Introduction to the 2016 Multifamily Application

Programs

All multifamily funding programs are subject to the Multifamily Finance umbrella. The multifamily components of the HOME, Neighborhood Stabilization Program (NSP), TCAP Repayment Funds (TCAP RF), and Housing Trust Fund (HTF) are administered by Multifamily Finance Division staff. All Single-Family financing for the HOME, NSP, and HTF programs will be administered by their respective divisions, and will not be covered in this manual. The programs administered by the Multifamily Finance Division currently include:

- 9% Housing Tax Credits
- 4% Housing Tax Credits
- Tax Exempt Bonds
- Multifamily Direct Loans, which may be composed of HOME, TCAP RF, NSP, or HTF Multifamily HTF (may include National HTF)

Consistent with the Department's organization and the Uniform Multifamily Rules and Qualified Allocation Plan, staff has updated the Uniform Application in order to simplify the application process for applicants.

General Organization of the Application

The 2016 Application fully integrates each of the Multifamily Programs into one coherent application and is divided into seven (7) parts listed below, each of which will be briefly explained in this section, and fully explained later in this Manual.

- Administrative
- Development Site
- Development Activities
- Finance
- Organization
- Third Party
- **NEW!** Community Input

NEW

The **Administrative** section of the Application collects the most basic information about the proposed Development and the Applicant contact information. The purpose of the administrative section is to identify the program(s) to which the Application is submitted and includes the Applicant and Development Owner Certifications.

The **Development Site** section of the Application includes all of the information related to the physical location of the proposed Development site, such as the development address, census tract

2016 Multifamily Application Procedures Manual

number, flood zone designation, as well as information about the schools and elected officials in the community.

The **Development Activities** section of the Application includes all of the information about what activity is being proposed, from what is being built to the services provided to the tenants. This section includes the architectural drawings and information regarding existing structures on the development site.

The **Finance** section of the Application includes all of the sources of financing, the development cost schedule, annual operating expenses, *pro forma*, and the rent schedule.

The **Organization** section of the Application includes information about the Applicant, Developer, and Non-Profit entities involved with the Application, along with all of their owners, managers, and board members. It includes the organizational charts and evidence of experience as well as credit limit documentation.

The **Third Party** section briefly identifies the entities used for the Environmental Site Assessment, Market Study, and Property Condition Assessment, as well as any other required reports.

The **Community Input** section includes Local Government Support in the form of a resolution(s), State Representative letters, and any Input from Community Organization letters and supporting documentation.

Of particular interest is the fact that the application, with respect to the competitive 9% housing tax credit program, is not separated into sections based on eligibility and selection criteria. Instead, items that affect an application's score are found throughout the application. For instance, scoring criteria that are site-specific, such as Underserved Areas, are located in the Development Site portion of the application, while other scoring criteria, such as the Commitment of Funding from a Local Political Subdivision, are found in the Finance section.

Using this Manual

The purpose of this manual is to provide a brief description of each tab in the application and guidance as to the Department's submission requirements and what is acceptable supporting documentation. While the Department expects that this guide may not contemplate all unforeseen situations, we hope that the information will provide an adequate foundation upon which you may build your understanding of this program. This manual may, in certain instances, provide examples of documentation that could be submitted to comply with a particular rule or requirement. In some instances the rule may allow for alternative documentation not specifically contemplated herein, and in such instances staff will review such documentation for compliance with the applicable rule.

The Department always stands ready to assist you in understanding the tax credit program and other sources of multifamily financing offered by the Department and the means by which an application is to be presented. The Department will offer direct assistance to any individual that requires this service in the preparation of the multifamily application. However, the Department will not take the responsibility of completing the application package for you. The Department looks forward to your continuing interest in the Multifamily Finance programs and in the creation of safe and high quality affordable housing for Texans.

Pre-Application (for Competitive HTC only)

What you will learn in this section:

- ✓ Pre-Application delivery instructions
- ✓ Pre-Application assembly instructions
- ✓ Required Pre-Application documentation

Pre-Application Delivery Instructions

The Pre-Application will be submitted via an online form, which will be posted to the Department's website on January 4, 2016. A PDF of the form will be available on the website prior to that date for planning purposes only (<http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm>). **Applicants cannot use the PDF to submit a Pre-Application.**

Competitive Application Cycle

The Pre-Application must be received by TDHCA no later than 5:00 p.m. (Austin local time) on Friday, January 8, 2016.

Pre-Application Assembly Instructions and Required Documentation

For each Pre-Application, the Applicant will follow a link on the Department's webpage to initiate submission. Once opened, the link will require the Applicant to enter the Primary Contact person's email address and the name and location of the development. This information will be used to create a unique URL for the Applicant to use in order to return to the Pre-Application prior to submission.

The online Pre-Application is divided into five pages, as identified below. There are certain fields marked with an asterisk, which are required to be completed. The form will not allow the Applicant to move to the next page without completing such fields.

❖ **Page 1: Contact Information**

- This page identifies the person(s) responsible for responding to questions and deficiencies issued by staff, the person(s) authorized to submit Pre-Application and application documents by means of electronic transmission (ServUHTTPs account). The contact information is what gets listed on the Pre-Application log.
- Use the **Next** button to advance to Page 2.

❖ **Page 2: Development Information**

- Enter the **Development Name** and **Proposed Entity Name**.

2016 Multifamily Application Procedures Manual

- Choose the appropriate **Development Type** from the drop down list and, if applicable, the **Secondary Development Type** and **Previous TDHCA #**.
 - If **Acquisition/Rehab** or **Rehab Only** is selected, a field will appear for **Initial construction year**.
 - If Reconstruction is selected, fields will appear for **Units Demolished** and **Units Reconstructed**.
- Choose the applicable **Target Population** from the drop down list. Take care in selecting the Target Population.
- Enter the Development's **Address, City, Zip Code, County, Region** and **Rural/Urban** designation.
- Enter the 11 digit **Census Tract**; the field will not allow less than 11 digits. If the Development is located within multiple census tracts, additional fields will appear. If there are more than 5 census tracts, there will be a field on the final page of the pre-application where a list can be attached.

IMPORTANT!! Double check that the census tract number is correct. A change in census tract between pre-application and full application may result in a loss of Pre-application Participation points!

- Enter the **Total LI Units**, as well as the Total Market Rate (MR) Units and Total Public Housing (PHA) Units, if applicable. The form will calculate the Total Units.
- Enter the **Annual Housing Tax Credit Request**. Note that this should not exceed the "Final Funding Amount" posted in the "2016 HTC Award Limits and Estimated Regional Allocation" as of December 1, 2015.

The form will calculate the **Pre-App Fee Due**. If payment has already been submitted to the Department, answer Yes to the question, and a box will appear where the **Check #** can be entered. *This fee is calculated without consideration for discounts related to Applications with a non-profit sponsor, so the actual fee required may be less than what appears on this form.*

- Check the boxes for the appropriate **Set-Aside Elections**, if applicable.
- Use the **Next** button to advance to Page 3.

❖ Page 3: Notifications

- Enter the U.S. Representative, State Senator, State Representative that have been notified and the appropriate Districts.
- Enter the School District that has been notified.
- Enter the Local Elected Officials that have been notified. Similar to the Census Tract fields, additional fields will appear as officials are entered. There are twenty-five spaces to enter local officials, after which, a box will appear asking "**More than 25 Local Officials?**" If yes, attach additional list on the last page of the pre-application.
- Answer the question, "**Are there Neighborhood Organizations whose boundaries contain the Development Site?**" If yes, then a box will appear in order to list the name of the organization and its address. If the answer is no, then continue to the next page by clicking the **Next** button. There are twelve spaces to enter Neighborhood Organizations, after which a box will appear asking "**More than 12 Neighborhood Organizations?**" If yes, attach additional list on the last page of the pre-application.
- Use the **Next** button to advance to Page 4.

2016 Multifamily Application Procedures Manual

❖ Page 4: Self Score

- Select points for each scoring item from the yellow drop-down boxes. Subtotals and the total self-score will auto-populate. *Note that the score cannot change by more than 6 points between pre-application and full application in order to qualify for pre-application participation points.*
- The Local Government Support, Commitment of Development Funding by Local Political Subdivision, Quantifiable Community Participation, Community Support from State Representative, Input from Community Organizations, and Concerted Revitalization Plan sections are not available for applicants to Self Score. These scoring items will also not be included in the calculation to determine eligibility for pre-application participation points in the full Application.

Note: There is a point adjustment field prior to the Final Self Score. This can be used to adjust a self score based on a Staff Determination. For example, a scattered site development may have an Opportunity Index score calculated to be six points, which is not an option on the drop-down menu for that scoring item. In this case, an Applicant may need to adjust the final self score. Enter negative numbers to reduce the score. *This field is not intended for manipulation of the self score in order to increase chances of being eligible for Pre-Application Participation points*, and Applicants entering information in this field should also upload their Staff Determination or request for such determination under the “Other Pertinent Information” section below

- Use the **Next** button to advance to Page 5.

