**FOR IMMEDIATE RELEASE**

**Novogradac Promotes Joshua Morris to Partner in Dover, Ohio, Office**

**National Accounting and Consulting Enterprise Promotes Eight to Partner Across Country**

SAN FRANCISCO—National accounting and consulting enterprise Novogradac elevated Joshua Morris to partner Jan. 1. Novogradac, which specializes in affordable housing, community development, historic preservation and renewable energy, also promoted seven of Morris’ colleagues to partner. Morris works out of Novogradac’s Dover, Ohio, office.

“We are very pleased to announce Joshua’s new role as partner,” said Michael J. Novogradac, managing partner of Novogradac. “His consulting and transaction advisory services work continues to impress the firm’s clientele.”

“I am beyond excited and humbled to become a partner at Novogradac,” said Morris. “I very much look forward to this new chapter in my career and serving my clients in this new capacity.”

Morris provides accounting, tax and consulting services for developments that qualify for federal and state tax credit incentives. Morris works with renewable energy tax credits (investment tax credits and production tax credits), new markets tax credits, historic tax credits and the opportunity zones incentive. Morris provides numerous professional services related to these incentives, including financial forecasting/modeling services, consulting on partnership tax structuring, financial statement audits, tax preparation, cost segregation studies and compliance consulting services. His clients includes developers/sponsors, syndicators, investors and lenders and he is well known in the space for his ability to create and develop innovative financial modeling products that are a custom fit for his client’s needs. In addition to providing partnership tax structuring solutions, Morris provides his clients with integrated Generally Accepted Accounting Principles transactional support which includes accounting for investments and equity interests under hypothetical liquidation at book value. Morris is a frequent speaker at renewable energy conferences and events and provides his clients with on-site training programs. Morris is active in analyzing the Inflation Reduction Act (IRA) of 2022 and assists his renewable energy clients with interpreting its potential impact on their projects. Morris participates with various industry groups and practitioners to collaborate and build consensus on the emerging issues that the IRA presents and is an advocate in furthering the advancement of clean energy and environmental policy. Morris earned a bachelor’s degree in accounting from Youngstown State University and is a licensed certified public accountant in Ohio.
