Remarks concerning Project Costs and Credit Calculation:

- * Other Adjustment - Developments may be subject to a reduction in credit by the equity gap calculation.
1. Architectural fees in eligible basis (including both design and supervision) are limited to \$3,000 per unit (\$3,500 per unit for historic rehabilitation).
 2. Construction supervision, consultant fees, developer fees and developer overhead are limited to a combined 15% of total development costs for new developments with 24 units or less and to 12% for those with more than 24

units. Those same fees are subject to greater restrictions for the acquisition portion of acquisition/rehab projects. See [Developer Fee Policy](#).

3.If the construction lender and permanent lender are same entity, the construction loan origination fee is not allowed in eligible basis.

4.General requirements, contractor overhead and contractor profit are limited to 14% in aggregate.

5.An amenity for which there will be an additional fee for the resident (parking, for example) must have its corresponding capital cost excluded from Eligible Basis on the Credit Calculation page, and on the project’s Cost Certification. For those applications in which the costs of underground parking are removed from eligible basis, a minimum of \$7,500 per underground space should be removed from eligible basis. Use minimum \$2,000 per space for above ground covered parking.

See Instructions for calculation methodology.

1. "Debt Service" is the sum of "regular/amortized loan debt service + non-amortizing annual service" as entered by user from Funding Sources section.
2. "Net Cash Flow" is "Net Rental/Other Income" minus "Total Operating Expenses" minus "Debt Service".
3. "Debt Coverage Ratio" is ("Net Rental/Other Income" minus "Total Operating Expenses") divided by "Debt

Service".

Financial Feasibility Threshold Test

WHEDA will evaluate the financial feasibility of all LIHTC Applications. Feasibility is determined by taking into account a variety of factors including: projected operating expenses, replacement reserves, rents and other income, vacancy assumptions, debt service and expected equity proceeds.

Developments submitted with operating expenses, operating reserves, replacement reserves and/or a debt coverage ratio outside the prescribed ranges, without documentation, will be considered infeasible.

WHEDA reserves the right to reject competitive applications not maintaining a minimum 1.175 debt service coverage ratio through year 15 (1.10 for noncompetitive applications) OR reduce Credit requests/allocations at Review One, Two or Three based on either an "equity gap" model or an initial debt service coverage exceeding 1.40.

WHEDA reserves the right to reduce Credit requests or allocations at any stage of the application process per Section 42 of the Code. Any reduction of Credit will be based on WHEDA's evaluation of debt and equity available and necessary for development feasibility.

Special Instructions on all Supportive Housing or Elderly Assisted Living Developments:

Applicant MUST provide along with the application:

1. separate proforma detailing the service expenses and income of the project, and
2. supporting documentation describing the assumptions used for service pricing, service expenses and service demand by the residents.

Instructions/Scoring Summary

2014 SELF-SCORING EXHIBIT

Calculate Applicant Scores for your development on this Exhibit. You must proactively choose or decline participation in each scoring category. **Points will not be awarded if not requested, or if the required documentation for a category is not submitted, is insufficient, or is in an unacceptable form. Applicants must commit via written agreements to actions supporting points awarded in scoring categories. Once a development has executed a Reservation of Credit, no changes to the development score will be allowed.**

WHEDA will determine final point scores after reviewing information provided by applicant. **If two or more applicants receive the same score, the application with the highest percentage of units set aside at 30% and 40% of county median income will be ranked the highest. A secondary tiebreaker, if needed, will rank applications by lowest cost per unit.**

All developments in the Preservation Set-Aside must score at least 140 points to be eligible for Credit. Points ending in a fraction will be rounded down. WHEDA reserves the right to change this threshold as it deems appropriate.

Unless otherwise noted, for scattered site developments, two-thirds of the sites must meet the scoring category criteria to receive points.

6. Serves Lowest-Income Residents

Do you wish to claim points for this scoring category?

WHEDA will award points to developments with a minimum percentage of units reserved for households with

incomes at 50% or less of county median income. The market study must show there is a sufficient market for the target population.

Points will not be awarded in this category for developments applying in the Preservation Set-aside, or for developments with federal operating or rental subsidies, or developments with federal financing unless they clearly result in the creation of new low-income units. In addition, points are not awarded for units with dedicated, project-based vouchers or certificates*. Tax-exempt bond-financed developments are allowed to score points. Projects using HOME funds that results in the addition of new low-income units are also allowed to score points.

*Developments scoring points in Category 7, Supportive Housing, may use committed project based vouchers or other rental subsidies as "50% CMI equivalents" for the 70 Point calculation below.

7. Supportive Housing

Do you wish to claim points for this scoring category?

Points will be awarded to developments intending to provide support services to veterans, individuals and families who are homeless, at risk of homelessness and/or have disabilities and who require access to supportive services to maintain housing.

