RE: Market Study Checks and new Market Study Request Form

This round, please make sure that your check for market research is separate from the check that covers your application fee.

In addition, we have just posted a new market study initiation request form. Please use this one instead of any older copy you might have.

Please contact me with questions you might have. My phone number is (517) 335-4786, and my email address is allend1@michigan.gov.