❖ Page 5: Attachments and Certifications:

- Before attaching any documentation, read the certifications. **NEW!** The *Electronic Filing Agreement Certification* has been added to this section for 2016. *No hard copies of signed certifications are required*, but by clicking “**Submit Pre-Application**” Applicants are certifying to an understanding of the program requirements and the accuracy of the submission.
 - Attach **Site Control Documentation**. By attaching the document, the Applicant is certifying that the site control conforms to all applicable rules. This file cannot be larger than 7 MB.
 - Attach a **Census Tract Map**. The census tract Map will be verified against the census tract entered on the Development Information Page. **Again – be sure to double check your census tract number!** This file cannot be larger than 5 MB.
 - **Other Pertinent Information:** For prospective developments that don’t fit neatly within the application, there is an attachment field that can be used to provide further information. For example, this field could be used if an Application has more than 5 census tracts, more than 25 local officials that were notified of the Pre-Application, or a Staff Determination. The vast majority of applications will not need to attach anything in this field. This file cannot be larger than 5 MB.
- Before entering the Captcha (the picture that ensures a user is a human), it is highly recommended that the Applicant use the **Back** buttons to review the entire Pre-Application before submission. If the Captcha is completed and then the **Back** button is used, the Applicant will be required to complete the Captcha again.
- Once the Applicant is satisfied with the Pre-Application, read the *Electronic Filing Agreement* certification, the Pre-Application certification, complete the Captcha, and hit the **Submit Pre-Application** button.

Once the Pre-Application is submitted, the browser will display a confirmation page with the Pre-Application identification number. The Applicant will also receive an email confirmation which will include a complete copy of the Pre-Application submission, including hyperlinks to the files attached by the Applicant. In the event that an error is identified after submission (including a file that cannot be opened from the hyperlink), the Applicant should use the **Edit Submission** link to go back to the pre-application and make the necessary corrections. **The ability to edit submissions will be disabled at 5:00 pm (Austin local time) on Friday, January 8, 2016.**

NEW

NEW! If you do not submit a 2016 Pre-Application, then you must submit the *Electronic Filing Agreement* by February 1, 2016 in order to ensure enough time for the Department to create the Serv-U HTTPs account and for you to set-up the password.

You must complete the set-up of the Serv-UHTTPs to ensure that your account is ready for the full Application to be uploaded by the deadline (March 1, 2016). **We strongly recommend that you test your login as soon as you receive the setup email containing your MF Serv-U login.**

The *Electronic Filing Agreement* will be posted to the Department's website at <http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm>. Please submit the form to Liz.Cline@tdhca.state.tx.us.

The Application and fee payment must be received by TDHCA no later than 5:00 p.m. (Austin local time) on Tuesday, March 1, 2016. On March 1, 2016, the Department **will accept walk-in delivery of the application fee payment only; the Application must be uploaded to Department's Serv-UHTTPs system by 5:00 p.m. (Austin local time). All required supplemental reports must be uploaded prior to the Application deadline (unless otherwise noted).**

2016 Multifamily Application Procedures Manual

The Department shall not be responsible for internet connectivity problems on the part of the Applicant and shall not be responsible for any delivery failure on the part of the Applicant; it is their responsibility to ensure timely delivery. If the Applicant chooses to use a postal or courier service to deliver the payment to TDHCA and such service fails to make the delivery by the deadline, then the Application will be considered untimely and will not be accepted. Pursuant to §10.201(1)(A) of the Uniform Multifamily Rules, if an Application, including the corresponding Application fee is not submitted to the Department on or before the applicable deadline, the Applicant will be deemed not to have made an Application.

Application Assembly Instructions

For each Application the Applicant must ensure execution of all necessary forms and supporting documentation, and place them in the appropriate order according to this manual. The submitted Application should be the electronic copy created from the Excel file, **not** a scanned copy of the Excel or PDF file. Scanned copies of the Application are difficult to read, and slow down the process for staff and applicants.

 **NEW!** All Application materials must be uploaded to the Serv-UHTTPs account in electronic format only, unless specifically noted otherwise. The Applicant must upload:

1. An active Microsoft Excel based 2016 Multifamily Uniform Application; and
2. The completed, executed PDF copy of the 2016 Multifamily Uniform Application with all attachments;
3. a complete, searchable PDF copy of the following Third Party reports:
 - Phase I Environmental Site Assessment,
 - Property Condition Assessment (where applicable),
 - Appraisal (where applicable)
 - Feasibility Study
 - If the Market Study is available, it may be uploaded with all other Third Party reports.

Staff appreciates that third party reports may come directly from the report provider and will also accept one third party report per PDF file. Tabs within the Application should not be separated into separate files.

Label the PDF and Excel files with the development name and application number (if assigned at Pre-Application). If an application number has not previously been assigned or a Pre-Application was not submitted, then as stated above, a hard copy of the *Electronic Filing Agreement* must be submitted by February 1, 2016 in order to ensure enough time for the Department to create the Serv-UHTTPs account and for you to set-up the password. The *Electronic Filing Agreement* is posted on the Department's website at <http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm>. Please email the form to Liz.Cline@tdhca.state.tx.us.

4. Completed hard copy of the 2016 Payment Receipt must be delivered to the Department. Attach check for the correct Application Fee made payable to "Texas Department of Housing and Community Affairs"; and
5. Payment – the Housing Tax Credit Application fee is \$30 per unit as represented in the Application. For competitive Housing Tax Credit applications, if a pre-application was submitted, the fee is \$20 per unit as represented in the full application (regardless of any change in the

2016 Multifamily Application Procedures Manual

number of units from pre-application to application). A 10% discount may apply to some fees pursuant to §10.901(3) of the Uniform Multifamily Rules. *Please do not submit checks for more than the applicable fee.*

Instructions for Completing the Electronic Application

All Applicants are required to use the 2016 Uniform Application, and/or any supplemental files provided by TDHCA located at the following link: (<http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm>).

1. To download any of the electronic Application files, right-click on the link at the website provided above, select "Save Target As" and choose the storage location on your computer. The Excel file should be named in the following format -- <Application #_Development Name>.xls (e.g. 16001_Austin_Crossing.xls). If an Application number has not been previously assigned then the file should be named as follows -- <Development Name>.xls (e.g. Austin_Crossing.xls). For Mac users, please be sure to submit the excel file in the .xlsx format. There will be an XLS (for Windows) and XLSX (for MAC) version of the uniform application available for download. If you need help converting the file to the proper format, please email jason.burr@tdhca.state.tx.us.
2. Please do not transfer tabs from one Excel file to another, even if it is for the same Application. If you plan to submit more than one Application, please make additional copies of the 2016 Uniform Application file **after** completing portions of the Application that *are common* to all of your Applications and **before** completing any portions that are not common to all of your Applications.
3. Any cell that is highlighted yellow is available to be manipulated by the applicant. All other cells (unless specifically stated) are for Department use only, have been pre-formatted to automatically calculate information provided, and are locked. Applicants may view any formulas within the cells. Applicants may not add additional columns or rows to the spreadsheets, unless otherwise stated.
4. All questions are intended to elicit a response, so please do not leave out any requested information. If references are made by the Applicant to external spreadsheets those references

2016 Multifamily Application Procedures Manual

must be removed prior to submission to TDHCA as this may hamper the proper functioning of internal evaluation tools and make pertinent information unavailable to TDHCA.

5. This electronic Application has been designed so that many of the calculations regarding development cost, eligible basis, and eligible point items will automatically compute once enough information has been entered. If you see a “#VALUE” or “DIV/0” in a cell these values should disappear upon data entry in other tabs.

Tip – Complete the Development Narrative and the Rent Schedule in the Development Activities and Finance Parts of the Application first to take full advantage of the automated calculations.

6. Be sure to save the file as you fill it out!

If you have difficulty downloading files from the website, contact Jason Burr at (512) 475-3986, or Jason.burr@tdhca.state.tx.us.

Instructions for Converting the Excel file to PDF

Once the Excel Application file is complete and you are ready to convert the file to PDF, follow these instructions.

Tip- Be sure to check all of the Page Breaks in the Excel files before you convert to PDF.

Excel 2007 Users:

Click the **Microsoft Office Button**  , point to the arrow next to **Save As**, and then click **PDF or XPS**.

1. In the **File Name** list, type or select a name for the workbook.
2. In the **Save as type** list, click **PDF**.
3. If you want to open the file immediately after saving it, select the **Open file after publishing** check box. This check box is available only if you have a PDF reader installed on your computer.
4. Next to **Optimize for**, do one of the following, depending on whether file size or print quality is more important to you:
 - If the workbook requires high print quality, click **Standard (publishing online and printing)**.
 - If the print quality is less important than file size, click **Minimum size (publishing online)**.
5. Click **Options**. Under **Publish What** select **Entire Workbook** and click **OK**.
6. Click **Publish**.

Excel 1997-2003 Users:

2016 Multifamily Application Procedures Manual

1. With the Excel file open go to the Adobe PDF drop-down box from the task bar (if using Excel 2007 click on “Acrobat” tab in the task bar)
2. Select “Convert to Adobe PDF” from the drop-down list (Excel 2007- select “Create PDF”)
3. The Adobe PDFMaker box will appear. On the left hand side of the box all of the sheets within the Excel file will be listed and you will be prompted to select the sheets you would like to convert to PDF. Once the sheets you want to convert are selected click on the “Add Sheets” button to move those sheets over to the right-handed side of the Adobe PDFMaker box, this will list the sheets selected to be converted to PDF.
4. Once all sheets you have selected appear on the right-hand side under “Sheets in PDF” click on the “Convert to PDF” button.
5. You will be prompted to create a name and save the PDF file. The PDF file should be named in the following format -- <Application #_Development Name>.pdf (e.g. 16001_Austin_Crossing.pdf). If an Application number has not been previously assigned then the file should be named as follows --<Development Name>.pdf (e.g. Austin_Crossing.pdf)
6. A pop-up box will appear that asks “Do you want to proceed without creating tags?” Click Yes.

Remember there are Application forms that require a signature. Once you have executed all required documents scan them and re-insert the scanned forms back into the order required. The Application submitted should be the electronic copy created from the Excel file, not a scanned copy of the Excel or PDF file. Scanned copies of the Application are difficult to read, and slow down the process for staff and applicants.

