
**2010 HOME
Investment Partnerships
Program Addendum**

Combined LIHTC & HOME Application Cycle

HOME Investment Partnerships Program Addendum

Purpose, Definitions, Guidelines and Exhibits

Purpose and Intent

The Authority's **HOME** Program is designed to promote partnerships among the U.S. Dept. of Housing and Urban Development (HUD) and other federal entities, state and local governments, and those in the nonprofit and for-profit sectors who build, own, manage, finance, and support low income housing initiatives. **HOME** provides the flexibility needed to fund a wide range of low income housing initiatives through creative and unique housing partnerships. The **HOME** Program was created under Title II of the Cranston-Gonzalez National Affordable Housing Act of 1990.

Definitions of Terms

"Appraisal" means an estimated value of a piece of property by a licensed real estate appraiser. Appraisals must represent the income approach except in the case of vacant land. For vacant land the market data approach will be used.

"Authority" means the South Carolina State Housing Finance and Development Authority located at 300-C Outlet Point Blvd, Columbia, South Carolina, 29210.

"Annual Income" means the gross amount of income of all adult household members that is anticipated to be received during the coming 12-month period. This definition contains income "inclusions" - types of income that can be counted and income "exclusions" - types of income not considered.

"Applicant" means any eligible person or entity, public or private, for-profit or nonprofit, proposing to acquire, rehabilitate, reconstruct, and/or build housing in accordance with this Addendum in order to apply for **HOME** program funds.

"Community Housing Development Organizations" or "CHDOs" means private nonprofit organizations that are organized pursuant to the definition in the HUD Regulations.

"Contact Person" means a person with decision-making authority for the Participant, with whom the Authority will correspond concerning the Application.

"Division" means the Housing Development Division of the Authority which administers the **HOME** Program.

"Development Costs" means the sum total of all costs incurred in the development of a Project all of which shall be subject to the approval by the Authority as reasonable and necessary. Specific explanation of costs can be located in the Guidelines Section for each eligible activity.

"Developer" means any individual, association, corporation, joint venture, or partnership which possesses the requisite skills and experience to successfully produce affordable multifamily and single-family housing.

"Disabled Person" means a household composed of one or more persons, at least one of who is an adult, who has a disability. A person is considered to have a disability if the person has a physical, mental, or emotional impairment that: 1) Is expected to be of long-continued and indefinite duration; 2) Substantially impedes his or her ability to live independently; and 3) Is of such a nature that such ability could be improved by more suitable housing conditions.

"Draw" means the disbursement of funds to a **HOME** Project.

"Elderly" means a person 62 years of age or older.

"Elderly Household" means a household whose head, spouse, or sole member is a person who is at least 62 years of age; or two or more persons who are at least 62 years of age living together; or one or more persons who are at least 62 years of age living with one or more live-in aides.

“Eligible Person” or **“Eligible Household”** means one or more persons or a family irrespective of race, creed, national origin or sex, determined by the Authority to be of low or very low income.

“Family” or **“Family Household”** means a household composed of one or more persons.

“General Contractor” means a duly licensed entity or individual licensed by the State of South Carolina who agrees, for a specific period, to furnish all materials, labor and services related to the renovation or new construction of a building or buildings.

“HOME” or **“HOME Program”** means the **HOME** Investment Partnerships Program pursuant to the HUD Regulations of 24 CFR Part 92.

“HOME-Assisted Unit” means a specific unit(s) that is funded with **HOME** funds.

“HOME Project” means any project which receives financial assistance from the Authority under the **HOME** Program. A project is a site or sites together with any building or buildings located on the site(s) that are under common ownership, management and financing and are to be assisted with **HOME** funds as a single undertaking under this part. The project includes all the activities associated with the site and building.

“HUD” means the United States Department of Housing and Urban Development.

“HUD Regulations” means the regulations of HUD in 24 CFR Part 92 (1991) issued under the authority of Title II of the National Affordable Housing Act of 1990.

“Income Certification” means all households that receive **HOME** assistance must be income eligible as defined in 24 CFR Part 5. **HOME** income certifications may be dated not earlier than six (6) months prior to eligibility determination. Certification involves identifying different sources of income, evaluating the income and verifying the income through third parties.

“Initiation of Negotiations” means the date of an execution of an agreement covering acquisition, rehabilitation, or demolition activities.

“Letter of Commitment” means an original executed letter or contract from a funding source verifying that a specific Participant has a commitment of funds for a project. This letter or contract must be dated within ninety (90) days of the **HOME** application submission deadline if submitted with the application. This letter should include the amount of funds, expiring conditions, if any, whether funds will be provided as a loan or a grant,, loan to value ratios, and term and interest rate, if applicable.

“Local Government” or **“Unit of Local Government”** means any county, city, town or municipality in the State of South Carolina.

“Low-Income” means income which does not exceed 80% of the median income for the area, as determined by HUD, with adjustments for family size.

“Minority Owned Business” means a business that is at least 51% owned by a minority.

“Marketing Plan” means a document that consists of actions to provide information and attract eligible persons from all racial, ethnic and gender groups in a housing area to a potential affordable housing project.

“Market Study” means research done to review market conditions in a specified area, as well as a study of the economic forces of supply and demand and their impact on real estate returns, risks, and values.

“Management Plan” means a document that stipulates the duties and terms of the management company or individual handling the property.

“Near Elderly Household” means a household whose head, spouse, or sole member is a person who is at least 50 years of age but below the age of 62; or two or more persons, who are at least 50 years of age but

below the age of 62, living together; or one or more persons who are at least 50 years of age but below the age of 62 living with one or more live-in aides.

“Nonprofit” means a qualified entity that has a tax exemption ruling from the Internal Revenue Service under section 501 (c)(3) or 501 (c)(4) of the Internal Revenue Code and has been incorporated to operate in the State of South Carolina.

“Note” means a unilateral agreement containing an express and absolute promise to pay to the Authority a principle sum of money for the **HOME** Program loan together with interest on a specified date. The Note will provide the interest rate and will be secured by a mortgage.

