I. OVERVIEW

This Allocation Plan was designed to select those developments which satisfy the most pressing housing needs of the state, within the guidelines established by Section 42 (m)(1)(B) of the Internal Revenue Code or under HUD's HOME Investment Partnership Program at 24CFR Part 92. The three most significant criteria for HOME and Tax Credit approval are:

- Need
- Quality of Construction, and
- The characteristics of the households being served.

The **Low-Income Housing Tax Credit** was created by the Tax Reform Act of 1986 to encourage the construction and rehabilitation of housing for very low, low, and moderate-income individuals and families. Congress mandated that housing credit agencies adopt an "Allocation Plan" which defines the process used to distribute the Credit among projects.

The Tax Credit Program is a regulated and highly complicated program. Final interpretations of certain rules and regulations governing various facets of the program have not yet been issued by the U.S. Department of Treasury; consequently, additional requirements or conditions applying to the tax credit may be forthcoming. **It is strongly suggested that project sponsors interested in the Tax Credit Program contact their tax accountant and/or attorney before developing projects under the Tax Credit Program. While WCDA will endeavor to assist those persons applying for an allocation of tax credits, WCDA personnel are not tax or legal experts and applicants should not rely on WCDA for tax and/or legal advice.**

The total amount of Tax Credit available in Wyoming is disclosed in the Current Year Summary Attachment "A".

The **HOME Investment Partnership Program (HOME)** was created under Title II (the Home Investment Partnerships Act) of the National Affordable Housing Act of 1990, and is codified under 24CFR Part 92 (HOME Investment Partnerships Program). The general purposes of HOME include: 1.) the expansion of the supply of decent and affordable housing, particularly rental housing, for low and very-low-income Americans, 2.) strengthening the abilities of State and local governments to design and implement strategies for achieving adequate supplies of decent, affordable housing and 3.) extending and strengthening partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in the production and operation of affordable housing.

The **Consolidated Plans** for Housing and Community Development for the City of Casper, the City of Cheyenne, and the State of Wyoming ("Consolidated Plans") identify several priorities for housing.

II. APPLICATION PROCESS

ALL projects applying for **Tax Credits** must comply with all aspects of the Wyoming Community Development Authority Affordable Housing Allocation Plan. This includes, but is not limited to, those projects applying for credits under the state Tax Credit Cap, and those projects applying for credits when utilizing Tax-Exempt Bond financing, whether or not WCDA is the Bond Issuer.

ALL projects applying for HOME funds must comply with all pertinent aspects of the Wyoming Community Development Authority Affordable Housing Allocation Plan. This includes compliance with 24CFR Part 92 as detailed in the WCDA HOME Program Description (Allocation Plan Current Year Summary Attachment “E”).

The application fee for **Tax Credits** is \$150 for projects with twenty units or less and \$500 for projects with over twenty units. This fee **must** be included with the application. Applications received without this fee will be returned. The application fees may be subject to change at a later date.

There is no application fee for projects which are only applying for HOME funds.

Those applying for funding under either program need to submit:

- a completed WCDA Application Form including all supplements and appropriate Exhibits (no substitutions or changes to any forms will be accepted),
- an Affirmative Fair Housing Marketing Agreement (See Application Exhibit A-1),
- a Previous Participation Statement and Authorization for Release of Information (See Application Exhibit A-3),
- an independent comprehensive, timely, and professional Market Study. At a minimum, the Market Study must include those items outlined in the Current Year Summary Attachment “A” Item “7”. (Those projects utilizing only HOME funding and under 20 units will not be required to use a professional Market Study firm if they can provide the same type of information through other methods.) If the Market Study contradicts current economic statistics on file with WCDA, the project may not rank in the needs category. Market Study providers must be pre-approved by WCDA. To begin the approval process, the Market Study provider must submit the following information: firm and individual(s) who are preparing the Market Study, their qualifications, references, experience, and the scope of work to be completed as set forth in Current Year Summary Attachment “A”.
- all projects receiving an allocation are bound by the limits as stated in the plan for the year in which the project received its allocation,
- Scattered Site projects are acceptable under this plan only if all units are covered under the same financing, and are located within the same city and county. To receive the 130% increase in basis allowed under Section 42 the **entire** project must also be located within a Qualified Census Tract or Difficult Development Area,

II. APPLICATION PROCESS (Cont.)

- projects located in entitlement cities (Cheyenne and Casper) must provide a **current** (no older than 6 months) signed letter of consistency with the Consolidated Plan from the applicable Jurisdiction, or
- projects located in non-entitlement cities (everywhere except Cheyenne and Casper) must provide a **current** (no older than 6 months) signed letter of support from the applicable Jurisdiction,
- all rental rehabilitation projects must provide a Capital Needs Assessment (including an Economic Feasibility Assessment of Expenses), stating the viability and long term feasibility of the project,
- all Acquisition/Rental Rehabilitation projects must provide an appraisal by an independent 3rd party. The acquisition price on which tax credits are allowed will be limited to the appraised value of the property prior to rehabilitation,
- all projects requesting credits that exceed the Total per unit Eligible Basis published by WCDA in the Current Year Summary Attachment “A”, must include documentation, satisfactory to WCDA, justifying the higher costs, and thus the higher Eligible Basis. [E.g. Three or more bids for construction items, current Real Estate listings for like properties in the area (to help justify high land costs), costs to address seismic or other unique building requirements, impact on the community, etc.]
- the appropriate application fee, and
- Tax Credit Projects must submit a completed IRS form 8821 Tax Information Authorization (See Application Exhibit A-5).

Applicants must be current on **ALL** fees due and owing WCDA before an application will be accepted. Also, an application may be denied if it is determined that the developer or other key participants have other projects that are not progressing in a timely manner.

Incomplete applications may be returned. Applications once submitted are considered final and may not be revised. WCDA has the right not to fund a draw or issue IRS form(s) 8609 if the project is not progressing or has not been completed according to the original application. However, WCDA may ask for additional information and updates as needed.

In addition, projects requesting tax credits from the non-profit set-aside need to submit a Non-Profit Certification (See Application Exhibit A-4) as to the non-profit's involvement in the project. This certification must be submitted with the application and updated annually throughout the compliance period.

WCDA reserves the right to reject an application, or assess negative points, if there are outstanding non-compliance issues, or if an applicant has a history of poor performance, under any program administered by WCDA, or under comparable programs in other states.

III. SET-ASIDES

Tax Credit Program

Non-Profit Set-aside. Ten percent (10%) of the total annual credit available is required to be set aside for projects in which 501(c)(3) and 501(c)(4) non-profit organizations materially participate in the development and management of the project. In the event that funds in the Set-Aside pool have been exhausted, applicants requesting an allocation under a specific set-aside will compete in the open pool. See Current Year Summary Attachment "A".

HOME Program

It is anticipated that the HOME Program will have \$3.5 million in funding available on an annual basis. For actual funding levels, see Current Year Summary, Attachment "A".

Direct Administration Category – WCDA Approximately \$2,300,000 will be set-aside in this category for Rental Housing Production, Homeownership and Homeowner Rehabilitation programs. These will be distributed through a competitive application process. If through this process, not all of the funds are allocated in the specified funding cycles, WCDA will allocate them to eligible projects through a second competitive application process or to projects meeting the minimum ranking criteria on a first-come, first-served basis depending on the amount of available funds.

Small Project Opportunities Program. Approximately \$150,000 will be set-aside in the "Small Project Opportunities" program. This category allows for-profit or non-profit developers to request funds for rehabilitation of existing properties, throughout the year on a first-come, first-serve basis. The program encourages rehabilitation of existing rental housing stock in projects of one-to- four units, with preference given for vacant units. The maximum per unit subsidy under this category is \$12,500, with a 5 to 8-year affordability period. If it does not appear that all funds under this set-aside will be committed to projects before September 1st of each year, the funding may revert to the Administration and Contingency Reserve for use in other projects.

Community Housing Development Organizations (CHDOs) - Approximately \$525,000, fifteen percent (15%) of the Fiscal Year HOME funding allocation will be set aside for CHDO's. Applications will be accepted from certified CHDO's through a competitive application process, and then on a first-come, first-serve basis to projects meeting the minimum ranking criteria until all funds are allocated to eligible projects. Ten percent (\$52,500) of this set aside may be available to CHDOs for Project Specific Technical Assistance and Site Control Loans.

CHDO General (not project) Operating costs and Capacity Building Reserve – Approximately \$175,000 will be set-aside in this category. CHDO's may apply to WCDA on an annual basis, prior to September 1st of each year, for Operating Costs and/or Capacity building funds. If it does not appear that all funds under this set-aside will be committed to projects by September 1st of each year, the funding may revert to the Administration and Contingency Reserve for use in other projects.

Administration and Contingency Reserve - Approximately \$350,000 (10%) of the HOME funding allocation will be set aside for this account. WCDA Administrative costs, and a reserve for project over-runs that cannot be met from other funding sources, are all authorized uses for this set-aside.

IV. INITIAL ALLOCATION PROCESS

WCDA will review all applications in each cycle for completeness and eligibility based on federal requirements. Applications will be selected for initial allocation based on the selection criteria outlined in this Allocation Plan. Preference will be given to those projects demonstrating need and quality of construction, serving (1) the lowest income occupants and (2) qualified households for the longest periods.