Creating Bookmarks

Once the file has been converted to PDF and all executed forms have been re-inserted into their appropriate location within the file, you will need to create Bookmarks. Bookmarks may or may not have already been created as part of the conversion process. You will need to designate or re-set the locations. To correctly set the Bookmark locations you must have the PDF file open in Adobe Acrobat. Click on the Bookmark icon located on the left-hand side of the Adobe Acrobat screen, or go to the task bar and select these options in the following order: **View** → **Navigation Panels** → **Bookmarks**.

If a Bookmark has already been created for each tab within the Excel file, simply re-set the bookmarks to the correct locations. To re-set the location for the Bookmarks, go to the first page of each separately labeled form/exhibit. You will then right-click on the corresponding Bookmark for the form/exhibit you are currently viewing. Select **Set Destination** and a pop-up box will appear asking you the following: "Are you sure you want to set the destination of the selected bookmark to the current location?" Select **Yes**.

If Bookmarks were not already created within the Excel file, then you will need to create these Bookmarks. Go to **Document** → **Add Bookmark**. Right-click on the first Bookmark and re-name it for the appropriate form or exhibit. You will then need to set the location of the Bookmark by going to the first page of each form or exhibit, right click on the corresponding Bookmark and select **Set Destination**.

2016 Multifamily Application Procedures Manual

A pop-up box will appear asking you the following: "Are you sure you want to set the destination of the selected bookmark to the current location?" Select **Yes**.

Tabs within the Excel Application workbook have been color coded to distinguish between "Parts" of the Application consistent with this manual. Additionally, beside each bulleted item a label to use for purposes of bookmarking the final PDF Application file is included

If you have extra blank pages of any exhibit after conversion of the Excel file to PDF, you can delete those pages in order to limit the size of the file. To delete any extra, unnecessary pages identify the page number(s) you want deleted. On the Adobe Acrobat Task Bar click on Document and select Delete Pages from the drop down list. A box will appear prompting you to select which page(s) you would like to delete. Enter the page numbers to be deleted and hit OK.

The PDF formatted file must be checked for the following prior to submission:

- ✓ All tabs and/or volumes must be correctly bookmarked
- ✓ Files should average less than 100 kilobytes per page
- ✓ Files must be readable with free PDF file viewers including Adobe Reader and be compatible with Adobe Reader 5.0 and above
- ✓ Files should be saved so that "Fast Web View" (or page at a time downloading) is enabled
- ✓ Text within the PDF file should be searchable using the "Find" command in the PDF viewer

If you have any questions on using or experience difficulties with the Microsoft Excel based application, please contact Multifamily Finance Division staff via email at Sharon.gamble@tdhca.state.tx.us. In some instances a file may have small variations in bookmarks, file sizes, or readability that are not explicitly cited as requirements in the rule. Staff will use a reasonableness standard in determining when such deviations rise to the level of necessitating termination or other remedy.

Required Forms and Exhibits for the Application

The 2016 Uniform Multifamily Application consists of seven (7) parts. Complete all applicable parts. Those cells which require entry are highlighted yellow. Some of the required information for this form has been entered in a previous tab and will auto fill here as applicable. Please review and ensure all information is accurate. Remember to include any supporting documentation.

Part 1- Administrative Tabs

❖ **Tab 1a and 1b – Application Certification (Suggested bookmark name: "1 App Cert")**

- Enter data in yellow highlighted cells.
- The Application Certification must be signed by the Applicant or person with authority to execute documents on the Applicant's behalf and must be dated and notarized. ***No hard copy is required, only a scanned copy within the PDF file.***
- The *Meeting Selection* form is required for Tax-Exempt Bond Developments only.

2016 Multifamily Application Procedures Manual

❖ Tab 2 – Certification of Development Owner

- This certification can be found on the Department’s website at <http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm> and must be executed by the Development Owner. This certification addresses the specific requirements associated with the Development, and the Person executing the certification is responsible for ensuring all individuals referenced therein are in compliance with the certification.
- Applicants are encouraged to read the certification carefully as it contains certain construction and Development specifications that each Development must meet.
- Check the appropriate boxes on pages 3, 4, and 5 for any disclosures pursuant to the Uniform Multifamily Rules regarding unused credit fee [§10.901(18)], termination of a relationship in an affordable housing transaction [§10.202(1)(M)], and undesirable neighborhood characteristics [§10.101(a)(4)]. If applicable, submit any relevant documentation behind the tab.
- The form must be signed, dated, and notarized. *No hard copy is required, only a scanned copy within the final PDF file.*
- *Complete the yellow boxes on tab 2 of the application regarding disclosure of §10.901(18), §10.202(1)(M), and/or §10.101(a)(4) of the Uniform Multifamily Rules, if applicable and include the required disclosures.*

UPDATE

NEW

❖ Tab 3 – Certification of Applicant Eligibility

- This certification can be found on the Department’s website at <http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm> and must be executed by all Principals. This certification identifies the various criteria relating to eligibility requirements associated with multifamily funding from the Department.
- The form must be executed by all individuals required to be included on the organizational chart and who ALSO are identified under §10.204(2)(A) – (D) of the Uniform Multifamily Rules.
- The form must be signed, dated, and notarized. *No hard copy is required, only a scanned copy within the final PDF file.*

❖ Tab 4 – Multifamily Direct Loan Certification

- This certification can be found on the Department’s website at <http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm> and must be executed by the Development Owner (if applying for Multifamily Direct Loan funds). It addresses the specific requirements associated with the Development, and the Person executing the certification is responsible for ensuring all individuals referenced therein are in compliance with the certification. Applicants are encouraged to read the certification carefully as it contains certain statements regarding lead based paint, HUD Section 3 requirements, environmental requirements, relocation requirements, and a general threshold certification.
- The Development owner must initial pages 5, 6, and 7. The form must be signed, dated, and notarized. *No hard copy is required, only a scanned copy within the final PDF file.*

❖ Tab 5 – Contact Info (Applicant Information Page)

- This form should include contact information for the person responsible for responding to administrative deficiencies. Note that this may not necessarily be the Development Owner or Applicant. The person listed here will be required to submit requested documentation within a relatively short time period and should be generally available

2016 Multifamily Application Procedures Manual

throughout the review process. The person listed here is also expected to be available primarily via email.

❖ **Tab 6 – Self-Score (Competitive HTC Only)**

- This form completely auto-populates from information entered throughout the Application. As noted in the introduction, the Application has been divided into sections that more closely follow the development process rather than the selection criteria in the QAP. Near the beginning of each section of the Application is a form that reflects information related to a particular aspect of development (*e.g.* site, finance, ownership), and that form may include statements or selections that result in the Application being eligible for points.
- This self-score form contains hyperlinks that allow the Applicant to skip to the part of the Application that is relevant to that particular scoring item. For example, clicking on “[Financial Feasibility](#)” takes you to the Finance Scoring tab, where the Applicant can manipulate cells. As revisions are made to scoring items within the Application, the self-score will auto-populate and also produces a real-time self-score in the top right corner of the relevant tab. The Applicant can then click on “[Self Score Total](#)” at a number of different places in the Application and return to the self-score form. These internal links are designed to allow an Applicant is quickly toggle back and forth between the self score form and the location in the application where support documentation for that scoring item is required.
- If the Self Score does not reflect points that the Applicant expects to receive, changes must be made on the appropriate linked tab.

Part 2 – Development Site

The blue colored Development Site tabs (7-16) collect all information specific to the physical location of the Development site.

❖ **Tab 7 – Site Information Form Part I (Suggested bookmark name: “7 Site Info I”)** This form is divided into 5 parts, all of which should be completed by all Applicants. Complete the yellow highlighted cells in each part as applicable. Some portions of this form will make reference to supporting documents which are listed and collected in Tab 8.

- **Part 1 – Development Address:** Enter the information in this section as indicated by the label for each of the boxes present. If there is no mailing address for the site, please do not use phrases such as, “1 mile east of the corner” or “approximately 300 feet from” but only indicate direction from an intersection. For example, “the northeast quadrant of Hickory Street and Red River.” Also, avoid the use of all capital letters. Use the drop-down menu to indicate whether the site is within city boundaries, in the ETJ, etc. *Note: Participating Jurisdictions are identified in the Application reference material.*
- **Part 2 – Census Tract Information:** : Enter the **11-digit** 2010 census tract number with no dashes, commas, decimals, or spaces. Indicate whether or not the tract is a Qualified Census Tract (QCT). Each of the subsequent highlighted cells further describing the demographics of the census tract will auto-populate. Applicants should exercise caution in identifying the correct census tract. Address searches generally yield approximate census tract matches and in some cases such searches are incorrect. It is the Applicant’s responsibility to identify the correct census tract. (In order to double-check this

2016 Multifamily Application Procedures Manual

information, please refer to Opportunity Index Data posted in the 2016 HTC Site Demographics Characteristics Report on the Department's website).