“Participant” means any eligible person or entity, public or private, for-profit or nonprofit, proposing to acquire, rehabilitate, reconstruct, and/or build housing in accordance with this Addendum in order to apply for **HOME** program funds.

“Single Room Occupancy” or **“SRO”** means housing (consisting of single room dwelling units) that is the primary residence of its occupant or occupants. The unit must contain either food preparation or sanitary facilities (and may contain both). If the units do not contain sanitary facilities, the building must contain sanitary facilities that are shared by tenants.

“Very Low-Income” means income which does not exceed 50% of the median income for the area, as determined by HUD, with adjustments for family size.

Eligible Participants and Activities for HOME Funding

HOME funds are available for the development, rehabilitation and new construction of affordable housing, serving persons at 50% of median income or less. Complete this addendum to the general application if you have identified property that you are seeking to construct, acquire, and/or rehabilitate for affordable rental housing (project specific) with **HOME** funds.

Eligible Participants Include:

- ✓ Units of General Local Governments
- ✓ Community Housing Development Organizations (CHDOs)
- ✓ Nonprofit Organizations
- ✓ For-profit Organizations
- ✓ Public Housing Authorities

Terms and Limits of Financial Assistance

HOME funds can be applied for and combined with Low Income Housing Tax Credits only in conjunction with the LIHTC application cycle. **HOME** funds will be awarded to tax credit developments based on the following conditions:

1. **HOME** funds, if available, will be awarded only to developments receiving an award of LIHTC.
2. **HOME** funds may be requested ONLY at the tax credit Tier One application submission.
3. The maximum **HOME** award any one (1) development can request is \$900,000. These awards will be available as deferred permanent loans with a one half percent (1/2%) interest rate and a term and amortization period of no longer than thirty (30) years. Both principal and interest will be deferred for thirty (30) years.
4. **HOME** funds will be awarded to developments with the highest point score regardless of LIHTC set-aside as provided in the LIHTC Qualified Plan. **HOME** funds will be awarded in descending point score order until the **HOME** funds are exhausted. The Authority reserves the right to reduce the amount of **HOME** funds requested based on an underwriting analysis.
5. **HOME** funds may be awarded to any LIHTC development if, and only if, at least twenty percent (20%) of the development's total units are rent and income restricted and **HOME** restricted, based on the fifty

percent (50%) Area Median Income. The maximum **HOME** subsidy per unit cannot exceed the per unit HUD 221(d) limits by bedroom size (See **Exhibit 2**).

6. LIHTC funding cannot be considered for projects which are still open and have already been awarded **HOME** funds. Previously awarded **HOME** developments that have been closed out may apply for LIHTC funding only if written approval is given by the Authority's **HOME** Program Manager.
7. Only one **HOME** award will be allocated per development.
8. A Phase I Environmental Site Assessment Report prepared by a third party independent environmental professional and addressed to the SC State Housing Finance & Development Authority, must be submitted with the Tier One Application. The report must be prepared in accordance with the American Society for Testing and Materials Practice Standards E-1527-05, or as may be amended. For developments with existing buildings, results from the following tests must also be submitted: lead-based paint, and asbestos. The reports must be accompanied by a certification from the Participant stating that any and all environmental issues discovered have been reviewed and will be included in the development budget to address and/or remediate fully such issues. A plan must be submitted for the mitigation of any hazardous materials, if found.
9. The following completion requirements must be met by May 21, 2010:
 - All 2007 **HOME** and earlier awards must be officially closed out.

Completing the Addendum

Before preparing your application, review the appropriate definitions, guidelines, and thresholds that the Authority will use to accept and fund applications.

For questions concerning the applications, contact the **HOME** Program staff by phone, fax, or e-mail:

General HOME Guidelines

Funding Consideration

The South Carolina State Housing Finance and Development Authority (the Authority) will award a reservation of funds to eligible Participants that propose eligible construction, acquisition, and/or rehabilitation of affordable rental housing projects. Participants that have identified a specific site or project should complete this addendum. All **HOME** funds are subject to the U.S. Department of Housing and Urban Development (HUD) regulations and all other applicable federal and state requirements. Applications will be reviewed according to the LIHTC/**HOME** ranking process outlined in the 2010 Low-Income Housing Tax Credit QAP/Manual. In the back of this addendum please find a checklist, **Exhibit 1**, which identifies documentation required to apply for **HOME** funds.

Amount of HOME Assistance

The minimum amount of **HOME** dollars invested cannot be less than \$1,000 per **HOME-assisted** unit.

Maximum HOME Subsidy Per Unit:

The maximum amount of **HOME** dollars invested is based on a per unit limit by bedroom size which varies by jurisdiction. (*See Exhibit 2*)

Eligible Properties

Properties may consist of a single building or scattered sites. To qualify as a project these properties **must** be:

- ✓ One or more buildings on a single site; under common ownership, management, and financing; or
- ✓ Scattered on more than one site, under common ownership, management and financing and receive **HOME** assistance as a single undertaking.

There are no limits on the number of units per project and properties may be privately or publicly owned.

Ineligible Properties

- ✓ Public housing units
- ✓ Projects assisted under Title VI of NAHA (*Prepayment of Mortgages Issued by HUD*)
- ✓ Commercial Properties (*except when converted to residential*)
- ✓ Homeless Shelters

Property Standards

Participants must adhere to the written standards and specifications developed by the Authority and to all local standards in order to use **HOME** funds for any activity. (*Refer to the HOME Construction Manual available at <http://www.schousing.com/library/HOME/2009/Construction%20Manual.pdf>*)

Site and Neighborhood Standards

Authority staff may conduct site evaluations for each LIHTC/**HOME** application. If the Authority determines any detrimental site characteristics exist on, adjacent to, or within unallowable distances from the site, the Authority may reject the application. Use the Site and Neighborhood Certification, **Exhibit 3**, as guidance along with the following:

1. proposed sites for new construction units must be adequate in size, exposure, and contour to accommodate the number and type of units proposed;
2. adequate utilities and streets must be available to service the site;
3. the site must promote a greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons.

