CAPITAL NEEDS ASSESSMENT (“CNA”) REQUIRED INFORMATION

(Rehabilitation Developments Only)

The CNA must include a signed statement from a licensed professional architect or engineer that performed the CNA that (a) the CNA meets the requirements of this *Exhibit 114*, (b) the information included is accurate and (c) the CNA can be relied upon by NIFA to present a true assessment of the proposed rehabilitation budget and immediate repairs required at the property. NIFA may determine any CNA to be unsatisfactory and/or may require additional information at the sole expense of the Applicant.

1. The CNA shall examine and analyze the following building components:
 - All infrastructure including, but not limited to site, topography, drainage, pavement, curbing, sidewalks, parking, landscaping, amenities, water, storm drainage, gas and electric utilities;
 - Structural systems, both substructure (i.e., footings and foundations) and superstructure, including exterior walls and balconies, exterior doors and windows, roofing system and drainage;
 - Interiors, including unit and common area finishes (carpeting, vinyl tile, plaster walls, paint condition, etc.), unit kitchen finishes, cabinets, and appliances, unit bathroom finishes and fixtures and common area lobbies and corridors;
 - Mechanical systems, including plumbing and domestic hot water, HVAC, electrical, lighting fixtures, and fire protection;
 - Elevators;
 - Trash removal systems;
 - Clubhouse (if applicable);
 - Storage areas (if applicable); and
 - Parking structures (if applicable).

2. The CNA shall address the following for the building(s) prior to the proposed rehabilitation:
 - Critical Repair Items:** All health and safety deficiencies, or violations of housing quality standards, requiring immediate remediation. If the Development has tenants, these repairs are to be made a first priority.
 - Two-Year Physical Needs:** Repairs, replacements and significant deferred and other maintenance items that need to be addressed within 24 months of the date of the CNA. Include any necessary redesign of the Development and market amenities needed to restore the property to the standard outlined in the application. These repairs are to be included in the Development budget and funded by construction-period sources of funds.
 - Long-Term Physical Needs:** Repairs and replacements beyond the first two (2) years that are required to maintain the Development’s physical integrity over the next twenty (20) years, such as major structural systems that will need replacement during the period. These repairs are to be funded from the reserves for replacement account.

- Analysis of Reserves for Replacement: An estimate of the initial and monthly deposit to the reserves for replacement account needed to fund long-term physical needs, accounting for inflation, the existing reserves for replacement balance and the expected useful life of major building systems. This analysis should not include the cost of the critical repair items, the two-year physical needs or any work items that would be treated as operating expenses.

3. The professional preparing the CNA must:

- (a) Be a licensed architect or mechanical/structural engineer.
- (b) Conduct site inspections of all occupied and vacant units.
- (c) Identify any physical deficiencies as a result of (i) visual survey, (ii) review of pertinent documentation and (iii) interviews with the property owner, management staff, tenants, community groups and government officials.
- (d) Identify physical deficiencies, including critical repair items, two-year physical needs and long-term physical needs. These should include repair items that represent an immediate threat to health and safety and all other significant defects, deficiencies, items of deferred maintenance and material building code violations that would limit the expected useful life of major components or systems.
- (e) Explain how the Development will meet the requirements for accessibility to persons with disabilities. Identify the physical obstacles and describe methods to make the Development more accessible and list needed repair items in the rehabilitation plan.
- (f) Prepare a rehabilitation plan, addressing separately all two-year and long-term physical needs.
- (g) Prepare a replacement reserve schedule, including an estimate of the initial and annual deposits, accounting for inflation and based on a 20-year term.
- (h) Determine the cost/benefit of each significant work item in the rehabilitation plan (items greater than \$5,000) that represents an improvement or upgrade that will result in reduced operating expenses (e.g., individual utility metering, extra insulation, thermo-pane windows, setback thermostats). Compare the cost of the time with the long-term impact on rent and expenses, taking into account the remaining useful life of building systems.

TEN YEAR RULE
(Form of Legal Opinion)

[DATE]

Nebraska Investment Finance Authority
Suite 200
1230 O Street
Lincoln, NE 68508

Re: [PROJECT NAME]

Dear Ladies and Gentlemen:

We are providing this opinion in connection with the application by [NAME] for low income housing tax credits for the property known as [PROPERTY NAME] (the "Property").¹ Specifically, this opinion addresses whether the "acquisition credit" under Section 42(b)(1)(B) of the Internal Revenue Code of 1986, as amended (the "Code"), will be available with respect to the purchase of the Property. We understand that the [NAME OF OWNER] (the "Current Owner") acquired the Property on [DATE] from [NAME] (the "Prior Owner") and intends to sell the Property to a newly formed limited partnership/limited liability company (the "Tax Credit Partnership").

Factual Information

In providing this opinion, we are relying upon the factual information set forth in the Seller's Certificate, attached as Exhibit B, dated [DATE] from the Current Owner (the "Seller's Certificate").

In preparing this opinion, we have reviewed copies of the Recorded Deed dated [DATE] under which the Prior Owner conveyed title to the Property to the Current Owner.

¹ The legal description of the Property is set out on Exhibit A.

