other means, the board finds that an individual who certified completion of the number of hours and type of continuing education required to renew, reinstate, or restore a license to practice did not complete the requisite continuing education, the board may do either of the following:

(a) Take disciplinary action against the individual under section 4778.14 of the Revised Code, impose a civil penalty, or both;

(b) Permit the individual to agree in writing to complete the continuing education and pay a civil penalty.

If a genetic counselor certifies that the genetic counselor has completed the number of hours and type of continuing education required for renewal of a license, and the board finds through the random sample or any other means that the genetic counselor did not complete the requisite continuing education, the board may impose a civil penalty of not more than five thousand dollars. If a civil penalty is imposed in addition to any other action the board takes under section 4778.14 of the Revised Code, the board’s finding shall be made pursuant to an adjudication under Chapter 119. of the Revised Code and by an affirmative vote of not fewer than six members. A civil penalty imposed under this division may be in addition to or in lieu of any other action the board may take under section 4778.14 of the Revised Code. The board shall deposit civil penalties in accordance with section 4731.24 of the Revised Code.

Sec. 4778.07. (A) A license to practice as a genetic counselor issued under section 4778.05 of the Revised Code that is not renewed on or before its expiration date is automatically suspended on its expiration date. Continued practice after suspension shall be considered as practicing in violation of section 4778.02 of the Revised Code.

(B) If a license has been suspended pursuant to this section for two years or less, the board shall reinstate the license it may be reinstated upon
an applicant's submission of a complete renewal application, the biennial renewal fee, and a monetary penalty of twenty-five dollars.

(C)(1) If a license has been suspended pursuant to this section for more than two years, it may be restored. Subject to section 4778.071 of the Revised Code, the board may restore the license upon an applicant's submission of a complete restoration application, the biennial renewal fee, and a monetary penalty of fifty dollars and compliance with sections 4776.01 to 4776.04 of the Revised Code. The board shall not restore a license unless the board, in its discretion, decides that the results of the criminal records check do not make the applicant ineligible for a license issued pursuant to section 4778.05 of the Revised Code.

(2) The board may impose terms and conditions for the restoration, including the following:

(a) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(b) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(c) Restricting or limiting the extent, scope, or type of practice of the applicant.

Sec. 4778.071. (A) This section applies to both of the following:

(1) An applicant seeking restoration of a license issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license pursuant to this chapter who for more than two years has not been practicing as a genetic counselor as either of the following:

(a) An active practitioner;

(b) A student in a graduate program as described in section 4778.03 of the Revised Code.

(B) Before issuing a license to an applicant subject to this section or restoring a license to good standing for an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:

(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;

(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;

(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing evaluations and procedures
in a manner that meets the minimal standards of care;

(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;

(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;

(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension or inactivity. The board shall not issue or restore a license under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

Sec. 4779.02. (A) Except as provided in division (B) or (C) of this section, no person shall practice or represent that the person is authorized to practice orthotics, prosthetics, or pedorthics unless the person holds a current, valid license issued or renewed under this chapter.

(B) Division (A) of this section does not apply to any of the following:

(1) An individual who holds a current, valid license, certificate, or registration issued under Chapter 4723., 4729., 4730., 4731., 4734., or 4755. of the Revised Code and is practicing within the individual's scope of practice under statutes and rules regulating the individual's profession;

(5) An individual who provides orthotic, prosthetic, or pedorthic services under the direct supervision of an individual authorized under Chapter 4731. of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery.

(C) Division (A) of this section does not prohibit an individual who is not licensed under this chapter to practice prosthetics or orthotics and prosthetics from engaging in the 3-D printing of open-source prosthetic kits if the individual has been granted the authority to engage in that activity by
the Ohio occupational therapy, physical therapy, and athletic trainers board under section 4779.40 of the Revised Code. Such an individual shall not represent that the individual is authorized to practice prosthetics or orthotics and prosthetics under this chapter.

Sec. 4779.08. (A) The Ohio occupational therapy, physical therapy, and athletic trainers board shall adopt rules in accordance with Chapter 119. of the Revised Code to carry out the purposes of this chapter, including rules prescribing all of the following:

(B) The board may adopt any other rules necessary for the administration of this chapter.

(C) All fees received by the board under this section shall be deposited in the state treasury to the credit of the occupational licensing and regulatory fund established in section 4743.05 of the Revised Code.

Sec. 4779.40. An individual who is not licensed to practice prosthetics or orthotics and prosthetics under section 4779.09 of the Revised Code may apply to the Ohio occupational therapy, physical therapy, and athletic trainers board for the authority to engage in the 3-D printing of open-source prosthetic kits. The board shall prescribe an application form for this purpose.

The board shall grant the authority described in this section if the individual meets the requirements specified in rules adopted under section 4779.08 of the Revised Code.

The board shall not grant a certificate for the construction, operation, and maintenance of a major utility facility, either as proposed or as modified by the board, unless it finds and determines all of the following:

(1) The basis of the need for the facility if the facility is an electric transmission line or gas pipeline;

(2) The nature of the probable environmental impact;

(3) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations;

(4) In the case of an electric transmission line or generating facility, that the facility is consistent with regional plans for expansion of the electric power grid of the electric systems serving this state and interconnected utility systems and that the facility will serve the interests of electric system economy and reliability;

(5) That the facility will comply with Chapters 3704., 3734., and 6111. of the Revised Code and all rules and standards adopted under those
chapters and under sections 1501.33, 1501.34, and section 4561.32 of the Revised Code. In determining whether the facility will comply with all rules and standards adopted under section 4561.32 of the Revised Code, the board shall consult with the office of aviation of the division of multi-modal planning and programs of the department of transportation under section 4561.341 of the Revised Code.