Construction Requirements

Each Participant must provide a description of all work to be undertaken. Preliminary plans and specifications shall be submitted for new construction. Most architects have a standard form for including all contract items and all line item costs that can be submitted to meet this requirement.

A preliminary work write-up, specifications for each item and a line item cost estimate shall be included for all rehabilitation projects. See the **HOME Construction Manual** for sample work write-up forms.

Environmental Review Requirements

In accordance with 24 CFR Part 58 participants, recipients, owners, developers, sponsors or any third party partners CAN NOT take any physical actions on a site, begin construction, commit, expend, or enter into any legally binding agreements that constitute choice limiting actions for any HUD or non-HUD funds before the environmental review process has been completed and an “Authority to Use Grant Funds” has been received from HUD. Any violation of the statutory regulation will result in the automatic removal of an application from funding consideration and/or de-obligation of a HOME award.

For projects involving acquisition, an option agreement on a proposed site or property is allowable prior to the completion of the environmental review **if and only if** the option agreement is conditional in nature so as not to provide legal claim to any amount of **HOME** funds to be used for the specific project or site until the environmental review process is satisfactorily completed. Sample language to meet this requirement is provided in the **Environmental Review Manual**.

Lead Based Paint Requirements

HOME-assisted projects must comply with Lead-Based Paint Regulations. Effective September 15, 2000, the U.S. Department of Housing and Urban Development (HUD) issued a new regulation designed to protect young children from lead-based paint hazards in housing that is financially assisted by the federal government or being sold by the government. The regulation, “Requirements for Notifications, Evaluation and Reduction of Lead-Based Paint Hazards in Federally Owned Residential Property and Housing Receiving Federal Assistance,” was published in the Federal Register on September 15, 1999. This regulation appears within title 24 of the Code of Federal Regulations as part 35 (**24 CFR Part 35**). The requirements apply to housing built before 1978, the year lead-based paint was banned nationwide for consumer use. The regulation sets hazard reduction requirements that give a much greater emphasis than previous regulations to reducing lead in house dust. The regulation requires dust testing after paint is disturbed to make sure the home is lead-safe. Specific requirements depend on whether the housing is being disposed of or assisted by the federal government, and also on the type and amount of financial assistance, the age of the structure, and whether the dwelling is rental or owner-occupied.

Types of Housing Covered

- Federally-owned housing being sold
- Housing receiving a federal subsidy that is associated with the property, rather than with the occupants (project-based assistance)
- Public housing
- Housing occupied by a family (with a young child) receiving tenant-based subsidy (such as a voucher or certificate)
- Multifamily housing for which mortgage insurance is being sought
- Housing receiving federal assistance for rehabilitation, reducing homelessness, and other special needs

Types of Housing Not Covered

- Housing built since January 1, 1978, when lead paint was banned for residential use
- Housing exclusively for the elderly or people with disabilities, unless a child under age 6 is expected to reside there
- Zero-bedroom dwellings, including efficiency apartments, single-room occupancy housing, dormitories, or military barracks
- Property that has been found to be free of lead-based paint by a certified lead-based paint inspector
- Property where all lead-based paint has been removed
- Unoccupied housing that will remain vacant until it is demolished
- Non-residential property

- Any rehabilitation of housing improvement that does not disturb a painted surface

See the **HOME Construction Manual** for information regarding **HOME** lead-based paint requirements.

Income Targeting

A **HOME** Participant must determine each potential tenant is income eligible by determining the family's gross annual income. This income must be examined and verified by using third party source documents evidencing annual income (e.g., wage statement, interest statement, and unemployment compensation statement) for the family. When verifying incomes for potential **HOME** beneficiaries, Participants should use the Part 5 Definition as defined in the "*Technical Guide for Determining Income and Allowances for the HOME Program*" provided by the U.S. Department of Housing and Urban Development. Free copies of this manual can be downloaded from the Authority's web site at <http://www.schousing.com/index.asp?n=47&p=5&s=47>, or by calling *Community Connections* at 1-800-998-9999. **HOME** income limits are updated annually by HUD in March. Current **HOME** Income limits can be downloaded from the Authority's web site at: <http://www.schousing.com/index.asp?n=47&p=5&s=47>

Developments with five (5) or more **HOME**-assisted units are required to maintain occupancy of units by very low-income persons at or below fifty percent (50%) of the AMI for a period ranging from five (5) to twenty (20) years. Further restrictions are required by the LIHTC Program.

HOME Occupancy Requirements

HOME Rental housing developments funded in conjunction with LIHTC will qualify as affordable only if the project has:

- At least twenty percent (20%) of the development's total units designated as **HOME**-assisted units; of which, one hundred percent (100%) will be occupied by households at or below fifty percent (50%) of the AMI.

NOTE: Typically, in a **HOME**-assisted project, tenants whose annual incomes increase to over eighty percent (80%) of median area income may remain in occupancy but must pay no less than thirty percent (30%) of their adjusted monthly income for rent and utilities. **When projects are financed with HOME and LIHTC, the HOME rules defer to the LIHTC rules, and in no case can the rent exceed limits set by the LIHTC program.**

Rent Levels

Rents for **HOME-assisted** units are controlled for the length of the applicable affordability period. These rents are determined on an annual basis by the U.S. Department of Housing and Urban Development (HUD). The **HOME** Participant will be provided with these rents, which include all utilities at an implementation meeting, if awarded **HOME** funds. The utilities paid by tenants shall be subtracted from the rents provided to determine the maximum allowable rents. Rents may increase or decrease from year to year. **HOME** rents are not necessarily representative of market conditions. Rather, these rents represent the following:

High HOME Rents

The lesser of the Fair Market Rents for existing units as determined by HUD or thirty percent (30%) of sixty-five percent (65%) of median income, adjusted for family size.

Low HOME Rents

The lesser of the Fair Market Rents for existing units as determined by HUD or thirty percent (30%) of fifty percent (50%) of median income, adjusted for family size.