- **Part 3 – Mandatory Community Assets:** The proximity to certain community assets is a threshold requirement for **all** multifamily Applicants [§10.101(a)(2)].
- **Part 4 – Resolutions:** Mark the appropriate box indicating whether or not a resolution is required in order to satisfy a requirement under §11.3 of the QAP related to Housing De-concentration factors. **For Competitive HTC applications pursuant to §11.3 of the QAP, these are due with the Application and should be included behind this tab.**
 - For Tax-Exempt Bond Applications, these resolutions must be submitted no later than 14 days before the Board meeting where consideration of the housing tax credits are to be considered, pursuant to §10.4 of the Uniform Multifamily Rules.
 - If no resolution is required, this section can be left blank.
 - The Resolution of No Objection to satisfy requirements of §10.204(4) should be included behind this tab.
- **Part 5 – Zoning and Flood Zone Designation:** For the Zoning Designation, enter the code or descriptive name of the Site's current zoning exactly as it is stated in the local zoning code. For Flood Zone Designation, enter the FEMA description exactly as it appears on the FEMA floodplain map that is included in the ESA. Determine if the Site is inside or outside the 100-year floodplain according to the FEMA description corresponding to the FEMA code for the Development Site that appears on the map. Requirements regarding the floodplain are specified in detail in §10.101(a)(1) of the Uniform Multifamily Rules.

❖ **Tab 8 – Supporting Documentation for the Site Information Form (Suggested bookmark name: “8 Support I”)** Each of the applicable exhibits listed on this form must be included behind it. Some of the boxes on the Supporting Documentation page will auto-populate. Supporting documents must be included for any that auto-populate or the response that originated the automatically marked box must be corrected.

- **Street Map (Suggestion: if bookmarked, do not indent, and name “Street Map”)** - should indicate the location and approximate shape of the site outlined on the map.
- **Census Tract Map (Suggestion: if bookmarked, do not indent, and name “CT Map”)** - must bear the full 11-digit number and indicate the location of the Development Site.
- **Mandatory Community Assets Map (Suggestion: if bookmarked, do not indent, and name “Assets Map”)** - must show the Development Site, radius (1 mile for Urban, or 2 miles for Rural), and the site amenities. Must include a scale. Amenities can be marked on the map and then identified separately with addresses on a separate page.
- **Resolutions (Suggestion: if bookmarked, do not indent, and name “Resolutions”)** - sample resolutions are provided in the 2016 Multifamily Uniform Application Template file on the Department's website.

2016 Multifamily Application Procedures Manual

- **Evidence of Zoning or Re-zoning in process (Suggestion: if bookmarked, do not indent, and name “Zoning”)** - must exactly match the representation made in the Site Information Form. Acceptable evidence includes one of the following:
 - A letter from the local government official with appropriate jurisdiction stating that either there is no zoning or that the Site is appropriately zoned.
 - A letter from a local government official with jurisdiction over zoning matters that the Applicant or Affiliate is in the process of seeking a zoning change (may include an acknowledgement that a zoning application was received by the political subdivision) and that the jurisdiction received a release agreeing to hold the political subdivision and all other parties harmless.
 - For rehabilitation developments, documentation of current zoning and, if necessary, a letter from the local government official with appropriate jurisdiction addressing any overlays or issues of non-conforming uses. See §10.204(11)(D) of the Uniform Multifamily Rules.
 - **NOTE: In instances where annexation of a Development site occurs while the Application is under review, the Applicant must submit evidence of appropriate zoning with the Commitment or Determination Notice.**
- **Flood Zone Designation (Suggestion: if bookmarked, do not indent, and name the “Flood”)** - must be the FEMA flood map submitted in the Environmental Site Assessment that contains the development area or documentation that substantiates sufficient mitigation efforts the local government has undertaken. Refer to the 2016 Uniform Multifamily Rules Subchapter B – Site and Development Requirements and Restrictions §§10.101(a)(1), and Subchapter D – Environmental Site Assessment Rules and Guidelines, §10.305(b)(3) of the Uniform Multifamily Rules. **NOTE: The Certification of Development Owner includes stipulations regarding the conformity of the site with the Department’s rules regarding the floodplain.**

❖ **Tab 9 – Site Information Form Part II (Suggested bookmark name: “9 Site Info II”)** This form should be completed for Competitive HTC Applications. All items on this form are related to scoring criteria.

- **Part 1 – Educational Excellence:** If claiming points for this item complete the yellow highlighted cells as applicable.
 - The table allows you to identify up to five public schools, the grade levels served at those schools, and the rating from TEA. The “accountability rating” column has a drop-down menu to determine whether or not the school has a Met Standard rating. If the public school is paired with another public school, mark the cell accordingly. If the school has anything but a Met Standard rating (*e.g.* Met Alternative Standard or Needs Improvement), mark “No Met Standard rating.” The “Index 1 score” allows input of the actual Index 1 score so this should be a number from 0 to 100.
 - These schools may need to be combined to obtain the overall rating for each type of school (elementary, middle, or high school). Refer to §11.9(c)(5) of the QAP in order to determine what schools may need to be combined. The “overall” rating combines the Met Standard/Index 1 score and should also combine the schools when appropriate. *Note that while a school with an overall rating of “<77 index 1 (Met Standard)” may not qualify an application for points under Educational Excellence, it is possible that school could be counted as a community asset under the rural Opportunity Index.*

2016 Multifamily Application Procedures Manual

- **NEW!** Complete the yellow box if the school district has district-wide enrollment and identify the closest school in the Notes section.
- There is also a drop-down box to select the district rating, which will be used as an overall rating if one or more schools do not have a 2015 TEA rating. Again, refer to §11.9(c)(5) of the QAP in order to determine which school rating is appropriate.

- **NEW!** Complete the yellow box to indicate whether an elementary has earned a TEA distinction designation, if applicable. This information may be used under §11.9(c)(4) of the QAP, relating to the Opportunity Index. State the TEA distinction designation in the box provided.

- Select the points being requested from the drop-down box, and include supporting documentation behind the tab, including but not limited to printouts from the TEA website indicating school and district ratings. **NEW! Supportive Housing Developments may qualify for no more than two (2) points under this scoring item.**
- Use the Notes section to explain any unusual circumstances concerning the attendance zones or ratings of any of the schools, including identifying the “closest” school rating for districts with district-wide enrollment.

- **Part 2 – Opportunity Index:** If the development is urban, the appropriate boxes will auto-populate. (If they are not filling in correctly, double-check submissions on Tab 7, Parts 1 and 2.) If the development is rural, make sure the white auto-filled box is marked and then mark the appropriate boxes to substantiate points. **Make sure to manually enter the Total Points Claimed.**

- **NEW! Part 3 – Proximity to Important Services:** Complete the applicable box or boxes if the Development Site is located within the required distance of a full service grocery store and/or a pharmacy. Pursuant to §11.9(c)(8) these don't have to be in separate facilities to qualify for points. Select the Total Points Claimed from the drop-down box.

- **Part 4 – Underserved Area:** Select from the five options available if requesting points for this item, and select the Total Points Claimed from the drop-down box. **NEW! If an application qualifies for points under Opportunity Index (§11.9(c)(4)) then the application is not eligible for points under a colonia or an Economically Distressed Area for Underserved Area (§11.9(c)(6)).**

- **Part 5 – Concerted Revitalization:** If claiming points, be sure that no points are being claimed under the Opportunity Index. Complete the appropriate boxes and make sure supporting documentation is included behind the following tab.

- **Part 6 – Declared Disaster Area:** If claiming points, simply mark the yellow box and the points should automatically appear in the “Total Points Claimed” box. Points will not be awarded if not selected in the Application. The 2016 list of eligible counties are posted on the TDHCA website: <http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm>.

Tab 10 – Supporting Documentation for the Site Information Form Part II (Suggested bookmark name: “10 Support II”)

- **School Attendance Zone Map and/school rating**
 - Map should come from the school district and clearly show the attendance zone boundaries of the applicable public school(s) for determining the school rating. The location of the subject Property should be clearly marked as present within the applicable public school’s boundaries. If no map is available, other forms of evidence may be acceptable, including but not limited to a letter from the school district stating the school’s attendance zone in which the site is located.
 - The map (or other evidence) should indicate the ***most current*** school attendance zones, not necessarily the attendance zones at the time the schools were rated. This map should indicate where the children that would live in the proposed Development would attend school as of March 1, 2016 or later.
 - The rating of the school should be documented by a copy of the Accountability Summary available on the Texas Education Agency (TEA) website (<http://ritter.tea.state.tx.us/perfreport/account/2015/index.html>). Once on the website, click on “**campuses**” and under the first question select “campus report.” Search for the campus of interest, paying attention to make sure it is in the correct district. After selecting the campus under the fourth question, select “accountability summary” in the fifth question and click on “View Report.”
 - Note that there are prescribed methods for dealing with a number of commonly occurring special circumstances. These rules are described in the discussion of scoring the Opportunity Index and Educational Excellence in §11.9(c)(4) and (5) of the 2016 QAP.

- **Map of Community Assets (Suggestion: if bookmarked, do not indent, and name “Community Assets”)** – for rural Opportunity Index
 - If seeking points under §11.9(c)(4)(B) of the QAP, relating to the Rural Opportunity Index, applicants must include evidence of proximity to community assets. The map should indicate the location of the Development Site and include an accurate radius appropriate for the asset. Refer to §11.9(c)(4)(B) for details regarding the radius. **NEW!** If the public school is located more than 2 miles from the Development Site, submit evidence that free transportation is provided by the school district. Evidence may include any of the following: a letter from school(s) or district, a policy statement from the school district, a Parent/Student handbook, information from the Infofinderi website at <http://www.infofinderi.com/tfi/>, that free transportation is available to the Development Site, or similar evidence acceptable to the Department. If applicable, information about the schools (see above) and/or child care center(s) should be included behind this tab. Evidence of the licenses held by the child care centers can be found by searching for the child care center on the Department of Family and Protective Services (DFPS) website at http://www.dfps.state.tx.us/Child_Care/Search_Texas_Child_Care/ppFacilitySearchDayCare.asp. Applicants should also be prepared to submit evidence surrounding the detailed operations of any full service grocery stores, senior centers, and health related facilities. Refer to the FAQs for additional information relating to this scoring item and contact staff with any further questions.