(6) That the facility will serve the public interest, convenience, and necessity;

(7) In addition to the provisions contained in divisions (A)(1) to (6) of this section and rules adopted under those divisions, what its impact will be on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929 of the Revised Code that is located within the site and alternative site of the proposed major utility facility. Rules adopted to evaluate impact under division (A)(7) of this section shall not require the compilation, creation, submission, or production of any information, document, or other data pertaining to land not located within the site and alternative site.

(8) That the facility incorporates maximum feasible water conservation practices as determined by the board, considering available technology and the nature and economics of the various alternatives.

(B) If the board determines that the location of all or a part of the proposed facility should be modified, it may condition its certificate upon that modification, provided that the municipal corporations and counties, and persons residing therein, affected by the modification shall have been given reasonable notice thereof.

(C) A copy of the decision and any opinion issued therewith shall be served upon each party.

Sec. 4928.02. It is the policy of this state to do the following throughout this state:

(A) Ensure the availability to consumers of adequate, reliable, safe, efficient, nondiscriminatory, and reasonably priced retail electric service;

(B) Ensure the availability of unbundled and comparable retail electric service that provides consumers with the supplier, price, terms, conditions, and quality options they elect to meet their respective needs;

(C) Ensure diversity of electricity supplies and suppliers, by giving consumers effective choices over the selection of those supplies and suppliers and by encouraging the development of distributed and small generation facilities;

(D) Encourage innovation and market access for cost-effective supply- and demand-side retail electric service including, but not limited to,
demand-side management, time-differentiated pricing, waste energy recovery systems, smart grid programs, and implementation of advanced metering infrastructure;

(E) Encourage cost-effective and efficient access to information regarding the operation of the transmission and distribution systems of electric utilities in order to promote both effective customer choice of retail electric service and the development of performance standards and targets for service quality for all consumers, including annual achievement reports written in plain language;

(F) Ensure that an electric utility's transmission and distribution systems are available to a customer-generator or owner of distributed generation, so that the customer-generator or owner can market and deliver the electricity it produces;

(G) Recognize the continuing emergence of competitive electricity markets through the development and implementation of flexible regulatory treatment;

(H) Ensure effective competition in the provision of retail electric service by avoiding anticompetitive subsidies flowing from a noncompetitive retail electric service to a competitive retail electric service or to a product or service other than retail electric service, and vice versa, including by prohibiting the recovery of any generation-related costs through distribution or transmission rates;

(I) Ensure retail electric service consumers protection against unreasonable sales practices, market deficiencies, and market power;

(J) Provide coherent, transparent means of giving appropriate incentives to technologies that can adapt successfully to potential environmental mandates;

(K) Encourage implementation of distributed generation across customer classes through regular review and updating of administrative rules governing critical issues such as, but not limited to, interconnection standards, standby charges, and net metering;

(L) Protect at-risk populations, including, but not limited to, when considering the implementation of any new advanced energy or renewable energy resource;

(M) Encourage the education of small business owners in this state regarding the use of, and encourage the use of, energy efficiency programs and alternative energy resources in their businesses;

(N) Facilitate the state's effectiveness in the global economy.

(O) Encourage cost-effective, timely, and efficient access to and sharing of customer usage data with customers and competitive suppliers to promote
customer choice and grid modernization.

(P) Ensure that a customer's data is provided in a standard format and provided to third parties in as close to real time as is economically justifiable in order to spur economic investment and improve the energy options of individual customers.

In carrying out this policy, the commission shall consider rules as they apply to the costs of electric distribution infrastructure, including, but not limited to, line extensions, for the purpose of development in this state.

Sec. 4928.143. (A) For the purpose of complying with section 4928.141 of the Revised Code, an electric distribution utility may file an application for public utilities commission approval of an electric security plan as prescribed under division (B) of this section. The utility may file that application prior to the effective date of any rules the commission may adopt for the purpose of this section, and, as the commission determines necessary, the utility immediately shall conform its filing to those rules upon their taking effect.

(B) Notwithstanding any other provision of Title XLIX of the Revised Code to the contrary except division (D) of this section, divisions (I), (J), and (K) of section 4928.20, division (E) of section 4928.64, and section 4928.69 of the Revised Code:

(1) An electric security plan shall include provisions relating to the supply and pricing of electric generation service. In addition, if the proposed electric security plan has a term longer than three years, it may include provisions in the plan to permit the commission to test the plan pursuant to division (E) of this section and any transitional conditions that should be adopted by the commission if the commission terminates the plan as authorized under that division.

(2) The plan may provide for or include, without limitation, any of the following:

(a) Automatic recovery of any of the following costs of the electric distribution utility, provided the cost is prudently incurred: the cost of fuel used to generate the electricity supplied under the offer; the cost of purchased power supplied under the offer, including the cost of energy and capacity, and including purchased power acquired from an affiliate; the cost of emission allowances; and the cost of federally mandated carbon or energy taxes;

(b) A reasonable allowance for construction work in progress for any of the electric distribution utility's cost of constructing an electric generating facility or for an environmental expenditure for any electric generating facility of the electric distribution utility, provided the cost is incurred or the
expenditure occurs on or after January 1, 2009. Any such allowance shall be subject to the construction work in progress allowance limitations of division (A) of section 4909.15 of the Revised Code, except that the commission may authorize such an allowance upon the incurrence of the cost or occurrence of the expenditure. No such allowance for generating facility construction shall be authorized, however, unless the commission first determines in the proceeding that there is need for the facility based on resource planning projections submitted by the electric distribution utility. Further, no such allowance shall be authorized unless the facility's construction was sourced through a competitive bid process, regarding which process the commission may adopt rules. An allowance approved under division (B)(2)(b) of this section shall be established as a nonbypassable surcharge for the life of the facility.