HOME rent limits are generally updated in March annually by HUD. Current **HOME** Rent limits can be downloaded from the Authority's web site at: <http://www.schousing.com/index.asp?n=47&p=5&s=47>

NOTE: Rental projects containing less than five **HOME**-assisted units are not restricted to the low **HOME** rent designations and can be occupied by families who have annual incomes that are sixty percent (60%) or less of the median income adjusted for family size.

Each Participant should be aware of the market conditions in the areas where projects are proposed. Each project should show market feasibility not based upon the High and Low **HOME** rents, but rather upon housing markets and **HOME** occupancy requirements which demand occupancy by low and very low-income persons. Rents shall not exceed the published High or Low **HOME** rents, adjusted for utility arrangements and bedroom size. However, because these rents must also be attractive to lower income tenants, actual rents may be lower than published High and Low **HOME** rents. Project budgets should be calculated in such a way that they take into consideration the market feasibility as well as financial feasibility.

Affordability Terms

HOME-assisted units must remain affordable for varying terms, depending on the amount of **HOME** funds invested per unit:

For rehabilitation or acquisition of existing housing, affordability terms are:

HOME Investment per Unit	Period of Affordability
Under \$15,000 per unit	5 years
\$15,000 to \$40,000 per unit	10 years
Over \$40,000 per unit	15 years

For new construction or acquisition of new housing 20 years

HOME-assisted units must remain affordable throughout the affordability period. **HOME-assisted** units may be substituted over time (called "floating units") as long as the total number of affordable units remains the same and the substituted units are comparable in terms of size, features, and number of bedrooms. However, the "fixed" or "floating" designation must be elected by the Participant at the time of application.

Financial Assistance

The maximum **HOME** award any one (1) development can request is \$900,000.

A note and mortgage will be recorded in all cases where **HOME** assistance is provided. This may be in a junior lien position to private lender financing. Upon project completion, the rent and occupancy requirements will be enforced by a recorded restrictive covenant(s) running with the property(s) for the duration of the affordability period.

All financial commitments must be obtained within ninety (90) days from the date of your reservation letter.

Participants may elect to draw **HOME** funds during construction or project at completion. There is no interest incurred on **HOME** funds during the construction phase. If drawing **HOME** funds during construction, the **HOME** funds must be drawn proportionate with other sources of financing that do not charge interest. All draws are subject to a ten percent (10%) retainage. Therefore, ninety percent (90%) of **HOME** funds may be drawn down prior to a private lender construction loan. The retainage will be released upon completion of the project.

Participants that elect to draw **HOME** funds during construction for payment on contracts exceeding \$100,000 must provide either a Direct Pay Irrevocable Letter of Credit or a Payment and Performance Bond to ensure construction reaches completion. Acceptable letters of credit must be payable directly to: SC State Housing Finance & Development Authority. Payment and Performance Bonds or letters of credit must be an amount equal to the construction contract to ensure payment in full for all completed work in place. To limit the Authority's liability, all letters of credit must be reviewed and approved by the Authority.

Eligible Costs

Eligible soft costs Include:

The project's soft costs must be "reasonable and necessary."

1. Professional Related Costs
 - Origination fees

- Credit reports
 - Title reports and updates
 - Recordation fees
 - Preparation and filing legal documents
 - Appraisals
 - Attorney's fees
 - Loan processing fees
 - Developer fees
2. Construction Related Costs
 - Architectural fees
 - Engineering fees
 - Preparation of Work write-ups/Cost estimates
 - Builders fees
 3. Project Audit Costs
 4. Affirmative marketing and fair housing

Eligible Hard Costs

The actual costs of constructing or rehabilitating the project include the following:

For Rehabilitation

- costs to meet the applicable rehabilitation standards in effect at the time a building permit is obtained from the locality;
- costs to make essential improvements including the actual costs of construction or rehabilitation;
- energy-related repairs or improvements;
- improvements necessary to permit use by handicapped persons;
- abatement of lead-based paint hazards; and
- costs to repair or replace major housing systems in danger of failure.

For New Construction and Substantial Rehabilitation

- costs to demolish existing structures;
- costs for improvements to the project site that are comparable with the surrounding standard developments; and
- costs to make limited utility connections.

For New Construction

- costs to meet the new construction standards in effect at the time a building permit is obtained from the locality.

Conversion/Acquisition Costs

- reasonable costs of acquiring improved or unimproved land for new construction or substantial rehabilitation;
- an appraisal that is no more than six (6) months old - a property appraisal is required to ensure that the potential Participant does not purchase the property for more than the fair market value. A "Notice to the Seller" is required. A sample of this "Notice" is included as ***Exhibit 4***.

Acquisition or Conversion without Rehabilitation

Under limited circumstances funds may be reserved to convert conventional properties to affordable units available to low income households. Funds may also be used to enable CHDOs and other eligible 501(c)3 or 4 nonprofit organizations to salvage troubled projects.

Operational Expenses -- CHDOs Only

- Subject to the availability of funds, CHDOs **may qualify** for up to fifty percent (50%) or \$50,000 of the total operating budget for the organization. CHDO Operating Expense funds will only be awarded to CHDOs that receive project funds from the fifteen percent (15%) CHDO set aside. Costs include: salaries, wages,

and other employee compensation and benefits; employee education, training, and travel; rent; utilities; communication costs; taxes; insurance; and equipment, materials and supplies.

Mixed Income Developments:

All **HOME** funds used in conjunction with a mixed income development shall be used solely for the benefit of the affordable units in the development. Housing that accounts for less than 100 percent of the dwelling units in a development qualifies as affordable housing if the **HOME-assisted** units meet the rent and occupancy limitations as previously stated. Each building in a development must contain housing that meets these requirements. Common area costs will be prorated based upon the number of affordable units and other units.

Mixed Use Developments:

A building that is designed in part for other than residential housing may qualify as affordable housing under the **HOME** program if, at least fifty-one percent (51%) of the total space is residential and meets the rent and occupancy limitations. A development that contains laundry and/or community facilities for the exclusive use of the development residents and their guests is considered residential use. Costs for common areas shared by both residential and commercial tenants shall be prorated. Each building in a development must contain residential living space.

