

Senate Bill No. 459

CHAPTER 471

An act to amend, repeal, and add Section 33334.2 of, and to add and repeal Section 33334.22 of, the Health and Safety Code, relating to housing.

[Approved by Governor October 3, 2001. Filed with Secretary of State October 4, 2001.]

LEGISLATIVE COUNSEL'S DIGEST

SB 459, McPherson. Housing programs: eligibility.

Existing law governing housing and home finance generally defines the term "affordable housing cost" to mean, with respect to very low, lower, and moderate-income households receiving assistance on or after January 1, 1991, housing costs not exceeding the product of a specified percentage times a specified percent of the area median income. Under existing law, this definition is used for determining, among other things, the affordability of housing made available pursuant to a requirement that a redevelopment agency allocate 20% of tax-increment revenues for housing available at affordable housing cost.

This bill would separately define affordable housing cost for any redevelopment agency within Santa Cruz County, with that specified percentage increased, for purposes of the provisions requiring a redevelopment agency to allocate 20% of tax-increment revenues for housing available at affordable housing cost. The bill also would require the Department of Housing and Community Development to adopt specified regulations relative to housing affordability for purposes of the bill. These provisions would be repealed on January 1, 2005.

This bill would also impose specified reporting requirements on those redevelopment agencies and the Controller relating to the assistance provided by those agencies in Santa Cruz County.

This bill would incorporate additional changes in Section 33334.2 of the Health and Safety Code proposed by AB 637, AB 661, or both, to be operative if this bill and one or both of the other bills are enacted and become effective on or before January 1, 2002, and this bill is enacted last.

The people of the State of California do enact as follows:

SECTION 1. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low-or moderate-income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or

moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall

include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if either (A) the improvements are made as part of a program which results in the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements or (B) the agency finds that the improvements are necessary to eliminate a specific condition that jeopardizes the health or safety of existing low- or moderate-income residents.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments which are assisted or subsidized by public entities and which are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the

legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 1.3. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income

households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct

financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the

department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite

improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to

the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is

adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 1.5. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the

regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the department within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment

opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) .

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low-

and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if either (A) the improvements are made as part of a program which results in the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements or (B) the agency finds that the improvements are necessary to eliminate a specific condition that jeopardizes the health or safety of existing low- or moderate-income residents.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments which are assisted or subsidized by public entities and which are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(3) (A) The Orange County Development Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of any city within the County of Orange. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of a city only if the agency and the board of supervisors find all of the following:

(i) Both the County of Orange and the city have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall be a rental housing development containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105.

(iv) The development is in an area with a need for additional affordable housing.

(v) If applicable, Article XXXIV of the California Constitution permits the development.

(vi) The city in which the development is to be constructed has certified to the agency that the city's redevelopment agency, if one exists, is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend or encumber a housing fund excess surplus.

(B) If the agency uses these funds within the incorporated limits of a city, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, housing containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105, or for the acquisition or rehabilitation of publicly assisted rental housing that is threatened with conversion to market rates.

(ii) If less than all the units in the development are affordable to lower income households or very low income households, any agency assistance shall not exceed the amount needed to make the housing affordable to lower income households and very low income households.

(iii) The units in the development that are affordable to lower income households or very low income households shall remain affordable for a period of at least 55 years. Compliance with this requirement shall be ensured by the execution and recordation of covenants and restrictions that, notwithstanding any other provision of law, shall run with the land.

(iv) No development shall be located in a census tract where more than 50 percent of its population is very low income.

(v) Assisted developments shall be located on sites suitable for multifamily housing near public transportation.

(vi) Developed units shall not be treated as meeting the regional housing needs allocation under both the city's and county's housing elements.

(vii) The funds shall be used only for developments for which the city in which the development will be constructed has approved the agency's use of funds for the development or has granted land use approvals for the development.

(viii) The aggregate number of units assisted by the county over each five-year period shall include at least 10 percent that are affordable to households earning 30 percent or less of the area median income, and at least 40 percent that are affordable to very low income households.

