December 28, 2011

Enclosed are the new 2012 rent and income limits, which must be implemented by January 14, 2012. Please distribute the income and rent limits to the appropriate tax credit property compliance personnel if you are not the person(s) performing those functions. (Please be advised that the rents listed are *maximums* only, and that those projects having a Land Use Restriction Agreement [LURA] with specifically targeted rents are additionally responsible for charging rents which do not violate the LURA.)

If you have any questions, please contact the Tax Credit Compliance Department at (402) 434-3900.