Applications for initial allocation of Tax Credits and HOME funds may be submitted in the Initial Allocation Cycles outlined in the Current Year Summary Attachment "A".

An initial allocation fee equal to 3% of the annual **Tax Credit** amount approved by WCDA will be required at time of initial allocation. Projects utilizing tax-exempt financing will be required to pay a 3% commitment fee upon issuance of the intent letter. The initial allocation and commitment fees may be subject to change at a later date. There is no initial allocation fee for projects that apply for **HOME** funds only.

WCDA reserves the right not to allocate Tax Credits or HOME funding for any project, regardless of ranking under the project selection criteria, if it determines that an initial allocation for such project does not further the purpose and goals set forth in this plan. WCDA may recapture credits from defunct projects after providing notice and conducting an administrative hearing.

WCDA reserves the right to allocate all or a portion of the available Tax Credits or HOME funds in any of its funding cycles. WCDA reserves the right to issue reservations for future year Tax Credit allocations.

The purpose of the Initial Allocation Cycles is to enable WCDA to competitively review applications and to award Tax Credits and/or HOME funds to those projects that most aggressively address the selection criteria. If all of the state's annual credits and/or HOME funds are reserved after a particular cycle, remaining applications will be placed on a prioritized, based on score, waiting list for review in the event credits or funds become available at a later date. No waiting list will be carried past the calendar year end.

WCDA may rescind a Tax Credit or HOME Initial Allocation if it is determined that the developer or other key participants have other projects that are not progressing in a reasonable time frame as determined by WCDA in its sole discretion.

If there are insufficient Tax Credits or HOME funds remaining to allocate the minimum necessary to make the next project feasible, WCDA may award Tax Credits or HOME funds to the next highest scoring project for which the available Tax Credits or HOME funds are sufficient to meet that project's needs.

In general, federal law mandates that a Final Tax Credit allocation be made not later than the close of the calendar year in which a qualified building is placed in service. WCDA may make a carryover allocation of credits to a project which has incurred at least 10% of its reasonably expected costs in the project as described in this plan in Section VIII Evaluation & Allocation.

Tax Credit Initial Allocations and HOME fund Initial Allocations are NOT transferable. Once an Initial Allocation is granted, the project (as presented in the application, including but not limited to the project OWNER and other participating parties) may not be changed in any way without WCDA's prior written consent.

V. INITIAL ALLOCATION CRITERIA

Proposed projects will be ranked based on primary and secondary criteria. Where an applicant's Market Study differs from the current economic statistics available to WCDA, the project may be ranked using the most significant data available to WCDA. Although projects may rank, WCDA reserves the right to add financial and other concerns to the Initial Allocation Document, which it may have for the long-term viability of the project.

More restrictive codes or regulations may be required by local cities, counties or towns, but in no case may new construction projects (and to the maximum extent feasible for rehabilitation projects) fail to meet UBC, MEC, and ADA.
- b. **CONSTRUCTION STANDARDS EXCEEDED** - To obtain additional points, applications must clearly demonstrate that the project undisputedly exceeds the minimum specified in Section 2, "a". The project may receive up to an additional 115 points in this area (See Current Year Summary Attachment "A" Item "6" for more information on this category).

VI. MAXIMUM ALLOCATIONS

WCDA in its sole discretion reserves the right to limit funding to 60% of available credits or HOME funds to any one project. WCDA reserves the right to redirect funds within a project between HOME and Tax Credits, which best utilizes the available resources.

Federal law mandates that, although a proposed development may be eligible for a 9% or a 4% tax credit amount, WCDA may not allocate more credit than is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the compliance period. Accordingly, WCDA may designate a lesser amount of credits than otherwise permissible, as it solely determines.

Section 102(d) of the 1989 HUD Reform Act requires HUD to certify that any new or additional HUD assistance for a project is "not more than is necessary to provide affordable housing" after taking into account any other governmental support. Therefore, WCDA reserves the right to disclose a project's application information to appropriate Federal, State or Local authorities and take the necessary actions to accomplish the intent of the subsidy layering rules. WCDA does not perform the Subsidy Layering Review. Projects needing the Subsidy Layering Review must be submitted to HUD.

WCDA will evaluate each proposed Tax Credit project's financial feasibility and its viability at three different times; time of application, time of allocation, and the date the building is placed in service. This financial evaluation will take into consideration:

- A. Sources and uses of funds; (Rural Development equity requirements must be listed and included in the Sources of Funds.)
- B. Total financing planned for the project;
- C. Proceeds expected to be generated from the sale of tax credits;
- D. Annual operating expenses;
- E. Debt coverage ratio;
- F. Vacancy rate;
- G. Total project costs;
- H. Any other relevant factors.

HOME funding is evaluated in much the same manner as Tax Credits (with the exclusion of item C. above). This evaluation occurs at the time of application and continues during the course of project construction.

VII. LIMITATIONS AND REQUIREMENTS

All projects must adhere to the following limitations and/or requirements:

- A. All Projects must provide a Narrative as outlined in the Current Year Summary Attachment “D-1”.
- B. WCDA reserves the right to negotiate lower Developer and Builder fees on projects when there is an identity of interest among parties.
- C. Quarterly progress reports must be filed with the WCDA outlining progress toward completion. These reports must be received by the 1st day of March, June, September, and December, until 8609’s are issued (for Tax Credits) or HOME project completion reports have been completed.
- D. Participating parties must demonstrate adequate experience and capacity to perform the duties in which they are applying for funds, both in Project Development and Property Management. The purpose of requiring experience is not to deter newcomers to the program, but rather to encourage partnerships with experienced participants.
- E. All parties must sign a release form allowing WCDA to check their references.
- F. All projects must meet or exceed the Minimum Specifications as published in the Current Year Summary Attachment “A”. Tax Credits and/or HOME funds may be pulled if any violations are found and the participants may be banned from participating in the program.
- G. At final application the architect (if utilized) and the developer must sign a certification and acknowledgement that the project meets or exceeds all specifications, and they have read and understand consequences of violating these minimums. (See Current Year Summary Attachment “B”)
- H. Copies of Federal Cost Certifications for Rural Development, FHA, and Tax-Exempt financed projects must be submitted at final cost certification.
- I. All projects requesting credits that exceed the Total per unit Eligible Basis published by WCDA in the Current Year Summary Attachment “A”, must include documentation, satisfactory to WCDA, justifying the higher costs, and thus the higher Eligible Basis. (E.g. Three or more bids for construction items, current Real Estate listings for like properties in the area, impact on the community, etc.)
- J. Project Design and Materials must comply with all applicable codes, rules and regulations, including but not limited to; zoning, building, and energy codes, accessibility requirements, and other local, state and federal requirements. At a minimum, all new construction projects must meet a national building code (UBC, CABO, or BOCA), must meet the Model Energy Code, and must meet Accessibility Requirements under ADA. More restrictive codes or regulations may be required by local cities, counties, or towns, but in no case may new construction projects fail to meet UBC, MEC and ADA.

VII. LIMITATIONS AND REQUIREMENTS (Cont.)

All **Rental** projects must adhere to the following limitations and/or requirements:

- A. When underwriting a project, the Maximum annual operating expenses will be limited as published in the Current Year Summary Attachment "A".

- C. When underwriting a project, the vacancy rate shall not to exceed 5%.
- D. Operating Reserves to be equal to four months of projected operating expenses, plus debt service payments, and annual reserve payments. The initial Operating Reserves may be provided in the form of a guaranty from a source acceptable to WCDA, but must be fully capitalized by the project within 36 months of being placed in service. Operating reserves in excess of four months will not be considered when calculating eligible basis or performing the gap calculation.
- E. When underwriting a project, replacement Reserves must equal a minimum of \$200.00 per unit annually for New Construction and \$300.00 per unit annually for rehabilitation developments.
- F. Preference must be given to individuals and families on the public housing waiting lists, and projects must commit to limiting the gross rent accepted from all sources to not exceed the maximum as presented in the application.
- G. Rental Rehabilitation projects
 1. Rehabilitation projects must have a minimum expenditure of fifteen thousand dollars (\$15,000) of actual rehabilitation hard costs per unit in Life, Safety, Health, or Code Requirements which includes required major systems repairs or replacements of
 - Electrical
 - Heating
 - Roofing
 - Foundation/Structural
 - Major energy upgradesCreation of additional units and/or common space (i.e. community room, laundry room, or an office) is considered new construction, not rehabilitation.
 2. No more than 30% of rehabilitation costs can go for required General Property Improvements, (non-Life, Safety, Health, or Code Requirements).
 3. A Capital Needs Assessment must be provided at time of application (including an Economic Feasibility Assessment of Expenses), stating the viability and long term feasibility of the project.
 4. The acquisition price on which Housing Credits are allocated will be limited to the appraised value of the property prior to rehabilitation.

VII. LIMITATIONS AND REQUIREMENTS (Cont.)

All **HOME Program** projects must adhere to the following limitations and/or requirements:

- A. Projects must be prepared to provide WCDA environmental letters as outlined in the Current Year Summary Attachment D-2,
- B. Homeowner Rehabilitation projects must request reimbursement from WCDA at a minimum on a quarterly basis.

