As you put together the funding package for your tax credit developments, you may be interested in the financing opportunities offered by IHFA. IHFA can provide construction and permanent financing through programs such as tax-exempt bond financing, low interest rate construction loans through the IHFA Commercial Paper Program, and the Idaho Community Reinvestment Corporation ("ICRC") permanent loan program. Information about these programs may be obtained by contacting the Multifamily Finance Department.

We look forward to working with you on your proposed tax credit development(s).
