- ***Usable Kitchens and Bathrooms:***

Dwelling units must contain usable kitchens and bathrooms such that an individual who uses a wheelchair can maneuver about the space.

The above can be found in the Fair Housing Act Design Manual.

RE: Low Income Housing Tax Credit Allocation Request
Name of Development [REDACTED]
NIFA LIHTC # [REDACTED]
Development Owner Name [REDACTED]

To Whom It May Concern:

We have audited the costs included in the accompanying NIFA Final Cost Certification (the "Final Cost Certification") of [REDACTED] (the "Owner") for [REDACTED] (the "Development") as of [REDACTED], 20[REDACTED]. The Final Cost Certification is the responsibility of the Owner and the Owner's management. Our responsibility is to express an opinion on the Final Cost Certification based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Final Cost Certification is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Final Cost Certification. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall Final Cost Certification presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Final Cost Certification was prepared in conformity with the accounting practices prescribed by the Internal Revenue Service, under the accrual method of accounting, and in conformity with the format and qualified allocation plan rules set by NIFA, which is a comprehensive basis of accounting other than generally accepted accounting principles. Also, we have reviewed technical advice memorandum 200043015, 200043016, 200043017, 200044004 and 200044005 recently released by the Internal Revenue Service, which addressed the inclusion ineligible basis of certain costs.

In our opinion the Final Cost Certification presents fairly, in all material respects, the actual costs of \$ [redacted] and eligible basis of \$ [redacted] of the Owner for the Development as of [redacted], 20 [redacted] on the basis of accounting described above.

This report is intended solely for the information and use of the Owner and the Owner's management and for filing with NIFA and should not be used for any other purpose.

We have no financial interest in the Development other than in the practice of our profession.

2. Current CROWN developments require \$50 per month to be set aside for each tenant. This set-aside will be used by the tenant to assist in the purchase of a home at a future date. Based on _____ units, each tenant would accumulate \$ _____ over the Development’s 15-year compliance period for each home, or \$ _____ for the total homes constructed by the Owner.

Section 2: Development Specific CROWN Requirements
