SAN FRANCISCO—National accounting and consulting enterprise Novogradac elevated David Graff to partner Jan. 1. Novogradac, which specializes in affordable housing, community development, historic preservation and renewable energy, also promoted seven of Graff’s colleagues to partner. Graff works out of Novogradac’s Cleveland office.

“We are very pleased to announce David’s new role as partner,” said Michael J. Novogradac, managing partner of Novogradac. “He has experience across several tax credit incentives at both the state and federal levels, which is beneficial to our varied clientele.”

“I am excited to continue to serve my clients in this elevated capacity,” said Graff, who joined Novogradac as an intern in 2010. “I am grateful for the opportunity to expand my role and further contribute to the success of this exceptional firm. I am also thankful for my wife and family, my team and colleagues that I have worked with over the years who have been instrumental in helping me achieve this promotion.”

Graff works extensively with real estate lower-tier and fund partnership audits and taxation, as well as various GAAP and program compliance consulting engagements involving new markets tax credits (NMTCs), historic tax credit (HTCs), renewable energy tax credits (RETCs) and the opportunity zones (OZ) incentive. Additionally, Graff has experience with federal and state historic cost certifications, financial modeling, and agreed-upon procedures engagements involving safe harbor compliance and reporting. He has assisted with due diligence services on several affordable housing sale/purchase transactions. He has contributed to the Novogradac Journal of Tax Credits and is a speaker at the company’s NMTC and HTC preconference workshops. Graff holds a bachelor’s degree in business administration from Ohio University and is licensed as a certified public accountant in Ohio.