2016 Multifamily Application Procedures Manual

- **Proximity to Important Services (Suggestion: if bookmarked, do not indent, and name “Proximity Map”)**
 - If seeking points under §11.9(c)(8) of the QAP, applicants must include evidence of proximity to community assets (1.5 miles for Development in Urban area or 3 miles for Development in a Rural area). The map should indicate the location of the Development Site, the full service grocery store and/or pharmacy, and include an accurate radius.

- **Evidence of Underserved area (Suggestion: if bookmarked, do not indent, and name “Underserved”)**
 - For sites located within a colonia, provide a letter from the appropriate local government official or other evidence that the colonia lacks water, wastewater, or electricity at a level commensurate with the quality and quantity expected of a municipality and that the Development will make available any such missing water, wastewater, and electricity for current dwellings within the colonia to connect to such infrastructure (refer to §11.9(c)(6)(A) for further details). Evidence of the boundaries of the colonia from the Office of the Attorney General and a map showing the colonia is located within 150 miles of the Rio Grande river border is also required. A map of colonias can be found by going to the Attorney General’s website at <https://www.oag.state.tx.us/consumer/border/colonias.shtml> and clicking on “Texas Office of Attorney General Colonia Geographic Database: https://maps.oag.state.tx.us/colgeog/colgeog_online.html#.”
 - For sites in an economically distressed area, the Application must include evidence that the site is located in both of the following:
 1. A census tract that has a median household income that is 75 percent or less of the statewide median household income.
 2. A municipality or county that has been awarded EDAP funds administered by the Texas Water Development Board (TWDB) within the five (5) years ending at the beginning of the Application Acceptance Period. This information can be found on the TWDB website (<http://www.twdb.state.tx.us/financial/programs/EDAP/index.asp>) by clicking on “EDAP status report” on the right side of the page.

REMEMBER – Pursuant to §11.9(a) of the QAP, Applicants that elect points where supporting documentation is required but fail to provide any supporting documentation will not be allowed to cure the issue through an Administrative Deficiency.

- **Concerted Revitalization Plan (Suggestion: if bookmarked, do not indent, and name “Revitalization”)**
 - If submitting a concerted revitalization plan, either the entire plan or a link to the plan can be provided. If the plan is exceptionally large and no link is available, staff will accept an edited version, with only the applicable sections. Refer to §11.9(d)(7)(A) for requirements of the plan if in an urban area. *A letter from the appropriate local official providing documentation of measurable improvements within the revitalization area based on target efforts outlined in the plan is required.*
 - If claiming an additional two points under §11.9(d)(7)(A)(ii)(II) of the QAP, a resolution must be included behind this tab.

2016 Multifamily Application Procedures Manual

- If claiming points and located in a rural area, the Application ***must include a letter*** from the appropriate government official which includes details about the infrastructure projects in the area. Refer to §11.9(d)(7)(B) for the requirements of the letter.

❖ **Tab 11 – Site Information Form Part III (Suggested bookmark name: “11 Site Info III”) -** This form is divided into 3 parts. All Applicants must complete the first two parts, and part 3 is relevant for tax credit (9% and 4%) applications only.

- **Part 1 – Site Acreage:** Identify the acreage listed on each of the four application exhibits. The site acreage in each of the four spaces should agree. If there are discrepancies, the acreage of the site plan should at least be contained within the acreage of each of the other exhibits.
 - The site control document (*e.g.* purchase contract, lease and/or deed) often reflects more land than the site plan but should never indicate less.
 - The entry for the site plan is the most important of the four entries. It must be the actual size of the final Development Site, taking into account any reductions for any circumstances (easements, dedications, *etc.*) that require land to be taken away from the final Site as it will be defined in the LURA.
 - The size of the Site that is reflected by the appraisal should match the size indicated by the site plan in that it should never be less than the size in the site plan. However, under certain circumstances, more land might be appraised than the final Site.
 - The ESA, like the site control document, often encompasses more land than the area of the final development site, but it should never be a lesser amount.
 - **Note: Any differences in the sizes of the land stated in any of the four responses should be explained in the space provided, e.g., more land was purchased and studied in the ESA than is projected to be used for the Development Site.**
- **Part 2 – Site Control:**
 - Complete the yellow highlighted cells identifying the seller, date of sale and any relationship between the seller and the applicant and/or any member of the Development Team. Explain any relevant affiliations.
 - Identify all sellers of the property for the 36 months prior to 1/4/16.
 - Indicate the document being presented as evidence of site control by marking the appropriate box and fill in the expiration date and estimated closing date of the contract for lease, purchase, or other form of conveyance as applicable.
- **Part 3 – 30% Increase in Eligible Basis (“Basis Boost”):** The “boost” may be granted to tax credit Developments in certain locations and/or for certain types of Developments. If the development is rural, supportive housing, or in a high opportunity area, these boxes will auto-populate. If claiming the boost under §11.4(c)(2) or §11.4(c)(3)(D) or (E), mark the appropriate box.
- **If claiming eligibility for the boost by restricting additional units for households below 30% AMGI, note that the application does not make this calculation and that applicants should reference §11.4(c)(3)(D) as well as §11.9(c)(1) and (2) of the QAP to ensure that enough units are set aside to meet these requirements.**
- **NEW! If claiming eligibility for the boost for a Development located in a Small Area Difficult Development Area (SADDA), a SADDA map must be submitted that**

2016 Multifamily Application Procedures Manual

clearly shows the proposed Development is located within the boundaries of a SADDA.

- **For Competitive HTC applications where the Application is submitted prior to June 30, 2016 and the allocation is made after July 1, 2016 the application will be eligible for the boost based on a 2015 or 2016 QCT designation.** For 4% HTC Applications, Applications submitted prior to June 30, 2016 will be eligible for the boost based on a 2015 QCT designation. Application submission or bonds that are issued after July 1, 2016 will be eligible for the 2016 QCT designation.

❖ **Tab 12 – Supporting Documentation from Site Information Part III (Suggested bookmark name: “12 Support III”)** - Provide the site control document, title commitment or policy and each HOME exhibit as applicable, according to the list given in the Application. ***IMPORTANT:***

For Applications involving scattered sites, please group all applicable items below, identifying the Site by the line number in the *Multiple Site Information Form* (e.g. if there are five different scattered sites, provide the site control, zoning, etc. for Site #1 in a group, and the same for Site #2, etc.)

- **Evidence of Site Control (Suggestion: if bookmarked, do not indent, and name “Site Control”)** - See 2016 Uniform Multifamily Rules Subchapter C, §10.204(10) for details regarding site control. Be aware that for Competitive HTC Applications the rules for scoring the submission of a pre-application are affected by site control.
 - If the evidence is not in the name of the Development Owner, then an Affiliate of the Development Owner must have site control that does not expressly preclude an ability to assign the Site Control to the Development Owner or another party.
 - If in the form of a lease or contract for lease, the existing lease must have 45 years remaining, or the contract be for a 45-year term.
 - For identity of interest transactions, submit documentation requirements described in Subchapter D §10.302(e)(1)(B) of the Uniform Multifamily Rules.
 - For **scattered sites**, if you are submitting multiple contracts, deeds, etc. each one must meet all of the requirements of §10.204(10) of the 2016 Uniform Multifamily Rules. Each must clearly have the address identified and be consistent with the Scattered Site Information Form (e.g. If the Development consists of 3 parcels of land, 3 contracts/deeds, etc. must be provided or one form of site control must clearly identify and cover all 3 parcels).
- **Title Commitment or Title Policy (Suggestion: if bookmarked, do not indent, and name “Title”)** - See 2016 Uniform Multifamily Rules Subchapter C, §10.204(12) for detailed instructions of the rules regarding title documents.
 - The title commitment or policy should be in the name of the Development Owner. In addition, the current owner reflected on any title commitment or policy should match the current owner listed on any purchase or lease agreements.
 - If documentation is more than six months old prior to the beginning of the Application Acceptance Period a letter from the title company/Bureau of Indian Affairs indicating that nothing further has transpired on the policy, commitment, or status report must be provided.
 - For **scattered sites**, a title for each separate site must be submitted. Each must have the site clearly identified. It must be consistent with the site control document submitted for the same piece of Property as well as the Scattered Site

2016 Multifamily Application Procedures Manual

Information Form (e.g. if the Development consists of 3 parcels of land, 3 separate labeled titles must be provided).

- **Increase in Eligible Basis (Suggestion: if bookmarked do not indent, and name "SADDA")**
 - If claiming eligibility for the boost for a Development located in a Small Area Difficult Development Area (SADDA), a SADDA map must be submitted that clearly shows the proposed Development is located within the boundaries of a SADDA.
- **Site & Neighborhood Standards – for New Construction Multifamily Direct Loan Applications only (If bookmarked, do not indent, and name the bookmark “Site and Neighborhood Docs”).** – Provide the following:
 - Letters from each utility provider.
 - A statement from the Applicant explaining how the Development will promote greater choice of housing.
 - Census data using the DP-1 (Profile of General Demographic Characteristics 2010) table from the Census Bureau. (<http://factfinder2.census.gov>)
 - Statement from the Applicant describing travel time and cost from the Development Site to areas of employment.

