

**QUALIFIED CENSUS TRACT AND  
DIFFICULT DEVELOPMENT AREAS (effective January 1, 2013)**

**Please note:** HUD has updated the list of QCTs using the data from the 2010 decennial census for the first time. This update may have caused significant changes to both the boundaries and the numbering of QCTs that were on the 2012 list.

If a project is located in a QCT that appears on the *2012 QCT list* and that project's location is excluded from the *2013 QCT list*, a complete application for that project must be received by the Commission no later than **December 28, 2012** in order for the project to be eligible for the QCT basis boost in 2013.

**Difficult Development Areas**

Clallam County
Jefferson County
Lewis County
San Juan County

**Qualified Census Tracts**
