

Tax-Exempt Bond Process

The North Carolina Housing Finance Agency will be accepting applications for 2009 tax-exempt bond volume and 4% tax credits later this summer. Both new construction and rehabilitation projects will be eligible. Proposals for 9% tax credits will not be accepted.

Applications are submitted through our [online housing tax credit application](#). You will also need to submit a paper application with signature and required exhibits, but the online application provides interactive checks that help ensure that you meet all submission requirements. If you have a user ID and password from the previous application cycle, you can use that user ID to access the system and create new applications. Otherwise, you will need to create a new user ID and password before creating applications.

The schedule for the July 2009 bond volume round will be released at a later date.

The Agency reserves the right to change the schedule as necessary.

All proposals must comply with the [2009 Qualified Allocation Plan](#). Please review the QAP and all appendices prior to submitting an application.