❖ **Tab 13 – Multiple Site Information Form (Suggested bookmark name: “13 Multi-Site”) -** The Application’s Multiple Site Information Form was created as an aid to determining how lots and tracts that have separate descriptions fit together to form the Development. If a Development proposal requires the submission of more than one purchase contract, lease contract or deed to evidence Site Control, the Applicant must complete one block of the Multiple Site Information Form for each property that will be aggregated into the Development. In general, the Application must sufficiently describe the properties in the contracts and deeds so that each property can be identified within the survey(s) of the Development Site(s). The evidence must show that the land delimited by the survey of the Development Site is entirely under the Applicant’s Control and any land that is purchased in excess of the Development Site must be described in a way that makes the excess area apparent in both quantity and location. In all cases, the Application must include a plat or plats that indicate the legal description of each lot, alley, roadway and tract as described in the documents evidencing the Applicant’s Control. If more than one plat is necessary to depict the land under control, the relative locations of the platted land should be clear and the fit of each part into the whole should be apparent. If a contract includes land that is only described by metes and bounds, a plat showing the boundaries corresponding to these same metes and bounds and labeled with the corresponding bearings and distances should be provided. The desired result of these descriptions and drawings is a clear depiction of the property under the Applicant’s Control and the relationship of this property to the property that will be the Development Site(s). A further explanation of the information requested for multiple site development proposals is provided by the instructions for filling out the Multiple Site Information Form in the Application, itself. ***Note: Lines 135-433 are hidden and available should additional spaces be needed.***

❖ **Tab 14 – Elected Officials (Suggested bookmark name: “14 Elected Off”) -**

- If no pre-application was submitted, list each elected official and their respective District/Precinct.
- If a pre-application was submitted which correctly identified all the elected officials, and no re-notifications or corrections are required (e.g., no information has changed), check the box that indicates no change and leave the rest of the form blank.

2016 Multifamily Application Procedures Manual

- If a pre-application was submitted and re-notification was required for any reason (whether changes to the application or to the elected official) fill out the entire form, indicating the elected officials that were notified prior to submission of the full Application.
- Note that this form becomes part of the Certification of Notifications. For details regarding the notification requirements, refer to §10.203 of the Uniform Multifamily Rules.

NOTE: For Competitive HTC Applications, if re-notification was required because the number of Units increased by more than 10% then the Application will not be eligible for pre-application participation points.

- ❖ **Tab 15 – Neighborhood Organizations (Suggested bookmark name: “15 Neigh Orgs”) -** Complete the form as applicable. If the pre-application exhaustively completed the process for notifying Neighborhood Organizations, and no corrections are necessary, it is not necessary to complete this form; the box at the top of the form would need to be checked in that instance.

- ❖ **Tab 16 – Certification of Notifications (All Programs) (Suggested bookmark name: “16 Cert Notif”)** - This form is divided into three parts, the first two of which apply to all applications. The third part applies only to competitive HTC applications.

- **Part 1 – If a pre-application was submitted** and no re-notifications were necessary, mark the box and skip part 2.
- **Part 2 – If no pre-application was submitted or re-notification was required** mark the first box only if appropriate, and leave Part 1 blank. Mark the remaining three boxes in Part 2.
- **Part 3 – If no neighborhood organizations exist** mark this box, indicating also that no neighborhood organizations were notified.
- The form must be signed, dated and notarized. The individual signing the certification must be the Applicant or the person that has the authority to sign on behalf of the Applicant. No hard copy is required, but a scanned copy of the signed and notarized form should be included in the application.

NOTE: Refer to §10.203 of the Uniform Multifamily Rules and §11.8(b)(2) of the QAP for details regarding notification requirements, particularly those involving Development Sites located in ETJs.

- The *Public Notifications Template* located in the 2016 Uniform Multifamily Templates file should be utilized to meet these requirements. The file can be found on the website at: <http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm>.

Part 3- Development Activities

- ❖ **Tab 17 – Development Narrative (Suggested bookmark name: “17 Dev Narr”)** - The Development Activities tabs are colored red, and contain all information regarding the planned construction on the Site. This includes physical features, such as architectural drawings, Development amenities, and populations served.

- **Part 1 - Construction Type:** Choose one construction type from the drop-down menu and answer all appropriate questions. If questions are not relevant, answer with N/A, leaving no yellow highlighted cells blank.

2016 Multifamily Application Procedures Manual

NEW

- **Part 2 – Target Population:** Identify the Target Population from the drop-down menu provided. **NEW!** Elderly Limitation and Elderly Preference have been added as options to the drop-down menu for Target Population. Refer to §10.3(a)(47) of the 2016 Uniform Multifamily Rules for more information on how Elderly Development is defined. If Elderly Preference is proposed, complete the statement in this section by choosing the funding source from the drop-down menu in the space provided and submit supporting documentation for that financing behind the tab. Take care in selecting the correct Target Population.
- **Part 3 – Staff Determinations:** If a staff determination was made pursuant to §10.3(b), mark the box with an “x” and submit a copy of the determination behind this tab. If no determination was required, simply leave the box blank.
- **Part 4 – Narrative:** Applicants are required to provide a brief development narrative and should also use this space as an opportunity to explain any unique circumstances surrounding the proposed Development. Please double-check that any specific information about the development that is also provided elsewhere in the application is consistent. For example, if the narrative describes 4 residential buildings, then the architectural plans should reflect the same.
- **Part 5 – Funding Request:** Applicants should carefully fill in all relevant cells highlighted in yellow. This form is used to auto-populate other parts of the Application, including the scoring item related to Leveraging of Private, State and Federal Resources. Applicants are encouraged to review this form carefully for errors.
 - There is no internal check on funding amounts built into the Application, so Applicants should also be aware of any funding limit requests before completing this form.
 - Clicking on the funding sources (Multifamily Direct Loan, Housing Tax Credits, etc.) will link Applicants to the Summary of Sources and Uses page in the finance section. That section also links back to this page so that funding requests can be manipulated easily as Applicants change their financing structures.
- **Part 6 – Set-Aside:** This section is applicable to Multifamily Direct Loan and Competitive HTC Applications only.
 - Applicants should mark each applicable box with an “x”. The use of a different symbol may result in misinformation in another part of the Application. Applicants will be asked to submit the appropriate supporting documentation for the set-aside at different parts of the Application.
 - **NOTE: For Competitive HTC Applications seeking pre-application participation points, Set-Asides may not be dropped or added from pre-application to Application.**
- **Part 7 – Previously Awarded State and Federal Funding:** All cells highlighted in yellow require data entry by the Applicant. If a particular question is not applicable to the Application, type in “N/A.”
- **Part 8 – Qualified Low Income Housing Development Election:** This applies only to HTC (both 9% and 4%) applications. Applicants should understand that once an election is made it is irrevocable. Applicants are also encouraged to check this election against the Rent Schedule to ensure that there are enough 50% or 60% Units (whichever is applicable) to be consistent with the election.

2016 Multifamily Application Procedures Manual

❖ **Tab 18 – Development Activities Part I (Suggested bookmark name: “18 Dev Acts I”)** - This tab is divided into 4 parts, all of which need to be completed for all applications. The selections made here serve to certify that the development will meet various requirements under §10.101 of the Uniform Multifamily Rules.

- **Part 1 – Common Amenities** – The number of units will auto-populate, but applicants should fill in the appropriate number of points associated with amenities according to §10.101(b)(5) of the Uniform Multifamily Rules. Applicants proposing scattered site developments should review this rule carefully in order to determine the appropriate number of points.
- **Part 2 – Unit Requirements** – Mark the one appropriate highlighted cell each from Part A and Part B.
- **Part 3 – Tenant Supportive Services** - Mark the highlighted cell that is applicable.
- **Part 4 – Development Accessibility Requirements** - Mark the highlighted cell. **Applicants proposing New Construction where some units are normally exempt from Fair Housing requirements should pay special attention to ensure that the design of the Development is in compliance with the rule.**

❖ **Tab 19 – Development Activities Part II (Suggested bookmark name: “19 Dev Acts II”)** - This tab is divided into 10 parts, all of which are relevant only to Competitive HTC Applications. The selections made here will populate the self-score form.

- **Part 1 – Size and Quality of the Units** - Mark the appropriate highlighted cell. Points claimed will auto-populate.
- **Part 2 – Income Levels of the Tenants** - The Rent Schedule must be complete before a score can be calculated.
 - The *Total Number of Low-Income Units at 50% or less of AMGI* will auto-populate from the Rent Schedule.
 - You must select (in the second box) the number of 30% Units from the above number that will be used for points under §11.9(c)(2) of the QAP. **NOTE: This number cannot be greater than but can be less than or equal to the total number of 30% Units indicated in the Rent Schedule.**
 - You must select (in the third box) the number of 30% Units that will be used to satisfy the requirements of §11.4(c)(3)(D) related to the Increase in Eligible Basis (30% boost). **Applicants not requesting the boost or achieving the boost under another provision (OCT, rural, etc.) should leave this box blank.**
 - The fourth box will subtract all of the 30% Units used for either points or the boost from the total number of Units at 50% or less of AMGI.
 - The fifth box will calculate the percentage of Units at or below 50% of AMGI available for points under §11.9(c)(1) of the QAP.
 - Select a yellow highlighted cell if requesting points. The *Total Score Claimed* will populate based on what the Application is eligible for. **NOTE: The Total Score Claimed will not auto-populate if both check-boxes are marked.**
- **Part 3 – Rent Levels of the Tenants** - Select the highlighted cell that is applicable. The Rent Schedule must be complete before a score can be calculated, and the Total Points claimed will not auto-populate if more than one box is marked. **NOTE: There is no calculation to determine eligibility for points. Applicants need to double check that points claimed here are consistent with the number of units represented Part 2 - cell B21, “Number of Units used to score points under §11.9(c)(2).”**