(c) The establishment of a nonbypassable surcharge for the life of an electric generating facility that is owned or operated by the electric distribution utility, was sourced through a competitive bid process subject to any such rules as the commission adopts under division (B)(2)(b) of this section, and is newly used and useful on or after January 1, 2009, which surcharge shall cover all costs of the utility specified in the application, excluding costs recovered through a surcharge under division (B)(2)(b) of this section. However, no surcharge shall be authorized unless the commission first determines in the proceeding that there is need for the facility based on resource planning projections submitted by the electric distribution utility. Additionally, if a surcharge is authorized for a facility pursuant to plan approval under division (C) of this section and as a condition of the continuation of the surcharge, the electric distribution utility shall dedicate to Ohio consumers the capacity and energy and the rate associated with the cost of that facility. Before the commission authorizes any surcharge pursuant to this division, it may consider, as applicable, the effects of any decommissioning, deratings, and retirements.

(d) Terms, conditions, or charges relating to limitations on customer shopping for retail electric generation service, bypassability, standby, back-up, or supplemental power service, default service, carrying costs, amortization periods, and accounting or deferrals, including future recovery of such deferrals, as would have the effect of stabilizing or providing certainty regarding retail electric service;

(e) Automatic increases or decreases in any component of the standard service offer price;

(f) Consistent with sections 4928.23 to 4928.2318 of the Revised Code, both of the following:
(i) Provisions for the electric distribution utility to securitize any phase-in, inclusive of carrying charges, of the utility's standard service offer price, which phase-in is authorized in accordance with section 4928.144 of the Revised Code;

(ii) Provisions for the recovery of the utility's cost of securitization.

(g) Provisions relating to transmission, ancillary, congestion, or any related service required for the standard service offer, including provisions for the recovery of any cost of such service that the electric distribution utility incurs on or after that date pursuant to the standard service offer;

(h) Provisions regarding the utility's distribution service, including, without limitation and notwithstanding any provision of Title XLIX of the Revised Code to the contrary, provisions regarding single issue ratemaking, a revenue decoupling mechanism or any other incentive ratemaking, and provisions regarding distribution infrastructure and modernization incentives for the electric distribution utility. The latter may include a long-term energy delivery infrastructure modernization plan for that utility or any plan providing for the utility's recovery of costs, including lost revenue, shared savings, and avoided costs, and a just and reasonable rate of return on such infrastructure modernization. As part of its determination as to whether to allow in an electric distribution utility's electric security plan inclusion of any provision described in division (B)(2)(h) of this section, the commission shall examine the reliability of the electric distribution utility's distribution system and ensure that customers' and the electric distribution utility's expectations are aligned and that the electric distribution utility is placing sufficient emphasis on and dedicating sufficient resources to the reliability of its distribution system.

(i) Provisions under which the electric distribution utility may implement economic development, job retention, and energy efficiency programs, which provisions may allocate program costs across all classes of customers of the utility and those of electric distribution utilities in the same holding company system.

(C)(1) The burden of proof in the proceeding shall be on the electric distribution utility. The commission shall issue an order under this division for an initial application under this section not later than one hundred fifty days after the application's filing date and, for any subsequent application by the utility under this section, not later than two hundred seventy-five days after the application's filing date. Subject to division (D) of this section, the commission by order shall approve or modify and approve an application filed under division (A) of this section if it finds that the electric security plan so approved, including its pricing and all other terms and conditions,
including any deferrals and any future recovery of deferrals, is more favorable in the aggregate as compared to the expected results that would otherwise apply under section 4928.142 of the Revised Code. Additionally, if the commission so approves an application that contains a surcharge under division (B)(2)(b) or (c) of this section, the commission shall ensure that the benefits derived for any purpose for which the surcharge is established are reserved and made available to those that bear the surcharge. Otherwise, the commission by order shall disapprove the application.

(2)(a) If the commission modifies and approves an application under division (C)(1) of this section, the electric distribution utility may withdraw the application, thereby terminating it, and may file a new standard service offer under this section or a standard service offer under section 4928.142 of the Revised Code.

(b) If the utility terminates an application pursuant to division (C)(2)(a) of this section or if the commission disapproves an application under division (C)(1) of this section, the commission shall issue such order as is necessary to continue the provisions, terms, and conditions of the utility's most recent standard service offer, along with any expected increases or decreases in fuel costs from those contained in that offer, until a subsequent offer is authorized pursuant to this section or section 4928.142 of the Revised Code, respectively.

(D) Regarding the rate plan requirement of division (A) of section 4928.141 of the Revised Code, if an electric distribution utility that has a rate plan that extends beyond December 31, 2008, files an application under this section for the purpose of its compliance with division (A) of section 4928.141 of the Revised Code, that rate plan and its terms and conditions are hereby incorporated into its proposed electric security plan and shall continue in effect until the date scheduled under the rate plan for its expiration, and that portion of the electric security plan shall not be subject to commission approval or disapproval under division (C) of this section, and the earnings test provided for in division (F) of this section shall not apply until after the expiration of the rate plan. However, that utility may include in its electric security plan under this section, and the commission may approve, modify and approve, or disapprove subject to division (C) of this section, provisions for the incremental recovery or the deferral of any costs that are not being recovered under the rate plan and that the utility incurs during that continuation period to comply with section 4928.141, division (B) of section 4928.64, or division (A) of section 4928.66 of the Revised Code.