(C) The Orange County Development Agency shall make diligent efforts to obtain the development of low- and moderate-income housing in unincorporated areas, including in developing areas of the county.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section

applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless alter enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 1.7. Section 33334.2 of the Health and Safety Code is amended to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Sections 33334.22 and 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, that is occupied by these persons and families, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate

income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the department within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the supply of housing affordable to persons and families of low or moderate income and very low income households that is occupied by these persons and families, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other

direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) .

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households,

or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers for the construction, rehabilitation, or preservation of affordable housing for very low, low-, and moderate-income persons or families, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if both (A) the improvements are part of the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements, and are a reasonable and fundamental component of the housing units, and (B) the agency requires that the units remain available at affordable housing cost to persons and families of very low, low, or moderate income, and are occupied by these persons and families, for the same time period and in the same manner as provided in subdivision (c) and paragraph (2) of subdivision (f) of Section 33334.3.

If the newly constructed or rehabilitated housing units are part of a larger project and the agency improves or pays for onsite or offsite improvements pursuant to the authority in this subdivision, the agency shall pay only a portion of the total cost of the onsite or offsite improvement. The maximum percentage of the total cost of the improvement paid for by the agency shall be determined by dividing the number of housing units that are affordable to low- or moderate-income persons by the total number of housing units, if the project is a housing project, or by dividing the cost of the affordable housing units by the total cost of the project, if the project is not a housing project.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as

defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments that are assisted or subsidized by public entities and that are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(3) (A) The Orange County Development Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of any city within the County of Orange. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of a city only if the agency and the board of supervisors find all of the following:

(i) Both the County of Orange and the city have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall be a rental housing development containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105.

(iv) The development is in an area with a need for additional affordable housing.

(v) If applicable, Article XXXIV of the California Constitution permits the development.

(vi) The city in which the development is to be constructed has certified to the agency that the city's redevelopment agency, if one exists, is not subject to sanctions pursuant to subdivision (e) of Section 33334.12 for failure to expend or encumber a housing fund excess surplus.

(B) If the agency uses these funds within the incorporated limits of a city, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, housing containing units affordable to lower income households or very low income households, as defined in Sections 50079.5 and 50105, or for the acquisition or rehabilitation of publicly assisted rental housing that is threatened with conversion to market rates.

(ii) If less than all the units in the development are affordable to lower income households or very low income households, any agency assistance shall not exceed the amount needed to make the housing affordable to lower income households and very low income households.

(iii) The units in the development that are affordable to lower income households or very low income households shall remain affordable for a period of at least 55 years. Compliance with this requirement shall be ensured by the execution and recordation of covenants and restrictions that, notwithstanding any other provision of law, shall run with the land.

(iv) No development shall be located in a census tract where more than 50 percent of its population is very low income.

(v) Assisted developments shall be located on sites suitable for multifamily housing near public transportation.

(vi) Developed units shall not be treated as meeting the regional housing needs allocation under both the city's and county's housing elements.

(vii) The funds shall be used only for developments for which the city in which the development will be constructed has approved the agency's use of funds for the development or has granted land use approvals for the development.

(viii) The aggregate number of units assisted by the county over each five-year period shall include at least 10 percent that are affordable to households earning 30 percent or less of the area median income, and at least 40 percent that are affordable to very low income households.

