

SUBMISSION REQUIREMENTS FOR ADDITIONAL TAX CREDITS

Applications for Additional Tax Credits may be submitted on November 5, 2010. If there are Additional Tax Credits remaining once all the applications have been processed from the November deadline, Applicants may submit an application for Additional Credits on March 1, 2010.

Applicants with a current allocation of Tax Credits submitting an Application for additional Credits must submit the following exhibits to the 2011 Application.

Developments that must be placed-in-service in 2011 will receive preference for the Additional Tax Credits Set-Aside. This Set Aside is only available for developments which have closed on their equity investment or can demonstrate the capacity to secure an equity investment, satisfactory to the Agency, and qualified applicants must neither have changed any selection criteria nor made any unapproved modifications to the development from the initial Application. Applications will not be accepted for additional Tax Credits due solely to an increase in Maximum Basis Limits. If there is any question as to whether or not points in ranking were awarded in a prior Application, the applicant should review the Indenture of Restrictive Covenants Agreement which was forwarded to the applicant with the reservation of Tax Credits award letter. Applicants may also contact either the Development Officer or Tax Credit Officer who originally reviewed the Application for this information.

Applications that do not qualify for the Additional Tax Credits Set Aside may be considered from the Regional Set Aside. The ranking score of the initial application will be interpolated into a 2011 ranking score, or, in the alternative, an applicant may elect to address additional ranking in the new submission.