VII. LIMITATIONS AND REQUIREMENTS (Cont.)

All **Tax Credit** projects must adhere to the following limitations and/or requirements:

- A. For Tax Credit projects, owners must have appropriate title to the Real Property at time of Carryover/10% Test and must submit documentation of such with the Carryover/10% Test Package.
- B. IRS Rules and Regulations outline costs, which are not allowed in Eligible Basis. In addition to those, WCDA does not allow the following costs in Eligible basis:
 - 1. Appraisals
 - 2. Construction interest after the Placed in Service Date
 - 3. Demolition
 - 4. Off-site Improvements
 - 5. Donated Services (such as cost reductions for HOME Match). Donated Services are also not included in the Gap calculation for total costs or sources of funds.
- C. Tax Credit projects submitted with a syndication rate below the published tolerance level in the Current Year Summary Attachment "A", will be underwritten at the average rate published.
- D. Extended Initial Compliance Period - Federal law requires a 15-year initial low income use and a 15 year extended use period with an option to sell the project at the end of the initial period. WCDA requires the initial compliance period to be a minimum of 20 years, unless converting to Homeownership as outlined in the federal statute and this Allocation Plan. Projects requesting credits that exceed the total per unit Eligible Basis published by WCDA in the Current Year Summary Attachment "A", must score a minimum of 35 points in the Extended Use Category.
- E. Violations of the WCDA Restrictive Land Use Covenant are considered non-compliance issues and reportable to the IRS. (See Compliance Monitoring Package)
- F. Developer fees will be limited to no more than 15% of development costs. Development costs are defined as total project costs minus all acquisition costs, off-site improvement costs, developer's fees, syndication costs, reserves and consultant's fees. (Total Project Costs are out of pocket money and do not include donated services, donated materials, and/or waived fees.) Special Consideration may be given for project size, project characteristics, and/or project location.

- I. If combining Tax Credits with the HOME Program, debt service on the HOME funds must start no later than one year after the date the project is Placed-In-Service.

VIII. EVALUATION & ALLOCATION

Tax Credit Program

In addition to adopting a qualified allocation plan, housing credit agencies must also evaluate each Tax Credit project to insure that the project receives only the amount of credit necessary to assure project feasibility and viability throughout the credit period. Therefore, evaluations will be performed by WCDA at the following times: 1) when the application is received, 2) when the 10% test has been satisfied and an application for Carryover Allocation is made, and 3) when the project is placed-in-service and an application for Final Allocation is made.

WCDA will make allocations of tax credits at the time an eligible project or portion of a project, which has received an Initial Allocation, is placed-in-service (available for rental occupancy), or when an application has been received, reviewed, and approved for an Initial Allocation.

The Tax Credit amount allocated is based on WCDA's determination of the qualified basis for the project or portion of the project. A Cost Certification, a certification of sources of funds (financing, grants, etc.), the amount of funds received from the syndication of the credits, and the percentage of the housing credit dollar amount used for project costs other than the costs of intermediaries, by an independent qualified professional is required for a Carryover/10% Test Allocation (See Carryover/10% Test Allocation Package) and a Final Allocation (See Final Allocation Package of Tax Credits).

The Tax Credit allocation may be reduced to comply with federal law based on WCDA's final review of the project.

WCDA will provide a Carryover/10% Test Allocation package to applicants upon request. Carryover/10% Test allocations may be requested as soon as an eligible project has met the 10% requirement. Projects requesting a Carryover/10% Test Allocation, which received an Initial Allocation before July 1st, must submit an Application for Carryover/10% Test to WCDA not later than December 1 of the applicable year. Projects that received an Initial Allocation on or after July 1st will have six months from the date of Initial Allocation to expend an amount equal to at least 10 percent of the reasonably expected basis in the building, and submit an Application for Carryover/10% Test to WCDA not later than 30 days after the expiration of the 6 month time period. Projects may be assessed a penalty-fee of 3% of the Annual Tax Credit amount for Carryover/10% Test Allocation packages received after the deadline. WCDA may establish different deadlines prior to year-end for allocation requests in order to permit timely processing of documents.

WCDA will provide a Final Allocation package to applicants upon request. Final allocations may be requested as soon as an eligible building is placed-in-service. Applications for Final allocation must be received by WCDA not later than December 1 of the applicable year. Projects may be assessed a penalty-fee of 3% of the Annual Tax Credit amount for Final Allocation packages received after December 1. WCDA may establish different deadlines prior to year-end for allocation requests in order to permit timely processing of documents.

Applicants must be current on all fees before IRS form 8609 will be issued.

1. Problem to be solved.
2. Completely describe the proposed program activities: Does the project involve the use of existing property; is the property privately or publicly owned; standard or substandard; occupied or vacant? For special needs housing projects, describe in detail the services that will be provided or coordinated for the property's residents and how client outreach will occur. Describe how the housing units and/or services proposed will be marketed to eligible participants and what kind of screening procedure, if any will be used. Outline the relationship of this proposal to established local housing and community development plans, policies, and strategies and cite date of adoption. Provide any evidence of local support that will add to the assurance of successful program implementation. Describe any known opposition to this proposal. Give enough detail to clearly illustrate all activities associated with the proposed project.
3. State the number of persons who will benefit and their income levels. (Indicate data sources.)
4. State the percentage of the funds that will benefit low income and very low-income households.

B. A Study of Needs - (Indicate data sources.)

Given the nature of the proposed project, provide as much measurable/objective information as needed to adequately describe the problem or need this project is designed to address. Describe the target population and discuss the magnitude and duration of the problem and its impact on the target population and the community-at-large. Examples of data that may be used are housing needs studies, the State's Consolidated Plan for Housing and Community Development, condition surveys, market studies, agency service records, census data, and information from local housing and community development plans.

Data used to support an application must be cited in the application. Applicants may use data derived at the city or county level if they can satisfy WCDA that the data is accurate and will not give the applicant an unfair advantage over other applicants. The methodology used, sample size, data sources, etc., must be submitted to WCDA with the application if other than federal or state information is used.

C. MATCH REQUIREMENTS - list your match sources for HOME funds.

Match funds are the local contribution to the partnership. 25% of the HOME dollars requested must be matched with non-federal funds.

1. The match obligations can be met with:

- Cash from a non-federal source
- Value of waived taxes, fees or charges
- Value of donated land or real property
- Cost of infrastructure improvements associated with HOME projects
- Below market interest rate loans.
- Banked Match from WCDA (this is not actual cash)

Owner's cash or equity in the project is not an eligible source of match.

D. LEVERAGING: List and describe all resources that will be leveraged by the requested HOME and Tax Credit funding.

Describe and quantify all resources that will assist with project implementation and management. Include a discussion that identifies whether commitments are firm or tentative and when and under what circumstances tentative commitments will become actualized. Briefly describe the general terms and conditions of other sources and give their expiration date. Explain the organization's ability to access other funds or in-kind contributions and the overall attempts to obtain additional resources. For non-cash contributions, please detail how dollar amounts were calculated.

E. RESULTS: Describe the results you expect to achieve.

Explain how the proposed activities are directly related to the problem and need described and what the anticipated direct and indirect results of the program will be. Include information on length of commitment to the original target population, the continued affordability of the assisted housing in terms of monthly rent or mortgage costs, and other program results that help illustrate the overall benefit of the proposal. If permanent or temporary displacement or relocation will occur, describe the process used for relocation, the availability of comparable replacement units, and how and with what source these activities will be funded. Quantify whenever possible.

Dear John,

_____ is conducting the Environmental Review Process under the HOME Investment Partnerships Program (24 CFR Part 92). Please review the following project to determine if it has an impact under the following areas:

1. The National Historic Preservation Act of 1966 as amended (16 U.S.C. 470 et seq.), particularly sections 106 and 110 (16 U.S.C. 470 and 470h-2), or
2. Executive Order 11593, Protection and Enhancement of the Cultural Environment, May 13, 1971, (36 FR 89210, 3 CFR 1971-1975 Comp., p. 559, particularly section 2(c), or

Proposed Project: The Courtyards at Sheridan. The New Construction of 60 multi-family affordable housing units dispersed throughout 10 buildings. The site will be located at Terra Avenue east of Sheridan Avenue in the City of Sheridan Wyoming. The site's most recent use appears to have been uncultivated farm land, and prior to 1994 was used for agricultural and stock purposes. Currently the site is not accessible. Entrance into the lot may be accomplished once Sheridan Avenue is extended to Brundage Lane. The extension should be completed in 2001.

Project Legal Description: Make sure legal includes township, range and section numbers. Lot 1, Riverside Industrial Park, Second Addition, a subdivision in Sheridan County, Wyoming, as filed in Drawer R, Plat #32, in the office of the County Clerk of Sheridan County, Wyoming. A

portion of Paradise Hills Addition according to the official plat recorded 10 September 1981 in Book 3 of Plats, page 135 of the records of Campbell County, Wyoming, and more particularly described as follows: A tract of land located in the NW ¼ NW ¼ Section 23, Township 50 North Range 72 West of the 6th Principal Meridian, Campbell County, Wyoming.

Conclusions:

Our opinion is that this project's, site has little opportunity to provide cultural or historical findings and that **no impact is anticipated**. All contractors will be instructed to be aware that if any cultural materials are discovered during construction, work in the area would halt immediately and the HUD staff and SHPO staff will be contacted immediately.

