Clarification –

QAP Section II (E) LIHTC Award Limitations

The limits on federal LIHTCs are two (2) awards and no more than \$2,000,000 to any member of a Development Team. For example, a member could receive

- one award for \$2,000,000, or
- two awards for \$2,000,000 combined.

The Authority will not exceed either limit, with the exception of an application including an eligible Junior Developer. In that case the member may

- be part of a third award, and/or
- receive more than \$2,000,000.

April 27, 2022

Clarification – this clarification is only for 9% LIHTC applications and is based on the current pending legislation and is subject to change as the legislation is made final.

State Tax Credit

- **Can an application show less than the maximum federal LIHTC allocation and also request the state LIHTC?** No. The new statute expressly forbids supplanting federal LIHTCs. The calculation must include the 30% basis boost (even if not in a DDA or QCT).
- **Will developers be able to submit scenarios with and without state LIHTC showing different amounts of federal LIHTCs?** No, for the same reason as in #1 above.
- **Will developers be able to submit scenarios with and without state LIHTC showing different amounts of other sources?** No. If a project works without state LIHTC equity then it should not be listed as a source; it either needs the additional equity to be feasible, or not.
- **What happens if the state LIHTC runs out before the federal?** Applications listing it as a source will be ineligible for award.
- **Is a developer bound by having checked “Yes” for requesting the state LIHTC in the preliminary application?** No, the full application does not need to include a request. If you checked “No” for requesting the state LIHTC in the preliminary application, you are bound by the preliminary application.
- **How much in state tax credit is available in 2022?** A maximum of 40% of the state tax credit amount, presuming sufficient eligible applications in rural areas.
- **How much of the state tax credits go to rural areas?** At least 50% of the total.
- **Which USDA definition of “rural” will apply?** The version used for Rural Development programs and the LIHTC national non-metro allowance:

<https://eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do?pageAction=sfp&NavKey=property@12>

- **Is there a maximum amount of state tax credits?** Yes, the lower of the federal LIHTC allocation or what SC Housing determines through underwriting is necessary for feasibility.

- **Is there a minimum amount of state tax credits?** Yes, SC Housing will not award less than \$300,000 because the syndication market cannot generate equity for lower amounts.
- **Will SC Housing use distinct scoring/selection for the state LIHTC for 9% applications?** The competition will be conducted under the 2022 QAP criteria and in conjunction with the state tax credit distribution model in the legislation.

I. INTRODUCTION

The federal Low-Income Housing Tax Credit (the “LIHTC”), including the 4% LIHTC associated with tax-exempt bond financing, is governed by Section 42 of the Internal Revenue Code (the “Code”) and regulations found in Title 26 of the Code of Federal Regulations. South Carolina Code of Laws Section 12-6-3795 governs the state housing tax credit (“STC”).

The Authority, as the designated LIHTC agency for the state, is responsible for the adoption of a Qualified Allocation Plan (“QAP”). The Authority may post bulletins or public notices on its web page; applicants are responsible to check for updates.

II. ADMINISTRATION OF THE QUALIFIED ALLOCATION PLAN

The Authority will make interpretations, apply criteria to facts and/or representations, and resolve all conflicts, inconsistencies, or ambiguities, if any, in the QAP or that arise in administering the LIHTC Program. Unless otherwise stated, the Authority is entitled to the full discretion allowed by law in making all such decisions. In the event of a natural disaster, disruption in the financial markets, or reduction in subsidy resources available, the Authority may disregard any section of the QAP, including point scoring and evaluation criteria, that interferes with an appropriate response. Applicants should seek guidance from the Authority regarding any situation not explicitly addressed in the QAP.

The Authority will honor Freedom of Information Act requests seeking any documents submitted with and/or related to LIHTC applications after reservation documents are executed and returned. The Authority will not notify the Applicant prior to complying with a request or prior to uploading the applications, or any portion thereof, to a web page.

A. Fees

Payment of all fees must be in the form of a wire or cashier’s check made payable to the South Carolina State Housing Finance and Development Authority. All fees are nonrefundable.

- LIHTC Application Fees: \$1,500 for preliminary, \$4,500 for full, each due at time of application submission.
- Market Study Review Fee: \$600 due at time of application submission.
- Missing Documents Fee: \$1,000 assessed for the first missing document for each application and an additional \$500 for each additional.
- Reconsideration Fee: \$1,500 due at the time a request for reconsideration is submitted.
- Reservation Fee: 10% of the LIHTC award amount due 14 calendar days after notification of the award.
- Plan Review and Construction Inspections Fee: \$5,850 due 14 calendar days after notification of the award.
- Compliance Monitoring Fees: \$50 per unit annually, plus an additional \$50 per unit annually for projects using the average income minimum set-aside. All compliance monitoring fees must be paid to the Authority within thirty (30) days of the date on which the first building is placed in service and on or before the first day of February of each succeeding year throughout the extended use period. The Authority will assess a ten percent (10%) late fee of the total outstanding balance for payments received after thirty (30) days from the date due. The minimum late fee will be \$50. The Authority may adjust the amount of the fee at any time. Such an adjustment shall not be treated as a QAP amendment.

- Reprocessing of Form 8609 Fee: \$100 per Form 8609 for errors in the final cost certification by either the developer or certified public accountant (CPA) resulting in Authority staff re-underwriting a development.
- Re-underwriting Fee: \$2,000 if the Authority has to re-underwrite a development due to a change at any time.

B. Opinions, Certifications and Exhibits

All opinions, certifications and exhibits must be based on an independent investigation into the facts and circumstances surrounding the proposed development. All opinions, certifications, and exhibits must be in the form specified by the Authority. Applications will be disqualified if an opinion, certification, or exhibit has been materially altered, amended, or changed.