Prohibited Costs

Project Termination before completion:

- In the event a project is terminated prior to completion, all expended **HOME** funds must be repaid to the Authority.

No Double Dipping on HOME projects:

- Except for the first year after completion, additional **HOME** funds may not be used to benefit a **HOME-assisted** project during its required period of affordability.

Ineligible HOME Costs:

- Project Reserves (operating, rent-up and replacement)
- Utility Connections (i.e. tap fees, lift or pump stations)
- Delinquent Property Taxes

NOTE: If liens are recorded against a property, HOME funds may not be used for that property.

Relocation

Tenant Protections

All residential tenants in place prior to the submission of this application must be provided with the opportunity to lease and occupy a suitable, decent, safe, sanitary and affordable dwelling unit in the building or development upon completion of the project. If the rehabilitation is such that it will require the tenant to be temporarily relocated, the associated costs are an eligible cost of the project. Relocation payments are eligible **HOME** project costs.

All **HOME** projects are subject to the Uniform Relocation Act (URA). As such, tenants that are the legal residents of a project at the time of application must be provided certain protections. The following information must be provided to all legal residents prior to Tier One submission:

- Written Notice of the right to remain or the need to relocate;
- Payment of the cost of temporary relocation;

As part of the HOME application, Participants are required to include proof that ALL residents who were legally occupying units prior to Tier One submission were given a General Information Notice. The required GIN Notices are included as **Exhibits 5 and 6**. These Notices must be sent by certified mail, return receipt requested, or by personal service. Documentation of the method of service used, as well as the tenants served, **MUST** be submitted as part of the **HOME** Addendum. In addition, a complete **Tenant Profile Form (Exhibit 7)** must be submitted for each unit along with a Certified Rent Roll. **Failure to follow these**

requirements exactly as described above will result in removal of the application from further consideration.

A tenant is considered displaced if they move from the real property, permanently, as a direct result of rehabilitation, demolition, or acquisition of a **HOME-assisted** project.

NOTE: Relocation requirements shall apply to all occupants of a project for which HOME assistance is sought, even if less than 100% of the units are HOME-assisted.

A tenant is not considered displaced if:

- The tenant is evicted for cause, assuming the eviction was not undertaken to evade URA obligations.
- The person has no legal right to occupy the property under State or local law (e.g., squatter).
- The tenant moved in after the application was submitted, and before commencing occupancy was provided written notice of the planned project, warned of the possible impact (e.g., the tenant may be displaced, temporarily relocated, or experience a rent increase), and informed they would not qualify as a "displaced person" as a result of the project.
- Others who the Authority (with HUD's approval) determines are not displaced.

How displacement may be triggered:

Before Application:

A tenant moves out permanently from a property before the Participant submits an application for **HOME** assistance and the Authority or HUD determines that the displacement was a direct result of the proposed rehabilitation, demolition, or acquisition of the **HOME** project (e.g., the Authority determines that the Participant displaced tenants in order to propose a vacant building for **HOME** assistance).

After Application or Approval:

A tenant moves out permanently from a property after submission of a **HOME** application because:

- The Participant requires the tenant to move out permanently because of unit size or the unit is eliminated;
- The Participant fails to provide required notices to the tenant in a timely manner;
- The tenant is required to move temporarily and the Participant does not pay all actual, and reasonable out-of-pocket expenses;
- The tenant is required to move temporarily and the Participant does not pay because the conditions of the move are unreasonable;
- The tenant moves permanently from the project because the tenant is not provided the opportunity to lease and occupy a suitable decent safe, and sanitary dwelling in the same building/complex upon the completion of the project;
- The tenant moves permanently from the project because the tenant is not provided a monthly rent that does not exceed the greater of the tenant's monthly rent and estimated average utility costs before the initiation of negotiations or thirty percent (30%) of the household's average gross income. A tenant that moves permanently from the project because they cannot afford to pay the higher rent charged after the completion of the project is considered to be "economically displaced".

NOTE: Participants must make every effort not to trigger displacement. Relocation costs are very expensive. The Authority does not encourage displacement of tenants. Participants should offer the tenants the opportunity to lease an affordable comparable unit within the project if possible. Affordable is generally defined as housing payments (rent and utilities) which do not exceed 30 percent of the tenants' adjusted income.

All Participants must become familiar with the URA and 104(d) (Barney Frank) relocation requirements. Questions about these requirements should be directed to a **HOME** staff person.

Tenant Lease Protections

A **HOME** Participant is required to follow the provisions of 24 CFR Part 92.253 of the **HOME** regulations for tenant lease protections.

The Participant and tenant are required to execute a lease agreement for a minimum of twelve (12) months, unless the Participant and tenant mutually agree to a lesser term. A Participant may not terminate a tenancy or refuse to renew the lease of a tenant except for serious or repeated lease violations; for violation of applicable federal, state or local law; or for other good cause. Any termination or refusal to renew must be preceded at least 30 days by service of a written notification specifying the grounds for the action.

Participants may not refuse, except for just cause, to lease a **HOME-assisted** unit to a family which holds a rental certificate or rental voucher or a comparable document under the **HOME** Program.