(E) If an electric security plan approved under division (C) of this
section, except one withdrawn by the utility as authorized under that division, has a term, exclusive of phase-ins or deferrals, that exceeds three years from the effective date of the plan, the commission shall test the plan in the fourth year, and if applicable, every fourth year thereafter, to determine whether the plan, including its then-existing pricing and all other terms and conditions, including any deferrals and any future recovery of deferrals, continues to be more favorable in the aggregate and during the remaining term of the plan as compared to the expected results that would otherwise apply under section 4928.142 of the Revised Code. The commission shall also determine the prospective effect of the electric security plan to determine if that effect is substantially likely to provide the electric distribution utility with a return on common equity that is significantly in excess of the return on common equity that is likely to be earned by publicly traded companies, including utilities, that face comparable business and financial risk, with such adjustments for capital structure as may be appropriate. The burden of proof for demonstrating that significantly excessive earnings will not occur shall be on the electric distribution utility. For affiliated Ohio electric distribution utilities that operate under a joint electric security plan, their total earned return on common equity shall be used for purposes of assessing significantly excessive earnings. If the test results are in the negative or the commission finds that continuation of the electric security plan will result in a return on equity that is significantly in excess of the return on common equity that is likely to be earned by publicly traded companies, including utilities, that will face comparable business and financial risk, with such adjustments for capital structure as may be appropriate, during the balance of the plan, the commission may terminate the electric security plan, but not until it shall have provided interested parties with notice and an opportunity to be heard. The commission may impose such conditions on the plan's termination as it considers reasonable and necessary to accommodate the transition from an approved plan to the more advantageous alternative. In the event of an electric security plan's termination pursuant to this division, the commission shall permit the continued deferral and phase-in of any amounts that occurred prior to that termination and the recovery of those amounts as contemplated under that electric security plan.

(F) With regard to the provisions that are included in an electric security plan under this section, the commission shall consider, following the end of each annual period of the plan, if any such adjustments resulted in excessive earnings as measured by whether the earned return on common equity of the electric distribution utility is significantly in excess of the return on common equity.
equity that was earned during the same period by publicly traded companies, including utilities, that face comparable business and financial risk, with such adjustments for capital structure as may be appropriate. In making its determination of significantly excessive earnings under this division, the commission shall, for affiliated Ohio electric distribution utilities that operate under a joint electric security plan, use the total of the utilities' earned return on common equity. Consideration also shall be given to the capital requirements of future committed investments in this state. The burden of proof for demonstrating that significantly excessive earnings did not occur shall be on the electric distribution utility. If the commission finds that such adjustments, in the aggregate, did result in significantly excessive earnings, it shall require the electric distribution utility to return to consumers the amount of the excess by prospective adjustments; provided that, upon making such prospective adjustments, the electric distribution utility shall have the right to terminate the plan and immediately file an application pursuant to section 4928.142 of the Revised Code. Upon termination of a plan under this division, rates shall be set on the same basis as specified in division (C)(2)(b) of this section, and the commission shall permit the continued deferral and phase-in of any amounts that occurred prior to that termination and the recovery of those amounts as contemplated under that electric security plan. In making its determination of significantly excessive earnings under this division, the commission shall not consider, directly or indirectly, the revenue, expenses, or earnings of any affiliate that is not an Ohio electric distribution utility or parent company.

Sec. 4929.18. (A) As used in this section, "biologically derived methane gas" has the same meaning as in section 5713.30 of the Revised Code.

(B) Any property, equipment, or facilities installed or constructed by a natural gas company to enable interconnection with or receipt from any property, equipment, or facilities used to generate, collect, gather, or transport biologically derived methane gas, or to enable the supply of biologically derived methane gas to consumers within this state, may be treated as instrumentalities and facilities for distribution service if the public utilities commission determines that treatment is just and reasonable. If the commission makes that determination, the property, equipment, or facilities shall be considered used and useful in rendering public utility service for purposes of section 4909.15 of the Revised Code.

Sec. 4937.01. As used in sections 4937.01 to 4937.05 of the Revised Code:

(A) "Hazard" has the same meaning as in section 5502.21 of the Revised Code.
(B) "Member agency" means the state agency of which a member of the utility radiological safety board is an officer.

(C) "Nuclear electric facility" means any facility operated by a nuclear electric utility using nuclear energy to produce electricity and any facility for the storage of spent nuclear fuel arising from such production.

(D) "Nuclear electric facility incident" means any hazard within the state which is associated with a nuclear electric facility and requires, pursuant to sections 5502.21 to 5502.51 of the Revised Code, emergency management to mitigate its effects.

(E) "Nuclear electric utility" includes every person, their agents, assignees, or trustees, within this state engaged in the business of producing electricity using nuclear energy, or in the storage of spent nuclear fuel arising from such production.

(F) "Nuclear electric utility holding company" means any company that holds an equity interest in a nuclear electric utility and is part of an electric utility holding company system exempt under section 3(a)(1) or (2) of the "Public Utility Holding Company Act of 1935," 49 Stat. 810, 15 U.S.C.A. 79c, and the regulations adopted under the act.

Sec. 4937.05. (A) Subject to division (B) of this section, the utility radiological safety board may apportion among and assess against each nuclear electric utility in this state against which an assessment may be made under section 4905.10 of the Revised Code an amount no greater than the maximums specified in the applicable main operating appropriations act. The assessment shall be made in proportion to the intrastate gross receipts of the utility, excluding receipts from sales to other public utilities for resale, for the calendar year next preceding that in which the assessments are made, or be made based upon the utility's decommissioning budget for the year of the assessment, if the utility is not engaged in the business of producing electricity using nuclear energy. On or before the first day of October in each year, the board shall notify each such utility of the sum assessed against it, whereupon payment shall be made to the board. The board shall deposit the payment into any nuclear safety fund for which a maximum is specified, for the purposes of this section, in the applicable main operating appropriations act. Any assessments so deposited which are not expended shall be credited ratably to each nuclear electric utility that paid them, according to the respective portions of the amount assessable against the utility for the ensuing calendar year. The assessments for such calendar year shall be adjusted accordingly.

(B) The board shall assess an amount against the nuclear electric utilities pursuant to division (A) of this section only in accordance with this
division and subject to the conditions it specifies.