In addition, in providing this opinion we have made, and the opinions set forth below are based upon, the following assumptions:

1. Neither the Tax Credit Partnership nor the tax credit investor in the Tax Credit Partnership will be related directly or indirectly to the Current Owner in any fashion.
2. Neither the Tax Credit Partnership, the tax credit investor in the Tax Credit Partnership nor any affiliate of the Current Owner will have ever owned an interest in the Property except as described in this opinion.

Finally, we have reviewed such other documents and materials as we believe appropriate.

Opinion

Section 42(b)(1)(B) of the Code allows a tax credit for the acquisition of an existing building (the “Acquisition Credit”) if the requirements of Code Section 42(d)(2)(B) are satisfied. These requirements are as follows: (i) the building was acquired by “purchase” (as defined in Code Section 179(d)(2)), (ii) there is a period of at least ten (10) years between the date of its acquisition by the taxpayer or the building meets the requirements under Section 42(d)(6)(A) of the Code, (iii) the building was not previously placed in service by the taxpayer or by any person who was a related person to the taxpayer as of the time previously placed in service, and (iv) the taxpayer’s rehabilitation expenditures are sufficient in the amount to qualify for treatment under Section 42(e) of the Code as a separate new building.

Code Section 42(d)(2)(D)(ii) provides that in order for a building to have been “acquired by purchase,” the property must not have been acquired from a seller whose relationship to the buyer of the property will result in the disallowance of losses under Section 267 or 707(b) of the Code. In addition, the property must not have been acquired by one component member of a controlled group from another component member of the same controlled group and the basis of the property in the hands of the buyer must not be determined by reference to the adjusted basis of the property in the hands of the seller (Code Section 42(d)(2)(D)(ii) and 42(d)(2)(B)(iii)). Furthermore, the property cannot have been acquired from a decedent by a person whose basis in the building is determined by reference to Section 1014(a) of the Code.

In addition to the building purchase requirement, Section 42(d)(2)(B)(iii) of the Code provides that a building eligible for the Acquisition Credit cannot have been “previously placed in service by the taxpayer or by any person who is a related person with respect to the taxpayer as of the time previously placed in service.” Section 42(d)(2)(D)(ii) of the Code provides that for purposes of applying this test, “a person (hereinafter in this subclause referred to as the “related person”) is related to any person if the related person bears a relationship to such persons specified in Code Section 267(b) or 707(b)(1), or the related person and such person are engaged in trades or businesses under common control (within the meaning of subsections (a) and (b) of Code Section 52).

The definition of a related person under Code Section 267(b) includes an individual and a corporation more than 50% in value of the outstanding stock of which is owned, directly or indirectly, by or for such individual, and a corporation and a partnership if the same person owns more than 50% in value of the outstanding stock of the corporation and more than 50% of the

capital interest, or the profits interest, in the partnership. In applying these related party rules, Code Section 267(c) provides that in determining the ownership of stock, stock owned directly or indirectly by or for a corporation, partnership, estate, or trust shall be considered as being owned proportionately by or for its shareholders, partners, or beneficiaries and that an individual shall be considered as owning the stock owned, directly or indirectly, by or for his family. Section 707(b) of the Code relates to certain sales or exchanges of property with respect to controlled partnerships and defines the related party relationship as “(A) a partnership and a person owning, directly or indirectly, more than 50% of the capital interest, or the profits interest, in such partnership, or (B) two partnerships in which the same persons own, directly or indirectly, more than 50% of the capital interests or profits interests.”

The Project was [**will be**] acquired by the Tax Credit Partnership by purchase on [DATE], from the Current Owner, an [STATE] [ENTITY], for [\$AMOUNT] pursuant to a Purchase and Sale Agreement by and between the Current Owner and the Tax Credit Partnership, a [STATE] [ENTITY], dated as of [DATE]. As evidenced by the Partnership Certification dated [DATE] (the “**Partnership Certification**”), and the Seller’s Certification as to Ten-Year Ownership dated [DATE] (the “**Seller’s Certification**”), the Current Owner and the [General Partner] have represented that the Current Owner is not a related party to the [General Partner]. The Current Owner also has represented that during the ten (10) -year period prior to [DATE], the Current Owner has owned and held fee simple title to the Project.

Based upon the foregoing, and subject to the limitations and qualifications set forth in this opinion, in our opinion the purchase of the Property by the Tax Credit Partnership in the manner described above should satisfy the requirements for the Acquisition Credit with respect to the allocable portion of the purchase price paid for the buildings located on the Property.

This opinion is based upon the existing provisions of the Code, applicable Treasury Regulations, and judicial and administrative interpretations of those authorities. Treasury Regulations have not been issued under, and there is little or no other authority interpreting, many of the provisions of the Code governing issues addressed in this opinion. Our opinion represents our legal judgment concerning the application of the pertinent provisions of federal income tax law to the facts relating to the Property, and is not binding on the Internal Revenue Service or the courts. Changes in the facts or the applicable law could cause our conclusions to no longer apply.

We are providing this opinion for submission to the Nebraska Investment Financing Authority (“NIFA”) in connection with an application for low-income housing tax credits for the building(s) located on the Property. NIFA may rely on this opinion for that purpose, but no other person may rely on this opinion for any purpose without our consent.

Sincerely,

EXHIBIT A