Proposed Project: The Courtyards at Sheridan. The New Construction of 60 multi-family affordable housing units dispersed throughout 10 buildings. The site will be located at Terra Avenue east of Sheridan Avenue in the City of Sheridan Wyoming. The site's most recent use appears to have been uncultivated farm land, and prior to 1994 was used for agricultural and stock purposes. Currently the site is not accessible. Conclusions:

It is our opinion that the project is:

- not in a floodplain area,
- will not modify any base 100 year floodplain hazard area,
- is not in an airport runway clear zone at a civil airport or within a clear zone or accident potential zone at a military airfield,
- does not affect any prime and unique farmland or other farmland of statewide or local significance,
- acceptable noise levels will not be exceeded as the project is not within close proximity to a farmland, highway, railroad or airport,
- there are no hazardous conditions known that would impact the proposed housing units.

Further, the project will utilize the City water system, which does not obtain its water from a Sole Source Aquifer, thus it is our opinion the project will have No Adverse Impact on any Sole Source Aquifers. Please review and provide concurrence if applicable.

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME)

For Federal Fiscal Year 2002, the State of Wyoming through the Wyoming Community Development Authority (WCDA) is **anticipating** a \$3,500,000 allocation of HOME funds. In an effort to quickly allocate HOME funds prior to the construction season, WCDA's application period for HOME funding runs prior to WCDA's receipt of HOME funds from HUD. Therefore no funding can be allocated until after WCDA signs a HOME contract with HUD. The final allocation may be different from the anticipated amount of \$3,500,000.

1. EXECUTIVE SUMMARY

The HOME Program was created under Title II (the Home Investment Partnerships Act) of the National Affordable Housing Act of 1990. The general purposes of HOME include:

- Expansion of the supply of decent and affordable housing, particularly rental housing, for low and very-low-income Americans.
- Strengthening the abilities of State and local governments to design and implement strategies for achieving adequate supplies of decent, affordable housing.
- Extending and strengthening partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in the production and operation of affordable housing.

HOME provides funding to meet both the short-term goal of increasing the supply and availability of affordable housing and long-term goals of building partnerships between State and local governments, private and non-profit organizations, while strengthening their capacity to meet the housing needs of low and very low-income residents.

For FY 1994 and subsequent years, there are match requirements that must be met under the HOME Program. Matching funds are the local contribution to the partnership. Match obligations must be met in the fiscal year they occur.

The State of Wyoming **anticipates** receiving an annual allocation in HOME funds of approximately \$3,500,000. See the WCDA Affordable Housing Allocation Plan, Attachment A for actual funding levels. These HOME funds will be allocated to local governments, Community Housing Development Organizations (CHDOs), Public Housing Authorities, Non-profit Organizations and for-profit developers of Low-income housing as described below. All projects outside of Casper and Cheyenne must be developed pursuant to the State's Consolidated Plan for Housing and Community Development. Casper and Cheyenne projects must be developed pursuant to their respective local Consolidated Plans. Projects located in entitlement cities

2002
Current Year Summary

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

(Cheyenne and Casper) must have a current letter of consistency with the Consolidated Plan from the appropriate Jurisdiction. Projects located in non-entitlement cities (everywhere except Cheyenne and Casper) must have a current signed letter of support from the appropriate Jurisdiction.

HOME funds must be spent quickly. The time frames for committing and expending funds are very short. From the time WCDA signs a HOME Investment Partnerships Agreement for HOME funds with the Department of Housing and Urban Development, the following time frames apply:

CRITICAL TIME-FRAMES

- 24 months to enter into written agreements with an Owner/Developer to reserve HOME funds.
- 24 months to commit funds in the HOME IDIS System for specific projects.
- Five years to actually expend funds.

2. ELIGIBLE PROGRAM BENEFICIARIES

The HOME Program beneficiaries are homeowners, homebuyers and tenants with very-low and low-incomes. No HOME funds can be used to benefit property owners or tenants with gross annual incomes greater than 80 percent of HUD's median income. Specific participant eligibility criteria vary depending upon the category of assistance being provided. Program Beneficiary Requirements will be defined within each eligible category listed below.

3. DISTRIBUTION OF FUNDS

The State of Wyoming, through the Wyoming Community Development Authority, will use HOME funds for the following major activities:

a. Rental Housing Production

1. Rehabilitation
 - Rehabilitation
 - Conversion
 - Reconstruction
 - Rehab and refinance
2. Acquisition and/or Rehabilitation
3. New Construction

b. Homeowner Rehabilitation

1. Rehabilitation
2. Rehabilitation and refinance

c. Homeownership Opportunities

1. Subdivision development pass-through
2. Interest Rate Buydown
3. Down Payment/Closing Cost Assistance
4. Acquisition of new or existing homes
5. Bridge Loans/Construction loans
6. Lease-purchase programs

4. RENTAL HOUSING PRODUCTION PROVISIONS

There are three important things to remember about HOME assisted Rental Housing:

- Rents are **strictly** controlled
- Tenants must be low-income. In fact, most tenants in HOME assisted units must be very low-income.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

- Both occupancy and rents must be maintained and monitored for a minimum affordability period of 5 to 20 years depending upon the amount of HOME funds provided per unit and the type of project (new or existing). Actual project affordability may exceed 20 years.

Both the rent and income targeting requirements are enforced by deed restrictions and specify remedies for breach of the provisions.

a. ELIGIBLE PROPERTY TYPES

- One or more buildings on a single site that are under common ownership, management and financing.
- Scattered sites are eligible as one project as long as the sites are under common ownership, management and financing, and receive HOME assistance as part of a single undertaking.
- There are no limits on the number of units per project.
- There are no preferences for unit size and style except for what is identified in the applicable Consolidated Plan.
- Properties may be privately or publicly owned.

b. INITIAL HOME RENTS

Every HOME assisted unit is subject to rent controls designed to make sure that rents are affordable to very low-income households. These maximum rents may be referred to as HOME RENTS. HOME RENTS are subject to change annually and will be made available to applicants by WCDA.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

LOW HOME RENT - 100% of HOME assisted units must have rents that are at or below the LOW HOME RENT. This requirement may be modified on a case by case basis at the discretion of WCDA and within the limits of the Federal Regulations.

The Low Home Rent is the lower of the 50% rent limit and the Fair Market Rent as shown in the Current Year Summary Attachment "C" Item "2".

The maximum allowable HOME RENTS must be reduced if the tenant pays for utilities. Utility adjustments are made in accordance with the utility allowances prepared by the local Public Housing Authority. Utility adjustments proposed by owners/developers for specific projects must be approved by WCDA.

c. AFFORDABILITY PERIOD

HOME assisted **Rental** units are rent controlled for varying lengths of time depending upon the average amount of HOME funds invested per unit:

<u>RENTAL HOUSING ACTIVITY</u>	<u>PER UNIT HOME \$</u>	<u>MINIMUM AFFORDABILITY PERIOD</u>
Rehab or Acquisition of Existing	<\$15,000/unit	5 years
	\$15,000 - \$40,000	10 years
	>\$40,000	15 years
New Construction	all amounts	20 years

Maximum monthly rents and utility allowances must be recalculated annually by the owner. They are reviewed and approved by WCDA. Rent increases may be permitted, but tenants must be given at least 30 days written notice before increases are implemented. Any increases are also subject to other provisions of the lease agreements and subject to approval by WCDA.

d. OCCUPANCY OF HOME ASSISTED RENTAL UNITS

There are two Federal constraints on occupancy:

1. **INCOME TARGETING:**

90% of the units assisted with HOME Funds for rental housing must be used to assist tenants who have annual incomes that are 60% or less of the area median income. The remaining of dwelling units assisted with such funds may be used to assist families with household incomes between 60% and 80% of median.

2. **PROJECT REQUIREMENT:**

In projects with five or more rental units, or in the case of an owner of multiple one or two unit projects with a total of five or more rental units, not less than 20% of the rental units must be occupied by very low-income families bearing rents not greater than the low-income rents determined by HUD, less any tenant paid utilities.

Owners of rental housing funded with HOME funds are required to have a written occupancy policy in place prior to the occupancy of HOME-assisted units. This policy should outline who is eligible for the units and be consistent with Fair Housing Laws. The HOME regulations list a number of prohibited lease provisions and some required lease provisions with which owners should become familiar. WCDA has a Suggested Occupancy Policy and a list of these provisions that owners can adapt for their project.

e. DETERMINING THE INITIAL INCOME ELIGIBILITY OF HOME TENANTS

The income of each tenant must be determined initially in accordance with 24 CFR 92.203. One of the following three definitions of "annual income" must be used:

1. Annual Income as defined under the Section 8 Housing Assistance Payments programs in 24 CFR Part 5.609.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

2. Annual Income as reported under the Census long-form for the most recent available decennial Census.
3. Adjusted Gross Income as defined for purposes of reporting under IRS Form 1040 for individual Federal annual income tax purposes.

For most projects, WCDA will require the definition of Annual Income as defined under Section 8 Housing Assistance Payments Program (HAP)(24CFR Part 5.609).

Initial income determination will require third party verification. Verification information may not be more than six months old. WCDA will require that the owner have written verification of current income on file for each tenant.

f. ANNUAL RECERTIFICATION OF INCOME

The annual incomes of tenants in HOME projects must be re-examined each year during the period of affordability. The project owner must re-examine each tenant's annual income in accordance with one of the following three options:

1. Examine third party source documents evidencing annual income.
2. Obtain from the family a written statement of the amount of the family's annual income and family size, along with a certification that the information is complete and accurate.
3. Obtain a written statement from the administrator of a government program under which the family receives benefits and which examines each year the annual income of the family. The statement must indicate the tenant's family size and state the amount of the family's annual income.

