NEW HAMPSHIRE
2000 QUALIFIED ALLOCATION PLAN
LOW INCOME HOUSING TAX CREDIT PROGRAM
Program Rules
(HFA:109)

HFA:109.01 INTRODUCTION

The Low Income Housing Tax Credit ("LIHTC" or "tax credit") program was created to encourage development of rental housing for low-income households. The LIHTC program was established under the provisions of the Tax Reform Act of 1986, and made permanent in 1993. By Executive Order of the Governor of New Hampshire, the New Hampshire Housing Finance Authority (the "Authority") is delegated responsibility for program administration through an approved Qualified Allocation Plan ("QAP" or "Allocation Plan"). The Authority is responsible for allocating the state's annual credit amount in accordance with the Allocation Plan and Section 42 of the Internal Revenue Code ("IRC 42").

The 2000 Allocation Plan was presented to the public in an open hearing on September 28, 1999, approved by the Authority's Board of Directors on October 28, 1999, and subsequently signed by the Governor of New Hampshire.

The Allocation Plan provides a summary of the LIHTC program and its major requirements, determines the competitive process for allocating the state's annual credit ceiling using selection criteria designed to address New Hampshire's low income housing priorities, specifies the submission requirements for each phase of the application process, and describes requirements relative to long term compliance with the LIHTC program.

HFA:109.02 LIHTC PROGRAM SUMMARY

The following summary provides a brief overview of the LIHTC program, major program and project requirements, and calculation of the tax credit amount. Specific program rules and regulations are described in IRC 42. To the extent this summary or any other information in the Allocation Plan is inconsistent with IRC 42, the provisions of IRC 42 shall govern. This summary is not intended to present all the rules and regulations of the tax credit program. It is strongly recommended that applicants consult with competent legal and tax counsel.

A. Program Administration

Unless otherwise specified, the Authority's Board of Directors delegates LIHTC program administration to staff. The responsibilities of the Board's Multi-Family/Special Projects Committee are delineated in Sections 109.05A (Approval of LIHTC reservations), 109.03F (Waiver of maximum allocation per project), 109.03G (Waiver of maximum active projects per sponsor), and 109.09 (Appeals). The Board of Directors and the Governor must formally approve this document (the 2000 QAP).

2000 New Hampshire Qualified Allocation Plan

B. Program Overview

The LIHTC program is part of the Internal Revenue Code, and is meant to encourage the new construction and rehabilitation of low income rental housing. The program offers a low income housing investment incentive in the form of a tax credit usable against the investor's federal tax liability for a ten year period.

C. Project Eligibility Requirements

To qualify as a tax credit project, a project must maintain a minimum set-aside of rent restricted units for tenants in a targeted income group. At a minimum, at least 20% of the units must be rented to very low income households, defined as households with incomes at or below 50% of the Median Area Income (MAI), or 40% of the units must be rented to low income households, defined as households with incomes not exceeding 60% of the MAI. Median area income limits are adjusted for household size and vary depending on location (See Appendix A). Household size is based on 1.5 persons per bedroom.

The maximum rent for set-aside units is based on 30% of either the 50% MAI or 60% MAI (see Appendices A and B).¹ The maximum rent that can be charged to the tenant is a gross rent and must include all utility expenses. If utilities are paid by the tenant, the maximum rent must be reduced according to the NHHFA Utility Allowance Schedule (see Appendix C) or other approved alternatives.²

Other eligibility standards require that the project is a residential property available for rent on a continuous basis to members of the general public, and is not intended for transient occupancy.

D. Calculation of Tax Credit Dollar Amount

The maximum amount of tax credits available to a project is the product of the appropriate tax credit percentage (credit rate) and the qualified basis of the project. Qualified basis is the product of certain eligible costs (eligible basis) and the low income portion of the project (applicable fraction). Certain development costs are not included in the project's eligible basis. Land costs, permanent financing costs, syndication costs, and reserves are examples of costs not included in eligible basis.

The maximum credit rate is determined by the Internal Revenue Service (IRS) for the month in which the project is placed in service or, if elected by the developer, the month in which an irrevocable election to lock in the credit rate is made (see HFA:109.05 F). The Authority also reserves the right to adjust the tax credit rate below the maximum allowed at its sole discretion. The credit rate may vary, but will be approximately as follows:

¹ See also HFA :109.03P Section 8 Voucher Rent Limitation

² See IRS Revenue Ruling 89-6 for a detailed explanation.

2000 New Hampshire Qualified Allocation Plan

- * 4% of the qualified basis for the cost of acquisition of existing buildings (provided that rehabilitation costs equal the greater of an average of \$3,000 per unit or 10% of the depreciable basis of the building).
- * 4% of the qualified basis for the cost of construction of a new building or rehabilitation of an existing building financed with federal subsidies.
- * 9% of the qualified basis for the cost of construction of a new building or rehabilitation of an existing building financed without federal subsidies.

Projects located in a U.S. Department of Housing and Urban Development (HUD) designated Difficult Development Area (“DDA”) or Qualified Census Tract (“QCT”) may be eligible for additional tax credits. The additional tax credits are calculated by increasing the eligible basis for the new construction or substantial rehabilitation portion of the project by up to 30%, at the discretion of the Authority. Please see the attached list of current DDA’s and QCT’s in Appendix E.

The calculation of tax credits according to this section of the Allocation Plan represents the maximum amount of tax credits available to a project. The actual tax credit amount allocated to a selected project will be limited to the amount necessary for the financial feasibility of the project as determined by the Authority.

The Authority does not represent at any time that a particular project is feasible, or that there is no risk to the applicant who is undertaking the project. Please refer to IRC 42 or consult a tax specialist for more detail on the extensive requirements and restrictions associated with the calculation of tax credits.

HFA:109.03 ALLOCATION REQUIREMENTS AND PROCEDURES

The state is awarded a limited amount of tax credits per year, based on a formula of \$1.25 per capita, referred to as the annual tax credit ceiling. The annual tax credit ceiling for the state of New Hampshire is approximately \$1,480,000. Additional tax credits may be available from prior years if unused tax credits are carried forward, or if previously allocated tax credits are returned or rescinded. If the state uses all of the annual tax credits and tax credits from prior years by the end of the calendar year, the state qualifies to apply for tax credits from the National Pool. Tax credits from the annual tax credit ceiling, returned or carried forward from a previous year, and tax credits awarded from the National Pool comprise the total amount of tax credit available for the year.

A. Allocation Plan Requirements

Each state Allocation Plan must meet certain minimal requirements. The selection criteria must include:

- * project location

2000 New Hampshire Qualified Allocation Plan

- * housing needs characteristics
- * project characteristics
- * sponsor characteristics
- * participation of local tax-exempt organizations
- * tenant populations with special housing needs, and
- * public housing waiting lists.

States must give preference among selected projects to those serving the lowest income tenants and to those serving qualified tenants for the longest period. States may include such other criteria as they deem appropriate, and except for the specified preference items, there are no requirements as to the relative weight of the various factors.

Additional LIHTC responsibilities of the Authority include:

- * Assurance that the amount of tax credits allocated does not exceed the amount “necessary for the financial feasibility of the project and its viability as a qualified low income housing project throughout the credit period.”³
- * Evaluation of all projects for consistency with the Allocation Plan and for credit need, including projects using tax exempt bond financing.
- * There must be an agreement to “an extended low income housing commitment”⁴ for every project. This agreement must be recorded as a restrictive covenant binding on all successor owners, and must allow low income individuals the right to enforce the commitment in state court.⁵
- * Monitoring of compliance with the provisions of Section 42 and notifying the Internal Revenue Service of any noncompliance.

B. Application Rounds

The Authority’s schedule for annual tax credit reservations is as follows:

<u>ROUND</u>	<u>APPLICATION DEADLINE</u>	<u>CREDIT ALLOCATED</u>
--------------	-----------------------------	-------------------------

³ IRC 42

⁴ IRC 42

⁵ See also HFA:109.03 K - Extended Use Agreement, and HFA: 109.08 B - Land Use Restriction Agreement.

2000 New Hampshire Qualified Allocation Plan

1	February 10th	Up to 50% of the annual allocation (see also note below)
2	June 8 th	All remaining allocation, plus unused, returned, and National Pool credits

The Authority reserves the right to allocate more than 50% in the first round in order to fully fund a project reservation which has scored sufficiently to receive a portion of the credit amount needed for feasibility, but would otherwise have to wait until the 2nd round for a complete reservation. The Authority also reserves the right to re-allocate credits between rounds (based on the existing project scoring from the previous application round), if a project from the previous round withdraws or otherwise is rejected. The Authority may consider making a reservation of tax credits for an application received after the Round 2 deadline provided there are tax credits available and there are no otherwise eligible and/or appropriately sized projects remaining from that round. See HFA:109.05 for details.

The Authority may at its discretion elect to reserve less tax credits than are otherwise available in any given application round. See HFA:109.05 for details.

C. Non-Profit Set-Aside

The Authority shall set aside 10% of the State's annual tax credit allocation for qualified non-profit organizations that own an interest in a project and materially participate in the development and management of the project throughout the compliance period in accordance with IRC 42 (h)(5)(B). In order to qualify for the non-profit set-aside, the organization must provide sufficient documentation to verify its status as a qualified non-profit organization in accordance with the requirements of IRC 42 (h)(5)(C). Non-profits may also compete for all other tax credits.