2016 Multifamily Application Procedures Manual

Income Levels of Tenants & Rent Levels of Tenants Worksheet – Parts 2 and 3 above both deal with income targeting and are similar in many ways. However, it is important to note that the Income Levels of Tenants awards points for the number of Units at or below 50% AMGI, which includes 30% Units. The Rent Levels of Tenants awards points solely on the number of Units at 30% AMGI. **It is extremely important that Units at 30% AMGI are not counted twice for both scoring items.**

Staff created a table located outside of the print area of the Development Activities exhibit to assist Applicants in determining their eligibility for points. The worksheet *does not* need to be submitted in the PDF Application. The worksheet is a tool for use by Applicants to determine their eligibility for points under §§11.9(c)(1) and 11.9(c)(2) of the QAP depending on how many total LI units are proposed. Column (a) contains a highlighted yellow cell that represents the total number of LI units. Applicants can manipulate this cell to determine the number of Units at or below 50% AMGI needed for points under §11.9(c)(1) and the number of LI Units left over to qualify for points under §11.9(c)(2). Once the *Rent Schedule* has been completed, the top right-hand corner of the worksheet pulls from it the total number of low-income (LI) Units as well as the total number of 30% Units. These two numbers cannot be manipulated. Right above column (a), there is a cell for Applicants to input the number of 30% Units being used to satisfy the boost provision under §11.4(c)(2)(D); **applicants not requesting the boost or achieving the boost under another provision (QCT, rural, etc.) should not enter anything into this cell in order to effectively use the worksheet.** TIP: In order to double-check the final application submission and eligibility for points, this number should equal the red bolded number that auto-populates in the right-hand corner. Applicants should always independently verify that the calculations are correct. Staff attempts to include calculations in certain areas but it is the Applicant's responsibility to verify that their application meets the underlying rules.

- **Part 4 – Tenant Services** - Select a highlighted cell if applicable (Note that both check boxes cannot be selected. The scores will not populate if both boxes are selected.)
- **Part 5 – Tenant Populations with Special Housing Needs** - Mark the first highlighted cell if claiming points.
 - If claiming points under the Section 811 PRA Program, mark box A or box B as applicable.
 - Under option B seven boxes are provided in order to determine whether or not participation in the Department's Section 811 PRA Program will be required in order to qualify for the points. The first two boxes will auto-populate based on information provided in other parts of the Application. Mark any of the next five boxes that are relevant to the Application.
 - If all seven boxes are **NOT** marked, the last box in the section (section 5) will **NOT** be marked, and participation in the Section 811 Program is required. **Applicants must include behind this tab the Certification for Section 811 Program Participation in order to be awarded points.**
 - If one or more of the seven boxes is marked, the last box in the section will be marked, indicating the applicant is electing to set aside 5% of the units for Persons with Disabilities, in order to qualify for the points.
- **Part 6 – Pre-application Participation** - Mark the highlighted cell if claiming points.
- **Part 7 – Extended Affordability** - Mark the highlighted cell if claiming points for extending the affordability period to 35 years.
- **Part 8 – Historic Preservation** – If claiming points for Historic Preservation, mark the first box in the section. The Self Score for Educational Excellence and each of the four boxes under the first box as well as the fifth (indented) box must be marked for the appropriate score box to populate. Documentation must be submitted behind this tab.
- **Part 9 – Right of First Refusal** - Mark the highlighted cell if claiming points.

- **Part 10 – Funding Request Amount** - Mark the highlighted cell if claiming points. Note that eligibility for points is based on the amount of credit requested in the *Development Narrative* and the amount of credit available within the sub-region or set-aside as estimated by the Department as of December 1, 2015. These estimates are posted on the website at <http://www.tdhca.state.tx.us/multifamily/apply-for-funds.htm>. Staff will generally not allow for revisions to the amount requested in order to make an application eligible for these points.

- Uniform Relocation Act (URA) Applicability (*Multifamily Direct Loan Applications Only*)
 - The proposed Development must be carried out in accordance with policies and procedures governing implementation of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, Section 104(d) of the Housing and Community Development Act of 1974, and the optional relocation policies adopted pursuant to 24 CFR 92.253(d).
 - If any yellow highlighted box is marked, then the Residential Anti-Displacement and Relocation Assistance Plan Certification must be submitted.

❖ **Tab 22 – Architectural Drawings (Suggested bookmark name: “22 Drawings”)** – Make sure all drawings are LEGIBLE and double-check full application submission after combining pdf files into one. *Do not submit drawings above and beyond those required under the rules.*

- **Site Plan** - must include a building and unit type table matrix that is consistent with the *Rent Schedule* and *Building/Unit Configuration Form*, must identify residential and common buildings, flood plain boundaries, easements, detention ponds, and parking spaces.
- **Building Floor Plans** - must be submitted for each building type. Applications for Adaptive Reuse are only required to include building plans delineating each Unit by number and type. Building floor plans must include square footage calculations for balconies, breezeways, corridors and any other areas not included in net rentable area with the area of each type of space provided separately.
- **Unit Floor Plans** - must be submitted for each Unit type and must include the square footage for each type of Unit. 2016 Multifamily Application Procedures Manual

Rehabilitation and Adaptive Reuse Developments may submit photographs if the Unit configurations are not being altered and after- renovation drawings must be submitted if Unit configurations are proposed to be altered.

❖ **Tab 23 – Specifications and Building/Unit Configuration (Suggested bookmark name: “23 B/U Config”)**

- **Specifications and Amenities** - Required for all Development types (i.e. New Construction, Rehabilitation, etc.); no exceptions. Complete all yellow highlighted cells as applicable. Under parking requirements, indicate number of spaces of each parking type that will be free of charge and number of spaces that will be available to tenants for a fee.
- **Building/Unit Configuration** – Information on this chart should be consistent with the *Rent Schedule* and the architectural drawings. The breakdown of square footage types per building and total at the bottom of the page that categorizes the space into interior corridors, common area and breezeways should agree with the architectural plans. This breakdown is required because these spaces are each of different cost per square foot.

Part 4- Development Financing

❖ **Tab 24 – Rent Schedule (Name the bookmark “24 Rent Sched”).** Submit the final *Rent Schedule* after deleting any rows that indicate zero (0) as the unit count. The *Rent Schedule* has been intentionally placed immediately following the *Building/Unit Configuration* exhibit in an effort to reduce the number of inconsistencies.

- Gross Rent cannot exceed the HUD maximum rent limits unless documentation of project-based rental assistance is provided.
- The unit mix and net rentable square footages must be consistent with the site plan and architectural drawings.
- If any non-rental income is included, describe the source(s) of the income. “Misc” or “Etc.” in the income description is not acceptable.
- If the Development includes loft/efficiency Units, label these Units as “0” bedrooms as provided in the drop-down list.
- If applying for Multifamily Direct Loan funds the column titled “MF Direct Loan Units (HOME (Rent/Inc))” also includes the Income level required for each MF Direct Loan Unit designation.
- **Tax-Exempt Bond Developments ONLY.**
 - Space has been added under the “Development Name” to identify the Private Activity Bond Priority. Choose the applicable priority from the drop-down list.
 - Priority must be designated, as submitted to the Bond Review Board, regardless of Bond Issuer. The priority designations include the following:
 - Priority 1(a): Set-aside 50% of the Units at 50% AMGI and 50% of the Units at 60% AMGI.
 - Priority 1(b): Set-aside 15% of the Units at 30% AMGI and 85% of the Units at 60% AMGI.
 - Priority 1(c): Set-aside 100% of the Units at 60% AMGI for Developments located in a census tract with a median income that is higher than the median income of the county, MSA or PMSA in which the census tract is located.

2016 Multifamily Application Procedures Manual

- Priority 2: Set-aside 80% of the Units at 60% AMGI; up to 20% of the Units can be at market rate.
- Priority 3: Includes any qualified residential rental Development. Market rate Units can be included under this priority.
- **Cost of Development per Square Foot.** These cells will calculate automatically when both the *Rent Schedule* and *Development Cost Schedule* are completed. Applicants must determine which threshold applies to the application and select the Total Points Claimed, which will auto-populate the *Self-Score Form*. To determine eligibility for points, applicants should reference §11.9(e)(2) of the 2016 QAP. **NOTE: the rule states that costs must be UNDER a certain threshold, not equal to or less than.**

❖ **Tab 25 – Utility Allowances (Suggested bookmark name: “25 Utilities”)**

- Drop down lists are provided to identify “Who Pays” for the utility service and what type of “Energy Source” will be used.
- If Development is all bills paid, utilities and energy source is still required.
- The “Total paid by tenant” calculates only those energy sources for which it is indicated the tenant pays.
- **Remember to include your support documentation** (i.e., current PHA utility allowances sheet or local utility provider estimate specific to development) that clearly identifies the utility costs included in the estimate and the effective date of the documentation.
- If requesting Department approval of methodology for calculating utility allowances, such request must have been submitted prior to Application submission. Any method other than using the local housing authority’s published utility allowances will require Department review and approval. This includes but is not limited to written local estimates, HUD Models, Energy Consumption Models, Actual Use and a request to use an alternate PHA. Requests for review of an alternative method are required to be submitted to the Department prior to the full Application submission. While requests are typically sent to ua@tdhca.state.tx.us, requests related to Competitive 9% HTC applications should be sent directly to Jacqueline Kawas at jacqueline.kawas@tdhca.state.tx.us.

