COVID-19 Message

AN IMPORTANT MESSAGE FROM HDC PRESIDENT ERIC ENDERLIN ON COVID-19

HDC would like to share some important information on the latest updates on COVID-19. You can access the most up to date fact sheet from the City's Department of Health and Mental Hygiene with helpful information [here](#).

HDC will continue to coordinate with the City and other agencies to monitor and communicate with our staff and partners about this evolving situation. In the meantime, please visit nyc.gov/health/coronavirus for the latest updates.

I encourage you to read the information carefully and to visit the links provided for regular updates.

Thank you for your help in ensuring we are prepared and informed as a community.

Sincerely,

Eric

New Yorkers, here's what YOU need to know about the coronavirus

You can prevent the spread of any virus by staying home if you feel sick, covering your sneezes and coughs with your sleeve (not your hands) and washing your hands often.

If you feel flu-like symptoms (fever, cough and shortness of breath), and recently traveled to an area affected by coronavirus, or have been in close contact with someone who has, go to your doctor. If you have symptoms but no travel history, stay home and call your doctor. If you need connection to a medical professional, call 311.

If you're feeling well, no need to wear a face mask - and don't worry if someone else does. People wear masks for many reasons - be respectful.

Check www.nyc.gov/health/coronavirus for updates and other helpful information.