(1) Nuclear electric utilities and, separately, the environmental protection agency, the department of health, the department of agriculture, and the emergency management agency of the department of public safety, as member agencies of the board, shall negotiate, in good faith, amounts to be given as grants by the nuclear electric utilities pursuant to this division for funding the member agency for a fiscal biennium. Any such grant shall cover all costs related to the statutory requirements or agreements specified in division (B)(4) of this section, but shall not be required to cover any costs of activities not directly related to those statutory requirements or agreements.

(2)(a) If any of the member agencies specified in division (B)(1) of this section disagrees, before the first day of September of the first year of a fiscal biennium, with the nuclear electric utilities on a grant amount under that division for the agency's funding for that biennium and the agency is requesting a specified amount not exceeding seventy-five per cent of the maximum specified in the applicable main operating appropriations act, the agency shall make a written directive to the board for an assessment against the nuclear electric utilities for that specified amount and shall notify the controlling board, the director of budget and management, and the nuclear electric utilities in writing of that directive. Upon receipt of the directive, the utility radiological safety board shall assess the specified amount against the nuclear electric utilities as provided in division (A) of this section, notwithstanding any provision of that division to the contrary, provided the amount assessed does not exceed the maximum specified in the applicable main operating appropriations act.

(b) If any of the member agencies specified in division (B)(1) of this section disagrees, before the first day of September of the first year of a fiscal biennium, with the nuclear electric utilities on a grant amount under that division for the agency's funding for that biennium and the agency is requesting a specified amount that exceeds seventy-five per cent of the maximum specified for that agency in the applicable main operating appropriations act, the agency may request that the controlling board approve an assessment against the electric utilities in the specified amount. The controlling board shall not approve an assessment so requested if it exceeds that maximum or will not be used for the purposes specified in division (B)(4) of this section. If the controlling board approves the request, the utility radiological safety board shall impose an assessment in the approved amount against the nuclear electric utilities as provided in division (A) of this section, notwithstanding any provision of that division to the
contrary.

(c) The board shall not assess against the nuclear electric utilities pursuant to division (A) of this section in any fiscal biennium for which each member agency and the nuclear electric utilities agree on grant amounts pursuant to division (B)(1) of this section.

(3) Revenues received pursuant to grants or assessments under division (B)(1) or (2) of this section shall be deposited into the requesting agency's nuclear safety fund, as such fund is specified in the applicable main operating appropriations act.

(4) Funding provided under this division to a member agency shall be for the purpose of enabling a member agency to fulfill its authority and duties under the statutes related to nuclear safety or the utility safety radiological board, or under agreements with the nuclear regulatory commission.

(5) If a nuclear electric utility makes any recommendation to render the nuclear safety programs of member agencies of the utility radiological safety board more cost effective, the member agencies shall implement the recommendation or provide to the utility a written statement explaining why the recommendation will not be implemented or will be implemented with substantial modification.

Sec. 5101.061. (A) There is hereby established in the department of job and family services the office of human services innovation. The office shall develop recommendations, as described in division (B) of this section, regarding the coordination and reform of state programs to assist the residents of this state in preparing for life and the dignity of work and to promote individual responsibility and work opportunity.

The director of job and family services shall establish the office's organizational structure, may reassign the department's staff and resources as necessary to support the office's activities, and is responsible for the office's operations. The superintendent of public instruction, chancellor of the Ohio board of regents, higher education, and director of the governor's office of workforce transformation, and director of the governor's office of health transformation shall assist the director of job and family services with leadership and organizational support for the office.

(B) Not later than January 1, 2015, the office shall submit to the governor recommendations for all of the following:

(1) Coordinating services across all public assistance programs to help individuals find employment, succeed at work, and stay out of poverty;

(2) Revising incentives for public assistance programs to foster person-centered case management;
(3) Standardizing and automating eligibility determination policies and processes for public assistance programs;

(4) Other matters the office considers appropriate.

(C) Not later than three months after the effective date of this section, September 15, 2014, the office shall establish clear principles to guide the development of its recommendations, shall identify in detail the problems to be addressed in the recommendations, and shall make an inventory of all state and other resources that the office considers relevant to the recommendations.

(D) The office shall convene the directors and staff of the departments, agencies, offices, boards, commissions, and institutions of the executive branch of the state as necessary to develop the office's recommendations. The departments, agencies, offices, boards, commissions, and institutions shall comply with all requests and directives that the office makes, subject to the supervision of the directors of the departments, agencies, offices, boards, commissions, and institutions. The office also shall convene other individuals interested in the issues that the office addresses in the development of the recommendations to obtain their input on, and support for, the recommendations.

Sec. 5101.141. (A) As used in sections 5101.141 to 5101.1414 of the Revised Code:

(1) "Adopted young adult" means a person:

(a) Who was in the temporary or permanent custody of a public children services agency;

(b) Who was adopted at the age of sixteen or seventeen and attained the age of sixteen before a Title IV-E adoption assistance agreement became effective;

(c) Who has attained the age of eighteen; and

(d) Who has not yet attained the age of twenty-one.

(2) "Child" includes any of the following:

(a) A person who meets the requirements of division (A)(1) (B)(3) of section 5101.1411 5153.01 of the Revised Code or an adopted person who meets the requirements applicable to such a person under division (B)(1) of section 5101.1411 of the Revised Code.

(b) "Designee" means a person with whom the department of job and family services has entered into a contract, pursuant to division (B)(2) of this section;

(b) An adopted young adult;

(c) An emancipated young adult.

(3) "Emancipated young adult" means a person:
(a) Who was in the temporary or permanent custody of a public children services agency, a planned permanent living arrangement, or in the Title-IV-E-eligible care and placement responsibility of a juvenile court or other governmental agency that provides Title IV-E reimbursable placement services;

(b) Whose custody, arrangement, or care and placement was terminated on or after the person's eighteenth birthday; and

(c) Who has not yet attained the age of twenty-one.

