B. Description of Competitive Selection Criteria

In order to be eligible to receive TCAP funding projects must meet all of the following criteria :

- received a Low-Income Housing Tax Credit (LIHTC) award under section 42 (h) of the Internal Revenue Code during federal fiscal years 2007, 2008 or 2009, and;
- have not obtained a Temporary or Final Certificate of Occupancy, and;
- have not closed both the syndication of the LIHTC and their construction financing.

The following projects were awarded Tax Credits in 2007, 2008 or 2009

Wyoming National Flats	Antelope Ridge Apartments
Woodridge Apartments Homes	Legacy Senior Residences
Prairie Sage Apartments	Cottonwood Terrace 2
Rocky Point Apartments	Aspen Creek Apartments
Cornerstone Apartments	Cobblestone
Elkhorn Apartments	Windridge Apartments
The Meadows Senior Housing	Foothills Family Apartments
Northside Apartments	Bighorn Apartments

Of these projects the following projects have not closed both the syndication and the construction financing and have not received temporary or final Certificates of Occupancy; thus, are eligible for TCAP funding.

Cottonwood Terrace 2	Rocky Point Apartments
Aspen Creek Apartments	Cornerstone Apartments
Elkhorn Apartments	Windridge Apartments
The Meadows Senior Housing	Foothills Family Apartments
Northside Apartments	Bighorn Apartments

In addition, eligible projects would include any other projects which are awarded Low-Income Housing Tax Credit Allocations prior to September 30, 2009.

The following scoring criteria will be used to determine which projects will receive TCAP funding:

Estimated Completion Date - Projects with an estimated completion date will receive the following points.

<u>Points</u>	<u>Estimated Completion Date</u>
25	Before December 1, 2009
20	Before June 1, 2010
15	Before December 1, 2010
10	Before June 1, 2011
5	Before December 1, 2011

B. Description of Competitive Selection Criteria (cont.)

Eligible projects will be contacted individually starting with the highest scoring project in order to discuss and assess the feasibility of the project and its need for TCAP funding. Projects that are more likely to secure an equity investment will have priority. The Agency may consult with equity providers to determine this factor. Projects will then be awarded TCAP funding according to the Affordable Housing Allocation Plan with adjustments as listed below. In order to most expeditiously expend the TCAP funding, projects which were awarded HOME funding, which do not have signed and recorded loan documents, will be required to follow the TCAP rules as well as the LIHTC and HOME rules.

WCDA will then be able to draw from either funding source (TCAP or HOME), whichever source yields the greatest benefit and gives WCDA the best opportunity to use the entire amount available under each HUD grant.

The following limits will be in effect for projects with an award of TCAP funding:

- a) When underwriting a project, the following Annual Operating Expenses will be used:

<u># of Units</u>	<u>Maximum Operating Expense per unit per month</u>
< 24	\$370.00
25 – 36	\$350.00
37 – 48	\$330.00
> 48	\$320.00

- b) TCAP funds will be amortized at no less than 2% for no less than 40 years. The term eligible basis (as such term is defined in Internal Revenue Code Section 42) of a qualified low-income housing tax credit building receiving TCAP assistance shall not be reduced by the amount of any TCAP assistance.

TCAP funding will be distributed pursuant to the Affordable Housing Allocation Plan including the requirements outlined therein for LIHTC and HOME Investment Partnerships Program. These requirements will apply to TCAP funding, including but not limited to:

- a) Quarterly Progress Reports
- b) Architect Certification
- c) Income and Rent Requirements
- d) Debt coverage ratio
- e) Vacancy rate

In addition to these requirements, all TCAP funded projects must meet all requirements outlined in the American Recovery and Reinvestment Act of 2009.

B. Description of Competitive Selection Criteria (cont.)

To ensure compliance with section 42 of the IRC of 1986, and the long term viability of the buildings funded by TCAP, and to meet compliance with the Act, WCDA shall perform asset management functions, or shall contract for the performance of such services, in either case, at the owner's expense.

“Award” is defined by WCDA to mean the date WCDA signs a Reservation letter for a specific project.

C. Commitment and Expenditure Deadlines

Time is of the essence. The American Recovery and Reinvestment Act of 2009 requires “That housing credit agencies in each State shall commit not less than 75 percent of such funds within one year of the date of enactment of this Act, and shall demonstrate that the project owners shall have expended 75 percent of the funds made available under this heading within two years of the date of enactment of this Act, and shall have expended 100 percent of the funds within 3 years of the date of enactment of this Act.” WCDA will be adhering to these requirements and requiring that each project also adhere to the same expenditure deadlines. The Act further requires “That failure by an owner to expend funds within the parameters required within the previous proviso shall result in a redistribution of these funds by a housing credit agency to a more deserving project in such State, except any funds not expended after 3 years from enactment shall be redistributed by the Secretary to other States that have fully utilized the funds made available to the m.” To comply with this provision of the Act, WCDA will de-obligate funding to any project which fails to expend the funds within the parameters required and redistribute the funding to other qualified projects.

All projects listed above as being eligible for TCAP funding, which also requested funding from the HOME Investment Partnership program, shall follow the TCAP rules as well as the LIHTC and HOME rules. This will allow funding to be quickly redistributed if a project specifically designated as a TCAP project fails to meet the expenditure requirements.

D. Recovery Act Accountability and Transparency Requirements

The TCAP Implementation Plan has been drafted and has been posted on the web at: www.wyomingcda.com as of today May 21, 2009. It is posted for the purpose of accepting public comment. Public comments will be accepted through May 26, 2009. This same web site will be used to report TCAP Accountability and Transparency requirements including but not limited to the following information on each project awarded TCAP funding:

- Project name
- Description of the project
- Amount of award
- An evaluation of the completion status of the project
- Estimated number of jobs created and the number of jobs retained by the project

The following information will also be posted in aggregate:

- Total amount of TCAP Funds received
- The amount of TCAP funds expended or obligated to project or activities, including unobligated balances