D. Supplemental Set-Aside

The Authority shall set aside \$50,000 of the State's annual tax credit allocation for projects returning for supplemental credits, after having received a carryover allocation in an earlier year. Allocations made under this set-aside can be up to \$15,000 for any one project, and shall be made outside of the competitive process and funding rounds. Requests for more than \$15,000 shall be handled through the competitive rounds and process. Supplemental allocations must meet the General Criteria (HFA 109.04B). Requests under this set-aside will be granted only for projects which have incurred or face substantial unforeseen cost increases. This set aside will be terminated on the date of the last allocation round, and any remaining funds included in that open pool for allocation under the regular rules and procedures. See HFA 109:05 for further information.

E. Authority Review of Design, Bidding and Construction Standards

All projects receiving LIHTC reservations must comply with the Authority's Design and Construction Standards. There is one exception relating to bidding practices, described below. A

2000 New Hampshire Qualified Allocation Plan

complete copy of the Design and Construction Standards can be obtained from the Authority, or viewed at the Authority's website <nhhfa.org> under the Multi-Family section. Generally speaking, projects will need to:

- * Meet the Authority's specific design requirements, including overall site approval; complete lead paint abatement for renovation projects and completion of a Phase I environmental review (and resolution of any issues raised by the review);
- * Meet standard national and state building code requirements, including the federal Section 8 Housing Quality Standards (CFR 982.401) and compliance with federal Fair Housing Act and Section 504 Accessibility requirements; minimum insulation standards; etc.;
- * Have Authority review and approval of architect and engineer stamped plans and specifications prior to bidding;
- * Have Authority approval of the construction contract and schedule of values prior to signing;
- * Have Authority approval of all change orders prior to implementation;
- * Permit the Authority to observe all work in progress.

The Design and Construction Standards mandate use of sealed selective (or public) bidding process, with a public bid opening, and contractors with an identity of interest are not allowed to participate in the bidding. These two items will not be required of LIHTC projects, assuming no other Authority financing. Thus sponsors are free to use any reasonable method for selection of contractors and establishment of the contract price.

F. Maximum Tax Credit Restrictions

The maximum amount of tax credits that any single project may receive is 20% (approximately \$296,000) of the annual allocation.⁶ This limit will apply even over multiple years. The limit may be waived at the sole discretion of the Authority's Multi-Family/Special Projects Committee when a large project is phased over multiple years.

The maximum amount of "in-cap" tax credits that any one applicant (as one of the general partners or as a development agent) can secure in any single calendar year for all projects is 33% (approximately \$488,000) of the annual State allocation.

⁶ "Out-of-cap" tax exempt bond financed project allocations for both projects and applicants are not limited, and such projects are not included toward these limits.

2000 New Hampshire Qualified Allocation Plan

Under special circumstances, either (or both) of these two limits may be waived at the discretion of the Authority's Multi-Family/Special Projects Committee. Examples of "special circumstances" may include, but are not limited to, any or all of the following:

- * large cost overruns that could not have been foreseen by the developer, but which still leave the project with reasonable construction and total development costs;
- * projects which address, with a high degree of impact, the provision of affordable housing (and possibly related services) in that community;
- * the availability of credit near the end of the year, with minimal impact on other eligible applicants.

G. Maximum Number of Applications and Projects

The Authority will not accept a new application if an applicant (or any one of the general partners or development agents) has:

- * three or more New Hampshire LIHTC projects that have not yet been completed (i.e., IRS Form 8609's issued), including "out-of-cap" tax exempt bond financed projects; or
- * two approved project reservations in the same calendar year as the proposed new application.

Exceptions are if it is a supplemental application for a previously approved project, or if it is an application for Phase Two (or subsequent) of a previously approved project.

Under special circumstances, either of these two restrictions can be waived by the Authority's Multi-Family/Special Projects Committee. See HFA 109.03F above for a definition of "special circumstances."

H. Per Unit Cost Standards

The project's per unit cost for development will be evaluated for cost reasonableness. Initially the project's per unit cost (excluding land) will be compared to the prevailing HUD 221(d)(3) limits. These limits are adjusted by HUD periodically. The 1999 limits are listed below.⁷

⁷ HUD typically provides updates of the 221(d)(3) limits in January.

2000 New Hampshire Qualified Allocation Plan

	<u>Non-Elevator</u>	<u>Elevator</u>
0 Bedroom	\$ 55,502	\$ 58,410
1 Bedroom	\$ 63,995	\$ 66,955
2 Bedroom	\$ 77,178	\$ 81,417
3 Bedroom	\$ 98,788	\$105,326
4+Bedroom	\$ 110,055	\$115,615

Subsequently, the Authority will evaluate the project's cost reasonableness based on bids, other project contracts and professional cost estimates. The applicant shall submit professionally prepared cost estimates with the Initial Application Requirements, and proposals or bids with the Commitment Phase Requirements, or earlier upon request by the Authority.

The Authority may allow the project's per unit costs to exceed the HUD 221(d)(3) limits if the applicant demonstrates such costs in the sole judgement of the Authority are justified. Otherwise applications with costs significantly exceeding these limits may be immediately rejected. Examples of justifiable high cost projects might include assisted living or dense urban neighborhood renovation projects.

Further, the Authority may establish a limit on certain development costs. If actual costs exceed the limit, the excess costs will not be recognized in calculating the final allocation of credit.

I. Contractor Overhead and Profit

The following limits on general contractor overhead, profit, and general requirements shall apply to all projects:

- * Profit: 6 percent of construction costs
- * Overhead: 2 percent of construction costs
- * General Requirements: 6 percent of construction costs

The construction contract must specify the costs for these line items (e.g. in the schedule of values). For purposes of calculating these limits, construction costs shall exclude contractor overhead, profit, and general requirements.

Additional proposals may be required should the Authority consider the general contractor cost or any subcontractor costs excessive. For projects in which there is an identity of interest between the developer and the contractor, the Authority will evaluate and may reduce the total profit to the developer/contractor. In cases where there is an advertised public or selective contractor bid and the Authority monitors the bidding process, these limits may be waived at the sole discretion of the Authority.

J. Developer Fee

2000 New Hampshire Qualified Allocation Plan

The maximum developer fee allowed is calculated in accordance with the Authority's Developer Fee Schedule (Appendix D). The fee will be strictly limited, with any violations of the developer certification of development cost forwarded to the IRS using IRS form 8823. For purposes of calculating the maximum developer fee allowed, the Authority does not distinguish between the developer fee and fees for consultants doing those tasks typically done by a developer, regardless of whether the applicant is a for-profit or non-profit entity. "Consultant fees" counted as developer fee do not include professional fees such as architectural, engineering, or appraisal fees.

K. Extended Use Agreement

IRC Section 42 [Sec. 42(h)(6)D] provides a requirement for an Extended Use period of at least 15 years beyond the initial 15 year compliance period. Section 42 (h)(6)(E)(II) provides an exception:

“...if the housing credit agency is unable to present during such period a qualified contract for the acquisition of the low income portion of the building by any person who will continue to operate such portion as a qualified low income building.

Subclause (II) shall not apply to the extent more stringent requirements are provided in the agreement or in State law.”

All projects receiving an allocation of Low Income Housing tax credits shall be bound to a minimum 30 year low income compliance period. Project sponsors will not be allowed to request that the Authority find a buyer to acquire the low income portion of the development until 30 years from the placed in service date, and thus the LIHTC income and rent restrictions will not be allowed to terminate at the end of the 14th year for any reason.

Further the Authority must approve the proposed buyer and the terms of any proposed sale of a tax credit property (including the non-LIHTC units), so that the affordability, condition of housing and quality of management of the low income units will be maintained and not jeopardized during the 30 year period. The Authority shall be under no obligation to approve any transaction, except for ownership transfers by a partnership which has entered into a Right of First Refusal with a non-profit corporation (or its subsidiary) that was a general partner at the time of the original allocation, at the statutory price formula set forth in IRC 42 (h)(6)(F). No proposed transaction will be approved if the purchase terms of such a transaction exceed the acquisition price formula cited above.

L. Authority Evaluation and Underwriting Standards

Project applications will be evaluated using the Authority's Multi-Family underwriting criteria, and all applications must meet the minimum standards for debt coverage ratio, income and expense trending, operating and replacement reserves etc. A copy of these standards can be obtained from the Authority, or viewed at the Authority's website <nhhfa.org> under the Multi-

2000 New Hampshire Qualified Allocation Plan

Family section. Applications not meeting the underwriting standards may be rejected at the sole discretion of the Authority.

M. Professional Reports: Appraisal, Phase I, Market Study

Professional studies, if required by the Authority, must be completed by the Commitment phase of the Allocation process (see HFA:109.05B). Certain incentive points are given in the competitive scoring process if various reports are completed at the time of initial application (see HFA:109.04C 11.). Appraisals and market studies may be waived at the discretion of the Authority. If required by the Authority, particularly due to a request for other Authority financing, appraisals and market studies may need to be contracted by the Authority directly. Contractors for appraisals and market studies are chosen through a selective bid to pre-qualified contractors. The Authority will request payment from the Applicant prior to the bid being awarded.