(4) "Representative" means a person with whom the department of job and family services has entered into a contract, pursuant to division (B)(2)(b) of this section.

(B)(1) Except as provided in division (B)(2) of this section, the department of job and family services shall act as the single state agency to administer federal payments for foster care and adoption assistance made pursuant to Title IV-E. The director of job and family services shall adopt rules to implement this authority. Rules governing financial and administrative requirements applicable to public children services agencies and government entities that provide Title IV-E reimbursable placement services to children shall be adopted in accordance with section 111.15 of the Revised Code, as if they were internal management rules. Rules governing requirements applicable to private child placing agencies and private noncustodial agencies and rules establishing eligibility, program participation, and other requirements concerning Title IV-E shall be adopted in accordance with Chapter 119. of the Revised Code. A public children services agency to which the department distributes Title IV-E funds shall administer the funds in accordance with those rules.

(2) If the state plan is amended under divisions (A) and (B) of section 5101.1411 of the Revised Code, both of the following shall apply:

(a) Implementation of the amendments to the plan shall begin fifteen months after September 13, 2016, the effective date of H.B. 50 of the 131st general assembly, if both of the following apply:

(i) The plan as amended is approved by the secretary of health and human services;

(ii) The general assembly has appropriated sufficient funds to operate the program required under the plan as amended.

(b) The department shall have, exercise, and perform all new duties required under the plan as amended. In doing so, the department may contract with another person to carry out those new duties, to the extent
permitted under Title IV-E.

(C)(1) Except with regard to the new duties imposed on the department or its contractor under division (B)(2)(b) of this section that are not imposed on the county, the county, on behalf of each child eligible for foster care maintenance payments under Title IV-E, shall make payments to cover the cost of providing all of the following:

(a) The child's food, clothing, shelter, daily supervision, and school supplies;

(c) Reasonable travel to the child's home for visitation.

(2) In addition to payments made under division (C)(1) of this section, the county may, on behalf of each child eligible for foster care maintenance payments under Title IV-E, make payments to cover the cost of providing the following:

(a) Liability insurance with respect to the child;
(b) If the county is participating in the demonstration project established under division (A) of section 5101.142 of the Revised Code, services provided under the project.

(3) With respect to a child who is in a child-care institution, including any type of group home designed for the care of children or any privately operated program consisting of two or more certified foster homes operated by a common administrative unit, the foster care maintenance payments made by the county on behalf of the child shall include the reasonable cost of the administration and operation of the institution, group home, or program, as necessary to provide the items described in divisions (C)(1) and (2) of this section.

(D) To the extent that either foster care maintenance payments under division (C) of this section or Title IV-E adoption assistance payments for maintenance costs require the expenditure of county funds, the board of county commissioners shall report the nature and amount of each expenditure of county funds to the department.

(E) The department shall distribute to public children services agencies that incur and report expenditures of the type described in division (D) of this section federal financial participation received for administrative and training costs incurred in the operation of foster care maintenance and adoption assistance programs. The department may withhold not more than three per cent of the federal financial participation received. The funds withheld may be used only to fund the following:

(1) The Ohio child welfare training program established under section 5103.30 of the Revised Code;
(2) The university partnership program for college and university students majoring in social work who have committed to work for a public children services agency upon graduation;

(3) Efforts supporting organizational excellence, including voluntary activities to be accredited by a nationally recognized accreditation organization.

The funds withheld shall be in addition to any administration and training cost for which the department is reimbursed through its own cost allocation plan.

(F) All federal financial participation funds received by a county pursuant to this section shall be deposited into the county’s children services fund created pursuant to section 5101.144 of the Revised Code.

(G) The department shall periodically publish and distribute the maximum amounts that the department will reimburse public children services agencies for making payments on behalf of children eligible for foster care maintenance payments.

(H) The department, by and through its director, is hereby authorized to develop, participate in the development of, negotiate, and enter into one or more interstate compacts on behalf of this state with agencies of any other states, for the provision of social services to children in relation to whom all of the following apply:

1. They have special needs.
2. This state or another state that is a party to the interstate compact is providing adoption assistance on their behalf.

If the department must limit eligibility due to lack of available funds, it shall give first priority for publicly funded child care to an assistance group whose income is not more than the maximum income eligibility limit that received transitional child care in the previous month but is no longer eligible because the twelve-month period has expired. Such an assistance group shall continue to receive priority for publicly funded child care until its income exceeds the maximum income eligibility limit.

(3) An assistance group that ceases to participate in the Ohio works first program established under Chapter 5107. of the Revised Code is eligible for transitional child care at any time during the immediately following twelve-month period that both of the following apply:

(D) If the department of job and family services determines that available resources are not sufficient to provide publicly funded child care to all eligible families who request it, the department may establish a waiting list. The department may establish separate waiting lists within the waiting list based on income.

(c) The child's provider is closed on scheduled school days off or on calamity days;
(d) The child is enrolled in a part-time program participating in the tiered quality rating and improvement system established under section 5104.30 5104.29 of the Revised Code and needs care from an additional part-time provider.

The applicant or employee shall specify in the request the agencies or entities to which the copies are to be sent. On receiving the request, the responsible entity shall send copies of the reports to the agencies or entities specified.

   (3) A responsible entity may request that a state agency, entity of local government, or private entity send copies to the responsible entity of any report regarding a records check or criminal records check that the agency or entity possesses, if the responsible entity obtains the written consent of the individual who is the subject of the report.

   (4) A responsible entity shall provide each applicant and employee with a copy of any report obtained about the applicant or employee under this section.

   (J) The director of developmental disabilities shall adopt rules in accordance with Chapter 119. of the Revised Code to implement this section.

   (1) The rules may do the following:
      (a) Require employees to undergo criminal records checks under this section;

under this section before employing an applicant conditionally as permitted under division (G) of this section.