(C) The Orange County Development Agency shall make diligent efforts to obtain the development of low- and moderate-income housing in unincorporated areas, including in developing areas of the county.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless alter enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. Section 33334.2 is added to the Health and Safety Code, to read:

33334.2. (a) Not less than 20 percent of all taxes that are allocated to the agency pursuant to Section 33670 shall be used by the agency for the purposes of increasing, improving, and preserving the community's supply of low- and moderate-income housing available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105, unless one of the following findings is made annually by resolution:

(1) (A) That no need exists in the community to improve, increase, or preserve the supply of low- and moderate-income housing, including housing for very low income households in a manner that would benefit the project area and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, including its share of the regional housing needs of very low income households and persons and families of low or moderate income.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that the community does not have a need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the

planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(2) (A) That some stated percentage less than 20 percent of the taxes that are allocated to the agency pursuant to Section 33670 is sufficient to meet the housing needs of the community, including its share of the regional housing needs of persons and families of low or moderate income and very low income households, and that this finding is consistent with the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) This finding shall only be made if the housing element of the community's general plan demonstrates that a percentage of less than 20 percent will be sufficient to meet the community's need to improve, increase, or preserve the supply of low- and moderate-income housing available at affordable housing cost to persons and families of low or moderate income and to very low income households. This finding shall only be made if it is consistent with the planning agency's annual report to the legislative body on implementation of the housing element required by subdivision (b) of Section 65400 of the Government Code. No agency of a charter city shall make this finding unless the planning agency submits the report pursuant to subdivision (b) of Section 65400 of the Government Code. This finding shall not take effect until the agency has complied with subdivision (b) of this section.

(C) For purposes of making the findings specified in this paragraph and paragraph (1), the housing element of the general plan of a city or county shall be current, shall have been submitted to the Department of Housing and Community Development within the applicable time period, and shall be in compliance with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(3) (A) That the community is making a substantial effort to meet its existing and projected housing needs, including its share of the regional housing needs, with respect to persons and families of low and moderate income, particularly very low income households, as identified in the housing element of the community's general plan required by Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code, and that this effort, consisting of direct financial contributions of local funds used to increase and improve the

supply of housing affordable to persons and families of low or moderate income and very low income households, is equivalent in impact to the funds otherwise required to be set aside pursuant to this section. In addition to any other local funds, these direct financial contributions may include federal or state grants paid directly to a community and which the community has the discretion of using for the purposes for which moneys in the Low and Moderate Income Housing Fund may be used. The legislative body shall consider the need that can be reasonably foreseen because of displacement of persons and families of low or moderate income or very low income households from within, or adjacent to, the project area, because of increased employment opportunities, or because of any other direct or indirect result of implementation of the redevelopment plan. No finding under this subdivision may be made until the community has provided or ensured the availability of replacement dwelling units as defined in Section 33411.2 and until it has complied with Article 9 (commencing with Section 33410).

(B) In making the determination that other financial contributions are equivalent in impact pursuant to this subdivision, the agency shall include only those financial contributions that are directly related to programs or activities authorized under subdivision (e) of this section.

(C) The authority for making the finding specified in this paragraph shall expire on June 30, 1993, except that the expiration shall not be deemed to impair contractual obligations to bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this paragraph. Agencies that make this finding after June 30, 1993, shall show evidence that the agency entered into the specific contractual obligation with the specific intention of making a finding under this paragraph in order to provide sufficient revenues to pay off the indebtedness.

(b) Within 10 days following the making of a finding under either paragraph (1) or (2) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information supporting the finding and other factual information in the housing element that demonstrates that either (1) the community does not need to increase, improve, or preserve the supply of housing for low- and moderate-income households, including very low income households, or (2) a percentage less than 20 percent will be sufficient to meet the community's need to improve, increase, and preserve the supply of housing for low- and moderate-income households, including very low income households. Within 10 days following the making of a finding under paragraph (3) of subdivision (a), the agency shall send the department a copy of the finding, including the factual information

supporting the finding that the community is making a substantial effort to meet its existing and projected housing needs. Agencies that make this finding after June 30, 1993, shall also submit evidence to the department of its contractual obligations with bondholders or private entities incurred prior to May 1, 1991, and made in reliance on this finding.