Certain lease terms are prohibited. These include:

- **Agreement to be Sued** -- Agreement by the tenant to be sued, to admit guilt, or to a judgment in favor of the Participant in a lawsuit brought in connection with the lease.
- **Treatment of Property** -- Agreement by the tenant that the Participant may take, hold, or sell personal property of household members without notice to the tenant and a court decision on the rights of the parties. This prohibition, however, does not apply to an agreement by the tenant concerning disposition of personal property remaining in the housing unit after the tenant has moved out of the unit. The Participant may dispose of this personal property in accordance with State law.
- **Excusing the Participant from Responsibility** -- Agreement by the tenant not to hold the Participant or the Participant's agents legally responsible for actions or failure to act, whether intentional or negligent.
- **Waiver of Notice** -- Agreement by the tenant that the Participant may institute a lawsuit without notice to the tenant.
- **Waiver of Legal Proceedings** -- Agreement by the tenant that the Participant may evict the tenant or household members without instituting a civil court proceeding in which the tenant has the opportunity to present a defense or before a court decision on the rights of the parties.
- **Waiver of Legal Trial** -- Agreement by the tenant to waive any right to a jury trial.
- **Waiver of Right to Appeal Court Decision** -- Agreement by the tenant to waive the tenant's right to appeal or to otherwise challenge in court a decision in connection with the lease.
- **Tenant Chargeable with Cost of Legal Actions Regardless of Outcome** -- Agreement by the tenant to pay attorney fees or other legal costs even if the tenant wins the court proceeding by the Participant against the tenant. The tenant, however, may be obligated to pay costs if the tenant loses.

Tenant Selection Procedures

HOME Participants must provide tenant selection policies and criteria in a formal written plan that addresses all of the following:

- the purposes of providing housing for very low and low-income families;
- reasonableness, given **HOME** Program eligibility and acceptance requirements;
- housing needs of families with federal preferences for admission to Section 8 and public housing;
- tenant selection from a written waiting list in chronological order;
- written notification of rejection and the grounds for such in a timely manner

Procurement Requirements

New construction project Participants shall submit detailed, final plans, specifications and an independent cost analysis on a date to be determined. A cost analysis by the architect or by a general contractor who will not bid on the project is acceptable. Rehabilitation project Participants shall submit a complete work write-up with specifications for each item and a Public Body Estimate.

A minimum of three bids is required. The bids must be from general contractors who are licensed in the State of South Carolina. All bids shall be submitted with line item costs. The acceptable bid shall be no more than 10% higher than the independent cost analysis or the Public Body estimate. Exceptions to the above must be approved in writing by the Authority prior to bid selection. Procurement policies and bid selection procedures

must comply with the regulations of Section 3, MBE/WBE, minority outreach requirements, and federal labor standards when applicable. See the **HOME Construction Manual** for bidding and contractual criteria.

Davis-Bacon Requirements

All HOME-assisted projects containing 12 or more units must comply with the Davis-Bacon Act. The Davis-Bacon Act provisions require the payment of not less than the wages prevailing in the locality, as predetermined by the Secretary of Labor, to all laborers and mechanics employed in the development of **HOME** housing. A **HOME** Participant is required to enforce labor standards, provide on-site inspections (employee interviews), process weekly payroll forms, and include the Federal Labor Standards Provisions and Wage Rates in all applicable contracts. Refer to the **HOME Construction Manual** for more details.

Every contractor participating in the **HOME** Program must be cleared by the Authority to ensure that they are not on the list of Parties Excluded from Federal Procurement or Non-Procurement Programs as published by the U. S. General Services Administration and HUD Regional and Field Offices' Limited Denials of Participation lists.

Section 3 Requirements

Section 3 regulations apply to the following **HOME**- assisted projects:

- Projects assisted with HUD funds for construction and rehabilitation activities in excess of \$200,000.
- Contracts and subcontracts exceeding \$100,000 that were awarded in connection with projects assisted with HUD funds for construction and rehabilitation activities in excess of \$200,000.

If a new construction or rehabilitation project is assisted with any HUD program funds in excess of \$200,000 but no single contractor or subcontractor is awarded more than \$100,000 in association with the project then only the organization that directly received the **HOME** assistance is subject to comply with the Section 3 Regulations concerning training, employment and contracting activities. If there are contracts and subcontracts awarded in conjunction with the Section 3 applicable project, then Section 3 regulations apply to the organization that directly received the **HOME** funds as well as all the contracts and subcontracts awarded in connection with the **HOME** project that are in excess of \$100,000. These include **all** contracts and subcontracts awarded in excess of \$100,000, even those not funded with **HOME** funds and those that are for non-construction related activities.

The purpose of Section 3 of the Housing and Urban Development Act of 1968 (24 CFR Part 135), as amended, is to ensure that “the employment and other economic opportunities generated by Federal financial assistance for housing and community development programs shall, to the **greatest extent feasible**, be directed toward low and very low income persons, particularly those who are recipients of government assistance for housing.” To the greatest extent feasible, **HOME** participants and their contractors and subcontractors must provide opportunities for job training, employment, contracting and subcontracting to Section 3 residents and businesses. Refer to the **HOME Construction Manual** for more details.

Section 504 Requirements

HOME-assisted multi-family housing must meet the accessibility requirements of **Section 504 of the Rehabilitation Act of 1973**. The Act prohibits discrimination against persons with disabilities in the operation of programs receiving Federal financial assistance. HUD regulations implementing **Section 504** contain accessibility requirements for new construction and rehabilitation of housing as well as requirements for ensuring that the programs themselves are operated in a manner that is accessible to and usable by persons with disabilities.

New Construction projects with five (5) or more units must have a minimum of five percent (5%) of the units accessible to individuals with mobility impairments and an additional two percent (2%) of the units accessible to individuals with sensory impairments.

Rehabilitation projects with fifteen (15) or more units and rehabilitation costs that will be seventy-five percent (75%) or more of the replacement costs of the completed facility must have a minimum of five

percent (5%) of the units accessible to individuals with mobility impairments and an additional two percent (2%) of the units accessible to individuals with sensory impairments.

Other Federal Requirements

Participants shall comply with all other federal requirements as outlined in 24 CFR Part 92, Subpart H including but not limited to: Affirmative marketing, Equal opportunity and fair housing, Environmental review, Displacement, Relocation and Acquisition, Labor, Lead-based paint, Conflict of interest, Debarment and suspension, Flood insurance and Executive Order 12372.

Monitoring and Compliance

Maximum monthly rents and utility allowances must be recalculated annually upon the anniversary of lease renewals. A **HOME** Participants must annually review rent and utility allowances. The annual income of tenants in **HOME** projects must also be re-examined each year. Procedures for determining income will be provided by the Authority during an implementation meeting. The Section 8 Part 5 definition of income will apply. In addition, Participants shall conduct on-site inspections for compliance with Section 8 Housing Quality Standards annually.