Sec. 5123.092. (A) There is hereby established at each institution and branch institution under the control of the department of developmental disabilities a citizen's advisory council consisting of thirteen seven members. At least seven of the members shall be persons who are not providers of services for persons with developmental disabilities. Each council shall include, including parents or other relatives of residents of institutions under the control of the department, community leaders, professional persons in relevant fields, and persons who have an interest in or knowledge of developmental disabilities. The managing officer of the institution shall be a nonvoting member of the council.

(B) The director of developmental disabilities shall be the appointing authority for the voting members of each citizen's advisory council. Each time the term of a voting member expires, the remaining members of the council shall recommend to the director one or more persons to serve on the council. The director may accept a nominee of the council or reject the nominee or nominees. If the director rejects the nominee or nominees, the remaining members of the advisory council shall further recommend to the director one or more other persons to serve on the advisory council. This procedure shall continue until a member is appointed to the advisory council.

Each advisory council shall elect from its appointed members a chairperson, vice chairperson, and a secretary to serve for terms of one year. Advisory council officers shall not serve for more than two consecutive terms in the same office. A majority of the advisory council members constitutes a quorum.

(C) Terms of office shall be for three years, each term ending on the same day of the same month of the year as did the term which it succeeds. No member shall serve more than two consecutive terms, except that any former member may be appointed if one year or longer has elapsed since the member served two consecutive terms. Each member shall hold office from the date of appointment until the end of the term for which the member was appointed. Any vacancy shall be filled in the same manner in which the original appointment was made, and the appointee to a vacancy in an unexpired term shall serve the balance of the term of the original appointee. Any member shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office, or until a period of sixty days has elapsed, whichever occurs first.
Each citizen's advisory council shall elect from its appointed members a chairperson, vice-chairperson, and secretary. A person elected to an office may serve in that position until the person is no longer a member of the council.

Members of a citizen's advisory council shall be expected to attend all meetings of the advisory council. Unexcused absence from two successive regularly scheduled meetings shall be considered prima facie evidence of intent not to continue as a member. The chairperson of the board shall, after a member has been absent for two successive regularly scheduled meetings, direct a letter to the member asking if the member wishes to remain in membership. If an affirmative reply is received, the member shall be retained as a member except that, if, after having expressed a desire to remain a member, the member then misses a third successive regularly scheduled meeting without being excused, the chairperson shall terminate the member's membership. A majority of the members constitutes a quorum.

A citizen's advisory council shall meet six times annually, or more frequently if three council members request the chairperson to call a meeting. The council shall keep minutes of each meeting and shall submit them to the managing officer of the institution with which the council is associated and the department of developmental disabilities.

Members of citizen's advisory councils shall receive no compensation for their services, except that they shall be reimbursed for their actual and necessary expenses incurred in the performance of their official duties by the institution with which they are associated from funds allocated to it, provided that reimbursement for those expenses shall not exceed limits imposed upon the department of developmental disabilities by administrative rules regulating travel within this state.

The councils shall have reasonable access to all patient treatment and living areas and records of the institution, except those records of a strictly personal or confidential nature. The councils shall have access to a patient's personal records with the consent of the patient or the patient's legal guardian or, if the patient is a minor, with the consent of the parent or legal guardian of the patient.

As used in this section, "branch institution" means a facility that is located apart from an institution and is under the control of the managing officer of the institution.

Sec. 5123.166. (A) If good cause exists as specified in division (B) of this section and determined in accordance with procedures established in rules adopted under section 5123.1611 of the Revised Code, the director of
developmental disabilities may issue an adjudication order requiring that one or more of the following actions be taken against a person or government entity seeking or holding a supported living certificate:

1. Refusal to issue or renew a supported living certificate;
2. Revocation of a supported living certificate;
3. Suspension of a supported living certificate holder’s authority to do either or both any of the following:
   a. Continue to provide supported living to one or more individuals from one or more counties who receive supported living from the certificate holder at the time the director takes the action;
   b. Begin to provide supported living to one or more individuals from one or more counties who do not receive supported living from the certificate holder at the time the director takes the action;
   c. Expand or add supported living services to one or more individuals who receive supported living from the certificate holder at the time the director takes action.

B) The following constitute good cause for taking action under division (A) of this section against a person or government entity seeking or holding a supported living certificate:

1. The person or government entity’s failure to meet or continue to meet the applicable certification standards established in rules adopted under section 5123.1611 of the Revised Code;
2. The person or government entity violates section 5123.165 of the Revised Code;
3. The person or government entity’s failure to satisfy the requirements of section 5123.081 or 5123.52 of the Revised Code;

D)(1) The director may issue an order requiring that action specified in division (A)(3) of this section be taken before a provider is provided notice and an opportunity for a hearing if all of the following are the case:
(a) The director determines such action is warranted by the provider's failure to continue to meet the applicable certification standards;

(b) The director determines that the failure either represents a pattern of serious noncompliance or creates a substantial risk to the health or safety of an individual who receives or would receive supported living from the provider;

(c) If the order will suspend the provider's authority to continue to provide supported living to an individual who receives supported living from the provider at the time the director issues the order, both of the following are the case:

   (i) The director makes the individual, or the individual's guardian, aware of the director's determination under division (D)(1)(b) of this section and the individual or guardian does not select another provider.

   (ii) A county board of developmental disabilities has filed a complaint with a probate court under section 5126.33 of the Revised Code that includes facts describing the nature of abuse or neglect that the individual has suffered due to the provider's actions that are the basis for the director making the determination under division (D)(1)(b) of this section and the probate court does not issue an order authorizing the county board to arrange services for the individual pursuant to an individualized service plan developed for the individual under section 5126.31 of the Revised Code.