WCDA will require that the owner of HOME assisted rental units report at least once a year on the annual income of all tenants.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

g. INCREASES IN TENANT INCOME

Tenants occupying HOME assisted units whose annual incomes exceed 80% of median (that is, they are no longer low-income) may stay in their HOME assisted apartments. Over income tenants (those who no longer qualify as low income) in HOME assisted units must pay no less than 30% of their adjusted monthly income for rent and utilities. Adjusted income is calculated according to the rules for the Section 8 Program. In general, adjustments are made by deducting from the annual income certain allowances.

For rental housing with Low-Income Housing Tax Credits and for units under local rent controls, when a tenant's income increases above 80 percent of the area median income, that tenant's rent will not have to be adjusted to 30 percent of the family's income.

WCDA will review the owner's recertification of tenant income annually. WCDA will review rent and utility allowances annually. WCDA will perform on-site inspection for compliance with Section 8 Housing Quality Standards:

- Annually for projects with more than 25 units.
- Once every two years for projects containing 5 - 25 units
- Once every three years for projects containing 1-4 units.

WCDA will review the owner's compliance with Written Agreements annually.

h. ELIGIBLE ACTIVITIES FOR RENTAL HOUSING PRODUCTION

The following activities are eligible for rental housing production with HOME funds:

1. REHABILITATION -

- a. Rehabilitation of existing structures.
Rehabilitation and Refinancing to permit or continue affordability under 24 CFR 92.252.
 - (1) Rehabilitation must be the primary eligible activity requiring at least \$15,000 of required rehab. costs per unit.
 - (2) A review of the owner's management practices will be made in order to determine that disinvestment in the property has not occurred, that the long term needs of the project can be met and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated;
 - (3) The refinancing must be made for the purposes of maintaining current affordable units or creating additional affordable units.
 - (4) The minimum required period of affordability would be 15 years.
 - (5) Refinancing is an eligible activity throughout the State of Wyoming under the HOME Program.
 - (6) HOME funds cannot be used to refinance multifamily loans made or insured by any Federal program, including CDBG.
- b. Conversion - Conversion of an existing structure from an alternative use to affordable, residential housing is an eligible activity and is considered rehabilitation. If conversion involves additional units beyond the walls of an existing structure, the project will be deemed new construction.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

- c. Reconstruction - Reconstruction is defined as the rebuilding, on the same lot, of housing standing on a site at the time of project commitment. The number of housing units on the lot may not be decreased or increased as part of a reconstruction project, but the number of rooms per unit may be increased or decreased. Reconstruction also includes replacing an existing substandard unit of manufactured housing with a new or standard unit of manufactured housing.
2. ACQUISITION - Acquisition of an eligible property is eligible as part of a rental housing project.
3. NEW CONSTRUCTION - New Construction is an eligible use of HOME funds. New Construction is also defined as housing that has received an initial certificate of occupancy or equivalent document within a one-year period before the commitment of HOME funds to the project.

5. HOMEOWNER REHABILITATION

City or County governments, Public Housing Authorities, and non-profits may apply for HOME Funds for Homeowner Rehabilitation programs.

a. THE ELIGIBLE PROPERTY OWNER

The owner must have a gross annual income that does not exceed 80 percent of HUD's median income for the area. Third party written verification of income will be required. The owner must own the property. A family or individual owns the property if they: **1)** have fee simple title to the property; or **2)** maintain a 99 year leasehold interest in the property; or **3)** have ownership or membership in a cooperative; **and 4)** do not have any restrictions or encumbrances that would unduly restrict the good and marketable nature of the ownership interest. The owner must occupy the property as a principal residence.

Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

b. THE ELIGIBLE PROPERTY TYPE

An eligible property is any single family property, occupied as a principal residence by the owner in which the value of the property, after rehabilitation, does not exceed the FHA 203 (b) Single Family Mortgage limits in effect at the time of HOME funds commitment. See the WCDA Affordable Housing Allocation Plan, Current Year Summary Attachment "A", Item "9".

All properties must also meet HUD's site and environmental requirements summarized in Section 10.

6. HOMEOWNERSHIP OPPORTUNITIES

City or County governments, Public Housing Authorities, non-profits and for-profit developers may apply for the HOME funds for Homeownership programs. Homeownership programs may include Homebuyer Assistance, Subdivision Development pass-through funds, Acquisition and Rehab. programs, interest rate subsidy programs, lease-purchase programs, bridge loans or construction loans.

a. ELIGIBLE HOMEBUYERS

The homebuyer must have a gross annual income that does not exceed 80 percent of HUD's median income for the area. Third party written verification of income will be required. The homebuyer must be purchasing the property to occupy as their principal residence.

b. THE ELIGIBLE PROPERTY TYPE

Any single family property, occupied as a principal residence by the owner is eligible as long as the appraised value and purchase price at acquisition, if standard, or after any repair needed to meet property standards, must not exceed the FHA 203 (b) Mortgage limits for single family properties listed above. HUD site and environmental requirements must also be met as summarized in Section 10.

c. GUIDELINES FOR RESALE AND RECAPTURE

All communities and/or developers wishing to use HOME funds as second mortgages for Homeownership Projects will be required to adhere to the following recapture requirements:

All HOME funds must be recaptured if the house is sold prior to the end of the affordability period. The maximum amount of HOME subsidy per unit is \$20,000. These funds may be allocated as an amortizing loan or as a 2% deferred loan. The term of the loan should be for the period of affordability. If the house is sold prior to the end of the period of affordability, the HOME funds plus accrued interest must be paid in full.

If the net proceeds are not sufficient to recapture the entire HOME subsidy, WCDA may allow the subsidy to be reduced pro-rata measured against the time the borrower owned and occupied the residence in comparison to the required affordability period.

If the net proceeds are not sufficient to recapture the full HOME investment or a pro-rata share of the investment, WCDA may share the net proceeds as described in 24 CFR Part 92.254(a)(5)(ii)(A)(3). This will be determined on a loan by loan basis for all HOME Homeownership loans including HOME loans funded from prior years.

WCDA's preferred method of homeownership subsidy would be an interest subsidy which would be granted for the affordability period where the homeowner would benefit from the HOME funds monthly through an interest subsidy. An example of how this program will work is as follows:

- 1) Developer applies for HOME funds for subdivision development costs not to exceed more than \$20,000 per unit
- 2) As the homes are sold to eligible homebuyers, WCDA will require the HOME funds to be paid in full. This amount will then be used as an interest subsidy over the affordability period to bring the P&I payment down to what the developer had submitted in the application.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

- 3) When the homebuyer sells or transfers the home, fails to occupy the home or the first mortgage is foreclosed on the subsidy will stop. The homebuyer will have only been subsidized for the period of time he / she lived in the home. Any to the interest subsidy that has not been applied to the loan will revert back to the HOME Program as program income.
- 4) This type of subsidy will act as a month to month subsidy and will only be given to the homebuyer while they are living in the home. This will eliminate the problems encountered when trying to collect on a second mortgage if the homebuyer is foreclosed on or can't sell the home for the total amount owing on all mortgages.

Sample:

Developer applies for \$425,000 in HOME funds for subdivision development costs. The Developer's intention is to utilize the HOME funds for construction financing and then turn around and provide a soft second mortgage of \$17,000 on all 25 lots in this subdivision (\$425,000) as the homes are sold. WCDA would prefer that the \$17,000 be used as an interest subsidy as follows:

Conventional Program without subsidy:

Sales Price \$107,000
First Mtg. \$107,000 (6.25% for 30 years)
Monthly P&I payment – \$676.31

Soft Second Mortgage from the HOME funds:

Sales Price \$107,000
HOME Mtg \$ 17,000 (soft second for a term of at least 10 years)
First Mtg. \$ 90,000 (6.25% for 30 years)
Monthly P&I payment \$568.86

Past experience with this scenario is that it is difficult to recover the 2nd mortgage subsidy in the event of foreclosure or transfer of property. In most instances the property needs to increase in value significantly to be able to pay off the 1st mortgage the costs of sale or foreclosure and all of the 2nd mortgage. It is also a difficult program to explain to homebuyers.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

Interest subsidy preferred method:

Sales Price \$107,000
HOME Mtg \$ -0-
First Mtg. \$107,000 (5.75% for 14 years, and 6.25% in the 15th year to maturity)
Monthly P&I payment- \$574.40 for 14 years, \$676.31 for the 15th year to maturity

Buyer is only being subsidized for the time they are in the property. No problems with recuperating the funds that have not been used in the interest subsidy. Fourteen years of subsidy gives the borrower plenty of time to adjust to a payment that is \$102 more. The number of years over which the subsidy is provided will be the affordability period and will meet or exceed HUD's requirements for affordability under the Homeownership Regulations. Under most circumstances, WCDA will hold the first mortgage since the homebuyers will usually be first time homebuyers. WCDA will also service the first mortgage and can easily accommodate this type of transaction.

d. AFFORDABILITY REQUIREMENT FOR HOMEOWNERSHIP

The minimum period of affordability is:

\$0	- \$15,000 of HOME funds per unit	5 years
\$15,001	- \$20,000 of HOME funds per unit	10 years

Not more than \$20,000 of HOME funds will be allocated per unit.

e. LEASE PURCHASE

The home must be purchased within 36 months if a lease-purchase agreement in conjunction with a homebuyer program is used to acquire the housing.

