

July 2009

Ohio Housing Finance Agency

OHFA is establishing a methodology to evaluate the capacity of management companies as part of the 2010 QAP development. The Agency has created a set of values relating to preferred management company characteristics that will be used to determine whether management companies affiliated with proposed rental projects are the appropriate companies to produce the outcomes OHFA seeks.

We are soliciting feedback on these values through Friday, July 17. The document may be downloaded [here](#) for review. Questions and comments may be directed to Brian Carnahan by e-mail at [bcarnahan@ohiohome.org](mailto:bcarnahan@ohiohome.org), or by phone at 614.728.5608.