Important Note: WHEDA hopes to be selected in a HUD Section 811 Demonstration Program in which state housing finance agencies can allocate Project Rental Assistance Contracts (PRAC) to help provide rental assistance to qualifying LIHTC projects. No more than 25% of the units in these qualifying projects may be targeted to people with disabilities (this is Option A described below). If selected by HUD, WHEDA may offer 811 PRAC to projects applying under Option A. Applicants should be aware that tenants eligible for Section 811 units are anticipated to be those with a disability and 1) Those eligible persons currently residing in institutions or nursing homes, who may also qualify for the "Money Follows the Person" program. Or 2) Those eligible persons who may be

at risk of institutionalization, who currently live in substandard housing or who are not living where or with whom they choose.

Applicants applying under the Supportive Housing Set Aside (Option B) will not be eligible for Section 811 PRAC.

WHEDA will provide additional guidance should Section 811/PRAC assistance become available.

11. Financial Participation

Do you wish to claim points for this scoring category?

Points will be awarded for various types of financial participation that is secured by the applicant. The percentage of development costs, or the percentage of rental units covered by a rental or operating subsidy, qualify for points in this category.

Funding sources that typically fund a portion of the development costs include: unaffiliated private companies, federal, state or local government loans or subsidies, equity from sale of federal or state Historic tax credits, tax-exempt bond financing (only on 4% tax credit applications) unaffiliated religious, philanthropic, or charitable organizations, unaffiliated nonprofits and unaffiliated public or private foundations, or public housing authorities. See A. below.

Development operating or rental subsidies also score points. See B. below.

Up to 25 points will be awarded by dividing the financial participation amount by the total development costs. Score 1 point for every percentage point of financial participation.

OR

Section 8 HAP or RAP or other rental subsidy contracts and all documented contracts providing operating subsidies are eligible to score points. Score 1 point for each 4% of the development units that are currently covered by the rental or operating subsidy. The point score must be rounded down to the next whole number when completing the point score calculation.

An applicant cannot claim points from a combination of Sections A and B above.

Examples of the types of financial participation include, but are not limited to, the following:

- The local government funds on-site project costs by providing HOME, CDBG funds or other financial resources in the form of loans, grants, or a combination thereof.
- The local government creates a quantifiable reduction of on-site project development costs specifically for this project. Examples of quantifiable reduction of on-site development costs include: waiver of water or sewer fees, waiver of building permit fees or other government development fees, waiver of impact fees, donation or waiver of project specific assessment or infrastructure costs, provides reduction of purchase price for land or buildings as compared to assessed or appraised value, provides demolition and removal of existing structures at no/reduced cost.
- USDA RD Section 515 financing, generally in the form of a loan.
- Federal Home Loan Bank AHP funds, generally in the form of a loan.
- NAHASDA funding, generally in the form of a loan.
- A Section 8 HAP or RAP, or other rental subsidy contract.
- Documented development contract providing an operating subsidy.
- TIF financing in the form of a grant or loan.
- Cash donations or grants from any of the above named entities.

Loans, grants or cash donations made by area employer(s) .

Note: A Payment in Lieu of Taxes (PILOT) agreement with a Local Government does not qualify for points in this category.

Guidelines under which points will be awarded:

- A. Funding or project cost reductions must be documented in the form of a written commitment.
- B. Funding can be in the form of a loan, grant, or cash donation, or municipal cost reduction.
- C. Loans must have these characteristics: A) Minimum term of 10 (10) years and fully amortizing, or minimum fifteen (15) years if not fully amortizing., B) Must be at a rate equal to, or less than, the Long Term Applicable Federal Rate (compounded annually). C) Origination fees may not exceed 2.5%.
- D. All loans, grants or cash donations must be included as a source of funding for the development on the application. If cash donations or grant funding will be paid in multiple years, only the initial year funding will be included in the point scoring.
- E. All Local Government contributions which provide a quantifiable reduction of on-site development costs must be identified in the application and be linked to this affordable housing proposal. The point calculation for "quantifiable reductions" shall be: cost reduction divided by (cost reduction plus application total development cost).
- F. "Local government" includes the city, town, village or county where the proposed development will be located.
- G. Applicants must provide a letter from the appropriate representative of the Local Government certifying the Local Government's contribution and/or actions that create a quantifiable reduction of on-site development cost. The "appropriate representative" of the Local Government would include the person or person(s) that have the authority to sign such a commitment. That person may include the mayor, common council president, or department head, etc. The letter must clearly show the types, amounts, value or terms and conditions of such contributions and/or quantifiable reductions. All such contributions must be included in the Application.
- H. Commitments may contain conditions, but only within control or based upon the performance of the borrower, not the local government or other provider.
- I. To receive points in this category, written, fully executed, conditional funding commitments must be submitted with the application to document any points claimed.
- J. If claiming Historic Tax Credit, submit a) written evidence that historic designation (Part I) has been applied for, or that the building is already deemed historic, and b) letter of interest by investor, and c) detailed calculation of the credit and equity amounts. Points are calculated on the lower of the Credit, or the equity from the sale of the credit.
- K. All funding commitments must include the type of funding (grant or loan or cash donation), amounts, terms and conditions of all funding. Commitments that include the terms "may" or "intend" will not be acceptable for scoring purposes of this category.
- L. Copies of any rental or operating subsidy contracts must be submitted with the application. The contracts must include the amount of the subsidy and/or the number of units covered by the contract. Contracts that do not include the required information will need a separate letter from the provider which provides that information.