(c) In any litigation to challenge or attack a finding made under paragraph (1), (2), or (3) of subdivision (a), the burden shall be upon the agency to establish that the finding is supported by substantial evidence in light of the entire record before the agency. If an agency is determined by a court to have knowingly misrepresented any material facts regarding the community's share of its regional housing need for low- and moderate-income housing, including very low income households, or the community's production record in meeting its share of the regional housing need pursuant to the report required by subdivision (b) of Section 65400 of the Government Code, the agency shall be liable for all court costs and plaintiff's attorney's fees, and shall be required to allocate not less than 25 percent of the agency's tax increment revenues to its Low and Moderate Income Housing Fund in each year thereafter.

(d) Nothing in this section shall be construed as relieving any other public entity or entity with the power of eminent domain of any legal obligations for replacement or relocation housing arising out of its activities.

(e) In carrying out the purposes of this section, the agency may exercise any or all of its powers, including the following:

(1) Acquire real property or building sites subject to Section 33334.16.

(2) Improve real property or building sites with onsite or offsite improvements, but only if either (A) the improvements are made as part of a program which results in the new construction or rehabilitation of affordable housing units for low- or moderate-income persons that are directly benefited by the improvements or (B) the agency finds that the improvements are necessary to eliminate a specific condition that jeopardizes the health or safety of existing low- or moderate-income residents.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct buildings or structures.

(6) Acquire buildings or structures.

(7) Rehabilitate buildings or structures.

(8) Provide subsidies to, or for the benefit of, very low income households, as defined by Section 50105, lower income households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent those households

cannot obtain housing at affordable costs on the open market. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the community's supply of mobilehomes.

(11) Preserve the availability to lower income households of affordable housing units in housing developments which are assisted or subsidized by public entities and which are threatened with imminent conversion to market rates.

(f) The agency may use these funds to meet, in whole or in part, the replacement housing provisions in Section 33413. However, nothing in this section shall be construed as limiting in any way the requirements of that section.

(g) (1) The agency may use these funds inside or outside the project area. The agency may only use these funds outside the project area upon a resolution of the agency and the legislative body that the use will be of benefit to the project. The determination by the agency and the legislative body shall be final and conclusive as to the issue of benefit to the project area. The Legislature finds and declares that the provision of replacement housing pursuant to Section 33413 is always of benefit to a project. Unless the legislative body finds, before the redevelopment plan is adopted, that the provision of low- and moderate-income housing outside the project area will be of benefit to the project, the project area shall include property suitable for low- and moderate-income housing.

(2) (A) The Contra Costa County Redevelopment Agency may use these funds anywhere within the unincorporated territory, or within the incorporated limits of the City of Walnut Creek on sites contiguous to the Pleasant Hill BART Station Area Redevelopment Project area. The agency may only use these funds outside the project area upon a resolution of the agency and board of supervisors determining that the use will be of benefit to the project area. In addition, the agency may use these funds within the incorporated limits of the City of Walnut Creek only if the agency and the board of supervisors find all of the following:

(i) Both the County of Contra Costa and the City of Walnut Creek have adopted and are implementing complete and current housing elements of their general plans that the department has determined to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(ii) The development to be funded shall not result in any residential displacement from the site where the development is to be built.

(iii) The development to be funded shall not be constructed in an area that currently has more than 50 percent of its population comprised of racial minorities or low-income families.

(iv) The development to be funded shall allow construction of affordable housing closer to a rapid transit station than could be constructed in the unincorporated territory outside the Pleasant Hill BART Station Area Redevelopment Project.

(B) If the agency uses these funds within the incorporated limits of the City of Walnut Creek, all of the following requirements shall apply:

(i) The funds shall be used only for the acquisition of land for, and the design and construction of, the development of housing containing units affordable to low- and moderate-income persons.

(ii) If less than all the units in the development are affordable to low- or moderate-income persons, any agency assistance shall not exceed the amount needed to make the housing affordable to low- or moderate-income persons.

(iii) The units in the development that are affordable to low- or moderate-income persons shall remain affordable for a period of at least 55 years.

(iv) The agency and the City of Walnut Creek shall determine, if applicable, whether Article XXXIV of the California Constitution permits the development.

