National Accounting and Consulting Enterprise Promotes Five to Partner Across Country

SAN FRANCISCO—National accounting and consulting enterprise Novogradac elevated Rob Bryant to partner. Novogradac, which specializes in affordable housing, community development, historic preservation and renewable energy, also promoted four of Bryant’s colleagues to partner. Bryant works out of Novogradac’s Dover, Ohio, office.

“The partners and I are excited to announce Rob’s promotion to partner,” said Michael J. Novogradac, managing partner of Novogradac. “Rob’s ability to solve complex transaction issues and his extensive experience in the community development and renewable energy worlds enable him to provide valuable services to his clients.”

“I look forward to helping grow the firm in my new position as partner,” said Bryant, who joined Novogradac as an intern in 2008.

Bryant specializes in consulting services for new markets tax credit (NMTCs), renewable energy tax credits (RETCs), historic tax credits (HTC) and opportunity zones transactions. Bryant has provided consulting and financial modeling services for more than 450 transactions, exceeding \$11 billion in NMTC allocation, including numerous twinned structures using HTCs and RETCs and stacked structures combining state and federal NMTCs. He also has experience with financial statement audits, tax return preparation, final cost certification audits, cost segregation studies and transaction document review services. He earned a bachelor’s degree in accounting from Kent State University. He is licensed as a certified public accountant in Ohio.