❖ **Tab 26 – Annual Operating Expenses (Suggested bookmark name: “26 Op Exp”)**

- Fill in all yellow highlighted cells.
- You must describe any “Other” cost included in any of the expense categories. “Misc” and “Etc.” are not acceptable descriptions. The cells state “describe” in red to remind you to enter a description.
- Annual Debt Service should be consistent with information provided in the *Summary of Sources and Uses of Funds* form as well as the *15 Year Pro Forma*.
- Expense per Unit, Expense to Income ratio, and Debt Service Ratio will be calculated automatically. Applicants should familiarize themselves with the underwriting rules (Subchapter D of the Uniform Multifamily Rules) regarding thresholds for these items.

❖ **Tab 27 – 15 Year Pro Forma (Suggested bookmark name: “27 ProForma”)**

- Refer to §10.302(d) of the Multifamily Rules regarding the underwriting analysis for a discussion that encompasses the items in the pro forma.

- Enter rental concessions as a negative value.
- You must describe any “Other” debt service included in the pro forma.

❖ **Tab 28 – Offsite Costs Breakdown (Suggested bookmark name: “28 Offsite”)**

- This form must be completed if there are any offsite costs associated with the Development, whether or not they are included in the *Development Cost Schedule*. For example, if offsite costs are embedded in the acquisition costs, this form must be completed. If there are any unusual circumstances surrounding the costs and/or payment of off-site costs, please include an explanation behind this tab.
- The form must be completed, signed and sealed by a professional engineer. See §10.204(8)(E)(ii) of the Uniform Multifamily Rules.
- If any Off-site Costs are included in Eligible Basis:
 - A letter from a certified public accountant must be submitted allocating which portions of those costs should be included in Eligible Basis; and
 - If off-site costs are based on PLR 200916007 the certified public accountant must provide a statement of findings describing the facts relevant to the Development and that the fact pattern matches the PLR 200916007.

❖ **Tab 29 – Site Work Costs Breakdown (Suggested bookmark name: “29 Site Work”)**

- This form is applicable to all Developments, regardless of the amount of Site Work cost attributed to the Development.

- The total Site Work costs entered in this exhibit should match the amount reflected in the *Development Cost Schedule*.

❖ **Tab 30 – Development Cost Schedule (Suggested bookmark name: “30 Cost Sched”)**

- All applicable yellow highlighted cells under the Total Development Summary (columns C,D, and E) should be completed. A section for notes regarding the costs is provided as well; this should be used to add any information that could be helpful for the underwriting review, to explain line items that may be particularly low or high costs.
- **This form separates contingency from general requirements, overhead and profit. In addition, the subtotal “Total Construction Contract” has been added and some terms revised to align more closely with the definitions in the Uniform Multifamily Rules and with the calculation for scoring criteria. Developer fees are at the bottom of the form, after soft costs and financing costs.**
- **NOTE:** No syndication costs should be included in the Eligible Basis.
- The “Credits Supported by Eligible Basis” cell is automatically calculated. This figure should be equal to or greater than the annual Housing Tax Credit Funding Request.
- **IMPORTANT:** If a 130% High Cost Area Adjustment is included in the *Development Cost Schedule* the application should meet one of the criteria identified in §11.4(c) of the QAP and indicate under which criteria the Application qualifies for the Eligible Basis boost in Part 3 of the *Site Information Form Part III*.
- You must describe any “Other” costs reflected in the Cost Schedule. The cells will prompt you when an amount is inserted to “please specify” under a footnote.
- **Include the contact name and phone number in the space provided of the person providing the cost estimate for the Hard Costs.**

❖ Tab 31 – Financing Narrative and Summary of Sources and Uses (Suggested bookmark name: “31 S&U”)

❖ **Tab 47 - Community Input Scoring Items (Suggested bookmark name: “47 Com Input”). -**

Fill-in the form and include the letters behind the form as applicable.

- Part 1 - Local Government Support - An Application may qualify for up to seventeen (17) points for a resolution or resolutions voted on and adopted by the bodies reflected in subparagraphs (A) - (C) below. The resolution(s) must be dated prior to and submitted no later than the Final Input from Elected Officials Delivery Date in QAP §11.2. Resolution(s) must specifically identify the Development by legal description, address, Development name, Application number or other verifiable method. A municipality or county should consult its own staff and legal counsel to assure the consistency of such resolution with applicable Fair Housing laws, including any Fair Housing Activity Statement-Texas (“FHASt”) form on file, any current Analysis of Impediments to Fair Housing Choice, or any current plans such as one year action plans or five year consolidated plans for HUD block grant funds, such as HOME or CDBG funds. Once a resolution is submitted to the Department it may not be changed or withdrawn. For an Application with a proposed Development Site that, at the time of the initial filing of the Application, is:
 - (A) Within a municipality, the Application can receive seventeen (17) points for a resolution from the Governing Body of that municipality expressly stating that the municipality supports the Application or Development; or fourteen (14) points if the resolution states that the municipality has no objection to the Application or Development.
 - (B) Within the extraterritorial jurisdiction of a municipality, the Application may receive(i) eight and one-half (8.5) points for a resolution from the Governing Body of that municipality expressly stating that the municipality supports the Application or Development; or seven (7) points if the resolution states that the municipality has no objection to the Application or Development. In addition, the Application can receive eight and one-half (8.5) points for a resolution from the

Governing Body of the county expressly stating that the county supports the Application or Development; or seven (7) points if the resolution states that the county has no objection to the Application or Development.

- (C) Within a county and not within a municipality or the extraterritorial jurisdiction of a municipality scores seventeen (17) points for a resolution from the Governing Body of that county expressly setting forth that the county supports the Application or Development; or fourteen (14) points if the resolution expressly sets forth that the county has no objection to the Application or Development.
- Part 2 - Community Support from State Representative – This item adds or deducts up to eight (8) points in the Application score. Letters must be on the State Representative's letterhead, signed by the State Representative, identify the specific Development and clearly state support for or opposition to the specific Development. The letter will be accepted with the Application or via delivery from the Applicant or State Representative and must be submitted no later than the Final Input from Elected Officials Delivery Date as identified in QAP §11.2. After submission, letters may not be changed or withdrawn. Neutral letters or letters that do not specifically refer to the Development or specifically express support or opposition will receive zero (0) points. A letter that does not directly express support but expresses it indirectly by inference (e.g. "the local jurisdiction supports the Development and I support the local jurisdiction") will be treated as a neutral letter.
- Part 3 - Input from Community Organizations - Development Sites outside the boundaries of qualifying Neighborhood Organizations may score up to four (4) points for letters within the Application. Once a letter is submitted to the Department it may not be changed or withdrawn. This option means losing one (1) point from the score under this paragraph for each letter in opposition that is from an organization that would otherwise qualify under this paragraph. The score of this item will never be less than zero (0), calculated as follows:
 - Two (2) points for a letter of support from a community or civic organization serving the community containing the Development Site, identifying and stating support for the Development at the proposed location.  - Two (2) points for a letter of support from a property owners association created for a master planned community containing the Development Site that does not meet the requirements of a Neighborhood Organization for the purpose of awarding points under §11.9(d)(4) of the QAP.

2016 Multifamily Application Procedures Manual

- Two (2) points for a letter of support from a Special Management District whose boundaries include the Development Site, as of the Full Application Delivery Date as identified in §11.2 of the QAP.
- Note that input evidencing unlawful discrimination under Fair Housing law or whose scoring the Department determines to be contrary to the Department's efforts to affirmatively further fair housing will not be considered. The Department will refer input appearing to indicate non-compliance under the Fair Housing Act, to the Texas Workforce Commission for investigation, but the referral will not, standing alone, cause staff or the Department to terminate the Application. Staff will report all such referrals to the Board and summarize the status of any such referrals in any recommendations.

Supplemental Information

Requests for Waiver and Staff Determinations

An Applicant may request a waiver in writing at or prior to the submission of the pre-application (if applicable) or the Application or subsequent to an award. Waiver requests will not be accepted between submission of the Application and any award for the Application. Requests should be submitted directly to the appropriate staff below and when possible submitted electronically, either directly through email attachment or on a disc. Hard copies will be accepted in cases where the requests include information that cannot be reasonably converted into electronic form.

For Competitive 9% HTC Applications, waiver requests should be submitted to Sharon Gamble at sharon.gamble@tdhca.state.tx.us, for 4% HTC/Bond Applications, Teresa Morales at teresa.morales@tdhca.state.tx.us and for Direct Loan Applications, Andrew Sinnott at andrew.sinnott@tdhca.state.tx.us

Requests for waivers are appropriate when an Applicant violates a rule and/or proposes a development that violates a rule, and as such they must be specific to an actual proposed Development (or Application). They should include an explanation as to how the circumstances surrounding the request are out of the applicant's control and how, if such waiver is not granted, the Department would not fulfill some specific requirements of law. Applicants should familiarize themselves with §10.207 of the Uniform Multifamily Rules and are encouraged to contact staff to discuss the request before submission.

Requests for staff determinations should be submitted in cases where certain definitions or terms do not fully account for activities proposed in an application. For example, if an applicant proposes a scattered site development that involves different census tracts that would score differently on the Opportunity Index, that applicant may request a staff determination prior to application submission in order to ascertain how staff will apply the rule and ultimately award points. Similarly, an applicant proposing a combination of rehabilitation and adaptive reuse may request a staff determination as to how to classify the activity. Applicants should familiarize themselves with §10.3(b) of the Uniform Multifamily Rules.

Public Viewing of Pre-Applications and Applications

The Department will post all applications to the website. The results of the review process will be added daily, so that the public is able to easily review the information. Requests for additional information should be made through the process described on the Public Information web page <http://www.tdhca.state.tx.us/policies/public-information.htm>