1. **Appraisal:** Acquisitions costs which exceed the appraised value are generally not acceptable except under extenuating circumstances, which must be stated in writing as part of the application process. The appraiser must meet New Hampshire standards for evaluating commercial property.
2. **Phase I Environmental Report:** A satisfactory Phase I environmental report is a requirement for the allocation of tax credits. The report must meet ASTM Standard E 1527-97 for Environmental Site Assessments. Older buildings planned for renovation should have lead testing completed (unless a gut renovation is planned). Issues raised by the Phase I report should be resolved to the extent possible (e.g. further testing of suspect materials). Phase I reports can be contracted directly by the sponsor in all cases.
3. **Market Study:** Thorough market studies by competent third party consultants will generally be required. Exceptions may be allowed for properties already fully occupied, or in situations where comparable market studies were recently completed.

N. Tenant Anti-Displacement and Relocation Policy

Permanent displacement of tenants is strongly discouraged. The Authority reserves the right to reject any applications that fail to minimize permanent displacement of tenants. Any proposed temporary and permanent relocation of tenants should generally meet standards equivalent to the federal Uniform Relocation Act.⁸

⁸LIHTC projects are not covered by the federal URA unless other funding is involved in the project such as CDBG or HOME.

2000 New Hampshire Qualified Allocation Plan

O. Federal Tax Information Authorization

IRS Federal Revenue Ruling 9-98 established a process for the Authority to check the LIHTC related background of tax credit applicants. Data available to the Authority from the IRS includes a review of the Business Master File, revenue agent reports and other sources of account data. The Authority needs to sign a Memorandum of Understanding with the Internal Revenue Service in order to begin implementing this policy, and has not yet done so. Applicants will be required to submit IRS Form 8821 with their tax credit applications starting in the year 2000, including separate forms for all general partners.⁹

P. Section 8 Voucher Rent Limitation

For those tenants receiving Section 8 Housing Assistance Payments, rents will be restricted to the the maximum LIHTC rent even if the Fair Market Rent exceeds the LIHTC rent limit. Units which receive Project Based Section 8 Assistance will not be limited.

HFA:109.04 SELECTION PROCESS AND CRITERIA

A. Overview

In order to meet the State of New Hampshire's housing needs and priorities, as well as make the most efficient use of the tax credits available to the state, this project selection system was created to encourage projects that address specific objectives. These objectives are largely based on conclusions contained in the 1996-2000 Consolidated Plan for the State of New Hampshire and the subsequent annual Action Plan updates.

Applications for Reservation meeting the general program requirements, Application Threshold Requirements listed in Appendix F, and which score competitively, will be recommended to the NHHFA Multi-Family/Special Projects Committee for a reservation of credits. Applications should be complete and the required supporting documentation included. Inconsistencies in the application or missing supporting documentation may reduce the project's score or cause it to be rejected. The Authority is not required to notify the applicant of inconsistencies or missing information. In addition projects must receive a minimum of 90 points to be eligible to receive a tax credit reservation.

B. General Criteria

Projects may be rejected at any time during the allocation process (from application up to completion and issuance of the IRS Form 8609) at the sole discretion of the Authority for failure to meet the General Criteria listed below:

- * The project location is considered infeasible or inappropriate; for example, proposed sites with severe topographical impediments that would make development abnormally expensive or impossible, or location in a neighborhood not conducive for senior or family residential use.

⁹IRS documents can be secured on the internet at < www.ustreas.gov/prod/forms_pubs/index.html>

2000 New Hampshire Qualified Allocation Plan

- * Project or housing characteristics (e.g. style, density, undue concentration of income targeting or large family units) are inappropriate for neighborhood, do not appear to satisfy market need, or there is undocumented /unsupported market demand.
- * The project's developer or any party affiliated with the development team does not have the experience or ability to successfully complete the project or has failed to meet the objectives of the program on past proposals.
- * The project's management agent or general partner has a history of chronic noncompliance in accordance with HFA:109.08A.11, has failed to meet the requirements of the Land Use Restriction Agreement for previous projects, or has any significant negative tax credit history with other state tax credit allocating agencies as documented in IRS records (see HFA: 109.03O).
- * The project's developer, management agent, or anyone affiliated with the general partner is or has been noncompliant or otherwise in default with this or any other Authority program as determined by the Authority.
- * The developer or general partner(s) has another tax credit project that has not started construction within six months from the LIHTC commitment date.
- * Development costs, including but not limited to developer fees, intermediary costs, and syndication expenses are judged to be unreasonable.
- * The project is determined to be financially infeasible due to high costs and/or lack of adequate financing sources.
- * The Authority concludes that the project will not be able to satisfy the criteria of the Commitment Requirements (listed in Appendix G) in a timely manner. For example, serious issues need resolution, such as planning, zoning, permits or land use requirements, Phase I environmental issues, the ability of the sponsor to obtain debt financing, problems with statutory requirements, etc.

Note that representations made about the project relating to factors that are used in the selection and scoring criteria may not be changed without the approval of the Authority, and will be enforced by the Land Use Restriction Agreement (See HFA:109.08B). Tax credit reservations may be rescinded if the project changes in a way that reduces the initial score at the sole discretion of the Authority (See HFA 109.05B Commitment Phase).

A change in the project ownership or the management agent from that represented in the application may subject the project to re-evaluation in accordance with the Allocation Plan.

2000 New Hampshire Qualified Allocation Plan

Under no circumstances will changes to the project ownership or management agent be allowed without the express written permission of the Authority.

C. Scoring Criteria

Each project will be scored using the criteria listed below. Provide documentation where applicable. Any supportive documentation is subject to verification and the Authority may require additional information as a condition of awarding points. The Authority may reject any documentation deemed to be insufficient, unsupported, or inadequate for the particular scoring criteria.

1. **Project Impact**

New Construction, or substantial rehabilitation with rehabilitation costs equal to or exceeding 50% of total development cost (including contingency, but not including the cost of land). 15 points

Substantial rehabilitation with rehabilitation costs less than 50% (including contingency, but not including the cost of land). 0 points

2. **Family Units**

An applicant can score points in either section in this category: a and/or b.

a. Family projects with greater than or equal to 70% of the units having 2 or more bedrooms. 10 points

b. Family projects with 20-49% of the units having 3 bedroom units. 5 points

or

Family projects with 50% or more of the units having 3 or more bedrooms, and:

Any size rehabilitation project (or combination new and rehabilitation);
or new construction with a project size less than or equal to 20 units
10 points

Project size greater than 20 units, contiguous new construction only
(except senior housing). Minus 10
points

3. **Income Targeting**

An applicant can score points in only one section in this category: a or b.

2000 New Hampshire Qualified Allocation Plan

- a. Greater than 20% but less than or equal to 50% of the total number of units reserved for very low income (< 50%MAI) 5 points

or

- b. Greater than 50% of the total number of units reserved for very low income (< 50% MAI), and

Any size rehabilitation project (or combination new and rehabilitation);
or new construction with a project size less than or equal to 20 units; any
senior housing (new or rehabilitation);

10 points

or

Project size greater than 20 units, contiguous new construction only
(except senior housing) Minus 10 points

4. Service Enriched Housing

Applicants can secure scoring in only one section in this category. Sponsors must meet the requirements set forth in Appendix P (Special Needs). For any of the five sections, the project must continue in this use for the full compliance period, and will be enforced through the Land Use Restriction Agreement.

- a. Service Enriched Housing Level I - Any significant on-going supportive service(s) to be provided to tenants by the owner, management agent, or contracted to a third-party provider. 5 points

- b. Service Enriched Housing Level II - Significant operational and financial support for staff dedicated to provide service(s) to residents, including service coordination, tenant services/ empowerment, homemaking. 7 points

- c. Service Enriched Housing Level III - Substantial level and range of services to be provided on-site to at least 20% of the tenants by the owner, management agent, or contracted to a third party. There must be significant operational and financial support by the owner and integration of the services into the project, as evidenced by a detailed operating budget, service plan and contracts. An example would be

a project supported (i.e. financially) on-site service coordinator. 10 points

2000 New Hampshire Qualified Allocation Plan

- d. Service Enriched Housing Level IV - Same as above, to be provided to at least 50% of the tenants. 15 points
- e. Single Room Occupancy (SRO) or other special needs housing. Examples include housing primarily for physically challenged or mentally handicapped individuals, those with HIV/AIDS, etc. 15 points

5. Maximum Rent Agreement

Rents for all LIHTC units will be maintained at 90% or less of the maximum allowable LIHTC rents (for the unit category selected - 50% or 60%) for the full compliance period.¹⁰ 10 points

6. Public Housing Waiting Lists

Projects that can demonstrably provide housing to persons on waiting lists for public housing will be eligible for points in this category. To meet this requirement the local public housing authority must be a material participant in the project as determined by the Authority, such as a general partner or qualified management agent. 5 points

7. Location

Scoring for location is by the county in which the project is located. The ranking is based on U.S. Census data regarding the relative number of households with a high housing cost burden. Projects located in:

Carroll, Sullivan, Grafton, Strafford	8 points
Cheshire, Belknap, Coos	5 points
Merrimack, Rockingham, Hillsborough	3 points

8. Neighborhood or Town Improvement

Applications can secure up to 15 points in this category (a and b).

- a. Points may be awarded for projects which are important toward neighborhood or town improvement. The points awarded will correlate with the magnitude of the impact of the proposed project. Applicants must document the extent of existing deterioration, blight etc., and indicate how the proposed project will help in improving the economic or social condition of such a designated area. 0 to 10 points

¹⁰If a unit is in the 50% LIHTC category, the 90% maximum rent agreement means 90% of the 50% maximum rents.