All opinions and certifications submitted by attorneys, architects and/or engineers, and CPAs must be on letterhead with original signatures (scanned copies are acceptable).

C. Third Party Professionals

Architects, engineers and CPAs must be independent third-party professionals and be licensed to practice their respective professions in South Carolina. Attorneys may be licensed to practice law in any state, but matters of South Carolina law may be opined upon only by South Carolina licensed attorneys.

D. 9% LIHTC Applications

Unless otherwise specified, all QAP and Appendix references to “application” refer to the full application. A member of a Development Team (as defined herein) may not be associated with or submit more than four (4) full applications; there are no limits on preliminary applications.

To be considered in the competitive round, all applications must be submitted by the required due dates as specified in the LIHTC Program Schedule.

E. LIHTC Award Limitations

1. The Authority will not award more than two (2) applications at no more than \$2,000,000 in in federal LIHTCs to any member of a Development Team.

A member of a Development Team may exceed the award and submission limits above for one (1) application meeting the following criteria for a Junior Developer or partnering with a nonprofit:

If the Junior Developer is a tax-exempt entity, its bylaws must identify housing as a mission.
- d. The Senior and Junior Developers or nonprofit do not have an identity of interest.
- e. The application includes a material participation agreement identifying the project and how development responsibilities will be divided. Material participation means the regular,

continuous and substantial involvement in the operation of the development throughout the compliance period, as defined by the Code.

For purposes of the maximums in this section, the Authority may determine that a person or entity not listed in an application is a member of the Development Team for the proposed project based on relationships between the parties in previously awarded projects and other common interests. Standard fee for service contract relationships (such as accountants or attorneys) will not be considered.

2. The Authority will not award more than two new construction applications per county. If the selection criteria would result in exceeding these amounts across set-asides, the Authority will make awards in the order listed in Section IV(B).
3. Subject to the limitations in paragraph 2 above, the Authority will not award more than one (1) 9% LIHTC project targeting older persons per Group A county as defined in Section IV Application Grouping and Set-Asides.  - The Authority may hire another appraiser at the applicant's expense.
2. For new construction developments, the appraiser must value land using acreage as a measurement without regard to any contemplated improvements/restrictions. The value must be based on comparable land sales in the sub-market or the value of the "land only" portion of improved sales in the sub-market with common zoning characteristics. Such sales may not be exclusive to previous LIHTC developments.
3. For acquisition/rehabilitation developments, the appraisal must report land value and "as is" building(s) value separately, with the As-Is Building Value provided both
 - as if market rents are in place, not considering the unique aspects of below-market financing, federal subsidies and/or LIHTCs in this value estimate, and
 - based on current restricted rents (not post rehab) taking into consideration the unique aspects of below-market financing, federal subsidies and/or LIHTCs in this value estimate.
4. For RD funded developments only, the appraisal must add together the values for "As-Is, Restricted Rents" and "Interest Credit Subsidy" to arrive at the appraised value. If the purchase price includes acquired reserves (cash), the reserves should be deducted from the purchase price before the comparison to appraised value.
5. The appraisal must disclose and quantify the valuation loss attributable to detrimental characteristic(s) in close proximity to the development being appraised.

J. City/County/Legislative Notification:

 - b. Water and Sewer utility tie-ins are accessible and within 500 feet of the parcel line as verified by a letter from the City/County official or utility provider.
2. The following detrimental characteristics will result in an application being disqualified:

 - b. Proposing more than one new construction phase of the same project in the same funding cycle regardless of the tenant targeting. This includes, but is not limited to, subdividing a single parcel in the same funding cycle or proposals from the same or related members of the Development Team located adjacent to, in proximity to, or directly across the street from another proposed site.
 - c. Sites where the Authority determines the slope/terrain is not acceptable for affordable housing development as indicted by combined site and site preparation costs that exceed the cost of comparable existing buildable land in the area.
 - d. Any site listed on the National Priority List under the Comprehensive Environmental Response, Compensation, and Liability Act or that requires the execution of voluntary or involuntary cleanup agreements with Department of Health and Environmental Control or other third-party organizations as noted in a Phase II environmental assessment report (unless fully completed).
3. The Authority may disqualify new construction applications based on the following. Distances indicated are the shortest straight line between the boundary or property lines.

 - determine which new construction projects show development budget amounts outside the standard deviation, and
 - require all such applicants to provide explanations.Inability to explain the costs may result in disqualification of the application.
- b. The Authority will evaluate development costs and may adjust costs for reasonableness, necessity, and eligibility or disqualify applications not reflecting an efficient use of LIHTCs.

2. **Basis Boost**

The Authority has determined that all areas of the state are eligible for a boost in eligible basis of up to 130%.

For new construction developments, the contractor contingency may not exceed five percent (5%) of hard construction costs. For rehabilitation and adaptive reuse developments, the contractor contingency may not exceed ten percent (10%) of hard construction costs.

At placed in service, all awarded Development Teams must submit a Contractor Cost Certification as to the actual costs incurred in construction of the project. A CPA must perform an audit and issue an opinion letter in accordance with Generally Accepted Accounting Principles and Generally Accepted Auditing Standards and execute the CPA Certification Form. 8. Debt Coverage Ratio

The development’s first year DCR must be within the range of 1.15 to 1.45. A proposed development may exceed the maximum for financial feasibility purposes, but the Authority will use the maximum when calculating the LIHTCs. - securing a commitment of federal project-based rent assistance (converting vouchers).

Households with only a disability source of income (such as Supplemental Security Income) will be eligible for the 20% AMI units.

One or more service providers, as coordinated by state authorities, will refer households. For a period of ninety days after the initial rent-up period begins the owner will establish a preferential leasing opportunity for referrals and thereafter will maintain a separate waiting list.