(2) If the director issues an order under division (D)(1) of this section, sections 119.091 to 119.13 of the Revised Code and all of the following apply:

   (a) The director shall send the provider notice of the order by registered certified mail, return receipt requested, not later than twenty-four hours after issuing the order and shall include in the notice the reasons for the order, the citation to the law or rule directly involved, and a statement that the provider will be afforded a hearing if the provider requests it in writing within ten days of the time of receiving the notice.

   (b) If the provider requests a hearing within the required time and the provider has provided the director the provider's current address, the director shall immediately set, and notify the provider of, the date, time, and place for the hearing. If the provider's written request for a hearing includes a request that the hearing be held not later than thirty days after the director receives the provider's timely request for the hearing, the date set for the hearing by the director shall be within thirty days.

   (c) The date of the hearing shall be not later than thirty days after the director receives the provider's timely request for the hearing.

   (d) The hearing shall be conducted in accordance with section 119.09
of the Revised Code, except for all of the following:

(i) The hearing shall continue uninterrupted until its close, except for weekends, legal holidays, and other interruptions the provider and director agree to.

(ii) If the director appoints a referee or examiner to conduct the hearing, the referee or examiner, not later than ten days after the date the referee or examiner receives a transcript of the testimony and evidence presented at the hearing or, if the referee or examiner does not receive the transcript or no such transcript is made, the date that the referee or examiner closes the record of the hearing, shall submit to the director a written report setting forth the referee or examiner's findings of fact and conclusions of law and a recommendation of the action the director should take.

(iii) The provider may, not later than five days after the date the director, in accordance with section 119.09 of the Revised Code, sends the provider or the provider's attorney or other representative of record a copy of the referee or examiner's report and recommendation, file with the director written objections to the report and recommendation.

(iv) The director shall approve, modify, or disapprove the referee or examiner's report and recommendation not earlier than six days, and not later than fifteen days, after the date the director, in accordance with section 119.09 of the Revised Code, sends a copy of the report and recommendation to the provider or the provider's attorney or other representative of record.

(3) The director may lift an order issued under division (D)(1) of this section even though a hearing regarding the order is occurring or pending if the director determines that the provider has taken action eliminating the good cause for issuing the order. The hearing shall proceed unless the provider withdraws the request for the hearing in a written letter to the director.

(4) The director shall lift an order issued under division (D)(1) of this section if both of the following are the case:

(a) The provider provides the director a plan of compliance the director determines is acceptable.

(b) The director determines that the provider has implemented the plan of compliance correctly.

Sec. 5123.1612. (A) The director of developmental disabilities may issue a summary order suspending a supported living certificate holder's authority to provide supported living to one or more identified individuals if the director determines that both of the following are the case:

(1) The certificate holder's noncompliance with one or more requirements of this chapter or the rules adopted under it causes or presents
an immediate danger of causing serious injury, harm, impairment, or death to the individual or individuals;

(2) The certificate holder does not remove the conditions that caused or presented an immediate danger of causing serious injury, harm, impairment, or death to the individual or individuals before the order is issued.

(B) An order issued under division (A) of this section applies only to the individual or individuals the director determines experienced or are in immediate danger of experiencing serious injury, harm, impairment, or death. An order issued under division (A) of this section takes immediate effect upon notification to the certificate holder. The county board of developmental disabilities for the county where the individual or individuals reside shall arrange for an alternative method of providing services to the individual or individuals until the order is lifted under division (E) of this section.

(C) The director shall notify, by telephone, the certificate holder and the county board of developmental disabilities for the county where the individual or individuals reside of the order immediately after issuing it. The director also shall provide written notice of the order by electronic or regular mail. Both the telephone notice and the written notice to the certificate holder shall inform the certificate holder of the right to request a reconsideration of the order under division (D) of this section.

(D) A certificate holder who is subject to an order issued under division (A) of this section may request that the director reconsider the order within twenty-four hours after receiving the telephone notice under division (C) of this section. The director shall reconsider the order within twenty-four hours after receiving the request. At the certificate holder's option, the reconsideration may be conducted by an in-person meeting, telephone, or review of the certificate holder's written submission that accompanies the request. The director shall issue a decision on the reconsideration within twenty-four hours following the conclusion of the meeting, telephone conversation, or review of a written submission.

(E) The director shall lift an order issued under division (A) of this section if the director determines that the certificate holder has removed the conditions that led to the order and that the conditions will not recur.

(F) An order issued under division (A) of this section does not constitute an action against the holder of a supported living certificate described in section 5123.166 of the Revised Code and is not subject to that section or to Chapter 119. of the Revised Code.

The department shall specify in the order the medicaid local administrative authority that the department is terminating, the reason for the termination, and the county board's option and responsibilities under this division.

A county board whose medicaid local administrative authority is terminated may, not later than thirty days after the department issues the termination order, recommend to the department that another county board that has not had any of its medicaid local administrative authority terminated or another entity the department approves administer the services for which the county board's medicaid local administrative authority is terminated. The county board shall transfer control of state and federal funds it is otherwise eligible to receive for the services for which the county board's medicaid local administrative authority is terminated and funds the county board may use under division (A) of section 5126.0511 of the Revised Code to pay the nonfederal share of the services that the county board is required by sections 5126.059 and 5126.0510 of the Revised Code to pay. The county board shall transfer control of the funds to the contracting authority or administrative receiver administering the services. The amount the county board shall transfer shall be the amount necessary for the contracting authority or administrative receiver to fulfill its duties in administering the services, including its duties to pay its personnel for time worked, travel, and related matters. If the county board fails to make the transfer, the
department may withhold the state and federal funds from the county board and bring a mandamus action against the county board in the court of common pleas of the county served by the county board or in the Franklin county court of common pleas. The mandamus action may not require that the county board transfer any funds other than the funds the county board is required by division (B) of this section to transfer.

The contracting authority or administrative receiver has the right to authorize the payment of bills in the same manner that the county board may authorize payment of bills under this chapter and section 319.16 of the Revised Code.