2000 New Hampshire Qualified Allocation Plan

b. Points may be awarded for projects which are located in formally designated improvements areas, such as HUD Enterprise Zones, Main Street programs, designated blighted areas, or otherwise targeted areas. The minimum size improvement zone for this scoring category is generally a 1 block area. The formal designation must come from an official act by a government agency, such as a City Council or Town Board.
5 points

9. Advanced Projects

Additional points may be awarded at the discretion of the Authority for advanced progress of the development, as per the following schedule:

Site Control or	1 point
Site Ownership	3 points
Phase I Environmental completed ¹²	2 points
Market Study completed (or waived by the Authority)- must be commissioned by the Authority	2 points
Grant/Soft Loan Commitment (significant dollar amount)	3 points
Preliminary Plans or	1 point
Comprehensive Plans and Specs	3 points
Zoning and Planning Permits in Place (or not an issue)	<u>2 points</u>
Maximum for Category	15 points

10. Project Grants and Assistance

An applicant can score points in either of the two sections in this category: a and/or b.

a. Family projects which have a new rental assistance subsidy for at least 90% of the units, for the full compliance term.
15 points

or

Family projects which have a new, significant rental assistance subsidy for at least 50% of the units, for a minimum of 5 years.
10 points

¹² See also HFA: 109.05B. The Phase I Environmental Assessment is an Authority LIHTC requirement, but may be contracted by the sponsor directly if no other Authority financing is being requested. If other Authority financing is being requested, the study may need to be contracted for directly by the Authority. Please contact Authority staff if you have any questions.

2000 New Hampshire Qualified Allocation Plan

b. Projects which have a contribution of a significant amount of CDBG or other federal loans or grants, including the Federal Home Loan Bank Affordable Housing Program (AHP), at a rate below the Applicable Federal Rate (AFR) and/or are non-amortizing. Authority HOME, FAF and AHF funds are not eligible for this point category.

5 Points

11. Participation of Local Tax-Exempt Organizations

Development entity includes a local tax-exempt sponsor as a managing general or co-general partner (interest must be at least 51%, and “materially participate” in the development process).

10 points

or

Development entity includes a local tax-exempt sponsor that provides uniquely non-profit oriented, ongoing and substantial services to the project.¹³

5 points

12. Local Support

Project is supported by local elected public officials, local housing authority, local community development organizations, with written documentation.

0 to 5 points

13. Equity Investment

Projects demonstrating the ability to achieve a high net equity investment from the sale of the Low Income Housing Tax Credits (LIHTC). A Letter of Interest from an acceptable equity investor or syndicator must be provided with the application. The letter must state the proposed equity rate (i.e. cents on the LIHTC dollar, not including historic tax credits) in order to secure scoring in this category. Total equity must be calculated net of bridge loan fees and interest and any additional costs not included in the development budget. For example, project reserve requirements in excess of Authority requirements must be deducted from gross equity. For projects with net equity:

= > 78% or more of LIHTC credit amount over 10 years.

5 points

< 78% of LIHTC credit amount over 10 years.

Minus 5 points

14. Management Experience

¹³ As an example, non-profit operated property management is not an eligible service for the five points, since it is not unique to non-profit organizations.

2000 New Hampshire Qualified Allocation Plan

To receive points for this category, the management agent must complete and submit the Management Questionnaire (Appendix G of the application). In addition, the developer must have an executed agreement from the management agent, to be included in the application.

Developer's management agent has demonstrated experience defined as having managed a tax credit property which has had at least one compliance monitoring review, has met the Annual Training requirements (defined in HFA:109:08A.10) and does not have a history of non-compliance (as defined by HFA:109:08A.11).

10 points

or

Developer's management agent meets the experience requirements as defined in the Management Questionnaire.

8 points

15. Developer Experience With the Authority

The developer or any individual that is part of the development team:

- * has any outstanding obligations owed to the Authority of more than 30 days in arrears;
- * is involved in other tax credit projects which have a history of non-compliance (as defined by HFA:109:08A.11);
- * the project's developer, management agent, or anyone affiliated with the general partner is or has been noncompliant or otherwise in default with this or any other Authority program as determined by the Authority;
- * has been awarded credits in the past that were subsequently returned or otherwise unused (unless with good cause).

Such determination will be made by the Authority in its sole discretion.

Minus 1 to Minus 20 points

HFA:109.05 APPLICATION PROCESSING

There are three phases of application processing - the **Reservation Phase**, **Commitment Phase** and the **Allocation Phase**. All applications shall be made on the application form provided by the Authority.¹⁴ All applications must be submitted by the appropriate deadline.

¹⁴ Applicants are strongly encouraged to use the computer spreadsheet version of the application, and submit both a signed printed version and a 3 ½ inch disk with the file on it.

2000 New Hampshire Qualified Allocation Plan

Applicants are encouraged to submit applications early and/or discuss preliminary proposals with LIHTC program staff in order to facilitate the development and tax credit process. Incomplete applications will be rejected without further processing, though minor variances may be waived at the discretion of the Authority.

Reservations of projects applying for supplemental credits (after having received a carryover allocation in a previous year) may apply at any time in the year prior to the last round, and will be evaluated outside of the competitive scoring process. Reservations of supplemental credits can be approved by Authority staff without further Multi-Family/Special Projects Committee approval. See section HFA109.03D for further information.

Projects may be rejected at any time during the allocation process at the sole discretion of the Authority for failure to meet the General Criteria in HFA:109.04B of the Allocation Plan.

A. Reservation Phase

All applications for a Reservation of tax credits must contain the requirements listed in Appendix F, Application Threshold Requirements. Upon satisfactory completion of the Application Threshold Requirements, the project will be scored and ranked in accordance with the Scoring Criteria described in HFA:109.04C of the Allocation Plan. Projects shall be recommended for a Reservation of tax credits based on the competitive scoring results. Projects must receive a minimum of 90 points to be eligible to receive a tax credit reservation.

In a situation where only partial credits are available for the next highest scoring project, the Authority will retain the right to bypass that project, and either give credits to other projects lower in the scoring ranking which can fully use the remaining credit amount, or use the credits in a future round.

If a partial allocation is offered, the Authority must be convinced that a project can be appropriately phased or down-scaled, that the project's feasibility is not conditioned upon receipt of a future additional Reservation, and that the project can retain its Scoring Criteria ranking. The Applicant must demonstrate the ability to meet these criteria within 21 days of notification by the Authority. If the project fails to show it can work with the credits available, the Authority may proceed to reserve credits for lower scoring projects, or use the credits in a future round.

The Reservation of tax credits shall be awarded by the Authority's Multi-Family/Special Projects Committee (except for supplemental credits, as described above).

Applicants not receiving a tax credit Reservation will be considered rejected for that application round, but can be considered in subsequent rounds. These Applicants may be

2000 New Hampshire Qualified Allocation Plan

placed on a waiting list until the end of the calendar year in which the application was received. Applicants must submit a request to be placed on a waiting list within 30 days of notification that tax credits have not been awarded during that round, or the application will be considered withdrawn. Applicants on the waiting list will not receive any ranking priority and will compete equally with all other applicants in any subsequent rounds in that same calendar year. The Authority may require the Applicant to submit amendments to the application and the Applicant will be required to meet any changes in the IRC 42 or the Allocation Plan.

B. Commitment Phase

Within **120** days of notification of a Reservation of tax credits, or 30 days preceding the Allocation Phase deadline, whichever is sooner, the Applicant must complete all requirements listed in Appendix G, **Commitment Phase Requirements**.

The Authority may require additional information from third parties for this Phase, such as a market study or appraisal.¹⁵ Any third-party reports required by the Authority must generally be contracted by the Authority directly. Contractors for appraisals and market studies are chosen through a selective bid to pre-qualified contractors. The Authority will request payment from the Applicant prior to the bid being awarded. Prompt payment is required and failure to do so may jeopardize successful completion by the deadline for Commitment Phase requirements.

Projects that meet the requirements of the Commitment Phase will be eligible to apply for an allocation of tax credits. Commitment Phase requirement extensions will be granted at the sole discretion of the Authority. At this time, the initial project scoring will be confirmed. Reductions in project scoring are not permitted without the express written permission of the Authority. The tax credit Reservation may be rescinded at the sole discretion of the Authority for not meeting the Commitment Phase Requirements, or if the project scoring has been reduced.

Once a project has met the Commitment Phase requirements, a Land Use Restriction Agreement (LURA) will be prepared. The Applicant must provide proof that the signed document has been recorded at the County Registry of Deeds, and evidence that the LURA has precedence in the Land Records over any permanent financing or other liens (e.g. via title update) prior to receiving a Carryover or Final Allocation.

C. Allocation Phase

The **Allocation Phase** may consist of two parts, depending on when the project is placed in service. Projects not placed in service by the end of the calendar year in which the tax credits

¹⁵ See also HFA: 109.03M. Professional Reports: Appraisal, Phase I, Market Study

2000 New Hampshire Qualified Allocation Plan

were reserved, must complete an Application for a Carryover Allocation and the requirements listed in Appendix H, **Carryover Allocation Requirements** by October 31st for first round reservations, and December 1st for second round reservations. Projects that satisfactorily complete the Carryover Allocation Requirements will be eligible to be issued a Carryover Allocation Agreement. Projects that receive a Carryover Allocation must be placed in service by the end of the second calendar year following the year of the Carryover Allocation.