7. ALLOCATION OF FUNDS

a. DIRECT ADMINISTRATION CATEGORY--WCDA

Approximately \$2,300,000 - available for Rental Housing Production, Homeownership and Homeowner Rehab. programs under which non-profit developers, for-profit developers, Local Governments, and public housing authorities may apply. Applications are anticipated to be accepted in February of each year. Projects are ranked competitively against the Ranking Criteria listed in the WCDA Affordable Housing Allocation Plan. For actual funding levels, see WCDA Affordable Housing Allocation Plan, Current Year Summary Attachment "A".

b. Small Project Opportunities Program (SPOP)

\$150,000 has been set-aside for rehabilitation of existing units throughout the year on a first-come first-served basis. The program encourages rehabilitation of existing rental housing stock in projects of one-to-four units. Vacant units will be a priority under this set-aside. The maximum HOME funds allowable under this sub-category will be 50% of the rehabilitation costs not to exceed \$12,500 per unit. The project owner must have their own funds for half of the rehabilitation costs. Under this set-aside, HOME funds may **not** be used for acquisition. The minimum amount of HOME funds that may be expended is \$1,000 per HOME assisted unit meaning that there must be at least \$2,000 per unit of eligible rehab costs.

Tenants must be at or below 60% of HUD's median income as determined by family size Affordable Housing Allocation Plan, Current Year Summary Attachment "C". Rents are strictly controlled and the rent plus tenant paid utilities may not exceed the Low HOME Rent as shown in Affordable Housing Allocation Plan, Current Year Summary Attachment "C"

The affordability period for projects in this set-aside is 5 to 8 years depending upon the amount of HOME funds provided per unit. Housing that is rehabilitated with HOME funds must meet all applicable local codes, local rehabilitation standards and zoning ordinances.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

In absence of local codes, the properties must meet HUD Section 8 Housing Quality Standards.

WCDA will underwrite all projects to determine feasibility of the project in regards to rents, income of tenants and operating expenses and reserves. All projects must have reasonable operating proformas in order to be considered under this program. All federal requirements for HOME funding apply to this set-aside.

WCDA will not fund projects where the post-rehab value exceeds 105% Loan to Value. All applications must be submitted with a local government letter of support. Applications will be accepted at the opening of the HOME application period each year and will be available throughout the year until all funds are committed to projects. If it does not appear that all funds under this set-aside will be committed to projects before September 1st of each year, the funding may revert to the Administration and Contingency Reserve for use in other projects.

A separate application is available by contacting WCDA by phone or visiting our web site at www.wyomingcda.com.

c. CHDOs - COMMUNITY HOUSING DEVELOPMENT ORGANIZATIONS

Community Housing Development Organizations (CHDOs). Approximately \$525,000, fifteen percent (15%) of the Fiscal Year HOME funding allocation will be set aside for CHDO's. Applications will be accepted through a competitive application process during the initial application period at the beginning of each year. If funds are remaining, WCDA will open an additional competitive application process or, depending on the amount of remaining funds, accept applications on a first-come, first-serve basis to projects meeting the minimum ranking criteria until all funds are allocated to eligible projects. Ten percent of this set aside may be available to CHDOs for Project Specific Technical Assistance and Site Control Loans for items such as feasibility studies, consulting fees, architectural and engineering fees, etc. No administrative fees are eligible. For actual funding levels, see WCDA Affordable Housing Allocation Plan, Current Year Summary Attachment "A".

Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

d. CHDO General (not project specific) Operating Costs and Capacity Building Reserve

CHDO's may apply to WCDA on an annual basis prior to September 1st of each year for Operating Costs and/or Capacity Building funds.

A Certified Community Housing Development Organization (CHDO) may apply to WCDA for HOME funding for any fiscal year for organizational operating funds in an amount that provides not more than \$50,000 or fifty percent (50%) of the CHDO's organization's total operating expenses, whichever is less, in that fiscal year.

In order to receive CHDO operating funds a CHDO must:

- 1) a) currently have a CHDO allocation for housing that is to be owned, sponsored or developed by the CHDO, or
b) enter into a written agreement with WCDA that states the CHDO is expected to receive funds under the CHDO set-aside within 24 months of receiving funds for operating expenses
- 2) submit a Development Plan outlining the CHDO's housing projects, type of housing, number of units, and populations to be served, over the next 5 years
- 3) submit a timeline under which these projects will be developed
- 4) submit a list of anticipated funding sources for the projects in the Development Plan
- 5) submit a five year operating budget with all sources of operating income listed, designating which sources are firmly committed and which sources are tentative
- 6) submit a list of staff, experience of each staff member and their job description.

Applications will generally be accepted once a year and should be submitted to WCDA on or before September 1st. Allocations of Operating Funds are limited to a maximum of \$175,000 per year. Applications will be reviewed and funded according to the feasibility of the projects proposed in the Development plan and an assessment by WCDA staff of the CHDO's capacity to successfully complete the Development Plan.

e. ADMINISTRATION AND CONTINGENCY RESERVE -

Approximately \$350,000 (10%) of Fiscal Year HOME allocation will be set-aside for WCDA administrative costs, and for a reserve for project over-runs that cannot be met from other funding sources.

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

8. PROPERTY STANDARDS

Housing that is constructed or rehabilitated with HOME funds must meet all applicable local codes, rehabilitation standards, ordinances, and zoning ordinances at the time of project completion. In absence of a local code for new construction or rehabilitation, HOME-assisted new construction or rehabilitation must meet: as applicable, one of three model codes-- Uniform Building Code, National Building Code or Standard Building Code, or the Council of American Building Officials one or two family code, or the Minimum Property Standards in 24 CFR 200.925 or 200.926.

Newly constructed housing must meet the current edition of the Model Energy Code published by the Council of American Building Officials.

Since HOME regulations require that HOME-assisted units meet a minimum property standard, HOME funds **cannot** be used for emergency repair programs.

9. ELIGIBLE REHABILITATION COSTS

a. Development Hard Costs - The actual rehabilitation costs including:

- Costs to meet Section 8 HQS
- Costs to meet rehabilitation standards
- Essential improvements
- Energy-related improvements
- Costs to contain or abate Lead-based paint hazards
- Improvements for handicapped persons
- Repair or replacement of major housing systems in danger of failure
- Incipient repairs and general property improvements of a non-luxury nature

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

- b. Demolition Costs** when part of a rehabilitation project.
- c. Site improvements** and utility connections can be funded with HOME funds only when conducted in conjunction with HOME eligible activities.
- d. Related Soft Costs** - reasonable and necessary costs, including:
 - Architectural, engineering or related professional services (inspection, work write-ups) to a third party.
 - Financing costs such as loan points, credit and title costs, recordation fees, building permits, legal fees, appraisals, developer fees.
 - Relocation costs (permanent and temporary), affirmative marketing, and fair housing information services.

10. SITE REQUIREMENTS

HOME projects must be located on a site eligible for federal financial assistance. The types of items that are reviewed when looking at a site are listed below:

- The site's proximity to noise sources such as railroads, highways or busy streets, and airports or military airfields.
- The site and the project must have a clearance from the state historic preservation office.
- The site cannot be in a 100-year flood plain.
- Lead-based paint and asbestos are concerns and must be dealt with in accordance with HUD and state requirements.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

- The site's proximity (within 3,000 feet) to a hazardous waste site listed on the CERCLIS list.

- above ground storage tanks with hazardous materials visible from the site

WCDA will also do a site visit to determine the site's suitability for the type of housing being proposed. All funded projects will have to meet HUD's environmental review process. Site selection is extremely important and is part of the evaluation and ranking process.

11. ELIGIBLE FORMS OF FINANCIAL ASSISTANCE

- Interest-bearing loans
- Non-interest-bearing loans
- Interest subsidies that leverage other monies
- Deferred payment loans
- Forgivable loans
- Grants
- Alternative forms must be approved by HUD

12. MATCHING REQUIREMENTS

HUD requires that 25% of the HOME funds are matched by a non-federal eligible matching contribution. Matching funds are the local contribution to the partnership. Match obligations must be met in the fiscal year they occur.

a. Forms of matching contribution.

The match obligations can be met with:

- Cash from a non-federal source (**owner's cash is not eligible as match**)
- Value of waived taxes, fees or charges
- Value of donated land or real property

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

- Cost of infrastructure improvements not made with federal resources associated with HOME projects
- Proceeds from multifamily and single family affordable housing project bond financing validly issued by a State or local government or an agency or instrumentality of the State or local government
- Reasonable value of donated site-preparation and construction materials not acquired with Federal resources.
- Reasonable rental value of the donated use of site preparation or construction equipment
- The value of donated or voluntary labor or professional services
- The value of sweat equity
- The direct cost of supportive services provided to families residing in HOME-assisted units during the period of affordability
- The direct cost of homebuyer counseling services provided to families that acquire a property with HOME assistance

b. Size of the Match

Every HOME project requires a 25% match contribution meaning that 25% of the HOME funds in a project must be matched by non-federal funds. For FY 2002, applicants will only be required to provide a match of 4.5% because WCDA has been able to accumulate banked match over the past several years.

