

Determining Census Tracts

In order for a project to be eligible for New York State Commercial or Homeowner Rehabilitation Tax Credits, the historic building needs to be located in an eligible census tract. The list of tracts below indicates eligibility. There are 3 ways to determine the census tract a building is located in. 1. Call the city, town, or county planning office. 2. Call The New York State Office of Parks, Recreation and Historic Preservation at 518-237-8643 and ask for the State Tax Credit staff member. If you leave a message there, state the address of the property, a phone number, and an email address. 3. Visit www.census.gov and follow the directions on the OPRHP tax credit website, www.nysparks.com/shpo/tax-credit-programs called *Finding the Census Tract Online*.

Current New York State Tax Credit Eligible Census Tracts

Date: 7-15-13. These are subject to change.