For projects placed in service by the end of the calendar year in which the tax credits were reserved or in which a Carryover Allocation was received in a previous year, the Applicant must complete an Application for Final Allocation with the required documentation listed in Appendix I, **Final Allocation Requirements** within 90 days of the placed in service date or December 1, whichever is earlier. Projects that satisfactorily complete the Final Allocation Requirements will be eligible to be issued the IRS Form 8609. Any Applicant with a tax credit Reservation that does not submit an Application for Carryover Allocation or Final Allocation by the appropriate date may lose its tax credit Reservation, at the sole discretion of the Authority.

At the time of application for allocation, the Applicant may make an election to establish the Gross Rent Floor. This election sets the minimum rents for the entire compliance period. Please see Appendix O for further explanation.

D. Authority Evaluations

The Authority will perform a complete analysis of the project at the Reservation Phase, Application for Carryover Allocation, and Application for Final Allocation. Based on the Authority's analysis, the project will receive no more than the tax credit amount required for the project's feasibility, assuming the project qualifies for at least that much credit.

To determine the tax credit dollar amount, the project application will be underwritten using the Authority's underwriting criteria (see HFA: 109.03 L). The development and operating budgets will be reviewed for reasonableness, and line items may be adjusted up or down by the Authority based on this review. Projects will be underwritten based on no less than the net equity investment as projected in the Application. Projects will generally be underwritten assuming the maximum debt based on a debt coverage ratio (annual net operating income before debt service divided by annual debt service) of no greater than 1.2 with prevailing loan terms for commercial properties. A higher debt coverage ratio may be used in cases of small or special use projects where there is a higher than normal risk.

The amount of tax credits reserved will establish the maximum tax credit amount that can be allocated to the project without applying for additional credit. Depending on availability, the amount of the Reservation will generally be calculated using either the current "4%" credit rate for acquisition or new construction or substantial rehabilitation costs financed with federal

2000 New Hampshire Qualified Allocation Plan

subsidies, and the current “9%” credit rate for new building or substantial rehabilitation costs not financed with federal subsidies. The Authority may choose, at its sole discretion for any or all project reservations, to make the reservation based on a smaller credit rate.

E. Irrevocable Election

After a Reservation is made, the sponsor may irrevocably elect to lock in the applicable percentage, provided the Authority's Binding Agreement and Irrevocable Election document is executed by the fifth day following the month in which the applicable percentage is elected. Authority staff must be notified at least **14** days prior to this deadline. This option is available to the sponsor up until the date the project is placed in service or execution of the Carryover Allocation Agreement, whichever is sooner. For tax exempt bond financed projects using out-of cap tax credits, the Irrevocable Election must be made in the month the bonds are issued; otherwise the project must wait until the placed in service date.

F. Application Fees

The LIHTC application fee is 7% of the final allocation amount for for-profit applicants, and 5% for non-profit applicants, paid in accordance with the schedule below. There is also a compliance monitoring fee of \$500 per LIHTC unit, which must be paid prior to issuance of the IRS Form 8609.¹⁶

- Application for Reservation: 1% of the annual tax credit request or \$500, whichever is greater, due with submission of Application Threshold Requirements.
- Commitment Phase: 2% of the annual tax credit reserved, due with submission of Commitment Phase Requirements.
- Application for Final Allocation: 4% (for-profits) or 2% (non-profits) of the annual tax credit, due with the request for Final Allocation - IRS Form 8609 (plus the compliance monitoring fee).

Applications will not be processed without the required fees. At the discretion of the Authority, non-profit applicants may be allowed to pay fees at loan closing with the exception of the application fee for Reservation. This must be requested in writing, accompanied by the organization's most recent financial statement.

The initial application fees may be refunded, less \$500, if a project is withdrawn or otherwise fails to secure a reservation for the round in which an Application is submitted. No fees are refundable after a reservation has been approved. Refunds must be requested in writing within

¹⁶ See also Compliance Monitoring, HFA:109.08A8.

2000 New Hampshire Qualified Allocation Plan

30 days of notification from the Authority. Unsuccessful applicants wishing to apply in future rounds within the same year must submit a non-refundable re-application fee of \$100 for that new round by the appropriate round application deadline.

HFA:109.06 PROJECTS FINANCED BY TAX-EXEMPT BONDS

Projects financed with tax-exempt bonds may apply for “out-of-cap” tax credits apart from the state's annual tax credit ceiling and application/scoring process. In order to qualify, 50% of the project basis must be financed with tax exempt bond proceeds. “Out-of-cap” project applicants must meet two general requirements in order to receive tax credits.

- * The project must satisfy the requirements for allocation in accordance with the QAP, including the threshold requirements (109.04B).
- * The issuer of the tax-exempt bonds must make a formal determination that the amount of tax credits allocated is no more than necessary to make the project feasible.

Carryover Allocations are not required for projects financed with tax-exempt bonds. The Authority issues a "Determination Letter" stating the estimated amount of tax credits that the project is eligible for just prior to the bond closing transaction, assuming all other LIHTC program requirements have been or will be met.

Fees for tax exempt bond tax credits will be 7% of the anticipated tax credit dollar amount (regardless of sponsor type), with 2% payable prior to issuance of the Determination Letter, and 5% payable at application for IRS Form 8609. These fees are non-refundable.

Tax exempt bond funded projects must also pay the one-time compliance monitoring fee of \$500 per LIHTC unit prior to issuance of the IRS Form 8609.¹⁷ Tax exempt bond properties will be monitored for compliance in the same manner as all other LIHTC projects (see HFA:109.08 **COMPLIANCE**).

HFA:109.07 PROJECTS FINANCED BY RURAL DEVELOPMENT (RD)

Projects financed by Rural Development (RD, formerly the Farmers Home Administration, or FmHA) through the FmHA 515 program may have separate cost certification requirements imposed by the RD. Information regarding the project, including cost certifications, is shared in accordance with a signed Memorandum of Understanding between the RD and the Authority.

¹⁷ See also Compliance Monitoring, HFA:109.08A8.

2000 New Hampshire Qualified Allocation Plan

HFA:109.08 COMPLIANCE

The 1990 Omnibus Reconciliation Act requires tax credit allocating agencies to monitor project compliance with Low Income Housing Tax Credit regulations. This requirement became effective January 1, 1992 and applies to all projects which have received a tax credit allocation since the inception of the tax credit program.

Specifically, IRC 42 requires the tax credit allocating agency to monitor compliance with the tax credit program on a project by project basis. The Authority may contract with a private vendor to act as its agent in monitoring the tax credit program. The Authority's compliance monitoring responsibilities begin at the time the first building is placed in service. The Authority or its agent will notify owners of projects scheduled for review and will examine record keeping and record retention provisions in accordance with the following Compliance Monitoring Procedures.

A. Compliance Monitoring Procedures

The following is a description of the procedures the Authority will follow in conducting compliance monitoring of tax credit projects in New Hampshire:

1. Record Keeping and Record Retention - Project owners are required to retain the following records for each building in a project for a minimum of 6 years after the due date (with extensions) for filing the federal income tax return for that year. Records for the first year of the credit period must be retained for at least 6 years beyond the due date for filing the federal income tax return for the last year of the compliance period of the building.
 - a. The total number of residential rental units in the building (including the number of bedrooms and the size in square feet of each residential rental unit);
 - b. The percentage of residential rental units in the building that are low income units;
 - c. The rent charged on each residential rental unit in the building (including any utility allowances);
 - d. The number of occupants in each low income unit, but only if rent is determined by the number of occupants in each unit under section 42(g)(2) of the Internal Revenue Code (as in effect before the amendments made by the Revenue Reconciliation Act of 1989);
 - e. The low income unit vacancies in the building and information that shows when, and to whom, the next available units were rented;

2000 New Hampshire Qualified Allocation Plan

- f. The annual income certification of each low income tenant per unit (Appendix T);
 - g. Documentation to support each low income tenant's income certification (for example, a copy of the tenant's federal income tax return, Forms W-2, or verifications of income from third parties such as employers or state agencies paying unemployment compensation). In the case of a tenant receiving Housing Assistance Payments under Section 8, the documentation requirement of this paragraph (g) is satisfied if the public housing authority provides a statement to the building owner declaring that the tenant's income does not exceed the applicable income limits under section 42(g) of the Internal Revenue Code (see Appendix Q for format);
 - h. The eligible basis and qualified basis of the building at the end of the first year of the credit period; and
 - i. The character and use of the non-residential portion of the building included in the building's eligible basis under section 42(d) of the Internal Revenue Code (e.g., tenant facilities that are available on a comparable basis to all tenants and for which no separate fee is charged for use of the facilities, or facilities reasonably required by the project).
2. Tax Credit Compliance Monitoring Status Report - Project owners are required to annually submit information on tenant income and rent for each low income unit in the format designated in Appendix R directly to the Authority or its agent. The Owner will also be required to submit two additional forms in the year following the first year in which the project placed in service, Form CM -1, "Location Preference Sheet" (Appendix W) and Form CM-2, "Original Qualified Basis Tracking Sheet" (Appendix X).
 3. Annual Certification of Continuing Program Compliance - Each tax credit project owner shall be required to certify annually to the Authority that, for the preceding 12 month period, the project complied with certain requirements for maintaining tax credit compliance under IRC 42. The Certificate of Continuing Program Compliance (Appendix S) must be submitted to the Authority or its agent by December 31 of each year of the compliance period. (The compliance period is the period of 15 taxable years beginning with the first taxable year of the credit period.) The Authority or its agent will review all certifications of compliance. Project owners who fail to submit or properly complete the certification will be notified that their project is in noncompliance in accordance with paragraph 7 of this section.
 4. IRS Form 8609 - A copy of the IRS Form 8609 completed by the owner for each building, with the lower section of the Form, shall be submitted to the Housing

2000 New Hampshire Qualified Allocation Plan

Management division of the Authority within 60 days after it has been filed for the first time with the IRS.

