LIHTC Stakeholder's Meeting On the American Recovery and Reinvestment Act of 2009 (ARRA)

We have received numerous requests to provide remote audio access of the meeting. In an effort to accommodate all interested parties, we have arranged a telephone conference line, for those wishing to call, *please dial: 1-866-275-6163* at *9:55 AM Pacific Time*. Once prompted, please enter the **code *9473101*** (*very important, be sure to enter both the leading and trailing stars "**"*). Due to logistical limitations; those on the phone will be able to "listen" only. To limit background noise, we ask that you keep your lines on mute.

We will allow questions for those on the phone via email. If you have a question during the discussion, please email askusTC@wshfc.org . We will do our best to accommodate you.

Thank you for your continued support.

Steve Walker, Division Director