This also means there will not be WCDA Match Pool funding available for this year as there has been in previous years. However, if projects require an additional financing source, they may apply to WCDA for funding from the WCDA Housing Trust Fund.

c. Sources of Match

Match providers will include a wide array of local providers, both public and private. These may include:

- Local tax funded initiatives
- Tax assessing offices
- Water and sewer departments
- Streets and sidewalk departments
- Redevelopment agencies
- Public housing agencies
- State agencies
- State tax funded initiatives
- Charitable Organizations/Foundations
- Private sector organizations
- Lending institutions
- Corporate donations/commitments

13. DOUBLE DIPPING ON HOME ASSISTED PROJECTS

Except for the first year after project completion, no further HOME funds can be used during the relevant period of affordability. The period of affordability will vary depending on the type of HOME activity.

14. HOME INVESTMENT PER UNIT--Maximum/Minimum HOME Expenditure

The maximum, average subsidy per HOME assisted unit is established by HUD. Maximum Subsidy limits for Wyoming can be found in the WCDA Affordable Housing Allocation Plan Current Year Summary, Attachment A.

Only units receiving HOME monies are considered "HOME Assisted Units". HOME expenditure limits, rent and occupancy rules only apply to HOME Assisted Units.

Project developers using the **Federal Low-Income Housing Tax Credit** need to contact WCDA for special limitations when applying for HOME funds.

15. RESERVATION CRITERIA

See Affordable Housing Allocation Plan

16. POLICIES & PROCEDURES

a. AFFIRMATIVE MARKETING

It is the affirmative marketing policy of WCDA to inform the public, homeowners, landlords and potential tenants about the Federal Fair Housing laws and the affirmative marketing goals by:

1. Making this program available for public review. An overview of the marketing policy is included.
2. Upon qualification and selection of a HOME project, the owner will be notified of Equal Opportunity requirements.
3. All advertising and literature used for the HOME program will carry the Equal Housing Opportunity logo or slogan.
4. Copies of media releases, advertisements, and announcements where the HOME program was presented, will be maintained.

2002
Current Year Summary
ATTACHMENT "E" (cont.)

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

5. Affirmative marketing to the general public, landlords, tenants and homeowners will be done by the placement of Public Notices in the applicable local newspapers. The Casper Star-Tribune is considered the major Wyoming newspaper having statewide circulation.

As projects are completed, owners will send written notices containing information about the project (size of units, rent, etc.) to agencies such as the Department of Family Services and the local Salvation Army.

6. WCDA has prepared a Housing Guide that briefly describes WCDA's housing programs. This guide will be used to affirmatively market the HOME Program to the general public, tenants, and owners.
7. Throughout the year, WCDA has opportunities to affirmatively market the HOME Program on a statewide basis to realtors, lenders, and other housing and redevelopment officials at meetings and seminars in which WCDA participates.
8. Landlords will be advised that they must comply with Equal Housing Opportunity laws and their literature must contain the Equal Housing Opportunity logo. All projects will be required to display a fair housing poster when advertising vacancies. If it is found that a landlord is failing to follow the affirmative marketing requirements and blatantly ignoring fair housing laws, WCDA may enforce the default section of the HOME Agreement and Promissory Note.
9. If landlords are seeking tenants to fill vacant units, they will be provided assistance by WCDA in outreach methods for contacting groups and ethnic organizations to ensure equal access is provided. Landlords will be required to send written notices of vacancies to employment centers, places of worship or other community organizations that work with low-income persons.

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

10. Landlords of HOME assisted units will be required to keep records of families who apply for housing and document those cases where someone was denied housing. At a minimum, these records will contain data regarding income, family size, and minority status. Landlords will be required to keep copies of all media releases and advertisements for vacancies.
11. Any alleged housing discrimination complaints will be forwarded to the U. S. Department of Housing and Urban Development.
12. WCDA will monitor units of general local government to encourage their adoption of affirmative marketing procedures. On-site monitoring will be performed as required by HUD HOME Regulations.
13. Homebuyer Education Courses, made available through the Wyoming Partners in Homebuyer Education, will provide for a discussion of Fair Housing.

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) (cont.)

17. HOME PROGRAM DEFINITIONS

Adjusted Income

Adjusted income is used in HOME to compute actual tenant payment. for tenants who are required to pay 30% of their Adjusted Income for rent and utilities. Adjusted income is annual (gross) income reduced by deductions for dependents, elderly households, medical expenses, handicap assistance expenses and childcare.

Affordability

Affordability requirements are the HOME regulations at 24 CFR Part 92 that relate to the cost of housing both at initial occupancy and over established timeframes, as prescribed in the HOME Final Rule. Affordability requirements vary depending upon the nature of the HOME assisted activity (i.e. homeownership or rental housing; new construction vs. rehabilitation).

Annual (Gross) Income

The HOME Program allows for the use of one of three "Annual Income" definitions as described in Section 4 E. Annual Income is used for homeowner, homebuyer and tenant eligibility and targeting purposes.

Commitment

The written, legally binding agreement between the Participating Jurisdiction (or other entity) providing HOME funds to a project, and the project owner. Once a commitment occurs HUD expects construction to start or a purchase to occur within six months.

HUD recognizes the commitment when the project is entered in the Integrated, Disbursement and Information System.

§ 92.353 Displacement, relocation, and acquisition

- (a) *Minimizing displacement.* Consistent with the other goals and objectives of this part, the participating jurisdiction must ensure that it has taken all reasonable steps to minimize the displacement of persons (families, individuals, businesses, nonprofit organizations, and farms) as a result of a project assisted with HOME funds. To the extent feasible, residential tenants must be provided a reasonable opportunity to lease and occupy a suitable, decent, safe, sanitary, and affordable dwelling unit in the building/complex upon completion of the project.
- (b) *Temporary relocation.* The following policies cover residential tenants who will not be required to move permanently but who must relocate temporarily for the project. Such tenants must be provided:
- (1) Reimbursement for all reasonable out-of-pocket expenses incurred in connection with the temporary relocation, including the cost of moving to and from the temporarily occupied housing and any increase in monthly rent/utility costs.
 - (2) Appropriate advisory services, including reasonable advance written notice of:
 - (i) The date and approximate duration of the temporary relocation;
 - (ii) The location of the suitable, decent, safe, and sanitary dwelling to be made available for the temporary period;
 - (iii) The terms and conditions under which the tenant may lease and occupy a suitable, decent, safe, and sanitary dwelling in the building/complex upon completion of the project; and
 - (iv) The provisions of paragraph (b)(1) of this section.
- (c) *Relocation assistance for displaced persons.*
- (1) *General.* A displaced person (defined in paragraph (c)(2) of this section) must be provided relocation assistance at the levels described in, and in accordance with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA) (42 U.S.C. 4201-4655) and 49 CFR part 24. A "displaced person" must be advised of his or her rights under the Fair Housing Act and, if the comparable replacement dwelling used to establish the

Attachment "F" (cont.)

amount of the replacement housing payment to be provided to a minority person is located in an area of minority concentration, the minority person also must be given, if possible, referrals to comparable and suitable, decent, safe, and sanitary replacement dwellings not located in such areas.

(2) *Displaced Person.*

(i) For purposes of paragraph (c) of this section, the term displaced person means a person (family individual, business, nonprofit organization, or farm, including any corporation, partnership or association) that moves from real property or moves personal property from real property, permanently, as a direct result of acquisition, rehabilitation, or demolition for a project assisted with HOME funds. This includes any permanent, involuntary move for an assisted project, including any permanent move from the real property that is made:

(A) After notice by the owner to move permanently from the property, if the move occurs on or after:

(1) The date of the submission of an application to the participating jurisdiction or HUD, if the applicant has site control and the application is later approved; or

(2) The date the jurisdiction approves the applicable site, if the applicant does not have site control at the time of the application; or

(B) Before the date described in paragraph (c)(2)(i)(A) of this section, if the jurisdiction or HUD determines that the displacement resulted directly from acquisition, rehabilitation, or demolition for the project; or

(C) By a tenant-occupant of a dwelling unit, if any one of the following three situations occurs:

(1) The tenant moves after execution of the agreement covering the acquisition, rehabilitation, or demolition and the move occurs before the tenant is provided written notice offering the tenant the opportunity to lease and occupy a suitable, decent, safe, and sanitary dwelling in the same building/complex upon completion

of the project under reasonable terms and conditions. Such reasonable terms and conditions must include a term of at least one year at a monthly rent and estimated average monthly utility costs that do not exceed the greater of:

- (i) The tenant's monthly rent before such agreement and estimated average monthly utility costs; or
 - (ii) The total tenant payment, as determined under 24 CFR 5.613, if the tenant is low-income, or 30 percent of gross household income, if the tenant is not low-income; or
- (2) The tenant is required to relocate temporarily, does not return to the building/complex, and either
- (i) The tenant is not offered payment for all reasonable out-of-pocket expenses incurred in connection with the temporary relocation; or
 - (ii) Other conditions of the temporary relocation are not reasonable; or
- (3) The tenant is required to move to another dwelling unit in the same building/complex but is not offered reimbursement for all reasonable out-of-pocket expenses incurred in connection with the move, or other conditions of the move are not reasonable.
- (ii) Notwithstanding paragraph (c)(2)(i) of this section, a person does not qualify as a displaced person if:
- (A) The person has been evicted for cause based upon a serious or repeated violation of the terms and conditions of the lease or occupancy agreement, violation of applicable federal, State or local law, or other good cause, and the participating jurisdiction determines that the eviction was not undertaken for the purpose of evading the obligation to provide relocation assistance. The effective date of any termination or refusal to renew must be preceded by at least 30 days advance written notice to the tenant specifying the grounds for the action.
 - (B) The person moved into the property after the submission of the application but, before signing a lease and commencing occupancy, was provided written notice of the project, its possible impact on the person (e.g., the person may be displaced, temporarily relocated, incur a rent increase), and the fact that the person would not qualify as a "displaced person" (or for any assistance under this section) as a result of the project;