5. Project Inspection - The Authority or its agent will conduct on-site project inspections in accordance with IRC 42 - 5(c)(2)(ii)(B). No fewer than 20 percent of the low income housing tax credit projects in New Hampshire will be inspected each year. At a minimum, the low income certification, the documentation the owner has received to support the certification, and the rent received for each low income tenant will be reviewed and units inspected in at least 20 percent of the low income units in these projects. Project inspection may also include the following:
 - a. Review of qualified basis for all properties for the first year the tax credit is claimed.
 - b. Review of initial compliance requirements for all properties.
 - c. Review of tenant income certifications and back-up documentation for all low income units, along with review of income eligibility of all low-income unit occupants by comparison of gross income to appropriate 20/50 or 40/60 income limits, and calculation and review of rent restrictions.
 - d. Review of re-rental activity for the given year for each tax credit unit, along with review of subsequent changes in income, household composition, student status, impact of the 140% rule and vacant unit tax credit regulations.
 - e. On-site inspection of common areas and low income units, in accordance with 24 CFR 982.401 (Section 8 Housing Quality Standards).
 - f. Review of corrective action requirement from noncompliance findings.
 - g. Review of representations made about the project used in the initial application and selection criteria process and all requirements of the Land Use Restriction Agreement.
 - h. The minimum set-aside will be reviewed based on the choice made by the owner on the application, unless the owner notified the Authority in writing prior to the placed in service date of a different election percentage.
 - i. Certificate of Compliance with Special Conditions (Appendix V). The Owner is required to submit this Certification annually.

2000 New Hampshire Qualified Allocation Plan

Owners will be given at least a 30 day advance notice of an inspection but will not be notified what units will be inspected. Note that the Authority or its agent has the right to inspect any buildings of the Low Income Housing Tax Credit project at least through the end of the compliance period. This right to inspect is separate and in addition to any review of low income certification, supporting documents and rent records required under this paragraph, including the Income Certification form (Appendix T) to be signed by each adult member of the household at initial move-in and annual re-certification.

The Authority may make an exception for buildings financed by Rural Development (RD) under the Farmers Home Administration (FmHA) 515 program, or buildings in which 50 percent or more of the aggregate basis (taking into account the building and the land) is financed with tax-exempt bonds. Review of tenant income certification, supporting documentation, and rent records may not be required for such buildings if the Authority enters into an agreement with RD or the tax-exempt bond issuer. Under such agreements, the Authority or its agent would review information on tenant income and rent provided by RD or the tax-exempt bond issuer. Further review of these buildings would occur if such information was not sufficient to determine compliance with tax credit regulations. **The Authority will not grant exceptions to the review process for FmHA properties at this time.**

6. Notice to Owner - If the Authority or its agent becomes aware of noncompliance, the owner will be given written notification of such noncompliance and will be given a reasonable time period (not to exceed 90 days from the date of the notice to correct the deficiency). An extension of the correction period may be granted for a period of up to 6 months if the Authority determines there is good cause to grant an extension. Occurrences of noncompliance include, but are not limited to, failure of the owner to submit the annual certification of program compliance, the Authority or its agent is not permitted to inspect tenant income certifications, supporting documentation and rent records and if the Authority or its agent discover that the project is not in compliance with the provisions of IRC 42 or the owner fails to pay the tax credit compliance monitoring fee. Extensions must be requested in writing. Approvals will be granted in writing. Corrections must be submitted in writing and include supporting documentation in order for the deficiency to be considered corrected.
7. Notice to Internal Revenue Service (IRS) - IRS compliance monitoring regulations require the Authority to submit a "Low Income Housing Credit Agencies Report of Noncompliance" (IRS Form 8823) for all instances of noncompliance, regardless of the severity or evidence of correction within a reasonable time period. The IRS, not the Authority, is responsible for determining whether a project owner is subject to recapture of tax credits due to noncompliance. Therefore, the Authority will file IRS

2000 New Hampshire Qualified Allocation Plan

Form 8823 no later than 45 days after the end of the correction period including extensions, and no earlier than the end of the correction period.

If all the deficiencies are corrected after the initial IRS Form 8823 is submitted, the Authority will submit an amended IRS Form 8823 to the IRS detailing the corrections.

8. Fees - A one time, non-refundable tax credit monitoring fee that incorporates the Authority's cost of monitoring the project for the full 15 year compliance period shall be paid to the Authority prior to final allocation. The fee is \$500 per LIHTC unit and must be paid prior to issuance of the IRS Form 8609. The Authority may in its sole discretion approve a waiver of the compliance monitoring fee, or alternative payment terms. The Authority reserves the right to increase the monitoring fee, including requiring an annual monitoring fee, if compliance monitoring requirements are modified by NHHFA or the IRS. Additional fees, based on actual cost incurred, will be charged to owners for the additional monitoring required for projects which have been cited for noncompliance.

Projects prior to 1996 may also be subject to an annual increase in the monitoring fee at the sole discretion of the Authority. Owners will be notified prior to such an increase. Owners of such projects may pre-pay the tax credit monitoring fee based on the per unit cost and the number of years remaining in the compliance period. These properties will still be subject to any annual increase if the Authority, at its sole discretion, deems it necessary.

9. Liability - Compliance with the requirements of IRC 42 is the sole responsibility of the owner of the building for which the tax credit is allocated. The Authority's obligations to monitor for compliance with the requirements of IRC 42 does not make the Authority liable for an owner's noncompliance.
10. Training - Since the Low Income Housing Tax Credit Program is management intensive and requires knowledge of the regulations governing this program, the Authority is requiring that the owner or agent (i.e. principal of company) and at least one front line staff member receive training specifically for managing Low Income Housing Tax Credit properties. Certifications of training must be submitted to the Housing Management Division of the Authority within 30 days of occupancy, or the placed in service date, whichever comes first. In addition, the Management Agent must certify that the management agent (or a member of the on-site staff) has received tax credit management training at least once annually. See Appendix U.
11. Noncompliant Owners and Management Agents - Owners and agents who are chronically in noncompliance may be subject to sanctions and/or loss of further tax

2000 New Hampshire Qualified Allocation Plan

credit allocations. Chronic noncompliance may include, but is not limited to the following:

- ! Failure to allow the agency or its agent to complete a review or inspection of the property.
- ! Repeated failure to properly verify tenant income in the manner prescribed by IRC 42.
- ! Repeated failure to obtain income certification forms.
- ! Failure to obtain an executed lease and/or executing a lease which is less than 6 months.
- ! Failure to annually recertify two or more tenants in a one year period. Annual recertification is defined as once within a calendar year.
- ! Failure to pay the required tax credit monitoring fee.
- ! Failure to maintain the property in decent, safe, and sanitary condition, as defined in 24 CFR 982.401, HUD Housing Quality Standards, and/or failing to correct deficiencies cited in previous reviews.
- ! Repeated failure to adhere to requirements of the Land Use Restriction Agreement including Special Conditions.

B. Land Use Restriction Agreement

Prior to issuance of the Carryover Allocation or at Final Allocation, whichever is earlier, the owner of the tax credit project must execute and record the Land Use Restriction Agreement (LURA). The LURA will be prepared by the Authority and may be modified periodically. Please contact the Authority if you do not have a prepared document at least 14 days prior to the deadline for Carryover or Final Allocation.

The LURA, at a minimum, will require conditions wherein the owner and the project must continually comply with IRC 42 and other applicable sections of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder or under the Internal Revenue Code of 1954 as in effect on the date of enactment of the Code. The LURA shall remain in effect for the 30 year compliance period. Please consult IRC 42 or a tax specialist for more information.

2000 New Hampshire Qualified Allocation Plan

The responsibility for complying with the requirements of the LURA, as well as complying with all other applicable requirements, rests solely with the owner of the project. Compliance with special election provisions represented in the initial application for tax credits, especially provisions used as Scoring Criteria, will be included in the LURA and will be monitored on an annual basis. Owners who fail to maintain compliance with any provision of the LURA will be reported to the IRS by the Authority using the IRS Form 8823. In addition, the Authority reserves the right to replace the management company for chronic noncompliance as defined in HFA:109.08A10, including but not limited to an IRS 8823 filed three consecutive years for the Management agent's direct failure to adhere to serious non-compliance with IRC 42 and/or failure to adhere to NHHFA recommendation for correction or improvement.

HFA:109.09 APPEAL PROCESS

Applicants may appeal the Authority's decision not to award tax credits to the project. Applicants must submit a written request for an appeal within 10 business days of notification that tax credits will not be awarded. A hearing will be scheduled within 45 days by the Authority's Multi-Family/Special Projects Committee, which has the authority to render a decision on the appeal.

HFA:109.10 PUBLIC RECORDS

Applicants should be aware that any information submitted as part of an LIHTC application may be considered public information under the New Hampshire Public Records law.

HFA:109.11 CLARIFICATIONS

The Authority is charged with allocating no more tax credits to any given project than are required to make the project economically feasible. **This decision is made solely at the discretion of the Authority, but does not represent or warrant to any applicant, developer, partner, investor, lender or others that the project is feasible or risk free.**

The Authority's review of documents in connection with this Allocation Plan is for its own purposes. The Authority makes no representations to the applicant or anyone else as to compliance with the Internal Revenue Code, Treasury regulations, or any other laws or regulations governing the LIHTC program.

