

## Utah Historic Preservation Tax Credit Application

Owners of historic residential buildings may be able to recover 20% of their restoration costs through this state income tax credit program. To qualify for the credit:

- The building use after rehabilitation must be residential.
- The building must be listed on the National Register of Historic Places at the time of application or within three years of the approval of the completed rehabilitation project.
- A minimum of \$10,000 must be spent on rehabilitation over, at most, a three-year period.
- All work must meet appropriate rehabilitation standards; one “wrong” modification voids the entire tax credit.
- This application form must be completed before the rehab project is finished—preferably before work is started in order to avoid problems with ineligible work.

### Submission Instructions

- Send a completed digital application to Amber Anderson at:

**[amberanderson@utah.gov](mailto:amberanderson@utah.gov)**

- Digital submissions are preferred. If you cannot submit digitally, you may submit a hard copy to: Amber Anderson, State History, 300 S. Rio Grande St, Salt Lake City, UT 84101

### Part 1. Evaluation of Historical Significance

<b>Project name</b> (Address, City) (if applicable)		
<b>Original construction date</b>	<b>Known remodel date(s)</b>	

**This building** (check one):

- is individually listed on the National Register of Historic Places (NRHP).
- is listed on the NRHP as part of the following Historic District;
- appears to meet NRHP eligibility requirements, but is not yet officially listed.

(Contact the State Historic Preservation Office for National Register status/historic significance: 801-245-7277 or [amberanderson@utah.gov](mailto:amberanderson@utah.gov). If not yet listed, a National Register nomination form must be prepared before tax credits can be authorized or claimed.)
