The Letter must be accompanied by the following required information:

All buildings within the Development must qualify before IHCD will accept a Qualified Contract provision request. A Development may make only one (1) request for a Qualified Contract purchaser. IHCD and its agents retain the right to request additional information as needed.

C. Certified Public Accountant Review

To help assess the credibility of the assumptions used in calculating the Qualified Contract price, the IHCD will contract with a reputable independent certified public accountant to review the Qualified Contract price calculated by the Development's certified public accountant. The Development will be notified of any adjustments in the Qualified Contract price suggested or required following the IHCD review.

D. Property listed with multi-family broker

IHCD will contract with a reputable multi-family housing broker to review, appraise, list and market all Section 42 properties that have requested to utilize the Qualified Contract provisions and submitted all required information. In addition, if the property is determined to be feasible and practical for listing the Development must agree to list the property with the multi-family housing broker selected by IHCD. The listing price of the property will be the calculated Qualified Contract price. The final sales price will be the amount agreed upon by the parties. Properties that do not close after a purchaser has been found who will pay the calculated Qualified Contract price will be considered by IHCD to have forfeited their right to utilize the Qualified Contract provisions of Section 42 for that Development. If a property is determined not to be feasible or practical for listing by the multi-family broker the property will be released from its extended use commitment.

E. Fees and cost

Property owners agree to pay costs incurred for submitting the required information and all commissions and fees owed to the multi-family housing broker for listing properties including the cost of a third party appraisal. If a property is determined to be feasible for listing the owner will be required to submit the administration and marketing fees and appraisal cost to IHCD. In addition IHCD has established a Qualified Contract submittal fee of twenty-five dollars (\$25) per unit. This fee includes the costs of an IHCD certified public accountant review and the initial multi-family

broker review to determine feasibility of sale. The fee structure for the multi-family housing broker is as follows:

1. Administrative and marketing fees:

- a. \$5,000.00 for a property with a value less than or equal to \$250,000.00.
- b. \$10,000.00 for a property with a total value in excess of \$250,000.00.

The fee provided for herein is intended as compensation and reimbursement for Broker's time and costs incurred in the marketing of the subject property. This fee is in addition to reimbursement for MIA appraisal services which multi-family broker has incurred with regard to the subject property.

2. Sales Commissions

At closing of the sale of a subject property, a brokerage commission, based upon the gross sales price of the property as follows:

F. Qualified Contract Price Calculation and Assumptions

All calculations must follow the Code. All assumptions utilized must be, in the sole and absolute discretion of the IHCD, reasonable and customary. The following assumptions must be used when calculating the Qualified Contract Price using Worksheets A through E.

Worksheet B – Adjusted Investor Equity: May be included only if included in adjusted basis of the Development and required by the partnership agreement.

Worksheet D – Cash Distributions: For the purpose of these calculations, cash distributions include: Developer fees, Construction or Contractor fees, Asset manager fees, and any refinance proceeds from the inception through the initial 15-years of participation in the Section 42 Programs.

G. No Warranty

Property owner agrees that the actions, determinations, decisions, or other rulings made by the IHCDAs pursuant to this policy shall not be construed to be a representation or warranty by the IHCDAs as to a Development's compliance with applicable legal requirements, the feasibility or viability of any Development, or any other matter. No action of the IHCDAs shall be relied upon by any person as a representation or warranty by the IHCDAs in connection therewith.

IHCDAs reserves the right to resolve all conflicts, inconsistencies or ambiguities in these Policies, including those which may rise in administering, operating or managing the Qualified Contract Policies. The IHCDAs in its sole discretion reserves the right to, and from time to time may, amend these Policies pursuant to the Code.

H. Exemption Request to Serve Qualified Tenants for the Longest Period

Owners who have waived their right to apply for a Qualified Contract at the end of the mandatory fifteen years and committed to the "Serve Qualified Tenants for the Longest Period" ; may request an exemption from that commitment. Owners who received points for that commitment in their original tax credit application may be eligible to request a Qualified Contract if granted an exemption from the original commitment.

Any owner who received points for an extended commitment in their original tax credit application and wishes to be considered for a Qualified Contract will be required to pay an exemption fee. The fee to request an exemption is equal to the remaining amount of Owner Certification fees in the Extended Use Period. For example, if there are ten (10) years remaining in the Extended Use Period on a project which contains forty (40) units and the compliance fee for each unit is twenty-two (22) dollars every year, the fee to request an exemption would be \$8,800 (10*40*22).

In order to be considered for an exemption, properties must be in good standing with the IHCDAs. A property with outstanding compliance issues or unpaid fees is not eligible to request and exemption.

If the exemption is approved the owner may then follow the policy to request a Qualified Contract as described in Schedule I, Sections A-G.

Prior to submitting a request for Exemption, IHCDAs encourages property Owners to contact IHCDAs regarding the current market rates in the primary market area and their potential impact on the existing affordable units in question.