No member, officer, agent, or employee of the Authority shall be personally liable concerning any matters arising out of, or in relation to, the allocation of tax credits or associated compliance monitoring.

The Authority reserves the right to modify the Allocation Plan periodically as the Authority shall determine in its discretion, with the advice and consent of the Governor. The Authority may make technical clarifications (e.g. to correct typographic errors, inconsistencies etc.) or

2000 New Hampshire Qualified Allocation Plan

revisions to comply with changes in federal law regarding the LIHTC program at its sole discretion.

APPENDIX E

NEW HAMPSHIRE Difficult Development Areas and Qualified Census Tracts

Note: This listing is for information only, and reflect the last known federal designations. Please confirm for your project location. New areas for 2000 are bolded.

Difficult Development Areas

Belknap, Carroll, Cheshire, Grafton and Sullivan counties

Hillsborough, Rockingham, Strafford and Merrimack counties in part (see below)

Hillsborough County - Eligible Towns

Antrim, Bennington, Deering, Frankestown, Greenfield, Hancock, Hillsborough, Lyndeborough, New Boston, Peterborough, Sharon, Temple, Windsor

Merrimack County - Eligible Towns and Cities

Andover, Boscawen, Bow, Bradford, Canterbury, Chichester, Concord (city), Danbury, Dunbarton, Epsom, Franklin (city), Henniker, Hill, Hopkinton, Loudon, Newbury, New London, Northfield, Pembroke, Pittsfield, Salisbury, Sutton, Warner, Webster, Wilmot

Rockingham County - Eligible Towns

Deerfield, Northwood, Nottingham, Seabrook, South Hampton, **Brentwood, East Kingston, Epping, Exeter, Greenland, Hampton, Hampton Falls, Kensington, New Castle, Newfields, Newington, Newmarket, Northhampton, Portsmouth (city), Rye, Stratham**

Strafford County - Eligible Towns

Middleton, New Durham, Strafford, **Barrington, Dover (city), Durham, Farmington, Lee, Madbury, Milton, Rochester (city), Rollinsford, Somersworth**

Qualified Census Tracts

Manchester - 0005.00, 0014.00, 0017.00, 0020.00

Nashua - 0105.00, 0107.00, 0108.00

2000 New Hampshire Qualified Allocation Plan

APPENDIX F APPLICATION THRESHOLD REQUIREMENTS

Applications must meet the following requirements in order to be ranked in accordance with the Selection Criteria:

1. Completed Application for Reservation
2. *Exhibit 1-Site Information
3. *Exhibit 2-Environmental Information (if available, or information regarding any known environmental problems)
4. *Exhibit 3-Evidence of Site Control
5. *Exhibit 8-Detailed Scope of Work with Cost Estimates, and identification of estimator
6. *Exhibit 9-Verification of Non-Profit Status (if applicable)
7. *Exhibit 10-List of Developer's Other Real Estate
8. *Exhibit 11-Resumes of Development Team
9. *Exhibit 12-Management Agent Profile
10. *Exhibit 13-Management Plan
11. *Exhibit 14-Tenant Selection Plan
12. *Exhibit 39 - Management Agent Questionnaire
13. Documentation verifying eligibility for selection criteria points
14. Tax Credit Application Fee

Applications which do not meet the above requirements will be returned to the applicant. If the project scores competitively and meets all applicable requirements of the Authority, a reservation of credit shall be recommended to the Multi-Family/Special Projects Committee of the Board of Directors.

* See Application list of exhibits.

2000 New Hampshire Qualified Allocation Plan

APPENDIX G COMMITMENT PHASE REQUIREMENTS

The following documents must be submitted to the Authority within 120 days of notification of a Reservation of Tax Credits by the Authority's Multi-Family/Special Project Review Committee, or 30 days prior to deadline for Allocation Phase, whichever is sooner:

Projects must meet the requirements of the Commitment Phase to be eligible for an allocation of tax credits. Commitment requirement extensions may be granted at the sole discretion of the Authority. **The tax credit Reservation may be rescinded at the sole discretion of the Authority for not meeting the Commitment Phase Requirements, or for a failure to meet the General Criteria in HFA:109:04B.**

1. Letter requesting Commitment of Tax Credits, and inclusion of any pages from the Application Form related to changes in the project scope or cost, including complete updated budget.
2. *Exhibit 19-Evidence of Zoning/Local Approvals
3. *Exhibit 20-Permanent Financing Letter of Commitment
4. *Exhibit 21-Construction Financing Letter of Commitment
5. *Exhibit 22-Equity Investment Letter of Commitment
6. *Exhibit 23-Tax Credit Bridge Loan Letter of Commitment (if applicable)
7. *Exhibit 24-Construction Period Sources and Uses
8. *Exhibit 27-Final Plans and Specifications
7. *Exhibit 16-Appraisal (if required by the Authority)
8. *Exhibit 17-Market Study (if required by the Authority)
9. *Exhibit 2 - Environmental Site Assessment (if required by the Authority).
10. Evidence of continued site control
11. Copy of the Architect Contract
12. For projects providing tenant services, an executed agreement binding on both parties
13. Copies of construction proposals (or bids), if available
14. Copy of contract for consultant services (if applicable)
15. Tax Credit Commitment Fee

* See Application list of exhibits.

2000 New Hampshire Qualified Allocation Plan

APPENDIX H CARRYOVER ALLOCATION REQUIREMENTS

1. Letter requesting a Carryover Allocation, and inclusion of any pages from the Application Form related to changes in the project scope or cost.
2. *Exhibit 36-Carryover Cost Certification (See Appendix J for required format)
3. Evidence of limited partnership existence, including tax identification number
4. Copy of Partnership Agreement (draft acceptable)
5. Copy of Offering Summary (draft acceptable)
6. Evidence of continued site control
7. Copy of Construction Proposals (or Bids) and executed Construction Contract
8. Recorded Land Use Restriction Agreement (**contact Authority at least 14 days prior to deadline to receive document**).

* See Application list of exhibits.

2000 New Hampshire Qualified Allocation Plan

APPENDIX I FINAL ALLOCATION REQUIREMENTS

1. Letter requesting issuance of IRS Form 8609
2. *Exhibit 37-Final Cost Certification (See Appendix K for required format)
3. Developer Certification of Costs (see Appendix L for required format)
4. Developer Certification of Equity Proceeds (see Appendix M for required format)
5. "As-Built" Architect Certification (see Appendix N for required format)
6. Recorded Land Use Restriction Agreement, and evidence of its precedence in the land records (e.g., title search)
7. Executed Partnership Agreement, with equity pay-in schedule
8. Final Allocation Fee
9. Copy of Certificates of Occupancy
10. Copy of deed including legal description of property
11. Tax Credit Monitoring Fee
12. Certification of Tax Credit Management Training
13. Letter stating the placed in service date for each building

* See Application list of exhibits.

APPENDIX J
CERTIFIED PUBLIC ACCOUNTANT'S LETTERHEAD

Date

New Hampshire Housing Finance Authority
PO Box 5087
Manchester, NH 03108

and

_____ Associates, L.P. (the "Partnership")

Partnership Address
City, State, Zip

RE: (Project Name)

At the request of the above named sponsor, we have performed certain procedures as stated below with respect to the documents supplied to us by the General Partners. These procedures, which were specified by the General Partner, were performed to assure that appropriate items and amounts were included in the computation of the 10 percent carryover rule in accordance with Internal Revenue Code (IRC) Section 42(h)(1)(E) and IRS Notice 94-60. In addition, these procedures were performed for NHHFA in order for NHHFA to determine that the requirements for an LIHTC Carryover Allocation have been met.

The following procedures were performed:

! We examined the _____ (i.e., developer, architect, etc.) agreements with emphasis on the amount for inclusion as a liability as of _____, 2000.

! We examined documents and invoices relating to costs incurred as of _____, 200_ for purposes of inclusion in the computation of the 10 percent carryover rule in accordance with IRC Section 42(h)(1)(E) and Internal Revenue Notice 94-60.

! We examined the applicant's signed NHHFA application form (including Sources and Uses of Funds) as of _____, 200_ as provided by the General Partner.

We were provided with the following documents to perform these procedures:

! Reservation of 200_ Tax Credits issued by New Hampshire Housing Finance Authority.

2000 New Hampshire Qualified Allocation Plan

- ! Copies of title report, lease agreement, etc., as applicable.
- ! Development Agreement between _____ and _____ L.P.¹⁸
- ! Settlement Statement showing the purchase of the land or land and existing building by _____ L.P. on _____ for \$_____.
- ! Invoices supporting costs incurred with respect to _____ through _____,200_.
- ! Applicant's signed NHHFA application form (including Sources and Uses of Funds) as of _____,200_ as provided by the General Partner.
- ! Agreement for architectural and engineering services from _____ and a statement detailing the work completed as of _____,200_.