(h) The Legislature finds and declares that expenditures or obligations incurred by the agency pursuant to this section shall constitute an indebtedness of the project.

(i) The requirements of this section shall only apply to taxes allocated to a redevelopment agency for which a final redevelopment plan is adopted on or after January 1, 1977, or for any area that is added to a project by an amendment to a redevelopment plan, which amendment is adopted on or after the effective date of this section. An agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project for which a redevelopment plan was adopted prior to January 1, 1977, subject to any indebtedness incurred prior to the election.

(j) This section shall become operative on January 1, 2005.

SEC. 3. Section 33334.22 is added to the Health and Safety Code, to read:

33334.22. (a) The Legislature finds and declares that in order to avoid serious economic hardships and accompanying blight, it is necessary to enact this section, which shall apply only within Santa Cruz County, and which is enacted for the purpose of providing housing assistance to very low, lower, and moderate-income households.

(b) Notwithstanding Section 50052.5, any redevelopment agency within Santa Cruz County may make assistance available from its low- and moderate-income housing fund directly to a homebuyer for the purchase of an owner-occupied home, and for purposes of that assistance and this section, “affordable housing cost” shall not exceed the following:

(1) For very low income households, the product of 40 percent times 50 percent of the area median income adjusted for family size appropriate for the unit.

(2) For lower income households whose gross incomes exceed the maximum income for very low income households and do not exceed 70 percent of the area median income adjusted for family size, the product of 40 percent times 70 percent of the area median income adjusted for family size appropriate for the unit. In addition, for any lower income household that has a gross income that equals or exceeds 70 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that the affordable housing cost not exceed 40 percent of the gross income of the household.

(3) For moderate income households, affordable housing cost shall not exceed the product of 40 percent times 110 percent of the area median income adjusted for family size appropriate for the unit. In addition, for any moderate-income household that has a gross income that exceeds 110 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable housing cost not exceed 40 percent of the gross income of the household.

(c) Any agency in Santa Cruz County that provides assistance pursuant to this section shall include in the annual report to the Controller, pursuant to Sections 33080 and 33080.1, all of the following information:

(1) The sales prices of homes purchased with assistance from the agency’s low and moderate income housing fund for each year from 2000 to 2004, inclusive.

(2) The sales prices of homes purchased and rehabilitated with assistance from the agency’s low and moderate income housing fund for each year from 2000 to 2004, inclusive.

(3) The incomes, and percentage of income paid for housing costs, of all households that purchased, and that purchased and rehabilitated, homes with assistance from the agency’s low and moderate income housing fund for each year from 2000 to 2004, inclusive.

(d) Except as provided in subdivision (b), all provisions of Section 50052.5, including any definitions, requirements, standards, and

regulations adopted to implement those provisions, shall apply to this section.

(e) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 4. The Controller shall furnish a compilation of the information described in subdivision (c) of Section 33334.22 of the Health and Safety Code to the Legislature and the Director of Housing and Community Development no later than April 1, 2005.

SEC. 5. (a) Section 1.3 of this bill incorporates amendments to Section 33334.2 of the Health and Safety Code proposed by both this bill and AB 637. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 33334.2 of the Health and Safety Code, (3) AB 661 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 637, in which case Sections 1, 1.5, and 1.7 of this bill shall not become operative.

(b) Section 1.5 of this bill incorporates amendments to Section 33334.2 of the Health and Safety Code proposed by both this bill and AB 661. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2002, (2) each bill amends Section 33334.2 of the Health and Safety Code, (3) AB 637 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after AB 661, in which case Sections 1, 1.3, and 1.7 of this bill shall not become operative.

(c) Section 1.7 of this bill incorporates amendments to Section 33334.2 of the Health and Safety Code proposed by this bill, AB 637, and AB 661. It shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 2002, (2) all three bills amend Section 33334.2 of the Health and Safety Code, and (3) this bill is enacted after AB 637 and AB 661, in which case Sections 1, 1.3, and 1.5 of this bill shall not become operative.