2002 Current Year Summary
Attachment "F" (cont.)

- (C) The person is ineligible under 49 CFR 24.2(g)(2); or
 - (D) HUD determines that the person was not displaced as a direct result of acquisition, rehabilitation, or demolition for the project.
- (iii) The jurisdiction may, at any time, ask HUD to determine whether a displacement is or would be covered by this rule.
- (3) *Initiation of negotiations.* For purposes of determining the formula for computing replacement housing assistance to be provided under paragraph (c) of this section to a tenant displaced from a dwelling as a direct result of private-owner rehabilitation, demolition or acquisition of the real property, the term initiation of negotiations means the execution of the agreement covering the acquisition, rehabilitation, or demolition.
- (d) *Optional relocation assistance.* The participating jurisdiction may provide relocation payments and other relocation assistance to families, individuals, businesses, nonprofit organizations, and farms displaced by a project assisted with HOME funds where the displacement is not subject to paragraph (c) of this section. The jurisdiction may also provide relocation assistance to persons covered under paragraph (c) of this section beyond that required. For any such assistance that is not required by State or local law, the jurisdiction must adopt a written policy available to the public that describes the optional relocation assistance that it has elected to furnish and provides for equal relocation assistance within each class of displaced persons.
- (e) *Residential anti-displacement and relocation assistance plan.* The participating jurisdiction shall comply with the requirements of 24 CFR part 42, subpart B.
- (f) *Real property acquisition requirements.* The acquisition of real property for a project is subject to the URA and the requirements of 49 CFR part 24, subpart B.
- (g) *Appeals.* A person who disagrees with the participating jurisdiction's determination concerning whether the person qualifies as a displaced person, or the amount of relocation assistance for which the person may be eligible, may file a written appeal of that determination with the jurisdiction. A low-income person who is dissatisfied with the jurisdiction's determination on his or her appeal may submit a written request for review of that determination to the HUD Field Office.

§ 92.354 Labor.

(a) *General*

- (1) Every contract for the construction (rehabilitation or new construction) of housing that includes 12 or more units assisted with HOME funds must contain a provision requiring the payment of not less than the wages prevailing in the locality, as predetermined by the Secretary of Labor pursuant to the Davis-Bacon Act (40 U.S.C. 276a - 276a-5), to all laborers and mechanics employed in the development of any part of the housing. Such contracts must also be subject to the overtime provisions, as applicable, of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327 - 332).
- (2) The contract for construction must contain these wage provisions if HOME funds are used for any project costs in § 92.206, including construction or non-construction costs, of housing with 12 or more HOME-assisted units. When HOME funds are only used to assist homebuyers to acquire single-family housing, and not for any other project costs, the wage provisions apply to the construction of the housing if there is a written agreement with the owner or developer of the housing that HOME funds will be used to assist homebuyers to buy the housing and the construction contract covers 12 or more housing units to be purchased with HOME assistance. The wage provisions apply to any construction contract that includes a total of 12 or more HOME-assisted units, whether one or more than one project is covered by the construction contract. Once they are determined to be applicable, the wage provisions must be contained in the construction contract so as to cover all laborers and mechanics employed in the development of the entire project, including portions other than the assisted units. Arranging multiple construction contracts within a single project for the purpose of avoiding the wage provisions is not permitted.
- (3) Participating jurisdictions, contractors, subcontractors, and other participants must comply with regulations issued under these acts and with other Federal laws and regulations pertaining to labor standards and HUD Handbook ~344.1 (Federal Labor Standards Compliance in Housing and Community Development Programs), as applicable. Participating jurisdictions must require certification as to compliance with the provisions of this section before making any payment under such contract.

2002 Current Year Summary
Attachment "F" (cont.)

- (b) *Volunteers.* The prevailing wage provisions of paragraph (a) of this section do not apply to an individual who receives no compensation or is paid expenses, reasonable benefits, or a nominal fee to perform the services for which the individual volunteered and who is not otherwise employed at any time in the construction work. See 24 CFR part 70.
- (c) *Sweat equity.* The prevailing wage provisions of paragraph (a) of this section do not apply to members of an eligible family who provide labor in exchange for acquisition of a property for homeownership or provide labor in lieu of, or as a supplement to, rent payments.

§ 92.355 Lead-based paint

Housing assisted with HOME funds is subject to the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821 *et seq.*) and 24 CFR part 35. The lead-based paint provisions of § 982.401~), except 24 CFR 982.4010)(1)(i), also apply, irrespective of the applicable property standard under § 92.251. In a project in which not all units are assisted with HOME funds, the lead-based paint requirements apply to all units and common areas in the project. Unless otherwise provided, the participating jurisdiction is responsible for testing and abatement activities.

§ 92.356 Conflict of Interest

- (a) *Applicability.* In the procurement of property and services by participating jurisdictions, State recipients, and sub-recipients, the conflict of interest provisions in 24 CFR 85.36 and 24 CFR 84.42, respectively, apply. In all cases not governed by 24 CFR 85.36 and 24 CFR 84.42, the provisions of this section apply.
- (b) *Conflicts prohibited.* No persons described in paragraph (c) of this section who exercise or have exercised any functions or responsibilities with respect to activities assisted with HOME funds or who are in a position to participate in a decision-making process or gain inside information with regard to these activities, may obtain a financial interest or benefit from a HOME-assisted activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds thereunder, either for themselves or those with whom they have family or business ties, during their tenure or for one year thereafter.
- (c) *Persons covered.* The conflict of interest provisions of paragraph (b) of this section apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the participating jurisdiction, State recipient, or sub-recipient which are receiving HOME funds.

2002 Current Year Summary
Attachment "F" (cont.)

- (d) *Exceptions: Threshold requirements.* Upon the written request of the participating jurisdiction, HUD may grant an exception to the provisions of paragraph (b) of this section on a case-by-case basis when it determines that the exception will serve to further the purposes of the HOME Investment Partnerships Program and the effective and efficient administration of the participating jurisdiction's program or project. An exception may be considered only after the participating jurisdiction has provided the following:
- (1) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and
 - (2) An opinion of the participating jurisdiction's or State recipient's attorney that the interest for which the exception is sought would not violate State or local law.
- (e) *Factors to be considered for exceptions.* In determining whether to grant a requested exception after the participating jurisdiction has satisfactorily met the requirements of paragraph (d) of this section, HUD will consider the cumulative effect of the following factors, where applicable:
- (1) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project which would otherwise not be available;
 - (2) Whether the person affected is a member of a group or class of low-income persons intended to be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;
 - (3) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision-making process with respect to the specific assisted activity in question;
 - (4) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (c) of this section;
 - (5) Whether undue hardship will result either to the participating jurisdiction or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and
 - (6) Any other relevant considerations.

(f) *Owners and Developers*

- (1) No owner, developer or sponsor of a project assisted with HOME funds (or officer, employee, agent, elected or appointed official or consultant of the owner, developer or sponsor) whether private, for profit or non-profit (including a community housing development organization (CHDO) when acting as an owner, developer or sponsor) may occupy a HOME-assisted affordable housing unit in a project. This provision does not apply to an individual who receives HOME funds to acquire or rehabilitate his or her principal residence or to an employee or agent of the owner or developer of a rental housing project who occupies a housing unit as the project manager or maintenance worker.
- (2) *Exceptions.* Upon written request of a housing owner or developer, the participating jurisdiction (or State recipient, if authorized by the State participating jurisdiction) may grant an exception to the provisions of paragraph (f)(1) of this section on a case-by-case basis when it determines that the exception will serve to further the purposes of the HOME program and the effective and efficient administration of the owner's or developer's HOME-assisted project. In determining whether to grant a requested exception, the participating jurisdiction shall consider the following factors:
 - (i) Whether the person receiving the benefit is a member of a group or class of low-income persons intended to be the beneficiaries of the assisted housing, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class:
 - (ii) Whether the person has withdrawn from his or her functions or responsibilities, or the decision-making process with respect to the specific assisted housing in question:
 - (iii) Whether the tenant protection requirements of § 92.253 are being observed:
 - (iv) Whether the affirmative marketing requirements of § 92.351 are being observed and followed; and
 - (v) Any other factor relevant to the participating jurisdiction's determination, including the timing of the requested exception.

§ 92.357 Executive Order 12372

§ 92.358 Consultant activities

No person providing consultant services in an employer-employee type relationship shall receive more than a reasonable rate of compensation for personal services paid with HOME funds. In no event, however, shall such compensation exceed the limits in effect under the provisions of any applicable statute (e.g., annual HUD appropriations acts which have set the limit at the equivalent of the daily rate paid for Level IV of the Executive Schedule, see the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1997, Pub. L. 104-204 (September 26, 1996)). Such services shall be evidenced by written agreements between the parties which detail the responsibilities, standards, and compensation.