Based on the above, it is our opinion that at least \$ _____ of costs had been incurred by the Partnership as of _____,200_ as follows:

Land Acquisition	\$ _____
Etc. (List by line item)	_____
Total	\$ <u>_____</u>

For purposes of determining the taxpayers' reasonably expected basis, Notice 94-60 defines such basis as the anticipated adjusted basis on land and depreciable real property, whether or not such amounts are included in eligible basis. The total basis of the project upon completion was expected as of _____,200_ to be as follows:

Total Development Costs	\$ _____
Less:	
Working Capital/Rent-up Reserves etc. (List other non-basis line items)	_____
Total Reasonably Expected Basis	\$ <u>_____</u>

¹⁸Internal Revenue Code (IRC) Section 461 outlines the rules to be used when determining if a liability has been incurred for income tax purposes.

2000 New Hampshire Qualified Allocation Plan

Reasonably expected basis has been calculated from the applicant's signed NHHFA application Uses of Funds page as of _____, 200_. We do not express any opinion here as to the amounts included in the reasonably expected basis. Based on the above amount shown, to meet the 10 percent test in accordance with Internal Revenue Code Section 42(h)(1)(E) and Internal Revenue Notice 94-60, the Project needed to incur at least \$ _____ of costs prior to _____, 200_. Based on the computations above, costs of at least \$ _____ had been incurred by _____ (name of entity) as of _____, 200_, which is approximately ___ % of the reasonably expected basis.

Exhibit A represents current estimates of basis for each building in the project. If the owner elects to assign portions of the project allocation to individual buildings, then the Maximum Credit Allowed per building reported on Exhibit A cannot be exceeded at the time of Final Allocation. However, if the owner elects pursuant to Section 42(h)(1)(F) to assign portions of the allocation to individual buildings no later than the close of the calendar year in which the buildings are placed in service, then the Maximum Credit Allowed per building need not be reported on Exhibit A. The Owner must make this choice at execution of the Carryover Agreement.

This report is intended solely for the use of those parties listed above and should not be relied on by any other party.

2000 New Hampshire Qualified Allocation Plan

APPENDIX K
CERTIFIED PUBLIC ACCOUNTANT'S LETTERHEAD

Accountant's Opinion
(date)

To: New Hampshire Housing Finance Authority
32 Constitution Drive
Bedford, NH 03110

We have audited the accompanying statements of certified costs and qualified basis of the _____ Housing Project of _____ Limited Partnership as of _____, 2000, and its sources and uses of funds for the period _____, _____ to _____, 2000, pursuant to the requirements of New Hampshire Housing Finance Authority. The financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on the financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statements were prepared to present the certified costs and qualified basis of the _____ Housing Project of _____ Limited Partnership as of _____, 2000, and its sources and uses of funds for the period _____, _____ to _____, 2000, and is not intended to be a complete presentation of _____ Limited Partnership's assets and liabilities.

In our opinion, the financial statements referred to above presents fairly, in all material respects, the qualified basis (total and per building as shown) of the _____ Housing Project of _____ Limited Partnership as of _____, 2000, and its sources and uses of funds for the period _____, _____ to _____, 2000, in conformity with generally accepted accounting principles.

APPENDIX O

ELECTION OF GROSS RENT FLOOR

Pursuant to Internal Revenue Service (IRS) Regulations, an Owner of a Low Income Housing Tax Credit project may designate the date that the Gross Rent Floor takes effect prior to the date the building is placed in service. The Gross Rent Floor establishes the initial permitted maximum rents for the project. The Gross Rent Floor also limits potential future rent reductions due to decreases in the applicable median area income limits. The IRS will treat the Gross Rent Floor as taking effect on the date the New Hampshire Housing Finance Authority (Authority) initially allocates tax credits to the building. However, the IRS will treat the Gross Rent Floor as taking effect on a building's placed in service date if the Owner designates that date as the date the Gross Rent Floor takes effect for the building. The Owner must make this designation to use the placed in service date and inform the IRS no later than when the building is placed in service.

Please make the following designation:

- If this box is checked, the Owner hereby elects pursuant to IRS Revenue Ruling 94-57, to fix the applicable Gross Rent Floor in accordance with Section 42 (g)(2)(A) at the date the building is placed in service. This document must be submitted to the Authority prior to the project's placed in service date.

- If this box is checked, the Owner has made no election pursuant to IRS Revenue Ruling 94-57, and the applicable Gross Rent Floor for a building shall be set at the date the Authority initially allocates low income housing tax credits, which shall be the earlier of 1) the date of the Carryover Allocation or 2) the date of the Final Allocation (IRS Form 8609).

A decrease in the median area income limits will not require a reduction in rents below the Gross Rent Floor.

2000 New Hampshire Qualified Allocation Plan

APPENDIX P GUIDELINES FOR SPECIAL NEEDS (Category 4 Scoring)

For scoring eligibility under this category, applicants must show evidence of their ability to provide or manage the proposed services. The Authority will require a signed letter of intent from any proposed service provider at the time of Application. Any contracts which are to be funded from operating accounts must be received by the Authority for review and authorization no later than 30 days prior to closing.

Please note that any applicant commitments for the provision of special needs housing or service enriched housing will be enforced for the full compliance term and included in the Land Use Restriction Agreement (LURA). All projects applying for points under this category must provide the following information as a part of their LIHTC application package.

1. A description of each service to be provided and fees to be charged, if any.
2. The number of residents the services will be provided to annually.
3. Selection criteria for services if not available to all residents.

In addition, the following information is required for projects requesting consideration as Level III or IV Service Enriched Housing.

1. A detailed 3 year budget (revenues and expenses) for providing the services, if not broken out in the overall project budget under resident services.
2. A management plan for implementation and oversight of services.
3. Signed letters of intent from any proposed service providers.

Service Enriched Housing

For housing designated as service enriched housing, the following are examples of services which will qualify for scoring under this category.

Transportation, food/meals, shopping, homemaking, personal care, health care, adult day care, child care, tenant counseling, service coordination, security deposit program, etc.

These are the same for all four levels. What differentiates the levels is the amount of financial support to be provided by the owners. Following are examples for each of the four levels. These are just examples, there are many services, or combination of services, which will meet the requirements for each level.

Level I - A security deposit loan program or a contract to bring transportation or day care into the complex.

Level II - Tenant counseling, service coordination, a homemaker program, a driver for a complex owned van.

Level III and VI - Multiple services including congregate, assisted living, and family services.

2000 New Hampshire Qualified Allocation Plan

Services must be substantive and fully integrated into the complex, for example by on-site staff and/or facility design (commercial kitchen, communal dining room, computer room, job center, day care, etc.)

LOW INCOME HOUSING TAX CREDIT
ANNUAL CERTIFICATION OF CONTINUING PROGRAM COMPLIANCE

Project Name _____
Project Address _____
_____ Building Identification Number(s) _____
_____ Date(s) Building(s) Placed in Service _____

Owner Name _____ Phone Number _____
Owner Address _____
Original Owner (if different) _____
Date of Transfer of Ownership _____

Witnesseth that on this _____ day of _____, 200_ the undersigned, having been allocated certain low income housing tax credit dollars pursuant to Section 42 of the Internal Revenue Code of 1986, as amended, by the New Hampshire Housing Finance Authority for the purpose of purchasing, constructing and/or improving the above referenced project, does hereby certify, under penalty of perjury, that such project is in continuing compliance with the following for the calendar year ending _____, 200_.

1. The project meets the requirements of the minimum set aside selected for the project. Check which requirement was met (if uncertain, refer to your Form 8609):
___ 20-50 test under section 42(g)(1)(A)
___ 40-60 test under section 42(g)(1)(A)
___ 40-50 (HOME) under section 42(i)(2)(E)(i)
___ 15-40 (Deep Rent Skewed) test under sections 42(g)(4) and 142(d)(4)(B)

2. Check one:
___ There was no change in the applicable fraction (as defined in section 42(c)(1)(B) of any building in the project.

___ There was no change in the applicable fraction (as defined in section 42(c)(1)(B) of any building in the project.

___ There was a change in the applicable fraction and a full explanation of the change is attached hereto (MUST BE ATTACHED).

3. Annual income certification has been received from each low income tenant and documentation to support that certification was received; or, in the case of a tenant

2000 New Hampshire Qualified Allocation Plan

receiving Section 8 housing assistance payments, the statement from a public housing authority declaring that the tenant's income does not exceed the applicable income limit under section 42(g).

- 4. Each low income unit in the project was rent restricted under section 42(g)(2).
- 5. All units in the project were for use by the general public and used on a nontransient basis (except for transitional housing for the homeless provided under section 42(i)(3)(B)(iii).
- 6. Check one:
 Each building in the project was suitable for occupancy taking into account ALL local, state and federal health, safety, and building codes.
 Some units were not suitable for occupancy as described and attached hereto (MUST BE ATTACHED).
- 8. All tenant facilities included in the eligible basis under section 42(d) of any building in the project (e.g., swimming pools, recreational facilities, parking areas), were provided on a comparable basis without charge to all tenants in the building.
- 9. If a low income unit in the project became vacant during the year, reasonable attempts were or are being made to rent that unit or the next available unit of comparable or smaller size to tenants having qualifying income before any units in the project were or will be rented to tenants not having a qualifying income.
- 10. If the income of tenants of a low income unit in the project increased above the limit allowed in section 42(g)(2)(D)(ii), the next available unit of comparable or smaller size in the project was or will be rented to tenants having a qualifying income.
- 11. An extended low income housing commitment as described in section 53(h)(6) was in effect.
- 12. Representations made about the project used in the selection criteria process and initial application have been met and continue to be met as defined in the Land Use Restriction Agreement, Exhibit B.
- 13. All requirements of the Land Use Restriction agreement have been and continue to be met.