The Authority will monitor **HOME** Participants to ensure compliance with **HOME** program requirements. Program compliance will be assessed through annual inspections and periodic site visits by **HOME** staff. The Authority will provide Participants with a Compliance Manual after awards are made detailing required responsibilities for program compliance.

General

No member, officer, agent, or employee of the Authority shall be personally liable concerning any matters arising out of or in relation to, the commitment of **HOME** Program funds with regard to feasibility or viability of the proposed development.

Place all **HOME** information under Tab 19.

HUD 221(d) Subsidy Limits

0 bedroom -	\$49,914
1 bedroom -	\$57,216
2 bedroom -	\$69,575
3 bedroom -	\$90,006
4 bedroom -	\$98,799

The above applies to all counties in South Carolina and is based on the most current Swift and FHA Multifamily statutory mortgage programs.

Exhibit 3- Site and Neighborhood Standards Certification

Project Name: _____ Participant Name: _____

Housing provided through the **HOME** program must promote greater choice of housing opportunities. Specific rules are as follows:

- A. **HOME**-provided housing must be suitable from the standpoint of facilitating and furthering full compliance with Title VI of the Civil Rights Act - 1964, the Fair Housing Act, and Executive Order 11063.
 - 1. **Title VI of the Civil Rights Act of 1964**, as amended (42 U.S.C. 2000d) - States that no person may be excluded from participation in, denied the benefits of, or subjected to discrimination under any program or activity receiving federal financial assistance on the basis of race, color, or national origin.
 - 2. Title VIII of the Civil Rights Act of 1968, as amended "**The Fair Housing Act**" (42 U.S.C. 3601) - Prohibits discrimination in the sale or rental of units in the private housing market against any person on the basis of race, color, religion, sex, national origin, familial status or handicap.
 - 3. Equal Opportunity in Housing (**Executive Order 11063**) - Prohibits discrimination in housing or residential property financing related to any federally assisted activity against individuals on the basis of race, color, religion, sex or national origin.
- B. New Construction Rental Projects must meet site and neighborhood standards from 24 CFR 983(b), which places limiting conditions on building in areas of "minority concentration" and that are "racially mixed."

Sec. 983.6 Site and neighborhood standards

- (b) New construction site and neighborhood standards. The proposed sites for new construction units must be approved by the HUD field office as meeting the following site and neighborhood standards:
 - (1) The site must be adequate in size, exposure, and contour to accommodate the number and type of units proposed, and adequate utilities (water, sewer, gas, and electricity) and streets must be available to service the site.
 - (2) The site and neighborhood must be suitable from the standpoint of facilitating and furthering full compliance with the applicable provisions of title VI of the Civil Rights Act of 1964, the Fair Housing Act, Executive Order 11063, and implementing HUD regulations.
 - (3)(i) The site must not be located in an area of minority concentration, except as permitted under paragraph (b)(3)(ii) of this section, and must not be located in a racially mixed area if the project will cause a significant increase in the proportion of minority to non-minority residents in the area.
 - (ii) A project may be located in an area of minority concentration only if:
 - (A) Sufficient, comparable opportunities exist for housing for minority families, in the income range to be served by the proposed project, outside areas of minority concentration (see paragraph (b)(3)(iii) of this section for further guidance on this criterion); or
 - (B) The project is necessary to meet overriding housing needs that cannot be met in that housing market area (see paragraph (b)(3)(iv) of this section for further guidance on this criterion).
 - (iii)(A) "Sufficient" does not require that in every locality there be an equal number of assisted units within and outside of areas of minority concentration. Rather, application of this standard should produce a reasonable distribution of assisted units each year, that, over a period of several years, will approach an appropriate balance of housing choices within and outside areas of minority concentration. An appropriate balance in any jurisdiction must be determined in light of local conditions affecting the range of housing choices available for low-income minority families and in relation to the racial mix of the locality's population.
 - (B) Units may be considered "comparable opportunities" if they have the same household type (elderly, disabled, family, large family) and tenure type (owner/renter); require approximately the same tenant contribution towards rent; serve the same income group; are located in the same housing market; and are in standard condition.
 - (C) Application of this sufficient, comparable opportunities standard involves assessing the overall impact of HUD-assisted housing on the availability of housing choices for low-income minority families in and outside

areas of minority concentration, and must take into account the extent to which the following factors are present, along with other factors relevant to housing choice:

- (1) A significant number of assisted housing units are available outside areas of minority concentration.
 - (2) There is significant integration of assisted housing projects constructed or rehabilitated in the past 10 years, relative to the racial mix of the eligible population.
 - (3) There are racially integrated neighborhoods in the locality.
 - (4) Programs are operated by the locality to assist minority families that wish to find housing outside areas of minority concentration.
 - (5) Minority families have benefited from local activities (e.g., acquisition and write-down of sites, tax relief programs for homeowners, acquisitions of units for use as assisted housing units) undertaken to expand choice for minority families outside of areas of minority concentration.
 - (6) A significant proportion of minority households has been successful in finding units in non-minority areas under the Section 8 certificate and voucher programs.
 - (7) Comparable housing opportunities have been made available outside areas of minority concentration through other programs.
- (iv) Application of the "overriding housing needs" criterion, for example, permits approval of sites that are an integral part of an overall local strategy for the preservation or restoration of the immediate neighborhood and of sites in a neighborhood experiencing significant private investment that is demonstrably changing the economic character of the area (a "revitalizing area"). An "overriding housing need," however, may not serve as the basis for determining that a site is acceptable if the only reason the need cannot otherwise be feasibly met is that discrimination on the basis of race, color, religion, sex, national origin, age, familial status or disability renders sites outside areas of minority concentration unavailable or if the use of this standard in recent years has had the effect of circumventing the obligation to provide housing choice.
- (4) The site must promote greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons.
 - (5) The neighborhood must not be one which is seriously detrimental to family life or in which substandard dwellings or other undesirable conditions predominate, unless there is actively in progress a concerted program to remedy the undesirable conditions.
 - (6) The housing must be accessible to social, recreational, educational, commercial, and health facilities and services, and other municipal facilities and services that are at least equivalent to those typically found in neighborhoods consisting largely of unassisted, standard housing of similar market rents.
 - (7) Except for new construction housing designed for elderly persons, travel time and cost via public transportation or private automobile, from the neighborhood to places of employment providing a range of jobs for lower-income workers, must not be excessive.

I have read the above and understand that it is my responsibility to ensure the site(s) and neighborhood(s) in which my HOME-assisted activities take place meet all Site and Neighborhood Standards. I hereby certify that my site(s) comply with Title VI of the Civil Rights Act of 1964, as amended, the Fair Housing Act, and Executive Order 11063. In addition, if my activity includes new construction of rental units, I certify that my site(s) meet all site and neighborhood standards of Section 983.69(b).

Dear _____:

(Participant)_____, is interested in rehabilitating the property you currently occupy at _____
(address)_____ for a proposed project which may receive funding assistance from the U.S. Department of Housing and Urban Development (HUD) under the HOME Investment Partnerships Program.

The purpose of this notice is to inform you that you will not be displaced in connection with the proposed project.

If the project application is approved and federal financial assistance provided, you may be required to move temporarily so that the rehabilitation can be completed. If you must move temporarily, suitable housing will be made available to you and you will be reimbursed for all reasonable out of pocket expenses, including moving costs and any increase in housing costs. You will need to continue to pay your rent and comply with all other lease terms and conditions.

Upon completion of the rehabilitation, you will be able to lease and occupy your present apartment or another suitable, decent, safe and sanitary apartment in the same building/complex under reasonable terms and conditions not to exceed the greater of (a) your current rent/average utility costs, or (b) 30% of your average monthly gross household income.

If federal financial assistance is provided for the proposed project, you will be protected by a federal law known as the Uniform Relocation Assistance and Real Property Acquisition Policies Act (URA). One of the URA protections for persons temporarily relocated is that such relocations shall not extend beyond one year. If the temporary relocation lasts more than one year, you will be contacted and offered all permanent relocation assistance as a displaced person under the URA. This assistance would be in addition to any assistance you may receive in connection with temporary relocation and will not be reduced by the amount of any temporary relocation assistance previously provided. You will also have the right to appeal the agency's determination, if you feel that your application for assistance was not properly considered.

(NOTE: Pursuant to Public Law 105-117, aliens not lawfully present in the United States are not eligible for relocation assistance, unless such ineligibility would result in exceptional hardship to a qualifying spouse, parent, or child. All persons seeking relocation assistance will be required to certify that they are a United States citizen or national, or an alien lawfully present in the United States.)

We urge you not to move at this time. If you choose to move, you will not be provided relocation assistance.

Please remember:

- This is **not** a notice to vacate the premises.
- This is **not** a notice of relocation eligibility.

You will be contacted soon so that we can provide you with more information about the proposed project. If the project is approved, we will make every effort to accommodate your needs. In the meantime, if you have any questions about our plans, please contact:

(name)_____, (title)_____,
(address)_____, (phone)_____.

Sincerely,

(name and title)_____

=====NOTES.

1. The application must include documentation of the manner in which this notice was delivered (e.g., personally served or certified mail, return receipt requested) and the date of delivery. (See Paragraph 2-3 I of Handbook 1378.)
2. This is a guideform. It should be revised to reflect the circumstances.

GUIDEFORM GENERAL INFORMATION NOTICE
RESIDENTIAL TENANT TO BE DISPLACED

Participant's Letterhead

(date)

Dear _____:

_____ (Participant) _____, is interested in _____ (acquiring, rehabilitating, demolishing) _____ the property you currently occupy at _____ (address) _____ for a proposed project which may receive funding assistance from the U.S. Department of Housing and Urban Development (HUD) under the HOME Investment Partnerships Program.

The purpose of this notice is to inform you that you may be displaced as a result of the proposed project. This notice also serves to inform you of your potential rights as a displaced person under a federal law known as the Uniform Relocation Assistance and Real Property Acquisition Policies Act (URA). You may be eligible for relocation assistance and payments under the URA, if the proposed project receives HUD funding and if you are displaced as a result of acquisition, rehabilitation or demolition for the project.

- This is **not** a notice to vacate the premises.
- This is **not** a notice of relocation eligibility.

If you are determined to be eligible for relocation assistance in the future, you may be eligible for: 1) Relocation advisory services including help to you find another place to live; 2) At least 90 days advance written notice of the date you will be required to move; 3) Payment for your moving expenses; and 4) Replacement housing payments to enable you to rent, or if you prefer to purchase, a comparable replacement home. You will also have the right to appeal the agency's determination, if you feel that your application for assistance was not properly considered. The enclosed HUD brochure, "Relocation Assistance To Tenants Displaced From Their Homes" provides an explanation of this assistance and other helpful information.

(NOTE: Pursuant to Public Law 105-117, aliens not lawfully present in the United States are not eligible for relocation assistance, unless such ineligibility would result in exceptional hardship to a qualifying spouse, parent, or child. All persons seeking relocation assistance will be required to certify that they are a United States citizen or national, or an alien lawfully present in the United States.)

Please be advised that you should continue to pay your rent and meet any other obligations as specified in your lease agreement. Failure to do so may be cause for eviction. If you choose to move or if you are evicted prior to receiving a formal notice of relocation eligibility you will not be eligible to receive relocation assistance. It is important for you to contact us before making any moving plans.

Again, this is not a notice to vacate the premises and does not establish your eligibility for relocation payments or assistance at this time. If you are determined to be displaced and are required to vacate the premises in the future, you will be informed in writing. In the event the proposed project does not proceed or if you are determined not to be displaced, you will also be notified in writing.

If you have any questions about this notice or the proposed project, please contact:

(name) _____, (title) _____,
(address) _____, (phone) _____.

Sincerely,

(name and title) _____
